PROPOSAL 1

ELECTION OF DIRECTORS

Our certificate of incorporation provides for a classified Board. This means our Board is divided into three classes, with each class having as nearly as possible an equal number of directors. The term of service of each class of directors is staggered so that the term of one class expires at each annual meeting of the stockholders.

Our Board currently consists of eight members, divided into three classes as follows:

- Class I is comprised of Normand A. Boulanger, David A. Varsano and Michael J. Zamkow, each with a term ending at the 2017 annual meeting;
- Class II is comprised of William A. Etherington and Jonathan E. Michael, each with a term ending at the 2015 annual meeting; and
- Class III is comprised of Michael E. Daniels, Allan M. Holt and William C. Stone, each with a term ending at the 2016 annual meeting.

At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose term is expiring. Messrs. Etherington and Michael are current directors whose terms expire at the 2015 annual meeting. Each of these directors has been nominated by the Nominating Committee (and his nomination has been ratified by the Board) for re-election as a Class I director, with a term ending at the 2018 annual meeting.

Unless otherwise instructed in the proxy, all proxies will be voted "FOR" the election of each of the nominees identified above to a three-year term ending at the 2018 annual meeting, each such nominee to hold office until his successor has been duly elected and qualified. Stockholders who do not wish their shares to be voted for one or both of these two nominees may so indicate by striking out the name of such nominee(s) on the proxy card. Each of the nominees has indicated his willingness to serve on our Board, if elected. If either nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by our Board. We do not contemplate that either of the two nominees will be unable to serve if elected.

A plurality of the shares of common stock present in person or represented by proxy at the 2015 annual meeting and entitled to vote is required to elect each nominee as a director.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF WILLIAM A. ETHERINGTON AND JONATHAN E. MICHAEL.

Corporate Governance Matters

We believe that good corporate governance and fostering an environment of high ethical standards are important for us to achieve business success and to create value for our stockholders. Our Board periodically reviews our corporate governance practices in light of regulatory developments and practices at other public companies and makes changes that it believes are in the best interests of the Company and its stockholders.

Board Determination of Independence

Under the applicable rules of the NASDAQ Stock Market, a director will only qualify as an “independent director” if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board has determined that none of Messrs. Daniels, Etherington, Holt, Michael, Varsano or Zamkow has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an “independent director” as defined under Rule 5605(a)(2) of NASDAQ.

Stockholders Agreement

The Company is a party to a Stockholders Agreement, as amended, which we refer to as the Stockholders Agreement, with William C. Stone, our Chairman and Chief Executive Officer. The Stockholders Agreement entitles Mr. Stone to nominate four directors, one of whom shall be Mr. Stone for so long as he is our Chief Executive Officer. For more information on the Stockholders Agreement, see “Related Person Transactions—Stockholders Agreement.”

Director Nomination Process

The process followed by the Nominating Committee to identify and evaluate director candidates may include requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the Nominating Committee.

The Nominating Committee considers recommendations for director nominees suggested by its members, other directors, management and other interested parties. Stockholders may recommend individuals to the Nominating Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background material, to the Nominating Committee c/o Corporate Secretary, SS&C Technologies Holdings, Inc., 80 Lambert Road, Windsor, Connecticut 06095. Assuming that appropriate biographical information and background material is provided on a timely basis, the Nominating Committee will evaluate stockholder-recommended candidates by following substantially the same process and applying substantially the same criteria as it follows for candidates submitted by others.

In addition, stockholders also have the right under our By-laws to directly nominate director candidates, without any action or recommendation on the part of the Nominating Committee or the Board, by following the procedures set forth in our By-laws and described under “Stockholder Proposals and Director Nominations” below.

Criteria and Diversity

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, the Nominating Committee applies the criteria specified in its charter. These criteria include the candidate's integrity, honesty, adherence to ethical standards, demonstrated business acumen, experience, ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company, ability to contribute positively to the decision-making processes of the Company, commitment to understanding the Company and its industry and to regularly attending and participating in meetings of the Board and its committees, ability to understand the sometimes conflicting interests of the various constituencies of the Company, and the absence of a conflict of interest. The Nominating Committee does not assign specific weights to particular criterion and no particular criterion is a prerequisite for any prospective nominee. In terms of criteria for composition of the Board, the Nominating Committee considers the backgrounds and qualifications of the directors as a group with a goal of providing a significant breadth of experience, knowledge and abilities to assist the Board in fulfilling its responsibilities.

Although the Nominating Committee considers the value of diversity on the Board, it has not adopted a written policy with regard to the consideration of diversity when evaluating candidates for director. However, in practice, the Nominating Committee considers diversity of viewpoint, professional experience, education and skill in assessing candidates for the Board to ensure breadth of experience, knowledge and abilities within the Board. Our Board's priority in the selection of Board members is identification of members who will further the interests of our stockholders through their management experience, knowledge of our business, understanding of the competitive landscape, and familiarity with our targeted markets.

The director biographies on pages 5 to 7 describe each nominee's experience, qualifications, attributes and skills that led the Board to conclude that he should continue to serve as a member of our Board. Our Board believes that each of the nominees has realized significant professional and personal achievements, and possesses the background, talents and experience that are necessary for the Company's success and the creation of stockholder value.

Board Meetings and Attendance

During the fiscal year ended December 31, 2014, which we refer to as fiscal 2014, our Board met four times and acted by unanimous written consent in lieu of a meeting three times. During fiscal 2014, the Audit Committee held six regular meetings and acted by unanimous written consent in lieu of a meeting one time; the Compensation Committee held two regular meetings and acted by unanimous written consent in lieu of a meeting one time; and the Nominating Committee acted by unanimous written consent in lieu of a meeting two times. Each of our directors attended at least 75% of the aggregate of the total number of meetings of the Board and of the Board committees of which he was a member during fiscal 2014.

Director Attendance at Annual Meeting of Stockholders

We do not have a formal policy regarding directors' attendance at annual meetings, but all of our directors are encouraged to attend our annual meetings. All of our directors attended our 2014 annual meeting of stockholders.

