PROXY STATEMENT
SPECIAL GENERAL MEETING OF SHAREHOLDERS

General Information

We have made this proxy statement available to you on or about July 7, 2016 as a holder of common stock of Altisource Portfolio Solutions S.A. (“Altisource” or the “Company”) because our Board of Directors is soliciting your proxy to be used at our Special General Meeting of Shareholders (the “Special Meeting”) and at any adjournment or postponement thereof. The Special Meeting will be held at our registered office located at 40, avenue Monterey, L-2163 Luxembourg City, Grand Duchy of Luxembourg on Thursday, August 18, 2016, at 9:00 a.m., Central European Time for the purposes listed in the Notice of Special General Meeting of Shareholders.

Who May Vote

You are entitled to vote at the Special Meeting, and any adjournment or postponement thereof, if you are a holder of our common stock at the close of business on June 29, 2016. At the close of business on June 29, 2016, there were 18,354,140 shares of common stock issued, outstanding and able to be voted and no other class of equity securities outstanding. Each share of our common stock is entitled to one (1) vote at the Special Meeting on all matters properly presented.

Voting Procedures

If you are a shareholder of record, you will receive a proxy card that will tell you how to vote your shares via the Internet, telephone or mail.

If the shares you own are held in “street name” by a bank, brokerage firm or other nominee, you will need to follow the directions such nominee provides you. As in prior years, we have elected to provide access to our proxy materials over the Internet by mailing a Notice of Internet Availability of Proxy Materials (the “Notice”) to the majority of our shareholders. Shareholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice.

Shareholders may also vote in person at the Special Meeting. If you are a shareholder of record, you must present valid government-issued photo identification to vote at the meeting. If your shares are held by a bank, brokerage firm or other nominee, you will also need to obtain a “legal proxy” from the holder of record to vote at the meeting. For specific instructions, please refer to the instruction on the proxy card or Notice you receive.

Even if you plan to attend the Special Meeting, we recommend that you vote your shares in advance of the meeting in one of the manners available to you so that your vote will be counted if you later are unable to attend the Special Meeting.

How a Proxy Works

If you properly submit your proxy to Altisource and do not revoke it prior to its use, it will be voted in accordance with your instructions. Other than as discussed below with respect to broker “non-votes,” if no contrary instructions are given, each proxy received will be voted for the nominee for Director and, with regard to any other business that properly comes before the meeting, in the discretion of the persons appointed as proxies.

If the shares you own are held by a bank, brokerage firm or other nominee and you do not provide specific voting instructions to such nominee on a non-routine item as defined by the New York Stock Exchange, the nominee will be prohibited from voting your shares. This is commonly referred to as a “broker non-vote.”

How to Revoke a Proxy

Your proxy may be used only at the Special Meeting and any adjournment or postponement of this meeting and will not be used for any other meeting. You have the power to revoke your proxy at any time before it is exercised by:

- filing written notice with our Corporate Secretary at the following address:

Kevin J. Wilcox, Corporate Secretary
Altisource Portfolio Solutions S.A.
40, avenue Monterey
L-2163 Luxembourg City
Grand Duchy of Luxembourg
- submitting a properly executed proxy bearing a later date; or
- appearing at the Special Meeting and giving the Corporate Secretary notice of your intention to vote in person.

Quorum and Voting Information

Although Luxembourg law does not require a quorum for the conduct of business at general meetings of shareholders, in accordance with the requirements of the NASDAQ listing standards, the Company has established that the presence at the Special Meeting of holders of thirty-three and one-third percent (33⅓%) of the votes of our common stock entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business at the Special Meeting. Abstentions and broker “non-votes” will be treated as present for purposes of a quorum.

Pursuant to Luxembourg law and assuming a quorum, the nominee for Director will be elected as a Director of Altisource at the Special Meeting so long as the votes cast in favor of his election exceed the votes cast against his election. You may vote for, against or abstain from voting with respect to the Director nominee.

Any other matter properly submitted for your consideration at the Special Meeting will be approved with such vote as required by Luxembourg law.

Abstentions will not be counted in determining the votes cast in connection with the foregoing matters. Banks, brokerage firms or other nominees may not vote on behalf of their clients in connection with the proposal regarding the election of a Director, so any broker “non-votes” will not be counted in determining the votes cast in connection with this proposal.

PROPOSAL
ELECTION OF DIRECTOR

Our Articles of Incorporation provide that our Board of Directors shall consist of no less than three (3) and no more than seven (7) members with the exact number to be decided by our Board of Directors.

Our Board of Directors currently consists of four (4) members, whose terms will expire at the 2017 Annual Meeting of Shareholders. On June 27, 2016, the Board of Directors, acting pursuant to the recommendation of the Nomination/Governance Committee, nominated Mr. Orin S. Kramer for election as an additional Director at the Special Meeting, which would increase the Board of Directors to five (5) members. Under Luxembourg law, additional directors may be elected only by vote of our shareholders. The Board of Directors recommends that our shareholders vote for the election of Mr. Kramer as an additional Director for the term ending as of the 2017 Annual Meeting of Shareholders and/or until a successor is duly elected and qualified.

The nominee's principal occupation for the last five (5) years and additional biographical information are set forth below.

Orin S. Kramer (age 71). Mr. Kramer manages Boston Provident, L.P., a private investment fund founded in 1992. He has served as Chairman of the New Jersey State Investment Council from 2002 to 2010, Chairman of the Robert F. Kennedy Center from 2009 to 2013, and in his region as Chairman of the Community Chest from 1998 to 2007. Mr. Kramer chairs the Investment Committee of the National Park Foundation and has served on the Board of the Climate Reality Project, chaired by former Vice President Gore, since 2004. Mr. Kramer has also served on the boards of a number of financial services firms, both public and private.

In 2011, Mr. Kramer was appointed to the New York State Council of Economic and Fiscal Advisors by Governor Cuomo. In 2007, he was appointed by the Pennsylvania State Treasurer as a member of the Financial Asset Management Commission, which reviewed the State's investment practices. In 1995, he was designated by the Secretary of Treasury to serve as a member of the Advisory Commission on Financial Services. He was named by President Clinton as a member of the Commission to Study Capital Budgeting. In 1992, he served as a coordinator of President-elect Clinton's transition team on financial services issues. In 1990, he was appointed by the Governor of California as Executive Director of the California Commission on Ratemaking for Workers Compensation Insurance. In 1986, he served as Vice-chairman and Executive Director of a special commission appointed by Governor Cuomo to study the liability insurance crisis and civil justice reform and he co-authored the New York DeWind Commission report on product deregulation for banks. Mr. Kramer has published two books and a number of studies on the financial services industry. He has taught financial institutions law at Columbia Law School.

From 1981 to 1983, Mr. Kramer was a member of the Financial Institutions group at the management-consulting firm of McKinsey & Co. From 1977 to 1981, he served as Associate Director of the White House Domestic Policy Staff. Previously, Mr. Kramer had been an associate with the law firm of Simpson Thacher & Bartlett and Executive Director of the New York State Commission on Living Costs and the Economy. He received a Bachelor of Arts from Yale College and a Juris Doctorate from Columbia Law School.

Mr. Kramer was selected to serve on our Board based on his extensive experience in business advisory services and investment activity and his deep knowledge of the financial services industry. With over twenty-five years of experience in various public sector roles in the financial services industry, Mr. Kramer offers both financial expertise and a valuable perspective on government, regulation and risk management.

If Mr. Kramer becomes unable or unwilling to stand for election at the time of the Special Meeting, the shares represented by a validly executed proxy will be voted for the election of such other person as the Board of Directors may recommend in his place, unless the Board of Directors chooses to reduce the number of Directors serving on the Board. At this time, our Board of Directors knows of no reason why Mr. Kramer would not be able or willing to serve as Director if elected.

**OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE
ELECTION OF THIS NOMINEE AS DIRECTOR**

Meetings of the Board of Directors

The Board of Directors plays an active role in overseeing the Company's business and representing the interests of the shareholders. Directors are expected to attend all meetings of the Board of Directors, the meetings of committees on which they serve and the Annual Meeting. Directors are also consulted for advice and counsel between formal meetings.

Our Board of Directors held eleven (11) meetings and took action pursuant to written consent three (3) times in 2015. Each incumbent Director attended 100% of these meetings as well as the meetings held by all committees of our Board of Directors on which they served during the period. Although we do not have a formal policy regarding Director attendance at the Annual Meeting, our Directors are expected to attend. All of the incumbent members of our Board of Directors attended our 2015 Annual Meeting of Shareholders and 2016 Annual Meeting of Shareholders.

Independence of Directors

Our Corporate Governance Guidelines provide that our Board of Directors must be comprised of a majority of Directors who qualify as independent Directors under NASDAQ listing standards and applicable law.

