### **PROXY STATEMENT**

This proxy statement contains information related to the 2015 annual meeting of stockholders of Consolidated Communications Holdings, Inc., a Delaware corporation (the “Company,” “Consolidated,” “we,” “our” or “us”), that will be held at our Plymouth office, 2950 Xenium Lane North, Suite 138, Plymouth, Minnesota 55441, on May 4, 2015, at 9:00 a.m., central time, and at any postponements or adjournments thereof. The approximate first date of mailing for this proxy statement and proxy card, as well as a copy of our combined 2014 annual report to stockholders and annual report on Form 10-K for the year ended December 31, 2014, is March 30, 2015.

### **ABOUT THE MEETING**

#### **What is the purpose of this proxy statement?**

The purpose of this proxy statement is to provide information regarding matters to be voted on at the 2015 annual meeting of our stockholders. Additionally, it contains certain information that the Securities and Exchange Commission (the “SEC”) requires us to provide annually to stockholders. The proxy statement is also the document used by our board to solicit proxies to be used at the 2015 annual meeting. Proxies are solicited by our board to give all stockholders of record an opportunity to vote on the matters to be presented at the annual meeting, even if the stockholders cannot attend the meeting. The board has designated Steven J. Shirar and Matthew K. Smith as proxies, who will vote the shares represented by proxies at the annual meeting in the manner indicated by the proxies.

#### **What proposals will be voted on at the annual meeting?**

Stockholders will vote on the following proposals at the annual meeting:

- the election of Richard A. Lumpkin and Timothy D. Taron as Class I directors to serve for a term of three years, in accordance with our amended and restated certificate of incorporation and amended and restated bylaws (Proposal No. 1);
- the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm (the “independent auditors”), for the fiscal year ending December 31, 2015 (Proposal No. 2);
- the approval of certain provisions of the Consolidated Communications Holdings, Inc. 2005 Long-Term Incentive Plan (Proposal No. 3); and
- any other business properly coming before the annual meeting and any adjournment or postponement thereof.

#### **Who is entitled to vote?**

Each outstanding share of our common stock entitles its holder to cast one vote on each matter to be voted upon at the annual meeting. Only stockholders of record at the close of business on the record date, March 11, 2015, are entitled to receive notice of the annual meeting and to vote the shares of common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. If your shares are held for you by a

beneficial holder in “street name” please refer to the information forwarded to you by your bank, broker or other holder of record to see what you must do to vote your shares. Please see the next question below on this page for a description of a beneficial owner in “street name.”

A complete list of stockholders entitled to vote at the annual meeting will be available for examination by any stockholder at our corporate headquarters, 121 South 17th Street, Mattoon, Illinois 61938, during normal business hours for a period of ten days before the annual meeting and at the time and place of the annual meeting.

### **What is the difference between a stockholder of record and a beneficial holder of shares?**

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered a stockholder of record with respect to those shares. If this is the case, we have sent or provided proxy materials directly to you.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial holder” of the shares held for you in what is known as “street name.” If this is the case, the proxy materials have been forwarded to you by your brokerage firm, bank or other nominee, which is considered the stockholder of record with respect to these shares. As the beneficial holder, you have the right to direct your broker, bank or other nominee how to vote your shares. Please contact your broker, bank, or other nominee for instructions on how to vote any shares you beneficially own.

### **Who can attend the meeting?**

All stockholders of record as of March 11, 2015, or their duly appointed proxies, may attend the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting. If you hold your shares in “street name,” you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

### **What constitutes a quorum?**

A quorum of stockholders is necessary to hold the annual meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. As of March 11, 2015, the record date, 50,489,726 shares of our common stock were outstanding. Proxies received but marked as withheld, abstentions or broker non-votes will be included in the calculation of the number of shares considered present at the meeting for purposes of establishing a quorum. In the event that a quorum is not present at the annual meeting, we expect that the annual meeting will be adjourned or postponed to solicit additional proxies.

### **How do I vote?**

If you are a stockholder of record, you may vote by any of the following methods:

- *Internet.* Electronically through the Internet by accessing our materials using the website listed on your proxy card. To vote through the Internet, you should sign on to this website and follow the procedures described at the website. Internet voting is available 24 hours a day, and the procedures are designed to authenticate votes cast by using a personal identification number located on your proxy card. These procedures allow you to give a proxy to vote your shares and to confirm that your instructions have been properly recorded. If you vote through the Internet, you should not return your proxy card. If you vote through the Internet, your proxy will be voted as you direct on the website.
- *Mail.* By returning your proxy through the mail. If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct on the proxy card. You should follow the instructions set forth on the proxy card, being sure to complete it, to sign it and to mail it in the enclosed postage-paid envelope.

- *Telephone.* By calling 1-800-652-8683 (VOTE). This toll free number is also included on the proxy card. Telephone voting is available 24 hours a day, and the procedures are designed to authenticate votes cast by using a personal identification number located on your proxy card. These procedures allow you to give a proxy to vote your shares and to confirm that your instructions have been properly recorded. If you vote by telephone, you should not return your proxy card.
- *In Person.* In person at the meeting.

We recommend that you vote in advance even if you plan to attend the meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting. If you are a stockholder of record and attend the meeting, you may vote at the meeting or deliver your completed proxy card in person.

If your shares are held in “street name,” please refer to the information forwarded to you by your bank, broker or other holder of record to see what you must do in order to vote your shares, including whether you may be able to vote electronically through your bank, broker or other record holder. If so, instructions regarding electronic voting will be provided by the bank, broker or other holder of record to you as part of the package that includes this proxy statement. If you are a “street name” stockholder and you wish to vote in person at the meeting, you will need to obtain a proxy from the institution that holds your shares and present it to the inspector of elections with your ballot when you vote at the annual meeting.

### **Can I revoke or change my vote after I return my proxy card?**

Yes. Even after you have submitted your proxy, you may revoke or change your vote at any time before the proxy is voted by:

- delivering to our Secretary at the address on the first page of this proxy statement a written notice of revocation of your proxy by mail, by telephone or through the Internet;
- delivering a duly executed proxy bearing a later date; or
- voting in person at the annual meeting.

If your shares are held in “street name,” you may revoke or change your vote by voting in person at the annual meeting if you obtain a proxy as described in the answer to the previous question.

### **How many votes are required for the proposals to pass?**

*Election of Directors (Proposal No. 1).* Directors are elected by a plurality vote. Accordingly, the two director nominees who receive the greatest number of votes cast will be elected.

*Ratification of the Appointment of Ernst & Young LLP (Proposal No. 2), Approval of Certain Provisions of the Consolidated Communications Holdings, Inc. 2005 Long-Term Incentive Plan (Proposal No. 3), and Approval of any Other Proposals.* The vote required for the ratification of the appointment of Ernst & Young LLP, the approval of certain provisions of the Consolidated Communications Holdings, Inc. 2005 Long-Term Incentive Plan, and the approval of any other proposal not presently anticipated that may properly come before the annual meeting or any adjournment or postponement of the meeting, is the approval of a majority of the votes present, in person or by proxy, and entitled to vote on the matter.

### **How are abstentions and broker non-votes treated?**

With respect to Proposal No. 1, abstentions will have no effect. If a stockholder abstains from voting on Proposal No. 2 or Proposal No. 3, it will have the same effect as a vote “AGAINST” that proposal. Broker non-votes and shares as to which proxy authority has been withheld with respect to any matter are not entitled to vote for purposes of determining whether stockholder approval for that matter has been obtained and, therefore, will have no effect on the outcome of the vote on any such matter. A broker “non-vote” occurs on a proposal when shares held of record by a broker are present or represented at the meeting but the broker is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction has been given.

**What if I do not specify a choice for a matter when returning a proxy?**

Stockholders should specify their choice for each matter on the enclosed proxy. If no specific instructions are given, proxies that are signed and returned will be voted:

- “FOR” the election of Richard A. Lumpkin and Timothy D. Taron as Class I directors (see page 7);
- “FOR” the proposal to ratify the appointment of Ernst & Young LLP as our independent auditors (see page 21); and
- “FOR” the proposal to approve certain provisions of the Consolidated Communications Holdings, Inc. 2005 Long-Term Incentive Plan (see page 40).

**What are the board’s recommendations?**

The board’s recommendations, together with the description of each proposal, are set forth in this proxy statement. In summary, the board recommends that you vote:

- “FOR” the election of Richard A. Lumpkin and Timothy D. Taron as Class I directors (see page 7);
- “FOR” the ratification of the appointment of Ernst & Young LLP as our independent auditors (see page 21); and
- “FOR” the approval of certain provisions of the Consolidated Communications Holdings, Inc. 2005 Long-Term Incentive Plan (see page 40).

Unless you give other instructions on your proxy card, the persons named as proxy holders on the enclosed proxy card will vote in accordance with the recommendations of the board of directors.

**What happens if additional matters are presented at the annual meeting?**

Other than the three proposals described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting.

Pursuant to the provisions of Rule 14a-4(c) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), with respect to any other matter that properly comes before the meeting, if you grant a proxy the persons named as proxy holders on the enclosed proxy card will vote your shares as recommended by the board of directors or, if no recommendation is given, in their own discretion.

**Will anyone contact me regarding this vote?**

No arrangements or contracts have been made or entered into with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary. If done, such solicitations may be made by mail, telephone, facsimile, e-mail, the Internet or personal interviews.

**Who will tabulate and certify the vote?**

Representatives of Computershare Trust Company, N.A., our transfer agent, will tabulate the votes and act as Inspector of Elections.

**Will I receive a copy of Consolidated’s 2014 Annual Report to Stockholders?**

## PROPOSAL NO. 1 — ELECTION OF RICHARD A. LUMPKIN AND TIMOTHY D. TARON AS DIRECTORS

Our amended and restated certificate of incorporation provides for the classification of our board of directors into three classes of directors, designated Class I, Class II and Class III, as nearly equal in size as is practicable, serving staggered three-year terms. One class of directors is elected each year to hold office for a three-year term or until successors of such directors are duly elected and qualified. The corporate governance committee has recommended, and the board also recommends, that the stockholders elect Mr. Lumpkin and Mr. Taron, the nominees designated below as the Class I directors, at this year's annual meeting to serve for a term of three years expiring in 2018 or until his respective successor is duly elected and qualified. The nominees for election to the position of Class I directors, and certain information with respect to their backgrounds and the backgrounds of non-nominee directors, are set forth below.

It is the intention of the persons named in the accompanying proxy card, unless otherwise instructed, to vote to elect the nominees named herein as the Class I directors. The nominees named herein presently serve on our board of directors, and each nominee has consented to serve as a director if elected at this year's annual meeting. In the event that any of the nominees named herein is unable to serve as a director, discretionary authority is reserved to the board to vote for a substitute for such nominee. The board has no reason to believe that the nominees named herein will be unable to serve if elected.

#### **Board recommendation and stockholder vote required**

**The board of directors recommends a vote "FOR" the election of each of the nominees named above (Proposal No. 1 on the accompanying proxy card).** The affirmative vote of a plurality of the votes cast at the meeting at which a quorum is present is required for the election of each nominee named above.

### **CORPORATE GOVERNANCE AND BOARD COMMITTEES**

#### **Are a majority of the directors independent?**

Yes. The corporate governance committee undertook its annual review of director independence and reviewed its findings with the board of directors. During this review, the board of directors considered relationships and transactions between each director or any member of his or her immediate family and Consolidated and its subsidiaries and affiliates, including those reported under "Certain Relationships and Related Transactions" below. The board of directors also examined relationships and transactions between directors or their affiliates and members of our senior management. The purpose of this review was to determine whether any such transactions or relationships compromised a director's independence.

The board also considered the relationship between the Company and H&R Block, a company that purchases telecommunications services from the Company in the ordinary course of business, because Mr. Gerke is an officer of H&R Block. The Company received \$63,984.96 in payments from H&R Block in 2014 from 28 separate H&R Block locations. Similarly, the board also considered the relationship between the Company and the law firm of Hefner Stark & Marois, LLP, a company that also purchases telecommunications services from the Company in the ordinary course of business, because Mr. Taron is a partner with Hefner, Stark, & Marois. The Company received \$12,759.36 in payments from Hefner Stark & Marois, LLP in 2014. The board concluded that since most of the services provided by the Company to H&R Block and Hefner Stark & Marois, LLP are offered pursuant to state and federal tariffs, and that all such purchases were made on customary business terms, these relationships were not material for purposes of The NASDAQ Stock Market LLC's ("NASDAQ") listing standards and would not influence Mr. Gerke's nor Mr. Taron's actions or decisions as directors of the Company.

As a result of this review, our board of directors affirmatively determined that Messrs. Gerke, Moore, Parker and Taron and Ms. Rahe are independent for purposes of Rule 5605(a)(2) of NASDAQ's Marketplace Rules. The board also determined that each member of the audit committee, Messrs. Parker and Taron and Ms. Rahe, satisfy the heightened standards of independence for audit committee members set forth in Rule 10A-3(b)(1) of the Exchange Act. Additionally, the board determined that each member of the compensation committee, Messrs. Gerke and Moore and Ms. Rahe, satisfy the heightened standards of independence for compensation committee members pursuant to Rule 5605(d)(2)(A) of the NASDAQ Marketplace Rules.

### **How are directors compensated?**

The director compensation described below is based on a benchmark study conducted by Towers Watson, the outside consultant engaged by the compensation committee in late 2012, following the Company's acquisition of SureWest Communications. The outside consultant developed a peer group of 16 companies, which are similar in size and scope to the Company, and with whom we compete for investors. For more information regarding the consultant and our peer group, see "Compensation Discussion and Analysis — Executive Compensation Objectives."

For 2014, directors received the following cash compensation: (1) \$25,000 annual cash retainer; (2) \$1,250 for board meetings attended in person and \$750 for committee meetings attended in person, with meeting fees halved for each board or board committee meeting attended by means of telephone conference call; (3) \$15,000 additional annual cash retainer for the chairperson of the audit committee; and (4) \$10,000 additional annual cash retainer for the chairperson of each of the compensation committee and the corporate governance committee. We reimburse all non-employee directors for reasonable expenses incurred to attend board or board committee meetings. In addition, a restricted share award of 3,192 shares was made to each of the independent directors, except for Mr. Parker, who was not a director at that time, in March 2014 pursuant to the Consolidated Communications Holdings, Inc. 2005 Long-Term Incentive Plan. The number of shares granted to the independent directors was determined by dividing \$61,000 by the 20-day average closing price of the stock as of two trading days before the award date. One hundred percent (100%) of such shares vested on December 5, 2014.

Mr. Udell, who also serves as President and Chief Executive Officer and served as President and Chief Operating Officer in 2014, and Mr. Currey, our Chairman of the Board since November 2013 and Chief Executive Officer during 2014, did not receive any additional compensation for their service on the board in 2014. Mr. Currey's and Mr. Udell's compensation is set forth in the Summary Compensation Table.

For 2015, since Mr. Currey no longer serves as Chief Executive Officer, the Board determined that Mr. Currey's compensation for serving as Chairman of the Board of Directors would be as follows:

- Mr. Currey will receive an annualized retainer of \$300,000 for his service to the Board;
- Mr. Currey will participate *pari passu* in the non-employee director equity plan, with a 2015 target grant value of \$66,000; and
- Mr. Currey will be reimbursed for normal business travel and entertainment expenses for Board and Company matters.

The table below discloses all compensation provided to each non-employee director of the Company in 2014.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards \$(1)	Total (\$)
Roger H. Moore	\$ 48,375	\$ 63,170	\$ 111,545

Timothy D. Taron	\$ 49,500	\$ 63,170	\$ 112,670
Thomas A. Gerke	\$ 39,375	\$ 63,170	\$ 102,545
Richard A. Lumpkin	\$ 33,125	\$ 62,531	\$ 95,656
Dale E. Parker	\$ 25,625(2)	\$ 0	\$ 25,625

- (1) *Stock Awards.* The amounts in this column represent the grant date fair value of the restricted share award made on March 7, 2014, to Mr. Moore, Ms. Rahe, Mr. Taron, and Mr. Gerke; and the grant date fair value of the restricted share award made on March 12, 2014 to Mr. Lumpkin; in each case computed in accordance with Financial Accounting Standards Board Statement Accounting Standards Codification Topic 718. Also see Footnote 8 to the Consolidated Financial Statements contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2014 for an explanation of the assumptions made by the Company in the valuation of these awards. None of the non-employee directors had any grants outstanding as of December 31, 2014.
- (2) *Fees Earned or Paid in Cash – Dale E. Parker.* Our directors' retainer fees are customarily paid in November of each year, for the following year's service. In October 2014, Mr. Parker was elected to our board. His fees paid in 2014 therefore included his retainer for 2015 service, and meeting fees for his service on the board in 2014.

#### **How often did the board meet during 2014?**

The board met nine times during calendar year 2014. Each director attended at least 75% of the board meetings and meetings of board committees on which they served. During 2014, the independent directors held four meetings at which only independent directors were present in connection with regularly scheduled meetings of the board or committees of the board.

#### **What is the policy regarding director attendance at annual meetings?**

Absent special circumstances, each director is expected to attend the annual meeting of stockholders. All of the Company's directors attended the 2014 annual meeting of stockholders.