Board Leadership Structure

Mr. Stone has served as Chairman of the Board of Directors and Chief Executive Officer since our inception in 1986, and the provisions of the Stockholders Agreement require that so long as

Mr. Stone is a member of our Board and the Chief Executive Officer of the Company, he shall serve as Chairman of the Board. This Board leadership structure is commonly utilized by public companies in the United States, and we believe that this leadership structure has been effective for us. Having one person serve as both Chief Executive Officer and Chairman of the Board shows our employees, customers and other constituencies that we are under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. We also believe that this leadership structure eliminates the potential for duplication of efforts and inconsistent actions and facilitates open communication between management and our Board. We do not have a lead independent director. We recognize that different board leadership structures may be appropriate for companies with different histories or varying equity ownership structures and percentages. However, we believe our current leadership structure is the optimal board leadership structure for us.

Board Committees

Our Board directs the management of our business and affairs, as provided by Delaware law, and conducts its business through meetings of the Board and three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee, each of which operates under a charter that has been approved by our Board. Each committee's charter is posted on our website, at <http://investor.ssctech.com/governance.cfm>. In addition, from time to time, special committees may be established under the direction of the Board to address specific issues. The table below shows current membership and indicates the chairperson (*) for each of the standing Board committees.

<u>Audit</u>	<u>Compensation</u>	<u>Nominating</u>
William A. Etherington*	William A. Etherington*	Allan M. Holt*
Jonathan E. Michael	Allan M. Holt	Michael E. Daniels
David A. Varsano	David A. Varsano	Jonathan E. Michael

Our Board has determined that all of the members of each of the Board's three standing committees are independent as defined under the rules of NASDAQ, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or Exchange Act, and including, in the case of all members of the Compensation Committee, the independence requirements contemplated by Rule 10C-1 under the Exchange Act and NASDAQ rules.

Audit Committee

Our Audit Committee assists our Board in its oversight of the Company's accounting and financial reporting processes and the audits of the Company's financial statements. Our Audit Committee's responsibilities, as set forth in its charter, include:

- appointing, evaluating, retaining and, when necessary, terminating the engagement of our independent registered public accounting firm;
- overseeing and assessing the independence of our independent registered public accounting firm;
- setting the compensation of our independent registered public accounting firm and pre-approving all audit services to be provided to the Company;
- overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from such firm;

- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures before such financial statements are filed with the SEC;
- directing the independent registered public accounting firm to use its best efforts to perform all reviews of interim financial information prior to disclosure by the Company;
- coordinating our Board’s oversight of internal control over financial reporting, disclosure controls and procedures and our code of business conduct and ethics;
- overseeing our risk assessment and risk management policies;
- discussing the Company’s policies with respect to risk assessment and risk management;
- discussing generally the type and presentation of information to be disclosed in the Company’s earnings press releases, as well as financial information and earnings guidance provided to analysts, rating agencies and others;
- establishing procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or audit matters and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters;
- reviewing the Company’s policies and procedures for reviewing and approving or ratifying “related person transactions” and conducting appropriate review and oversight of all related person transactions for potential conflict of interest situations; and
- preparing the Audit Committee report required by SEC rules, which is included on page 37 of this proxy statement.

Our Board has determined that each of the members of its Audit Committee is an “audit committee financial expert” as that term is defined under the rules and regulations of the SEC.

Compensation Committee

Our Compensation Committee has overall responsibility for the Company’s compensation of management, incentive plans and compensation programs. Our Compensation Committee’s responsibilities, as set forth in its charter, include:

- reviewing and approving, or making recommendations to our Board with respect to, the compensation of our Chief Executive Officer and our other executive officers;
- reviewing, and making recommendations to our Board with respect to, incentive-compensation and equity-based plans that are subject to approval by our Board;

Nominating Committee

Our Nominating Committee has overall responsibility for developing Board membership. Our Nominating Committee’s responsibilities, as set forth in its charter, include:

- identifying individuals qualified to become members of our Board and recommending to our Board the nominees for election as directors at any annual meeting of stockholders and the persons to be elected by the Board to fill any vacancies on the Board;
- reviewing with the Board the requisite skills and criteria for new Board members as well as the composition of our Board as a whole; and
- recommending to our Board the directors to be appointed to each committee of the Board.

The processes and procedures followed by the Nominating Committee in identifying and evaluating director candidates are described above under the heading “Director Nomination Process.” As described above, the Stockholders Agreement provides Mr. Stone with the right to appoint four directors, including himself.

Risk Oversight

Our management is responsible for risk management on a day-to-day basis. Our Audit Committee is responsible for overseeing our risk management function. While the Audit Committee has primary responsibility for overseeing risk management, our entire Board of Directors is actively involved in overseeing our risk management. Our Board and the Audit Committee fulfill their oversight role by discussing with management the policies and practices utilized by management in assessing and managing the risks and providing input on those policies and practices. We believe that the leadership structure of our Board supports effective risk management oversight due to our Chairman and Chief Executive Officer’s extensive knowledge and understanding of our business and, as noted in “Board Leadership Structure” above, because the combined role of Chairman and Chief Executive Officer facilitates communications between management and our Board.

Communications with the Board

Our Board welcomes the submission of any comments or concerns from stockholders and any interested parties. Communications should be in writing and addressed to our Corporate Secretary at our principal executive offices and marked to the attention of the Board or any of its committees, individual directors or non-management or independent directors as a group. All correspondence will be forwarded to the intended recipient(s), except that certain items that are unrelated to the duties and responsibilities of our Board (such as product inquiries and comments, new product suggestions,

resumes and other forms of job inquiries, surveys, and business solicitations and advertisements) and material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics, referred to as the SS&C Code of Business Conduct and Ethics, which covers all directors, officers and employees and includes provisions relating to accounting and financial matters. The SS&C Code of Business Conduct and Ethics is available on our website at <http://investor.ssctech.com/governance.cfm>. If we make any substantive amendments to, or grant any waivers from, the code of ethics for any director or officer, we will disclose the nature of such amendment or waiver on our website at <http://investor.ssctech.com/governance.cfm>. or in a Current Report on Form 8-K filed with the SEC.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Our executive compensation program is overseen and administered by our Compensation Committee, which currently consists of Messrs. Etherington, Holt and Varsano. Our Compensation Committee operates under a written charter adopted by our Board and discharges the responsibilities of the Board relating to the compensation of our executive officers. As of December 31, 2014, our named executive officers were Messrs. Stone, Boulanger, Pedonti, Kanwar and Igoe.

