

JOHN BEAN TECHNOLOGIES CORPORATION CORPORATE GOVERNANCE GUIDELINES

The Board of Directors of John Bean Technologies Corporation is responsible for overseeing the management of the Corporation on behalf of the shareholders.

In carrying out its responsibilities to the shareholders, the fundamental roles of the Board of Directors are (1) to ensure continuity of leadership; (2) to ensure that a sound strategy for the success of the enterprise is in place, understood and being pursued; and (3) to ensure that financial and management resources are available and control systems are in place to carry out that strategy. The Board will provide accountability, objectivity, perspective, judgment and in some cases, specific industry or technical knowledge or experience. Relevant diversity of experience, background and perspective among Board members is desirable.

A substantial portion of the Board's oversight and governance responsibility will be carried out by Committees of the Board, which should be led by Directors who know the Corporation well.

Composition of the Board

The Board believes that the size of the Board should be from 7 to 10 members. However, the Board retains the authority to allow a greater or lesser number of directors from time to time as it deems appropriate.

The Board should be composed primarily of outside Directors who are not members of management or otherwise employed by the Company. There shall be no more than two employee Directors on the Board.

At least a majority of the Directors shall be independent. No Director will be deemed independent unless the Nominating and Governance Committee recommends and the Board affirmatively determines that he or she has no material relationship with the Corporation. The Board will observe all criteria for independence established by the New York Stock Exchange or other applicable governing laws and regulations.

The Board has delegated to the Nominating and Governance Committee the responsibility for recommending to the Board the nominees for election to the Board and the persons to fill any vacancy on the Board. Invitations to join the Board are extended by the Chairman of the Board and the Chief Executive Officer, or his designated representative. Directors should be selected based on integrity, successful business experience, stature in their own fields of endeavor and the diversity of perspectives they bring to the Board, with the nominee's ability to be considered an independent Director also considered. A majority of the Board's outside Directors should be active or retired senior executives, preferably Chief Executive, Chief Financial or Chief Operating Officer or other similar senior officers of publicly-held companies or similarly senior public company executives. Directors also will be chosen based on recognized

experience in the Corporation's lines of business, and leadership in such areas as government service, academia, finance and international trade.

So long as a Director is deemed by the Nominating and Governance Committee of the Board to meet the criteria for service on the Board, there shall be no limit on the number of terms that a Director may be reelected subject to the age restrictions described herein. An outside Director must retire at the Corporation's annual meeting of stockholders the year following such Director's 72nd birthday, unless the Nominating and Governance Committee has recommended, and the Board has approved, the waiver of the mandatory retirement age for such Director. An employee Director shall resign from the Board upon his or her resignation, removal or retirement as an officer of the Corporation. The Board may request that a Director continue as a Board member for an agreed period after a Director's retirement date.

Director Responsibilities

A Director must be willing to commit sufficient time required for attendance at all meetings of the Board and assigned Board Committees, and to give appropriate attention to materials and information provided to prepare for the meetings.

Directors will consult with the Chair of the Nominating and Governance Committee prior to accepting another board position with a public company to confirm the absence of any actual or potential conflict prior to accepting any invitation to serve on another for-profit corporate board of directors or with any government or advisory group. The Nominating and Governance Committee and the full Board will take into account the nature of and the time involved in a Director's service on other boards of directors in evaluating suitability of individual director candidates. Directors are encouraged to limit the number of boards of directors (excluding non-profit boards of directors) on which they serve, taking into account their potential meeting attendance, participation and effectiveness on these boards. It is generally advisable for members of the Audit Committee to limit the number of audit committees on which they serve to three.

The Corporation's Commitment to Ethics has provisions applicable to Directors, particularly with respect to transactions in securities of the Corporation, potential conflicts of interest, the taking of corporate opportunities for personal use and competing with the Corporation. The Corporation's Directors are responsible for remaining in compliance with the Corporation's Commitment to Ethics as it applies to their service as a Director for the Corporation. Directors must disclose to the Board any potential conflict of interest they may have with respect to a matter under discussion and, if appropriate, recuse themselves and not participate in the discussion or voting on a matter on which they may have a conflict. Directors should offer their resignation in the event of any significant change in their personal circumstances that would impair their ability to discharge their duties as a Director for the Corporation, including a change in their principal job responsibilities. The Board will, in its sole discretion, determine whether such change in responsibilities will impair the Director's ability to effectively serve on the Board, and may reject such offer of resignation where it has determined the ability to serve is not impaired.

Board and Committee Meetings

The Board shall meet at least 4 times a year, on dates selected by the Chairman of the Board. One of the Board's meetings each year will occur on the day of the Annual Meeting of Stockholders and Directors should attend the Annual Meeting of Stockholders. The non-management Directors shall meet in executive sessions at least once each year following a regularly scheduled Board meeting and may hold such additional executive sessions as they determine necessary or appropriate. Directors are expected to be physically present at all regularly scheduled meetings, and a Director who is unable to attend a meeting is expected to notify the Chairman in advance of such meeting.

