2015 PERFORMANCE HIGHLIGHTS

We believe the Company’s 2015 performance was exceptional, as evidenced by the following results:

- Our total shareholder return (“TSR”)¹ for 2015 was 18% and our aggregate TSR for the period from January 1, 2013 to December 31, 2015 was 198%. For comparison purposes, the TSR for the NASDAQ Composite Total Return Index was 7% and 72% for the same periods.
- Our total revenues for 2015 were \$1,000.3 million, as compared to 2014 total revenues of \$767.9 million and 2013 total revenues of \$712.7 million, an increase of 30% and 8%, respectively.
- Our Adjusted Consolidated EBITDA (discussed on pages 15 and 16) was \$442.0 million, as compared to 2014 Adjusted Consolidated EBITDA of \$320.1 million and 2013 Adjusted Consolidated EBITDA of \$291.9 million, an increase of 38% and 10%, respectively.
- Our market capitalization grew by \$1.8 billion during 2015, an increase of 37%.

¹ TSR is the change in the stock price over a given period plus dividends paid, divided by the stock price at the beginning of a period, expressed as a percentage.

- We acquired three businesses:
 - (i) Advent Software, Inc. (“Advent”), a provider of global investment management software and services, for approximately \$2.6 billion on July 8, 2015;
 - (ii) Varden Technologies (“Varden”), a provider of cloud-based client and advisor communication solutions for investment firms, for approximately \$25.3 million on September 1, 2015; and
 - (iii) Primatics Financial (“Primatics”), a provider of a cloud-based integrated risk, compliance and finance solution for the banking industry, for approximately \$127.6 million on November 16, 2015.

HIGHLIGHTS OF PROPOSALS BEING VOTED UPON

This summary highlights information that is relevant to certain proposals being voted on at the Annual Meeting. Additional discussion of these proposals is contained elsewhere in this proxy statement, which we encourage you to review in its entirety.

Proposal 1: *Election of Directors.*

The Board recommends that you vote “FOR” the election of our three Class III Directors whose terms expire at the 2016 annual meeting: Smita Conjeevaram, Michael E. Daniels and William C. Stone. Mr. Daniels currently serves as a member of our Nominating Committee. Mr. Stone currently serves as Chairman of our Board. See the section of this proxy statement entitled “Information Regarding Directors and Director Nominees” beginning on page 5 for additional discussion of our director nominees and their qualifications.

Proposal 2: *Amendment to Our Amended and Restated Certificate of Incorporation.*

The Board recommends that you vote “FOR” an amendment to our Amended and Restated Certificate of Incorporation (the “Certificate”) to increase the number of authorized shares of our common stock from 200,000,000 to 400,000,000. The Board has determined that additional authorized share capital is necessary to support a possible two-for-one stock split and to provide an available pool of authorized shares in the event of future equity issuances. See the section of this proxy statement entitled “Overview of the Amendment” beginning on page 26 for additional discussion of our share capital needs.

Proposal 3: *SS&C’s Amended and Restated 2014 Stock Incentive Plan.*

The Board recommends that you vote “FOR” our Amended and Restated 2014 Stock Incentive Plan to increase the available share pool authorized for issuance under the plan from 3,000,000 shares to 15,000,000. The Board has determined that additional equity plan shares are necessary to satisfy our equity award needs for the next few years, after taking into account the effect of equity awards granted to new employees acquired as a result of five acquisitions completed between December 2014 and March 2016. If the share pool available for equity grants is not increased, our future ability to issue equity-based awards will be limited, which could have significant negative consequences in our ability to recruit and retain senior employees. Upon approval of the Amended and Restated 2014 Stock Incentive Plan by stockholders, we will cease making any further grants under either of our other stock and equity incentive plans. See the section of this proxy statement entitled “Key Features of the Amended 2014 Plan” on page 28 for additional discussion of our Amended and Restated 2014 Stock Incentive Plan.

Proposal 4: *Ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016.*

The Audit Committee has appointed the firm of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016, which we refer to as fiscal 2016. This appointment is being presented to the stockholders for ratification at the 2016 annual meeting. We encourage you to vote “FOR” ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Certificate provides for a classified Board. This means our Board is divided into three classes, with each class having as nearly as possible an equal number of directors. The term of service of each class of directors is staggered so that the term of one class expires at each annual meeting of the stockholders.

Our Board currently consists of eight members, divided into three classes as follows:

- Class I is comprised of Normand A. Boulanger, David A. Varsano and Michael J. Zamkow, each with a term ending at the 2017 annual meeting;
- Class II is comprised of William A. Etherington and Jonathan E. Michael, each with a term ending at the 2018 annual meeting; and
- Class III is comprised of Smita Conjeevaram, Michael E. Daniels and William C. Stone, each with a term ending at the 2016 annual meeting.

At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose term is expiring. Ms. Conjeevaram and Messrs. Daniels and Stone are current directors whose terms expire at the 2016 annual meeting. Each of these directors has been nominated by the Nominating Committee (and her/his nomination has been ratified by the Board) for re-election as a Class III director, with a term ending at the 2019 annual meeting.

Unless otherwise instructed in the proxy, all proxies will be voted "FOR" the election of each of the nominees identified above to a three-year term ending at the 2019 annual meeting, each such nominee to hold office until her/his successor has been duly elected and qualified. Stockholders who do not wish their shares to be voted for one or all of these three nominees may so indicate by striking out the name of such nominee(s) on the proxy card. Each of the nominees has indicated her/his willingness to serve on our Board, if elected. If any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by our Board. We do not contemplate that any of the three nominees will be unable to serve if elected.

A plurality of the shares of common stock present in person or represented by proxy at the 2016 annual meeting and entitled to vote is required to elect each nominee as a director.

Director's Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF SMITA CONJEEVARAM, MICHAEL E. DANIELS AND WILLIAM C. STONE.

BOARD OF DIRECTORS AND MANAGEMENT

Information Regarding Directors and Director Nominees

Our Certificate provides for the classification of our Board into three classes, each having as nearly an equal number of directors as possible. The terms of service of the three classes are staggered such that the term of one class expires each year.

Our Board currently consists of eight directors. Class I consists of Normand A. Boulanger, David A. Varsano and Michael J. Zamkow, each with a term ending at the 2017 annual meeting. Class II consists of William A. Etherington and Jonathan E. Michael, each with a term ending at the 2018 annual meeting. Class III consists of Smita Conjeevaram, Michael E. Daniels and William C. Stone, each with a term ending at the 2016 annual meeting. One class is elected each year and members of each class hold office for three-year terms. On November 19, 2015, the Board appointed Smita Conjeevaram as a Class III director to fill the vacancy created by the retirement of Allan M. Holt as a director. Ms. Conjeevaram was recommended to our Nominating Committee as a candidate by our Chairman. The retirement of Mr. Holt and his resignation as a director of the Company were not due to any disagreement with the Company's management or the Board and the Company thanks Mr. Holt for his service.

Our Nominating Committee has recommended, and the Board has nominated, Ms. Conjeevaram and Messrs. Daniels and Stone for election at the 2016 annual meeting as Class III directors, each to serve until the 2019 annual meeting and until her/his successor has been duly elected and qualified. Each of the nominees is currently a member of our Board.

The following table and biographical descriptions provide information relating to each director and director nominee, including her/his age and period of service as a director of our company, her/his committee memberships, her/his business experience for at least the past five years, including directorships at other public companies, and certain other information.

Prior to founding SS&C, Mr. Stone directed the financial services consulting practice of KPMG LLP, an accounting firm, in Hartford, Connecticut and was Vice President of Administration and Special Investment Services at Advest, Inc., a financial services company. The Board has concluded that Mr. Stone should serve as a director because, as our founder and Chief Executive Officer — and a principal stockholder, Mr. Stone provides a critical contribution to the Board reflecting his detailed knowledge of our company, our employees, our client base, our prospects, the strategic marketplace and our competitors.

Corporate Governance Matters

We believe that good corporate governance and fostering an environment of high ethical standards are important for us to achieve business success and to create value for our stockholders. Our Board periodically reviews our corporate governance practices in light of regulatory developments and practices at other public companies and makes changes that it believes are in the best interests of the Company and its stockholders.

Board Determination of Independence

Under the applicable rules of the NASDAQ Stock Market, a director will only qualify as an “independent director” if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board has determined that none of Ms. Conjeevaram or Messrs. Daniels, Etherington, Michael, Varsano or Zamkow has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an “independent director” as defined under Rule 5605(a)(2) of NASDAQ.

Stockholders Agreement

The Company is a party to a Stockholders Agreement, as amended, which we refer to as the Stockholders Agreement, with William C. Stone, our Chairman and Chief Executive Officer. The Stockholders Agreement entitles Mr. Stone to nominate two directors, one of whom shall be Mr. Stone for so long as he is our Chief Executive Officer. For more information on the Stockholders Agreement, see the section of this proxy statement entitled “Related Person Transactions—Stockholders Agreement” beginning on page 40.

Director Nomination Process

The process followed by the Nominating Committee to identify and evaluate director candidates may include requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating Committee.

The Nominating Committee considers recommendations for director nominees suggested by its members, other directors, management and other interested parties. Stockholders may recommend individuals to the Nominating Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background material, to the Nominating Committee c/o Corporate Secretary, SS&C Technologies Holdings, Inc., 80 Lambertson Road, Windsor, Connecticut 06095. Assuming that appropriate biographical information and background material is provided on a timely basis, the Nominating Committee will evaluate stockholder-recommended candidates by following substantially the same process and applying substantially the same criteria as it follows for candidates submitted by others.