#### **What is the leadership structure of the board?**

In consultation with the corporate governance committee, the board reviews the leadership structure of the board from time to time in order to ensure that the board's leadership structure is optimal for the board at the current time. Until November 2013, the board had separated the Chairman's role from the Chief Executive Officer's role. When Mr. Currey became Chairman of the Board in November 2013, the board determined that it would be in the best interests of the Company if he retained the Chief Executive Officer title as well, as a part of the Company's succession plan. Effective January 1, 2015, as a planned additional step in the Chief Executive Officer succession plans, Mr. Currey became Executive Chairman of the Board of Directors, but no longer acts as the Company's Chief Executive Officer. Mr. Udell became President and Chief Executive Officer on January 1, 2015. The Board believes this current separation of duties is in the best interest of the Company. Mr. Currey is a long-time industry veteran and has relationships with other industry participants and the various regulatory and public policy bodies with whom the Company must interact. By serving as Executive Chairman, Mr. Currey is able to bring this knowledge to bear as he works with Mr. Udell, our newly-elected President and Chief Executive Officer, in the daily decision making and long term strategy development for the Company. This structure also provides continuity of leadership and a respectful climate of informed and open dialogue, debate, and decision making on topics important to the Company and its stockholders. The board does not have a lead independent director, but

each of the board's committees is composed solely of independent directors. The board will continue to review the leadership structure of the board from time to time and will appoint a lead independent director if it determines that doing so would be in the best interests of the Company.

**What committees has the board established?**

The board has standing audit, corporate governance and compensation committees. The membership of the standing committees currently is, as follows:

Name	Audit Committee	Corporate Governance Committee	Compensation Committee
Roger H. Moore		*	Chairperson

The board has also determined that in addition to being independent, each of Mr. Parker and Ms. Rahe is an "audit committee financial expert" as such term is defined under the applicable SEC rules and is presumed to be financially sophisticated for purposes of Rule 5605(c)(2)(A) of NASDAQ's Marketplace Rules.

- reviewing and overseeing all related party transactions required to be disclosed in our proxy statement pursuant to our Related Person Transactions Policy, which we describe beginning on page {X}; and

The audit committee has the power to investigate any matter brought to its attention within the scope of its duties. It also has the authority to retain counsel and advisors to fulfill its responsibilities and duties. See the “Report of the Audit Committee of the Board of Directors” on page [X].

*Corporate Governance Committee.* The corporate governance committee consists of Messrs. Gerke, Moore and Taron, who serves as the Chairperson. The board has determined that each of Mr. Gerke, Mr. Moore and Mr. Taron are independent for purposes of Rule 5605(a)(2) of NASDAQ’s Marketplace Rules.

The corporate governance committee met five times during 2014. The board has adopted a corporate governance committee charter, a copy of which may be found by accessing the investor relations section of our website at <http://ir.consolidated.com> and clicking on the “Corporate Governance” link.

The principal duties and responsibilities of the corporate governance committee are as follows:

- to identify individuals qualified to become directors and to select, or recommend that the board select, director nominees;
- to develop and recommend to the board the content of our corporate governance principles, a copy of which may be found by accessing the investor relations section of our website at <http://ir.consolidated.com> and clicking on the “Corporate Governance” link;
- to review with management and, as the corporate governance deems useful, consultants or legal counsel, the areas of material risk to the corporation relating to (i) management continuity and succession planning, (ii) board and board committee selection, composition, evaluation, continuity and succession planning, (iii) directors’ and officers’ liability insurance, and (iv) other corporate governance matters; and
- to oversee the evaluation of our board and management team.

In evaluating candidates for directorships, our board, with the assistance of the corporate governance committee, will take into account a variety of factors it considers appropriate, which may include strength of character and leadership skills; general business acumen and experience; broad knowledge of the telecommunications industry; knowledge of strategy, finance, internal business and relations between telecommunications companies and government; age; number of other board seats; and willingness to commit the necessary time to ensure an active board whose members work well together and possess the collective knowledge and expertise required by the board. We have not previously paid a fee to any third party in consideration for assistance in identifying potential nominees for the board. While the board has not adopted a specific policy regarding diversity, it believes the diverse backgrounds and perspectives of its current directors, as described above for each nominee and current director under the heading “Board Contributions,” are well suited to the oversight of the Company’s management team, its business plans, and performance.

*Compensation Committee.* The compensation committee consists of Mr. Moore, who serves as its Chairperson, Ms. Rahe and Mr. Gerke. The board has determined that each of Mr. Moore, Ms. Rahe and Mr. Gerke is independent for purposes of Rule 5605(a)(2) of NASDAQ’s Marketplace Rules and satisfies the heightened standards of independence for compensation committee members pursuant to Rule 5605(d)(2)(A) of NASDAQ’s Marketplace Rules.

The compensation committee met five times during 2014. The board has adopted a compensation committee charter, a copy of which may also be found by accessing the investor relations section of our website at <http://ir.consolidated.com> and clicking on the “Corporate Governance” link.

The principal duties and responsibilities of the compensation committee are as follows:

- to review and approve goals and objectives relating to the compensation of our Chief Executive Officer and, based upon a performance evaluation, to determine and approve the compensation of the Chief Executive Officer and other senior officers;
- to review compensation risk to determine whether compensation policies and practices for employees are reasonably likely to have a material adverse effect on the Company, including whether the design or operation of the Company's compensation programs encourage employees to engage in excessive risk-taking, is aligned to the interests of stockholders, promotes effective leadership and leadership development and appropriately awards pay for performance;
- to approve the grant of long term incentive awards Company-wide and recommend amendments to the Company's executive compensation programs to the board for approval;
- to review and recommend to the board of directors, or approve, new executive compensation programs, based on its periodic review of the operations of the Company's executive compensation programs to determine whether they are properly coordinated and achieving their intended purpose;
- to establish and periodically review policies in the area of senior management prerequisites;
- to make recommendations to our board on incentive compensation and equity-based plans; and
- to prepare reports on executive compensation to be included in our public filings with the SEC.

Additional information on the compensation committee's processes and procedures for the consideration and determination of executive and director compensation are addressed in the "Compensation Discussion and Analysis – Processes and Procedures for the Consideration and Determination of Executive and Director Compensation" section of this proxy statement.

#### **Role of Independent Compensation Consultant**

The compensation committee has directly engaged Towers Watson as its outside consultant to assist it in reviewing the effectiveness and competitiveness of the Company's executive compensation and outside director programs and policies. Pursuant to its charter and NASDAQ listing standards, the compensation committee regularly reviews the independence of Towers Watson relative to key factors, including whether:

- Towers Watson provides any other services to the Company;
- the amount of fees paid to Towers Watson relative to the total revenue of the firm;
- policies in place to prevent conflicts of interest;
- any personal or business relationships with members of the compensation committee;
- ownership of Company stock; and
- any personal or business relationships with executive officers.

The Company paid Towers Watson \$8,186 for services provided to the compensation committee in 2014 and \$39,347 in 2013. Towers Watson also provided competitive market assessment of the Company's overall salary and wage structure and pension actuarial services and individual employee pension benefit calculations support to the Company during 2014 for which the Company paid Towers Watson \$77,011 and \$286,601, respectively. The decision to engage Towers Watson for these other services was made by the Company's HR staff and the pension committee of management. The Company's relationship with Towers Watson (and its predecessor Watson Wyatt) is a long-standing one pre-dating the Company's initial public offering of stock whereby Towers Watson performs ad hoc issue analysis as requested from time-to-time by management, and neither the compensation committee nor the board approved such other services.

Towers Watson assisted the compensation committee with the following in 2013, with a view toward compensation decisions for 2014:

- construction of the peer group companies to be used in compensation analysis;
- analysis of the Company's total direct compensation, including base salary, annual bonus, and long-term incentives;
- review and consulting on compensation design and performance linkage;
- advising the Company on certain changes in its compensation programs pursuant to the realignment of roles in which Mr. Currey became Chairman of the Board and Mr. Udell became President and a director;
- evaluation of the compensation program for the Company's non-executive senior management team, including total direct compensation and Employment Security Agreements relative to broad market and telecom industry trends, as described below; and
- ad hoc issue analysis as requested by the compensation committee.

Towers Watson's work in 2014 consisted principally of performing analysis and providing recommendations concerning the compensation programs for the Company's senior management personnel, including:

- evaluation and benchmarking certain of the Company's senior management jobs relative to the peer group and to broad marketplace trends;
- review of the non-executive senior management change-in-control agreements;
- analysis of total direct compensation programs including salary, bonus, and long term incentives; and
- evaluation and recommendations concerning the type, amount, and frequency of long term incentive compensation to be offered to the non-executive senior management personnel going forward.

### **Board oversight of risk**

The Company's Board of Directors has responsibility for general oversight of risk management of the Company and has delegated oversight of certain risks, as appropriate, to the Audit Committee, the Compensation Committee and the Corporate Governance Committee, as further described below.

As set forth in the Audit Committee Charter, the Audit Committee reviews with management and, to the extent the Committee deems it appropriate, with the independent auditors or counsel to the corporation, compliance with laws and regulations, major pending litigation, and risks and exposures relating to financial reporting, particularly disclosure and SEC reporting, disclosure controls, internal control over financial reporting, accounting, internal and independent auditors, financial policies, and tax, investment, credit and liquidity matters.

The Compensation Committee reviews compensation risk to determine whether compensation policies and practices for employees are reasonably likely to have a material adverse effect on the corporation, including whether the design or operation of the corporation's compensation programs encourage employees to engage in excessive risk-taking, is aligned to the interests of stockholders, promotes effective leadership and leadership development, and appropriately awards pay for performance. In doing so the Committee reviews the overall program design, as well as the balance between short-term and long-term compensation, the metrics used to measure performance and the award opportunities under the corporation's incentive compensation program, and the implementation of other administrative features designed to mitigate risk such as vesting requirements. In February 2015 the Compensation Committee reviewed the company compensation policies and practices and determined that these programs are not reasonably likely to have a material adverse effect on the corporation.

The Corporate Governance Committee reviews with management and, as the Committee deems useful, consultants or legal counsel, the areas of material risk to the corporation relating to (i) management continuity and succession planning, (ii) board and board committee continuity and succession, (iii) directors' and

officers' liability insurance, and (iv) other corporate governance matters. Management has an Enterprise Risk Management ("ERM") steering committee in place which includes the President and Chief Executive Officer, and Chief Financial Officer and other key executives and a representative from the Company's outside counsel. The Chief Financial Officer, as Committee Chairman, is the primary liaison between management and the Board regarding the ERM implementation and process. The steering committee has responsibility for the implementation and oversight of the ongoing ERM process including identifying, prioritizing, and assigning ownership of key risks. The management team has primary responsibility for monitoring and managing these key risks which could affect the Company's operating and financial performance. ERM is a standing agenda item on the quarterly board meeting agenda. At least annually, upon reviewing and establishing the financial and operating targets for the next fiscal year, the management team reviews with the full board the key risks facing the Company during the upcoming year and the plans the Company has put in place to mitigate those risks.

### **Stockholder recommendations for director nominations**

As noted above, the corporate governance committee considers and establishes procedures regarding recommendations for nomination to the board, including nominations submitted by stockholders. Recommendations of stockholders should be timely sent to us, in accordance with the deadlines set forth under the caption "Stockholder Proposals for 2016 Annual Meeting," either in person or by certified mail, to the attention of the Secretary, Consolidated Communications Holdings, Inc., 121 South 17th Street, Mattoon, Illinois 61938-3987. Any recommendations submitted to the Secretary should be in writing and should include whatever supporting material the stockholder considers appropriate in support of that recommendation, and must include the information that would be required to be disclosed under the SEC's rules in a proxy statement soliciting proxies for the election of such candidate and a signed consent of the candidate to serve as our director if elected. The corporate governance committee will evaluate all potential candidates in the same manner, regardless of the source of the recommendation. Based on the information provided to the corporate governance committee, it will make an initial determination whether to conduct a full evaluation of a candidate. As part of the full evaluation process, the corporate governance committee may, among other things, conduct interviews, obtain additional background information and conduct reference checks of the candidate. The corporate governance committee may also ask the candidate to meet with management and other members of the board.

### **Communications with directors**

Stockholders interested in communicating directly with the board or the independent directors may do so by writing to the Secretary, Consolidated Communications Holdings, Inc., 121 South 17th Street, Mattoon, Illinois 61938-3987. The Secretary will review all such correspondence and forward to the board or the independent directors a summary of that correspondence and copies of any correspondence that, in his opinion, deals with functions of the board or that he otherwise determines requires their attention. Any director or any independent director may at any time review a log of all correspondence received by the Company that is addressed to members of the board or independent directors and request copies of such correspondence. Any concerns relating to accounting, internal controls or auditing matters will be brought to the attention of the audit committee and handled in accordance with the procedures established by the audit committee with respect to such matters.

### **Code of Business Conduct and Ethics**

The board has adopted a Code of Business Conduct and Ethics (the "Code"), a copy of which may be found by accessing the investor relations section of our website at <http://ir.consolidated.com> and clicking on the "Corporate Governance" link. Under the Code, we insist on honest and ethical conduct by all of our directors, officers, employees and other representatives, including the following:

- Our directors, officers and employees are required to deal honestly and fairly with our customers, collaborators, competitors and other third parties.

We are also committed to providing our stockholders and investors with full, fair, accurate, timely and understandable disclosure in the documents that we file with the SEC. Further, we will comply with all laws, rules and regulations that are applicable to our activities and expect all of our directors, officers and employees to obey the law.

Our board of directors and audit committee have established the standards of business conduct contained in this Code and oversee compliance with this Code. Training on this Code is included in the orientation of new employees and has been provided to existing directors, officers and employees.

## COMPENSATION DISCUSSION AND ANALYSIS

### Determination of Executive Officers

This section of the proxy statement is intended to provide stockholders with information about the compensation awarded in 2014 to the Company's "named executive officers," and how it was determined. This information includes a discussion of the key elements of the Company's compensation program and the philosophy and rationale behind the compensation committee's executive compensation decisions. The named executive officers in 2014 are those listed in the Summary Compensation Table of this proxy statement, who served in the roles listed below during 2014:

Robert J. Currey, Chief Executive Officer and Chairman of the Board

C. Robert Udell, Jr., President and Chief Operating Officer

Steven L. Childers, Chief Financial Officer

Effective January 1, 2015, the Company's board of directors appointed Mr. Udell as President and Chief Executive Officer and Mr. Currey as the Chairman of the Board. Previously, in November 2013, the Company reorganized its executive structure, and in connection therewith Mr. Udell was appointed President and assumed additional responsibilities and policy-making functions within the organization. As a result, Steven J. Shirar and Christopher A. Young, who had previously been executive officers, ceased being executive officers at such time.

You should review this Compensation Discussion and Analysis section together with the tabular disclosures beginning on page 34.

### Executive Compensation Objectives

The compensation committee has designed the Company's executive compensation program to achieve the following objectives:

- provide incentives to company executives to maximize stockholder return;
- enable the company to attract, and retain talented, results-oriented managers capable of leading key areas of the Company's business; and
- reward the management team for achieving key financial and operational objectives which will promote the long-term health of the business.

Each key element of total compensation serves a specific purpose that helps achieve the objectives of the executive compensation program.

The three key elements of the current executive compensation program are (1) annual base salary; (2) annual cash bonuses, and (3) long-term, equity-based incentives. The Company also provides its executive officers with severance and change-in-control benefits as well as a limited number of perquisites and other personal benefits. Our discussion below, under the caption "Elements of Executive Compensation" contains an explanation of each of these elements. In evaluating the mix of these compensation components, as well as the short-term and long-term value of the executive compensation plans, the compensation committee considers both the performance and skills of each executive, as well as the compensation paid to those in similar organizations with similar responsibilities.

The following discussion explains how the compensation committee uses the three key compensation elements to meet the objectives of its executive compensation program.

*Objective #1: Provide incentives to Company executives to maximize stockholder return.* The compensation committee uses both time-based and performance-based restricted shares in an effort to unify the interests of the Company's executives and stockholders.

The compensation committee believes that granting restricted shares based on performance, which then vest incrementally over time, but only so long as an executive remains employed by the Company, encourages an executive to increase the Company's stock value over time so the executive can realize a greater value of those shares once they vest.

The compensation committee granted performance shares to all of its executives in March 2013, pursuant to which restricted shares were awarded in March 2014 based on the attainment of certain performance goals for 2013 and also granted performance shares to all executive officers in March 2014, pursuant to which restricted shares were awarded in March 2015 based on the attainment of certain performance goals for 2014.

The Company had awarded Mr. Currey a two-year grant of time-based restricted shares in March 2013 and had also awarded each of Mr. Udell and Mr. Childers with a three-year grant of time-based restricted shares in March 2013. As such, there were no shares of time-based restricted stock granted to the Company's executives in 2014.

*Objective #2: Enable the Company to attract and retain talented, results-oriented managers capable of leading key areas of the Company's business.* In order to assist the compensation committee in setting compensation levels, the committee has, from time to time, obtained from Towers Watson, its outside consultant, information regarding compensation paid by the Company's peer group, as defined below. The Company believes this benchmarking work plays an important role in helping the Company ensure its compensation programs are competitive within its industry so that it can both retain and attract talented managers.