Our Board of Directors annually reviews the direct and indirect relationships that we have with each Director. The purpose of this review is to determine whether any transactions or relationships are inconsistent with a determination that the Director is independent. Only those Directors who are determined by our Board of Directors to have no material relationship with Altisource are considered independent. This determination is based in part on the analysis of questionnaire responses that follow the independence standards and qualifications established by NASDAQ and applicable law. The Board of Directors also considers beneficial ownership of our common stock by each of the Directors, as set forth under "Security Ownership of Certain Beneficial Owners and Related Shareholder Matters," although our Board of Directors generally believes that stock ownership tends to further align a Director's interests with those of our other shareholders.

The Board of Directors has determined that all of our current Directors are independent under the rules of The NASDAQ listing standards other than Mr. Shepro. Mr. Shepro is deemed not to be independent because he serves as the Chief Executive Officer of Altisource. Upon his election, the Board of Directors has determined that Mr. Kramer will also qualify as independent.

Our Corporate Governance Guidelines also provide that the Board shall annually elect a lead independent director unless the Chairperson of the Board is an independent director, in which case the Chairperson of the Board will perform the functions of a lead independent director. Mr. Vättö, an independent director, is the Chairman and, as a result, we do not currently have a lead independent director.

Executive Sessions of Independent Directors

Independent Directors met in executive session of the Board of Directors without management four (4) times in 2015.

Board Leadership Structure

Our Board of Directors has no fixed policy with respect to the separation of the offices of Chairman of the Board of Directors and Chief Executive Officer. Our Board of Directors retains the discretion to make this determination on a case-by-case basis from time to time as it deems to be in the best interests of the Company and our shareholders at any given time. The Board of Directors currently believes that separating the positions of Chief Executive Officer and Chairman is the best structure to fit the Company's needs.

The Chief Executive Officer is responsible for our day-to-day operations and for formulating and executing our long-term strategy in collaboration with the Board of Directors. The Chairman of the Board leads the Board and oversees meetings of the Board of Directors, ensures the delivery of information necessary for the Board's informed decision-making and, together with the Board, approves the strategy for Altisource.

Committees of the Board of Directors

Our Board of Directors has established an Audit Committee, a Compensation Committee, a Compliance Committee, a Nomination/Governance Committee and an Executive Committee. A brief description of these committees is provided below.

Audit Committee. The Audit Committee of our Board of Directors oversees the relationship with our independent registered certified public accounting firm; provides assistance to our Board of Directors with respect to matters involving the accounting, auditing, financial reporting and internal control functions; establishes procedures for the receipt, retention and treatment of complaints received by the Company relating to the financial reporting process and our system of accounting, internal controls, auditing and federal securities law matters; reviews and approves transactions with “Related Persons,” as defined by SEC Regulation S-K in accordance with the Company’s Related Persons Transactions Policy; reviews the scope and results of the annual audit conducted by the independent registered certified public accounting firm, including any significant matters regarding internal controls over financial reporting; and reviews the Company’s internal audit plan, internal audit budget and enterprise risk assessment.

The members of the Audit Committee for 2015 were Messrs. Müller-Ineichen, Linn and Vättö, with Mr. Müller-Ineichen serving as the Chairman. Each member of our Audit Committee is independent as defined in regulations adopted by the SEC and NASDAQ listing standards. Our Board of Directors has determined that all members of our Audit Committee are financially literate, possess accounting or related financial management experience that results in the individual’s financial sophistication within the meaning of NASDAQ listing standards and qualify as audit committee financial experts as that term is defined in SEC rules.

Our Audit Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Audit Committee reviews its charter and presents any recommendations for amendments to the Board. The Audit Committee also evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter. The charter was last reviewed by the Audit Committee in February 2016. The Audit Committee met fourteen (14) times and took action pursuant to written consent one (1) time in 2015. The Audit Committee met in executive session with both the Company’s internal and external auditors five (5) times, solely with the Company’s internal auditors three (3) times and solely with the Company’s external auditors five (5) times in 2015.

Compensation Committee. The Compensation Committee of our Board of Directors oversees our compensation and employee benefit plans and practices. Our Compensation Committee also evaluates and makes recommendations to our Board of Directors for human resource and compensation matters relating to our executive officers. The Compensation Committee reviews with the Chief Executive Officer and the Chief Administration and Risk Officer (except as it relates to their own compensation) and subsequently approves all executive compensation programs, any severance or termination arrangements applicable to executive officers and any equity compensation plans that are not subject to shareholder approval. The Compensation Committee is responsible for reviewing Director compensation and recommending changes, subject to the approval of our shareholders. The Compensation Committee also has the power to review our other compensation plans, including the goals and objectives thereof and to recommend changes to these plans to our Board of Directors. The Compensation Committee has the authority to administer awards under the 2009 Equity Incentive Plan. The Compensation Committee is also empowered to retain independent compensation consultants, counsel or other advisors as it deems necessary in connection with its responsibilities at the Company’s expense. In determining whether a compensation consultant, counsel or other advisor is independent, the Compensation Committee considers all factors set forth in SEC rules and the NASDAQ listing standards with respect to advisor independence, as well as any other factors the Compensation Committee deems relevant. The Compensation Committee may request that any of our

Directors, officers, employees or other persons attend its meetings to provide advice, counsel or pertinent information as the Committee requests.

To obtain information on current market compensation practices, in 2015 and early 2016, the Compensation Committee engaged its independent compensation consultant, Exequity LLP (“Exequity”), to review how our pay levels compared to those of our peer companies. Exequity worked with the Human Resources function, and received input where appropriate from management, to help identify the competitive positioning of our pay practices. Please see “Role of Compensation Consultant” in our Compensation Discussion and Analysis for further information.

The members of the Compensation Committee for 2015 were Messrs. Vättö, Linn and Müller-Ineichen, with Mr. Vättö serving as the Chairman. Each member of the Compensation Committee is independent as defined by NASDAQ listing standards, as revised in 2013. While we have no specific qualification requirements for members of the Compensation Committee, our members have knowledge and experience regarding compensation matters as developed through their respective business experience in both management and advisory roles, including general business management, executive compensation and employee benefits experience. We feel that their collective achievements and knowledge provide us with extensive diversity in experience, culture and viewpoints.

Our Compensation Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Compensation Committee reviews its charter and presents any recommendations for amendments to the Board. The Compensation Committee also evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter. The charter was last reviewed by the Compensation Committee in February 2016. The Compensation Committee met eight (8) times and took action pursuant to written consent two (2) times in 2015.

Certain executives play a key role in the design and implementation of our executive compensation programs. Our Chief Executive Officer and Chief Administration and Risk Officer generally attend Compensation Committee meetings, except that such executive officers are not present during any voting or deliberations on their own compensation. These executives actively participate in performance reviews and compensation discussions for our executive officers, including making recommendations to the Compensation Committee as to the amount and form of compensation (other than their own). The Compensation Committee exercises its discretion in accepting, rejecting and/or modifying any such executive compensation recommendations; however, executive compensation matters are generally delegated to the Chief Executive Officer and/or the Chief Administration and Risk Officer for development and execution. Please see “Equity Incentive Plan” for information relating to the authority delegated by the Compensation Committee to these executive officers to approve stock option awards within certain limits.

Compensation Committee Interlocks and Insider Participation. No member of the Compensation Committee was at any time during the 2015 fiscal year, or at any other time, an officer or employee of the Company, and no member had any relationship with us requiring disclosure under Item 404 of SEC Regulation S-K. None of our executive officers has served on the Board of Directors or compensation committee of any other entity that has or had one (1) or more executive officers who served as a member of our Board of Directors or our Compensation Committee during the 2015 fiscal year.

Compliance Committee. The Compliance Committee of our Board of Directors provides assistance to the Board with the development, monitoring and evaluation of the Company’s compliance function, including its compliance management system, and the Company’s compliance with applicable laws, rules and regulations governing its businesses. The Compliance Committee performs such other duties as may be prescribed pursuant to its charter. The members of the Compliance Committee for 2015 were Messrs. Linn, Müller-Ineichen and Vättö, with Mr. Linn serving as the Chairman. Each member of the Compliance Committee is independent as defined by NASDAQ listing standards.

Our Compliance Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Compliance Committee reviews its charter and presents any recommendations for amendments to the Board. The Compliance Committee also evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter. The charter was last reviewed by the Committee in February 2016. The Compliance Committee met four (4) times in 2015.

Nomination/Governance Committee. The Nomination/Governance Committee of our Board of Directors makes recommendations to our Board of Directors of individuals qualified to serve as Directors and committee members for our Board of Directors, advises our Board of Directors with respect to Board of Directors composition, procedures and committees, develops and presents our Board of Directors with a set of corporate governance guidelines and oversees the evaluation of our Board of Directors.

The members of the Nomination/Governance Committee during 2015 were Messrs. Linn, Müller-Ineichen and Vättö, with Mr. Linn serving as the Chairman.

Our Nomination/Governance Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Nomination/Governance Committee reviews its charter and presents any recommendations for amendments to the Board. The Nomination/Governance Committee also evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter. The charter was last reviewed by the Nomination/Governance Committee in February 2016. The Nomination/Governance Committee met four (4) times in 2015.

The Nomination/Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are anticipated. Various potential candidates for Director are then identified. Candidates may come to the attention of the Nomination/Governance Committee through current members of the Board of Directors, professional search firms, shareholders or industry sources.