Executive compensation objectives

The primary objectives of the Compensation Committee with respect to executive compensation are to:

- attract, retain and motivate the best possible executive talent;
- reward successful performance by the named executive officers and the Company; and
- align the interests of the named executive officers with those of our stockholders by providing long-term equity compensation.

To achieve these objectives, our Compensation Committee seeks to compensate our executives at levels it believes are competitive with those of other companies that compete with us for executive talent in our industry and in our region. However, we have not retained a compensation consultant to review our executive compensation practices, nor have we formally benchmarked our compensation against that of other companies. Our compensation program rewards our named executive officers based on a number of factors, including the Company's operating results, the Company's performance against budget, individual performance, prior-period compensation and prospects for individual growth. Changes in compensation are generally incremental in nature and do not vary widely from year to year, but follow a general trend of increasing compensation as our business and profits grow. Many of the factors that affect compensation are subjective in nature and not tied to peer group analyses, surveys by compensation consultants or other statistical criteria.

Process for administering our executive compensation practices

Our Compensation Committee has overall responsibility for administering our executive officer compensation program. Our Chief Executive Officer typically presents salary, bonus and equity compensation recommendations to the Compensation Committee and the Compensation Committee, in turn, considers his recommendations and exercises ultimate approval authority. Our Chief Executive Officer's recommendations are based on his years of experience in the financial services and software industries and his desire to motivate the executive officers and ensure their commitment to the Company. For each executive officer, including himself, our Chief Executive Officer prepares a written description for our Compensation Committee of the individual's performance during the prior year and recommends salary and bonus amounts based upon their responsibilities and contributions to the Company's performance. For compensation of executive officers other than our Chief Executive Officer, our Compensation Committee considers our Chief Executive Officer's recommendations and discusses his reviews and recommendations with him as part of its deliberations. For our Chief Executive Officer's compensation, the Compensation Committee considers his recommendations and generally conducts its deliberations without him present. In this, as in other compensation matters, the

Compensation Committee exercises its independent judgment. After due consideration, the Compensation Committee accepted the Chief Executive Officer's recommendations for 2014 executive officer cash bonuses and 2015 executive officer base salaries.

We last provided stockholders with a "say on pay" advisory vote on our executive compensation in 2014. At our 2014 annual meeting of stockholders, stockholders expressed substantial support for the compensation of our named executive officers, with approximately 89% of the votes cast voting for approval of the "say on pay" advisory vote on executive compensation. In establishing 2014 executive compensation, the Compensation Committee considered the results of the 2014 advisory vote as well as the other factors described above. Given the significant support for our named executive officer compensation as expressed in the 2014 "say on pay" advisory vote, the Compensation Committee did not make any changes to our executive compensation program and policies as a result of such vote. Our stockholders will again have a "say on pay" advisory vote at the 2017 annual meeting.

Components of Our Executive Compensation

The primary elements of our executive compensation are:

- base salary;
- discretionary annual cash bonuses;
- stock option awards;
- perquisites; and
- severance and change of control benefits.

We have no formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, our Compensation Committee (based in part on input from our Chief Executive Officer) determines subjectively what it believes to be the appropriate level and mix of the various compensation components. While we describe below the connection between each element of executive compensation and particular compensation objectives, we believe that each element promotes multiple compensation objectives.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executive officers. In establishing base salaries for 2014, our Compensation Committee considered a variety of factors, including the seniority of the individual, the level of the individual's responsibility, the ability to replace the individual, the individual's tenure at the Company, relative pay among the executive officers, and our Chief Executive Officer's input. Generally, we believe that executive base salaries should grow incrementally over time and that more of the "up side" of compensation should rest with cash bonuses and long-term equity incentive compensation. In the case of Mr. Stone, his 2010 employment agreement, as in effect during 2014, stipulates that his base salary cannot be less than \$750,000 per year.

Base salaries are reviewed at least annually by our Compensation Committee and are adjusted from time to time to realign salaries with market levels after taking into account the performance of the Company and each executive officer's responsibilities, performance and experience. In March 2014,

our Compensation Committee established the 2014 base salaries of our executive officers as follows: Mr. Stone, \$875,000, Mr. Pedonti, \$350,000, Mr. Boulanger, \$550,000, Mr. Kanwar, \$475,000, and Mr. Igoe, \$260,000. In March 2015, our Compensation Committee evaluated the base salaries of executive officers and decided not to make any changes from the 2014 levels.

Annual Cash Bonus

The payment of annual cash bonuses to executive officers and other employees is discretionary, and for our executive officers, subject to the terms of our Executive Bonus Plan (the “Bonus Plan”) approved by our stockholders at our 2014 annual meeting. Annual cash bonuses are generally provided to employees whether or not we meet our budgeted results, but the amount available for bonuses to all employees, including the executive officers, varies according to our financial results. Annual cash bonuses are intended to compensate for strategic, operational and financial successes of the Company as a whole, as well as individual performance and growth potential. Other than for our named executive officers, for whom maximum bonus amounts are established under the terms of our Bonus Plan based on our performance, the annual cash bonuses are not tied to the achievement of specific results or pre-established financial metrics or performance goals, and no formula exists for determining the amount of bonuses for employees or executive officers.

For 2014, our overall executive officer bonus pool was established based on 5% of Adjusted Consolidated EBITDA (as defined below). Our Compensation Committee has overall authority for determining 2014 annual bonus amounts and considers proposals from the Chief Executive Officer for executive officer bonus allocations, including his own. The Compensation Committee made a final decision with respect to 2014 annual bonuses in March 2015. In making bonus recommendations to the Compensation Committee for the executive officers, our Chief Executive Officer, after taking into account the positive or negative impact of events outside the control of management or an individual executive, made a subjective judgment of each executive’s performance in the context of a number of considerations, including the overall economy and our financial performance, revenues and financial position going into the new fiscal year, each executive’s (including his own) work in managing the business, establishing internal controls, mentoring staff, completing and integrating acquisitions, reducing costs, responding to market conditions and maintaining our profitability. Mr. Stone’s employment agreement as in effect for 2014 stipulates that his minimum annual bonus must be at least \$500,000.

