Each shareholder (other than those who previously requested electronic delivery of all materials or previously elected to receive delivery of a paper copy of the proxy materials) will receive a Notice of Internet Availability of Proxy Materials (the "Proxy Notice") containing instructions on how to access and review the proxy materials, including the Notice, this Proxy Statement and our Annual Report, on the Internet and how to access an electronic proxy card to vote on the Internet. The Proxy Notice also contains instructions on how to receive a paper copy of the proxy materials. If you receive a Proxy Notice by mail, you will not receive a printed copy of our proxy materials unless you request one. If you receive a Proxy Notice by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Proxy Notice.

ABOUT THE ANNUAL MEETING

The Annual Meeting will be held on Tuesday, June 28, 2016 at 10:00 a.m. local time at 16803 Dallas Parkway, Addison, Texas 75001. A complete list of registered shareholders entitled to vote at the Annual Meeting will be available for inspection at the registered office of the Company and the Calgary office of its registrar and transfer agent, Computershare Investor Services Inc. ("Computershare"), during regular business hours and at the Annual Meeting.

This Proxy Statement and form of proxy are being mailed or made available to shareholders on or about May 13, 2016. The Annual Report does not form any part of the materials for solicitation of proxies.

The principal executive offices of the Company are located at, and the mailing address of the Company is, 16803 Dallas Parkway, Addison, Texas 75001, c/o TransAtlantic Petroleum (USA) Corp.

Who Can Vote

The board of directors of the Company has fixed April 29, 2016 as the record date (the "Record Date") for determining shareholders of the Company entitled to receive notice of and vote at the Annual Meeting. Only shareholders of record as of the close of business on the Record Date are entitled to vote at the Annual Meeting. There were 41,110,339 common shares of the Company, par value \$0.10 per share (the "Common Shares"), issued and outstanding on April 29, 2016. Each shareholder will have one vote for each Common Share of the Company owned of record at the close of business on the Record Date.

Quorum and Voting Requirements

The presence in person or by proxy of at least two shareholders entitled to vote and holding shares representing not less than 10% of the issued and outstanding Common Shares entitled to vote at the Annual Meeting will constitute a quorum at the Annual Meeting.

For proposal 1, a majority of the votes cast at the Annual Meeting is required for approval. For each director nominee, shareholders may either vote "FOR" that director nominee, "AGAINST" that director nominee or may "WITHHOLD" their vote from that director nominee. This means that the shareholders will elect a director nominee when the number of votes cast for a director nominee's election exceeds the number of votes cast against that director nominee's election.

For proposal 2, a majority of the votes cast at the Annual Meeting is required for approval. Shareholders may either vote "FOR," "AGAINST" or "ABSTAIN."

An automated system administered by the Company's transfer agent tabulates the votes. Each proposal is tabulated separately.

Votes Withheld, Abstentions and Broker Non-Votes

A broker "non-vote" occurs when a nominee (such as a broker) holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular matter and has not received instructions from the beneficial owner. Proposal 2, the appointment of the Company's independent registered public accounting firm, is a discretionary item under the voting procedures of the New York Stock Exchange ("NYSE"). NYSE-member brokers can vote your shares on proposal 2 even if you do not provide them with voting instructions.

Votes withheld, abstentions and broker "non-votes" are counted as present for purposes of establishing a quorum. Votes withheld do not count as a vote cast and will have no effect on the outcome of proposal 1. Abstentions do not count as a vote cast and will have no effect on the outcome of proposal 2. Broker "non-votes" will have no effect on the outcome of proposal 1 and are not applicable to proposal 2 as described above.

How to Vote

You may vote by proxy or in person at the Annual Meeting. We suggest that you vote by proxy even if you plan to attend the meeting. If you are the stockholder of record, you can vote by proxy via a toll-free telephone number, over the Internet or by mail. Please refer to your Proxy Notice or the proxy card included with these proxy materials for instructions on how to access an electronic proxy card to vote on the Internet, vote by telephone, or to receive a paper copy of the proxy materials to vote by mail. If you are not the record holder of your Common Shares, please follow the instructions provided by your broker, bank or other nominee.

All Common Shares represented by a proxy received by the Company's transfer agent, Computershare, by 11:59 p.m. Central Daylight Saving time on June 23, 2016 will be voted as specified in the proxy, unless validly revoked as described below. If you return a proxy and do not specify your vote, your shares will be voted as recommended by the board of directors.

The board of directors is not currently aware of any business that will be brought before the Annual Meeting other than the proposals described in this Proxy Statement. If, however, other matters are properly brought before the Annual Meeting or any adjournment(s) or postponement(s) of the Annual Meeting, the persons appointed as proxies will have, unless the terms of their appointment otherwise provide, discretionary authority to vote the shares represented by proxies in accordance with their discretion and judgment.

Revocation of Proxies

You may revoke your proxy before it is voted (i) by so notifying the Secretary of the Company in writing at the location of the Annual Meeting not less than one hour before the time fixed for the beginning of the Annual Meeting; (ii) by submitting a duly executed proxy bearing a later date by telephone, via the Internet or by mail; or (iii) by voting your shares in person or by an appointed agent or representative at the Annual Meeting. You cannot revoke your proxy merely by attending the Annual Meeting.

Solicitation of Proxies

This proxy solicitation is being made on behalf of the Company by its board of directors and management. Officers and employees of the Company may solicit proxies, either through personal contact or by mail, telephone or other electronic means. These officers and employees will not receive additional compensation for soliciting proxies. The cost of any such solicitation will be borne by the Company. Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward soliciting materials to beneficial owners and will be reimbursed by the Company for their reasonable out-of-pocket expenses incurred in sending proxy materials to beneficial owners.

Board Recommendation

The board of directors recommends that you vote "FOR" each of the Company's director nominees and "FOR" the appointment of PMB Helin Donovan, LLP, a Texas limited liability partnership ("PMB Helin"), to serve as the Company's independent registered public accounting firm for the year ending December 31, 2016 and to authorize the Company's audit committee to determine their remuneration.

Multiple Shareholders Sharing One Address

In accordance with Rule 14a-3(e)(1) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), one Proxy Statement and one Annual Report or one Proxy Notice may be delivered to two or more shareholders who share an address in the United States, unless the Company has received contrary instructions from one or more of the shareholders. The Company will deliver promptly upon written or oral request a separate copy of the Proxy Statement and the Annual Report or Proxy Notice at a shared address to which a single copy of the Proxy Statement and the Annual Report or Proxy Notice was delivered. Requests for additional copies of the Proxy Statement and the Annual Report or Proxy Notice, and requests that in the future separate Proxy Statements and Annual Reports or Proxy Notices be sent to shareholders who share an address, should be directed to the Company's Corporate Secretary, TransAtlantic Petroleum Ltd., c/o TransAtlantic Petroleum (USA) Corp., 16803 Dallas Parkway, Addison, Texas, 75001, or at telephone number (214) 220-4323. In addition, shareholders who share a single address in the United States but receive multiple copies of the Proxy Statement and the Annual Report or Proxy Notice may request that they receive a single copy in the future by contacting the Company at the address and phone number set forth in the prior sentence.