In evaluating candidates for nomination to the Board, our Nomination/Governance Committee takes into account the applicable requirements for Directors under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and NASDAQ listing standards. In addition, our Nomination/Governance Committee takes into account Altisource's best interests as well as such factors as knowledge, experience, skills, expertise, diversity and the interplay of the candidate's experience with the background of other members of our Board of Directors.

Pursuant to the Company's Diversity Policy, the Nomination/Governance Committee will consider diversity when it recommends Director nominees to the Board of Directors, viewing diversity in an expansive way to include differences in prior work experience, viewpoint, education and skill set. In particular, the Nomination/Governance Committee considers diversity in professional experience, skills, expertise, training, broad-based business knowledge and understanding of the Company's business environment when recommending Director nominees to the Board of Directors, with the objective of achieving a Board with diverse business and educational backgrounds. Directors should have individual backgrounds that, when combined, provide a portfolio of experience and knowledge that will serve the Company's governance and strategic needs. The Nomination/Governance Committee does not discriminate against candidates for the Board of Directors based on race, color, religion, sex, sexual orientation, national origin, or any other personal attribute that does not speak to a person's ability to serve as a Director.

In evaluating a particular candidate, the Nomination/Governance Committee will also consider factors other than the candidate's qualifications including the current composition of the Board of Directors, the balance of management and independent Directors, the need for Audit Committee expertise and the evaluation of other prospective nominees.

In connection with this evaluation, one or more members of the Nomination/Governance Committee, and others as appropriate, interview prospective nominees. After completing this evaluation and interview, the Nomination/Governance Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board of Directors. The Board of Directors determines whether the candidates will be nominated and presented to the shareholders for election, after considering the recommendation and report of the Nomination/Governance Committee.

If you want to recommend persons for consideration by our Nomination/Governance Committee as nominees for election to our Board of Directors, you can do so by writing to our Corporate Secretary at Altisource Portfolio Solutions S.A., 40, avenue Monterey, L-2163 Luxembourg City, Grand Duchy of Luxembourg. Should you recommend a candidate for Director, our Nomination/Governance Committee would evaluate such candidate in the same manner that it evaluates any other candidate. You should provide each proposed nominee's name, biographical data, qualifications and expertise. Your recommendation should also include a written statement from the proposed nominee consenting to be named as a nominee and, if nominated and elected, to serve as a Director. Any recommendation which a shareholder desires to have included in our proxy materials for consideration at our 2017 Annual Meeting of Shareholders must be received at our registered office no later than December 8, 2016. Please see the "Shareholder Proposals" section for additional information regarding shareholder proposals.

The members of the Executive Committee during 2015 were Messrs. Vättö and Shepro, with Mr. Vättö serving as the Chairman.

Our Executive Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Board of Directors reviews and approves the charter. The Executive Committee also evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter, except to the extent the Executive Committee has not taken any action during the year. The charter was last reviewed by the Board of Directors in February 2016. The Executive Committee took one (1) formal action in 2015.

Any amendments to the Code of Business Conduct and Ethics or the Code of Ethics for Senior Financial Officers, as well as any waivers that are required to be disclosed under SEC rules or NASDAQ listing standards, will be posted on our website (www.altisource.com) or otherwise disclosed in accordance with such rules.

Risk Management and Oversight Process

Our Board of Directors and each of its committees play a key role in the oversight of the Company’s risk management.

Through regular reviews with management and internal and external auditors, the Board of Directors and the Audit Committee monitor Altisource’s credit risk, liquidity risk, operational risk, legal and regulatory risk and enterprise risk. In its periodic meetings with internal and external auditors, the Audit Committee discusses the scope and plan for the internal audit department and, in conjunction with management, considers whether accounting and financial controls are aligned with business risks. In its periodic meetings with the external auditors, the Audit Committee reviews the external audit scope, the external auditors’ responsibilities and independence under the Standards of the Public Company Accounting Oversight Board (“PCAOB”), accounting policies and practices and other required communications.

The Board of Directors and the Compliance Committee monitor Altisource’s overall compliance function, including the compliance management system, and Altisource’s compliance with legal and regulatory requirements and related risks, through regular reviews with both management and internal auditors. At least quarterly, the Compliance Committee reviews and discusses with management the Company’s compliance with legal and regulatory requirements and compliance programs.

In addition, working closely with management, the Nomination/Governance Committee assists the Board of Directors in monitoring the Company’s governance and succession risks, and the Compensation Committee assists the Board of Directors in monitoring the Company’s compensation policies and related risks.

The role of the Board of Directors in risk oversight is consistent with the Company’s leadership structure, with the Chief Executive Officer and other members of management having responsibility for assessing and managing the Company’s risk exposure, and our Chairman, the Board of Directors and its committees providing oversight in connection with these efforts.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction, Philosophy and Objectives

We believe an effective executive compensation program aligns executives' interests with shareholders by rewarding performance that achieves or exceeds specific financial targets and strategic goals designed to improve shareholder value. We seek to provide our executives with long-term incentive opportunities that promote consistent, high-level financial performance and individual service longevity. The Compensation Committee evaluates both performance and compensation opportunities to ensure that we maintain our ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies.

To achieve these objectives, we generally believe executive compensation packages should include both cash and equity-based compensation that rewards performance as measured against established goals.

This compensation discussion and analysis provides information regarding the following:

- compensation governance practices
- compensation programs for our Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers in 2015 ("Named Executive Officers")
- overall objectives of our compensation program and what it is designed to reward
- each element of compensation that we provide
- the reasons for the compensation decisions we have made regarding our Named Executive Officers

Our Named Executive Officers for 2015 are:

Name	Position
William B. Shepro	Chief Executive Officer
Kevin J. Wilcox	Chief Administration and Risk Officer ⁽¹⁾
Michelle D. Esterman	Chief Financial Officer
Joseph A. Davila	President, Servicer Solutions ⁽²⁾
Gregory J. Ritts	General Counsel

⁽¹⁾ Mr. Wilcox served as Chief Administration Officer in 2015.

⁽²⁾ Mr. Davila served as President, Mortgage Services in 2015.

Compensation Governance Practices

Our compensation program maintains and continues to build upon the Company's compensation governance framework, as demonstrated by the following practices:

- Performance-based Compensation. Pay is closely linked to performance. Our 2015 incentive cash compensation awards make up a significant portion of the cash compensation for each of our Named Executive Officers, including the majority of the compensation for our Chief Executive Officer and Chief Administration and Risk Officer, and are based on financial goals (e.g., service revenue, pre-tax income and/or earnings per share targets), strategic initiatives and individual performance goals. In addition, each of our Named Executive Officers has received performance-based stock option awards upon joining and/or during his or her tenure with the Company.
- Independent Compensation Consultant. We use an independent compensation consultant to review, analyze and provide recommendations regarding executive compensation.

- Restrictive Covenants. With respect to equity grants made after January 1, 2013, we have the right to cancel outstanding equity awards and recover realized gains if an executive breaches certain restrictive covenants within two years following his departure from the Company.
- Golden Parachute Excise Tax Protection. We do not provide golden parachute excise tax gross-up protection for our executives.
- Insider Trading and Anti-Hedging Policies. Our Insider Trading policy prohibits Company personnel, including our Named Executive Officers, and our Directors from engaging in any short-term, speculative securities transactions, including purchasing securities on margin, engaging in short sales, buying or selling put or call options and trading in options (other than those granted by the Company). In addition, in May 2016 the Company adopted anti-hedging rules prohibiting Company personnel, including our Named Executive Officers, and our Directors from engaging in transactions that are designed to or have the effect of hedging or offsetting any decrease in the market value of Company stock.
- Claw-Back Policy. The SEC is in the process of adopting a final rule that would require companies to adopt policies to recoup, or “claw-back,” certain incentive-based compensation paid to executive officers in connection with an accounting restatement. Altisource intends to adopt a claw-back policy as soon as practicable once such final rule is in place.

Role of Executive Officers in Compensation Decisions

Certain executives are involved in the design and implementation of our executive compensation programs. Our Chief Executive Officer and Chief Administration and Risk Officer generally attend Compensation Committee meetings, except that such executive officers are not present during any voting or deliberations on their own compensation. These executives actively participate in performance reviews and compensation discussions for our executive officers, including making recommendations to the Compensation Committee as to the amount and form of compensation (other than their own). The Committee exercises its discretion in accepting, rejecting and/or modifying any such executive compensation recommendations; however, executive compensation matters are generally delegated to the Chief Executive Officer and the Chief Administration and Risk Officer for development and execution. Please see “Equity Incentive Plan” for information relating to the authority delegated by the Compensation Committee to these executive officers to approve stock option awards within certain limits.

Role of Compensation Consultant

Pursuant to its authority to retain independent counsel or other advisers as it deems necessary, the Compensation Committee has entered into an agreement with Exequity to provide compensation consulting services to the Compensation Committee as needed from time to time, pursuant to individual engagements. These services assist the Compensation Committee in making decisions on pay that are informed by marketplace practices. With the consent of the Compensation Committee or the Compensation Committee Chairman, Exequity coordinates with the human resources function to gather information necessary to provide these services and reviews, validates and provides input on information, programs and recommendations.

