Information Regarding the Board of Directors and its Committees

Board Leadership

In connection with Mr. Roberts' appointment to succeed Mr. Jordan as the Company's president and chief executive officer, the Board considered the Company's leadership structure and determined that this management change marks an appropriate time for the Company to establish the role of executive chairman. On April 29, 2011, the Board appointed Mr. Jordan to serve as executive chairman beginning June 1, 2011.

In making this decision regarding the optimum leadership structure for the Company at this time, the Board considered a number of factors, including the fact that Mr. Jordan, an experienced executive at global technology companies, has served as the Company's president and chief executive officer and a director of the Company for the last four years and will facilitate Mr. Roberts' transition into the role of president and chief executive officer.

The Board will continue to have a Lead Independent Director, currently Mr. Pressler, whose responsibilities include: (i) presiding over executive sessions of independent directors; (ii) serving as a liaison between the Board's executive directors, Mr. Jordan and Mr. Roberts, and its independent directors; (iii) providing advice as to meeting agendas and schedules; and (iv) calling meetings of independent directors.