In addition, stockholders also have the right under our By-laws to directly nominate director candidates, without any action or recommendation on the part of the Nominating Committee or the Board, by following the procedures set forth in our By-laws and described under “Stockholder Proposals and Director Nominations” at page 42 below.

Criteria and Diversity

In considering whether to recommend any particular candidate for inclusion in the Board’s slate of recommended director nominees, the Nominating Committee applies the criteria specified in its charter. These criteria include the candidate’s integrity, honesty, adherence to ethical standards, demonstrated business acumen, experience, ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company, ability to contribute positively to the decision-making processes of the Company, commitment to understanding the Company and its industry and to regularly attending and participating in meetings of the Board and its committees, ability to understand the sometimes conflicting interests of the various constituencies of the Company and the absence of a conflict of interest. The Nominating Committee does not assign specific weights to particular criterion, and no particular criterion is a prerequisite for any prospective nominee. In terms of criteria for composition of the Board, the Nominating Committee considers the backgrounds and qualifications of the directors as a group with a goal of providing a significant breadth of experience, knowledge and abilities to assist the Board in fulfilling its responsibilities.

Although the Nominating Committee considers the value of diversity on the Board, it has not adopted a written policy with regard to the consideration of diversity when evaluating candidates for director. However, in practice, the Nominating Committee considers diversity of viewpoint, professional experience, education and skill in assessing candidates for the Board to ensure breadth of experience, knowledge and abilities within the Board. Our Board’s priority in the selection of Board members is identification of members who will further the interests of our stockholders through their management experience, knowledge of our business, understanding of the competitive landscape and familiarity with our targeted markets.

The director biographies above describe each nominee’s experience, qualifications, attributes and skills that led the Board to conclude that he or she should continue to serve as a member of our Board. Our Board believes that each of the nominees has realized significant professional and personal achievements and possesses the background, talents and experience that are necessary for the Company’s success and the creation of stockholder value.

Board Meetings and Attendance

During the fiscal year ended December 31, 2015, which we refer to as fiscal 2015, our Board met six times, acted by unanimous written consent in lieu of a meeting twelve times and acted by special committee three times. During fiscal 2015, the Audit Committee held six regular meetings and acted by unanimous written consent in lieu of a meeting twice; the Compensation Committee held three regular meetings and acted by unanimous written consent in lieu of a meeting five times; and the Nominating Committee met once and acted by unanimous written consent in lieu of a meeting twice. Each of our current directors attended at least 75% of the aggregate of the total number of meetings of the Board and of the Board committees of which he was a member during fiscal 2015.

Director Attendance at Annual Meeting of Stockholders

We do not have a formal policy regarding directors' attendance at annual meetings, but all of our directors are encouraged to attend our annual meetings. All of our Board members who were directors at the time attended our 2015 annual meeting of stockholders.

Board Leadership Structure

Mr. Stone has served as Chairman of the Board of Directors and Chief Executive Officer since our inception in 1986, and the provisions of the Stockholders Agreement require that so long as Mr. Stone is a member of our Board and the Chief Executive Officer of the Company, he shall serve as Chairman of the Board. This Board leadership structure is commonly utilized by public companies in the United States, and we believe that this leadership structure has been effective for us. Having one person serve as both Chief Executive Officer and Chairman of the Board shows our employees, customers and other constituencies that we are under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. We also believe that this leadership structure eliminates the potential for duplication of efforts and inconsistent actions and facilitates open communication between management and our Board. We do not have a lead independent director. We recognize that different board leadership structures may be appropriate for companies with different histories or varying equity ownership structures and percentages. However, we believe our current leadership structure is the optimal board leadership structure for us.

Board Committees

Our Board directs the management of our business and affairs, as provided by Delaware law, and conducts its business through meetings of the Board and three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee, each of which operates under a charter that has been approved by our Board. Each committee's charter is posted on our website, at <http://investor.ssctech.com/corporate-governance.cfm>. In addition, from time to time, special committees may be established under the direction of the Board to address specific issues. The table below shows current membership and indicates the chairperson (*) for each of the standing Board committees.

Audit	Compensation	Nominating**
William A. Etherington*	William A. Etherington*	Michael E. Daniels
Jonathan E. Michael	David A. Varsano	Jonathan E. Michael
David A. Varsano	Michael J. Zamkow	

**Since the retirement on November 19, 2015 of Allan M. Holt as a director and chair of the Nominating Committee, the Board has not designated a new chairperson.

Our Board has determined that all of the members of each of the Board's three standing committees are independent as defined under the rules of NASDAQ, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or Exchange Act, and including, in the case of all members of the Compensation Committee, the independence requirements contemplated by Rule 10C-1 under the Exchange Act and NASDAQ rules.

Audit Committee

Our Audit Committee assists our Board in its oversight of the Company's accounting and financial reporting processes and the audits of the Company's financial statements. Our Audit Committee's responsibilities, as set forth in its charter, include:

- appointing, evaluating, retaining and, when necessary, terminating the engagement of our independent registered public accounting firm;
- overseeing and assessing the independence of our independent registered public accounting firm;
- setting the compensation of our independent registered public accounting firm and preapproving all audit services to be provided to the Company;
- overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from such firm;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures before such financial statements are filed with the Securities and Exchange Commission, or SEC;
- directing the independent registered public accounting firm to use its best efforts to perform all reviews of interim financial information prior to disclosure by the Company;

- coordinating our Board’s oversight of internal control over financial reporting, disclosure controls and procedures and our code of business conduct and ethics;
- overseeing our risk assessment and risk management policies;
- discussing the Company’s policies with respect to risk assessment and risk management;
- discussing generally the type and presentation of information to be disclosed in the Company’s earnings press releases, as well as financial information and earnings guidance provided to analysts, rating agencies and others;
- establishing procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or audit matters and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters;
- reviewing the Company’s policies and procedures for reviewing and approving or ratifying “related person transactions” and conducting appropriate review and oversight of all related person transactions for potential conflict of interest situations; and
- preparing the Audit Committee report required by SEC rules, which is included on page 35 of this proxy statement.

Our Board has determined that each of the members of its Audit Committee is an “audit committee financial expert” as that term is defined under the rules and regulations of the SEC.

Compensation Committee

Our Compensation Committee has overall responsibility for the Company’s compensation of management, incentive plans and compensation programs. Our Compensation Committee’s responsibilities, as set forth in its charter, include:

- reviewing and approving, or making recommendations to our Board with respect to, the compensation of our Chief Executive Officer and our other executive officers;
- reviewing, and making recommendations to our Board with respect to, incentive-compensation and equity-based plans that are subject to approval by our Board;
- approving any tax-qualified, non-discriminatory employee benefit plans for which stockholder approval is not sought and pursuant to which options or stock may be acquired by officers, directors, employees or consultants of the Company;
- administering all of the Company’s stock option, stock incentive, employee stock purchase and other equity-based plans including interpreting the terms of such plans and granting options and making awards under such plans;
- reviewing and making recommendations to our Board with respect to director compensation;
- reviewing and discussing with management the Company’s “Compensation Discussion and Analysis” required by Item 402(b) of Regulation S-K, and considering whether it will recommend to our Board that the Compensation Discussion and Analysis be included in the Company’s Annual Report on Form 10-K, proxy statement on Schedule 14A or information statement on Schedule 14C;
- preparing an annual report required by Item 407(e)(5) of Regulation S-K; and
- in its discretion, retaining or obtaining the advice of compensation consultants, legal counsel or other advisors, and overseeing their work.

Nominating Committee

Our Nominating Committee has overall responsibility for developing Board membership. Our Nominating Committee’s responsibilities, as set forth in its charter, include:

- identifying individuals qualified to become members of our Board and recommending to our Board the nominees for election as directors at any annual meeting of stockholders and the persons to be elected by the Board to fill any vacancies on the Board;
- reviewing with the Board the requisite skills and criteria for new Board members as well as the composition of our Board as a whole; and
- recommending to our Board the directors to be appointed to each committee of the Board.

The processes and procedures followed by the Nominating Committee in identifying and evaluating director candidates are described above under the heading “Director Nomination Process.” As described above, the Stockholders Agreement provides Mr. Stone with the right to appoint two directors, including himself.

Risk Oversight

Our management is responsible for risk management on a day-to-day basis. Our Audit Committee is responsible for overseeing our risk management function. While the Audit Committee has primary responsibility for overseeing risk management, our entire Board of Directors is actively involved in overseeing our risk management. Our Board and the Audit Committee fulfill their oversight role by discussing with management the policies and practices utilized by management in assessing and managing the risks and providing input on those policies and practices. We believe that the leadership structure of our Board supports effective risk management oversight due to our Chairman and Chief Executive Officer's extensive knowledge and understanding of our business and, as noted in "Board Leadership Structure" above, because the combined role of Chairman and Chief Executive Officer facilitates communications between management and our Board.