As previously disclosed, in the first quarter of 2014, the Compensation Committee engaged Exequity to assist in conducting an analysis to ensure that Altisource’s peer group for any future compensation benchmarking consists of the most appropriate benchmark companies. As part of this analysis, Exequity reviewed and provided research related to appropriate peer group companies for Altisource, taking into consideration many factors, including industry, company size (based on revenues, market capitalization and number of employees), recent growth, similarities in product and service offerings, financial results and operational complexity.

In 2015 and early 2016, the Compensation Committee and Exequity reviewed the peer group to determine if adjustments were necessary to provide appropriate information on market practices and executive and Director compensation levels. As a result of such reviews, Lender Processing Services, Inc. and iGate Corporation were removed from the peer group due to their having been acquired and no longer being listed companies. PennyMac Financial Services, Inc. and Black Knight Financial Services, Inc. were added to the peer group.

The resulting group of 18 peer companies is as follows:

- CoreLogic, Inc.
- Equifax, Inc.
- ExlService Holdings, Inc.
- FleetCor Technologies, Inc.
- Genpact Ltd.
- Nationstar Mortgage Holdings, Inc.
- Virtusa Corp.
- WEX, Inc.
- Global Cash Access Holdings, Inc.
- Heartland Payment Systems, Inc.
- Jack Henry & Associates Inc.
- PRGX Global, Inc.
- Stewart Information Services Corp.
- Sykes Enterprises, Inc.
- Syntel, Inc.
- Walter Investment Management Corp.
- PennyMac Financial Services, Inc.
- Black Knight Financial Services, Inc.

To further the objectives of our compensation program, our Compensation Committee conducted an analysis of the compensation levels of our Directors in 2015 and in the first quarter of 2016, with the assistance of Exequity. As part of the analysis, Exequity reviewed compensation trends and “best practices” in Director compensation among the peer group companies. Compensation data and other resources provided by Exequity set the foundation for the Committee’s review and analysis of Director compensation levels.

Utilizing a similar analysis, the Compensation Committee also reviewed the compensation levels for our Chief Financial Officer in the first quarter of 2015.

Based on its consideration of the various factors as set forth in SEC rules and NASDAQ listing standards, the Compensation Committee determined that Exequity is independent and that the engagement of Exequity by the Company raises no conflict of interest.

Employment Agreements

As required by Luxembourg law, Altisource has entered into employment agreements with each of our Named Executive Officers. The employment terms continue indefinitely until the executive’s separation from the Company. The agreements provide for a base salary and annual incentive compensation based on the satisfaction of relevant performance criteria. In addition, the executives may receive relocation and foreign living allowances, as well as benefits such as health insurance. Please see the “Relocation and Foreign Living Allowances” section and the Summary Compensation Table under the “Executive Compensation” section below for additional details.

In order to terminate the employment agreement, each party must provide notice in accordance with the time periods set forth in article L.124-1 of the Luxembourg Labor Code. In the event of the executive’s

termination by the Company for “Cause” (“*motifs graves*”), no notice period is required. In addition, in the event that the executive’s employment is terminated by the Company without “Cause” or, in some instances, the executive resigns for “Good Reason,” the executive will receive severance benefits. Furthermore, the executive may be entitled to receive redundancy payments in accordance with article L.124-7 of the Luxembourg Labor Code upon certain terminations.

The agreements also include a covenant to maintain our confidential information and to enter into an intellectual property agreement. In addition, the executive is bound by non-competition and non-solicitation covenants for a minimum period of one (1) year following the termination of the agreement. The agreements are governed, interpreted and performed by and in accordance with the laws of the Grand Duchy of Luxembourg.

Elements of Annual Compensation

The current annual compensation package for our Named Executive Officers consists of base salary and annual cash incentive compensation. This compensation structure was developed in order to provide each Named Executive Officer with a competitive salary while emphasizing an incentive compensation element that is tied to the achievement of financial goals and strategic initiatives as well as individual performance. We believe that the elements of compensation discussed below are appropriate in light of our performance, industry, strategic initiatives and environment.

Long-term incentive awards may also be granted on a periodic basis separately from the annual compensation process to assist with the retention of our Named Executive Officers and to align the interests of these executives with the interests of our shareholders. Please see the “Equity Incentive Plan” section below for additional information relating to such awards.

Base Salary. Base salaries for our Named Executive Officers are established based on individual qualifications and job responsibilities while taking into account compensation levels at companies in our peer group for similar positions. The Compensation Committee sets the base salary for the Chief Executive Officer and approves the base salaries for all other Named Executive Officers.

Base salaries for our Named Executive Officers are reviewed periodically with adjustments made based on market information, internal review of the Named Executive Officer’s compensation in relation to other officers, individual performance of the executive officer and corporate performance. Salary levels are also considered upon a relocation, a promotion or other change in job responsibility. Salary adjustment recommendations are based on our overall performance and an analysis of compensation levels necessary to maintain and attract quality personnel. Please see “Compensation Increases for Certain Named Executive Officers” for a discussion of salary increases for certain of our Named Executive Officers.

Additionally, under Luxembourg law, all salaries are required to be adapted based upon the cost of living index in the Grand Duchy of Luxembourg. The last increase in Luxembourg salaries pursuant to this law occurred in October 2013. There was no required increase in salaries in 2014 or 2015.

Base salaries for our Named Executive Officers are set in U.S. dollars and paid in euros. Please see the Summary Compensation Table under “Executive Compensation” for additional information.

2015 Annual Non-Equity Incentive Compensation. Pursuant to an annual incentive plan, a participant can earn cash incentive compensation as determined by the Compensation Committee. The plan provides the Compensation Committee and our management with the authority to establish incentive award guidelines which are further discussed below.

Each Named Executive Officer has a targeted annual cash incentive award that is expressed as a percentage of his or her annual cash total target compensation. Incentive compensation awards make up a significant portion of the annual cash compensation for each of our Named Executive Officers, including the majority of the compensation for our Chief Executive Officer and Chief Administration and Risk Officer. In 2015,

35%–60% of total annual cash target compensation was payable only upon achievement of certain minimum Company and individual performance levels. The appropriate targeted percentage typically varies based upon the nature and scope of each Named Executive Officer’s responsibilities.

The table below reflects the percentage of each Named Executive Officer’s target total annual cash compensation that was allocated to each of base salary and incentive compensation in 2015 and the percentage of each Named Executive Officer’s actual total annual cash compensation that was allocated to each of base salary and incentive compensation in 2015:

Name	Base Salary % of Target Total Annual Cash Compensation in 2015	Incentive Compensation % of Target Total Annual Cash Compensation in 2015	Base Salary % of Actual Total Annual Cash Compensation in 2015	Incentive Compensation % of Actual Total Annual Cash Compensation in 2015
William B. Shepro	40%	60%	40%	60%
Kevin J. Wilcox	50%	50%	49%	51%
Michelle D. Esterman	60%	40%	56%	44%
Joseph A. Davila	57%	43%	56% ⁽¹⁾	44% ⁽¹⁾
Gregory J. Ritts	65%	35%	58%	42%

⁽¹⁾ “Actual Incentive Compensation” used to calculate percentage includes one-time discretionary cash award of \$72,000. Please see the “2015 Annual Incentive Compensation” section of the Compensation Discussion and Analysis for additional information regarding this award.

Our annual incentive-based cash compensation is structured to motivate executives to achieve pre-established key performance indicators by rewarding the executives for such achievement. This is accomplished by utilizing a balanced scorecard methodology which incorporates multiple financial and non-financial performance indicators developed through our annual strategic planning process to enhance Company performance and long-term shareholder value. This corporate scorecard is approved annually by the Compensation Committee and/or the Board of Directors and is utilized by the Compensation Committee as a factor to determine the appropriate amount of incentive compensation to be paid to the Chief Executive Officer and other executive officers. During the development of the corporate scorecard each year, the Board considers the level of difficulty associated with the attainment of each goal in the scorecard. The intent of the Board is to establish the target goal at a level that is challenging to achieve. For 2015, our corporate scorecard was approved by the Board of Directors at its meeting on February 10, 2015. Certain amendments/exceptions to our corporate scorecard were approved by our Board at subsequent Board of Directors meetings. Typically, these amendment/exceptions reflect business changes that occur during the year where it makes business sense to adjust the goals.

As disclosed in the Company’s proxy statements in connection with the Company’s 2015 Annual Meeting of Shareholders and 2016 Annual Meeting of Shareholders, the corporate scorecard for 2015 included achieving a consolidated revenue target, achieving business segment specific revenue and pre-tax income targets and achieving an earnings per share target. In addition, the corporate scorecard provided for successful completion of strategic initiatives. We achieved the majority of our revenue targets and, excluding the fourth quarter 2015 non-cash impairment losses described below, the majority of our pre-tax income targets and the earnings per share target. We also achieved or exceeded the majority of the business segment specific revenue and pre-tax income targets and successfully completed many of the 2015 strategic initiatives established to enhance our ability to create long-term corporate and shareholder value. This has positioned the Company for long-term growth across all strategic initiatives.

