ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION

Introduction

This proxy statement and the accompanying Notice of Annual Meeting of Stockholders are being furnished to the holders of common stock, \$0.001 par value (“Common Stock”), of LPL Investment Holdings Inc., a Delaware corporation (the “Company”) in connection with the solicitation of proxies on behalf of our Board of Directors for use at the 2012 Annual Meeting of Stockholders (the “Annual Meeting”) and any adjournment or postponement thereof. The Annual Meeting will be held on Wednesday, May 30, 2012, at the offices of Ropes & Gray LLP, Prudential Tower, 800 Boylston Street, Boston, Massachusetts 02199 at 4:00 p.m., local time. *Stockholders who wish to attend the Annual Meeting in person must follow the instructions under the section below entitled “Attending the Annual Meeting.”*

Record Date, Shares Outstanding, and Quorum

On April 5, 2012, the record date for the Annual Meeting (the “record date”), there were 110,307,203 outstanding shares of Common Stock. Only stockholders of record at the close of business on the record date will be entitled to vote at the Annual Meeting. The presence in person or by proxy of a majority of shares of Common Stock outstanding and entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Both abstentions and broker non-votes will be counted as present in determining the presence of a quorum. A “broker non-vote” is a proxy from a broker or other nominee indicating that such person has not received instructions from the beneficial owner on a particular matter with respect to which the broker or other nominee does not have discretionary voting power. Brokers have the discretion to vote their clients’ proxies only on routine matters. At our Annual Meeting, only the ratification of our auditors is a routine matter. Each share of Common Stock is entitled to one vote.

Notice of Electronic Availability of Proxy Statement and Annual Report

As permitted by Securities and Exchange Commission rules, we are making this proxy statement and our annual report available to our stockholders electronically via the Internet. On or about April 17, 2012, a Notice of Internet Availability of Proxy Materials (the “Notice”) was mailed to stockholders of record at the close of business on the record date. We are furnishing our proxy materials to our stockholders on the Internet in lieu of mailing a printed copy of our proxy materials to each record holder of Common Stock. You will not receive a printed copy of our proxy materials unless you request one. The Notice instructs you as to how you may access and review on the Internet all of the important information contained in these proxy materials or request a printed copy of those materials. The Notice also instructs you as to how you may vote your proxy.

Attending the Annual Meeting

We invite all stockholders to attend the Annual Meeting. If you are a record holder of our Common Stock, which means that your shares are represented by ledger entries in your own name directly registered with our transfer agent, Computershare Shareowner Services, you must bring valid picture identification with you to the Annual Meeting to allow us to verify your ownership. If your Common Stock is held in “street name,” which means that the shares are held for your benefit in the name of a broker, bank, or other intermediary, you must bring a brokerage account statement or letter from your broker, bank, or other intermediary reflecting stock ownership in order to be admitted to the Annual Meeting. Please note that if you hold your Common Stock in street name, you may not vote your shares in person unless you obtain a legal proxy from your broker, giving you the right to vote the shares at the Annual Meeting.

Table of Contents

If you do not have both proof of ownership of Common Stock and valid picture identification, you may not be admitted to the Annual Meeting.

If you plan to attend the Annual Meeting, please be sure to RSVP via email to lplfinancialannualmeeting@lpl.com. Please include your name, phone number, and email address in your response. A confirmation, including driving directions and additional meeting information, will be emailed to registered participants.

Manner of Voting

If you are a record holder of our Common Stock, you may vote in one of the following ways:

- *By Internet:* by following the Internet voting instructions included in the proxy card at any time up until 11:59 p.m., Eastern Time, on May 29, 2012.
- *By Telephone:* by following the telephone voting instructions included in the proxy card at any time up until 11:59 p.m., Eastern Time, on May 29, 2012.
- *By Mail:* by marking, dating, and signing your printed proxy card (if received by mail) in accordance with the instructions on it and returning it by mail in the pre-addressed reply envelope provided with the proxy materials for receipt prior to the Annual Meeting.
- *In Person:* by voting your shares in person at the Annual Meeting (if you satisfy the admission requirements, as described above). Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by Internet, telephone or mail so that your vote will be counted in the event you later decide not to attend the Annual Meeting.