2015 Audited Consolidated Financial Statements

Under the Company's Bye-Laws and Bermuda law, audited consolidated financial statements must be presented to shareholders at an annual general meeting of shareholders. To fulfill this requirement, at the Annual Meeting, the Company will present its consolidated financial statements for the year ended December 31, 2015, which have been audited by KPMG LLP. Those financial statements are included in the Annual Report, a copy of which is being delivered or otherwise made available, together with this Proxy Statement. Representatives of KPMG LLP are expected to attend the Annual Meeting and to respond to appropriate questions and will have the opportunity to make a statement should they so desire. No vote is required by shareholders with respect to the Company's 2015 audited consolidated financial statements.

Board Committees and Meetings

The board of directors has established three standing committees: the audit committee, the compensation committee and the corporate governance committee. Messrs. Bayley, Campise and Riggs serve on the audit committee. Messrs. Alexander, Bayley and Riggs serve on the compensation committee. Messrs. Bayley, Campise, Downey and Riggs serve on the corporate governance committee. Mr. Campise is chairman of the audit committee, Mr. Alexander is chairman of the compensation committee, and Mr. Riggs is chairman of the corporate governance committee.

During 2015, each director attended 75% or more of the aggregate of the total number of meetings of the board of directors and the total number of meetings held by all committees of the board on which such director served. The Company does not have a board policy on director attendance at the Company’s Annual Meeting. Every director attended the 2015 Annual Meeting of Shareholders.

Audit Committee

The audit committee reviews the effectiveness of the Company’s financial reporting, management information and internal control systems, and effectiveness of its independent registered public accounting firm. It monitors financial reports, the conduct and results of the annual independent audit, finance and accounting policies and other financial matters. The audit committee also reviews and recommends for board of director approval the Company’s interim consolidated financial statements and year-end financial statements. The audit committee has been designated by the board of directors to serve as the reserves committee and reviews the Company’s reserve reports and conducts inquiries with the reserve engineers as it deems appropriate. The audit committee monitors internal control and management information systems. The audit committee held five meetings during 2015.

All members of the audit committee have been determined to be financially literate and to meet the appropriate standards for independence in accordance with the NYSE MKT rules, SEC rules and Canadian securities law requirements. See “Corporate Governance—Director Independence.” In addition, the board of directors has determined that Mr. Campise meets the qualifications of an “Audit Committee Financial Expert” in accordance with SEC rules and regulations. The audit committee operates under the audit committee charter adopted by the board of directors that governs its duties and conduct. Copies of the charter can be obtained free of charge from the Company’s website, www.transatlanticpetroleum.com, or by contacting the Company at the address appearing on the first page of this Proxy Statement to the attention of Investor Relations, or by telephone at (214) 220-4323.

Compensation Committee

The compensation committee establishes and administers the Company’s policies, programs and procedures for compensating and incentivizing its executive officers. The compensation committee reviews all compensation arrangements for the chairman and other executive officers of the Company, including salaries, bonus, cash-incentive and equity-based incentive compensation, and makes recommendations to the board for their approval. The compensation committee held one meeting during 2015.

All members of the compensation committee have been determined to meet the appropriate standards for independence in accordance with the NYSE MKT rules and Canadian securities law requirements. See “Corporate Governance—Director Independence.” Further, each member of the compensation committee is a “Non-Employee Director” as defined in Rule 16b-3 under the Exchange Act and an “outside director” as defined for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended. Copies of the compensation committee charter can be obtained free of charge from the Company’s website, www.transatlanticpetroleum.com, or by contacting the Company at the address appearing on the first page of this Proxy Statement to the attention of Investor Relations, or by telephone at (214) 220-4323.

Corporate Governance Committee

The corporate governance committee has overall responsibility for developing the Company’s approach to corporate governance including keeping the Company informed of legal requirements and trends regarding corporate governance, monitoring and assessing the performance of the board of directors and committees of the board of directors, and for developing, implementing, and monitoring good corporate governance practices. The corporate governance committee is also responsible for determining the slate of directors for election to the board of directors, identifying individuals qualified to become board members and recommending candidates to the board of directors to fill board vacancies and newly created director positions. The corporate governance committee held one meeting during 2015.

All members of the corporate governance committee have been determined to meet the appropriate standards for independence in accordance with the NYSE MKT rules and Canadian securities law requirements. See "Corporate Governance —Director Independence." Copies of the corporate governance committee charter can be obtained free of charge from the Company's website, www.transatlanticpetroleum.com, or by contacting the Company at the address appearing on the first page of this Proxy S tatement to the attention of Investor Relations, or by telephone at (214) 220-4323.

Report of the Audit Committee

The following is the report of the audit committee with respect to the Company's audited consolidated financial statements for 2015, which includes the Consolidated Balance Sheets as of December 31, 2015 and 2014, and the related Consolidated Statements of Comprehensive Income (Loss), Consolidated Statements of Equity and Consolidated Statements of Cash Flows for each of the years ended December 31, 2015, 2014 and 2013, and the notes thereto. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed with the SEC" or subject to the liabilities of Section 18 of the Exchange Act nor shall such information be incorporated by reference into any future filing under the Exchange Act or the Securities Act of 1933, as amended (the "Securities Act"), except to the extent that the Company specifically incorporates it by reference in such filing.

The role of the audit committee is to assist the board of directors in fulfilling its oversight responsibilities related to the integrity of the Company's financial statements, the Company's internal control over financial reporting, the Company's compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accounting firm, audit of the Company's financial statements, and performance of the Company's internal audit function and the Company's independent registered public accounting firm.

Management of the Company has the responsibility for the preparation, presentation and integrity of the Company's consolidated financial statements, for the appropriateness of the accounting principles and reporting policies that are used by the Company and for the establishment and maintenance of systems of disclosure controls and procedures and internal control over financial reporting. The Company's independent registered public accounting firm, KPMG LLP, is responsible for auditing the Company's consolidated financial statements and expressing an opinion on the fair presentation of those financial statements in conformity with accounting principles generally accepted in the United States, performing reviews of the unaudited quarterly financial statements and auditing and expressing an opinion on the effectiveness of the Company's internal control over financial reporting. In performing its functions, the audit committee acts only in an oversight capacity and necessarily relies on the work and assurances of the Company's management, internal audit group and independent registered public accounting firm.