In the fourth quarter of 2012, following the completion of its acquisition of SureWest Communications, and the subsequent restructuring of its executive team, the Company engaged Towers Watson to do a full benchmark study, in which a new peer group was constructed, and the Company's executive compensation program was compared to the 50<sup>th</sup> percentile of the peer group. This study formed the basis for executive compensation decisions. Under direction of the compensation committee, Towers Watson conducted a custom survey of compensation paid by the following companies (our "peer group") that, at the time of the study, operated in the integrated communications, wireless telecommunications, communications equipment and broadcasting and cable television industries and that had annual revenues ranging from \$200 million to \$1.5 billion, with a median revenue of \$599 million (which was at the time in line with the Company's 2013 full year revenue of approximately \$602 million as reported on our Annual Report on Form 10-K filed with the SEC on March 5, 2014).

— Alaska Communications Systems Group, Inc.	— Primus Telecommunications Group, Inc.	— Cogent Communications Group, Inc.
— Ntelos Holdings Corp.	— Knology, Inc.	— USA Mobility, Inc.
— Fairpoint Communications, Inc.	— Clearwire Corporation Corp.	— Cincinnati Bell Inc.
— Lumos Networks Corp	— SBA Communications Corp.	— General Communications Inc.
— TW Telecom Inc. (f/k/a Time Warner Telecom, Inc.)	— Atlantic Telenetwork, Inc.	— Cbeyond, Inc.
— Shenandoah Telecommunications Company		

The compensation committee selected these companies because the Company competes with them for executive talent, and because these companies also compete with the Company for investors.

In late 2013, in preparation for the 2014 executive compensation planning cycle, Towers Watson refreshed its findings at the direction of the Committee.

For 2014, based on the Towers Watson benchmarking update, the compensation committee determined that, in the aggregate, the total targeted compensation for the Company's named executive officers was approximately 30% below the 50<sup>th</sup> percentile of the peer group. The primary reasons for this lag (which decreased from 44% below the 50<sup>th</sup> percentile of the peer group in 2013) were the decisions to defer compensation increases for the past several years due to (i) the overall challenging market conditions and the desire to contain costs during

these periods of economic uncertainty and (ii) the decision to wait until after the Company’s 2012 acquisition of SureWest Communications and the completion of the benchmark study once the transaction closed. These trends were partially offset by increases in executive compensation which had been previously implemented in 2013.

The compensation committee made changes to certain of the named executive officers’ compensation, effective January 1, 2014, to increase each of their base salaries, cash bonus payment opportunities (short term incentive or “STI”), and long-term, incentive based incentive compensation opportunities (or “LTI”).

In the aggregate, the percentage increases for each element of total direct compensation for each of the Company’s named executive officers, assuming payouts at the applicable target levels, is outlined in the table below:

<u>Name</u>	<u>Percent Increases to:</u>			<u>Total</u>
	<u>Base Salary</u>	<u>STI</u>	<u>LTI</u>	
Robert J. Currey	0%	0%	0%	0%
C. Robert Udell, Jr.	10%	9%	52%	26%
Steven L. Childers	0%	0%	45%	18%

The refreshed information from Towers Watson provided guidance for decisions regarding various elements of the Company’s executive compensation program for 2014, including:

- levels of salary, annual bonus, long-term incentives and total direct compensation;
- percentage of total compensation that is cash and percentage that is equity;
- percentage of total compensation that is current and percentage that is long-term;
- types and features of equity-based compensation awards;
- amounts and types of perquisites and other personal benefits; and
- components of potential change-in-control benefits.

In general, the Company’s compensation structure encourages executives to remain with the Company by paying annual cash bonuses, which motivates executives to remain employed through the year, and by granting restricted shares and performance shares, which require a long-term commitment to the Company since executives must generally remain employees for at least four years (in the case of restricted shares) or five years (in the case of performance shares) in order to realize the full value of the shares when they vest.

*Objective #3: Reward the management team for achieving key financial and operational objectives which will promote the long-term health of the business.* The Company’s cash incentive bonus plan ties the level of achievement of the Company’s annual financial and operational performance goals to the amount of annual incentive compensation that we pay to each of our executives. In addition, the Company makes annual Long Term Incentive Plan (or “LTIP”) awards in the form of performance shares which are only earned when performance criteria are met. This provides a strong linkage between the number of restricted shares ultimately awarded and the Company’s achievement of its performance goals. As a result, a significant portion of each executive’s total compensation is dependent on the degree to which we achieve these performance goals. This provides an incentive for the Company’s executives to increase performance with respect to these measures, and in turn increase stockholder value.

## **Processes and Procedures for the Consideration and Determination of Executive and Director Compensation**

The board of directors approves and establishes the annual operating and performance goals for the Company, and the compensation committee then determines the appropriate criteria for linking compensation of the named executive officers and the non-employee directors to this performance, including the establishment of:

- base salary amounts for the Company's executive officers;
- annual incentive programs for the Company's executive officers;
- long-term equity incentive compensation and all policies related to the issuance of restricted shares and performance shares by the Company, including grants of restricted shares to directors;
- annual performance goals and payouts for the Company under the bonus plan and the Company's long-term incentive plan; and
- amounts of the annual retainers and other fees for the Company's non-employee directors.

## **Role of Executive Officers, Management and Independent Compensation Consultant**

The compensation committee conducts an annual review of the Chief Executive Officer's performance, and reviews it with the board of directors. The Chief Executive Officer prepares a performance review for each of the other executives for each completed calendar year. Based on his assessment of each individual's performance during the preceding calendar year, as well as a review of how each executive's compensation compares with the peer group companies, the Chief Executive Officer recommends to the compensation committee, for each such executive, base salary amounts, time-based and performance share awards and annual performance goals under the bonus plan and the long-term incentive plan.

Please see the caption "Corporate Governance and Board Committees – Role of Independent Compensation Consultant" on page 14 for an explanation of the role of the compensation committee's outside consultant, Towers Watson.

## **Elements of Executive Compensation for 2014**

The key elements of the compensation committee's executive compensation program for 2014 were:

- an annual base salary;
- cash bonuses directly linked to achievement of the Company's annual financial and operational performance goals; and
- (i) the continued vesting of previously awarded time-vesting restricted shares for all named executive officers; and (ii) a grant of performance-based restricted shares for all of our executive officers.

In addition, the Company provides severance and change-in-control benefits, as well as a limited number of perquisites and other personal benefits to all of its executive officers.

For 2014, as in prior years, the compensation committee determined that each of the named executive officers should receive an annual base salary and also be eligible for a cash bonus opportunity. The compensation committee set performance-based targets for restricted shares to be awarded to all named executive officers if certain performance goals were met.

In addition to monitoring compensation and executive performance throughout the year, in general, the compensation committee formally reviews executive compensation and executive performance on an annual basis, in the first quarter, following the completion of the previous performance year. For 2014 performance, the formal review took place in February 2015.

### **Compensation Element 1: Annual Base Salaries for 2014**

The Company pays all of its executive officers an annual salary, which the compensation committee believes provides financial stability for executives and reflects their level of responsibility with the Company. The compensation committee also believes that salary increases should reward an individual's contributions and responsibilities to the Company.

The compensation committee reviews, and may revise, at its discretion, salaries for executive officers when it feels those changes are warranted. In its annual review of the salaries of executive officers for 2014, in addition to the market position of the Company's executive compensation program relative to its peer group, the committee considered the following principal factors:

- performance of the executive during the previous year, including that individual's contribution to the Company's attainment of its pre-established performance goals;
- achievement by the Company during the previous year of its performance goals; and
- salary levels of comparable positions at companies in the Company's peer group.

Mr. Udell's base salary for 2014 was increased from \$294,000 to \$323,000. There were no other changes to executive base salaries for 2014.

### **Compensation Element 2: Annual Cash Bonuses for 2014**

The Company maintains a cash incentive bonus plan that is designed to reward achievement of annual Company performance goals. The compensation committee believes that consistent attainment of these goals is critical to the Company's long-term success. In 2014, each of the named executive officers was eligible to participate in the bonus plan, which provided them with the opportunity to earn a cash bonus payment. The payment was measured as a percentage of the named executive officer's salary and was based on the achievement of criteria established by the compensation committee.

For the named executive officers, other than the Chief Executive Officer (the "other named executives"), the compensation committee based its performance targets on the following measures and in the following amounts:

- 50% on the Company's adjusted earnings before interest, taxes, depreciation and amortization (adjusted EBITDA) for 2014 (target of \$280.0 million);
- 20% on dividend payout ratio for 2014 (target of 69.9% or less);
- 15% on broadband subscriber net additions for 2014 (target of 10,000 net additions), which consisted of the number of the Company's subscribers to its high speed internet, digital subscriber lines (DSL) and video lines;
- 15% on a set of ten related "other operating goals" which the compensation committee set for the Company's executive team to meet as a group. These "other operating goals" contain a mix of qualitative and quantitative goals which are established by the compensation committee to guide the management team in achieving the company's operating, strategic, and public policy goals. The goals were the same for all the other named executives, and the achievement score was determined by the compensation committee, based on the Chief Executive Officer's recommendation, as a part its annual evaluation of the other named executives' performance as a team. For 2014 these "other operating goals" included, among other items, specific goals related to the Company's planned capital expenditures and network development, quality of service metrics, successful integration of SureWest Communications into the Company's operations, advancement of the Company's interests in the regulatory and public policy arena, fine-tuning of the Company's capital structure, product-development initiatives and corporate development/business development.

These performance measure categories and weightings for 2014 were the same as those used in 2013. As described above under the caption “Role of Executive Officers, Management and Independent Compensation Consultant,” the Chief Executive Officer prepares a performance review for each of the other executives for each completed calendar year. This includes his assessment of each other named executive officer’s performance during the preceding calendar year with respect to the level of attainment of the “other operating goals.” The Chief Executive Officer recommended, and the compensation committee approved, an attainment level of 8.75 out of 10 with respect to the other operating goals for 2014.

For the Chief Executive Officer, the compensation committee used the same measures and targets as described above for the other named executive officers, except that the committee did not use the “other operating goals” measure, some of which require subjective assessment. Accordingly, the compensation committee weighted the measures for the Chief Executive Officer as follows:

- 60% on the Company’s adjusted earnings before interest, taxes, depreciation and amortization (adjusted EBITDA) for 2014;
- 20% on dividend payout ratio for 2014; and
- 20% on broadband subscriber net additions for 2014.

These performance measures for 2014 were the same as those used in 2013. In March 2014, the compensation committee determined these measures for both the Chief Executive Officer and the other named executives, and established a formula to link the results with payout levels. The compensation committee used these specific performance measures, target levels and a simple weighting of the measures because it believed that they served to most effectively promote the Company’s primary short-term goals of increasing earnings, sustaining its dividend, and adding broadband subscribers.

For 2014, the compensation committee established the bonus targets for each executive, as a percentage of 2014 salary level, based on its assessment of appropriate balance and mix between base salary and short-term bonus in determining the total cash to be paid to each executive.

For 2014, the bonus payout targets as a percentage of salary for each named executive officer were: 116% for Mr. Currey, 65% for Mr. Udell, and 64% for Mr. Childers. The compensation committee used these levels because achieving the targeted payouts at those levels would result in an annual bonus payout to each officer equal to roughly the 50th percentile of the annual bonus paid to executives in comparable positions at companies in the peer group. However, as described above, the Company is aware that even after these changes, the aggregate total direct compensation for its named executive officers remains below the 50<sup>th</sup> percentile of the relevant peer group.

As in prior years, the compensation committee also set a maximum payment equal to 120% of the target amount if the goals were attained above 105% of the target level and a threshold level such that attainment of 90% of the target level would have resulted in a payment of 50% of the target amount. Attainment of below 90% of the target level would have resulted in no bonus payment.

For 2014, the Company and the named executive officers achieved the Company performance targets at the following levels:

<b>Performance Measure</b>	<b>Actual</b>	<b>Target</b>	<b>% of Target</b>
Adjusted EBITDA	\$276.8 million	\$280.0 million	98.9%
Dividend Payout Ratio	64.4%	≤69.9%	107.9%
Broadband Subscriber Net Adds	7,842	10,000	78.4%
Other Operating Goals	8.75/10	10	87.5%

In the compensation committee’s review of 2014 performance, the compensation committee first determined the amounts earned by the executives by computing the weighted average of the actual achievement of the performance targets at the levels described above. For the Chief Executive Officer, this weighted average was

96.6% of target, and for the other named executive officers (“NEOs”), this weighted average was 95.9% of target. These weighted averages consisted of the following components, reflecting the weighting of the performance measures described above and the actual level of achievement of those measures:

<u>Performance Measure</u>	<u>CEO’s Component Percentage</u>	<u>Other NEOs’ Component Percentage</u>
Adjusted EBITDA	59.3%	49.4%
Dividend Payout Ratio	21.6%	21.6%
Broadband subscriber net adds	15.7%	11.8%
Other Operating Goals	<i>N/A</i>	13.1%
<b><u>Weighted Average</u></b>	<b><u>96.6%</u></b>	<b><u>95.9%</u></b>

The following payout table was used to convert the weighted average component percentages to a bonus payout, which resulted in a payout of 75% of target:

<u>Performance</u>	<u>Payout (as a % of Target)</u>
< 90%	0%
90% - 94.9%	50%
95% - 97.9%	75%
98% - 101.9%	Weighted Achievement Score
102% - 104.9%	110%
> 105%	120%

The resulting bonuses, all of which were paid in March 2015, represented the following percentages of each named executive officer’s respective 2014 annual salary level:

<u>Name</u>	<u>2014 Bonus Payout as a Percentage of 2014 Salary</u>	
	<u>Actual Percentage of Salary Paid</u>	<u>Target Opportunity, as a Percentage of Salary</u>
Robert J. Currey	87%	116%
C. Robert Udell, Jr.	49%	65%
Steven L. Childers	48%	64%

The “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table shows the cash bonus the compensation committee awarded to each of the named executive officers for 2014 pursuant to this bonus plan.

The compensation committee believes that the level of the cash bonus opportunities and the cash bonuses actually paid for 2014 performance to the named executive officers helped serve the compensation committee’s executive compensation program objectives to:

- retain its named executive officers by providing them with a cash bonus opportunity at a level competitive with the Company’s peer group; and
- reward the named executive officers for operational and financial performance.

### **Compensation Element 3: Long-Term, Equity-Based Incentives for 2014**

The Company maintains the stockholder-approved LTIP that provides for grants of stock options, stock, stock units and stock appreciation rights and for the adoption of one or more cash incentive programs. The Company's non-employee directors and certain employees, including each of the named executive officers, are eligible for grants under the LTIP. The principal purposes of the LTIP are to:

- provide these individuals with incentives to maximize stockholder return and otherwise contribute to the Company's success; and
- enable the Company to attract, retain and reward the best available individuals for positions of responsibility.

The compensation committee administers the LTIP and determines if, when, and in what amount awards should be granted, as well as the type of award vehicle to be employed (choosing from among those award vehicles authorized by the LTIP).

The Company's Executive Long-Term Incentive Program (the "program") provides a methodology for determining the equity compensation to be granted each year. Under the program, each year the compensation committee determines for each executive eligible to participate, including each named executive officer, the economic value of target annualized long-term incentive compensation. The goal of the compensation committee is to establish those targets so that they are at approximately the 50<sup>th</sup> percentile of the peer group. The Company pays 50% of this annualized target to the executives in the form of performance shares. If in any year the compensation committee decides to make time-based restricted share grants, the awards will be based on 50% of this annualized target value, multiplied by the number of years the grant is to represent.

#### ***Performance Shares***

In March 2014, the compensation committee established a target value of long-term incentive compensation and made performance share awards equal to 50% of this target value. The compensation committee also approved Company performance goals and minimum, target and maximum payouts. The goals and pay out levels were the same as those approved for the cash incentive bonus plan.

The 2014 performance share target award levels were determined by taking half of the annual target LTIP grant value for each of the named executive officers, and converting that value to a number of shares based on the 20-day average closing price for our stock as of two trading days before the award date (discounted 10% to reflect the challenge associated with attaining the performance goals).

The performance share awards entitled the executives to receive awards of restricted shares in 2015 depending on the level of attainment of the performance goals. Attainment of the goals at the target levels would result in the target number of performance shares awarded as restricted shares, and attainment of the goals at above or below the target levels would result in an increased or decreased number of restricted shares awarded, using the same formulas as those with respect to annual cash bonuses.

In March 2015, the compensation committee approved awards of restricted shares based on 2014 performance, as follows:

<b>Named Executive Officer</b>	<b>2014 Performance Share Target</b>	<b>March 2015 Restricted Shares Earned/Awarded</b>
Robert J. Currey	24,121	18,090
C. Robert Udell	14,392	10,792
Steven L. Childers	11,514	8,632

Under the terms of the performance share awards, the number of restricted shares granted in March 2015 were to be determined, for our Chief Executive Officer, as 75% of the 2014 performance share target based on the achievement level of 96.6% of the target performance goals; and for the other named executive officers, also as

75% of the 2014 performance share target based on an achievement level of 95.9% of the target performance goals, in each case as previously described in the “Cash Bonus” section above. The restricted shares vest at a rate equal to 25% per year on each December 5th following the date of grant, except for our Chief Executive Officer, which vest 100% on the first December 5th following the date of grant.