If you are a beneficial owner of our Common Stock, you can vote in the following way:

- If your shares are held in street name through a broker, bank, or other intermediary, your broker, bank, or other intermediary should give you instructions for voting your shares. In these cases, you may vote by Internet, telephone, or mail, as instructed by your broker, bank, or other intermediary. You may also vote in person if you obtain a legal proxy from your broker, giving you the right to vote the shares at the Annual Meeting.

Shares of Common Stock represented by properly executed proxy cards received by the Company in time for the meeting will be voted in accordance with the instructions specified in the proxies. If you submit a proxy but do not indicate any voting instructions, your shares will be voted “**FOR**” the election as directors of the nominees named in this proxy statement; and “**FOR**” the ratification of the selection for Deloitte & Touche LLP as our independent registered public accounting firm.

Our management and Board of Directors know of no other matters to be brought before the meeting. If other matters are properly presented to the stockholders for action at the Annual Meeting or any adjournments or postponements thereof, it is the intention of the proxy holders named in the proxy card to vote in their discretion on all matters on which the shares of Common Stock represented by such proxy are entitled to vote.

Voting Requirements

If your shares are held in your name, you have the right to vote in person at the Annual Meeting. If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you are also invited to attend the Annual Meeting. Since a beneficial owner is not the record holder of Common Stock, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy from your broker, giving you the right to vote the shares at the Annual Meeting.

Proposal One—Election of Directors

In the election of directors, directors are elected by a plurality of the votes cast. A vote to abstain or a broker non-vote will have no direct effect on the outcome of the election of directors.

Table of Contents

Proposal Two—Ratification of Appointment of Deloitte & Touche LLP

The proposal to ratify the appointment of Deloitte & Touche LLP requires the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. A vote to abstain will have the same effect as a vote against the proposal. A broker non-vote will have no effect on the outcome of the proposal.

Revocation of Proxies

If you submit a proxy, you are entitled to revoke your proxy at any time before it is exercised in one of the following ways: by attending the Annual Meeting and voting in person, by submitting a duly executed proxy bearing a later date, or by sending written notice of revocation to our Corporate Secretary at LPL Investment Holdings Inc., One Beacon Street, Boston, MA 02108. A stockholder of record who voted by the Internet or by telephone may also change his or her vote with a timely and valid later Internet or telephone vote, as the case may be. Any stockholder of record as of the record date attending the Annual Meeting may vote in person whether or not a proxy has previously been given, but the presence (without further action) of a stockholder at the Annual Meeting will not constitute revocation of a previously given proxy. If you hold your shares in street name and would like to change your voting instructions, please follow the instructions provided to you by your broker, bank or other intermediary.

Solicitation of Proxies

The Board of Directors of LPL Investment Holdings Inc. is soliciting proxies. We have hired Computershare Shareholder Services to assist in the solicitation of proxies at a cost of approximately \$15,000 plus out-of-pocket expenses. We will bear the entire cost of proxy solicitation. Stockholders who elect to vote over the Internet or telephone may incur costs such as telecommunication and Internet access charges for which the stockholder is solely responsible. The telephone and Internet voting facilities for stockholders of record will close at 11:59 p.m. Eastern Time on May 29, 2012.

Householding

Only one copy of the Notice is being delivered to multiple stockholders sharing an address, unless we have received contrary instructions from one or more of the stockholders. We will undertake to deliver promptly, upon written or oral request, a separate copy of the Notice to a stockholder at a shared address to which a single copy of the Notice was delivered. You may make a written or oral request by sending a written notification to our principal executive offices at One Beacon Street, Boston, Massachusetts 02108, or by calling our offices at (617) 423-3644, and stating your name, your shared address and the address to which we should direct the additional copy of the Notice. Multiple stockholders sharing an address who have received one copy of the Notice and would prefer us to mail each stockholder a separate copy of future mailings should contact their bank, broker or other intermediary, or you may contact our principal executive offices. Additionally, if current stockholders with a shared address received multiple copies of the Notice and would prefer us to mail one copy of future mailings to stockholders at the shared address, notification of that request may also be made through our principal executive offices.