During fiscal 2015, the audit committee met and held discussions with management, the internal auditor and the independent registered public accounting firm and met independently as a committee. Management represented to the audit committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The audit committee has reviewed and discussed the consolidated financial statements as of and for the year ended December 31, 2015 with management and the independent registered public accounting firm. These discussions included a review of the reasonableness of significant judgments, the quality, not just acceptability, of the Company's accounting principles, and such other matters as are required to be discussed with the audit committee under Auditing Standard No. 16, "Communications with Audit Committees." In addition, the audit committee reviewed and discussed with management and the independent registered public accounting firm the adequacy and effectiveness of the Company's financial reporting procedures, disclosure controls and procedures, and internal control over financial reporting, including the respective reports of management and the independent registered public accounting firm on the effectiveness of the Company's internal control over financial reporting. The audit committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the audit committee concerning independence and has discussed with the independent registered public accounting firm its independence from the Company. The audit committee has concluded that the independent registered public accounting firm's provision of audit and non-audit services to the Company and its subsidiaries is compatible with the independent registered public accounting firm's independence.

Based on the audit committee's discussions with management, the Company's internal auditors and KPMG LLP, and the audit committee's review of the audited financial statements, including the representations of management and KPMG LLP with respect thereto, and subject in all cases to the limitations on the role and responsibilities of the audit committee referred to above and set forth in the audit committee charter, the audit committee recommended to the Company's board of directors, and the has board approved, that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

AUDIT COMMITTEE

Corporate Governance

Director Independence

The standards relied upon by the board of directors in affirmatively determining whether a director is “independent” are those set forth in the rules of the NYSE MKT Company Guide and National Instrument 52-110 of the Canadian Securities Regulators (“NI 52-110”), which generally provide that independent directors are persons other than the Company’s executive officers or employees. In addition, the following persons are not considered independent:

- a director who is, or during the past three years was, employed by the Company, other than prior employment as an interim executive officer (provided the interim employment did not last longer than one year);
- a director who accepted or has an immediate family member who accepted any compensation from the Company in excess of \$120,000 (Cdn \$75,000 under NI-52-110) during any period of twelve consecutive months within the three years preceding the determination of independence, other than compensation for board or board committee service, compensation paid to an immediate family member who is an employee (other than an executive officer) of the Company, compensation received for former service as an interim executive officer (provided the interim employment did not last longer than one year), or benefits under a tax-qualified retirement plan, or non-discretionary compensation;
- a director who is an immediate family member of an individual who is, or at any time during the past three years was, employed by the Company as an executive officer;
- a director who is, or has an immediate family member who is, a partner in, or a controlling shareholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments (other than those arising solely from investments in the Company’s securities or payments under non-discretionary charitable contribution matching programs) that exceed 5% of the organization’s consolidated gross revenues for that year, or \$200,000, whichever is more, in any of the most recent three fiscal years;
- a director who is, or has an immediate family member who is, employed as an executive officer of another entity where at any time during the most recent three fiscal years any of the issuer’s executive officers served on the compensation committee of such other entity; or
- a director who is, or has an immediate family member who is, a current partner of the Company’s outside independent registered public accounting firm, or was a partner or employee of the Company’s outside independent registered public accounting firm who worked on the Company’s audit at any time during any of the past three years.

The NYSE MKT rules provide that members of the audit committee must also comply with the independence standards under Rule 10A-3 of the Exchange Act, which provide that a member of an audit committee of a company, other than an investment company, may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (i) accept directly or indirectly any consulting, advisory, or other compensatory fee from the Company or any subsidiary thereof, provided that, unless the rules of the national securities exchange or national securities association provide otherwise, compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with the Company (provided that such compensation is not contingent in any way on continued service); or (ii) be an affiliated person of the Company or any subsidiary thereof. NI 52-110 provides substantially similar independence standards for audit committee members.

In accordance with the NYSE MKT and NI 52-110 independence definitions, the board of directors also makes an affirmative determination that each potential independent director does not have any relationship that, in the board’s opinion, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

The board of directors, in applying the above-referenced standards, has affirmatively determined that at least 50% of its members are “independent” within the meaning of the NYSE MKT rules and NI 52-110. Specifically, the board of directors has determined that each of Messrs. Alexander, Bayley, Campise, Downey, Renwick and Riggs are “independent” under these rules. In addition, the board has affirmatively determined that each of Messrs. Bayley, Campise and Riggs, who comprise the Company’s audit committee, meet the additional independence requirements applicable to audit committee members under the NYSE MKT rules and Rule 10A-3 under the Exchange Act. As part of the board’s process in making these determinations, each of these directors provided written assurances that (i) all of the above-cited objective criteria for independence were satisfied and (ii) he had no other “material relationship” with the Company that could interfere with his ability to exercise independent judgment.

Board Leadership

The offices of the chairman of the board and chief executive officer are currently combined. Mr. Mitchell serves as the Company’s chairman and chief executive officer. The board believes that this structure is the most appropriate structure at this time

for several reasons. Mr. Mitchell is responsible for the day-to-day operations of the Company and the execution of its strategies. Since these topics are an integral part of our board discussions, Mr. Mitchell is the director best qualified to chair those discussions. In addition, Mr. Mitchell's experience and knowledge of the Company and the oil and natural gas industry are critical to board discussions and the Company's success. The board of directors believes that Mr. Mitchell is well qualified to serve in the combined roles of chairman and chief executive officer and that Mr. Mitchell's interests are sufficiently aligned with the shareholders he represents.

The board of directors does not have a lead independent director. However, to help ensure the independence of the Company's board of directors, the independent directors of the board generally meet without members of management at regularly scheduled board meetings held in person. Also, individual directors may engage an outside adviser at the Company's expense, subject to the approval of the chairperson of the corporate governance committee. The board relies upon the foregoing processes and the level of experience and qualifications of its independent directors, particularly the chairman of its corporate governance committee, to compensate for having a non-independent chairman of the board of directors.

Board's Role in Risk Oversight

The board actively manages the Company's risk oversight process and receives periodic reports from management on areas of material risk to the Company, including operational, financial, legal and regulatory risks. The board committees assist the board in fulfilling its oversight responsibilities in certain areas of risk. The audit committee assists the board with its oversight of the Company's major financial risk exposures. The compensation committee assists the board with its oversight of risks arising from the Company's compensation policies and programs. The corporate governance committee assists the board with its oversight of risks associated with board organization, board independence and corporate governance. While each committee is responsible for evaluating certain risks and overseeing the management of those risks, the entire board is regularly informed through committee reports about the risks.

The compensation committee assessed whether the Company's employee compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Company. In doing so, the compensation committee considered that its executive compensation programs are designed with what it believes is an appropriate focus on the Company's short-term and long-term performance. The compensation committee also considered risk mitigation elements of these programs, including the general long-term equity compensation policy of having awards of restricted stock units vest over a three year period. The results of that assessment were that the Company's employee compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Director Nomination Policy

Each Director Nominee was recommended to the board by the corporate governance committee for nomination. Generally, candidates for director are identified and suggested by the members of the board or management using their business networks. The board and the corporate governance committee have established that a new director nominee must have a track record in general business management, special expertise in areas of strategic interest to the Company, the ability to devote the time required and a willingness to serve in order to be recommended for board membership. In recommending candidates, the corporate governance committee considers such factors as it deems appropriate, including potential conflicts of interest, professional experience, personal character, diversity, outside commitments (for example, service on other boards) and particular areas of expertise, all in the context of the needs of the board. Although the Company does not have a policy regarding diversity, the corporate governance committee and the board believes that it is essential that individual board members represent diverse opinions, perspectives, professional experiences and backgrounds.

