The webcast will also be archived on the Company's website for a period of one year following the date of the call.

### About Tesla

Tesla's goal is to accelerate the world's transition to electric mobility with a full range of increasingly affordable electric cars. California-based Tesla designs and manufactures EVs, as well as EV powertrain components for partners such as Toyota and Daimler. Tesla has delivered more than 2,400 Roadsters to customers worldwide. Model S, the world's first premium sedan to be engineered from the ground up as an electric vehicle, began deliveries to U.S. customers in June of this year.