### ***Time-Based Restricted Stock***

As previously described, the Company had awarded Mr. Currey a two-year grant of time-based restricted shares in March 2013 and had also awarded each of Mr. Udell and Mr. Childers with a three-year grant of time-based restricted shares in March 2013. As such, there were no shares of time-based restricted stock granted to the Company’s executives in 2014.

The compensation committee believes that the long-term, equity-based incentives it awarded to the named executive officers in 2014 helped meet its objectives to:

- retain the named executive officers by providing them with long-term, equity-based compensation at a level competitive with the Company’s peer group; and
- reward the named executive officers for achieving key financial and operational objectives, which were attained at a 96.6% level (for the Chief Executive Officer) and a 95.9% level (for the other named executive officers) in 2014.

### **All Other Compensation**

As part of our executive compensation program, the Company provides certain of its executives with the following other benefits:

- personal use of a company automobile;
- living expenses if the executive’s responsibilities require repeated and extended stays away from home;
- expenses paid for business related meals and travel for spouses (when required to attend company functions);
- tax reimbursement for personal use of a company automobile and business related travel for spouses when required to attend company functions; and
- company matching contributions to its 401(k) plan.

The “All Other Compensation” column of the Summary Compensation Table on page 34 shows the aggregate amounts of such compensation paid to each of the named executive officers.

### **Employment Security Agreements**

On February 20, 2007, the Company adopted Employment Security Agreements (“ESAs”) with each of its named executive officers, as well as certain other executives. The ESAs were further amended in December 2009 as a result of the Company’s outside compensation consultant’s evaluation of the ESAs compared to general market and peer company best practices. Please see the caption “Potential Payments upon Termination or Change in Control of the Company — Employment Security Agreements” below for an explanation of the terms of the ESAs.

The Company believes that the protections afforded by the agreements are a valuable incentive for attracting and retaining top managers. It believes that the agreements are particularly important because the Company does not have employment agreements or long-term arrangements with its executives. The Company also believes that, in the event of an extraordinary corporate transaction, the agreements could prove crucial to the Company’s ability to retain top management through the transaction process. The Company also benefits from certain restrictive covenants, including non-competition covenants, contained in these agreements.

## **Deductibility of Compensation**

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to the Chief Executive Officer and to each of the three other most highly compensated officers of a public company (other than the Chief Financial Officer) who are named executive officers to \$1 million per year. However, compensation that is considered qualified “performance-based compensation” generally does not count toward the \$1 million deduction limit.

We believe it is in the best interests of our shareholders for us to maximize tax deductibility when appropriate. Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. We believe it is important to retain the flexibility to compensate executives competitively. The compensation committee and the board consider the impacts of Section 162(m) in developing, implementing and administering our compensation programs. However, the compensation committee balances this consideration with our primary goal of structuring compensation programs to attract, motivate and retain highly talented executives. As such, individual exceptions may occur when the compensation committee or the board, after balancing tax efficiency with overall objectives, believes such exceptions to be in the best interests of our shareholders.

The Company annually reviews the compensation paid to its named executive officers other than the Chief Financial Officer to determine the deductibility of compensation under Section 162(m). Base salary, by its nature, does not qualify as performance-based under Section 162(m). The Company’s grants of performance-based restricted stock and annual cash bonus payments under the LTIP qualify as performance-based compensation, and the time-based restricted stock grants (when made) are not for amounts that are expected to raise deductibility issues under Section 162(m).

For 2014, the Company believes substantially all of the compensation received by its named executive officers is fully deductible by the Company without regard to Code Section 162(m).

## **Changes to Compensation Program for 2015 resulting from Mr. Udell’s Promotion**

Effective as of January 1, 2015, the board elected Mr. Udell to the role of President and Chief Executive Officer. In conjunction with this additional increase in his duties and responsibilities, the board increased Mr. Udell’s compensation as follows:

- Mr. Udell’s annual base salary rate for 2015 was increased from \$323,000 to \$375,000, effective March 8, 2015; and
- Mr. Udell’s target annual cash bonus for 2015 performance was increased from \$210,000 to \$375,000.

The Company paid all of these amounts in March 2015, March 2014 and March 2013, respectively.

### 2014 Grants of Plan-Based Awards

This table sets forth information for each named executive officer with respect to (1) estimated possible payouts under non-equity incentive plan awards and (2) equity incentive plan awards that could have been earned for 2014.

Name	Grant Date	Estimated Future Payouts Under Non-Equity Incentive Plan Awards(1)			Estimated Future Payouts Under Equity Incentive Plan Awards(2)			Grant Date Fair Value of Stock and Option Awards(3)
		Threshold(\$)	Target(\$)	Maximum(\$)	Threshold	Target	Maximum	
Robert J. Currey	3/7/14	\$ 246,000	\$ 492,000	\$ 590,400	12,060	24,121	28,944	\$ 571,359
C. Robert Udell, Jr.	3/7/14	\$ 96,500	\$ 193,000	\$ 231,600	7,196	14,392	17,269	\$ 340,898
Steven L. Childers	3/7/14	\$ 80,500	\$ 161,000	\$ 193,200	5,757	11,514	13,816	\$ 272,724

- (1) *Estimated Future Payouts Under Non-Equity Incentive Plan Awards.* Payouts under the bonus plan were based on performance in 2014. The performance targets were set in March 2014, as described in the Compensation Discussion and Analysis section under the caption “Annual Incentive Compensation.” The amounts actually paid under the bonus plan for 2014 appear in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table. Pursuant to the bonus plan for 2014, the compensation committee established a performance award formula which linked the payouts to the weighted average achievement across the four goal areas it had established. Target payout was to be made if the performance goals were attained at target level, and the payout was to be capped at a maximum payment of 120% of the target level if the goals were attained at or above the 105% level and payout was to be zero if the performance goals were attained below the 90% level (payout at the 90% level of attainment resulted in a payment of 50% of the target payout level). The compensation committee had discretion to determine payouts for achievement between threshold and target, and target and maximum.
- (2) *Estimated Future Payouts Under Equity Incentive Plan Awards.* These columns show the threshold, target and maximum number of shares of restricted stock that could have been awarded in 2015 pursuant to performance shares previously granted in March 2014. These awards of restricted stock were based on performance in 2014, which has now occurred. Pursuant to the LTIP for 2014, the compensation committee granted performance shares to executives, which reflected the target number of shares of restricted stock to be

granted in 2014 if target performance goals set by the compensation committee for 2014 were met. The target award was subject to adjustment based on the weighted average level of attainment of the performance goals, subject to a maximum award of 120% of the target number of shares if the goals were attained at a 105% level and a minimum of zero shares if the goals were attained below an 90% level (attainment of goals at the 90% level resulted in an award of 50% of the target number of shares). The LTIP is described in the Compensation Discussion and Analysis section under the caption “Long-Term, Equity Based Incentives.”

- (3) *Grant Date Fair Value of Stock and Option Awards.* This column shows the grant date fair value, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, of the target performance share awards made in 2014 to the named executive officers. See Footnote 8 to the Consolidated Financial Statements contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014 for an explanation of the assumptions made by the Company in the valuation of these awards.

### POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL OF THE COMPANY

Pursuant to its Employment Security Agreements and the LTIP, the Company provides eligible employees, including the named executive officers, with certain benefits upon a change in control of the Company or upon certain types of termination of employment following a change in control of the Company. These benefits are in addition to those benefits to which employees would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock awards that are vested as of the date of termination, and the right to elect continued health benefits pursuant to COBRA). Those incremental benefits as they pertain to the named executive officers are described below:

#### Employment Security Agreements

The Company has Employment Security Agreements with the named executive officers and certain other executives, which provide benefits upon the occurrence of certain terminations of employment following a change in control of the Company. The Agreements with named executive officers provide for benefits upon the following types of employment termination:

- an involuntary termination of the executive’s employment by the Company without “cause” that occurs within 24 months after a change in control of the Company; or
- a voluntary termination of employment by the executive for “good reason” that occurs within 24 months after a change in control of the Company.

The benefits provided upon such a termination of employment include the following:

- A lump sum cash payment, payable within 30 days of the termination of employment, equal to two times (three times in the case of the Chief Executive Officer) the sum of (i) the executive’s annual base salary rate, determined as of the date of the change in control or, if higher, the date of employment termination and (ii) the annual target amounts payable to the executive under all cash-based incentive plans of the Company for the year in which the change in control occurs, or if higher, the date of employment termination.
- A pro rata portion of the amounts that would have been paid to the executive under the Company’s cash-based incentive plans for the year in which the termination of employment occurs (determined at the target levels), if such amounts would not otherwise be paid to the executive.

- Continuation of coverage under all welfare plans of the Company during the two-year severance period (three years for the Chief Executive Officer), or if earlier, until the executive is eligible for coverage under similar plans from a new employer. Such coverage will be on the same basis and at same cost as in effect prior to the change in control, or any time after, if more favorable to the executive. If such coverage is not available under the plan, the Company shall provide substantially similar benefits. The COBRA period for benefit continuation begins after the end of the initial continuation period described above.
- Reimbursement of out-of-pocket expenses, including attorney's fees, incurred by the executive in connection with the successful enforcement of any provision of the Agreement.

The Agreements will reduce the benefits described above to the extent necessary to avoid the imposition of any excise tax pursuant to Section 280G of the Internal Revenue Code.

The Agreements contain restrictive covenants that prohibit the executive from (i) associating with a business that is competitive with any line of business of the Company for which the executive provided substantial services, in any geographic area in which such line of business was active at the time of the executive's termination, without the Company's consent and (ii) soliciting the Company's customers, agents or employees. These restrictive covenants remain in effect during the 12-month period following termination of employment.

For purposes of the Agreements:

(a) "change in control" means (i) the acquisition, by a person other than an affiliate of Richard A. Lumpkin, of a majority of the voting power of the Company's outstanding securities; (ii) during any period of two consecutive years or less, the incumbent directors cease to constitute a majority of the Board, unless any new direction's election or nomination was approved by at least 2/3 of the incumbent directors; (iii) a reorganization, merger, consolidation or share exchange resulting in the conversion or exchange of the Company's common stock into securities of another company, or any dissolution or liquidation, or a sale of 50% or more of all the Company's assets; or (iv) a merger, consolidation, reorganization or share exchange, unless following such transaction at least a majority of the voting power of the outstanding securities of the surviving entity is owned, in the same proportion, by substantially the persons who owned the Company's outstanding voting securities immediately prior to the transaction.

(b) "cause" means the executive's (i) conviction or admission of guilt with respect to any felony, fraud, misappropriation or embezzlement, (ii) malfeasance or gross negligence in the performance of his duties that is materially detrimental to the Company, or (iii) breach of any Company code of conduct, if the consequence would be termination of employment. In each case, the Company must give the executive written notice of the existence of cause, and if the act is capable of being cured, 30 days in which to cure.

(c) "good reason" means (i) a reduction in the executive's base salary and/or bonus opportunity without his consent, (ii) a reduction in the scope or importance of the executive's duties and responsibilities without his consent, or (iii) a transfer of the executive's primary worksite of more than 30 miles (unless the new worksite is closer to the executive's residence). In each case, the executive must give written notice within 90 days and the Company has 30 days in which to cure the action constituting good reason.

### **Consolidated Communications Holdings, Inc. 2005 Long-Term Incentive Plan**

The LTIP provides that if there is a change in control of the Company, and there is no assumption of outstanding awards by the successor entity, or conversion of outstanding awards into comparable equity awards of the successor entity, then as of the effective date of the change in control all stock options and stock appreciation rights will vest and all restrictions on all outstanding stock awards and stock unit awards will lapse, and if any restrictions relate to satisfying performance goals, the performance goals will be deemed satisfied at target levels (unless the target level was exceeded for any performance goal before the effective date of the change in control, in which case the restrictions will lapse based on actual attainment of the performance goal). The LTIP also provides that if in connection with the change in control the LTIP awards are assumed or converted by the successor entity as described above, and within 24 months following the effective date of the change in control the participant's employment is terminated without cause or the participant terminates employment for good reason, or a participant who is a director is asked to resign for other than cause, all stock options and stock appreciation rights will vest

and all restrictions on all outstanding stock awards and stock unit awards will lapse, and if any restrictions relate to satisfying performance goals, the performance goals will be deemed satisfied at target levels (unless the target level was exceeded for any performance goal before the date of termination of employment or service, in which case the restrictions will lapse based on actual attainment of the performance goal).

The LTIP uses the same definitions of change in control, cause and good reason as set forth in the Employment Security Agreements.

The tables set forth below quantify the additional benefits as described above that would be payable to each named executive officer under the arrangements described above.

#### Termination of Employment Following a Change in Control

The additional amounts set forth in this table would be payable pursuant to the Employment Security Agreements, assuming a change in control of the Company and that the named executive officer became eligible for benefits following a termination of employment on December 31, 2014.

Name	Robert J. Currey	C. Robert Udell, Jr.	Steven L. Childers
Base Salary(1)	\$ 1,275,000	\$ 646,000	\$ 502,000
Bonus(1)	\$ 1,476,000	\$ 420,000	\$ 322,000
Welfare Benefits for Severance Period(2)	\$ 67,776	\$ 61,419	\$ 67,776

- (2) *Welfare Benefits for Severance Period.* Amounts in this row consist of projected Company premiums for health (including medical, dental, vision), life, AD&D and disability policies, reduced by the amount of projected employee premiums during the severance period for each named executive officer.

#### Benefits Upon Change in Control

The additional amounts set forth in this table would be realized by each named executive officer under the LTIP, assuming a change of control of the Company occurred on December 31, 2014.

Name	Robert J. Currey	C. Robert Udell, Jr.	Steven L. Childers
Value of Unvested Restricted Shares(1)	\$ 0	\$ 808,545	\$ 668,588

- (1) Amounts in this row represent the value of the restricted shares that would vest upon the change in control on December 31, 2014 under the terms of the LTIP. The value of the restricted shares is based on the closing market price of the Company's stock as reported in *The Wall Street Journal* for December 31, 2014 (\$27.83), which was the last trading day of fiscal year 2014.

### **PROPOSAL NO. 3 — APPROVE CERTAIN PROVISIONS OF THE CONSOLIDATED COMMUNICATIONS HOLDINGS, INC. 2005 LONG-TERM INCENTIVE PLAN**

The Company maintains the Consolidated Communications Holdings, Inc. 2005 Long-Term Incentive Plan (the “Plan”). The Plan is the Company’s only stock-based compensation plan, and it provides for grants of stock options, stock appreciation rights, stock awards and stock unit awards to eligible employees and non-employee directors and grants of cash awards to eligible employees.

#### **Approval/Reapproval of Plan Provisions**

We are asking our stockholders to (i) approve an additional 1,000,000 shares for issuance under the Plan and (ii) reapprove the material terms of the Plan’s performance goals to ensure continued deductibility under Section 162(m) of the Internal Revenue Code.

**Share Increase.** When the Plan was first adopted in 2005, 750,000 shares were issuable pursuant to awards. In 2010, stockholders approved a share increase to 1,650,000 shares. The Company has issued a significant number of the currently available shares under the Plan for awards. As of December 31, 2014, 603,970 shares remained available for issuance under the Plan. With its recent acquisition of Enventis Corporation, the Company has added a number of new participants who are eligible for awards under the Plan. Accordingly, on March 6, 2015, the Board of Directors of the Company approved an amendment to the Plan to increase the number of shares available under the Plan by 1,000,000, which represents an increase from 1,650,000 to 2,650,000 shares. This increase is subject to approval by the Company’s stockholders.

The Company views its use of stock-based awards as an essential part of the Company’s compensation program and as an important element in achieving the program’s goals of attracting and retaining key employees and directors, providing them with additional incentive to increase the long-term value of the Company, and linking their financial interests with those of the Company’s stockholders.

The Company, through its compensation committee, believes that it has prudently managed awards under the Plan, giving proper consideration to the dilutive impact of stock awards on stockholder equity. The Company further expects that the available Plan shares (including the newly approved shares) are likely to be awarded over the next four years at which time the Company would seek stockholder approval for the award of any additional shares under the Plan.

The Plan contains certain restrictions that the Company believes furthers the objectives of the Plan and reflects sound corporate governance principles:

- Dividends on performance-based stock awards and dividend equivalents on performance-based stock unit awards are paid only to the extent the performance goals are met;
- Awards are generally subject to minimum vesting periods (one year minimum vesting period for stock options and stock appreciation rights (“SARs”) and a three year minimum vesting period for time-based stock and stock unit awards);
- Stock options and SARs may not be granted with an exercise price less than the fair market value of the underlying common stock on the date of grant, and the term is limited to 10 years from the date of grant;
- Repricing of stock options or SARs without stockholder approval is prohibited; and
- If upon a change in control of the Company outstanding awards are assumed and converted into new awards of the acquiring company, accelerated vesting only occurs if the employee is subsequently terminated without cause or for good reason within 24 months following the change in control.