The incentive award for our Chief Executive Officer is based on: (i) the Company’s performance versus the objectives established in the corporate scorecard (80%) and (ii) a performance appraisal (20%). The

incentive awards of our other Named Executive Officers are based on: (i) performance within the corporate, business unit or support unit scorecard, as expressly assigned in each executive's scorecard (80%) and (ii) a performance appraisal (20%). Typically, 50% of the total incentive award opportunity for these executives is tied to the achievement of financial objectives.

The components in each scorecard are weighted individually based on relevance to the ultimate financial performance of the Company and the importance of the achievement to the success of our corporate strategy. Within each component of the scorecard, there are three (3) established levels of achievement: threshold, target and outstanding. Each level of achievement is tied to a relative point on a percentage scale which indicates the executive officer's level of goal achievement within each component of the scorecard. Generally, achieving the threshold level of achievement will earn the executive officer 50% of the target incentive compensation tied to such goal; the target level of achievement will earn the executive officer 100% of the target incentive compensation tied to such goal and the outstanding level of achievement will earn the executive officer 150% of the target incentive compensation tied to such goal. Any achievement below the threshold level will generally not entitle the executive to compensation for the associated goal.

The goals and initiatives are further cascaded down through the organization to all of our incentive-eligible employees in their personal scorecards which are tied to performance against goals that are directly linked to corporate profitability and the achievement of our corporate strategic initiatives. The scorecards are communicated to all incentive-eligible employees by the Human Resources department or the employee's immediate supervisor and are available to employees in our performance management tracking system. Performance against such scorecards is generally reviewed with management on a monthly basis through monthly business reviews and after the end of each year. This incentive compensation structure is intended to align the goals of our incentive-eligible employees with the overall success of the Company, while establishing clear performance standards within their respective business or support units.

In the fourth quarter of 2015, we recognized non-cash impairment losses of \$71.8 million in our Technology Services segment primarily driven by our current projected Technology Services revenue from Ocwen and investment in technologies provided to Ocwen. These losses are composed of an estimated \$55.7 million impairment of goodwill, \$11.9 million impairment of intangible assets and \$4.1 million impairment of software assets included in premises and equipment.

While evaluating the achievement of goals and resulting incentive compensation levels, the Board and Compensation Committee determined to exclude the impact of the unbudgeted impairment losses rather than reducing incentive compensation for a majority of Corporate and Technology Services employees impacted by the impairment, in recognition of the significant progress made by the leadership team and these employees executing on the Company's strategic initiatives and positioning the Company for long-term growth across our strategic initiatives. The Compensation Committee further determined that the Chief Executive Officer, Chief Administration and Risk Officer and Chief Financial Officer should carry some of the burden of the non-cash impairment and reduced their otherwise payable annual incentive-based cash compensation by ten percent (10%). In approving such adjustments, the Compensation Committee reviewed the resulting compensation levels for each of these executive officers against their 2015 fiscal year performance, and determined that their incentive compensation for the 2015 fiscal year appropriately reflects their performance and the significant progress the Company made executing against its strategic initiatives. In addition, in making the decision to approve the adjustments, the Compensation Committee considered that the Board previously approved increases to the earnings goals to reflect unbudgeted material, non-cash gains. For example, management recommended and the Board approved increasing the pre-tax income and earnings per share goals by the amount of gain on the change in the fair value of the Equator earn out liability.

Our corporate scorecard for 2015, as amended, and corresponding achievement levels are detailed below. Percentages indicated in the “Achieved” column represent the achievement against the goal. Strategic initiatives comprise multiple goals. The percentage achievements indicated against strategic initiatives represent the weighted average achievement against the goals:

As noted above, 20% of the incentive compensation for the Chief Executive Officer and other Named Executive Officers is determined by their performance appraisal for the service year. Each of our Named Executive Officers performs a self-assessment as to his or her performance against his or her goals for the applicable year. Our Chief Executive Officer utilizes these assessments, as well as his own observations, to deliver a written performance appraisal for each of the other executive officers. These performance appraisals rate performance based on objective criteria related to two key factors: (i) the executive's ability to improve and develop their organization throughout the year and (ii) the executive's strategic contributions to the Company.

The Chief Executive Officer's scorecard performance and personal performance appraisal are determined by the Compensation Committee taking into consideration whether the Company's performance and corresponding incentive results present a fair representation of the Chief Executive Officer's performance.

For our Named Executive Officers other than the Chief Executive Officer, the Chief Executive Officer, in conjunction with the Chief Administration and Risk Officer, presents the personal scorecard performance and the performance appraisal scores to the Compensation Committee and makes recommendations as to

the incentive compensation for each executive officer (except for the Chief Administration and Risk Officer, whose performance is reviewed without the presence of such executive). The Compensation Committee evaluates the recommendations in light of the Company's overall performance and the executive's business unit or support unit's performance and makes the final compensation award determinations for each executive. In instances where the Compensation Committee believes an executive's scorecard performance does not result in an incentive compensation amount that is reflective of the executive's efforts and accomplishments, the Compensation Committee may award such executive a one-time cash award to properly align his or her incentive award with his efforts and accomplishments during the period. A one-time discretionary cash award of \$72,000 was made to Mr. Davila, President, Mortgage Services to reflect his efforts and accomplishments leading our Mortgage Services business segment and diversifying our revenue.

Annual incentive compensation is paid to our executives and other incentive-eligible employees following such determinations. For 2015, incentive compensation was awarded accordingly.

Incentive compensation is set in U.S. dollars and, at the executive's discretion, may be paid in U.S. dollars or in euros converted from U.S. dollars at the exchange rate in effect as of the date of payment. Please see the Summary Compensation Table under "Executive Compensation" for the actual amounts awarded for 2015.

2016 Annual Incentive Compensation. The Company's 2016 key performance indicators have been developed and the corporate scorecard was approved by the Board of Directors at its meeting on November 6, 2015. On February 11, 2016, the Board of Directors approved certain amendments/exceptions to the corporate scorecard and the Compensation Committee approved the annual incentive components for the Chief Executive Officer and other executives for 2016.

The corporate scorecard for 2016 includes achieving an overall service revenue target, achieving business segment specific service revenue and pre-tax income targets and achieving an adjusted earnings per share target. In addition, the corporate scorecard provides for successful completion of strategic initiatives established to enhance long-term corporate and shareholder value.

The 2016 corporate strategic initiatives relate to:

- Supporting customer's operational objectives
- Growing our Servicer Solutions business
- Growing our Origination Solutions business
- Growing our Consumer Real Estate Solutions business
- Growing our Real Estate Investor Solutions business
- Launching the REALAnalytics, REALDoc and marketplace products
- Continuing to enhance our compliance management system
- Achieving operations and cost savings initiatives

Relocation and Foreign Living Allowances. Since we are a Luxembourg company, each of our Named Executive Officers is based in our corporate headquarters in Luxembourg. This is consistent with our view that daily interaction of our leadership team at our headquarters helps us to efficiently develop and execute our strategic initiatives. Often the executive talent we seek to attract to Luxembourg is based in the United States. To attract and appropriately incent our Named Executive Officers, we provide each with certain relocation and foreign living allowances that the Committee believes are reasonable and consistent with our overall compensation philosophy to attract and retain superior employees for key positions requiring relocation. Please see the Summary Compensation Table under the "Executive Compensation" section below for additional details.

Setting Compensation Levels

We believe our executive compensation programs are effectively designed, are working well in alignment with the interests of our shareholders and are instrumental to achieving our business strategy. In determining executive compensation for fiscal year 2015, our Compensation Committee considered the overwhelming shareholder support that the “Say-on-Pay” proposal received at our May 21, 2014 Annual Meeting of Shareholders. As a result, our Compensation Committee continued to apply the same effective principles and philosophy it has used in previous years in determining executive compensation and will continue to consider shareholder concerns and feedback in the future. The next “Say-on-Pay” vote will be held at our 2017 Annual Meeting of Shareholders.

From time to time, the Company conducts benchmarking on Chief Executive Officer and other Named Executive Officer compensation among peer companies of comparable size, industry, location and similar attributes that may compete with Altisource for qualified management talent. In 2015, our Compensation Committee reviewed the compensation levels for the Chief Financial Officer. The Committee reviewed the analyses by the human resources function to help identify the competitive positioning of our pay practices. All information was obtained from publicly available proxy disclosures and included base salary, annual incentive compensation and long-term incentive compensation. Please see “Role of Compensation Consultant” for information on the peer group companies the Compensation Committee used in its analysis.

The Compensation Committee believes this peer group benchmarking methodology provides a fair representation of the competitive arena for executive talent and is an effective approach for setting compensation levels to ensure that the Company’s pay practices allow it to attract and retain executive employees of the highest quality. The Committee also considered other relevant factors, such as the Named Executive Officers’ performance, additional responsibility taken up by the Named Executive Officers, their retention and other relevant factors.

