

Investor Update

As of March 31, 2016

Forward-Looking Statements

Forward-looking statements made in this presentation involve a number of risks and uncertainties, but not limited to, our ability to successfully operate the new nursing centers in Alabama, Kansas, Kentucky, Missouri, Ohio, and Indiana, our ability to increase patients served at our renovated centers, changes in governmental reimbursement, government regulation, the impact of the recently adopted federal health care reform or any future healthcare reform, any increases in the cost of borrowing under our credit agreements, our ability to comply with covenants contained in those credit agreements, the outcome of professional liability lawsuits and claims, our ability to control ultimate professional liability costs, the accuracy of our estimate of our anticipated professional liability expense, the impact of future licensing surveys, the outcome of proceedings alleging violations of state or Federal False Claims Acts, laws and regulations governing quality of care or other laws and regulations applicable to our business including laws governing reimbursement from government payers, impacts associated with the implementation of our electronic medical records plan, the costs of investing in our business initiatives and development, our ability to control costs, changes to our valuation of deferred tax assets, changes in occupancy rates in our centers, changing economic and competitive conditions, changes in anticipated revenue and cost growth, changes in the anticipated results of operations, the effect of changes in accounting policies as well as other risk factors detailed in the Company's Securities and Exchange Commission filings. The Company has provided additional information in its Annual Report on Form 10-K for the fiscal year ended December 31, 2015, as well as in other filings with the Securities and Exchange Commission, which readers are encouraged to review for further disclosure of other factors that could cause actual results to differ materially from those indicated in the forward-looking statements.

Medicare and Medicaid SNF Spending
(in billions)

