Clearly focused strategy

- Danish player
- An insurance share - not an investment trust
- Calculated insurance risks
- Relatively limited top line growth in non-life – higher in life
- High cash flow
- Large share buy-back programme

information on Topdanmark

This presentation includes statements relating to the future. Such statements are uncertain and involve both general and specific risks.

Many factors may cause a significant deviation from the forecasts set out in the presentation. Such factors could be, for example, cyclical movements, changes in the financial markets, the financial effect of non-anticipated events like acts of terror or exceptional weather conditions, changes in Danish and EU rules, competitive factors in the insurance industry and trend in reinsurance market. Also see “Risk factors” in the H1 2006 interim report.

The above description of potential risks is not exhaustive. Investors and others, who may base decisions relating to Topdanmark on statements relating to the future, should make their own careful considerations on these and other factors of uncertainty.

Topdanmark’s statements relating to the future are solely based on information known at the time of the preparation of the H1 2006 interim report.
