- Appoint, compensate and retain the Corporation’s independent public auditors, and oversee the work performed by the independent public auditors.

B. COMPOSITION AND MEETINGS

The Committee shall be comprised of a minimum of three directors as appointed by the Board of Directors, who shall meet the independence and audit committee composition requirements promulgated by the SEC, The Nasdaq Stock Market or any governmental or regulatory body exercising authority over the Corporation (each a “Regulatory Body” and collectively, the “Regulatory Bodies”), as in effect from time to time.

The Board may appoint one member who does not meet the independence requirements set forth above and who is not a current employee of the Corporation or an immediate family member of such employee if the Board, under exceptional and limited circumstances, determines that membership on the Committee by the individual is required in the best interests of the Corporation and its shareholders. The Board shall disclose in the next proxy statement after such determination the nature of the relationship and the reasons for the determination.

All members of the Committee shall be able to read and understand fundamental financial statements, including a balance sheet, cash flow statement and income statement. The Committee shall use commercially reasonable efforts to ensure at least one member of the Committee shall be an “audit committee financial expert” as defined by the SEC, recognizing that the Corporation would be required to make disclosure in its annual proxy statement submitted to stockholders should one of the members of the Committee not have been determined by the Corporation’s Board of Directors to be an “audit committee financial expert.”

The members of the Committee shall be elected by the Board of Directors at the meeting of the Board of Directors following each annual meeting of stockholders and shall serve until their successors shall be duly elected and qualified or until their earlier resignation or removal.