Mr. Stone’s bonus for 2014 was \$5,000,000. The Committee’s approval of Mr. Stone’s bonus took into account our profitability, his successful recruitment of new managers, his efforts to increase our revenue from \$713 million in 2013 to \$768 million in 2014 and our Adjusted Consolidated EBITDA from \$292 million in 2013 to \$320 million in 2014, the growth of our market capitalization from \$3.6 billion in the first quarter of 2014 to over \$5.0 billion in the first quarter of 2015, his continued search for new acquisitions including the completed acquisition of DST Global Solutions Limited (“DST”) in December 2014 and the in-process acquisition of Advent Software, Inc. (“Advent”) which was signed in February 2015, and his maintenance of high-level relationships with our key clients.

Mr. Pedonti’s bonus for 2014 was \$950,000. The Committee’s approval of Mr. Pedonti’s bonus took into account his solid management skills, his expanded role in personnel and investor relations matters, his role in negotiating and implementing the DST and Advent acquisitions, his responsibility for maintaining our internal controls and his success in building a strong finance team.

Mr. Boulanger's bonus for 2014 was \$1,900,000. The Committee's approval of Mr. Boulanger's bonus took into account his responsibility for our day-to-day business operations across the organization, his assumption of responsibility for supervising the Company's international operations, his contributions to our 2014 financial results, including increasing revenues from fiscal 2013 to fiscal 2014, his role in implementing the DST acquisition, and his attention to his overall executive management team.

Mr. Kanwar's bonus for 2014 was \$1,400,000. The Committee's approval of Mr. Kanwar's bonus took into account his responsibility for our fund services business, his contributions to our 2014 financial results, and his attention to his overall executive management team.

Mr. Igoe's bonus for 2014 was \$250,000. The Committee's approval of Mr. Igoe's bonus took into account his overall management of the legal department and responsibility for adherence to the internal budget, his instrumental role in directing the legal work for our acquisitions of DST and Advent, and his efforts in overseeing and administering litigation in which the Company is involved.

These decisions reflect the practice that our Compensation Committee does not fix a target bonus for the succeeding year; rather, as noted above, subject to the terms of the Bonus Plan, it draws on subjective factors and executive officer performance evaluations in arriving at its bonus decisions.

The pool of money available for non-executive officer employee bonuses is determined by Mr. Stone after our Adjusted Consolidated EBITDA for the preceding fiscal year is determined. In determining the pool available for employee bonuses, Mr. Stone takes into account the following material factors: Adjusted Consolidated EBITDA; growth in Adjusted Consolidated EBITDA over the preceding year; minimum Adjusted Consolidated EBITDA required to ensure debt covenant compliance; our short-term cash needs; and any improvement or deterioration in our strategic market position. The bonus pool for executive officers is determined under the terms of our Bonus Plan, which, for 2014, was 5% of Adjusted Consolidated EBITDA, or \$16,005,650. Adjusted Consolidated EBITDA is a non-GAAP financial measure used in key financial covenants contained in our senior credit facilities, which are material facilities supporting our capital structure and providing liquidity to our business. Adjusted Consolidated EBITDA is defined as earnings before interest, taxes, depreciation and amortization (EBITDA), further adjusted to exclude stock compensation expense, unusual items and other adjustments permitted in calculating covenant compliance under the senior credit facilities, excluding acquired EBITDA. Adjusted Consolidated EBITDA does not represent net income or cash flow from operations as those terms are defined by GAAP and does not necessarily indicate whether cash flows will be sufficient to fund cash needs. The following is a reconciliation of net income to Adjusted Consolidated EBITDA for fiscal 2014.

(in thousands)	Year ended December 31, 2014
Net income	\$ 131,127
Interest expense, net	25,472

- (1) Purchase accounting adjustments include (a) an adjustment to increase rent expense by the amount that would have been recognized if lease obligations were not adjusted to fair value at the date of acquisitions and (b) an adjustment to increase revenues by the amount that would have been recognized if deferred revenue were not adjusted to fair value at the date of acquisitions.
- (2) Unusual or non-recurring charges include foreign currency gains and losses, proceeds from legal and other settlements, severance expenses and other one-time expenses, such as expenses associated with facilities consolidations and acquisitions.

- (3) Acquired EBITDA reflects the EBITDA impact of significant businesses that were acquired during the period as if the acquisition occurred at the beginning of the period.
- (4) Other includes the non-cash portion of straight-line rent expense.

Stock Option Awards

Our Compensation Committee believes that equity-based incentive compensation is an important component of executive compensation. In 2014, our executive officers were granted only time-based stock options subject to vesting over four years from the date of grant.

In December 2014, we awarded our named executive officers long-term incentive compensation under our 2014 Stock Option Plan in the form of time-based stock options to purchase an aggregate of 450,000 shares of our common stock. Of these option grants, Mr. Stone received an option to purchase 190,000 shares of our common stock, Mr. Pedonti received an option to purchase 65,000 shares of our common stock, Mr. Boulanger received an option to purchase 90,000 shares of our common stock, Mr. Kanwar received an option to purchase 80,000 shares of our common stock, and Mr. Igoe received an option to purchase 25,000 shares of our common stock. The number of options was subjectively determined by the Compensation Committee based on an assessment of the relative contributions and efforts of each executive officer. The options have an exercise price of \$56.53 per share, which was equal to the closing price of our common stock as reported on The NASDAQ Global Select Market on the date of the grant.

The options awarded in December 2014 vest 25% on the first anniversary of grant and 1/36th each month thereafter until fully vested on the fourth anniversary of grant, subject to acceleration of vesting in connection with a change of control event and the other terms and conditions set forth in the plan and the award agreements, including that the recipient is an employee in good standing on each respective vesting date.

Benefits and Perquisites

We offer a variety of benefit programs to all eligible employees, including our executive officers. Our executive officers generally are eligible for the same benefits on the same basis as other employees, including medical, dental and vision benefits, life insurance coverage and short- and long-term disability coverage. All eligible employees are also able to contribute to our 401(k) plan and receive matching company contributions under the plan. In addition, our executive officers are entitled to reimbursement for reasonable business travel and other expenses incurred during the performance of their duties in accordance with our expense reimbursement policy.

We limit the use of perquisites as a method of compensation and provide our executive officers with only those perquisites that we believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain talented employees for key positions.