Access to Corporate Documents

Stockholders may receive a copy of our 2011 Annual Report on Form 10-K or copies of our Audit Committee charter, Compensation and Human Resources Committee Charter, Nominating and Governance Committee Charter, and Code of Ethics, free of charge, by writing to us at the following address:

PROPOSAL 1: ELECTION OF DIRECTORS

Our Board of Directors (the “Board”) presently consists of eight independent directors and one affiliated director. Each of the nominees set forth below is currently serving as a member of our Board.

The nine directors to be elected are to hold office until the Annual Meeting of Stockholders in 2013 and until their respective successors shall have been elected.

Nominations to our Board of Directors are governed by our bylaws and our Stockholders Agreement, dated November 23, 2010, (“Stockholders Agreement”), by and among the Company, Hellman & Friedman Capital Partners V, L.P., Hellman & Friedman Capital Partners V (Parallel), L.P., Hellman & Friedman Capital Associates V, L.P., TPG Partners IV, L.P. and the other signatories party thereto. Hellman & Friedman Capital Partners V, L.P., Hellman & Friedman Capital Partners V (Parallel), L.P. and Hellman & Friedman Capital Associates V, L.P. shall together be referred to as “H&F.” TPG Partners IV, L.P. shall be referred to as “TPG Capital.” TPG Capital and H&F shall be collectively referred to as the “Majority Holders.”

The Stockholders Agreement provided that concurrent with its effectiveness at the closing of our initial public offering, the Company and the Majority Holders would cause our Board of Directors to initially consist of nine directors, including the following: (i) two individuals designated by H&F, (ii) two individuals designated by TPG Capital, (iii) Mark Casady, (iv) James Putnam, and (v) three independent directors who meet the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

The Stockholders Agreement further provides that so long as certain ownership thresholds have been met by the Majority Holders, the stockholders who are party to the Stockholders Agreement shall vote to cause the Board of Directors to consist at least of (i) two individuals designated by H&F and (ii) two individuals designated by TPG Capital.

Each of our nominees to the Board of Directors has consented to serve if elected. If any nominee should be unable to serve or will not serve for any reason, the persons designated on the accompanying form of proxy will vote in accordance with their judgment, but in no event will proxies be voted for more than nine nominees for director. We know of no reason why the nominees would not be able to serve if elected.

Director Qualifications and Experience

We seek a Board that, as a whole, possesses the experiences, skills, backgrounds, and qualifications appropriate to function effectively in light of the Company’s current and evolving business circumstances. The Company seeks directors with established records of significant accomplishment in business and areas relevant to our strategies. We seek individuals with integrity, independence of thought and judgment, energy, forthrightness, analytical skills, and a commitment to the Company and the interests of all stockholders. We believe that all of our director nominees possess these characteristics.

Although we do not have a formal policy regarding diversity, our goal is a balanced and diverse Board, with members whose skills, background and experience are complementary and, together, cover the spectrum of areas that impact our business. The Board of Directors believes that the current composition of the Board reflects a group of highly talented individuals with diverse skills, backgrounds, and professional and industry experience.

Our Corporate Governance Guidelines provide that each director who is up for election is expected to attend the annual meeting of stockholders. It is our expectation that each of our directors will be in attendance.

