Las Vegas Sands Corp. President Signs New Multi-Year Contract

LAS VEGAS, NV -- (Marketwire) -- 06/13/12 -- Las Vegas Sands Corp. (NYSE: LVS) announced today that Michael A. Leven, the company's president and chief operating officer, has signed a new contract that will keep the long-time hospitality veteran at the helm of the organization until the end of 2014. Coming on the heels of the recent contract extension of Global Gaming President Rob Goldstein and the hiring of Executive Vice President of Operations Chris Cahill, the extension of Mr. Leven's contract further solidifies a management team which has consistently produced industry-leading results.

"Under Mike Leven's leadership our company has experienced tremendous success, and I am very grateful and honored that he has committed to be here with us for a longer period of time," said Mr. Sheldon G. Adelson, chairman and chief executive officer of Las Vegas Sands Corp. "Mike has brought a very high level of professionalism to the company. He is not only the nicest guy, he's also probably the most competent and productive businessman I've worked with -- and that's 66 years in business."

Mr. Adelson said he expects his executive management team -- which along with Messrs. Leven, Goldstein and Cahill includes Chief Financial Officer Ken Kay and Global General Counsel Ira Raphaelson -- to push the company to even greater heights in the years to come.

"Being the world's leading developer of integrated resorts is frankly not enough for me or our senior management team. We also want the company to be a great investment for our shareholders, a best-in-class employer for our team members and a strong community partner in the areas in which we operate. Along with producing strong financial results, returning capital to our shareholders, and aggressively exploring new development opportunities, our management team will continue working tirelessly to meet our own lofty expectations and those of others," said Mr. Adelson.

Mr. Leven joined the Las Vegas Sands Corp. Board of Directors in 2004 and began serving as president and chief operating officer in March 2009. His previous contract was set to expire this November.
