## **SPS Commerce Retail Supply Chain Expert, Bekki Windsperger, Named to 2017 Supply & Demand Executive Magazine Pros to Know List**

MINNEAPOLIS, March 1, 2017— SPS Commerce, Inc. (NASDAQ: SPSC), a leading provider of supply chain management solutions, announced that Bekki Windsperger, supply chain strategist, has been named to the *Supply & Demand Chain Executive* magazine's "Pro to Know" list for 2017.

The annual "Pros to Know" list recognizes supply chain executives who are leading initiatives that help their customers navigate their supply chains to meet the challenges of today's business climate. This year's list includes individuals from software firms and service providers, consultancies or academia, who helped their supply chain clients or the supply chain community prepare to meet these challenges.

As a supply chain strategist at SPS Commerce, Windsperger helps customers remain competitive in today's challenging retail environment by advising them on industry best practices and demonstrating how to gain maximum value from their technology investment. She assists customers across all segments of the supply chain, including retailers, distributors, 3PL's, carriers, manufacturers and suppliers.

Windsperger also is an active member of several industry standards groups and has been instrumental in setting industry best practices for supply chain standards.

"Today's retailers face more pressure than ever before to meet shoppers' expectations by delivering a personalized and consistent experience, and the supply chain plays a critical role to manage these efforts," said Peter Zaballos, senior vice president and chief marketing officer of SPS Commerce. "Each day, Bekki draws on her decades of experience to help our customers understand how to best use their technology investment and succeed in today's challenging retail environment. We are extremely proud she has received this honor in recognition of her work and dedication to the industry."

"*Supply & Demand Chain Executive* congratulates the 2017 Supply & Demand Pros to Know recipients," said Ronnie Garrett, editor of *Supply & Demand Chain Executive*. "We commend the recipients for their achievements. Their accomplishments offer a roadmap for other leaders looking to leverage the supply chain for competitive advantage."