**Material Terms of the Plan’s Performance Goals.** Section 162(m) generally precludes a publicly traded company from taking a tax deduction for compensation in excess of \$1 million paid to certain executives. These executives are the company’s chief executive officer and three other highest paid executives, other than the chief financial officer, who are the named executive officers listed in the Summary Compensation Table of the company’s annual proxy statement. This restriction is subject to an exception for “performance-based”

compensation that meets certain requirements, including a requirement that the “material terms of the performance goals” applicable to these named executive officers must be disclosed to and approved by stockholders before any compensation is paid to them. Stockholders last approved the Plan, including the material terms of the performance goals, at the 2009 annual meeting. Section 162(m) requires that if the targets under the performance goals can be changed, the material terms of the performance goals be reapproved by stockholders every five years in order to retain qualification under Section 162(m).

The material terms of the performance goals for purposes of Section 162(m) include: (i) the individuals eligible to receive compensation; (ii) a description of the business criteria on which the performance goals are based; and (iii) the maximum amount of compensation that can be paid to an individual under the performance goals. Each of these material terms is described below.

Individuals Eligible to Receive Compensation. The compensation committee (the “Committee”) administers the Plan. It has the authority to determine the key employees and non-employee directors to whom awards are to be granted under the Plan. All employees of the Company designated by the Committee and all non-employee directors of the Company are eligible to receive awards under the Plan. On March 6, 2015, approximately 50 employees and all non-employee directors were eligible to participate in the Plan.

Description of the Business Criteria on Which the Performance Goals Are Based. Awards that the Committee seek to qualify as “performance-based compensation” will be subject to the attainment of performance goals based on one or more of the following business criteria, as selected and defined by the Committee: (i) free cash flow; (ii) free cash flow per share; (iii) earnings before interest, taxes, depreciation, and amortization (“EBITDA”); (iv) improvement in EBITDA margins; (v) revenue growth; (vi) maintenance of targeted capital structure and leverage ratios; (vii) pre- or after-tax net income; (viii) earnings per share; (ix) share price performance; (x) total stockholder returns; (xi) economic value added; (xii) dividend payout ratio; (xiii) broadband subscriber net additions; (xiv) customer service operating results; (xv) network performance; and (xvi) any other criteria the Committee deems appropriate. Performance goals may be absolute in their terms or measured against or in relationship to the performance of other companies or indices selected by the Committee. The performance goals may be particular to one or more lines of business or subsidiaries or may be based on the performance of the Company and its subsidiaries as a whole. The performance goals may be identical for all participants for a given performance period or, at the discretion of the Committee, may differ among participants. In addition, performance goals may be adjusted for any extraordinary items or other unusual or non-recurring items (including acquisition expenses, extraordinary charges, losses from discontinued operations, restatements and accounting charges and restructuring expenses), as may be determined by the Committee.

Maximum Amount of Compensation. Subject to certain adjustments, (i) the maximum number of shares issued as stock options to any employee in any calendar year is 300,000 (25,000 shares in the case of a non-employee director); (ii) the maximum number of shares pursuant to which stock appreciation rights are issued to any employee in any calendar year is 300,000 (25,000 shares in the case of a non-employee director); (iii) no stock awards or stock unit awards made to an employee in any calendar year can relate to shares having a fair market value on the date of grant that exceeds \$6,000,000 (\$500,000 in the case of a non-employee director); and (iv) the maximum number of non-forfeitable shares subject to stock awards or stock unit awards that may be issued under the Plan to any employee in any calendar year is 300,000 (25,000 shares in the case of a non-employee director). In addition, no more than \$5,000,000 may be paid to an employee for each year in any performance period under a Cash Incentive Program.

### **Description of the Plan as Amended and Restated**

The following is a summary of the Plan. It is qualified by reference to the full text of the Plan, which is attached as Exhibit A to this proxy statement. Stockholders are encouraged to review the Plan carefully.

***Number of Shares and Maximum Cash Incentive Payments.*** The number of shares of the Company’s common stock that may be issued under the Plan would, if this amendment is adopted, increase from 1,650,000 shares to 2,650,000 shares. The number of shares that may be granted to each participant each year is limited as described above.

Shares issuable under the Plan may be authorized but unissued shares or treasury shares. If there is a lapse, forfeiture, expiration, termination or cancellation of any award made under the Plan for any reason, the shares subject to the award will again be available for issuance. Any shares subject to an award that are delivered to the Company by a participant, or withheld by the Company on behalf of a participant, as payment for an award or payment of withholding taxes due in connection with an award will again be available for issuance. The number of shares of common stock issuable under the Plan is subject to adjustment, in the event of any reorganization, recapitalization, stock split, stock distribution, merger, consolidation, split-up, spin-off, combination, subdivision, consolidation or exchange of shares, any change in the capital structure of the Company or any similar corporate transaction. In each case, the Company has the discretion to make adjustments it deems necessary to preserve the intended benefits under the Plan.

No award granted under the Plan may be transferred, except by will and the laws of descent and distribution, or as permitted by the Committee with respect to a stock-based award transferred without value by the participant during his lifetime for estate planning purposes.

***Administration.*** The Plan is administered by a committee comprised of two or more directors who satisfy the “non-employee director” definition under Rule 16b-3 of the Securities Exchange Act of 1934 and the “outside director” definition under Section 162(m) of the Code. If there are not two directors who satisfy this criteria, the Plan will be administered by the Board. The Plan is currently administered by the Compensation Committee of the Board. The Committee has full authority to select the individuals who will receive awards under the Plan, determine the form and amount of each of the awards to be granted and establish the terms and conditions of awards.

***Awards to Participants.*** The Plan provides for awards of stock options, stock appreciation rights, stock awards and stock unit awards to all participants and for cash awards to participants who are employees. Each stock-based award made under the Plan will be evidenced by a written award agreement specifying the terms and conditions of the award as determined by the Committee in its sole discretion, consistent with the terms of the Plan.

***Stock Options.*** The Committee has the discretion to grant non-qualified stock options and incentive stock options to participants and to set the terms and conditions applicable to the options, including the type of option, the number of shares subject to the option and the vesting schedule; provided that (i) the exercise price of each stock option shall not be less than the closing sales price of the Company’s common stock on the date which the option is granted (“fair market value”), (ii) the vesting period for each option will be at least one year (unless the Committee determines that a shorter period better serves the Company’s interest), and (iii) each option shall expire 10 years from the date of grant.

An incentive stock option, which may be granted only to employees, is subject to the following rules: (i) the aggregate fair market value (determined at the time the option is granted) of the shares of common stock with respect to which incentive stock options are exercisable for the first time by an employee during any calendar year (under all incentive stock option plans of the Company and its subsidiaries) shall not exceed \$100,000, and if this limitation is exceeded, that portion of the incentive stock option that does not exceed the applicable dollar limit shall be an incentive stock option and the remainder will be a non-qualified stock option; (ii) if an incentive stock option is granted to an employee who owns stock possessing more than 10% of the total combined voting power of all class of stock of the Company, the exercise price of the incentive stock option shall be 110% of the closing price of the common stock on the date of grant and the incentive stock option shall expire no later than five years from the date of grant; and (iii) no incentive stock option shall be granted after 10 years from the date the Plan was adopted.

***Stock Appreciation Rights.*** The Committee has the discretion to grant stock appreciation rights to participants. Each right entitles the participant to receive the difference between the fair market value of the common stock on the date of exercise of the right and the exercise price thereof, multiplied by the number of shares with respect to which the right is being exercised. The stock appreciation right may be issued independently or together with a stock option, in which case the exercise of a stock appreciation right will cancel the related option with respect to the same number of shares for which the stock appreciation right was exercised, and the exercise of an option will cancel the related stock appreciation right with respect to the same number of shares for which the option was exercised. Upon exercise, the stock appreciation right will be paid in cash or in shares of common

stock (based upon the fair market value on the date of exercise) or a combination thereof, as set forth in the award agreement. The Committee has the discretion to set the terms and conditions applicable to stock appreciation rights, provided that (i) the exercise price of each stock appreciation right will be not less than the fair market value of the common stock on the date of grant, (ii) the vesting period for each stock appreciation right will be at least one year (unless the Committee determines that a shorter period better serves the Company's interest), and (iii) each stock appreciation right will expire 10 years from the date of grant.

**Stock Awards.** The Committee has the discretion to grant stock awards to participants. The number of shares awarded to each participant, and the restrictions, terms and conditions of the award, will be at the discretion of the Committee. Subject to the restrictions, a participant will be a stockholder with respect to the shares awarded to him and will have the rights of a stockholder with respect to the shares, including the right to vote the shares and receive dividends on the shares; provided that dividends otherwise payable on any performance-based stock award, or stock dividends otherwise payable with respect to any stock award, will be held by the Company and will be paid only to the holder of the stock award to the extent the restrictions on such stock award lapse. The vesting period for any time-based stock award will be at least three years (unless the Committee determines that a shorter period better serves the Company's interest).

**Stock Unit Awards.** The Committee has the discretion to grant stock unit awards to participants. Each stock unit entitles the participant to receive, on a specified date or event set forth in the award agreement, one share of common stock of the Company or cash equal to the fair market value of one share on such date or event, as provided in the award agreement. The number of stock units awarded to each participant, and the terms and conditions of the award, will be at the discretion of the Committee. A participant will not be a stockholder with respect to the stock units awarded to him prior to the date they are settled in shares of common stock. Until the restrictions on the stock units lapse, the participant will be paid an amount equal to the dividends that would have been paid had the stock units been actual shares; provided that such dividend equivalents otherwise payable on any performance-based stock unit award, or stock dividend equivalents otherwise payable on any stock unit award, will be held by the Company and will be paid only to the holder of the stock unit award to the extent the restrictions on such stock unit award lapse. The vesting period for any time-based stock unit award will be at least three years (unless the Committee determines that a shorter period better serves the Company's interest).

**Cash Incentive Awards.** The Committee has the discretion to adopt one or more Cash Incentive Programs, pursuant to which employees will be eligible for cash payments based upon the level of attainment of pre-established performance goals set by the Committee with respect to a performance period (which the Committee sets with a duration of one to five years). The Committee has the discretion to set the terms and conditions applicable to the cash incentive award, including the eligible employees, the performance criteria and goals and the amount of payments to be made upon attainment of the goals.

**Performance-Based Compensation.** The Committee in its discretion may provide that any stock award or stock unit award will be subject to attainment of performance goals, including those that qualify the awards as "performance-based compensation" under Section 162(m) so that they are fully deductible by the Company for federal income tax purposes. Payments under any Cash Incentive Program shall be subject to the attainment of performance goals, including those that qualify the payment as performance-based compensation under Section 162(m) of the Code. In such case, the Committee will establish performance goals for certain performance periods and targets for achievement of the performance goals, and the performance-based restrictions on the stock award or stock unit award will lapse, and cash incentive payments will be made, if the performance goals and targets are achieved for the designated performance period. The performance goals will be based on one or more of the following criteria as described above.

**Payment for Stock Options and Withholding Taxes.** The Committee may make one or more of the following methods available for payment of the exercise price of a stock option, and for payment of the minimum required tax obligation associated with an award: (i) in cash; (ii) in cash received from a broker-dealer to whom the holder has submitted an exercise notice together with irrevocable instructions to deliver promptly to the Company the amount of sales proceeds from the sale of the shares subject to the award to pay the exercise price or tax withholding; (iii) by directing the Company to withhold shares of common stock otherwise issuable in connection with the award having a fair market value equal to the amount required to be withheld; and (iv) by delivery of previously acquired shares of common stock that are acceptable to the Committee.

**Provisions Relating to a “Change in Control” of the Company.** The Plan provides that if there is a change in control of the Company, and there is no assumption of outstanding awards by the successor entity, or conversion of outstanding awards into comparable equity awards of the successor entity, then as of the effective date of the change in control all stock options and stock appreciation rights will vest and all restrictions on all outstanding stock awards and stock unit awards will lapse, and if any restrictions relate to satisfying performance goals, the performance goals will be deemed satisfied at target levels (unless the target level was exceeded for any performance goal before the effective date of the change in control, in which case the restrictions will lapse based on actual attainment of the performance goal). If required by the terms of the transaction, the Committee has the right to cancel such grants after having given the participants a reasonable time to exercise the options and stock appreciation rights and take necessary action to receive stock or cash pursuant to stock and stock unit awards. The Plan also provides that if in connection with the change in control the Plan awards are assumed or converted by the successor entity as described above, and within 24 months following the effective date of the change in control the participant’s employment is terminated without cause or the participant terminates employment for good reason, or a participant who is a director is asked to resign for other than cause, all stock options and stock appreciation rights will vest and all restrictions on all outstanding stock awards and stock unit awards will lapse, and if any restrictions relate to satisfying performance goals, the performance goals will be deemed satisfied at target levels (unless the target level was exceeded for any performance goal before the date of termination of employment or service, in which case the restrictions will lapse based on actual attainment of the performance goal). See Section 15 of the Plan for the definition of “change in control”.

**Amendment and Termination of the Plan; Term of the Plan.** The Board may terminate, suspend or amend the Plan from time to time, without the approval of the stockholders, unless such approval is required by applicable law or stock exchange rule, provided that (i) no amendment shall be made to the Plan’s change in control provisions after the date of the change in control which would adversely affect any rights that would vest on the effective date of the change in control, and (ii) no amendment shall result in the modification or cancellation of an award without the written consent of the participant, unless there is a dissolution, liquidation, change in control or change in capital structure of the Company. Notwithstanding the foregoing, there shall be no amendment to the Plan or any award agreement that results in the repricing of stock options without stockholder approval (except in the case of an equitable adjustment to the awards to reflect changes in the capital structure of the Company or similar events).

No awards may be granted under the Plan on or after May 5, 2019.

**Awards Granted Under the Plan.** It is not possible to determine the awards that will be made under the Plan, since the Plan does not require that any awards be made to any individual and all awards under the Plan are at the discretion of the compensation committee.

### **Description of Changes from Existing Plan**

The only material change from the Plan as in effect prior to this amendment is the increase of 1,000,000 shares available for issuance under the Plan, from 1,650,000 shares to 2,650,000 shares. A non-material change approved by the Board lowered the annual limit on the number of shares that can be granted to non-employee directors (previously the annual share limit that applies to employees also applied to non-employee directors).

### **Summary of Federal Income Tax Consequences**

The following is a summary of the federal income tax consequences of the Plan. It is based on the federal tax laws and regulations currently in effect and existing administrative rulings of the Internal Revenue Service. Participants may also be subject to state and local taxes in connection with the grant of awards under the Plan. Participants should consult with their individual tax advisers to determine the tax consequences associated with awards granted under the Plan. This information may not be applicable to employees of foreign subsidiaries or to employees who are not residents of the United States.

**Non-Qualified Stock Options.** A participant will not recognize any income at the time the participant is granted a non-qualified stock option. On the date the participant exercises the non-qualified stock option, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of exercise over the exercise price. The participant will be responsible for remitting to the Company the

withholding tax obligation that arises at the time the option is exercised. The Company generally will receive a tax deduction for the same amount of ordinary income recognized by the participant. When the participant sells these shares, any gain or loss recognized by the participant is treated as either short-term or long-term capital gain or loss depending on whether the participant has held the shares more than one year.

***Incentive Stock Options.*** A participant will not recognize any income at the time the participant is granted an incentive stock option. If the participant is issued shares pursuant to the exercise of an incentive stock option, and if the participant does not make a disqualifying disposition of the shares within one year after the date of exercise or within two years after the date of grant, the participant will not recognize any income, for federal income tax purposes, at the time of the exercise. When the participant sells the shares issued pursuant to the incentive stock option, the participant will be taxed, for federal income tax purposes, as a long-term capital gain on any amount recognized by the participant in excess of the exercise price, and any loss sustained by the participant will be a long-term capital loss. No deduction will be allowed to the Company for federal income tax purposes. If, however, the participant sells the shares before the expiration of the holding periods, the participant will recognize ordinary income on the difference between the exercise price and the fair market value at exercise, and the Company generally will receive a tax deduction in the same amount. Upon exercise of an incentive stock option, the excess of the fair market value over the exercise price is an item of tax preference to the participant for purposes of determining the alternative minimum tax.

In order to qualify as an incentive stock option, the option must be exercised within three months after the participant's termination of employment for any reason other than death or disability and within one year after termination of the participant's employment due to disability. If the option is not exercised within this time period, it will be treated as a non-qualified stock option and taxed accordingly.

***Stock Appreciation Rights.*** A participant will not recognize any income at the time of the grant of the stock appreciation right. Upon exercise of the stock appreciation right, the participant will recognize ordinary income equal to the amount received upon exercise. The participant will be responsible for remitting to the Company the withholding tax obligation that arises at the time the ordinary income is recognized. The Company generally will be entitled to a deduction with respect to the ordinary income recognized by the participant.

***Stock Awards/Units.*** If the participant receives a stock award, the participant will recognize ordinary income upon becoming entitled to transfer the shares at the end of any restriction period without forfeiture. If the participant receives a stock unit award, he generally will recognize ordinary income when he receives shares or cash pursuant to the settlement of the award, provided that if the shares are subject to any restrictions on transfer, the participant will recognize ordinary income upon becoming entitled to transfer the shares at the end of the restriction period without forfeiture. The amount of income the participant recognizes will be equal to the fair market value of the shares on such date, or the amount of cash received. This amount will also be the participant's tax basis for the shares. The participant will be responsible for remitting to the Company the withholding tax obligation that arises at the time the ordinary income is recognized. In addition, the holding period begins on the day the restrictions lapse, or the date the shares are received if not subject to any restrictions, for purposes of determining whether the participant has long-term or short-term capital gain or loss on a subsequent sale of the shares. The Company generally will be entitled to a deduction with respect to the ordinary income recognized by the participant.