Communications with the Board

Our Board welcomes the submission of any comments or concerns from stockholders and any interested parties. Communications should be in writing and addressed to our Corporate Secretary at our principal executive offices and marked to the attention of the Board or any of its committees, individual directors or non-management or independent directors as a group. All correspondence will be forwarded to the intended recipient(s), except that certain items that are unrelated to the duties and responsibilities of our Board (such as product inquiries and comments, new product suggestions, resumes and other forms of job inquiries, surveys, and business solicitations and advertisements) and material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics, referred to as the SS&C Code of Business Conduct and Ethics, which covers all directors, officers and employees and includes provisions relating to accounting and financial matters. The SS&C Code of Business Conduct and Ethics is available on our website at <http://investor.ssctech.com/corporate-governance.cfm>. If we make any substantive amendments to, or grant any waivers from, the code of ethics for any director or officer, we will disclose the nature of such amendment or waiver on our website at <http://investor.ssctech.com/corporate-governance.cfm> or in a Current Report on Form 8-K filed with the SEC.

Compensation Committee Interlocks and Insider Participation

Messrs. Etherington and Varsano served on our Compensation Committee for the entirety of fiscal 2015. Allan M. Holt served on our Compensation Committee through the date of his retirement as a member of our Board, November 19, 2015. No member of the Compensation Committee had any related person transaction involving SS&C Holdings or any of its subsidiaries or is or has been a current or former officer or employee of SS&C Holdings, except that Mr. Varsano was an employee of the Company until 1999. During fiscal 2015, Mr. Varsano recused himself from any action involving the compensation or grant of equity awards to the executive officers of the Company. None of our executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served as a director or member of our Compensation Committee during fiscal 2015.

EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Our executive compensation program is overseen and administered by our Compensation Committee, which currently consists of Messrs. Etherington, Varsano and Zamkow. Our Compensation Committee operates under a written charter adopted by our Board and discharges the responsibilities of the Board relating to the compensation of our executive officers. For December 31, 2015, our named executive officers were Messrs. Stone, Pedonti, Boulanger, Kanwar and Igoe.

Executive compensation objectives

The primary objectives of the Compensation Committee with respect to executive compensation are to:

- attract, retain and motivate the best possible executive talent;
- reward successful performance by the named executive officers and the Company; and
- align the interests of the named executive officers with those of our stockholders by providing long-term equity compensation.

To achieve these objectives, our Compensation Committee seeks to compensate our executives at levels it believes are competitive with those of other companies that compete with us for executive talent in our industry and in our region. However, we have not retained a compensation consultant to review our executive compensation practices, nor have we formally benchmarked our compensation against that of other companies. Our compensation program rewards our named executive officers based on a number of factors, including the Company's operating results, the Company's performance against budget, individual performance, prior-period compensation and prospects for individual growth. Changes in compensation are generally incremental in nature and do not vary widely from year to year, but follow a general trend of increasing compensation as our business and profits grow. Many of the factors that affect compensation are subjective in nature and not tied to peer group analyses, surveys by compensation consultants or other statistical criteria.

Process for administering our executive compensation practices

Our Compensation Committee has overall responsibility for administering our executive officer compensation program. Our Chief Executive Officer typically presents salary, bonus and equity compensation recommendations to the Compensation Committee and the Compensation Committee, in turn, considers his recommendations and exercises ultimate approval authority. Our Chief Executive Officer's recommendations are based on his years of experience in the financial services and software industries and his desire to motivate the executive officers and ensure their commitment to the Company. For each executive officer, including himself, our Chief Executive Officer prepares a written description for our Compensation Committee of the individual's performance during the prior year and recommends salary and bonus amounts based upon his responsibilities and contributions to the Company's performance. For compensation of executive officers other than our Chief Executive Officer, our Compensation Committee considers our Chief Executive Officer's recommendations and discusses his reviews and recommendations with him as part of its deliberations. For our Chief Executive Officer's compensation, the Compensation Committee considers his recommendations and generally conducts its deliberations without him present. In this, as in other compensation matters, the Compensation Committee exercises its independent judgment. After due consideration, the Compensation Committee accepted the Chief Executive Officer's recommendations for 2015 executive officer cash bonuses and 2016 executive officer base salaries.

We last provided stockholders with a "say on pay" advisory vote on our executive compensation in 2014. At our 2014 annual meeting of stockholders, stockholders expressed substantial support for the compensation of our named executive officers, with approximately 89% of the votes cast voting for approval of the "say on pay" advisory vote on executive compensation. In establishing 2015 executive compensation, the Compensation Committee considered the results of the 2014 advisory vote as well as the other factors described above. Given the significant support for our named executive officer compensation as expressed in the 2014 "say on pay" advisory vote, the Compensation Committee did not make any changes to our executive compensation program and policies as a result of such vote. Our stockholders will again have a "say on pay" advisory vote at the 2017 annual meeting.

Components of Our Executive Compensation

The primary elements of our executive compensation are:

- base salary;
- discretionary annual cash bonuses;
- stock option awards;
- perquisites; and
- severance and change of control benefits.

We have no formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, our Compensation Committee (based in part on input from our Chief Executive Officer) determines subjectively what it believes to be the appropriate level and mix of the various compensation components. While we describe below the connection between each element of executive compensation and particular compensation objectives, we believe that each element promotes multiple compensation objectives.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executive officers. In establishing base salaries for 2015, our Compensation Committee considered a variety of factors, including the seniority of the individual, the level of the individual's responsibility, the ability to replace the individual, the individual's tenure at the Company, relative pay among the executive officers, and our Chief Executive Officer's input. Generally, we believe that executive base salaries should grow incrementally over time and that more of the "up side" of compensation should rest with the performance-based components (that is, cash bonuses and long-term equity incentive compensation).

Base salaries are reviewed at least annually by our Compensation Committee and are adjusted from time to time to realign salaries with market levels after taking into account the performance of the Company and each executive officer's responsibilities, performance and experience. In March 2015, our Compensation Committee established the 2015 base salaries of our executive officers as follows: Mr. Stone, \$875,000, Mr. Pedonti, \$350,000, Mr. Boulanger, \$550,000, Mr. Kanwar, \$475,000, and Mr. Igoe, \$260,000. These 2015 base salary levels did not increase from 2014. In March 2016, our Compensation Committee evaluated the base salaries of executive officers and decided not to make any changes from the 2015 levels.

Annual Cash Bonus

The payment of annual cash bonuses to executive officers and other employees is discretionary, and for our executive officers, subject to the terms of our Executive Bonus Plan (the "Bonus Plan") approved by our stockholders at our 2014 annual meeting. Annual cash bonuses are generally provided to employees whether or not we meet our budgeted results, but the amount available for bonuses to all employees, including the executive officers, varies according to our financial results. Annual cash bonuses are intended to compensate for strategic, operational and financial successes of the Company as a whole, as well as individual performance and growth potential. Other than for our named executive officers, for whom maximum bonus amounts are established under the terms of our Bonus Plan based on our performance, the annual cash bonuses are not tied to the achievement of specific results or pre-established financial metrics or performance goals, and no formula exists for determining the amount of bonuses for employees or executive officers.

For 2015, our Compensation Committee established the overall executive officer bonus pool at 5% of Adjusted Consolidated EBITDA (as defined below). Our Compensation Committee has overall authority for determining 2015 annual bonus amounts and considers proposals from the Chief Executive Officer for executive officer bonus allocations, including his own. The Compensation Committee made a final decision with respect to 2015 annual bonuses in March 2016. In making bonus recommendations to the Compensation Committee for the executive officers, our Chief Executive Officer, after taking into account the positive or negative impact of events outside the control of management or an individual executive, made a subjective judgment of each executive's performance in the context of a number of considerations, including the overall economy and our financial performance, revenues and financial position going into the new fiscal year, each executive's (including his own) work in managing the business, establishing internal controls, mentoring staff, completing and integrating acquisitions, reducing costs, responding to market conditions and maintaining our profitability.

Mr. Stone's bonus for 2015 was \$5,500,000. The Committee's approval of Mr. Stone's bonus took into account our profitability, his successful recruitment of new managers, his efforts to increase our revenue from \$768 million in 2014 to \$1,000 million in 2015 and our Adjusted Consolidated EBITDA from \$320 million in 2014 to \$442 million in 2015, the growth of our market capitalization by \$1.8 billion from year-end 2014 to year-end 2015, his activities regarding acquisitions including the completed acquisitions of Advent Software, Inc. ("Advent") in July 2015, Varden Technologies ("Varden") in September 2015, and Primatics Financial Holdings, Inc. ("Primatics") in November 2015, his efforts to complete the acquisition of the Citigroup Alternative Investor Services business, which closed in March 2016, and his maintenance of high-level relationships with our key clients.

Mr. Pedonti's bonus for 2015 was \$1,050,000. The Committee's approval of Mr. Pedonti's bonus took into account his solid management skills, his expanded role in personnel and investor relations matters, his role in negotiating and implementing the Advent, Varden and Primatics acquisitions, his efforts to negotiate and complete the acquisitions of the Citigroup Alternative Investor Services business which closed in March 2016, his responsibility for maintaining our internal controls and his success in building a strong finance team.

Mr. Boulanger's bonus for 2015 was \$2,000,000. The Committee's approval of Mr. Boulanger's bonus took into account his responsibility for our day-to-day business operations across the organization, his assumption of responsibility for supervising the Company's international operations, his contributions to our 2015 financial results, including increasing revenues from fiscal 2014 to fiscal 2015, his role in implementing the Advent, Varden and Primatics acquisitions, his efforts to negotiate the acquisition of the Citigroup Alternative Investor Services business, which closed in March 2016, and his attention to his overall executive management team.