The corporate governance committee does not have a policy with regard to consideration of director candidates recommended by shareholders. The Company does not believe that it is necessary for the corporate governance committee to have such a policy because to date, the Company has not received any recommendations from shareholders requesting that the corporate governance committee consider a candidate for inclusion among the slate of nominees in the Company's Proxy Statement, the directors are elected by a majority of the votes cast in person or by proxy at a meeting at which a quorum is present, and the Company is effectively controlled by Mr. Mitchell. The corporate governance committee will consider all proposed nominees for the board, including those put forward by shareholders. Shareholder nominations should be addressed to the corporate governance committee in care of Chad D. Burkhardt, Vice President, General Counsel and Corporate Secretary, TransAtlantic Petroleum Ltd., c/o TransAtlantic Petroleum (USA) Corp., 16803 Dallas Parkway, Addison, TX 75001.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

This section contains a discussion of the material elements of the Company's executive compensation program for 2015 for: (i) its chief executive officer, N. Malone Mitchell 3rd, (ii) its chief financial officer, Wil F. Saqueton, (iii) its three other most highly compensated executive officers, Todd C. Dutton, Chad D. Burkhardt and Harold L. Muncy, (iv) Matthew W. McCann, the Company's former general counsel and corporate secretary, and (v) James R. Huling, the Company's former chief operating officer (collectively, the "named executive officers").

Executive Summary

The Company's pay for performance philosophy emphasizes long-term equity compensation over short-term cash compensation for its named executive officers. Mr. Mitchell serves as chairman of the board and as the Company's chief executive officer. Mr. Mitchell received director compensation for his 2015 service as chairman and has elected not to receive additional compensation for his services as chief executive officer. As a result, the following references to named executive officers in this Compensation Discussion and Analysis do not include Mr. Mitchell.

Messrs. Dutton and Huling each received a 43% increase in their base salary for 2015 based upon an increase in the allocated time each of them spent on Company matters versus matters for other businesses owned by Mr. Mitchell.

Mr. Burkhardt joined the Company in August 2015, and the compensation committee established his base salary of \$300,000 at the time of his hiring based upon negotiations with Mr. Burkhardt. In addition, the compensation committee approved an \$186,060 sign-on restricted stock unit award for Mr. Burkhardt at the time of his hiring based upon negotiations with Mr. Burkhardt.

On March 17, 2015, consistent with the Company's annual historical equity grant process, the compensation committee made discretionary awards of restricted stock units to all eligible employees, including the named executive officers, to reward services performed during 2014. The compensation committee awarded Messrs. Dutton, McCann, Huling and Muncy a number of restricted stock units equal to 25% of each of their base salary actually received in 2014 divided by \$6.80 per restricted stock unit, which was the minimum floor price required by the Incentive Plan. Pursuant to the terms of Mr. Saqueton's compensation arrangement with the Company, the compensation committee awarded Mr. Saqueton a number of restricted stock units equal to 100% of his base salary actually received in 2014 divided by \$6.80 per restricted stock unit, which was the minimum floor price required by the Incentive Plan.

Executive Compensation Philosophy

The Company's executive compensation program is designed to attract, motivate and retain talented executives. The Company's pay for performance philosophy focuses executives' efforts on achieving strategic corporate goals without encouraging excessive risk taking. During 2015, executive compensation was not tied to specific financial performance metrics, but the compensation committee focused on the contributions of the executives to the Company's strategy and took into consideration the Company's overall financial performance. The compensation committee, which consists entirely of independent board members, controls the executive compensation program for the named executive officers, as well as for the Company's other officers and employees. The Company's executive compensation objectives are to:

- pay for performance without excessive risk;
- attract, retain and motivate superior executives;
- pay competitive levels of salary and total compensation; and
- align the interests of management with the interests of the Company's shareholders.

Process of Determining Compensation

The Company's compensation committee determines executive compensation. The Company's chairman and other members of its board may also participate in compensation committee meetings to provide their evaluation of the performance of the Company's executive officers and their contributions to the Company's business strategy, and the Company's chief executive officer provides compensation recommendations as to executive officers other than himself. Management plays a significant role in this process, through evaluating employee performance, recommending salary levels, discretionary cash bonuses and restricted stock unit awards and preparing meeting information for use in compensation committee meetings. Although the compensation committee has not retained a compensation consultant, it may do so in the future.

Shareholder Say-on-Pay Votes

When reviewing its compensation decisions and policies, the compensation committee considered the most recent advisory vote of the Company's shareholders on executive compensation at the Company's 2014 Annual Meeting of Shareholders. Of those shareholders voting, on an advisory basis, for or against the proposal, approximately 99% voted to approve the Company's executive compensation. The compensation committee believes this affirms shareholders' support of its approach to executive compensation and did not materially change its approach in 2015. The compensation committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the named executive officers. The Company's next say-on-pay vote will be at the Company's 2017 Annual Meeting of Shareholders.

Hiring of Mr. Burkhardt

In August 2015, Mr. Burkhardt was hired as vice president, general counsel and corporate secretary of the Company, with a base salary of \$300,000. In addition, Mr. Burkhardt received a sign-on grant of restricted stock units equal to \$300,000 divided by the volume weighted average price of the Company's Common Shares on the NYSE MKT for the ten trading days prior to July 18, 2015, which was \$4.95 per share, resulting in an award of 60,606 restricted stock units. The compensation committee granted the restricted stock units on August 28, 2015, at which time the closing price of the Company's Common Shares on the NYSE MKT was \$3.07 per share. As a result, the grant date fair value of this award was \$186,060. These restricted stock units vest pro-rata over a three-year period from the award date.

Elements of Executive Compensation

The 2015 executive compensation program consisted of base salary and restricted stock units. Executives also received standard employee benefits. There is no formal policy regarding the allocation between short-term or long-term compensation or between cash and non-cash compensation for the Company's executive officers. The compensation committee relies on each committee member's knowledge and experience as well as information provided by management when determining the appropriate level and mix of compensation. In general, the compensation committee believes that long-term equity compensation should be emphasized over short-term cash bonus compensation for the Company's executive officers. The Company has not adopted formal share ownership guidelines for its named executive officers, but the Company believes that named executive officers owning shares helps align their interests with those of long-term shareholders. As of April 28, 2016, Mr. Mitchell beneficially owned approximately 42.4% of the Company's Common Shares.

