About Alpha Natural Resources

The merger with Foundation Coal positions Alpha Natural Resources as one of America's premier coal suppliers, ranked third-largest as measured by combined 2008 coal sales. Alpha is the nation's leading supplier and exporter of metallurgical coal used in the steel-making process and is a major supplier of thermal coal to electric utilities and manufacturing industries across the country. The company and its subsidiaries operate 61 mines and 14 coal preparation facilities in the regions of Northern and Central Appalachia and the Powder River Basin, with approximately 6,200 employees and 2008 combined revenues of more than $4 billion.
