PRGX Global, Inc. Announces First Quarter 2017 Financial Results

ATLANTA, April 26, 2017 (GLOBE NEWSWIRE) -- PRGX Global, Inc. (Nasdaq:PRGX), a global leader in Recovery Audit and Spend Analytics services, today announced its unaudited financial results for the first quarter ended March 31, 2017.

"We delivered another solid quarter, increasing revenue from continuing operations by 9.3% on a year-over-year constant dollar basis, as we continued to execute on our long-term strategy. Importantly, our largest business, retail recovery audit, had its fourth consecutive quarter of year-over-year revenue growth on a constant dollar basis. In addition, our adjacent services revenue increased by over 200% on a year-over-year constant dollar basis," said Ron Stewart, president and chief executive officer of PRGX.

"In February, we successfully closed the acquisition of Cost & Compliance Associates and have made excellent progress integrating their team into our organization. We also recently announced the release of our PRGX OPTIX™ analytics suite and are very pleased with the level of interest from our client base," continued Stewart.

"Based on our Q1 results and strong momentum, we remain confident that we will meet our previous 2017 guidance of year-over-year double digit revenue and Adjusted EBITDA growth on a constant dollar basis," concluded Stewart.

Consolidated Results from Continuing Operations for the Three Months Ended March 31, 2017

Consolidated revenue from continuing operations for the first quarter of 2017 was \$33.6 million, compared to \$31.2 million for the same period last year, an increase of 7.5%. On a constant dollar basis adjusted for changes in foreign exchange rates, revenue increased by 9.3% in the first quarter of 2017, compared to the same period in the prior year. On a constant dollar basis, revenue from the Recovery Audit Services segments increased 6.2% in the first quarter of 2017 compared to the same period in 2016. On a constant dollar basis, first quarter 2017 revenue from the Adjacent Services segment was \$1.4 million, an increase of 236.0% compared to the same period in 2016.

Total cost of revenue from continuing operations for the first quarter of 2017 was \$23.0 million, or 68.6% of revenue, compared to \$21.6 million, or 69.3% of revenue, in the same period last year, a 0.7% improvement.

SG&A expenses from continuing operations for the first quarter of 2017 were \$10.5 million, compared to \$8.8 million in the prior year period. The increase in SG&A expenses was primarily attributable to Lavante operating costs that were not in the prior year, and increased stock-based compensation.

Consolidated net loss from continuing operations for the first quarter of 2017 was \$1.8 million, or \$0.08 per basic and diluted share, compared to a net loss of \$0.1 million, or \$0.00 per basic and diluted share, for the same period in 2016.

Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (Adjusted EBITDA) from continuing operations for the first quarter of 2017 was \$2.1 million, or 6.4% of revenue, compared to Adjusted EBITDA of \$2.0 million, or 6.5% of revenue, in the first quarter 2016. Schedule 3 attached to this press release provides a reconciliation of net income (loss) to each of EBIT (Earnings Before Interest and Taxes), EBITDA and Adjusted EBITDA.

On February 23, 2017, the Company announced that it had completed its acquisition of substantially all of the assets of Cost & Compliance Associates (C&CA), a commercial Recovery Audit and Contract Compliance firm with operations in the US and the UK. The results of C&CA operations subsequent to the acquisition date have been included in first quarter operating results.

Cash Flow and Liquidity

Net cash used by operating activities for the first quarter of 2017 was \$3.3 million, compared to \$4.9 million of cash provided by operating activities in the first quarter of the prior year.

At March 31, 2017, the Company had unrestricted cash and cash equivalents of \$11.6 million, and borrowings of \$13.6 million against its \$20.0 million revolving credit facility.

Stock Repurchase Program

Since the February 2014 announcement of the Company's stock repurchase program, as of March 31, 2017, the Company has repurchased 8.6 million shares, or 28.7% of its common stock outstanding on the date of the announcement. No repurchases of stock were made during the first quarter of 2017. As of April 20, 2017, the Company had approximately 22.1 million shares of common stock outstanding.

First Quarter Earnings Call

Forward-Looking Statements

In addition to historical information, this press release includes certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements include both implied and express statements regarding the Company's overall condition and growth prospects, the Company's execution of its business strategy, the Company's progress in integrating recent acquisitions, the level of client interest in the PRGX OPTIX analytics suite, and the Company's expectations regarding its ability to achieve its 2017 guidance. Such forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties and other factors that may cause the actual results, performance or achievements of the Company to differ materially from the historical results or from any results expressed or implied by such forward-looking statements. Risks that could affect the Company's future performance include revenue that does not meet expectations or justify costs incurred, the Company's ability to develop material sources of new revenue in addition to revenue from its core recovery audit services, changes in the market for the Company's services, the Company's ability to retain and attract qualified personnel, the Company's ability to integrate recent and future acquisitions, uncertainty in the credit markets, the Company's ability to maintain compliance with its financial covenants, client bankruptcies, loss of major clients, and other risks generally applicable to the Company's business. For a discussion of other risk factors that may impact the Company's business, please see the Company's filings with the Securities and Exchange Commission, including its Form 10-K filed on March 16, 2017. The Company disclaims any obligation or duty to update or modify these forward-looking statements.

Non-GAAP Financial Measures

EBIT, EBITDA and Adjusted EBITDA are all "non-GAAP financial measures" presented as supplemental measures of the Company's performance. They are not presented in accordance with accounting principles generally accepted in the United States, or GAAP. The Company believes these measures provide additional meaningful information in evaluating its performance over time, and that the rating agencies and a number of lenders use EBITDA and similar measures for similar purposes. In addition, a measure similar to Adjusted EBITDA is used in the restrictive covenants contained in the Company's secured credit facility. However, EBIT, EBITDA and Adjusted EBITDA have limitations as analytical tools, and you should not consider them in isolation, or as substitutes for analysis of the Company's results as reported under GAAP.

In addition, in evaluating EBIT, EBITDA and Adjusted EBITDA, you should be aware that, as described above, the adjustments may vary from period to period and in the future the Company will incur expenses such as those used in calculating these measures. The Company's presentation of these measures should not be construed as an inference that future results will be unaffected by unusual or nonrecurring items. Schedule 3 to this press release provides a reconciliation of net income (loss) to each of EBIT, EBITDA and Adjusted EBITDA.