Base Salaries . The Company's compensation committee reviews and sets base salaries annually. When determining base salary levels for the named executive officers, the compensation committee reviews their performance and contribution to the achievement of corporate objectives. The compensation committee does not retain a compensation consultant nor prepare a benchmarking report in connection with base salary determinations. Rather, the compensation committee relies on its experience to set base salaries in line with what it believes are competitive salaries for similarly situated executives in the industry. Mr. Mitchell has elected to not receive compensation for his services as chief executive officer of the Company.

The base salaries of Messrs. Dutton and Huling were increased by 43% in 2015 based upon an increase in the allocated time each of them spent on Company matters versus matters for other businesses owned by Mr. Mitchell. No other executive officer received a base salary increase in 2015.

Short-Term Cash Bonuses . In addition to base salaries, the Company may award cash bonuses on a discretionary basis to its employees, including the named executive officers. For the named executive officers other than the Company's chief executive officer, the compensation committee, in consultation with the Company's chief executive officer, recommends cash bonuses for the board's approval. The compensation committee does not review the performance of Mr. Mitchell, the Company's chief executive officer, as he has elected not to receive compensation for his services as chief executive officer.

The compensation committee may award discretionary cash bonuses based on the officer's performance, the officer's general contributions to achieving corporate goals and the Company's achievement of goals set by the board of directors. The compensation committee does not assign any specific weights to these measures or use a formula to determine bonus amounts. The compensation committee awarded no discretionary cash bonuses for 2015 as a result of the significant decline in the price of oil and the resulting impact on the Company's financial performance and stock price.

Long-Term Equity Compensation . The Company's board of directors designed its long-term equity compensation policy to ensure that equity compensation rewards the Company's employees' contributions to the long-term positive performance of the Company and is intended to align the Company's executives' interests with its shareholders' interests. The long-term equity compensation policy is also designed to attract and retain qualified professionals throughout the Company and to attract and retain skilled, dedicated employees, while being able to pay modest salaries and create a meaningful ownership stake in the Company. The long-term equity compensation policy awards the Company's executives restricted stock units that provide them with an opportunity to earn the Company's Common Shares. The compensation committee believes this structure provides greater balance and stability to

the Company's long-term equity for executives. It also provides a form of long-term compensation that aids retention, encourages long-term value creation and aligns financial interests with shareholders without encouraging excessive risk taking.

Long-term equity awards are granted by the compensation committee pursuant to the Incentive Plan. The compensation committee grants restricted stock units annually to eligible employees, including the named executive officers. The value of the restricted stock units granted is generally equal to 25% of the employee's base salary during the preceding year, with a minimum value per restricted stock unit granted. Effective January 1, 2015, the minimum value per restricted stock unit granted was raised to \$10.00 from \$1.00 to account for our 1 for 10 reverse stock split effective March 6, 2014, except for awards issued in March 2015, which had a minimum value of \$6.80 per restricted stock unit.

In accordance with this policy, on March 17, 2015, the compensation committee made awards of restricted stock units to the named executive officers. The compensation committee calculated the number of restricted stock units to be awarded using a price of \$6.80 per restricted stock unit. Messrs. Muncy, Huling, Dutton and McCann received a grant of 5,091, 3,556, 3,555 and 5,939 restricted stock units, respectively, which was equal to 25% of each of their base salary actually received in 2014 divided by \$6.80 per restricted stock unit. Pursuant to his compensation arrangement with the Company, Mr. Saqueton received a grant of 35,669 restricted stock units, which was equal to 100% of his base salary actually received in 2014 divided by \$6.80 per restricted stock unit. The grant date fair value of these awards was equal to the number of restricted stock units granted multiplied by the closing price of the Company's Common Shares on the NYSE MKT, which was \$5.13 on March 17, 2015, the date of grant. The fair values of these awards were:

Mr. Saqueton	\$ 182,982
Mr. Dutton	\$ 18,237
Mr. Huling	\$ 18,242
Mr. McCann	\$ 30,467
Mr. Muncy	\$ 26,117

The restricted stock units awarded to the Company's named executive officers generally vest in three annual installments and are subject to the continued employment of the named executive officer through each such restricted period.

The compensation committee also has the authority to approve additional discretionary grants to the named executive officers to award performance and ensure that the number of awards granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Company. Long-term equity awards are also generally awarded to key employees by the compensation committee upon the commencement of employment with the Company based on the level of responsibility of the employee. The compensation committee did not grant additional discretionary awards for exceptional service in 2015.

Employee Benefits

The Company offers core employee benefits coverage in order to provide its global workforce with a reasonable level of financial support in the event of illness or injury and to enhance productivity and job satisfaction through programs that focus on work/life balance. The benefits available are substantially the same for all U.S. employees and include medical and dental coverage. In addition, the Company offers a 401(k) plan, which provides a reasonable level of retirement income reflecting employees' careers with the Company. U.S. employees are eligible to participate in these plans.

Compensation Committee Interlocks and Insider Participation

The compensation committee is comprised of Messrs. Alexander, Bayley and Riggs. During 2015, no member of the compensation committee was or had been an officer or employee of the Company or any of its subsidiaries or had any relationship requiring disclosure pursuant to Item 404 of Regulation S-K. None of the Company's executive officers served as a director or member of the compensation committee (or other board committee performing similar functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the Company's compensation committee or as one of its directors.

Compensation Committee Report on Executive Compensation

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

The foregoing report is provided by the following directors, who constitute the compensation committee.

Equity Compensation Plan Information

The following table sets forth the number of Common Shares to be issued upon the vesting of restricted stock units issued pursuant to the Incentive Plan and the number of Common Shares remaining available for future issuance under the Incentive Plan, at December 31, 2015.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants, and Rights (a)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights(1) (b)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column(a)) (c)

As of December 31, 2015, there were 41,017,777 Common Shares outstanding. The number of Common Shares issuable pursuant to the Incentive Plan automatically increases as the number of issued and outstanding Common Shares increases. As of April 29, 2016, there were 41,336,966 Common Shares outstanding and 297,974 Common Shares (less than 1.0% of the outstanding Common Shares) underlying restricted stock units awarded pursuant to the Incentive Plan. Service Agreement

The Company is a party to the Service Agreement with Longfellow, Viking Drilling, MedOil Supply, LLC and Riata (collectively, the “Service Entities”), under which the Company and the Service Entities agreed to provide technical and administrative services to each other from time to time on an as-needed basis. Under the terms of the Service Agreement, the Service Entities agreed to provide the Company upon its request certain computer services, payroll and benefits services, insurance administration services and entertainment services, and the Company and the Service Entities agreed to provide to each other certain management consulting services, oil and natural gas services and general accounting services (collectively, the “Services”). Under the terms of the Service Agreement, the Company pays, or is paid, for the actual cost of the Services rendered plus the actual cost of reasonable expenses on a monthly basis. The Company or the Service Entities may terminate the Service Agreement at any time by providing advance notice of termination to the other party.