Corporate Governance, Committee Charters, and Code of Ethics

We are committed to the highest standards of corporate governance. Our Board of Directors has adopted a set of Corporate Governance Guidelines to set clear parameters for the operation of our Board functions. Our Board of Directors has also adopted charters for each of the Board's committees as described below. We have adopted a Code of Ethics and Code of Conduct that applies to, among others, our principal executive officer, principal financial officer, and principal accounting officer or controller, or persons performing similar functions. Copies of our committee charters, our Corporate Governance Guidelines, our Code of Ethics, and our Code of Conduct are available, free of charge, by writing to us at the following address:

Our committee charters, our Corporate Governance Guidelines, our Code of Ethics, and our Code of Conduct are also available on our website at www.lpl.com. If we make substantive amendments to, or grant waivers from, the Code of Ethics for certain of our executive officers, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

Director Independence

The listing standards of The NASDAQ Global Select Market require that, subject to specified exceptions, each member of a listed company's audit, compensation and human resources and nominating and governance committees be independent, and that audit committee members also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. In addition to complying with all of the independence criteria set forth in Rule 10A-3 under the Exchange Act, Rule 5605(a)(2) of the listing rules of The NASDAQ Global Select Market further provides that a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

After its evaluation of director independence, the Board of Directors has affirmatively determined that Messrs. Boyce, Brennan, Goldstein, Putnam, Riepe, Schifter, Stiefler and Thorpe are independent directors under the applicable rules of The NASDAQ Global Select Market. Messrs. Riepe, Stiefler and Brennan are also independent directors as such term is defined in Rule 10A-3(b)(1) under the Exchange Act. In accordance with listing standards of The NASDAQ Global Select Market, a majority of our directors are independent.

Board Composition and Leadership Structure of the Board of Directors

Our business and affairs are managed under the direction of the Board of Directors. Our Board of Directors is currently composed of nine directors. Under our certificate of incorporation, the authorized number of directors may be changed only by resolution of the Board of Directors, provided that until the Majority Holders cease collectively to beneficially own at least 40% of the outstanding shares of Common Stock, the number of directors shall not be increased without, in addition to any other vote otherwise required by law, the affirmative vote or written consent of at least 60% of the outstanding shares of Common Stock. At each annual meeting of stockholders, the directors will be elected to serve until the earlier of their death, resignation or removal, or until their successors have been elected and qualified. Vacancies and newly-created directorships on the board may be filled by the remaining directors, and until the Majority Holders cease collectively to beneficially own at least 40% of the outstanding shares of Common Stock, vacancies on the board may also be filled by holders of a majority of the outstanding shares of Common Stock.

Table of Contents

Our certificate of incorporation provides that at the first annual meeting after the first date on which the Majority Holders cease to beneficially own at least 40% of the outstanding shares of Common Stock, the board shall be divided into three classes with staggered three-year terms.

For as long as the Majority Holders continue to own beneficially 40% or more of the outstanding shares of Common Stock, directors may be removed with or without cause by holders of a majority of the outstanding shares of Common Stock. Following the first time when the Majority Holders cease collectively to beneficially own at least 40% of the outstanding shares of Common Stock and our board is divided into three classes as described above, our directors may be removed only for cause by the affirmative vote of the holders of at least two-thirds of the voting power of our outstanding shares of capital stock entitled to vote generally in the election of directors, voting together as a single class.

The Board does not have a fixed policy regarding the separation of the offices of chairman of the Board and chief executive officer and believes that it should maintain the flexibility to select the chairman of the Board and its Board leadership structure, from time to time, based on the criteria that it deems to be in the best interests of the Company and its stockholders. At this time, the offices of the chairman of the Board and the chief executive officer are combined, with Mr. Casady serving as chairman and chief executive officer. He has served in this role since December 2005. With 30 years of experience in the financial services industry, including 10 years with us, Mr. Casady has the knowledge, expertise, and experience to understand the opportunities and challenges facing us, as well as the leadership and management skills to promote and execute our values and strategy.