Severance and Change of Control Benefits

Pursuant to his employment agreement, Mr. Stone is entitled to specified benefits in the event of the termination of his employment under certain circumstances. We provide more detailed information about Mr. Stone's benefits, as in effect during 2014 along with estimates of their value under various circumstances, under the captions "Employment and Related Agreements" and "Potential Payments Upon Termination or Change of Control" below.

The time-based stock options awarded to our named executive officers under the 2014 Stock Option Plan, 2008 Stock Incentive Plan and 2006 Equity Incentive Plan each vest in full immediately prior to the effectiveness of a “change of control” (or, for the 2006 Equity Incentive Plan, immediately prior to the effectiveness of a “liquidity event”). The option agreements for option awards under the 2014 Stock Option Plan, 2008 Stock Incentive Plan and 2006 Equity Incentive Plan define a “change of control” (or, for the 2006 Equity Incentive Plan, a “liquidity event”) to generally mean the consummation of any transaction or series of transactions pursuant to which one or more persons or group of persons acquires (a) capital stock of the Company possessing voting power sufficient to elect a majority of the members of our Board or the board of directors of any successor to the Company (whether such transaction is effected by merger, consolidation, recapitalization, sale or transfer of the Company’s capital stock or otherwise) or (b) all or substantially all of the assets of the Company.

On March 31, 2015, we entered into an amended employment agreement with Mr. Stone. The modifications were intended to update Mr. Stone’s existing employment agreement, as in effect throughout 2014 (the “prior agreement”), for our current business practices and compensation programs. The term of the amended agreement will continue until March 11, 2016, and will be extended by successive one-year periods unless either party gives at least 90 days’ notice of non-renewal. Mr. Stone’s annual base salary under the amended agreement will be no less than \$875,000, and he will be eligible for annual and long-term incentive grants under the Company’s incentive plans as may be in effect from time to time under the terms of such plans (and will not be entitled to any minimum annual cash bonus).

If we terminate Mr. Stone’s employment without “cause” or if Mr. Stone resigns for “good reason” (in each case as defined in the amended agreement) during the employment agreement term, or if Mr. Stone’s employment terminates because we provide a notice of non-renewal, subject to the effectiveness of a release in favor of the Company, Mr. Stone will be entitled to receive (1) an amount equal to 200% of his base salary and 200% of his average annual bonus for the three bonus years preceding termination, (2) accelerated vesting of 50% of his then unvested options and full vesting of any restricted stock and (3) three years of coverage under certain health plans. If Mr. Stone dies or his employment terminates due to “disability” (as defined in the agreement) he will be entitled to receive, subject to a release in the case of disability, (1) disability or death benefits (as applicable) in accordance with our programs and arrangements, (2) accelerated vesting as set forth above, and (3) a pro-rated amount of his average bonus for the three bonus years preceding termination. Consistent with the prior agreement, if payments to Mr. Stone cause him to incur an excise tax under Section 4999 of the Internal Revenue Code, Mr. Stone will be entitled to an additional payment sufficient to cover such excise tax and any taxes associated with such payments.

The amended agreement also provides that we will assist Mr. Stone with (and pay reasonable filing and legal fees associated with) any filing Mr. Stone may be required to make under the Hart-Scott-Rodino Act in connection with his ownership of our common stock acquired in connection with his employment (including with respect to the conversion to common stock of certain Class A Non-Voting common stock held by Mr. Stone). The amended agreement provides for non-competition and non-solicitation covenants pursuant to which Mr. Stone will be prohibited from competing with SS&C or its affiliates and from soliciting employees or customers during his employment and for two years following termination of employment. The form of Mr. Stone’s employment agreement, as amended and restated, was filed with a Current Report on Form 8-K on April 1, 2015.

See “Potential Payments Upon Termination or Change of Control” below for estimates of the value our named executive officers would receive in the event of a liquidity event under our 2006

Equity Incentive Plan or a change of control under our 2008 Stock Incentive Plan or our 2014 Stock Option Plan, as applicable, in each case as of December 31, 2014.

Accounting and Tax Implications

The accounting and tax treatment of particular forms of compensation do not materially affect our compensation decisions. However, we evaluate the effect of such accounting and tax treatment on an ongoing basis and will make modifications to compensation policies where we deem it appropriate. For instance, Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1.0 million paid by a public company to its chief executive officer and to each other officer (other than the chief financial officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act. However, certain compensation, including qualified “performance-based compensation,” will not be subject to the deduction limit if certain requirements are met. Section 162(m) did not apply to our compensation when we were a private company, and we relied on the post-initial public offering “transition relief” rules under Section 162(m) until the date of our 2014 annual meeting.

Our Compensation Committee may review the potential effect of Section 162(m) periodically and use its judgment to authorize compensation payments that may be subject to the limit when it believes such payments are appropriate and in our best interests after taking into consideration changing business conditions and the performance of our employees.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with our management. Based on this review and discussion, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Potential Payments Upon Termination or Change of Control

William C. Stone

Mr. Stone’s employment agreement as in effect for the fiscal year ended December 31, 2014, is described under the caption “Employment and Related Agreements” above. For information on Mr. Stone’s amended and restated agreement dated March 31, 2015, see “Executive and Director Compensation—Severance and Change of Control Benefits”, above.

The table below reflects the amount of compensation payable to Mr. Stone in the event of termination of his employment or a liquidity event (as defined in our 2006 Equity Incentive Plan) or change of control (as defined in our 2008 Stock Incentive Plan and 2014 Stock Option Plan). The amounts shown assume that such liquidity event, change of control or termination was effective as of December 31, 2014, and thus report amounts earned through such time and are estimates of the amounts that would be paid out to him upon such event or his termination under the employment agreement as in effect as of December 31, 2014. The actual amounts to be paid out, if any, will differ from the amounts reflected below and can only be determined at the time of the liquidity event/change of control or Mr. Stone’s termination.

- (1) In the event that Mr. Stone’s employment is terminated for cause or without good reason, he will be entitled to unpaid base salary through the date of the termination, payment of any

annual bonus earned with respect to a completed fiscal year of SS&C that is unpaid as of the date of termination and any benefits due to him under any employee benefit plan, policy, program, arrangement or agreement.

