This press release shall not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of these securities in any state or jurisdiction in which such an offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

About QlikTech

QlikTech's powerful, accessible business intelligence solution enables organizations to make better and faster decisions. Its QlikView product delivers enterprise-class analytics and search with the simplicity and ease of use of office productivity software. The in-memory associative search technology it pioneered makes calculations in real-time enabling business professionals to gain insight through intuitive data exploration. Unlike traditional business intelligence products, QlikView can deliver value in days or weeks rather than months, years, or not at all. It can be deployed on premise, in the cloud, or on a laptop or mobile device--from a single user to large global enterprises. QlikTech is headquartered in Radnor, Pennsylvania, with offices around the world and a network of over 1,100 partners to serve more than 14,000 customers in over 100 countries worldwide.