Mr. Kanwar's bonus for 2015 was \$1,600,000. The Committee's approval of Mr. Kanwar's bonus took into account his responsibility for our fund services business, his contributions to our 2015 financial results, his efforts to negotiate and implement the Primatics acquisition, his efforts to negotiate and complete the acquisition of the Citigroup Alternative Investor Services business, which closed in February 2016, and his attention to his overall executive management team.

Mr. Igoe's bonus for 2015 was \$400,000. The Committee's approval of Mr. Igoe's bonus took into account his overall management of the legal department and responsibility for adherence to the internal budget, his instrumental role in directing the legal work for our 2015 acquisitions of Advent, Varden and Primatics, his efforts to complete the acquisition of the Citigroup Alternative Investor Services business, which closed in March 2016, and his efforts in overseeing and administering litigation in which the Company is involved.

These decisions reflect the practice that our Compensation Committee does not fix a target bonus for the succeeding year; rather, as noted above, subject to the terms of the Bonus Plan, it draws on subjective factors and executive officer performance evaluations in arriving at its bonus decisions.

The bonus pool for executive officers is determined under the terms of our Bonus Plan, which, for 2015, was 5% of Adjusted Consolidated EBITDA, or \$22,098,000. Adjusted Consolidated EBITDA is a non-GAAP financial measure used in key financial covenants contained in our senior credit facilities, which are material facilities supporting our capital structure and providing liquidity to our business. Adjusted Consolidated EBITDA is defined as earnings before interest, taxes, depreciation and amortization (EBITDA), further adjusted to exclude stock compensation expense, unusual items and other adjustments permitted in calculating covenant compliance under the senior credit facilities, excluding acquired EBITDA. Adjusted Consolidated EBITDA does not represent net income or cash flow from operations as those terms are defined by GAAP and does not necessarily indicate whether cash flows will be sufficient to fund cash needs. The following is a reconciliation of net income to Adjusted Consolidated EBITDA for fiscal 2015.

(in thousands)	Year ended December 31, 2015
Net income	\$ 42,862
Interest expense, net	77,357

(1) Purchase accounting adjustments include (a) an adjustment to increase revenues by the amount that would have been recognized if deferred revenue were not adjusted to fair value at the date of acquisitions, (b) an adjustment to increase personnel and commissions expense by the amount that would have been recognized if prepaid commissions and deferred personnel costs were not adjusted to fair value at the date of the acquisitions and (c) an adjustment to increase rent by the amount that would have been recognized if lease obligations were not adjusted to fair value at the date of acquisitions.

- (2) Unusual or non-recurring charges include foreign currency gains and losses, proceeds from legal and other settlements, severance expenses, transaction costs, losses on currency contracts and other one-time expenses, such as expenses associated with facilities consolidations and the sale of fixed assets.
- (3) Acquired EBITDA reflects the EBITDA impact of significant businesses that were acquired during the period as if the acquisition occurred at the beginning of the period, as well as cost savings enacted in connection with acquisitions.
- (4) Other includes the non-cash portion of straight-line rent expense.

Stock Option Awards

Our Compensation Committee believes that equity-based incentive compensation is an important component of executive compensation. In 2015, our executive officers were granted only time-based stock options subject to vesting over four years from the date of grant. The Compensation Committee believes that our stock option program is an appropriate equity incentive vehicle because stock options promote long-term performance by providing rewards only if, and to the extent that, our stock price improves, which both aligns the interests of our executive officers with those of our stockholders and encourages long-term, sustained growth, while also promoting retention through deferred vesting.

On December 22, 2015, we awarded our named executive officers long-term incentive compensation under our 2014 Stock Option Plan in the form of time-based stock options to purchase an aggregate of 515,000 shares of our common stock. Of these option grants, Mr. Stone received an option to purchase 210,000 shares of our common stock, Mr. Pedonti received an option to purchase 80,000 shares of our common stock, Mr. Boulanger received an option to purchase 100,000 shares of our common stock, Mr. Kanwar received an option to purchase 95,000 shares of our common stock, and Mr. Igoe received an option to purchase 30,000 shares of our common stock. The number of options was subjectively determined by the Compensation Committee based on an assessment of the relative contributions and efforts of each executive officer. These options have an exercise price of \$67.78 per share, which was equal to the closing price of our common stock as reported on The NASDAQ Global Select Market on the date of the grant.

The options awarded on December 22, 2015 vest 25% on the first anniversary of grant and 1/36th each month thereafter until fully vested on the fourth anniversary of grant, subject to acceleration of vesting in connection with a change of control event and the other terms and conditions set forth in the plan and the award agreements, including that the recipient is an employee in good standing on each respective vesting date.

Benefits and Perquisites

We offer a variety of benefit programs to all eligible employees, including our executive officers. Our executive officers generally are eligible for the same benefits on the same basis as other employees, including medical, dental and vision benefits, life insurance coverage and short- and long-term disability coverage. All eligible employees are also able to contribute to our 401(k) plan and receive matching company contributions under the plan. In addition, our executive officers are entitled to reimbursement for reasonable business travel and other expenses incurred during the performance of their duties in accordance with our expense reimbursement policy.

We limit the use of perquisites as a method of compensation and provide our executive officers with only those perquisites that we believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain talented employees for key positions.

Severance and Change of Control Benefits

Pursuant to his employment agreement, Mr. Stone is entitled to specified benefits in the event of the termination of his employment under certain circumstances, as described in detail under the captions “Employment and Related Agreements” and “Potential Payments Upon Termination or Change of Control” below. Mr. Stone’s employment agreement was amended in 2015 primarily to reflect our current business practices and compensation programs. The severance provisions were not materially modified, and the compensation committee believes the employment agreement continues to be beneficial to the Company in retaining Mr. Stone.

The time-based stock options awarded to our named executive officers each vest in full immediately prior to the effectiveness of a change of control. The Compensation Committee believes this practice is appropriate and reasonable in order to encourage our executives to be open to responding to potential transactions beneficial to our stockholders without focusing on their personal compensation and employment in such a transaction.

Accounting and Tax Implications

The accounting and tax treatment of particular forms of compensation do not materially affect our compensation decisions. However, we evaluate the effect of such accounting and tax treatment on an ongoing basis and will make modifications to compensation policies where we deem it appropriate. For instance, Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1.0 million paid by a public company to its chief executive officer and to each other officer (other than the chief financial officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act. However, certain compensation, including qualified “performance-based compensation,” will not be subject to the deduction limit if certain requirements are met.

Our Compensation Committee may review the potential effect of Section 162(m) periodically and use its judgment to authorize compensation payments that may be subject to the limit when it believes such payments are appropriate and in our best interests after taking into consideration changing business conditions and the performance of our employees.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with our management. Based on this review and discussion, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

PROPOSAL 2

APPROVAL OF AMENDMENT TO THE CERTIFICATE TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 200 MILLION TO 400 MILLION SHARES

Overview of the Amendment

The Board recommends that stockholders consider and vote in favor of the adoption of an amendment to Article Fourth of the Certificate that would increase the authorized number of shares of common stock from 200,000,000 (as presently authorized) to 400,000,000 shares. The purpose of this proposal is to enable the Company to effect a potential 2-for-1 stock split in the form of a stock dividend described below. The Board voted to approve this amendment and to recommend that stockholders approve it.

The first paragraph of Article Fourth of the Certificate, marked to show the proposed amendments, is as follows:

“FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is 410,000,000 shares, consisting of (i) 400,000,000 shares of Common Stock, \$0.01 par value per share (“Common Stock”), (ii) 5,000,000 shares of Class A Non-Voting Common Stock, \$0.01 par value per share (“Class A Common Stock”), and (iii) 5,000,000 shares of Preferred Stock, \$0.01 par value per share (“Preferred Stock”).

The proposed increase in authorized shares of our common stock will permit a potential 2-for-1 stock split in the form of a stock dividend of all of the Company’s common stock. Generally, stock splits are intended to shift the market price range of common stock to a level that will facilitate increased trading activity and will broaden the marketability of the common stock. The Board has not approved any action with respect to the shares that would be authorized under this proposal. The Board plans to approve and declare the potential stock dividend if this proposal to increase the authorized shares of the Company’s common stock is approved by the stockholders and there are no material changes in the Company’s financial condition or results of operation or the market price for the Company’s common stock prior to such approval.

As of April 1, 2016 (the record date), 99,849,886 shares of common stock were issued, of which 786,439 shares of common stock were held as treasury shares. Without approval of the proposed amendment to the Company’s Certificate, the Company would not have sufficient authorized common stock to declare a potential 2-for-1 stock split to be paid as a stock dividend on its common stock and will therefore not be able to implement it.

This is the second increase in the number of authorized shares of common stock since our initial public offering in 2010. Approval of the proposed amendment will allow the Company to declare the potential 2-for-1 stock split in the form of a stock dividend as described above while maintaining flexibility similar to the flexibility that currently exists for the Company to issue common stock for a variety of general corporate purposes as the Board may determine. The remaining shares of authorized Common Stock may be used by the Company for any purpose permitted under Delaware law, including, without limitation, raising capital, future financings, investment opportunities, acquisitions, employee stock-based incentive plans or other distributions.