Compensation Increases for Certain Named Executive Officers

Based on the benchmarking analyses, performance, retention and/or other relevant considerations, in 2015, the Compensation Committee reviewed recommendations and determined appropriate base salary and annual incentive compensation targets for certain of the Company’s Named Executive Officers.

Effective March 1, 2015, the annual base salary for Ms. Esterman was increased from \$395,000 to \$420,000 based on benchmarking analyses and the value of her expected performance going forward. The Compensation Committee determined that the ratio of the incentive compensation to the total compensation should remain substantially the same. Her incentive compensation target was therefore increased from \$255,000 to \$280,000 effective March 1, 2015.

As disclosed in the Company’s proxy statements in connection with the Company’s 2015 Annual Meeting of Shareholders and 2016 Annual Meeting of Shareholders, the annual base salary for Mr. Davila was increased from \$375,000 to \$395,863 effective February 1, 2015. His incentive compensation target remained unchanged.

Base salaries for our Named Executive Officers are set in U.S. dollars and paid in euros. Please see the Summary Compensation Table under “Executive Compensation” for additional information.

Equity Incentive Plan

The Compensation Committee administers the 2009 Equity Incentive Plan, which was approved by our shareholders in 2009. The purpose of the 2009 Equity Incentive Plan is to provide additional incentives to key employees to make extraordinary contributions to the Company, to assist with the retention of key employees and to align the interests of our employees with the interests of our shareholders. The 2009 Equity Incentive Plan authorizes the award of restricted shares, options, stock appreciation rights, stock

purchase rights or other equity-based awards to our employees. Options awarded under the 2009 Equity Incentive Plan may be either “incentive stock options” as defined in Section 422 of the United States Internal Revenue Code of 1986, as amended, or nonqualified stock options, as determined by the Compensation Committee.

Each award granted under the 2009 Equity Incentive Plan is evidenced by a written award agreement between the participant and us, which describes the award and states the terms and conditions to which the award is subject. If any shares subject to award are forfeited or if any award terminates, expires or lapses without being exercised, shares of common stock subject to such award will again be available for future awards.

In most cases, equity awards are provided in the form of stock option grants, with 75% of the granted stock options beginning to vest only if the stock price is double or triple the exercise price as further detailed below. Our Compensation Committee uses stock options as our primary long-term incentive vehicle because stock options align the interests of executives with those of our shareholders, foster employee share ownership, support a pay-for-performance culture and focus the executive team on increasing value for our shareholders. In addition, stock option grants generally vest over a three- to five-year period following the grant date or the achievement of performance criteria for retention purposes.

Stock option grants are generally made to executive officers upon joining the Company and, from time to time thereafter, following a significant change in job responsibilities, following the accomplishment of vesting performance hurdles for prior grants, to meet other special retention objectives or for other reasons our Compensation Committee deems appropriate. The Compensation Committee reviews and approves stock option awards to executive officers based upon its assessment of the individual’s position, scope of responsibility, ability to affect profits and shareholder value, individual performance, a review of the executive’s existing long-term incentives, retention considerations and the value of stock options in relation to other elements of the individual executive’s total compensation.

In line with the objectives of our compensation philosophy, Ms. Esterman received 25,000 stock options on February 10, 2015. The vesting schedule for these options has a service-based component, in which 25% of the options vest in equal increments over four years, and a market-based component, in which up to 75% of the options could vest in equal increments, with 25% vesting immediately upon the achievement of certain performance criteria related to the Company’s stock price and its annualized rate of return and the remaining 75% vesting over the next three years. Two-thirds of the market-based options would commence vesting if the stock price realizes a compounded annual gain of at least 20% over the exercise price, so long as the stock price is at least double the exercise price. The remaining third of the market-based options would commence vesting if the stock price realizes a 25% compounded annual gain, so long as it is at least triple the exercise price.

The Company’s other share-based and similar types of awards consist of restricted shares, issued under our 2009 Equity Incentive Plan, and Equity Appreciation Rights (“EARs”).

The restricted shares are service-based awards that generally vest over three or four years after the grant of the award with either annual cliff vesting, vesting of all of the restricted shares at the end of the vesting period or vesting beginning after two years of service.

The Company’s subsidiary, Altisource Solutions S.à r.l., has established EAR plans for three divisions: Consumer Analytics, Document Solutions and Marketplace Solutions. EARs provide participating employees of certain divisions of the Company with the potential to receive a percentage of the increase in the value of the applicable division during the term of the EARs. These EAR plans allow for the issuance of EARs representing up to 15% of these divisions. The EARs consist of service-based awards and performance-based awards. Service-based EARs generally vest in equal installments on the first, second, third and fourth anniversaries of the grant date. Performance-based EARs generally begin to vest on the date certain performance criteria are achieved by the applicable division of the Company. Generally, 25% of these EARs are service-based and 75% of these EARs are performance-based.

The participating employee will have the opportunity at certain times specified in the award agreement to exercise EARs that have vested and in exchange will receive share equivalency units, the number of which will be based on the increase in value of the division and the amount of EARs awarded to the participating employee. At Altisource's option, the share equivalency units may be redeemed for cash, shares of the Company's common stock pursuant to our 2009 Equity Incentive Plan, a subordinated note payable or, under certain circumstances where the division has been converted into a company form, shares of that company.

Award agreements applicable to restricted shares, stock option and EAR grants include a covenant to maintain our confidential information. In addition, the award recipient is generally bound by non-competition and non-solicitation covenants for a minimum period of two (2) years following the end of his or her employment with the Company.

Retention and Long-term Incentive Awards

On April 15, 2015, the Compensation Committee approved retention and long-term incentive awards to provide for equity (restricted shares and stock options) and, in some instances, future cash awards to our Chief Executive Officer and other Named Executive Officers.

The awards were intended to assist in the retention of these executives, while providing a long-term incentive for the implementation of the Company's strategic initiatives to grow and diversify the revenue base and create long-term shareholder value. Awards of service-based restricted share and cash awards were designed to address the Company's retention needs, while the stock options were designed to provide participants with greater long term incentive opportunity based on the appreciation in the value of the stock price.

Cash and equity awards were made to our Chief Executive Officer and other Named Executive Officers, as set forth below:

Officer	Target Cash Awards	Restricted Shares	Stock Options ⁽¹⁾
William B. Shepro Chief Executive Officer	\$1,500,000	56,600	52,400
Kevin J. Wilcox, Chief Administration and Risk Officer	\$ 750,000	20,500	19,000
Michelle D. Esterman, Chief Financial Officer	\$ 500,000	14,500	13,400
Joseph A. Davila, President, Servicer Solutions	-	5,600	7,800
Gregory J. Ritts, General Counsel	-	5,600	7,800

⁽¹⁾ The exercise price for the stock options was \$18.79, the closing price of our common stock on the April 15, 2015 grant date.

The target cash awards will be payable on March 31, 2017, subject to the executive officer's continued employment on that date. In the event that a corporate restructuring or a change of control transaction (a "Transaction") takes place, payment of the target cash awards will be accelerated to the six month anniversary of such Transaction. If the Transaction (i) had taken place on or before six months after April 15, 2015, the target cash award payout would have been at 50% of the target cash award amount and the remainder would have been forfeited, (ii) takes place between six and 18 months after April 15, 2015, the target cash award payout will equal 75% of the target cash award amount and the remainder will

be forfeited and (iii) takes place more than 18 months after April 15, 2015, the target cash award payout will equal 100% of the target cash award amount.

The restricted share awards are scheduled to vest in three annual installments on the second, third and fourth anniversaries of the April 15, 2015 grant date (i.e., April 15, 2017, April 15, 2018 and April 15, 2019). In the event of a Transaction (i) on or before six months after April 15, 2015, 50% of the restricted share award would have vested and the remainder would have been forfeited, (ii) between six and 18 months after April 15, 2015, 75% of the restricted share award will vest and the remainder will be forfeited and (iii) any time more than 18 months from April 15, 2015, 100% of the restricted share award will vest.

The stock option awards vest in three annual installments on the first, second and third anniversaries of the grant date. In the event of a Transaction, a buyer will have the option to cancel the stock options in exchange for the stock option's intrinsic value or allow them to remain in place.

On February 11, 2016, the Compensation Committee delegated authority to the Chief Executive Officer and the Chief Administration and Risk Officer to approve awards of up to 5,000 stock options for new hires (other than hires of executive officers) in 2016, with an exercise price of up to \$50 per share, for an aggregate amount of options granted pursuant to such delegation of up to 75,000 stock options.

Stock Ownership Policies

Although we do not have stock ownership requirements, our philosophy is that equity ownership by our Directors and executives is important to attract, motivate, retain and align their interests with the interests of our shareholders. The Compensation Committee believes that the Company's equity incentive plan is adequate to achieve this philosophy. We also maintain a management directive detailing our trading window period policy for Directors, executive officers and other employees and our insider trading policy.

