COLFAX CORPORATION
FACT SHEET

OVERVIEW: Colfax Corporation is a world leader in the development, engineering, manufacturing, distribution, service and support of pumping and fluid-handling systems. Our solutions include pumps and valves used in a wide range of industries from power generation and oil & gas to commercial marine and defense to a broad range of industrial applications. Colfax has built a company of strong legacy brands that lead the industry with cutting-edge pump technologies and fluid-handling systems. Colfax remains at the forefront of fluid-handling management by focusing on customer needs for precision performance around the world with its broad portfolio of pump products, deep expertise in critical applications, strong global resources and a company-wide commitment to excellence through processes such as the Colfax Business System. Colfax is traded on the NYSE under the ticker symbol "CFX."