Relative Cost Per Case of Treatment Across Post-Acute Care Providers

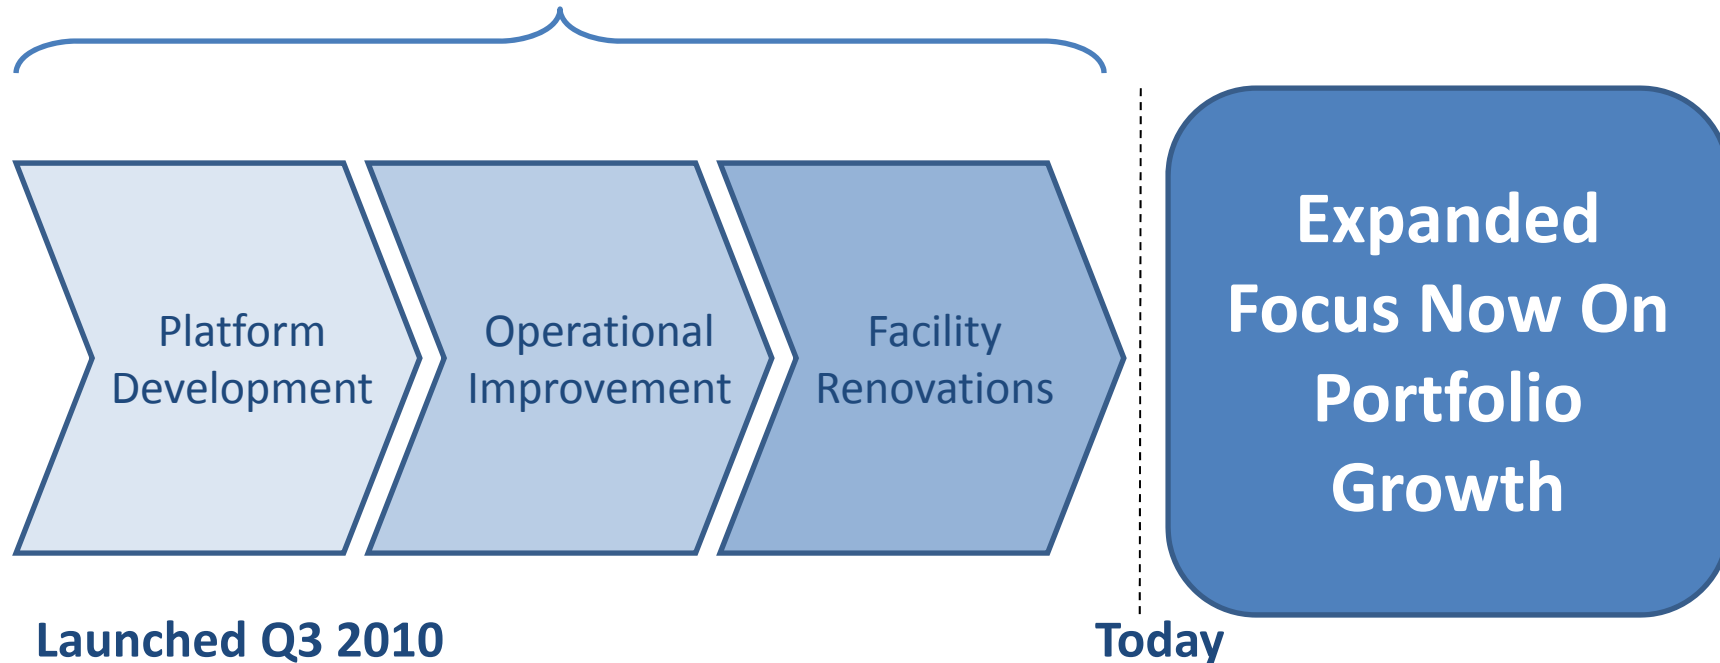

SNFs are recognized as high quality, low cost provider of institutional post-acute care

Company Overview

- Mature Company
- Provides a full spectrum of post-acute healthcare services
- Robust operating platform capable of significant growth expansion

Key Strategic Accomplishments

Retooling: Areas of Focus

Investments made in internal improvements and scalability position Diversicare for external growth

Platform Development and Operational Improvements

Implement an Electronic Medical Record (EMR) Solution

Centralization of Key Processes

People – Processes – Resources

Completed – Company repositioned for rapid growth

Key Results and Outcomes

- Improved Quality Measures
- Improved patient mix and reimbursement rates
- Improved operating and G&A leverage
- Demonstrated growth through acquisitions

Results: 5 Star Quality Measures Relative to For-Profit Peer Group

Diversicare is the industry leader in Quality Measures outcomes.

Results: Improved Patient Mix

Medicare Avg Daily Census

Managed Care Avg Daily Census

Skilled Care and Marketing Initiatives:

- 24 Hour RN coverage with specialized clinical capability
- Clinical programs drive higher acuity and favorable reimbursement trends
- Facility based sales representatives deploy centrally managed business development activities
- Clinical programs can be customized for physician needs

Results: Rate Increases Driven By Higher Acuity

- Medicare rate growth driven by acuity
- 16.8% Increase from FY10 Q3 to FY16 Q1
- 4.0% CAGR

Medicare Rate Per Day

A – Resulting from a 2% decrease in rates as a result of sequestration beginning April 1, 2013.

Results: Rate Increases Driven By Higher Acuity

- Medicaid rates driven by acuity
- 12.9% Increase from FY10 Q3 to FY16 Q1
- 3.1% CAGR

Medicaid Rate Per Day

Results: Growth in Operated Facilities

- Our ability to integrate facilities onto our platform is proven by our continuous growth and early accretion of new facilities.

Results: Impact Of New Centers

Acquisitions are Accretive to earnings within a quarter of acquisitions date – the exceptions being development opportunities like new construction, major renovations, etc.

Demonstrated Platform Scalability by increasing revenues with a resulting reduction in G&A expense as percentage of revenue

New Facility Integration, including EMR, implemented during the first quarter of operations at new facilities

Results: Revenue Impact of Acquisitions

* For the purposes of this chart, the “same-store group” represents all centers operated by the Company prior to January 1, 2014.