Other Compensation

The Compensation Committee's policy with respect to employee benefit plans is to provide benefits to our employees, including our Named Executive Officers, that are comparable to benefits offered by companies of a similar size and circumstance to ours. A competitive comprehensive benefit program is essential to achieving the goal of attracting and retaining highly qualified employees. Consistent with this policy, on February 10, 2015, our Compensation Committee approved a benefits program to provide life insurance and disability benefits to all Luxembourg employees, including our Named Executive Officers.

Potential Payments upon Termination or Change of Control

Below is a description of the amounts payable to each Named Executive Officer assuming the executive's employment had terminated under various scenarios, or a change of control had occurred, on December 31, 2015. Due to the number of factors that affect the nature and amount of any benefits under the various scenarios, actual amounts paid or distributed may be different.

As noted above, our Chief Executive Officer and other Named Executive Officers have entered into employment agreements with the Company. Under these agreements, if employment is terminated by the executive officer's retirement or disability, as defined therein, the Company will pay all standard relocation costs to relocate the executive officer to the United States. If the Company terminates the employment of the executive officer other than for "Cause" ("*motifs graves*") and, in some instances, where employment is terminated for "good reason" by the executive officer (as defined in the applicable employment agreement), the Company shall make a cash payment of between four (4) and twelve (12) months' base salary in addition to certain notice and redundancy payments required under articles L.124-1 and L.124-7 of the Luxembourg Labor Code. In the case of the Chief Executive Officer and Chief Administration and Risk Officer, the Company shall pay at least one (1) year's target incentive compensation in such instance.

Additionally, in the event that the Company terminates the employment of such executive officers other than for “Cause” after October 1 of the service year and before incentives are paid for the prior service year, these executive officers will be entitled to receive incentive compensation for such service year. In these instances, the Company will also pay all standard relocation costs to relocate the executive officer to the United States. If an executive officer is terminated by the Company for “Cause,” the Company may terminate without notice and with no liability to make any further payment to the executive, other than amounts accrued and unpaid at the date of termination.

As part of the Company’s grant of retention and long-term incentive awards on April 15, 2015, our Chief Executive Officer, Chief Administration and Risk Officer and Chief Financial Officer received cash awards that are payable on March 31, 2017, subject to the executive’s continued employment on that date. Pursuant to the terms of the applicable cash award agreements, if the executive’s employment is terminated by the Company without “Cause,” as defined by the applicable award agreement, prior to March 31, 2017, the cash award shall be paid within thirty days of the date of such termination of employment. In addition, in the event that a Transaction takes place, payment of the target cash awards will be accelerated to the six month anniversary of such Transaction with the payout percentage depending on the date of the Transaction as outlined above.

As previously noted, all Named Executive Officers have stock options and restricted shares granted pursuant to the 2009 Equity Incentive Plan.

With respect to stock options, in most cases, upon termination of a Named Executive Officer’s employment other than for “Cause,” as defined by the applicable stock option agreement, or by reason of resignation, the executive officer will be entitled to retain any vested portion of prior awards granted and any unvested market-based options where the vesting hurdles have already been achieved. In addition, certain of the stock option agreements provide for accelerated vesting of service-based options as described below. In most cases, the executive officer’s right to retain any options following termination of employment is subject to the requirement that he or she has been employed with the Company for a period of at least two (2) years. Upon termination of employment for “Cause,” all vested and unvested stock options awarded pursuant to such agreement will be forfeited.

As noted above, certain of the stock option agreements provide for accelerated vesting. Typically, upon a Named Executive Officer’s death, disability, retirement or, in some instances, resignation for “Good Reason” (as defined in the applicable stock option agreement), all service-based options will immediately vest; provided however that, in most cases, the executive officer’s right to the acceleration of options following termination of employment is subject to the requirement that he or she has been employed with the Company for a period of at least two (2) years. Additionally, pursuant to certain of these agreements, if there is a Transaction, the Compensation Committee may, *inter alia*, adjust the vesting conditions of the options in its discretion, which could result in the immediate vesting of some or all of the options. Under the terms of the stock option awards granted on April 15, 2015, in the event of a Transaction, a buyer will have the option to cancel the stock options in exchange for the stock option’s intrinsic value or allow them to remain in place.

Generally, for termination not due to death, disability or retirement, the executive officer has six (6) months within which to exercise vested stock options pursuant to our stock option agreements.

Under the terms of the awards of restricted shares granted to our Named Executive Officers on April 15, 2015, if the Company terminates the executive officer’s employment for reasons other than “Cause,” as defined by the applicable award agreement, and no Transaction has occurred, any unvested restricted shares will vest within thirty (30) days of such termination. If the executive officer’s employment is terminated due to death or disability, all unvested restricted shares shall immediately vest, subject to the requirement that the executive officer has been employed with the Company for a period of at least two (2) years on the date of death or disability. If the executive officer voluntarily resigns or his or her employment is terminated for “Cause,” any unvested restricted shares will be forfeited. In the event of a

Transaction, a portion of the restricted shares will vest. The percentage of shares vesting in the event of a Transaction will depend on the date of the Transaction as outlined above.

Except as specified above, any portion of an equity award not vested will generally be forfeited unless alternate arrangements are made at the discretion of the Compensation Committee.

The following table estimates and summarizes the potential payments and benefits, other than the benefits ordinarily available to all employees (including any such benefits mandated by Luxembourg law), that each of our Named Executive Officers would have received if their employment had been terminated on December 31, 2015 under each of the circumstances described below.

⁽¹⁾ Represents amounts earned in corresponding year.

⁽²⁾ Represents the grant date fair value in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 of the restricted share awards granted on April 15, 2015. The value was determined by using the weighted average expense per award multiplied by the shares granted, as per the grant date.

⁽³⁾ For awards of options, the amount disclosed represents the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718. We estimated the grant date fair value of stock option awards in 2015 using a Black-Scholes option-pricing model and a binomial option pricing model utilizing the following assumptions:

- (5) Consists of contributions paid by Altisource to each Named Executive Officer for housing allowances, personal use of company car(s), settling-in allowances, education allowances, goods and services allowances, travel allowances, medical benefits and tax-related allowances as detailed below.

INDEPENDENT PUBLIC ACCOUNTANTS

As previously disclosed, Management and the Audit Committee of our Board of Directors completed a competitive process to review the appointment of the Company's independent registered public accounting firm for the year ending December 31, 2016. The Audit Committee invited several firms to participate in this process, including Deloitte & Touche LLP, the Company's independent registered public accounting firm since September 22, 2009.

As a result of this process and following careful deliberation, on March 24, 2016, the Audit Committee approved the engagement of Mayer Hoffman McCann P.C. ("Mayer Hoffman") as the Company's independent registered public accounting firm, conditioned and effective upon completion of their client acceptance process, subject to approval by our shareholders. On March 25, 2016, Mayer Hoffman advised the Company that it had successfully completed its client acceptance procedures and the Company dismissed Deloitte & Touche LLP from its role as the Company's independent registered public accounting firm.

The Audit Committee also approved the engagement of Atwell S.à r.l. to be our certified auditor for all statutory accounts as required by Luxembourg law for the year ending December 31, 2016, subject to approval by our shareholders.

On May 18, 2016, our shareholders approved the appointment of Mayer Hoffman as our independent registered certified public accounting firm for the year ending December 31, 2016 and the appointment of Atwell S.à r.l. as our certified auditor for all statutory accounts as required by Luxembourg law for the same period.

Deloitte & Touche LLP's audit reports on the Company's consolidated financial statements as of and for the years ended December 31, 2015 and 2014 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to audit scope or accounting principles. Such reports included an explanatory paragraph related to the concentration of revenue with Ocwen and an emphasis of a matter paragraph related to uncertainties faced by Ocwen.

During the years ended December 31, 2015 and 2014, and the subsequent interim period through March 24, 2016, there were (i) no disagreements with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Deloitte & Touche LLP, would have caused Deloitte & Touche LLP to make reference to the subject matter of the disagreements in its reports on the financial statements for such years, and (ii) no "reportable events" as defined in Item 304(a)(1)(v) of Regulation S-K except that the Company's internal control over financial reporting was not effective as of December 31, 2015 due to the existence of a material weakness in the Company's internal control over financial reporting related to the review of impairment indicators of long-lived assets, including premises and equipment and intangible assets, and the impairment analysis of indefinite-lived assets, primarily goodwill. Deloitte & Touche LLP discussed this matter with the Audit Committee. As a result of the material weakness, Deloitte & Touche LLP's audit report dated March 15, 2016 on the effectiveness of the Company's internal control over financial reporting as of December 31, 2015 expressed an adverse opinion. The Company has authorized Deloitte & Touche LLP to fully respond to the inquiries of Mayer Hoffman, the successor independent registered public accounting firm, concerning this matter.

The Company provided Deloitte & Touche LLP with a copy of its Current Report on Form 8-K prior to its filing with the SEC. The Company requested that Deloitte & Touche LLP furnish the Company with a letter addressed to the SEC stating whether or not Deloitte & Touche LLP agrees with the above statements that are related to Deloitte & Touche LLP. A copy of Deloitte & Touche LLP's letter, dated March 28, 2016, is attached as Exhibit 16.1 to the Company's Current Report on Form 8-K filed on March 28, 2016.

