The Diner Reviews Are In: OpenTable Reveals the 100 Best Restaurants in America

Annual list highlights restaurants in 24 states and Washington, D.C.; California, New York, Illinois, and Pennsylvania boast most honorees; prominent cities include New York City, Chicago, and Philadelphia.

SAN FRANCISCO, Dec. 6, 2017 /PRNewswire/ -- From impeccable service to one-of-a-kind dining experiences, [OpenTable](#), the world's leading provider of online restaurant reservations and part of The Priceline Group (NASDAQ: PCLN), today reveals its [100 Best Restaurants in America](#) list for 2017. The list of the 100 Best Restaurants in America reflects the combined opinions of more than 12 million restaurant reviews submitted by verified OpenTable diners for more than 26,000 restaurants in all 50 states and Washington, D.C.

From restaurants with world-renowned chefs to breakthrough newcomers, the complete list showcases a diverse group of restaurants in 24 states and Washington, D.C. California and New York are tied at the top of the list, each boasting 19 winning restaurants, followed by Illinois and Pennsylvania with eight, Washington D.C. with seven and Texas with five. Florida, Georgia, Maryland, Ohio, and South Carolina all boast three winners while Hawaii, New Jersey, North Carolina and Virginia each have two. Alabama, Arizona, Connecticut, Kansas, Louisiana, Nevada, New Mexico, Oklahoma and Washington are also represented.

While American, French, and Italian cuisine proved to be the most popular, there is a growing presence of globally inspired cuisines on the list, including Mediterranean, Japanese, Indian and Middle Eastern. The range of cuisines highlighted points to diners' growing appetites for more exotic flavors and destination-driven offerings.

"While the winning restaurants this year are each distinctive, they all consistently deliver exceptional dishes, impeccable hospitality, and a meal to remember," says Caroline Potter, OpenTable Chief Dining Officer. "This year's honorees have risen to the challenge of providing outstanding experiences time and again to a nation of discerning guests."

The list is generated solely from diner reviews collected between November 1, 2016, and October 31, 2017. All restaurants with a minimum "overall" score and number of qualifying reviews were included for consideration. Qualifying restaurants were then sorted according to a score calculated from each restaurant's average rating in the "overall" category.

Based on this methodology, the following restaurants, listed in alphabetical order, comprise the 100 Best Restaurants in America for 2017 according to OpenTable diners. The complete list may also be viewed at <https://www.opentable.com/m/best-restaurants-in-america-for-2017/>.
