

Heptagonist Bibliography

Publications:

Pophristic, V., Vemparala, S., Ivanov, I., Liu, Z., Klein, M.L., DeGrado, W.F., "Controlling the Shape and Flexibility of Arylamides: A Combined *Ab Initio*, Molecular Dynamics and Classical Molecular Dynamics Study", *J. Phys. Chem. B*, 110 (2006): 3517.

Vemparala, S., Pophristic, V., Ivanov, I., Klein, M.L., "Interaction of Arylamide Polymers with Heparin and Lipid Bilayers", *Biophys. J.*, 88 (2005): 235A.

Choi, S., Clements, D.J., Pophristic, V., Ivanov, I., Vemparala, S., Bennett, J.S., Klein, M.L., Winkler, J.D., DeGrado, W.F., "The Design and Evaluation of Heparin-Binding Foldamers", *Angew. Chem. Int. Ed.*, 41 (2005): 6599.

Presentations at Scientific Conferences:

McAllister, R. E. "PMX-60056 Reversal of Heparin and LMWH: Linear Dose-Response Appears Due to Specific Molar Binding". Poster presentation at the American Heart Association's ATVB-2011 meeting (Arteriosclerosis, Thrombosis and Vascular Biology), Chicago, IL, April 28, 2011.

McAllister, R. E. "PMX-60056 Reverses Heparin Predictably and Safely". Oral presentation at CREFF 2011 - 31st Annual Cardiothoracic Surgery Symposium, Newport Beach, CA, March 11, 2011.

McAllister, R. E. "Reversal of Heparin by Novel Synthetic Antagonist PMX-60056 Exhibits a Linear Dose-Response Relationship". Poster Presentation at American Society of Hematology Annual Meeting and Exposition, Orlando, Florida, December 6, 2010.

Scott, R., Costanzo, M., Freeman, K., Kavash, R., Young, T., DeGrado, W., Jeske, W. "Optimized, Fully-Synthetic Salicylamide Heparin Antagonists Have Greater Efficacy Versus LMWHs and Display Improved Hemodynamic Responses as Compared to Protamine". Oral Presentation at American Society of Hematology Annual Meeting and Exposition, Orlando, Florida, December 6, 2010.

Scott, R., Costanzo, M., Freeman, K., Kavash, R., Young, T., DeGrado, W., Jeske, W. "Arylamides: Discovery of a Novel Class of Fully-Synthetic Small Molecule Heparin and LMWH Antagonists". Oral Presentation at American Society of Hematology Annual Meeting and Exposition, Orlando, Florida, December 6, 2010.

McAllister, R. E. "Heparin-Antagonist PMX-60056 Rapidly Reverses Anti-Xa and aPTT Effects of Tinzaparin in Man". Poster Presentation at American Heart Association 2010 Scientific Session, Chicago, IL, November 15, 2010.

McAllister, R. E. "Heparin-Antagonist PMX-60056 Rapidly and Completely Reverses Heparin Anticoagulation in Man". Oral Presentation at American Heart Association 2010 Scientific Session, Chicago, IL, November 15, 2010.

McAllister, R. E. "Heparin-Antagonist PMX-60056 Rapidly Reverses Tinzaparin Anti-Coagulation in Man". Oral presentation at International Society of Hematology, Jerusalem, Israel, October 12, 2010.

Jeske, W., Brubaker A., Liu D., Scott, R., Young T., Hoppensteadt D. "Novel Antagonists for Low Molecular Weight Heparin and Heparin-Like Drugs". Presentation at American Society of Hematology, New Orleans, LA, December 8, 2009.

Kuziej J, Litinas E, Hoppensteadt D, Liu D, Walenga JM, Fareed J and Jeske W. "Neutralization of Hemorrhagic and Antithrombotic Activities of Heparins by a Novel Salicylamide Derivative." Federation of American Societies for Experimental Biology, April 2009.

Fareed J, Jeske W, Cunanan J, Adiguzel C, Iqbal O and, Hoppensteadt D. "Neutralization of the Anticoagulant and Anti-Xa Effects of Fondaparinux and Idraparinux by a Novel Synthetic Antagonist. Pharmacologic Implications." Federation of American Societies for Experimental Biology, April 2008.

Jeske W, Brubaker A, Liu D, Young T, Hoppensteadt D, Iqbal O, Fareed J, Walenga J, Bakhos M. "Neutralization of Unfractionated Heparin and Low Molecular Weight Heparin by Novel Salicylamide Derivatives." Federation of American Societies for Experimental Biology, April 2008.

Jeske W, Brubaker A, Liu D, Young T, Hoppensteadt D, Iqbal O, Fareed J, Walenga J and Bakhos M. "*In Vitro* Characterization of the Neutralization of Unfractionated Heparin and Low Molecular Weight Heparin by Novel Salicylamide Derivatives". Presentation at American Society of Hematology, Atlanta, Georgia. December 9, 2007.