If a participant who receives a stock award subject to restrictions makes an election under Section 83(b) of the Code within 30 days after the date of the grant, the participant will have ordinary income equal to the fair market value on the date of grant, less the amount paid by the participant for the shares, and the participant will recognize no additional income until the participant subsequently sells the shares. The participant will be responsible for remitting to the Company the withholding tax obligation that arises at the time the ordinary income is recognized. When the participant sells the shares, the tax basis will be equal to the fair market value on the date of grant, and the holding period for capital gains purposes begins on the date of the grant. If the participant forfeits the shares subject to the Section 83(b) election, the participant will not be entitled to any deduction, refund, or loss for tax purposes (other than a capital loss with respect to the amount previously paid by the participant), and the Company will have to include the amount that it previously deducted from its gross income in the taxable year of the forfeiture.

**Cash Incentive Awards.** A participant who receives a cash incentive award will recognize ordinary income equal to the amount received. The Company generally will be entitled to a deduction with respect to the ordinary income recognized by the participant.

### **Board Recommendation and Stockholder Vote Required**

**The board of directors recommends a vote “FOR” (i) the approval of 1,000,000 increase in shares available under the Plan and (ii) the reapproval of the material terms of the Plan’s performance goals (Proposal No. 3 on the accompanying proxy card).**

The affirmative vote of the holders of a majority of the votes represented at the annual meeting in person or by proxy will be required for approval.

## **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

### **Related Person Transactions Policy**

Our audit committee has adopted a written Related Person Transactions Policy, which provides for procedures for review and oversight of transactions involving the Company and “related persons” (which consists of directors, director nominees, executive officers and stockholders owning five percent or more of the Company’s outstanding stock, any of their immediate family members, and any firm, corporation or other entity in which any of the foregoing persons is employed, is a general partner, principal or in a similar position or has, together with the beneficial ownership interests of all other “related persons,” a 10% or greater beneficial ownership interest). The policy covers any related person transaction that would be required to be disclosed in our proxy statement under applicable SEC rules (generally, transactions in which the Company is a participant, the amount involved exceeds \$120,000 and in which a “related person” has a direct or indirect material interest).

Certain transactions are not subject to specific review under the policy by virtue of being exempt from the set of related person transactions that must be disclosed pursuant to applicable SEC rules (“exempt transactions”). In addition, the audit committee has approved in the policy the provision of products or services by the Company and its subsidiaries to “related persons,” if conducted in the ordinary course of business and on terms that are no less favorable to the Company than those available to customers who are not related to the Company.

The policy requires, prior to a party entering into any related person transaction (other than an exempt transaction), to provide, to the extent practicable, notice to the Company of the proposed related person transaction. The audit committee or its chairperson may approve only those related person transactions that are in, or are not inconsistent with, the best interests of the Company and its stockholders, as the audit committee or its chairperson, as applicable, determines in good faith. In the event the Company becomes aware of a related person transaction that has not been previously approved or previously ratified under the policy that is pending or ongoing, it will be submitted to the audit committee or its chairperson, as applicable, which shall evaluate all options, including but not limited to ratification, amendment or termination of the related person transaction, and (if appropriate) any disciplinary actions recommended. No member of the audit committee may participate in the consideration, approval or ratification of any related person transaction with respect to which such member or any of his or her immediate family members is the “related person” or in which he, she or they otherwise have an interest.

### **SKL Investment Group**

Richard A. Lumpkin, together with members of his family, beneficially owns 100% of SKL Investment Group, a Delaware limited liability company (“SKL”), which is an investment company serving the Lumpkin family. Mr. Lumpkin and members of his family are the sole voting members of SKL. SKL and its related entities paid \$54,582 to the Company in 2014 for the use of office space, computers, telephones and for other office related equipment. This amount is based upon actual usage incurred by SKL. For example, in 2014, SKL paid \$39,176 to rent approximately 2,191 square feet of office space, which is equivalent to the Company’s base rent per square foot plus a prorated share of real-estate taxes, utilities, and maintenance. The charges for use of equipment and other office related expenses were based on actual third-party charges or SKL’s estimated share of usage. The Company believes these terms are reasonable and customary, and are comparable to those which would have been obtained in an arms-length transaction.

## **LATEL Sale/Leaseback**

The Company paid \$813,528 during 2014 to lease office and warehouse space from LATEL, LLC, a limited liability company of which Mr. Lumpkin and his immediate family have a beneficial ownership of 72.4%. Agracel Inc. (“Agracel”) is a real estate investment company of which Mr. Lumpkin, together with his family, beneficially owns 44.7%. In addition, Mr. Lumpkin and his son, Benjamin I. Lumpkin, are directors of Agracel. Agracel is the sole managing member and 50% owner of LATEL, LLC. These payments represent 84% of the total revenue of LATEL, LLC.

## **First Mid-Illinois Bancshares, Inc.**

Pursuant to various agreements with Consolidated Communications, Inc. (“CCI”), First Mid-Illinois provides the Company with general banking services, including depository, disbursement and payroll accounts, on terms comparable to those available to other large unaffiliated business accounts. Mr. Lumpkin and members of his family own approximately 30.7% of the common stock and 30.0% of the Series C Non-Cumulative Perpetual Convertible Preferred Stock of First Mid-Illinois. During 2014, the Company paid maintenance and activity related charges of \$20,922 to First Mid-Illinois and earned \$205 of interest on its deposits. The fees charged and earnings received on deposits through repurchase agreements, are based on First Mid-Illinois’ standard schedule for large customers.

Illinois Consolidated Telephone Company (“ICTC”), a wholly owned subsidiary of the Company, provides First Mid-Illinois with local dial tone, custom calling features, long distance and other telecommunications services. In 2014, First Mid-Illinois paid ICTC approximately \$290,688 for these services. These services are based on standard prices for strategic business customers.

The Company’s payments to First Mid-Illinois and its subsidiaries did not exceed 1% of the gross revenue of First Mid-Illinois. Also, payments from First Mid-Illinois did not exceed 1% of the Company’s gross revenue.

### **ANNUAL REPORT TO STOCKHOLDERS**

Our combined 2014 annual report to stockholders and annual report on Form 10-K for the year ended December 31, 2014 accompanies this proxy statement.

### **STOCKHOLDER PROPOSALS FOR 2016 ANNUAL MEETING**

The proxy rules of the SEC permit our stockholders, after notice to the Company, to present proposals for stockholder action in our proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for stockholder action and are not properly omitted by our action in accordance with the proxy rules. In order for any stockholder proposal to be considered for inclusion in our proxy statement to be issued in connection with our 2016 annual meeting of stockholders, that proposal must be received at our principal executive offices, 121 South 17th Street, Mattoon, Illinois 61938-3987 (Attention: Secretary), no later than December 1, 2015.

Our amended and restated bylaws provide that certain additional requirements be met in order that business, including the nomination of directors, may properly come before the stockholders at the annual meeting. Among other things, stockholders intending to bring business before the annual meeting must provide written notice of such intent to the Secretary of the Company. Such notice must be given not less than 90 days nor more than 120 days prior to the first anniversary of the date on which we mailed our proxy materials for the preceding year's annual meeting. In addition, the following information must be provided regarding each proposal: as to each person whom the stockholder proposes to nominate for election as a director, the name, age, business address and, if known, residential address, principal occupation or employment, the class, series and number of shares beneficially owned by such nominee and all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required by Regulation 14A of the Exchange Act, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; a brief description of the business desired to be brought before the meeting; the text of any resolution proposed to be adopted at the meeting; and the reasons for conducting such business at the meeting; and a statement of any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made and, in the case of director nominations, a description of all arrangements or understandings between the stockholder and each nominee and any other persons (naming them) pursuant to which the nominations are to be made by the stockholder.

In addition, the following information must be provided regarding the stockholder giving the notice and the beneficial owner, if any, on whose behalf the proposal is made: the name and address of such stockholder, as it appears on the Company's stock transfer books, and of such beneficial owner; the class, series and number of shares of the Company which are owned beneficially and of record by such stockholder and such beneficial owner; a representation that the stockholder giving the notice is a stockholder of record and intends to appear in person or by a qualified representative at the annual meeting to bring the business proposed in the notice before the meeting; a representation whether the stockholder or the beneficial owner, if any, intends or is part of a group which intends to solicit proxies from stockholders in support of such proposal or nomination; and any other information relating to such stockholder that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the Exchange Act and the rules and regulations promulgated thereunder.

## GENERAL

### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers, and any persons who beneficially own more than 10% of our stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our stock. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. As a matter of practice, our administrative staff assists our executive officers and directors in preparing and filing such reports with the SEC.

To our knowledge, based solely upon a review of filings with the SEC and written representations that no other reports were required, we believe that all of our directors and executive officers complied during 2014.

### Other Information

The expenses of preparing and mailing this proxy statement and the accompanying proxy card and the cost of solicitation of proxies, if any, will be borne by us. In addition to the use of mailings, proxies may be solicited by personal interview and telephone and by our directors, officers and regular employees without special compensation therefore. We expect to reimburse banks, brokers and other persons for their reasonable out-of-pocket expenses in handling proxy materials for beneficial owners of our common stock.

Unless contrary instructions are indicated on the proxy card, all shares of common stock represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted in accordance with the recommendation of the board of directors.

## OTHER MATTERS

Our board does not know of any other matters that are to be presented for action at the 2014 annual meeting. Should any other matter come before the annual meeting, however, the persons named in the enclosed proxy will have discretionary authority to vote all proxies with respect to such matter in accordance with their judgment.

**2005 LONG-TERM INCENTIVE PLAN**  
**(As Amended And Restated Effective May 4, 2015)**

**§ 1.**

**PURPOSE**

The primary purpose of this Plan is to promote the interest of the Company by authorizing the Committee to grant Options, Stock Appreciation Rights, Stock Grants, Stock Unit Grants and Cash Incentive Program awards to Eligible Employees and Directors in order to (1) attract and retain Eligible Employees and Directors, (2) provide an additional incentive to each Eligible Employee or Director to work to increase the Company's long-term value and (3) provide each Eligible Employee or Director with a stake in the future of the Company that corresponds to the stake of each of the Company's stockholders.

**§ 2.**

**DEFINITIONS**

2.1 Board means the Board of Directors of the Company.

2.2 Cash Incentive Program means a cash incentive program described in § 10.

2.3 Cause means, with respect to an Eligible Employee or Director:

- (a) the conviction of, pleading guilty to, or confessing or otherwise admitting to any felony or any act of fraud, misappropriation or embezzlement;
- (b) the act or omission by the individual involving malfeasance or gross negligence in the performance of the individual's duties and responsibilities to the material detriment of the Company; or
- (c) the breach of any provision of any code of conduct adopted by the Company which applies to the Company if the consequence to such violation for any individual subject to such code of conduct ordinarily would be a termination of his or her employment by the Company or removal from the Board, as applicable; provided however,
- (d) no such act or omission or event shall be treated as "Cause" under this Plan unless (i) the individual has been provided a detailed, written statement of the basis for belief that such act or omission or event constitutes "Cause" and an opportunity to meet with the Committee (together with the individual's counsel if the individual chooses to have counsel present at such meeting) after the individual has had a reasonable period in which to review such statement and, if the act or omission or event is one which can be cured by the individual, the individual has had at least a thirty (30) day period to take corrective action and (ii) a majority of the Committee after such meeting (if the individual exercises the individual's right to have a meeting) and after the end of such thirty (30) day correction period (if applicable) determines reasonably and in good faith that "Cause" does exist under this Plan.

2.4 Change Effective Date means either the date which includes the "closing" of the transaction which makes a Change in Control effective if the Change in Control is made effective through a transaction which has a "closing" or the date a Change in Control is reported in accordance with applicable law as effective to the Securities and Exchange Commission if the Change in Control is made effective other than through a transaction which has a "closing".

2.5 Change in Control means a change in control of the Company of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the 1934 Act as in effect at the time of such “change in control”, provided that such a change in control shall be deemed to have occurred at such time as

- (a) any “person” (as that term is used in Sections 13(d) and 14(d)(2) of the 1934 Act), other than an “affiliate” (as that term is defined in Section 5 of Article IV of the Company’s amended and restated certificate of incorporation) of Richard A. Lumpkin, is or becomes the beneficial owner (as defined in Rule 13d-3 under the 1934 Act) directly or indirectly, of securities representing a majority of the combined voting power for election of directors of the then outstanding securities of the Company or any successor to the Company;
- (b) during any period of two consecutive years or less, individuals who at the beginning of such period constitute the Board cease, for any reason, to constitute at least a majority of the Board, unless the election or nomination for election of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period;
- (c) the stockholders of the Company approve any reorganization, merger, consolidation or share exchange as a result of which the common stock of the Company shall be changed, converted or exchanged into or for securities of another corporation (other than a merger with a wholly-owned subsidiary of the Company) or any dissolution or liquidation of the Company or any sale or the disposition of 50% or more of the assets or business of the Company; or
- (d) stockholders of the Company approve any reorganization, merger, consolidation or share exchange unless (i) the persons who were the beneficial owners of the outstanding shares of the common stock of the Company immediately before the consummation of such transaction beneficially own at least a majority of the outstanding shares of the common stock of the successor or survivor corporation in such transaction immediately following the consummation of such transaction and (ii) the number of shares of the common stock of such successor or survivor corporation beneficially owned by the persons described in § 2.5(d) (i) immediately following the consummation of such transaction is beneficially owned by each such person in substantially the same proportion that each such person had beneficially owned shares of the Company common stock immediately before the consummation of such transaction, provided (iii) the percentage described in § 2.5(d)(i) of the beneficially owned shares of the successor or survivor corporation and the number described in § 2.5(d)(ii) of the beneficially owned shares of the successor or survivor corporation shall be determined exclusively by reference to the shares of the successor or survivor corporation which result from the beneficial ownership of shares of common stock of the Company by the persons described in § 2.5(d)(i) immediately before the consummation of such transaction.

2.6 Code means the Internal Revenue Code of 1986, as amended.

2.7 Committee means (a) a committee of the Board which shall have at least two members, each of whom shall be appointed by and shall serve at the pleasure of the Board and shall come within the definition of a “non-employee director” under Rule 16b-3 and an “outside director” under § 162(m) of the Code or (b) if the Board does not have two members who meet this criteria, the Board.

2.12 Good Reason means with respect to any Eligible Employee or Director:

- (a) the material reduction after the Change Effective Date in the individual's base salary and/or bonus opportunity without the individual's express written consent;
- (b) the material reduction after the Change Effective Date in the scope, importance or prestige of individual's duties, responsibilities or powers at the Company without the individual's express written consent; or
- (c) the Company transfers the individual's primary work site to a new primary work site which is more than 30 miles (measured along a straight line) from the individual's then current primary work site unless such new primary work site is closer (measured along a straight line) to the individual's primary residence than individual's then current primary work site; provided however;
- (d) no such act or omission shall be treated as "Good Reason" under this Plan unless:
  - (i) (A) The individual delivers to the Committee a detailed, written statement of the basis for the individual's belief that such act or omission constitutes Good Reason, (B) the individual delivers such statement before the later of (I) the end of the ninety (90) day period which starts on the date there is an act or omission which forms the basis for the individual's belief that Good Reason exists or (II) the end of the period mutually agreed upon for purposes of this paragraph in writing by the individual and the Committee, (C) the individual gives the Committee a thirty (30) day period after the delivery of such statement to cure the basis for such belief and (D) the Individual actually submits his or her written resignation to the Committee during the sixty (60) day period which begins immediately after the end of such thirty (30) day period if the individual reasonably and in good faith determines that Good Reason continues to exist after the end of such thirty (30) day period; or
  - (ii) the Company states in writing to the individual that the individual has the right to treat any such act or omission as Good Reason under this Plan and the individual resigns during the sixty (60) day period which starts on the date such statement is actually delivered to the individual.

3.2 Source of Shares. The shares of Stock described in § 3.1 shall be reserved to the extent that the Company deems appropriate from authorized but unissued shares of Stock and from shares of Stock which have been reacquired by the Company. All shares of Stock described in § 3.1 shall remain available for issuance under this Plan until issued pursuant to the exercise of an Option or a Stock Appreciation Right or issued pursuant to a

Stock Grant, and any such shares of stock which are issued pursuant to an Option, a Stock Appreciation Right or a Stock Grant which are forfeited thereafter shall again become available for issuance under this Plan. Finally, if the Option Price under an Option is paid in whole or in part in shares of Stock or if shares of Stock are tendered to the Company in satisfaction of any condition to a Stock Grant, such shares thereafter shall become available for issuance under this Plan and shall be treated the same as any other shares available for issuance under this Plan.

The Plan is hereby amended and restated, effective as of May 5, 2009, subject to approval by the stockholders of the Company at the Company's annual meeting of stockholders to be held on May 5, 2009 and any adjournment or postponement thereof.