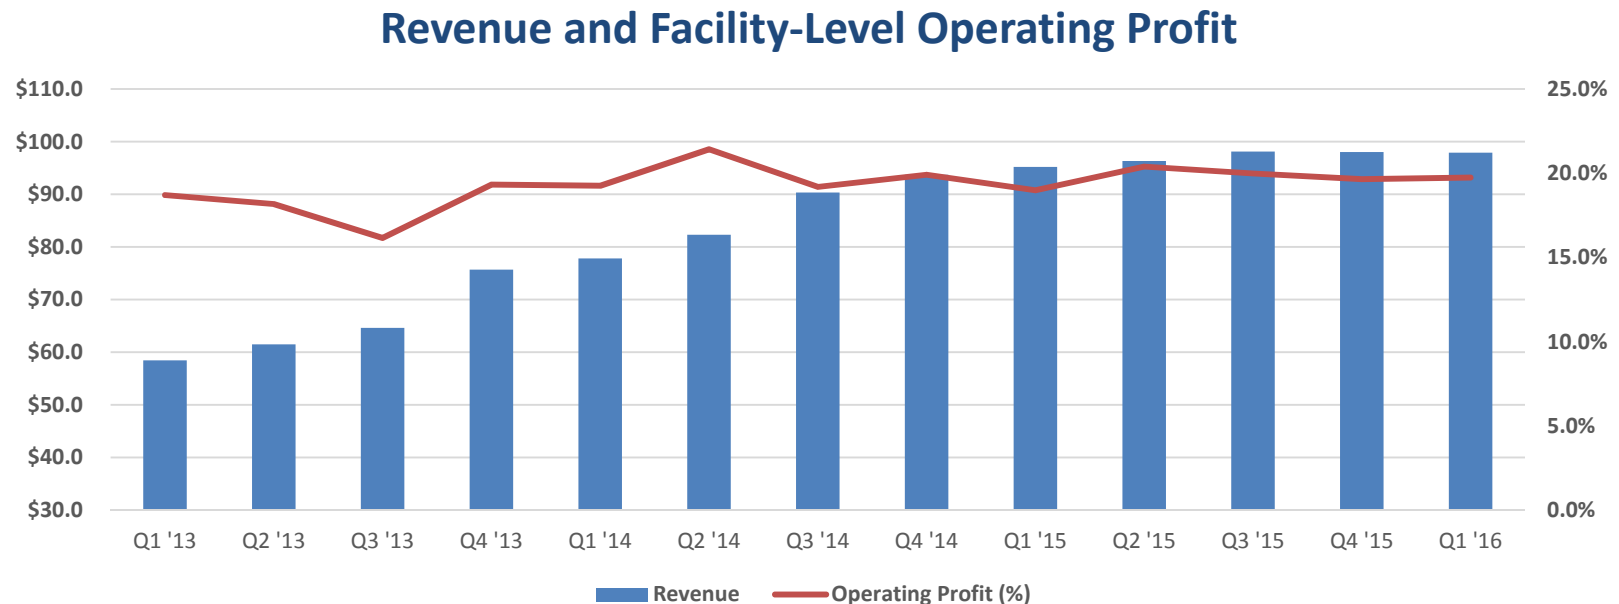

Results: New Centers and Same-Store

Q1 2016 vs. Q1 2015	Revenue		Operating Expense		Operating Profit	
	Q1 2016	Q1 2015	Q1 2016	Q1 2015	Q1 2016	Q1 2015
<i>(in millions)</i>						
2016 Acquisitions (-)	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
2015 Acquisitions (3)	3,942	1,755	3,179	1,607	763	148
Total for all acquisitions	3,942	1,755	3,179	1,607	763	148
Same-store group*	94,003	93,470	75,439	75,538	18,564	17,932
Consolidated total	\$ 97,945	\$ 95,225	\$ 78,618	\$ 77,145	\$ 19,327	\$ 18,080

*Same-Store group represents all nursing centers acquired by the Company prior to January 1, 2015.