The Board believes that designating an independent Director to act in a lead capacity to perform certain functions serves the best interests of the Corporation and its shareholders. A lead independent Director will be elected annually by a majority of the non-management Directors. The executive sessions of the non-management Directors shall be chaired by the lead independent Director. The lead independent Director shall serve as interim Chairman in the event the Chairman is unavailable for any reason.

The Chairman of the Board and the Chief Executive Officer, in consultation with the Board, will establish the agenda for each Board meeting. When possible, meeting agendas should include one report on division/business unit strategies, in addition to normal content and participants should include group and division managers presenting major expenditures and/or issue discussions.

Written materials prepared by the Corporation's executive management team for Committee meetings and Board meetings should be provided to Board and Committee members sufficiently prior to meetings to allow for careful review.

In addition to meetings at the Corporation's headquarters, an off-site meeting should occasionally be scheduled at primary field locations.

The Board shall at all times maintain the following Committees:

- Audit Committee
- Compensation Committee
- Nominating and Governance Committee

All members of these Committees shall be independent Directors.

Each Committee shall have its own charter that sets forth the purposes and responsibilities of the Committee. Each of these Committees shall operate in accordance with applicable law, its charter and the applicable rules of the Securities Exchange Commission and the New York Stock Exchange. The Board may also establish other committees as it deems appropriate and delegate to those committees any authority permitted by applicable law and the Corporation's by-laws.

The Chairman of each Committee will determine the frequency of Committee meetings, consistent with such Committee's charter and the Corporation's needs. The Chief Financial Officer will aid in preparing the Audit Committee calendar, the Vice President of Human Resources will aid in preparing the calendar for the Compensation Committee and the Corporate Secretary will aid in preparing the calendar for the Nominating and Governance Committee.

The proceedings and deliberations of the Board and its Committees are confidential. Each Director shall maintain the confidentiality of information received in connection with his or her service as a Director.

Communications with Directors

Stockholders may communicate with the Board or the independent Directors directly by writing to the Lead Independent Director, c/o John Bean Technologies Corporation, 70 West Madison, Suite 4400, Chicago, Illinois 60602, Attention: Corporate Secretary.

Compensation of the Board

The Compensation Committee shall have the responsibility for recommending to the Board compensation and benefits for non-employee Directors. The Compensation Committee shall be guided by the following goals: compensation should fairly pay Directors for work required in a company of the Corporation's size and scope and compensation should align Directors' interests with the long-term interests of the Corporation's stockholders. The Corporation's executive officers shall not receive any compensation for their service as Directors.

Ownership Guidelines

The Board believes that requiring that Board members maintain an ownership interest in the Corporation is consistent with carrying out the fundamental role of the Board outlined in the Corporate Governance Guidelines. As such, outside Directors shall own shares of the Corporation's common stock with a value equal to at least five times the value of the Corporation's annual retainer paid to outside Directors within three years of their appointment as a member of the Board. In addition, outside Directors are also required to hold any shares of the Corporation's common stock they elect to receive as a portion of their annual retainer as well as any shares of common stock awarded pursuant to their annual non-retainer equity grants until after completion of their service on the Board. Management members of the Board shall comply with the Corporation's executive management stock ownership and retention requirements.

Each Director shall comply with the Corporation's securities trading policies when purchasing or selling shares of the Corporation's stock.

Management Compensation and Succession

The Compensation Committee shall annually report to the Board on its performance review of the Corporation's Chief Executive Officer. The Board shall review this report outside of the presence of the management Directors.

The Compensation Committee shall report annually to the Board on succession planning and management development activities. The Chief Executive Officer shall meet periodically with the Compensation Committee to make available his or her recommendations and evaluations of potential successors, along with a review of development plans recommended for succession candidates and others in the senior management group.

Access to Management and Independent Advisors

Each Director shall have full and free access to senior management and employees of the Corporation. To facilitate such access, the Board supports the practice of field reviews with representatives of management and with managers making periodic field presentations to the Board related to operations.

The Board and its Committees may engage and consult with financial, legal, or other independent advisors at the Corporation's expense.

Director Orientation and Continuing Education

All new Directors shall be provided an orientation program, including personal briefing sessions from members of senior management on the Corporation's accounting policies, financial reporting, business strategies and key legal and regulatory issues. Directors shall also participate in continuing educational programs relevant to their responsibilities as directors of a publicly-traded company, and shall be provided an opportunity to participate periodically in strategy reviews, visits to field locations and business briefings.

Annual Performance Evaluation

The Board will conduct an annual self-evaluation to determine whether it and its Committees are functioning effectively. The Nominating and Governance Committee will receive comments from all Directors and report annually to the Board regarding the Board's Committees and recommendations for improvements in the performance of the Board and its Committees.

Publication and Interpretation of Corporate Governance Guidelines

The Corporate Governance Guidelines will be published on the Corporation's website to the extent legally required and will be reviewed periodically by the Nominating and Governance Committee, which will recommend revisions as it deems appropriate.

These guidelines are designed to facilitate best practices, but the Board retains the flexibility to focus on the critical issues facing the Corporation on a case-by-

case basis. Nothing in these guidelines is intended to supersede any shareholder voting rights or to impose any legal liabilities on the Directors which are not otherwise imposed by applicable laws and regulations.

Effective: November 10, 2011