During the years ended December 31, 2015 and 2014 and through March 24, 2016, neither the Company nor anyone on its behalf consulted with Mayer Hoffman with respect to either (i) the application of

accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, and no written report or oral advice was provided by Mayer Hoffman to the Company that Mayer Hoffman concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to that Item) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

Report of the Audit Committee

As described more fully in our charter, the Audit Committee reports to and acts on behalf of the Board of Directors by providing oversight of the financial management, independent auditors and financial reporting procedures of the Company. The Company's management is responsible for the preparation and presentation of the Company's financial statements, the effectiveness of internal control over financial reporting, and procedures that are reasonably designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and of the effectiveness of its internal control over financial reporting in accordance with the Standards of the Public Company Accounting Oversight Board ("PCAOB").

In connection with these responsibilities, the Audit Committee met with management and the independent registered public accounting firm to review and discuss the December 31, 2015 audited consolidated financial statements and the effectiveness of the internal control over financial reporting. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by the PCAOB Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380). The Audit Committee has also received written disclosures from the Company's independent registered public accounting firm, as required by the applicable requirements of the PCAOB, and discussed with the independent registered public accounting firm that firm's independence.

Based upon the Audit Committee's discussions with management and the independent registered public accounting firm referred to above, and the Audit Committee's review of the representations of management, the Audit Committee recommended that the Board of Directors include the December 31, 2015 audited consolidated financial statements in Altisource's Annual Report on Form 10-K for the year ended December 31, 2015.

Deloitte & Touche LLP Fees

The following table shows the aggregate fees billed to Altisource for professional services by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates in fiscal years 2014 and 2015:

Category	2014	2015
Audit Fees	\$1,536,428	\$1,851,789
Audit-Related Fees	\$212,216	\$2,945
Tax Fees	\$342,135	\$469,096
All Other Fees	-	-
Total	\$2,090,779	\$2,323,830

Audit Fees. This category includes the aggregate fees and expenses billed for professional services rendered for the audits of Altisource’s consolidated financial statements for fiscal years 2014 and 2015, for the reviews of the financial statements included in Altisource’s quarterly reports on Form 10-Q during fiscal years 2014 and 2015 and for services that are normally provided by the independent registered certified public accounting firm and affiliates in connection with statutory and regulatory filings or engagements for the relevant fiscal year.

Audit-Related Fees. This category includes the aggregate fees billed for fiscal years 2014 and 2015 for audit-related services by the independent registered certified public accounting firm that are reasonably related to the performance of the audits or reviews of the financial statements and are not reported above under “Audit Fees” and generally consist of fees for other attest engagements under professional auditing standards, internal control-related matters, audits of employee benefit plans and due diligence.

Tax Fees. This category includes the aggregate fees billed for fiscal years 2014 and 2015 for professional services rendered by the independent registered certified public accounting firm for tax compliance, tax planning and tax advice.

All Other Fees. This category includes the aggregate fees billed for fiscal years 2014 and 2015 for products and services provided by the independent registered certified public accounting firm that are not reported above under “Audit Fees,” “Audit-Related Fees” or “Tax Fees.”

The Audit Committee considered the compatibility of the non-audit-related services provided by and fees paid to Deloitte & Touche LLP in fiscal years 2014 and 2015 and determined that such services and fees are compatible with the independence of Deloitte & Touche LLP.

The Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered certified public accounting firm in order to assure that the provision of such services does not impair the independent registered certified public accounting firm’s independence. In fiscal years 2014 and 2015, all fees associated with the independent registered certified public accounting firm’s services were pre-approved by the Audit Committee or by the Chairman of the Audit Committee pursuant to authority delegated to him as described in the following section.

Audit Committee Pre-Approval Policy

Pursuant to its charter, the Audit Committee has delegated authority to the Chairman of the Audit Committee to pre-approve all audit and permitted non-audit services to be performed by the independent auditors. The Chairman shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting for ratification. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

BUSINESS RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Board of Directors has adopted, as set forth within our written Code of Business Conduct and Ethics, certain policies and procedures for the review and approval of transactions in which a conflict of interest may arise. The Code of Business Conduct and Ethics is available at www.altisource.com. Any situation that potentially qualifies as a conflict of interest is to be immediately disclosed to the head of the internal audit function and/or the General Counsel to assess the nature and extent of any concern as well as the appropriate next steps. The head of the internal audit function or the General Counsel will notify the Chairman of the Board of Directors or the Chairman of the Audit Committee, as appropriate, if any such situation requires Board of Directors or Audit Committee approval.

The Audit Committee of the Board of Directors has adopted written policies and procedures to govern the review and approval of transactions involving Altisource and a Related Person. A "Related Person," as defined by SEC Regulation S-K, includes any directors and executive officers of the Company, shareholders beneficially owning 5% or greater of the Company's outstanding stock, an immediate family member of any of the foregoing persons or an entity in which any of the foregoing persons has a direct or indirect material interest. Pursuant to these policies, transactions with a Related Person that meet the threshold for disclosure under the relevant SEC rules ("Related Person Transactions") must be approved by the Audit Committee. In considering a Related Person Transaction, the Audit Committee will consider relevant factors which may include (i) whether the transaction is in the best interests of Altisource; (ii) alternatives to the transaction; (iii) whether the transaction is on terms comparable to those available to third parties; (iv) the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflicts and (v) the overall fairness of the transaction to Altisource. The Audit Committee may also follow these procedures for transactions with Related Persons that do not meet the threshold for disclosure under the relevant SEC rules or for transactions with related parties as defined by Financial Accounting Standards Board's Accounting Standards Codification Topic 850, *Related Party Disclosure*, where such transactions may present actual or potential conflicts of interests.

We have significant business relationships with and provide services to Ocwen and Residential. We also provide certain services to AAMC. Our largest shareholder William C. Erbey, owns or controls common stock in each of these companies. As of December 31, 2015, Mr. Erbey owned or controlled approximately 31% of the common stock of Altisource, approximately 14% of the common stock of Ocwen, approximately 31% of the common stock of AAMC and approximately 4% of the common stock of Residential. As a result of his ownership interests in Ocwen and AAMC, Related Person Transactions with these entities are required to be disclosed. Because AAMC is Residential's external manager, and AAMC consolidates the financial statements of Residential, we currently also disclose Altisource's transactions with Residential.

Ocwen

For the year ended December 31, 2015, the Company generated segment revenue from Ocwen of \$497.4 million for Mortgage Services, \$18.2 million for Financial Services and \$116.0 million for Technology Services. Services provided to Ocwen during such period included residential property valuation, real estate asset management and sales, trustee management services, property inspection and preservation, insurance services, charge-off mortgage collections, information technology infrastructure management and software applications including our software platforms. We record revenue we earn from Ocwen under the service agreements at rates we believe to be comparable market rates as we believe they are consistent with the fees we charge to other customers and/or fees charged by our competitors for comparable services. Altisource derived 60% of its revenues in 2015 directly from Ocwen and revenue earned from loans serviced by Ocwen when Ocwen designates us as the service provider.

The Company earns additional revenue on the portfolios serviced by Ocwen when a party other than Ocwen selects Altisource as the service provider. For the year ended December 31, 2015, the Company recognized revenue of \$216.9 million on the portfolios serviced by Ocwen.

At times, we have used Ocwen's contractors and/or employees to support Altisource-related services. Ocwen generally bills us for these contractors and/or employees based on their fully-allocated cost. Additionally, through March 31, 2015, we purchased certain data relating to Ocwen's servicing portfolio in connection with a Data Access and Services Agreement. Based upon our previously provided notice, the Data Access and Services Agreement was terminated effective March 31, 2015. For the year ended December 31, 2015, Ocwen billed us \$11.4 million for these items.

In 2015, we provided certain other services to Ocwen and Ocwen provided certain other services to us in connection with support services agreements. These services primarily included facilities related services and corporate services. Billings for these services were generally based on the fully-allocated cost of providing the service based on an estimate of the time and expense of providing the service or estimates thereof. For the year ended December 31, 2015, we billed Ocwen \$2.9 million for these items and Ocwen billed us \$2.8 million for these items.

AAMC

AAMC's primary business is to provide portfolio management and corporate governance services to investment vehicles that own real estate assets. Currently, AAMC's primary client is Residential. We have an agreement with AAMC pursuant to which we may provide services such as finance, human resources, facilities, technology and insurance risk management. Further, we have separate agreements for certain services related to income tax matters, trademark licenses and technology products and services.

For the year ended December 31, 2015, we billed AAMC \$1.3 million under the services agreements, of which \$0.1 million is reflected in revenue in the consolidated statements of operations and \$1.2 million is reflected as a component of SG&A in the consolidated statements of operations.

Residential

We have service agreements, which extend through 2027, to provide Residential with renovation management, lease management, property management and real estate owned asset management services.

For the year ended December 31, 2015, we generated revenue from Residential of \$39.0 million for services provided under these services agreements.