The proposed increase in the number of authorized shares of common stock will not change the number of shares of common stock outstanding, nor will it have any immediate dilutive effect or change the rights of current holders of common stock. However, the issuance of additional shares of common stock authorized by this amendment to the Certificate may occur at times or under circumstances as to have a dilutive effect on earnings per share, book value per share or the percentage voting or ownership interest of the present holders of common stock, none of whom have preemptive rights under the Certificate to subscribe for additional securities that we may issue.

Once the proposed amendment is approved, no further action by the stockholders would be necessary prior to the issuance of additional shares of common stock unless required by law or the rules of any stock exchange or national securities association on which the common stock is then listed or quoted. Under the proposed amendment, each of the newly authorized shares of common stock will have the same rights and privileges as currently authorized common stock. The proposed amendment to increase the authorized number of shares of common stock does not change the number of shares of non-voting common stock or preferred stock that the Company is authorized to issue.

The Company has been advised by tax counsel that the potential 2-for-1 stock split in the form of a stock dividend would result in no gain or loss or realization of taxable income to the holders of common stock under existing federal tax law. The adjusted tax basis in the common stock you own before the stock dividend (if one is approved) will be allocated between the common stock received and the common stock you already held. The holding period of the common stock received as a stock dividend (if one is approved) will include the period for which you held the common stock on which the stock dividend was distributed. Non-U.S. stockholders should consult with their financial advisors regarding tax treatment in other jurisdictions.

If the proposed amendment is adopted, it will become effective upon filing of a Certificate of Amendment with the Delaware Secretary of State. The Board intends to cause such filing promptly following stockholder approval, but the Board nevertheless retains the discretion under Delaware law not to implement the proposed amendment and the number of authorized shares would accordingly remain at its current level.

Vote Required for Approval of the Amendment to Our Certificate

The affirmative vote of a majority of the outstanding shares of the Company's common stock is required to approve this proposal. Abstentions or the failure to vote shares therefore will have the effect of votes "AGAINST" this proposal in this context.

Directors' Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" APPROVAL OF AN AMENDMENT TO OUR CERTIFICATE TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 200,000,000 TO 400,000,000 SHARES.

PROPOSAL 3

APPROVAL OF SS&C TECHNOLOGIES HOLDINGS, INC. AMENDED AND RESTATED 2014 STOCK INCENTIVE PLAN

Overview

On February 24, 2016, our Board of Directors approved the adoption of the SS&C Technologies Holdings, Inc. Amended and Restated 2014 Stock Incentive Plan (the “Amended 2014 Plan”), which amends and restates our 2014 Stock Option Plan (the “Existing 2014 Plan”), subject to approval by our stockholders.

As of the proxy mailing date, approximately 2,035,000 shares remained available for issuance under the Existing 2014 Plan, in addition to 954,687 shares available in the aggregate under the 2008 Stock Incentive Plan and 2006 Equity Incentive Plan. The additional shares requested under the Amended 2014 Plan are needed to replenish our available share pool after the use of 2,216,800 shares under our equity plans in 2014, 2015 and 2016 specifically for new hire and ordinary course grants to employees who joined the Company as a result of our acquisitions of DST Global Solutions, Advent, Varden, Primatics and the Citigroup Alternative Investor Services business. These completed acquisitions (which added approximately 3,050 employees in the aggregate - an increase of 67% to our workforce) are an important component of the Company’s long-term business plan and are projected to generate in excess of \$700 million in annual run rate revenues in 2016.

The Board has determined that current equity share pool amounts will not be sufficient for our anticipated equity award needs over the next few years. Therefore, if stockholders do not approve the Amended 2014 Plan, our future ability to issue equity-based awards will be limited, which could have significant negative consequences in our ability to recruit and retain senior employees.

The primary changes to the Amended 2014 Plan are to (i) increase the shares available for equity awards by 12 million shares and (ii) add flexibility to use this plan as our only equity plan by authorizing the issuance of full-value awards (that is, restricted stock and restricted stock units) and expanding the class of participants to include non-employee directors. Approval of the Amended 2014 Plan will also mean approval of performance criteria for purposes of being able to grant performance-based awards under Section 162(m) of the Code, as further described below. If the Amended 2014 Plan is approved, we will no longer make grants under the 2008 Stock Incentive Plan or the 2006 Equity Incentive Plan.

Key Features of the Amended 2014 Plan

Equity awards align participants’ interests with stockholders’ long-term interests. Equity awards promote the success and enhance the value of our Company by aligning the personal interests of our directors, officers and employees with those of our stockholders and by retaining key employees through deferred time-based vesting.

Conservative share counting provisions. We will count each share subject to a full-value award as 2.5 shares against the number of shares available under the Amended 2014 Plan.

No repricing of options. The Amended 2014 Plan does not permit the repricing of underwater options or stock appreciation rights, either directly or indirectly through replacement with new awards or cash buyouts, without stockholder approval.

Fixed share reserve. If the Amended 2014 Plan is approved, we will have a fixed number of shares reserved for future issuance, and our evergreen provision under the 2008 Stock Incentive Plan will terminate as we will no longer issue awards under our other equity plans.

Reasonable dilution. We believe that the additional 12 million shares requested under the Amended 2014 Plan represent a reasonable amount of potential equity dilution while giving us sufficient flexibility to respond to retention needs and market conditions. This additional dilution is partially offset by ceasing to grant awards under our other equity plans.

Burn Rate and Dilution

Burn rate is generally calculated as (a) all stock options and non-performance share awards granted in a fiscal year divided by (b) the number of basic weighted-average common shares outstanding at the end of that fiscal year. As shown in the following table, the Company’s three-year average annual burn rate for 2013 through 2015 is 3.2%.

The following table sets forth information regarding awards granted, the burn rate for each of the last three fiscal years and the average burn rate over the last three years.

Burn Rate Summary

(in thousands)	FY 2013	FY 2014	FY 2015	3-Year Average
Stock options granted	2,024	2,199	3,818 ⁽¹⁾	2,680
Restricted stock and RSUs awarded	25	—	12	12
Basic weighted average common shares outstanding at fiscal year-end	81,195	83,314	91,098	85,202
Burn Rate	2.5%	2.6%	4.2% ⁽¹⁾	3.2% ⁽¹⁾

(1) The 2015 grants include 1,152,500 shares for new hire grants to Advent, Varden, and Primatics employees made in connection with the closing of these acquisitions. If these shares were excluded from the calculation, our burn rate for 2015 and the three-year average would have been 2.9% and 2.7%, respectively. Also, the burn rate number for 2015 excludes 3,140,970 shares pursuant to rollover awards from assumed Advent equity awards.

Our Board believes that the shares requested under the Amended 2014 Plan will provide sufficient shares for equity-based compensation needs of the Company for approximately four years, taking into account our historical grant practices, normal growth and recently completed and potential future acquisitions.

The total potential dilution or “overhang” from the Amended 2014 Plan would be 21.3%. The overhang is calculated as follows, in each case as of March 28, 2016: (x) the sum of (a) 12,000,000 shares that will be available under the Amended 2014 Plan (since our other equity plans will no longer be used for future grants) and, (b) 14,813,754 shares underlying outstanding options, unvested restricted stock awards and restricted stock units under all of our equity plans, divided by (y) the foregoing sum, plus 99,060,905 shares outstanding. We believe that the benefits to our stockholders resulting from equity award grants to our senior employees, including interest alignment and mitigation of incentives to take inappropriate business risks, outweigh the potential dilutive effect of grants under the Amended 2014 Plan. The Compensation Committee believes that paying a significant portion of annual variable compensation in the form of equity awards that vest over multiple years is an effective method of aligning the interests of employees with those of our stockholders, encouraging ownership in the Company and retaining, attracting and rewarding talented employees.

As of March 28, 2016, under all of our equity plans, there were (i) 14,393,784 shares underlying stock options outstanding with a weighted average exercise price per share of \$42.10 and a weighted average remaining term of 7.0 years; and (ii) 419,970 shares were subject to unvested restricted stock awards and restricted stock units. Of the foregoing amounts, 965,000 stock options were outstanding under the Existing 2014 Plan and so, if such options are forfeited, the shares would again become available under the Amended 2014 Plan. On April 1, 2016, the closing price of our common stock on NASDAQ was \$64.22.

Summary Description of the Amended 2014 Plan

The following summary of the material terms of the Amended 2014 Plan is qualified in its entirety by reference to the complete text of the Amended 2014 Plan attached as Appendix A to this proxy statement.

Types of Awards

The Amended 2014 Plan provides for the grant of stock options, stock appreciation rights (or SARs), restricted stock, restricted stock units, performance-based awards, and other stock-based awards (collectively, “Awards”).

Number of Shares Available for Awards

The additional 12 million shares will mean that a total of 15 million shares has been reserved under the Amended 2014 Plan since its initial adoption in 2014. However, each share underlying a full-value award will count as 2.5 shares against the share pool reserve. As of the record date, approximately 2,035,000 shares remained available for issuance under the Existing 2014 Plan.

If the Amended 2014 Plan is approved, the Company will no longer make grants under the 2008 Stock Incentive Plan or the 2006 Equity Incentive Plan. If any Award under the Amended 2014 Plan expires, terminates or is otherwise surrendered, cancelled, or forfeited, the unused shares of common stock covered by such Award will again be available for grant. Shares of common stock delivered to the Company by a participant in payment of an Award’s exercise or reference price, or to satisfy tax withholding obligations with respect to options or SARs, will not be added back to the number of shares available for grant. If stockholders do not approve the Amended 2014 Plan, the Existing 2014 Plan, as well as the 2008 Stock Incentive Plan and 2006 Equity Incentive Plan, will remain in effect.