Pursuant to the Service Agreement, a portion of the salary, cash bonus and benefits earned by each of the Company’s named executive officers is paid by Riata, and the Company reimburses Riata for the actual cost thereof. In 2015, the Company reimbursed Riata \$121,240 for a portion of the salary, cash bonus and benefits provided to the named executive officers, and \$44,421 for a portion of the salary, cash bonus and benefits provided to Mr. Mitchell’s son and nephew. In addition, in 2015, Riata reimbursed the Company \$162,253 for a portion of the salary, cash bonus and benefits provided to the named executive officers.

For 2015, the Company recorded expenditures of \$2.7 million for goods and Services provided by the Service Entities pursuant to the Service Agreement or other arrangements described below, including salary, bonus and benefits reimbursements identified in the prior paragraph, of which \$0.4 million was payable at December 31, 2015. Payables in the amount of \$0.4 million due under the Service Agreement at December 31, 2015 were settled in cash during the first quarter of 2016. Receivables in the amount of \$0.2 million due to the Company from the Service Entities at December 31, 2015 were settled in cash during the first quarter of 2016.

The following table provides a breakdown of reimbursements of actual costs and expenses made by the Company during 2015 to the Service Entities under the Service Agreement:

Software development	\$1,294

Allocated overhead	\$77
Travel and entertainment	\$131
Rent	\$174
Leasehold improvements	\$23

Aircraft Reimbursements

In addition, the Company and Riata have an arrangement whereby the Company's executive officers, employees, or consultants, or other persons providing Services to the Company under the Service Agreement, are permitted to use aircraft owned by Riata for Company-related business travel. For the use of this aircraft, the Company reimburses Riata an amount per passenger equal to the cost of a business class ticket on a commercial airline for comparable travel. Riata bears 100% of the cost of fuel, landing fees and all other expenses incurred in connection with such flights in excess of the amount reimbursed by the Company. In each case, the actual cost of the flight exceeded the amount of the reimbursement by the Company. For 2015, the Company reimbursed Riata \$23,978 for the use of this aircraft. Because this reimbursement is only for Company-related business travel of persons providing Services to the Company and is integrally and directly related to the performance of such persons' duties, the Company's reimbursement is not compensation nor a perquisite to any of its directors or executive officers.

Other Transactions with Mr. Mitchell

Effective January 1, 2011, the Company's wholly owned subsidiary, TransAtlantic Exploration Mediterranean International Pty Ltd ("TEMI"), entered into an accommodation agreement under which it leases six rooms at a resort hotel owned by Gundem. Under the accommodation agreement, TEMI pays the New Turkish Lira equivalent of \$5,600 per month. In 2015, TEMI paid approximately \$67,000 to Gundem pursuant to the accommodation agreement.

On August 23, 2011, the Company's wholly owned subsidiary, TransAtlantic Petroleum (USA) Corp. ("TransAtlantic USA"), entered into an office lease with Longfellow to lease approximately 5,300 square feet of corporate office space in Addison, Texas. The initial lease term under the lease commenced on July 1, 2013, the date that TransAtlantic USA subleased a portion of its previous office space in Dallas, Texas (the "Commencement Date"). The lease expires five years after the Commencement Date, unless earlier terminated in accordance with the lease. During the initial lease term, TransAtlantic USA will pay monthly rent of \$6,625 to Longfellow plus, utilities, real property taxes and liability insurance premiums. Prior to the Commencement Date, no rent, utilities, real property taxes and/or liability insurance premiums were required to be paid to Longfellow under the lease. In 2015, TransAtlantic USA paid approximately \$80,000 to Longfellow pursuant to the office lease.

On June 13, 2012, the Company closed the sale of its oilfield services business, which was substantially comprised of the Company's wholly owned subsidiaries, Viking International and Viking Geophysical, to a joint venture owned by Dalea and funds advised by Abraaj Investment Management Limited for an aggregate purchase price of \$168.5 million, consisting of approximately \$157.0 million in cash and a \$11.5 million promissory note from Dalea (the "Original Note"). The promissory note bore interest at a rate of 3.0% per annum and was guaranteed by Mr. Mitchell. The promissory note was payable five years from the date of issuance or earlier upon the occurrence of certain specified events. In 2015, Dalea paid the Company \$349,792 in interest. At December 31, 2015, the promissory note had an outstanding principal balance of \$11.5 million.

On June 13, 2012, the Company also entered into separate master services agreements with each of Viking International, VOS and Viking Geophysical in connection with the sale of its oilfield services business. Pursuant to the master services agreements with Viking International and VOS, the Company is entitled to receive certain oilfield services and materials, including, but not limited to, drilling rigs and fracture stimulation, that are needed for its operations in Bulgaria and Turkey. Pursuant to the master services agreement with Viking Geophysical, the Company is also entitled to receive geophysical services and materials that are needed for our operations in those countries. Each master services agreement is for a five-year term. Currently, the Company can contract for services and materials on a firm basis and, to the extent that it does not contract for all of their services or materials, Viking International, VOS and Viking Geophysical are allowed to contract with third parties for any remaining capacity. In 2015, the Company paid Viking International, VOS and Viking Geophysical approximately \$20.0 million under the master service agreements.

On March 3, 2016, Mr. Mitchell closed a transaction whereby he sold his interest in Viking Services B.V. (“Viking Services”), the beneficial owner of Viking International, VOS and Viking Geophysical, to a third party. As part of the transaction, Mr. Mitchell acquired certain equipment used in the performance of stimulation, wireline, workover and similar services, which equipment will be owned and operated by a new entity, PSIL. Consequently, on March 3, 2016, TEMI entered into a master services agreement (the “PSIL MSA”) with PSIL on substantially similar terms to the Company’s current master services agreements with Viking International, VOS and VGS. Pursuant to the PSIL MSA, PSIL will perform the Services on behalf of TEMI and its affiliates. The master services agreements with each of Viking International, VOS and Viking Geophysical will remain in effect through the remainder of the five-year term of the agreements.

On April 19, 2016, the Company entered into a note amendment agreement (the “Note Amendment Agreement”) with Mr. Mitchell and Dalea, pursuant to which Dalea agreed to deliver an Amended and Restated Promissory Note (the “Amended Note”) in favor of the Company, in the principal sum of \$7,964,053.21, which Amended Note would amend and restate the Original Note. The Note Amendment Agreement reduced the principal amount of the Original Note to \$7,964,053.21 in exchange for the cancellation of an account payable of approximately \$3.5 million (the “Account Payable”) owed TransAtlantic Albania to Viking International. The Company had indemnified a third party for any liability relating to the payment of the Account Payable.