4.2 Stockholder Approval. In the event the Plan is not approved by stockholders at the Company's 2009 annual meeting, (a) the Plan as amended and restated shall have no effect; (b) the terms of the Plan as in effect immediately prior to the amendment and restatement shall remain in effect and, to the extent permitted under those terms, shall apply to all Grants and Cash Incentive Program payments made on or after May 5, 2009; and (c) any Grants and Cash Incentive Program payments made on or after May 5, 2009 not permitted under the terms of the Plan as in effect immediately prior to the amendment and restatement shall be cancelled.

## § 5.

### COMMITTEE

This Plan shall be administered by the Committee. The Committee acting in its absolute discretion shall exercise such powers and take such action as expressly called for under this Plan and, further, the Committee shall have the power to interpret this Plan and (subject to § 15 and § 16 and Rule 16b-3) to take such other action in the administration and operation of this Plan as the Committee deems equitable under the circumstances, which action shall be binding on the Company, on each affected Eligible Employee or Director and on each other person directly or indirectly affected by such action. Furthermore, the Committee as a condition to making any grant under this Plan to any Eligible Employee or Director shall have the right to require him or her to execute an agreement which makes the Eligible Employee or Director subject to non-competition provisions and other restrictive covenants which run in favor of the Company.

§ 6.

ELIGIBILITY

Only Eligible Employees shall be eligible for a grant of ISOs under this Plan, and only Eligible Employees shall be eligible to participate in any Cash Incentive Program. All Eligible Employees and all Directors shall be eligible for a grant of Non-ISOs, Stock Appreciation Rights, Stock Grants and Stock Unit Grants under this Plan.

§ 7.

OPTIONS

7.1 Committee Action. The Committee acting in its absolute discretion shall have the right to grant Options to Eligible Employees and to Directors under this Plan from time to time to purchase shares of Stock, but the Committee shall not (subject to § 14) take any action, whether through amendment, cancellation, replacement grants, or any other means, to reduce the Option Price of any outstanding Options absent the approval of the Company's stockholders. Each grant of an Option to a Eligible Employee or Director shall be evidenced by an Option Certificate, and each Option Certificate shall set forth whether the Option is an ISO or a Non-ISO and shall set forth such other terms and conditions of such grant as the Committee acting in its absolute discretion deems consistent with the terms of this Plan; however, (a) if the Committee grants an ISO and a Non-ISO to a Eligible Employee on the same date, the right of the Eligible Employee to exercise the ISO shall not be conditioned on his or her failure to exercise the Non-ISO and (b) if the only condition to exercise of the Option is the completion of a period of service, such period of service shall be no less than the one (1) year period which starts on the date as of which the Option is granted unless the Committee determines that a shorter period of service (or no period of service) better serves the Company's interest.

7.2 \$100,000 Limit. No Option shall be treated as an ISO to the extent that the aggregate Fair Market Value of the Stock subject to the Option which would first become exercisable in any calendar year exceeds \$100,000. Any such excess shall instead automatically be treated as a Non-ISO. The Committee shall interpret and administer the ISO limitation set forth in this § 7.2 in accordance with § 422(d) of the Code, and the Committee shall treat this § 7.2 as in effect only for those periods for which § 422(d) of the Code is in effect.

7.3 Option Price. The Option Price for each share of Stock subject to an Option shall be no less than the Fair Market Value of a share of Stock on the date the Option is granted; provided, however, if the Option is an ISO granted to an Eligible Employee who is a Ten Percent Stockholder, the Option Price for each share of Stock subject to such ISO shall be no less than 110% of the Fair Market Value of a share of Stock on the date such ISO is granted.

7.4 Payment. The Option Price shall be payable in full upon the exercise of any Option and, at the discretion of the Committee, an Option Certificate can provide for the payment of the Option Price either in cash, by check or in Stock which is acceptable to the Committee, through any cashless exercise procedure which is effected by an unrelated broker through a sale of Stock in the open market and which is acceptable to the Committee, by directing the Company to withhold shares of Stock otherwise issuable in connection with the exercise of the Option having a Fair Market Value equal to the exercise price, or in any combination of such forms of payment. Any payment made in Stock shall be treated as equal to the Fair Market Value of such Stock on the date the certificate for such Stock (or proper evidence of such certificate) is presented to the Committee or its delegate in such form as acceptable to the Committee.

7.5 Exercise.

- (a) Exercise Period. Each Option granted under this Plan shall be exercisable in whole or in part at such time or times as set forth in the related Option Certificate, but no Option Certificate shall make an Option exercisable on or after the earlier of

- (i) the date which is the fifth anniversary of the date the Option is granted, if the Option is an ISO and the Eligible Employee is a Ten Percent Stockholder on the date the Option is granted, or
  - (ii) the date which is the tenth anniversary of the date the Option is granted, if the Option is (A) a Non-ISO or (B) an ISO which is granted to an Eligible Employee who is not a Ten Percent Stockholder on the date the Option is granted.
- (b) Termination of Status as Eligible Employee or Director. Subject to § 7.5(a), an Option Certificate may provide for the exercise of an Option after an Eligible Employee's or a Director's status as such has terminated for any reason whatsoever, including death or disability.

## § 8.

### **STOCK APPRECIATION RIGHTS**

8.1 Committee Action. The Committee acting in its absolute discretion shall have the right to grant Stock Appreciation Rights to Eligible Employees and to Directors under this Plan from time to time, and each Stock Appreciation Right grant shall be evidenced by a Stock Appreciation Right Certificate or, if such Stock Appreciation Right is granted as part of an Option, shall be evidenced by the Option Certificate for the related Option.

8.2 Terms and Conditions.

- (a) Stock Appreciation Right Certificate. If a Stock Appreciation Right is granted independent of an Option, such Stock Appreciation Right shall be evidenced by a Stock Appreciation Right Certificate, and such certificate shall set forth the number of shares of Stock on which the Eligible Employee's or Director's right to appreciation shall be based and the SAR Value of each share of Stock. Such SAR Value shall be no less than the Fair Market Value of a share of Stock on the date that the Stock Appreciation Right is granted. The Stock Appreciation Right Certificate shall set forth such other terms and conditions for the exercise of the Stock Appreciation Right as the Committee deems appropriate under the circumstances, but no Stock Appreciation Right Certificate shall make a Stock Appreciation Right exercisable on or after the date which is the tenth anniversary of the date such Stock Appreciation Right is granted.
- (b) Option Certificate. If a Stock Appreciation Right is granted together with an Option, such Stock Appreciation Right shall be evidenced by an Option Certificate, the number of shares of Stock on which the Eligible Employee's or Director's right to appreciation shall be based shall be the same as the number of shares of Stock subject to the related Option, and the SAR Value for each such share of Stock shall be no less than the Option Price under the related Option. Each such Option Certificate shall provide that the exercise of the Stock Appreciation Right with respect to any share of Stock shall cancel the Eligible Employee's or Director's right to exercise his or her Option with respect to such share and, conversely, that the exercise of the Option with respect to any share of Stock shall cancel the Eligible Employee's or Director's right to exercise his or her Stock Appreciation Right with respect to such share. A Stock Appreciation Right which is granted as part of an Option shall be exercisable only while the related Option is exercisable. The Option Certificate shall set forth such other terms and conditions for the exercise of the Stock Appreciation Right as the Committee deems appropriate under the circumstances.

- (c) Minimum Period of Service. If the only condition to exercise of a Stock Appreciation Right is the completion of a period of service, such period of service shall be no less than the one (1) year period which starts on the date as of which the Stock Appreciation Right is granted unless the Committee determines that a shorter period of service (or no period of service) better serves the Company's interest.

8.3 Exercise. A Stock Appreciation Right shall be exercisable only when the Fair Market Value of a share of Stock on which the right to appreciation is based exceeds the SAR Value for such share, and the payment due on exercise shall be based on such excess with respect to the number of shares of Stock to which the exercise relates. An Eligible Employee or Director upon the exercise of his or her Stock Appreciation Right shall receive a payment from the Company in cash or in Stock issued under this Plan, or in a combination of cash and Stock, and the number of shares of Stock issued shall be based on the Fair Market Value of a share of Stock on the date the Stock Appreciation Right is exercised. The Committee acting in its absolute discretion shall have the right to determine the form and time of any payment under this § 8.3.

## § 9.

### STOCK GRANTS AND STOCK UNIT GRANTS

9.1 Committee Action. The Committee acting in its absolute discretion shall have the right to make Stock Grants and Stock Unit Grants to Eligible Employees and Directors. Each Stock Grant and each Stock Unit Grant shall be evidenced by a Stock Grant Certificate, and each Stock Grant Certificate shall set forth the conditions, if any, under which Stock will be issued under the Stock Grant or Stock Unit Grant or cash will be paid under the Stock Unit Grant and the conditions under which the Eligible Employee's or Director's interest in any Grant will become non-forfeitable.

9.2 Conditions.

- (a) Conditions to Issuance of Stock. The Committee acting in its absolute discretion may make the issuance of Stock under a Stock Grant, or the issuance of Stock or payment in cash under a Stock Unit Grant, subject to the satisfaction of one or more conditions which the Committee deems appropriate under the circumstances for Eligible Employees or Directors generally or for an Eligible Employee or a Director in particular, and the related Stock Grant Certificate shall set forth each such condition and the deadline for satisfying each such condition. Stock subject to a Stock Grant, or the Stock or cash payment subject to a Stock Unit Grant, shall be issued or paid to an Eligible Employee or Director only after each such condition, if any, has been timely satisfied, and any Stock issued in connection with a Stock Grant shall be held by the Company pending the satisfaction of the forfeiture conditions, if any, under § 9.2(b) for the related Stock Grant.
- (b) Conditions on Forfeiture of Stock or Cash Payment. The Committee acting in its absolute discretion may make any cash payment due under a Stock Unit Grant or Stock issued in the name of an Eligible Employee or Director under a Stock Grant or Stock Unit Grant non-forfeitable subject to the satisfaction of one or more objective employment, performance or other condition that the Committee acting in its absolute discretion deems appropriate under the circumstances for Eligible Employees or Directors generally or for an Eligible Employee or a Director in particular, and the related Stock Grant Certificate shall set forth each such condition, if any, and the deadline, if any, for satisfying each such condition. An Eligible Employee's or a Director's non-forfeitable interest in the shares of Stock underlying a Stock Grant or the cash payable or Stock issuable under a Stock Unit Grant shall depend on the extent to which he or she timely satisfies each such condition. If a share of Stock is issued under this § 9.2(b) before a Eligible Employee's or Director's interest in such share of Stock is non-forfeitable, (i) [such share of Stock shall not be available for re-issuance under § 3 until such time, if any, as such share of Stock thereafter is forfeited as a result of a failure to timely satisfy a forfeiture condition and (ii)] the Company shall have the right to condition any such

issuance on the Eligible Employee or Director first signing an irrevocable stock power in favor of the Company with respect to the forfeitable shares of Stock issued to such Eligible Employee or Director in order for the Company to effect any forfeiture called for under the related Stock Grant Certificate.

- (c) Minimum Period of Service. If the only condition to the forfeiture of a Stock Grant or a Stock Unit Grant is the completion of a period of service, such period of service shall be no less than the three (3) year period which starts on the date as of which the Stock Grant or Stock Unit Grant is made unless the Committee determines that a shorter period of service (or no period of service) better serves the Company's interest.

### 9.3 Dividends, Voting Rights and Creditor Status.

- (a) Cash Dividends. Except as otherwise set forth in § 9.3(d) or in a Stock Grant Certificate, if a cash dividend is paid on a share of Stock after such Stock has been issued under a Stock Grant, or a cash dividend would be payable with respect to the shares of Stock described in a Stock Unit Grant had such shares been outstanding, but in each case before the first date that an Eligible Employee's or a Director's interest in such Stock or Stock Unit (i) is forfeited completely or (ii) becomes completely non-forfeitable, the Company shall pay such cash dividend directly to such Eligible Employee or Director.
- (b) Stock Dividends. Except as otherwise set forth in § 9.3(d), if a Stock dividend is paid on a share of Stock after such Stock has been issued under a Stock Grant, or a Stock dividend would be payable with respect to the shares of Stock described in a Stock Unit Grant had they been outstanding, but in each case before the first date that an Eligible Employee's or a Director's interest in such Stock or Stock Unit (i) is forfeited completely or (ii) becomes completely non-forfeitable, the Company shall hold such dividend Stock and pay such dividend Stock only upon, and to the extent, the conditions under § 9.2(b) applicable to the related Stock Grant or Stock Unit Grant are satisfied.
- (c) Other. Except as otherwise set forth in § 9.3(d), if a dividend (other than a dividend described in § 9.3(a) or § 9.3(b)) is paid with respect to a share of Stock after such Stock has been issued under a Stock Grant, or such dividend would be payable with respect to the shares of Stock described in a Stock Unit Grant had they been outstanding, but in each case before the first date that an Eligible Employee's or a Director's interest in such Stock or Stock Unit (i) is forfeited completely or (ii) becomes completely non-forfeitable, the Company shall distribute or hold such dividend in accordance with such rules as the Committee shall adopt with respect to each such dividend.
- (d) Performance-Based Grants. Notwithstanding the foregoing provisions of this §9.3, in the case of any dividends otherwise payable as described in § 9.3(a), (b) or (c) with respect to a Stock Grant or Stock Unit Grant subject to the attainment of performance goals as described in § 9.5, the Company shall hold such dividends and pay such dividends only upon, and to the extent, the conditions under § 9.2(b) applicable to the related Stock Grant or Stock Unit Grant are satisfied.
- (e) Voting. Except as otherwise set forth in a Stock Grant Certificate, an Eligible Employee or a Director shall have the right to vote the Stock issued under his or her Stock Grant during the period which comes after such Stock has been issued under a Stock Grant but before the first date that an Eligible Employee's or Director's interest in such Stock (i) is forfeited completely or (ii) becomes completely non-forfeitable.

9.4 Satisfaction of Forfeiture Conditions. A share of Stock shall cease to be subject to a Stock Grant or Stock Unit Grant at such time as an Eligible Employee's or a Director's interest in such Grant becomes non-forfeitable under this Plan, and the certificate or other evidence of ownership representing such share, or if applicable the cash payment, shall be transferred to the Eligible Employee or Director as soon as practicable thereafter.

9.5 Performance-Based Stock Grants and Stock Unit Grants.

- (a) General. The Committee in its discretion may make Stock Grants and Stock Unit Grants to Eligible Employees and Directors subject to one or more conditions related to one or more performance goals, including the performance goals described in § 9.5(b) that qualify the Grant as "performance-based compensation" under § 162(m) of the Code.
- (b) Performance Goals. A performance goal is described in this § 9.5(b) if such goal relates to (i) free cash flow, (ii) free cash flow per share, (iii) earnings before interest, taxes, depreciation, and amortization ("EBITDA"), (iv) improvement in EBITDA margins, (v) revenue growth, (vi) maintenance of targeted capital structure and leverage ratios, (vii) pre or after-tax net income, (viii) earnings per share, (ix) share price performance, (x) total stockholder returns, (xi) economic value added, (xii) dividend payout ratio, (xiii) broadband subscriber net additions, (xiv) customer service operating results, (xv) network performance and (xvi) any other criteria the Committee deems appropriate. Performance goals may be particular to one or more lines of business or Subsidiaries or may be based on the performance of the Company and its Subsidiaries as a whole.
- (c) Adjustments. When the Committee determines whether a performance goal has been satisfied for any Performance Period established by the Committee, the Committee may exclude any or all "extraordinary items" as determined under U.S. generally accepted accounting principles and any other unusual or non-recurring items, including, without limitation, the charges or costs associated with restructurings of the Company, discontinued operations, and the cumulative effects of accounting changes and, further, may take into account any unusual or non-recurring events affecting the Company, changes in applicable tax laws or accounting principles, or such other factors as the Committee may determine are reasonable and appropriate under the circumstances (including, without limitation, taking into account any factor that would result in the Company's paying non-deductible compensation to an Eligible Employee).
- (d) Performance Period. With respect to each Performance Period established by the Committee, (i) the Committee shall establish such performance goals relating to one or more of the business criteria selected pursuant to § 9.5(b), and (ii) the Committee shall establish targets for achievement of performance goals. The performance goals and performance targets established by the Committee may be identical for all Eligible Employees and Directors for a given Performance Period or, at the discretion of the Committee, may differ among them. Following the completion of each Performance Period, the Committee shall determine the extent to which performance goals for that Performance Period have been achieved and shall authorize the award of Stock Grants, Stock Units, shares of Stock or cash, as applicable, to the Eligible Participants and Directors for whom the targets were established, in accordance with the terms of the applicable Grant Certificates.

§ 10.

**CASH INCENTIVE PROGRAM**

10.1 General. The Committee may adopt one or more Cash Incentive Programs under this Plan, and each such Program shall run for a Performance Period which shall be expressed in whole years, from one to five years. Such Cash Incentive Program shall be separate and distinct from any other cash incentive plan or program sponsored by the Company. The Committee shall determine the terms and conditions for any Eligible Employee

to participate in each such Program, and payments shall be made thereunder based on the satisfaction of one or more performance goals, including the performance goals described in § 10.2 that qualify the payments as “performance-based compensation” under § 162(m) of the Code. A performance goal may be set in any manner determined by the Committee, including looking to achievement on an absolute or relative basis in relation to peer groups or indexes.