Types of Equity Awards

- *Incentive Stock Options and Nonqualified Stock Options.* An option is the right to purchase a specified number of shares of common stock at a specified exercise price, subject to other terms and conditions as are specified in connection with the option grant. Options may not be granted at an exercise price which is less than the fair market value of the common stock on the grant date. Options may not be repriced without stockholder approval. Options may not be granted for a term in excess of ten years.
- *Stock Appreciation Rights.* A SAR entitles the holder, upon exercise, to receive an amount of common stock, cash or a combination thereof (as determined by the Board) determined by reference to appreciation, from and after the grant date, in the fair market value of a share of common stock over the reference price established by the Board and specified in the applicable Award Agreement. SARs may not be granted with a reference price which is less than the fair market value of the common stock on the grant date and may not be repriced without stockholder approval. Each SAR shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable Award Agreement, but may not be granted for a term in excess of ten years.
- *Restricted Stock.* Restricted stock represents an award of shares that is subject to restrictions on transferability and subject to forfeiture on terms set by the Compensation Committee.
- *Restricted Stock Units.* Restricted stock units represent the right to receive shares of Common Stock (or an equivalent value in cash or other property, as specified in the award certificate) at a designated time in the future.
- *Performance Awards.* Performance awards may be payable in cash or stock upon the attainment of specified performance goals.
- *Dividend Equivalents.* Dividend equivalents entitle the participant to payments (or an equivalent value payable in stock or other property) equal to any dividends paid on the shares of stock underlying a full-value award, except that dividends or dividend equivalents will not be paid on performance-based awards unless and until the performance conditions have been met.
- *Other Stock-Based Awards.* Other stock-based awards may be granted in the discretion of the Compensation Committee subject to the terms of the Amended 2014 Plan.

Performance Goals

If a full-value award is designated as a qualified performance-based award for purposes of Section 162(m) of the Code, the Compensation Committee must establish objectively determinable performance goals for the award based on one or more business criteria approved by stockholders. The business criteria may be expressed in terms of company-wide objectives or in terms of objectives that relate to the performance of an affiliate or a division, business segment or business unit of the Company, and may be based upon relative or comparative performance. Additionally, the Compensation Committee may provide for the inclusion or exclusion of specified circumstances or events in the evaluation of performance. The following criteria are identified in the Amended 2014 Plan:

- revenue;
- revenue growth;
- operating income;
- earnings per share;
- net income (before or after taxes)
- total shareholder return;
- appreciation in and/or maintenance of the price of the Shares or any other publicly traded securities of the Company;
- earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes, depreciation and amortization);
- cash flow or cash flow per share (before or after dividends);
- earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes, depreciation and amortization) margins, operating margins, gross margins or cash margin; and
- debt reduction.

Transferability of Awards

Except as the Board may otherwise permit with respect to certain transfers in accordance with limitations specified in the Amended 2014 Plan, Awards may not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or other limited circumstances.

Eligibility to Receive Awards

Employees (including officers), non-employee directors, consultants and advisors of the Company, its parent and subsidiary corporations and other business ventures in which the Company has a controlling interest are eligible to be granted Awards. In accordance with tax rules, ISOs may only be granted to employees. As of December 31, 2015, there were approximately 6,000 employees eligible to participate, as well as our six non-employee directors, and several consultants or advisors participating.

Individual Participant Limits

The maximum number of options or SARs that may be granted to any participant (other than non-employee directors) is 500,000 shares per calendar year, and the maximum number of performance-based full-value awards that may be granted to any participant (other than non-employee directors) is 250,000 shares per calendar year for a stock-based award and \$500,000 per calendar year for a cash-based award.

Awards to Non-Employee Directors

Awards may be made under the Amended 2014 Plan to the Company's non-employee directors. In no event will the Awards that may be granted to any non-employee director during any calendar year exceed the greater of 15,000 shares or shares having a grant date fair value of \$250,000, except that for a newly appointed director, such limits shall be the greater of 30,000 shares or shares having a grant date fair value of \$500,000.

Administration

The Board has designated the Compensation Committee of the Board to administer the Amended 2014 Plan.

Changes in Capitalization, Corporate Events and Change in Control Events

The Company is required to make appropriate adjustments in connection with the Amended 2014 Plan and any outstanding Awards, as determined by the Compensation Committee, to reflect stock splits, stock dividends, recapitalizations, combinations of shares, reclassifications of shares, spin-offs and other similar changes in capitalization or any dividends or distributions to holders of common stock other than an ordinary cash dividend. The Company may provide, in an Award Agreement or otherwise, for accelerated vesting or exercisability of an Award in connection with a sale or change of control of the Company.

The Amended 2014 Plan also contains provisions addressing the consequences of a Corporate Event, which is defined, in summary, as any reorganization, merger, consolidation, liquidation, dissolution or sale, transfer, exchange or other disposition of all or substantially all of the capital stock or assets of the Company, exchange of common stock or other securities of the Company, issuance of warrants or other rights to purchase common stock or other securities of the Company, the acquisition or disposition of any material assets or business or other similar corporate transaction or event (other than certain changes in capitalization). In connection with a Corporate Event, the Compensation Committee will take one or more of the following actions as to outstanding Awards: (i) provide that such Awards shall be continued, assumed, or substantially equivalent awards (as determined by the Compensation Committee in its sole discretion) shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice to a participant, provide that outstanding Awards shall become fully vested and exercisable within a specified period prior to such Corporate Event (contingent on the occurrence of the Corporate Event), and that any unexercised awards shall terminate upon such Corporate Event, (iii) provide that outstanding Awards shall become fully vested and exercisable upon such Corporate Event (contingent on the occurrence of the Corporate Event), (iv) settle such Awards for an amount (as determined in the sole discretion of the Compensation Committee) of cash or securities equal to the in-the-money spread value (if any) of such Awards, in exchange for the termination of such Award, (v) provide that, in connection with a dissolution or complete liquidation of the Company, Awards shall convert into the right to receive liquidation proceeds (net of the exercise or reference price thereof and any applicable tax withholdings) or (vi) any combination of the foregoing.

In the event of a Corporate Event where Awards are settled for an amount (as determined in the sole discretion of the Compensation Committee) of cash or securities, any Award for which the exercise or reference price is equal to or exceeds the per share value of the consideration to be paid in the Corporate Event will be terminated without payment therefor. The Compensation Committee shall not be obligated to treat all Awards, all portions of any individual Award, all Awards held by a participant, or all Awards of the same type, identically.

Authorization of Sub-Plans for Grants to Non-U.S. Employees

The Compensation Committee may establish one or more sub-plans under the Amended 2014 Plan to satisfy applicable securities, tax or other laws of various jurisdictions, by adopting supplements to the Amended 2014 Plan containing any limitations on the Compensation Committee's discretion and any additional terms and conditions not inconsistent with the Amended 2014 Plan as the Compensation Committee deems necessary or desirable with respect to participants in the applicable jurisdiction.

Amendment or Termination

No Award may be made after ten years after the date the Amended 2014 Plan is approved by the Company's stockholders, but Awards previously granted may extend beyond that date. The Compensation Committee may at any time amend, suspend or terminate the Amended 2014 Plan; however, no amendment requiring stockholder approval under applicable legal, regulatory or listing requirements will become effective until such stockholder approval is obtained.

Unless approved by the Company's stockholders or required in connection with a change in capitalization, the Company may not (i) amend any outstanding option or SAR to provide an exercise or reference price per share that is lower than the then-current exercise or reference price per share of such outstanding option or SAR, (ii) cancel any outstanding option or SAR (whether or not granted under the Amended 2014 Plan) and grant in substitution new Awards covering the same or a different number of shares of common stock and having an exercise, reference or purchase price per share lower than the then-current exercise or reference price per share of the cancelled option or SAR, (iii) cancel in exchange for a cash payment any outstanding option or SAR with an exercise or reference price per share above the then-current fair market value of the common stock, or (iv) take any other action that constitutes a "repricing" within the meaning of NASDAQ rules.

New Plan Benefits

Grants of Awards under the Amended 2014 Plan, if any, will be subject to the Compensation Committee's discretion. Therefore, we cannot determine the number or type of Awards that will be granted to any participant under the Amended 2014 Plan for 2016 or any other year, and no information is provided concerning the benefits to be delivered under the Amended 2014 Plan to any individual or group of individuals. Awards granted in 2015 to the named executive officers are set forth above in the section captioned "Executive Compensation." Awards granted in 2015 to our non-employee directors are set forth above in the section captioned "2015 Director Compensation."

Federal Income Tax Consequences

The following is a summary of the United States federal income tax consequences that generally arise with respect to Awards, based on the federal tax laws in effect as of the date of this proxy statement. This summary is not intended to constitute (and is not) tax advice, and assumes that all Awards are exempt from, or comply with, the rules under Section 409A of the Code regarding nonqualified deferred compensation. Changes to tax laws could alter the consequences described below, and participants are urged to consult their tax advisors regarding their specific circumstances.