Pursuant to the Note Amendment Agreement, on April 19, 2016, the Company entered into the Amended Note, which amended and restated the Original Note that was issued in connection with the Company’s sale of its subsidiaries, Viking International and Viking Geophysical, to a joint venture owned by Dalea and Abraaj Investment Management Limited in June 2012. In the Amended Note, the Company and Dalea acknowledged that (i) while the sale of Dalea’s interest in Viking enabled the Company to take the position that the Original Note was accelerated in accordance with its terms, the principal purpose of including the acceleration events in the Original Note was to ensure that certain oilfield services provided by Viking Services to the Company would continue to be available to the Company, and (ii) such services will now be provided pursuant to the PSIL MSA. As a result, the Amended Note revised the events triggering acceleration of the repayment of the Original Note to the following: (i) a reduction of ownership by Dalea (and other controlled affiliates of Mr. Mitchell) of equity interest in PSIL to less than 50%; (ii) the sale or transfer by Dalea or PSIL of all or substantially all of its assets to any person (a “Transferee”) that does not own a controlling interest in Dalea or PSIL and is not controlled by Mr. Mitchell (an “Unrelated Person”), or the subsequent transfer by any Transferee that is not an Unrelated Person of all or substantially all of its assets to an Unrelated Person; (iii) the acquisition by an Unrelated Person of more than 50% of the voting interests of Dalea or PSIL; (iv) termination of the PSIL MSA other than as a result of an uncured default thereunder by TEMI; (v) default by PSIL under the PSIL MSA, which default is not remedied within a period of 30 days after notice thereof to PSIL; and (vi) insolvency or bankruptcy of PSIL. The maturity date of the Amended Note was extended to June 13, 2019. The interest rate on the Amended Note remains at 3.0% per annum and continues to be guaranteed by Mr. Mitchell. The Amended Note contains customary events of default.

In addition, pursuant to the Note Amendment Agreement, on April 19, 2016, the Company entered into a Pledge Agreement (the “Pledge Agreement”) with Dalea, whereby Dalea pledged the \$2,050,000 principal amount of those certain 13% Convertible Notes Due 2017 issued by the Company owned by Dalea (the “Dalea Convertible Notes”), including any future securities for which the Dalea Convertible Notes are converted or exchanged, as security for the performance of Dalea’s obligations under the Amended Note. The Pledge Agreement provides that interest payable to Dalea under the Dalea Convertible Notes (or any future securities for which the Dalea Convertible Notes are converted or exchanged) will be credited first against the outstanding principal balance of the Amended Note and, upon full repayment of the outstanding principal balance of the Amended Note, any accrued and unpaid interest on the Amended Note. The Pledge Agreement contains customary events of default.

On April 5, 2013, TransAtlantic USA entered into an office lease with Longfellow to lease approximately 4,700 square feet of additional corporate office space in Addison, Texas. The initial lease term expires April 5, 2018, unless earlier terminated in accordance with the lease. In 2015, TransAtlantic USA paid monthly rent of \$7,533 to Longfellow plus, utilities, real property taxes and liability insurance premiums. In 2015, TransAtlantic USA paid approximately \$90,000 to Longfellow pursuant to the office lease.

On January 2, 2014, TransAtlantic Albania Ltd. – Albanian branch (formerly Stream Oil & Gas Ltd. – Albanian branch) (“TransAtlantic Albania”) entered into a drilling contract with Viking International for the drilling of the D34H1 well in Albania. In 2015, TransAtlantic Albania incurred costs of approximately \$8.4 million under the drilling contract, of which \$3.5 million was payable at December 31, 2015. In February 2016, TransAtlantic Albania was sold to GBC Oil Company Ltd. (“GBC Oil”). Prior to the sale, TransAtlantic Albania entered into an assignment and assumption agreement pursuant to which TransAtlantic Albania will assign its Delvina natural gas assets and \$12.9 million of associated liabilities, which include amounts outstanding under the drilling contract with Viking International. On April 19, 2016, the Company entered into an assignment agreement with Dalea whereby Dalea assigned the approximately \$3,536,000 account payable owed by TransAtlantic Albania to the Company. Such account payable was used to offset the amounts due under the Dalea promissory note.

On March 26, 2014, TEMI and Thrace Basin Natural Gas (Turkiye) Corporation (“TBNG”) entered into an equipment yard services agreement with Viking International whereby Viking International provides them with the services related to the use of Viking International’s equipment yards in the Thrace Basin and in southwestern Turkey. The equipment yard services agreement was effective April 1, 2014 and had a one-year term. Under the agreement, TEMI and TBNG will each pay Viking International \$17,250 per month. In 2015, TEMI and TBNG each paid approximately \$ 414,000 to Viking International pursuant to the equipment yard services agreement.

On September 16, 2014, Stream issued to Viking International a note in the principal amount of \$6.8 million. In March 2015, we repaid this note.

Convertible Notes Offering

Between December 2014 and February 2015, we sold \$55.0 million of convertible notes in a non-brokered private placement, which were exchanged for Convertible Notes on February 20, 2015. Dalea purchased \$2.0 million of the Convertible Notes; trusts benefitting Mr. Mitchell’s four children each purchased \$2.0 million of the Convertible Notes; Pinon Foundation, a non-profit charitable organization directed by Mr. Mitchell’s spouse, purchased \$10.0 million of the Convertible Notes; the three children of Brian Bailey, a director of the Company, each purchased \$100,000 of the Convertible Notes; Wil Saqueton, the Company’s vice president and chief financial officer, purchased \$100,000 of the Convertible Notes; Matthew McCann, the Company’s former general counsel and corporate secretary, purchased \$200,000 of the Convertible Notes; and a trust benefitting Barbara and Terry Pope, Mr. Mitchell’s sister-in-law and brother-in-law, purchased \$200,000 of the Convertible Notes. As of December 31, 2015, the Company had paid \$2.7 million in interest to these related parties.

ANBE Promissory Note

On December 30, 2015, TransAtlantic USA entered into a \$5.0 million note with ANBE, an entity owned by the children of Mr. Mitchell, and controlled by an entity managed by Mr. Mitchell and his wife. The ANBE Note bears interest at a rate of 13.0% per annum and matures on June 30, 2016. On December 30, 2015, the Company borrowed an initial advance of \$3.6 million under the ANBE Note. The initial advance was used for general corporate purposes. The Company can request subsequent advances under the ANBE Note prior to June 15, 2016. Each subsequent advance must be in a multiple of \$500,000, or if the amount remaining for advance under the ANBE Note is less than \$500,000, such lesser amount.

Advances under the ANBE Note may be converted, at the election of ANBE, any time after the NYSE MKT approves the Company’s application to list the additional common shares issuable pursuant to the conversion feature of the ANBE Note and prior to the maturity of the ANBE Note. The conversion price per common share for each advance is equal to 105% of the closing price of the Company’s Common Shares on the NYSE MKT on the trading date immediately prior to such advance. The conversion price of the initial advance is \$1.3755 per share.

At December 31, 2015, the ANBE Note had an outstanding principal balance of \$3.6 million.