- (2) Liquidity event is defined in Mr. Stone's option agreements governing options granted under our 2006 Equity Incentive Plan, and change of control is defined in Mr. Stone's option agreements governing options granted under our 2008 Stock Incentive Plan and 2014 Stock Option Plan. Time-based stock options granted under our 2006 Equity Incentive Plan, 2008 Stock Incentive Plan and 2014 Stock Option Plan will in each case become fully vested and exercisable immediately prior to the effective date of a liquidity event.
- (3) Consists of 200% of 2014 base salary payable promptly upon termination.
- (4) Consists of 200% of \$500,000, the minimum annual bonus specified for Mr. Stone in his employment agreement as in effect December 31, 2014.
- (5) Consists of a cash payment equal to the amount of Mr. Stone's annual bonus for 2014, payable within 60 business days of termination.
- (6) Vesting acceleration with respect to unvested options to purchase an aggregate of 223,334 shares of our common stock, which is equal to 50% of all unvested options held by Mr. Stone on December 31, 2014, calculated based on the difference between the respective exercise price of the options and \$58.49 (the closing price of our common stock on The NASDAQ Global Select Market on December 31, 2014).
- (7) Vesting acceleration with respect to unvested options to purchase an aggregate of 446,668 shares of our common stock, which is equal to 100% of all unvested options held by Mr. Stone on December 31, 2014, calculated based on the difference between the respective exercise price of the options and \$58.49 (the closing price of our common stock on The NASDAQ Global Select Market on December 31, 2014).
- (8) Represents three years of coverage under SS&C's dental benefit plan.
- (9) In the event that the severance and other benefits provided for in Mr. Stone's employment agreement or otherwise payable to him in connection with a change of control constitute "parachute payments" within the meaning of Section 280G of the Internal Revenue Code and will be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then Mr. Stone will receive (a) a payment from us sufficient to pay such excise tax, and (b) an additional payment from us sufficient to pay the excise tax and U.S. federal and state income taxes arising from the payments made by us to Mr. Stone pursuant to this sentence.

In accordance with Mr. Stone's employment agreement, none of the severance payments described above will be paid during the six-month period following his termination of employment unless we determine, in our good faith judgment, that paying such amounts at the time or times indicated above would not cause him to incur an additional tax under Section 409A of the Internal Revenue Code (in which case such amounts will be paid at the time or times indicated above). If the payment of any amounts are delayed as a result of the previous sentence, on the first day following the end of the six-month period, we will pay Mr. Stone a lump-sum amount equal to the cumulative amounts that would have otherwise been previously paid to him under his employment agreement. Thereafter, payments will resume in accordance with the above table.

Other Named Executive Officers

Other than Mr. Stone, none of our executive officers has any arrangement that provides for severance payments. Time-based stock options granted under our 2006 Equity Incentive Plan, 2008 Stock Incentive Plan and 2014 Stock Option Plan will become fully vested and exercisable immediately prior to the effective date of a liquidity event or change of control, respectively. Stock options granted under our 2008 Stock Incentive Plan will become fully vested and exercisable immediately prior to the effective date of a change of control.

As of December 31, 2014, Messrs. Pedonti, Boulanger, Kanwar, and Igoe held the following unvested stock options that would have become fully vested upon a liquidity event or change of control, as applicable.

Name	Number of shares underlying unvested options (#)	Value of unvested options (\$) ⁽¹⁾

Rahul Kanwar	193,231	3,331,549
Paul G. Igoe	79,063	1,689,462

- (1) The value of unvested options was calculated by multiplying the number of shares underlying unvested options by \$58.49 (the closing price of our common stock as reported on The NASDAQ Global Select Market on December 31, 2014) and then deducting the aggregate exercise price for these options.

- (1) Audit fees consist of fees for the audit of our financial statements, the review of the interim financial statements included in our Quarterly Reports on Form 10-Q, and services related to our filings of Registration Statements on Form S-3 in 2013, such as the issuance of consents.
- (2) Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit and the review of our financial statements and which are not reported under "Audit Fees." These services relate to accounting consultations in connection with acquisitions, procedures performed for SSAE 16 reports, attest services that are not required by statute or regulation and consultations concerning internal controls, financial accounting and reporting standards.
- (3) Tax fees consist of fees for tax compliance, tax advice and tax planning services. Tax compliance services, which relate to preparation of original and amended tax returns, claims for refunds and tax payment-planning services, accounted for approximately \$77,217 of the total tax fees billed in 2014 and approximately \$114,163 of the total tax fees billed in 2013. Tax advice and tax planning services relate to assistance with tax audits and appeals, tax advice related to acquisitions and requests for rulings or technical advice from taxing authorities.
- (4) All other fees for 2014 and 2013 consist of other advisory and consulting services.

All the services described above were approved by our Audit Committee in advance of the services being rendered. The Audit Committee is responsible for the appointment, compensation and oversight of the work performed by the independent registered public accounting firm. The Audit Committee must pre-approve all audit (including audit-related) services and permitted non-audit services provided by the independent registered public accounting firm in accordance with the

pre-approval policies and procedures established by the Audit Committee. The Audit Committee annually approves the scope and fee estimates for the quarterly reviews, year-end audit, statutory audits and tax work to be performed by our independent registered public accounting firm for the next fiscal year. With respect to other permitted services, management defines and presents specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee pre-approves specific engagements, projects and categories of services on a fiscal year basis, subject to individual project thresholds and annual thresholds. In assessing requests for services by the independent registered public accounting firm, the Audit Committee considers whether such services are consistent with the independent registered public accounting firm's independence, whether the independent registered public accounting firm is likely to provide the most effective and efficient service based upon their familiarity with us, and whether the service could enhance our ability to manage or control risk or improve audit quality.

Proxies solicited by management will be voted for the ratification unless stockholders specify otherwise. Ratification by the stockholders is not required. Although we are not required to submit the appointment to a vote of the stockholders, our Board believes it is appropriate as a matter of policy to request that the stockholders ratify the appointment of PwC as our independent registered public accounting firm. If the stockholders do not ratify the appointment, the Audit Committee may investigate the reasons for stockholder rejection and consider whether to retain PwC or appoint another independent registered public accounting firm. Even if the appointment is ratified, our Board and the Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of our Company and our stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR OUR FISCAL YEAR ENDING DECEMBER 31, 2015.

Report of the Audit Committee of the Board of Directors

Our Audit Committee has reviewed our audited financial statements for fiscal 2014 and has discussed these financial statements with our management and PwC, our independent registered public accounting firm.

