

# EFI Expands Inkjet TAM

## Acquires Reggiani and Matan

July 1, 2015

# Forward-Looking Statements Disclaimer

Safe Harbor for Forward Looking Statements Certain statements in this presentation are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Statements in this presentation that could be deemed forward-looking statements include, but are not necessarily limited to, statements regarding the impact of the acquisition on results, expansion of our product portfolio, our future product offerings to Reggiani or Matan customers, integration of Reggiani or Matan, future customer achievements, continuation of support to the existing Reggiani or Matan client bases, and any statements or assumptions underlying any of the foregoing.

Forward-looking statements are subject to certain risks and uncertainties that could cause our actual future results to differ materially, or cause a material adverse impact on our results. Potential risks and uncertainties include, but are not necessarily limited to, unforeseen expenses; the difficulty of aligning expense levels with revenue; management's ability to forecast revenues, expenses and earnings; any world-wide financial and economic difficulties and downturns; adverse tax-related matters such as tax audits, changes in our effective tax rate or new tax legislative proposals; the unpredictability of development schedules and commercialization of products by the leading printer manufacturers and declines or delays in demand for our related products; changes in the mix of products sold; the uncertainty of market acceptance of new product introductions; intense competition in each of our businesses, including competition from products developed by EFI's customers; challenge of managing asset levels, including inventory and variations in inventory levels; the uncertainty of continued success in technological advances; the challenges of obtaining timely, efficient and quality product manufacturing and supply of components; litigation involving intellectual property rights or other related matters; our ability to successfully integrate acquired businesses; the uncertainty regarding the amount and timing of future share repurchases by EFI and the origin of funds used for such repurchases; the market prices of EFI's common stock prior to, during and after the share repurchases; any disruptions in our operations, the difficulty to retain employees; the compliance with the new requirements regarding the "conflict minerals," if they are found to be used in our products, and any other risk factors that may be included from time to time in the Company's SEC reports.

The statements in this presentation are made as of the date of this presentation. EFI undertakes no obligation to update information contained in this presentation. For further information regarding risks and uncertainties associated with EFI's businesses, please refer to the sections entitled "Risk Factors," "Factors That Could Adversely Affect Performance," and other similar sections in our SEC filings and reports, including, but not limited to, EFI's annual report on Form 10-K and its quarterly reports on Form 10-Q, copies of which may be obtained by contacting EFI's Investor Relations Department by phone at 650-357-3828 or by email at [investor.relations@efi.com](mailto:investor.relations@efi.com) or EFI's Investor Relations website at <http://www.efi.com>.

# Reggiani Overview

## Business Overview

- Based in Italy
- Leading provider of textile printing equipment, established in 1948
- Managing a successful conversion to digital printing
  - One of two largest digital textile players with strong brand recognition
  - 2014 ~75% of revenues from digital
  - ~40% ink attach rate to printers & growing
- Strong agent channels with about 70 agents worldwide

## Key Products

- Digital Printing Machines
  - Adaptable printers supporting multiple substrates with high quality and low maintenance costs.
- Traditional Printing Machines
  - Rotary screen and flat bed printers
- Mezzera/Jaeggli
  - Treatment, Dyeing, and Mercerizing machines
- Integrated end-to-end offering
  - Single source for the processes needed for digital textiles

# Reggiani Complete Textile Process

★ Serving the complete textile finishing mill. From preparation of the fabric to the required drying and cleaning.

- Customer base of analog imaging equipment provides base for conversion to IJ.

Raw textile  
*Sent in roll*

★ Textile prep  
(bleach etc.)

★ IJ Pre-treatment

IJ Ink

★ Inkjet Print

★ Dry/Fix

★ Steam and/or Wash

★ Finished Print

★ Ready to be transferred to the cutting and sewing factory

# Strategic Rationale/Synergies

- Significant Potential TAM Expansion
  - Instant leadership position in fast growing industrial textile
- New Product Line
  - “Soft signage” - VUTEk clients can now print signs/displays on fabric
  - Opportunities to use water-based inks for new applications
- Efficiencies
  - EFI Global Sales & Service reach provides access to new geography
  - Operations & Supply Chain: Material purchases, manufacturing
- Technology
  - Textile material handling prowess
- EFI Ecosystem Opportunities
  - Reggiani already supplying Ink to many customers, but most are still buying directly from a 3<sup>rd</sup> party
  - Fiery Server can be integrated to provide better color, performance
  - EFI Productivity Software can be adapted to textile printing

# Why Reggiani

- Printed textiles is one of the largest and fastest growing adjacent markets for inkjet expansion
  - Volume of material printed is 4x ceramics as an example
- Digital textile printing adoption is accelerating, driven by demand from textile brands and enabled by technology advances
- Reggiani is a leader in digital textile printing, with a very well-established brand and reputation
- Creates instant opportunity for soft signage printing not currently being addressed by EFI
- Opens up additional opportunities for printing with water-based ink

# EFI Acquires Matan

## Solidifies Display Graphics Leadership

July 1, 2015

# Key Deal Terms

## Electronics For Imaging Acquires Matan Digital Printers

<b>Purchase price</b>	<ul style="list-style-type: none"><li>• \$29M Cash to sellers</li><li>• \$14M in escrow</li><li>• Assumption of ~\$5M Debt</li></ul>
<b>Synergies and Non-GAAP EPS Impact</b>	<ul style="list-style-type: none"><li>• Slightly accretive to 2015 Non-GAAP EPS</li><li>• Leverage global sales &amp; marketing and supply chain platforms</li><li>• Consolidation with only other company to have developed a production LED-based curing system</li><li>• Technology &amp; manufacturing leverage – Inkjet R&amp;D, LED, print heads, electronics, &amp; Fiery DFE</li></ul>
<b>Closing Date</b>	<ul style="list-style-type: none"><li>• July 1, 2015</li></ul>

# Matan Overview

## Business Overview

- Based in Israel
- Manufacturer of digital printers, with ~270 unit installed base, 20 years of R&D experience in printing technology
- Only other high speed LED-based curing supplier in the display graphics market
- Allows users to enjoy excellent productivity, top quality output, high durability, and low cost of ownership
- Sells 3- and 5-meter wide format inkjet printers
- Outsourced manufacturing of printers and ink; ink sales with direct and certain reseller deals

## Key Products

- Grand Format UV Printers
  - Hybrid 3- and 5-meter printers supporting both flexible and rigid media with a compelling cost of ownership

# Strategic Rationale

- Complementary Product Positioning
  - VUTEk line focused on highest print quality & LED
  - Matan focused on cost-sensitive segment that is often a solvent replacement with good print quality for banners & billboards
- Combined EFI line-up
  - Matan's lower cost roll-to-roll machines will give EFI a deeper line-up to address a larger portion of the sign and display market
  - Enables customers to grow with EFI as their business grows
  - Leverages EFI sales, software and ink platforms to drive operating margin efficiency

# Why Matan

- Creates the broadest production level roll-to-roll portfolio in the industry
  - Adds new products to grow our portfolio in low- and mid-markets
- Leverage our direct sales channel to drive additional volume
- Strong technology leverage with unique feature and functions specific to the roll-to-roll market
- Expert inkjet development center in Israel
- Deepens our reach into emerging markets
- Matan customers benefit from large EFI ecosystem