Incentive Stock Options

A participant will not have income upon an ISO's grant. Also, except as described below, a participant will not have income upon an ISO's exercise if the participant has been employed by the Company or its corporate parent or 50% or more-owned corporate subsidiary at all times beginning with the option grant date and ending three months before the exercise. If the participant has not been so employed during that time, then the participant will be taxed as described below under "Nonqualified Stock Options." An ISO's exercise may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an ISO at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the option's grant and more than one year after its exercise, then all of the profit will be long-term capital gain. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income (and the Company may be entitled to a federal income tax deduction with respect to such income) and a portion may be capital gain. This capital gain will be long term if the participant has held the stock for more than one year and otherwise will be short term. If a participant sells the stock at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long term if the participant held the stock for more than one year and otherwise will be short term.

Nonqualified Stock Options

A participant will not have income upon a nonqualified stock option's grant. A participant will have compensation income upon a nonqualified stock option's exercise equal to the value of the stock on the exercise date less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the exercise date. This capital gain or loss will be long term if the participant has held the stock for more than one year and otherwise will be short term. The Company generally will be entitled to a federal income tax deduction with respect to the participant's compensation income.

Stock Appreciation Rights

A participant will not have income upon a SAR's grant. A participant will have income upon the SAR's exercise equal to the value of cash and/or the fair market value (measured on the exercise date) of the shares received by the participant. This amount will be subject to income tax withholding. The Company generally will be entitled to a federal income tax deduction with respect to the participant's compensation income.

Restricted Stock

Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, a participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock award is granted, provided that the award is nontransferable or is subject to a substantial risk of forfeiture. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Section 162(m) of the Code. If the participant files an election under Section 83(b) of the Code within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Section 162(m) of the Code. Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the election under Section 83(b).

Restricted Stock Units

A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock unit award is granted. Upon receipt of shares of stock (or the equivalent value in cash or other property) in settlement of a stock unit award, a participant will recognize ordinary income equal to the fair market value of the stock or other property as of that date (less any amount he or she paid for the stock or property), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Section 162(m) of the Code.

Vote Required for Approval of the Amended and Restated 2014 Stock Incentive Plan

This proposal requires the affirmative vote of a majority of the votes cast on such proposal at the annual meeting.

Directors' Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" APPROVAL OF THE AMENDED AND RESTATED 2014 STOCK INCENTIVE PLAN.

PROPOSAL 4

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed the firm of PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit our books, records and accounts for fiscal 2016. This appointment is being presented to the stockholders for ratification at the 2016 annual meeting.

PricewaterhouseCoopers LLP, or PwC, has no direct or indirect material financial interest in our Company or our subsidiaries. Representatives of PwC are expected to be present at the 2016 annual meeting and will be given the opportunity to make a statement on the firm's behalf if they so desire. The representatives also will be available to respond to appropriate questions.

The following table summarizes the fees of PwC billed to us for each of fiscal 2015 and fiscal 2014. For fiscal 2014, audit fees include an estimate of amounts not yet billed.

<u>Nature of Service</u>	<u>2015 Fees</u>	<u>2014 Fees</u>
Audit Fees ⁽¹⁾	\$ 4,171,950	\$ 2,336,273
Audit-Related Fees ⁽²⁾	---	---
Tax Fees ⁽³⁾	206,107	292,715
All Other Fees ⁽⁴⁾	1,800	113,263
Total	\$ 4,379,857	\$ 2,742,251

- (1) Audit fees consist of fees for the audit of our financial statements, the review of the interim financial statements included in our Quarterly Reports on Form 10-Q, and services related to our filings of Registration Statements on Forms S-8, S-3 and S-4 in 2014 and 2015, such as the issuance of consents.
- (2) Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit and the review of our financial statements and which are not reported under "Audit Fees." These services relate to accounting consultations in connection with acquisitions, procedures performed for SSAE 16 reports, attest services that are not required by statute or regulation and consultations concerning internal controls, financial accounting and reporting standards.
- (3) Tax fees consist of fees for tax compliance, tax advice and tax planning services. Tax compliance services, which relate to preparation of original and amended tax returns, claims for refunds and tax payment-planning services, accounted for approximately \$82,283 of the total tax fees billed in 2015 and approximately \$77,217 of the total tax fees billed in 2014. Tax advice and tax planning services relate to assistance with tax audits and appeals, tax advice related to acquisitions and requests for rulings or technical advice from taxing authorities.
- (4) All other fees for 2015 and 2014 consist of other advisory and consulting services.

All the services described above were approved by our Audit Committee in advance of the services being rendered. The Audit Committee is responsible for the appointment, compensation and oversight of the work performed by the independent registered public accounting firm. The Audit Committee must pre-approve all audit (including audit-related) services and permitted non-audit services provided by the independent registered public accounting firm in accordance with the pre-approval policies and procedures established by the Audit Committee. The Audit Committee annually approves the scope and fee estimates for the quarterly reviews, year-end audit, statutory audits and tax work to be performed by our independent registered public accounting firm for the next fiscal year. With respect to other permitted services, management defines and presents specific projects and categories of service for which the advance approval of the Audit Committee is requested. The Audit Committee pre-approves specific engagements, projects and categories of services on a fiscal year basis, subject to individual project thresholds and annual thresholds. In assessing requests for services by the independent registered public accounting firm, the Audit Committee considers whether such services are consistent with the independent registered public accounting firm's independence, whether the independent registered public accounting firm is likely to provide the most effective and efficient service based upon their familiarity with us, and whether the service could enhance our ability to manage or control risk or improve audit quality.

Proxies solicited by management will be voted for the ratification unless stockholders specify otherwise. Ratification by the stockholders is not required. Although we are not required to submit the appointment to a vote of the stockholders, our Board believes it is appropriate as a matter of policy to request that the stockholders ratify the appointment of PwC as our independent registered public accounting firm. If the stockholders do not ratify the appointment, the Audit Committee may investigate the reasons for stockholder rejection and consider whether to retain PwC or appoint another independent registered public accounting firm. Even if the appointment is ratified, our Board and the Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of our Company and our stockholders.

Director's Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR OUR FISCAL YEAR ENDING DECEMBER 31, 2016.

Report of the Audit Committee of the Board of Directors

Our Audit Committee has reviewed our audited financial statements for fiscal 2015 and has discussed these financial statements with our management and PwC, our independent registered public accounting firm.

The Audit Committee has also received from, and discussed with, our independent registered public accounting firm various communications that our independent registered public accounting firm is required to provide to the Audit Committee, including Statement on Auditing Standard No. 16 (Communications with Audit Committees), as adopted by the Public Company Accounting Oversight Board, or PCAOB.

Our independent registered public accounting firm also provided the Audit Committee with the written disclosures and the letter from the independent registered public accounting firm required by PCAOB Rule 3526 (Communicating with Audit Committees Concerning Independence), as modified or supplemented. The Audit Committee has discussed with the independent registered public accounting firm its independence from us.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to our Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2015.

OWNERSHIP OF OUR COMMON STOCK

This table presents information concerning the beneficial ownership of the shares of our common stock as of April 1, 2016. Specifically, the table reflects beneficial ownership information about:

- each person we know to be the beneficial owner of more than 5% of the outstanding shares of our common stock;
- each of our directors and named executive officers; and
- all of our directors and executive officers as a group.

Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power over securities. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder. Shares of common stock subject to options that are exercisable or exercisable within 60 days of April 1, 2016 are considered outstanding and beneficially owned by the person holding the options for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

Unless otherwise indicated, the address of the persons and entities listed on the table is c/o SS&C Technologies Holdings, Inc., 80 Lamberton Road, Windsor, CT 06095.

RELATED PERSON TRANSACTIONS

Policies and Procedures for Related Person Transactions

Our Board has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which we have been or are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a “related person,” has had or has a direct or indirect material interest. Such a transaction, arrangement or relationship is referred to as a “related person transaction.”

Any related person transaction must be reported to our General Counsel and will be reviewed and approved by the Audit Committee in accordance with the terms of the policy, prior to effectiveness or consummation of the transaction, whenever practicable. If the General Counsel determines that advance approval of a related person transaction is not practicable under the circumstances, the Audit Committee will review and, in its discretion, may ratify the related person transaction at its next meeting, or at the next meeting following the date that the related person transaction comes to the attention of the General Counsel; provided, however, that the General Counsel may present a related person transaction arising in the time period between meetings of the Audit Committee to the Chair of the Audit Committee, who will review and may approve the related person transaction, subject to ratification by the Audit Committee at its next meeting. In addition, any related person transaction previously approved by the Audit Committee or otherwise already existing that is ongoing in nature will be reviewed by the Audit Committee annually to ensure that it has been conducted in accordance with the previous approval granted by the Audit Committee, if any, and that all required disclosures regarding the related person transaction are made.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person’s interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

- the related person’s interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person’s interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The Audit Committee may approve or ratify the related person transaction only if the Audit Committee determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. The Audit Committee may, in its sole discretion, impose any conditions it deems appropriate on the Company or the related person in connection with approval of the related person transaction.

In addition to the transactions that are excluded by the instructions to the SEC’s related person transaction disclosure rule, our Board has determined that the following do not create a material direct or indirect interest on behalf of a related person and, therefore, are not related person transactions for purposes of our related person transaction policy:

- interests arising solely from the related person’s position as an executive officer of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members (as defined in the policy) are not involved in the negotiation of the terms of the transaction with the Company and do not receive any special benefits as a result of the transaction or (c) the amount involved in the transaction equals less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; or
- a transaction that is specifically contemplated by provisions of the Certificate or By-laws of the Company.