The Audit Committee has also received from, and discussed with, our independent registered public accounting firm various communications that our independent registered public accounting firm is required to provide to the Audit Committee, including Statement on Auditing Standard No. 16 (Communications with Audit Committees), as adopted by the Public Company Accounting Oversight Board, or PCAOB.

Our independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter from the independent registered public accounting firm required by PCAOB Rule 3526 (Communicating with Audit Committees Concerning Independence), as modified or supplemented. Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to our Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2014.

OWNERSHIP OF OUR COMMON STOCK

This table presents information concerning the beneficial ownership of the shares of our common stock as of April 1, 2015. Specifically, the table reflects beneficial ownership information about:

- each person we know to be the beneficial owner of more than 5% of the outstanding shares of our common stock;
- each of our directors and named executive officers; and
- all of our directors and executive officers as a group.

Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power over securities. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder. Shares of common stock subject to options that are exercisable or exercisable within 60 days of April 1, 2015 are considered outstanding and beneficially owned by the person holding the options for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated, the address of the persons and entities listed on the table is c/o SS&C Technologies Holdings, Inc., 80 Lamberton Road, Windsor, CT 06095.

RELATED PERSON TRANSACTIONS

Policies and Procedures for Related Person Transactions

Our Board has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which we have been or are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a “related person,” has had or has a direct or indirect material interest. Such a transaction, arrangement or relationship is referred to as a “related person transaction.”

Any related person transaction must be reported to our General Counsel and will be reviewed and approved by the Audit Committee in accordance with the terms of the policy, prior to effectiveness or consummation of the transaction, whenever practicable. If the General Counsel determines that advance approval of a related person transaction is not practicable under the circumstances, the Audit Committee will review and, in its discretion, may ratify the related person transaction at its next meeting, or at the next meeting following the date that the related person transaction comes to the attention of the General Counsel; provided, however, that the General Counsel may present a related person transaction arising in the time period between meetings of the Audit Committee to the Chair of the Audit Committee, who will review and may approve the related person transaction, subject to ratification by the Audit Committee at its next meeting. In addition, any related person transaction previously approved by the Audit Committee or otherwise already existing that is ongoing in nature will be reviewed by the Audit Committee annually to ensure that it has been conducted in accordance with the previous approval granted by the Audit Committee, if any, and that all required disclosures regarding the related person transaction are made.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person’s interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

- the related person’s interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person’s interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The Audit Committee may approve or ratify the related person transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. The Audit Committee may, in its sole discretion, impose any conditions it deems appropriate on the Company or the related person in connection with approval of the related person transaction.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, our Board has determined that the following do not create a material direct or indirect interest on behalf of a related person and, therefore, are not related person transactions for purposes of our related person transaction policy:

- interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members (as defined in the policy) are not involved in the negotiation of the terms of the transaction with the Company and do not receive any special benefits as a result of the transaction or (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; or
- a transaction that is specifically contemplated by provisions of the Certificate of Incorporation or By-laws of the Company.

The policy provides that transactions involving compensation of executive officers will be reviewed and approved by the Compensation Committee in the manner specified in its charter.

Related Person Transactions

Stockholders Agreement

The Company is a party to a Stockholders Agreement with Mr. Stone that entitles him to nominate four directors, one of whom shall be Mr. Stone for so long as he is our Chief Executive Officer. The number of Board members Mr. Stone is entitled to nominate (including himself) will be reduced to one director if Mr. Stone holds less than 15% of our common stock. Mr. Stone's rights under the Board nomination provisions of the Stockholders Agreement will terminate at such time as he holds less than 10% of our common stock.

The provisions of the Stockholders Agreement also require that so long as Mr. Stone is a member of our Board and the Chief Executive Officer of the Company, he will serve as Chairman of the Board.

Registration Rights Agreement

The Company and Mr. Stone are parties to a Registration Rights Agreement, under which Mr. Stone can demand that we file a registration statement for all or a portion of his common stock. Mr. Stone is also entitled to request that his shares be covered by a registration statement that we are otherwise filing with respect to our common stock. In either event, the Company is required to pay all expenses of Mr. Stone in connection with the registration (other than underwriting discounts and commissions and transfer taxes applicable to the sale of registrable securities). The Registration Rights Agreement also provides that the Company will indemnify Mr. Stone, and Mr. Stone will indemnify the Company, for certain matters in connection with the registration of Mr. Stone's shares. The registration rights in the Registration Rights Agreement are subject to certain conditions and limitations specified in the Registration Rights Agreement, including the right of the underwriters of an offering to limit the number of shares included in certain registrations.

Submitting a proxy or voting instructions in advance will not prevent you from attending the 2015 annual meeting and voting in person, if you so desire. A postage-paid, return-addressed envelope is enclosed for your convenience. No postage need be affixed if mailed in the United States. Your cooperation in giving this your immediate attention is appreciated.

Voting Procedures

You may vote either in person at the 2015 annual meeting or by proxy. To vote by proxy, you must:

- Complete all of the required information on the proxy card.
- Date and sign the proxy card.
- Return the proxy card in the enclosed postage-paid envelope. We must receive your proxy card before the 2015 annual meeting for your proxy to be valid and for your vote to count.
- If you are not the stockholder of record and hold shares through a bank, broker or other nominee, such agent may have special voting instructions that you should follow. You should contact your bank, broker or other nominee to obtain instructions for voting your shares.

Whether or not you expect to be present in person at the 2015 annual meeting, you are requested to complete, sign, date and return the enclosed form of proxy. The shares represented by your proxy will be voted in accordance with your instructions. If you attend the 2015 annual meeting, you may

vote by ballot. If you want to vote in person at the 2015 annual meeting and you own your shares through a bank, broker or other nominee, you must obtain a proxy from that party in its capacity as owner of record for your shares and bring the proxy to the 2015 annual meeting.

Your properly completed proxy card will appoint William C. Stone, Patrick J. Pedonti and Paul G. Igoe as proxy holders, or your representatives, to vote your shares in the manner directed therein by you. Mr. Stone is our Chairman and Chief Executive Officer, Mr. Pedonti is our Senior Vice President and Chief Financial Officer, and Mr. Igoe is our Senior Vice President, General Counsel and Secretary. Your proxy permits you to direct the proxy holders to:

- vote “FOR” or withhold your votes from either of the two nominees for director; and
- vote “FOR,” “AGAINST” or “ABSTAIN” from the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2015.