Because Mr. Casady is not an independent director under the NASDAQ rules and because Mr. Thorpe's qualifications include his knowledge and experience gained through his service on the boards of other public companies, the Board of Directors has appointed Mr. Thorpe as lead director. Mr. Thorpe performs many of the functions that an independent chairman would perform for the Company. His principal responsibilities include serving as a key source of communication between the independent directors and the chief executive officer, and coordinating the agenda for and leading meetings of the independent directors, as needed. The Company believes that having the same person serve as chief executive officer and chairman focuses leadership, responsibility and accountability in a single person and that having a lead director provides for effective checks and balances and the ability of the independent directors to work effectively in the board setting.

Board Committees

The current standing committees of the Board of Directors are the audit committee (the "Audit Committee"), the nominating and governance committee (the "Nominating and Governance Committee"), and the compensation and human resources committee (the "Compensation Committee"), with the composition and responsibilities described below. The members of each committee are appointed by the Board of Directors and serve until their successor is elected and qualified, unless they are removed earlier or resign. In addition, from time to time, special committees may be established under the direction of the board of directors when necessary to address specific issues. Each of the committees of our Board is chaired by an independent director.

Audit Committee

Our Audit Committee is composed of the following members: John J. Brennan, James S. Riepe, and Jeffrey E. Stiefler. Mr. Brennan serves as the Chairperson of the Audit Committee.

Each member of our Audit Committee is independent under the listing standards of The NASDAQ Global Select Market and under Rule 10A-3 of the Exchange Act. None of the directors on our Audit Committee is or has been an employee of ours or any of our subsidiaries. All members of our Audit Committee meet the requirements for financial literacy and are able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. Our Board has affirmatively determined Mr. Brennan qualifies as an audit committee financial expert under the applicable rules and regulations of the SEC.

The Nominating and Governance Committee of our Board of Directors consists of James S. Riepe, Richard P. Schifter, and Allen R. Thorpe. Risk Management and Compensation Policies and Practices

We have established various committees of the Board of Directors to manage the risks associated with our business. Our Audit Committee was established for the primary purpose of overseeing (i) the integrity of our consolidated financial statements, (ii) our compliance with legal and regulatory requirements that may impact our consolidated financial statements or financial operations, (iii) the independent auditor's qualifications and independence and (iv) the performance of our independent auditor and internal audit function. Our Compensation Committee was established for the primary purpose of (i) overseeing our efforts to attract, retain and motivate members of our senior management team in partnership with the chief executive officer, (ii) to carry out the Board's overall responsibility relating to the determination of compensation for all executive officers, (iii) to oversee all other aspects of our compensation and human resource policies and (iv) to oversee our management resources, succession planning and management development activities. We also have established a Risk Oversight Committee comprised of a group of senior executives to oversee the management of our business risks.

Our Compensation Committee has reviewed and evaluated the philosophy and standards on which our compensation practices have been developed and implemented across our Company. It is our belief that our compensation practices do not encourage inappropriate actions by our executive officers. Specifically, we believe that our compensation practices and process avoid:

- a compensation mix overly weighted toward annual bonus awards;
- an excessive focus on stock option awards that would cause behavior to drive short-term stock price gains in lieu of long-term value creation; and
- unreasonable financial goals or thresholds that would encourage efforts to generate near-term revenue with an adverse impact on long-term success.

In addition to various committees, we have written policies and procedures that govern the conduct of business by our advisors, our employees, our relationship with our advisors' clients and the terms and conditions of our relationships with product manufacturers. Our policies governing our relationship with our advisors and their clients address the extension of credit for client accounts, data and physical security, compliance with industry regulation and codes of ethics to govern employee and advisor conduct among other matters.