The policy provides that transactions involving compensation of executive officers will be reviewed and approved by the Compensation Committee in the manner specified in its charter.

Stockholders Agreement

The Company is a party to a Stockholders Agreement with Mr. Stone that entitles him to nominate two directors, one of whom shall be Mr. Stone for so long as he is our Chief Executive Officer. The number of Board members Mr. Stone is entitled to nominate (including himself) will be reduced to one director if Mr. Stone holds less than 15% of our common stock. Mr. Stone's rights under the Board nomination provisions of the Stockholders Agreement will terminate at such time as he holds less than 10% of our common stock.

The provisions of the Stockholders Agreement also require that so long as Mr. Stone is a member of our Board and the Chief Executive Officer of the Company, he will serve as Chairman of the Board.

Registration Rights Agreement

The Company and Mr. Stone are parties to a Registration Rights Agreement, under which Mr. Stone can demand that we file a registration statement for all or a portion of his common stock. Mr. Stone is also entitled to request that his shares be covered by a registration statement that we are otherwise filing with respect to our common stock. In either event, the Company is required to pay all expenses of Mr. Stone in connection with the registration (other than underwriting discounts and commissions and transfer taxes applicable to the sale of registerable securities). The Registration Rights Agreement also provides that the Company will indemnify Mr. Stone, and Mr. Stone will indemnify the Company, for certain matters in connection with the registration of Mr. Stone's shares. The registration rights in the Registration Rights Agreement are subject to certain conditions and limitations specified in the Registration Rights Agreement, including the right of the underwriters of an offering to limit the number of shares included in certain registrations.

Submitting a proxy or voting instructions in advance will not prevent you from attending the 2016 annual meeting and voting in person, if you so desire. A postage-paid, return-addressed envelope is enclosed for your convenience. No postage need be affixed if mailed in the United States. Your cooperation in giving this your immediate attention is appreciated.

Whether or not you expect to be present in person at the 2016 annual meeting, you are requested to complete, sign, date and return the enclosed form of proxy. The shares represented by your proxy will be voted in accordance with your instructions. If you attend the 2016 annual meeting, you may vote by ballot. Mr. Stone is our Chairman and Chief Executive Officer, Mr. Pedonti is our Senior Vice President and Chief Financial Officer, and Mr. Igoe is our Senior Vice President, General Counsel and Secretary. Your proxy permits you to direct the proxy holders to:

- vote “FOR” or withhold your votes from any of the three nominees for director;

All shares entitled to vote and represented by properly completed proxies received prior to the 2016 annual meeting and not revoked will be voted at the 2016 annual meeting in accordance with your instructions. If you do not indicate how your shares are to be voted on a matter, the shares represented by your properly completed proxy will be voted “FOR” the election of the three nominees for director, “FOR” the proposal to approve an amendment to our Certificate to increase the number of authorized shares of our common stock from 200,000,000 to 400,000,000, “FOR” the proposal to approve our Amended and Restated 2014 Stock Incentive Plan, and “FOR” the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2016, and in the discretion of the persons named as proxies in the manner they believe to be in the Company’s best interests as to other matters that may properly come before the 2016 annual meeting.

Revocation of Proxies

You may revoke your proxy at any time before it is exercised by (1) delivering to us a signed proxy card with a date later than the date of your previously delivered proxy, (2) voting in person at the 2016 annual meeting, or (3) sending a written revocation to our Corporate Secretary at our principal executive offices. Shares represented by valid proxies that are received prior to the 2016 annual meeting and not revoked at or prior to the 2016 annual meeting will be voted at the 2016 annual meeting.

Stockholders Entitled to Vote

Our Board has fixed April 1, 2016 as the record date for the 2016 annual meeting. You are entitled to vote (in person or by proxy) at the 2016 annual meeting if you were a stockholder of record on the record date. On the record date, we had 99,063,447 shares of common stock outstanding (each of which entitles its holder to one vote). Holders of shares of our common stock do not have cumulative voting rights.

Quorum

For all proposals on the agenda for the 2016 annual meeting, the holders of a majority of the shares of common stock issued and outstanding and entitled to vote must be present at the 2016 annual meeting in person or represented by proxy to constitute a quorum. Shares represented by all proxies received, including proxies that withhold authority for the election of a director and/or abstain from voting on a proposal, as well as broker non-votes (as described below), will be counted toward establishing a quorum.

Votes Required

For Proposal 1, each of the directors will be elected by a plurality vote of the shares of common stock present at the 2016 annual meeting in person or represented by proxy and entitled to vote. Shares for which the vote is properly withheld and broker non-votes will not be counted toward the nominee's achievement of a plurality and will have no effect on the election of the directors.

For Proposal 2, the approval of an amendment to our Certificate to increase the number of authorized shares of our common stock from 200,000,000 to 400,000,000, the affirmative vote of a majority of the outstanding shares of the Company's common stock is required to approve the Proposal. Shares that fail to vote or abstentions will be counted as votes against this proposal, and will therefore have the same effect as votes "AGAINST" this proposal.

For Proposal 3, the approval of our Amended and Restated 2014 Stock Incentive Plan, the affirmative vote of the holders of a majority of the votes cast is required for approval. Shares that abstain will not be counted as votes in favor of this proposal and will also not be counted as votes cast. Accordingly, abstentions will have no effect on the outcome of this proposal.

For Proposal 4, the ratification of the selection of the independent registered public accounting firm, the affirmative vote of the holders of a majority of the votes cast is required for approval. Shares that abstain will not be counted as votes in favor of this proposal and will also not be counted as votes cast. Accordingly, abstentions will have no effect on the outcome of this proposal.

If you hold shares of common stock through a bank, broker or other nominee, that party may under certain circumstances vote your shares if you do not timely provide them with voting instructions. Banks, brokers or other nominees have discretionary authority to vote customers' unvoted shares on routine matters. Your bank, broker or other nominee cannot vote your shares on any matter that is not considered a routine matter. Proposal 4, ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for fiscal 2016, is considered a routine matter. Proposal 1, the election of three Class III directors, Proposal 2, the approval of an amendment to our Certificate to increase the number of authorized shares of our common stock, and Proposal 3, the approval of our Amended and Restated 2014 Stock Incentive Plan, are not considered routine matters. Shares for which a bank, broker or other nominee cannot vote on a particular matter because that party does not have discretionary voting authority to do so are considered "broker non-votes" on these matters.

Solicitation of Proxies

We will bear the expenses of preparing, printing and assembling the materials used in the solicitation of proxies. In addition to the solicitation of proxies by use of the mail or the Internet, we may also use the services of some of our officers and employees (who will receive no compensation for such services in addition to their regular salaries) to solicit proxies personally and by telephone and email. Banks, brokers or other nominees will be requested to forward solicitation materials to the beneficial owners of shares of record held by them, and we will reimburse them for their reasonable expenses.

OTHER MATTERS

As of the date of this proxy statement, we know of no matter not specifically referred to above as to which any action is expected to be taken at the 2016 annual meeting and the advance notice period applicable to the 2016 annual meeting as prescribed by our By-laws has expired. If any other business should properly come before the 2016 annual meeting, the proxies will be voted in the discretion of the proxy holders. Each of the persons appointed by the enclosed form of proxy present and acting at the meeting, in person or by substitute, may exercise all of the powers and authority of the proxies in accordance with their judgment.

Stockholder Proposals and Director Nominations

For 2017 Annual Meeting

Proposals of stockholders intended to be presented at the 2017 annual meeting of stockholders pursuant to Rule 14a-8 under the Exchange Act must be received by us no later than December 23, 2016 in order to be included in the proxy statement and form of proxy relating to that meeting. Proposals should be sent to SS&C Technologies Holdings, Inc., 80 Lambertson Road, Windsor, Connecticut 06095, Attention: Corporate Secretary.

In addition, our By-laws require that we be given advance notice of stockholder nominations for election to our Board and of other business that stockholders wish to present for action at an annual meeting of stockholders (other than matters included in our proxy statement in accordance with Rule 14a-8 under the Exchange Act). The required notice must contain the information required by our By-laws and be delivered by the stockholder and received by the Secretary at our principal executive offices (i) no earlier than 120 days before and no later than 90 days before the first anniversary of the date of the preceding year's annual meeting, or (ii) if the date of the annual meeting is advanced by more than 20 days or delayed by more than 60 days from the first anniversary date, (a) no earlier than 120 days before the annual meeting and (b) no later than 90 days before the annual meeting or 10 days after the day notice of the annual meeting was mailed or publicly disclosed, whichever occurs first. Assuming the date of our 2016 annual meeting is not so advanced or delayed, stockholders who wish to make a proposal at the 2017 annual meeting (other than one to be included in our proxy statement in accordance with Rule 14a-8 under the Exchange Act) should notify us no earlier than January 25, 2017 and no later than February 24, 2017.

Householding of Proxies

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for annual reports and proxy statements with respect to two or more stockholders sharing the same address by delivering a single annual report and/or proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. We and some brokers household annual reports and proxy materials, delivering a single annual report and/or proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders.

Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent.

If, at any time, (1) you no longer wish to participate in householding and would prefer to receive a separate annual report and/or proxy statement in the future or (2) you and another stockholder sharing the same address wish to participate in householding and prefer to receive a single copy of our annual report and/or proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Investor Relations, SS&C Technologies Holdings, Inc., 80 Lambertson Road, Windsor, Connecticut 06095, or call 860-298-4500.