Policies and Procedures for Approving Related Party Transactions

The Company’s board of directors adopted a written Related Party Transactions Policy in December 2009. In accordance with the Company’s Related Party Transactions Policy, all Related Party Transactions and any material amendments to such Related Party Transactions must be reviewed and approved by the Company’s audit committee and, if necessary, recommended to the Company’s board of directors for its approval. Alternatively, the board may determine that a particular Related Party Transaction or a material amendment thereto shall instead be reviewed and approved by a majority of directors disinterested in the Related Party Transaction. If advance audit committee approval of a Related Party Transaction is not feasible, then the Related Party Transaction may be considered and, if the audit committee determines to be appropriate, ratified at the audit committee’s next regularly scheduled meeting. In determining whether to approve, recommend or ratify a Related Party Transaction, the audit committee will take into account, among other factors it deems appropriate, (i) whether the transaction is fair to the Company, (ii) whether the audit committee has all of the material facts regarding the transaction or parties involved, (iii) whether the transaction is generally available to an unaffiliated third-party under the same or similar circumstances and cost, and (iv) the extent of the Related Party’s interest in the transaction.

A “Related Party Transaction” means a transaction (including any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness)), or a series of transactions, or any material amendment to any such transaction, between the Company and any Related Party (as defined below), other than (i) transactions available to all employees generally; (ii) transactions involving compensation of a director or executive officer or involving an employment agreement, severance agreement, change in control provision or agreement or special supplemental benefit of a director or executive officer; (iii) transactions in which the interest of the Related Party arises solely from the ownership of a class of the Company’s equity securities and all holders of that class receive the same benefit on a pro rata basis; or (iv) transactions in which the rates or charges involved therein are determined by competitive bids.

A "Related Party" means the following persons, or an entity owned by any such person: (i) an "executive officer" of the Company (as defined in Rule 405 under the Securities Act and Rule 3b-7 under the Exchange Act); (ii) a director of the Company or a nominee for director of the Company; (iii) a person (including any entity or group) known to the Company to be the beneficial owner of more than 5% of any class of the Company's voting securities (a "5% shareholder"); or (iv) a person who is an "immediate family member" of an executive officer, director, nominee for director or 5% shareholder of the Company.

**APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal 2)**

During 2015, KPMG LLP served as the Company's independent registered public accounting firm and also provided certain tax and other audit-related services. In connection with the Company's ongoing cost-cutting measures, the audit committee completed a review regarding the appointment of the Company's independent registered public accounting firm for the year ending December 31, 2016. As a result of this process, on May 9, 2016, the audit committee determined not to recommend the reappointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2016, and, subject to shareholder approval at the Annual Meeting in accordance with Bermuda law, recommended the appointment of PMB Helin as the Company's independent registered public accounting firm for the year ending December 31, 2016. It is expected that one or more representatives of PMB Helin will attend the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Under Section 89 of the Bermuda *Companies Act 1981*, the shareholders have the authority to appoint the Company's independent registered public accounting firm and to authorize the audit committee to determine their remuneration. The audit committee has recommended appointment of PMB Helin to serve as the Company's independent registered public accounting firm for the year ending December 31, 2016. The board of directors is asking shareholders to approve such appointment and the authority of the audit committee to determine their remuneration. If PMB Helin is not appointed by shareholders at the Annual Meeting, KPMG LLP, as the incumbent independent registered public accounting firm, will continue in office until a successor is appointed in accordance with Bermuda law and the Company's Bye-Laws. The affirmative vote of the holders of a majority of the votes cast is required to approve the appointment and the authorization of the audit committee to set their remuneration.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" THE APPOINTMENT OF PMB HELIN DONOVAN, LLP TO SERVE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2016 AND TO AUTHORIZE THE AUDIT COMMITTEE TO SET THEIR REMUNERATION

Audit Fees. This category includes the audit of the Company's annual consolidated financial statements, reviews of the Company's financial statements included in the Company's Quarterly Reports on Form 10-Q and services that are normally provided by its independent registered public accounting firm in connection with its engagements for those years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of the Company's interim financial statements.

Audit-Related Fees. This category consists of assurance and related services by its independent registered public accounting firm that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported above under "Audit Fees." The services for the fees disclosed under this category include audit-related work regarding acquisitions, divestitures, the incurrence of additional indebtedness and debt covenant compliance.

Tax Fees. This category consists of professional services rendered by the Company's independent registered public accounting firm for tax compliance and tax advice. The services for the fees disclosed under this category include tax return preparation and technical tax advice.

All Other Fees. This category consists of fees for other miscellaneous items.

The Company's board of directors has adopted a procedure for pre-approval of all fees charged by its independent registered public accounting firm. Under the procedure, the audit committee of the Company's board of directors approves the engagement letter with respect to audit, tax and review services. Other fees are subject to pre-approval by the audit committee. The audit, audit-related fees, tax fees and other fees paid to KPMG LLP with respect to 2015 and 2014 were pre-approved by the audit committee.

Change in Independent Registered Public Accounting Firm

As discussed above, the Company's audit committee determined not to recommend the reappointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2016, and, subject to shareholder approval at the Annual Meeting in accordance with Bermuda law, recommended the appointment of PMB Helin as the Company's independent registered public accounting firm for the year ending December 31, 2016.

The reports of KPMG LLP on the Company's consolidated financial statements for the years ended December 31, 2015 and December 31, 2014 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles, except as follows:

- KPMG LLP's report as of December 31, 2015 contained an explanatory paragraph stating that "the Company has significant debt obligations and non-compliance with certain debt covenants that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty."

During the years ended December 31, 2015 and December 31, 2014, and the subsequent interim period through May 13, 2016, there were (i) no "disagreements" (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) between the Company and KPMG LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG LLP, would have caused KPMG LLP to make reference to the subject matter of the disagreements in their audit reports on the Company's consolidated financial statements for such years, and (ii) no "reportable events" (as that term is defined in Item 304(a)(1)(v) of Regulation S-K).

The Company has consulted with DMF System International Independent Auditing, Consulting & Certified Public Accounting Co. ("DMF") on certain Turkish tax matters, and DMF has provided and continues to provide tax compliance services related to the Company's business in Turkey. DMF is a member of Russell Bedford International, as is PMB Helin. Other than as noted above, during the years ended December 31, 2015 and December 31, 2014, and the subsequent interim period through May 13, 2016, neither the Company nor anyone acting on its behalf has consulted with PMB Helin with respect to (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, and neither a written report nor oral advice was provided to the Company that PMB Helin concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of a "disagreement" or "reportable event" (as those terms are defined in Item 304(a)(1) of Regulations S-K, including the related instructions to Item 304 of Regulation S-K).

The Company provided KPMG LLP with a copy of the above disclosures and requested that KPMG LLP furnish a letter addressed to the SEC stating whether or not it agrees with the statements made herein. A copy of KPMG LLP's letter dated May 13, 2016 was attached as Exhibit 16.1 to the Company's Current Report on Form 8-K filed with the SEC on May 13, 2016.