10.2 Performance Goals. A performance goal is described in this § 10.2 if such goal relates to (a) free cash flow, (b) free cash flow per share, (c) earnings before interest, taxes, depreciation, and amortization (“EBITDA”), (d) improvement in EBITDA margins, (e) revenue growth, (f) maintenance of targeted capital structure and leverage ratios, (g) pre or after-tax net income, (h) earnings per share, (i) share price performance, (j) total stockholder returns, (k) economic value added, (l) dividend payout ratio, (m) broadband subscriber net additions, (n) customer service operating results, (o) network performance and (p) any other criteria the Committee deems appropriate. Performance goals may be particular to one or more lines of business or Subsidiaries or may be based on the performance of the Company and its Subsidiaries as a whole.

10.3 Adjustments. When the Committee determines whether a performance goal has been satisfied for any period, the Committee may exclude any or all “extraordinary items” as determined under U.S. generally accepted accounting principles and any other unusual or non-recurring items, including, without limitation, the charges or costs associated with restructurings of the Company, discontinued operations, and the cumulative effects of accounting changes and, further, may take into account any unusual or non-recurring events affecting the Company, changes in applicable tax laws or accounting principles, or such other factors as the Committee may determine are reasonable and appropriate under the circumstances (including, without limitation, taking into account any factor that would result in the Company’s paying nondeductible compensation to an Eligible Employee).

10.4 Performance Period. With respect to each Performance Period established by the Committee, (i) the Committee shall establish such performance goals relating to one or more of the business criteria selected pursuant to § 10.2, and (ii) the Committee shall establish targets for Eligible Employees for achievement of performance goals. The performance goals and performance targets established by the Committee may be identical for all Eligible Employees for a given Performance Period or, at the discretion of the Committee, may differ among Eligible Employees. Following the completion of each Performance Period, the Committee shall determine the extent to which performance goals for that Performance Period have been achieved and shall authorize payment in accordance with the terms of the Cash Incentive Program.

## § 11.

### CONDITIONS OF TRANSFER

Each Option and each Stock Appreciation Right granted under this Plan and each Stock Grant and Stock Unit Grant made under this Plan shall be transferable by the Eligible Employee or Director to whom the related grant is made only by will or the laws of descent and distribution, unless the Committee authorizes a transfer under circumstances other than by will or the laws of descent and distribution in accordance with this § 11. A transfer (other than by will or the laws of descent and distribution) shall be authorized in accordance with this § 11 only if (a) an Eligible Employee or Director requests in writing that the Committee authorize such transfer, (b) the Eligible Employee or Director demonstrates to the Committee’s satisfaction that the transfer is contemplated in connection with a professionally prepared estate plan for the Eligible Employee or Director and (c) the Committee acting in its absolute discretion determines that (1) the requested transfer is not inconsistent with the purpose of this Plan, (2) there is no legal prohibition against such transfer and (3) there will be a basis on which to register any related shares of Stock under the 1933 Act or there will be a registration exemption under the 1933 Act if the request is granted. If a transfer is authorized in accordance with this § 11, the related Option, Stock Appreciation Right, Stock Grant or Stock Unit Grant shall by operation of this § 11 remain immediately following such transfer subject to the same terms and conditions as in effect immediately before such transfer, and no shares of Stock shall be issued to any person pursuant to such transfer and no cash shall be paid to any such person pursuant to such transfer before the Eligible Employee or Director satisfies in full all of the conditions for such issuance or payment and pays, or makes provision satisfactory to the Committee for the payment of, any applicable taxes due with respect to such

issuance or payment. The Committee as a condition to any authorization under this § 11 may require an Eligible Employee or Director to reimburse the Company for any additional expenses the Company incurs to register any affected shares of Stock under the 1933 Act. Finally, if a transfer is authorized in accordance with this § 11, the Eligible Employee or a Director shall by operation of this § 11 have the responsibility to notify any transferee of any events or conditions which affect any related Option, Stock Appreciation Right, Stock Grant or Stock Unit Grant, including any deadline for taking any action with respect to any such Option, Stock Appreciation Right, Stock Grant or Stock Unit Grant, and neither the Committee nor the Company shall have any responsibility whatsoever to notify any transferee of any such events or conditions. Subject to § 17.5, the restrictions on transferability described in this § 11 shall not apply to shares of Stock that have actually been delivered to the transferee as a result of the exercise of an Option or Stock Appreciation Right or the lapse of all restrictions with respect to a Stock Grant.

**§ 12.**

**SECURITIES REGISTRATION**

As a condition to the receipt of shares of Stock under this Plan, the Eligible Employee or Director shall, if so requested by the Company, agree to hold such shares of Stock for investment and not with a view of resale or distribution to the public and, if so requested by the Company, shall deliver to the Company a written statement satisfactory to the Company to that effect. Furthermore, if so requested by the Company, the Eligible Employee or Director shall make a written representation to the Company that he or she will not sell or offer for sale any of such Stock unless a registration statement shall be in effect with respect to such Stock under the 1933 Act and any applicable state securities law or he or she shall have furnished to the Company an opinion in form and substance satisfactory to the Company of legal counsel satisfactory to the Company that such registration is not required. Certificates or other evidence of ownership representing the Stock transferred upon the exercise of an Option or Stock Appreciation Right or upon the lapse of the forfeiture conditions, if any, on any Stock Grant may at the discretion of the Company bear a legend to the effect that such Stock has not been registered under the 1933 Act or any applicable state securities law and that such Stock cannot be sold or offered for sale in the absence of an effective registration statement as to such Stock under the 1933 Act and any applicable state securities law or an opinion in form and substance satisfactory to the Company of legal counsel satisfactory to the Company that such registration is not required.

**§ 13.**

**LIFE OF PLAN**

Notwithstanding anything to the contrary contained herein, no Grant shall be made under this Plan, and no Cash Incentive Program shall commence, on or after May 5, 2019.

**§ 14.**

**ADJUSTMENT**

14.1 **Capital Structure.** The grant caps described in § 3.4, the number, kind or class (or any combination thereof) of shares of Stock subject to outstanding Options and Stock Appreciation Rights granted under this Plan and the Option Price of such Options and the SAR Value of such Stock Appreciation Rights as well as the number, kind or class (or any combination thereof) of shares of Stock subject to outstanding Stock Grants and Stock Unit Grants made under this Plan shall be adjusted by the Committee in a reasonable and equitable manner to preserve immediately after

- (a) any equity restructuring or change in the capitalization of the Company, including, but not limited to, spin offs, stock dividends, large non-reoccurring dividends, rights offerings or stock splits, or

- (b) any other transaction described in § 424(a) of the Code which does not constitute a Change in Control of the Company

the aggregate intrinsic value of each such outstanding Option, Stock Appreciation Right, Stock Grant and Stock Unit Grant immediately before such restructuring or recapitalization or other transaction.

14.2 Available Shares. If any adjustment is made with respect to any outstanding Option, Stock Appreciation Right, Stock Grant or Stock Unit Grant under § 14.1, then the Committee shall adjust the number, kind or class (or any combination thereof) of shares of Stock reserved under § 3.1 so that there is a sufficient number, kind and class of shares of Stock available for issuance pursuant to each such Option, Stock Appreciation Right, Stock Grant and Stock Unit Grant as adjusted under § 14.1 without seeking the approval of the Company's stockholders for such adjustment unless such approval is required under applicable law or the rules of the stock exchange on which shares of Stock are traded. Furthermore, the Committee shall have the absolute discretion to further adjust such number, kind or class (or any combination thereof) of shares of Stock reserved under § 3.1 in light of any of the events described in § 14.1(a) and § 14.1(b) to the extent the Committee acting in good faith determinates that a further adjustment would be appropriate and proper under the circumstances and in keeping with the purposes of this Plan without seeking the approval of the Company's stockholders for such adjustment unless such approval is required under applicable law or the rules of the stock exchange on which shares of Stock are traded.

14.3 Transactions Described in § 424 of the Code. If there is a corporate transaction described in § 424(a) of the Code which does not constitute a Change in Control of the Company, the Committee as part of any such transaction shall have right to make Stock Grants, Stock Unit Grants and Option and Stock Appreciation Right grants (without regard to any limitations set forth under § 3.4 of this Plan) to effect the assumption of, or the substitution for, outstanding stock grants, stock unit grants and option and stock appreciation right grants previously made by any other corporation to the extent that such corporate transaction calls for such substitution or assumption of such outstanding stock grants, stock unit grants and stock option and stock appreciation right grants. Furthermore, if the Committee makes any such grants as part of any such transaction, the Committee shall have the right to increase the number of shares of Stock available for issuance under § 3.1 by the number of shares of Stock subject to such grants without seeking the approval of the Company's stockholders for such adjustment unless such approval is required under applicable law or the rules of the stock exchange on which shares of Stock are traded.

14.4 Fractional Shares. If any adjustment under this § 14 would create a fractional share of Stock or a right to acquire a fractional share of Stock under any Option, Stock Appreciation Right or Stock Grant, such fractional share shall be disregarded and the number of shares of Stock reserved under this Plan and the number subject to any Options or Stock Appreciation Right grants and Stock Grants shall be the next lower number of shares of Stock, rounding all fractions downward. An adjustment made under this § 14 by the Committee shall be conclusive and binding on all affected persons.

## § 15.

### CHANGE IN CONTROL

If there is a Change in Control of the Company and there is no assumption of the Options, Stock Appreciation Rights, Stock Units or Stock Unit Grants that are outstanding immediately prior to the Change Effective Date and no substitution of comparable grants with comparable intrinsic values in connection with such Change in Control, then as of the Change Effective Date for such Change in Control, any and all conditions to the exercise of all such outstanding Options and Stock Appreciation Rights on such date and any and all outstanding issuance and forfeiture conditions on any such Stock Grants and Stock Unit Grants on such date automatically shall be deemed 100% satisfied as of such Change Effective Date, and the Board shall have the right (to the extent expressly required as part of such transaction) to cancel such Options, Stock Appreciation Rights, Stock Grants and Stock Unit Grants after providing each Eligible Employee and Director a reasonable period to exercise his or her Options and Stock Appreciation Rights and to take such other action as necessary or appropriate to receive the Stock subject to any Stock Grants and the cash payable under any Stock Unit Grants; provided, if any issuance or forfeiture condition described in this § 15 relates to satisfying any performance goal and there is a target for such

goal, such issuance or forfeiture condition shall be deemed satisfied under this § 15 only to the extent of such target unless such target has been exceeded before the Change Effective Date, in which event such issuance or forfeiture condition shall be deemed satisfied to the extent such target had been so exceeded.

If there is a Change in Control of the Company and there is an assumption of an Eligible Employee's or Director's Options, Stock Appreciation Rights, Stock Units or Stock Unit Grants that are outstanding immediately prior to the Change Effective Date or a substitution of comparable grants with comparable intrinsic values in connection with such Change in Control and the employment of such Eligible Employee is either terminated without Cause or the Eligible Employee terminates for Good Reason or a Director is asked to resign other than for Cause, within twenty-four (24) months following the Change Effective Date, then any and all conditions to the exercise of all such Options and Stock Appreciation Rights and any and all outstanding issuance and forfeiture conditions on any Stock Grants and Stock Unit Grants shall be deemed 100% satisfied; provided, that if any issuance or forfeiture condition described in this §15 relates to satisfying any performance goal and there is a target for such goal, such issuance or forfeiture condition shall be deemed satisfied under this §15 only to the extent of the target, unless such target has been exceeded before the date of such termination, in which event such issuance or forfeiture condition shall be deemed satisfied to the extent such target had been so exceeded.

A Change in Control shall affect payments under a Cash Incentive Program only to the extent expressly provided in such Cash Incentive Program, and a Change in Control shall affect a Stock Appreciation Right or Stock Unit Grant which is subject to § 409A of the Code only if the Change in Control also constitutes a change in the ownership or effective control of Company or in the ownership of a substantial portion of the assets of the Company within the meaning of § 409A(a)(2)(A)(v) of the Code.

## § 16.

### AMENDMENT OR TERMINATION

This Plan may be amended by the Board from time to time to the extent that the Board deems necessary or appropriate; provided, however, (a) no amendment shall be made absent the approval of the stockholders of the Company to the extent such approval is required under applicable law or the rules of the stock exchange on which shares of Stock are listed, and (b) no amendment shall be made to § 15 on or after the date of any Change in Control which might adversely affect any rights which otherwise would vest on the related Change Effective Date. The Board also may suspend granting Options or Stock Appreciation Rights or making Stock Grants or Stock Unit Grants under this Plan at any time and may terminate this Plan at any time; provided, however, the Board shall not have the right unilaterally to modify, amend or cancel any Option or Stock Appreciation Right granted or Stock Grant made before such suspension or termination unless (i) the Eligible Employee or Director consents in writing to such modification, amendment or cancellation or (ii) there is a dissolution or liquidation of the Company or a transaction described in § 14.1 or § 15.

## § 17.

### MISCELLANEOUS

17.1 Stockholder Rights. No Eligible Employee or Director shall have any rights as a stockholder of the Company as a result of the grant of an Option or a Stock Appreciation Right pending the actual delivery of the Stock subject to such Option or Stock Appreciation Right to such Eligible Employee or Director. An Eligible Employee's or a Director's rights as a stockholder in the shares of Stock which remain subject to forfeiture under § 9.2(b) shall be set forth in the related Stock Grant Certificate. Subject to § 17.5, an Eligible Employee or Director shall have the rights of a stockholder of the Company with respect to any shares of Stock that have been actually delivered to such individual as a result of the exercise of an Option or Stock Appreciation Right or the lapse of all restrictions with respect to a Stock Grant or Stock Unit Grant.

17.2 No Contract of Employment. The grant of an Option or a Stock Appreciation Right or a Stock Grant or Stock Unit Grant to an Eligible Employee or Director under this Plan or his or her participation in a Cash Incentive Program shall not constitute a contract of employment or a right to continue to serve on the Board and shall not confer on an Eligible Employee or Director any rights upon his or her termination of employment or service in addition to those rights, if any, expressly set forth in this Plan or the related Option Certificate, Stock Appreciation Right Certificate, Stock Grant Certificate or Cash Incentive Plan.

17.3 Withholding. Each Option, Stock Appreciation Right, Stock Grant and Stock Unit Grant and participation in each Cash Incentive Plan shall be made subject to the condition that the Eligible Employee or Director consents to whatever action the Committee directs to satisfy the minimum statutory federal and state tax withholding requirements, if any, which the Company determines are applicable to the exercise of such Option or Stock Appreciation Right or to the satisfaction of any forfeiture conditions with respect to Stock subject to a Stock Grant or Stock Unit Grant issued in the name of the Eligible Employee or Director or to payments under any Cash Incentive Plan. No withholding shall be effected under this Plan which exceeds the minimum statutory federal and state withholding requirements.

17.4 Construction. All references to sections (§) are to sections (§) of this Plan unless otherwise indicated. This Plan shall be construed under the laws of the State of Delaware. Each term set forth in § 2 shall, unless otherwise stated, have the meaning set forth opposite such term for purposes of this Plan and, for purposes of such definitions, the singular shall include the plural and the plural shall include the singular. Finally, if there is any conflict between the terms of this Plan and the terms of any Option Certificate, Stock Appreciation Right Certificate, Stock Grant Certificate or Cash Incentive Program, the terms of this Plan shall control.

17.5 Other Conditions. Each Option Certificate, Stock Appreciation Right Certificate or Stock Grant Certificate may require that an Eligible Employee or a Director (as a condition to the exercise of an Option or a Stock Appreciation Right or the issuance of Stock subject to a Stock Grant) enter into any agreement or make such representations prepared by the Company, including (without limitation) any agreement which restricts the transfer of Stock acquired pursuant to the exercise of an Option or a Stock Appreciation Right or a Stock Grant or provides for the repurchase of such Stock by the Company.

17.6 Rule 16b-3. The Committee shall have the right to amend any Option, Stock Grant or Stock Appreciation Right to withhold or otherwise restrict the transfer of any Stock or cash under this Plan to an Eligible Employee or Director as the Committee deems appropriate in order to satisfy any condition or requirement under Rule 16b-3 to the extent Rule 16 of the 1934 Act might be applicable to such grant or transfer.

17.7 Coordination with Employment Agreements and Other Agreements. If the Company enters into an employment agreement or other agreement with an Eligible Employee or Director which expressly provides for the acceleration in vesting of an outstanding Option, Stock Appreciation Right, Stock Grant or Stock Unit Grant or of a payment under a Cash Incentive Plan or for the extension of the deadline to exercise any rights under an outstanding Option, Stock Appreciation Right, Stock Grant or Stock Unit Grant, any such acceleration or extension shall be deemed effected pursuant to, and in accordance with, the terms of such outstanding Option, Stock Appreciation Right, Stock Grant or Stock Unit Grant and this Plan even if such employment agreement or other agreement is first effective after the date the outstanding Option or Stock Appreciation Right was granted or the Stock Grant or Stock Unit Grant was made.

**IN WITNESS WHEREOF**, the Company has caused its duly authorized officer to execute this Plan to evidence its adoption of this Plan.
