China Lodging Group, Limited Announces Offering of US\$425 Million Convertible Senior Notes

SHANGHAI, China, Oct. 26, 2017 (GLOBE NEWSWIRE) -- China Lodging Group, Limited (Nasdaq:HTHT), a leading and fast-growing multi-brand hotel group in China ("China Lodging Group" or the "Company"), today announced the offering (the "Notes Offering") of up to US\$425 million in aggregate principal amount of convertible senior notes due 2022 (the "Notes"), subject to market and other conditions. The Company intends to grant the initial purchasers in the Notes Offering a 30-day option to purchase up to an additional US\$50 million in principal amount of the Notes. The Company plans to use the net proceeds from the Notes Offering to pay the cost of the capped call transactions described below, and use the remainder of the proceeds to repay all or part of the principal and interest of the loans that it borrowed from a US\$250 million revolving credit facility, to make investments in minority equity interests in businesses that are in the Company's industry or are complementary to its business, and to fund other general corporate purposes.

The Notes will be convertible into the Company's American Depositary Shares ("ADSs") and will mature on November 1, 2022. The Company may not redeem the Notes prior to maturity, unless certain tax-related events occur. It is contemplated that holders of the Notes may require the Company to repurchase all or part of their Notes in cash on November 2, 2020 or in the event of certain fundamental changes. The conversion rate and other terms of the Notes will be determined at the time of pricing of the Notes Offering.

Furthermore, the Company intends to enter into capped call transactions with one or more of the initial purchasers or their affiliates (the "Option Counterparties"). The capped call transactions are expected to reduce the potential dilution to existing holders of the ordinary shares and ADSs upon conversion of the Notes. As part of the establishing, maintaining and unwinding their hedges of the capped call transactions, the Option Counterparties expect to enter into various derivative transactions with respect to the Company's ADSs. This activity could affect the market price of the Company's ADSs or the Notes otherwise prevailing at that time. If any such capped call transactions fails to become effective, whether or not the Notes Offering is completed, the Option Counterparties may unwind their hedge positions with respect to the ADSs.

The Notes will be offered in the United States to qualified institutional buyers pursuant to Rule 144A and to non-U.S. persons outside the United States in reliance on Regulation S under the Securities Act of 1933, as amended (the "Securities Act"). The Notes, the ADSs deliverable upon conversion of the Notes and the ordinary shares represented thereby have not been and will not be registered under the Securities Act or the securities laws of any other place, and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.

This press release shall not constitute an offer to sell or a solicitation of an offer to purchase any securities, nor shall there be a sale of the securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful.

This press release contains information about the pending offering of the Notes, and there can be no assurance that the offering will be completed.