All shares entitled to vote and represented by properly completed proxies received prior to the 2015 annual meeting and not revoked will be voted at the 2015 annual meeting in accordance with your instructions. If you do not indicate how your shares are to be voted on a matter, the shares represented by your properly completed proxy will be voted “FOR” the election of the two nominees for director and “FOR” the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2015, and in the discretion of the persons named as proxies in the manner they believe to be in the Company’s best interests as to other matters that may properly come before the 2015 annual meeting.

Revocation of Proxies

You may revoke your proxy at any time before it is exercised by (1) delivering to us a signed proxy card with a date later than the date of your previously delivered proxy, (2) voting in person at the 2015 annual meeting, or (3) sending a written revocation to our Corporate Secretary at our principal executive offices. Shares represented by valid proxies that are received prior to the 2015 annual meeting and not revoked at or prior to the 2015 annual meeting will be voted at the 2015 annual meeting.

Stockholders Entitled to Vote

Our Board has fixed April 1, 2015 as the record date for the 2015 annual meeting. You are entitled to vote (in person or by proxy) at the 2015 annual meeting if you were a stockholder of record on the record date. On the record date, we had 81,726,423 shares of common stock outstanding (each of which entitles its holder to one vote). Holders of shares of our common stock do not have cumulative voting rights.

In addition to our common stock, on the record date, we had 2,703,846 shares of our Class A Non-Voting common stock outstanding. Shares of our Class A Non-Voting common stock cannot be voted at the 2015 annual meeting.

Quorum

For all proposals on the agenda for the 2015 annual meeting, the holders of a majority of the shares of common stock issued and outstanding and entitled to vote must be present at the 2015 annual meeting in person or represented by proxy to constitute a quorum. Shares represented by all proxies

received, including proxies that withhold authority for the election of a director and/or abstain from voting on a proposal, as well as broker non-votes (as described below), will be counted toward establishing a quorum.

Votes Required

For Proposal 1, each of the directors will be elected by a plurality vote of the shares of common stock present at the 2015 annual meeting in person or represented by proxy and entitled to vote. Shares for which the vote is properly withheld and broker non-votes will not be counted toward the nominee's achievement of a plurality and will have no effect on the election of the directors.

For Proposal 2, the ratification of the selection of the independent registered public accounting firm, the affirmative vote of the holders of a majority of the votes cast is required for approval. Shares that abstain will not be counted as votes in favor of this proposal and will also not be counted as votes cast. Accordingly, abstentions will have no effect on the outcome of this proposal.

If you hold shares of common stock through a bank, broker or other nominee, that party may under certain circumstances vote your shares if you do not timely provide them with voting instructions. Banks, brokers or other nominees have discretionary authority to vote customers' unvoted shares on routine matters. Your bank, broker or other nominee cannot vote your shares on any matter that is not considered a routine matter. Proposal 2, ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2015, is considered a routine matter. Proposal 1, the election of two Class II directors, is not considered a routine matter. Shares for which a bank, broker or other nominee cannot vote on a particular matter because that party does not have discretionary voting authority to do so are considered "broker non-votes" on the matter.

Solicitation of Proxies

We will bear the expenses of preparing, printing and assembling the materials used in the solicitation of proxies. In addition to the solicitation of proxies by use of the mail or the Internet, we may also use the services of some of our officers and employees (who will receive no compensation for such services in addition to their regular salaries) to solicit proxies personally and by telephone and email. Banks, brokers or other nominees will be requested to forward solicitation materials to the beneficial owners of shares of record held by them, and we will reimburse them for their reasonable expenses.

OTHER MATTERS

As of the date of this proxy statement, we know of no matter not specifically referred to above as to which any action is expected to be taken at the 2015 annual meeting and the advance notice period applicable to the 2015 annual meeting as prescribed by our By-laws has expired. If any other business should properly come before the 2015 annual meeting, the proxies will be voted in the discretion of the proxy holders. Each of the persons appointed by the enclosed form of proxy present and acting at the meeting, in person or by substitute, may exercise all of the powers and authority of the proxies in accordance with their judgment.

Stockholder Proposals and Director Nominations

For 2016 Annual Meeting

Proposals of stockholders intended to be presented at the 2016 annual meeting of stockholders pursuant to Rule 14a-8 under the Exchange Act must be received by us no later than December 16, 2015 in order to be included in the proxy statement and form of proxy relating to that meeting. Proposals should be sent to SS&C Technologies Holdings, Inc., 80 Lambertson Road, Windsor, Connecticut 06095, Attention: Corporate Secretary.

In addition, our By-laws require that we be given advance notice of stockholder nominations for election to our Board and of other business that stockholders wish to present for action at an annual meeting of stockholders (other than matters included in our proxy statement in accordance with Rule 14a-8 under the Exchange Act). The required notice must contain the information required by our By-laws and be delivered by the stockholder and received by the Secretary at our principal executive offices (i) no earlier than 120 days before and no later than 90 days before the first anniversary of the date of the preceding year's annual meeting, or (ii) if the date of the annual meeting is advanced by more than 20 days or delayed by more than 60 days from the first anniversary date, (a) no earlier than 120 days before the annual meeting and (b) no later than 90 days before the annual meeting or 10 days after the day notice of the annual meeting was mailed or publicly disclosed, whichever occurs first. Assuming the date of our 2015 annual meeting is not so advanced or delayed, stockholders who wish to make a proposal at the 2016 annual meeting (other than one to be included in our proxy statement in accordance with Rule 14a-8 under the Exchange Act) should notify us no earlier than January 29, 2016 and no later than February 28, 2016.

Householding of Proxies

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for annual reports and proxy statements with respect to two or more stockholders sharing the same address by delivering a single annual report and/or proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household annual reports and proxy materials, delivering a single annual report and/or proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent.

If, at any time, (1) you no longer wish to participate in householding and would prefer to receive a separate annual report and/or proxy statement in the future or (2) you and another stockholder sharing the same address wish to participate in householding and prefer to receive a single copy of our annual report and/or proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Investor Relations, SS&C Technologies Holdings, Inc., 80 Lambertson Road, Windsor, Connecticut 06095, or call 860-298-4500.