We believe that our current business process and planning cycle fosters the following behaviors and controls that would mitigate the potential for adverse risk caused by the action of our executive officers:

- we have defined processes for developing strategic and annual operating plans, approval of capital investments, internal controls over financial reporting, and other financial, operational and compliance policies and practices;
- annual review of corporate objectives to align these goals with our annual operating and strategic plans, achieve the proper risk reward balance, and not encourage unnecessary or excessive risk taking;
- incentive awards are based on a review of a variety of indicators, including both financial performance and strategic achievements, reducing the potential to concentrate on one indicator as the basis of an annual incentive award;
- the mixes between fixed and variable, annual and long-term, and cash and equity compensation are designed to encourage strategies and actions that are in our long-term best interests;
- discretionary authority by the Compensation Committee to adjust annual bonus funding and payments reduces business risk associated with our cash bonus program; and
- stock option awards vest over a period of time. As a result of the longer time horizon to receive the value of a stock option award, the prospect of short-term or risky behavior is mitigated.

Communicating with the Board of Directors

Any stockholder who wishes to contact a member of our Board of Directors may do so by writing to the following address: Board of Directors, c/o Secretary, LPL Investment Holdings Inc., One Beacon Street, Boston, MA 02108. Communications will be distributed to the chairman of the Board or the other members of the Board as appropriate depending on the facts and circumstances outlined in the communication received.

BOARD OF DIRECTOR COMPENSATION

Pursuant to our Board of Director compensation policy, all of our non-employee directors receive a \$50,000 annual retainer, a \$1,500 attendance fee for each regular meeting, and a \$750 attendance fee for each committee meeting. The Audit Committee Chairperson receives an additional \$15,000 as part of his annual retainer while the Compensation Committee Chairperson and the Nominating and Governance Committee Chairperson each receive an additional \$10,000 as part of his annual retainer. Each other Audit Committee, Compensation Committee and Nominating and Governance Committee member receives an additional \$3,000 as part of his annual retainer.

Mr. Casady does not receive any additional compensation for his service as director. In the past, grants of stock options have supplemented the compensation paid to certain directors. In addition, we previously made grants of restricted stock to our directors under the LPL Investment Holdings Inc. Director Restricted Stock Plan. Under our 2010 Omnibus Equity Incentive Plan, we now make annual grants of restricted stock valued at approximately \$100,000 (based on the stock price at the close of the market on the grant date) to each non-employee director, with vesting to occur on the second anniversary of the grant date. These grants of equity serve to further align our directors' interests with the interests of our stockholders.

The following table sets forth the compensation each of the non-employee directors received from us for service on the Board for the fiscal year ended December 31, 2011.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms or written representations from certain reporting persons received by us with respect to 2011, we believe that our executive officers and directors and persons who own more than 10% of a registered class of our equity securities have complied with all applicable filing requirements, except that Ms. Stearns filed a late Statement of Change in Beneficial Ownership on Form 4 on May 10, 2011 in connection with one transaction.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

This Compensation Discussion and Analysis describes the actions taken by our Compensation Committee for our executive compensation programs, policies and reviews with respect to the 2011 compensation of the executive officers listed in the Summary Compensation Table below (the “named executive officers” or “NEOs”).

Compensation Philosophy

Under the oversight of our Compensation Committee, we maintain a compensation program for our executive officers, including our NEOs, that is focused on performance. We feel our compensation program provides the proper incentives for strong performance by linking compensation to the success of the Company while also properly balancing the risk-reward ratio of the various elements of our programs.

The design and operation of our program reflect the following objectives:

- to link our executive officers’ compensation to the achievement of our short-term and long-term strategic and operational goals and the achievement of increased total shareholder value;
- to align the interests of our executive officers with the interests of our Company and its shareholders; and
- to attract, motivate and retain highly qualified executive officers who are passionate about the mission of our Company.

We seek to achieve these objectives through the following guiding compensation principles:

- paying compensation that is competitive with that offered for similar positions with our peer companies; and
- linking short-term and long-term incentive compensation largely to objective, measurable and, to the extent possible, quantifiable performance measures.

Recent Compensation Program Changes

In 2011, with the assistance of AonHewitt (the “Compensation Consultant”), management, together with the Compensation Committee completed a comprehensive review of our executive compensation programs. As a result of this review, management and the Compensation Committee revised our compensation practices to bring us into greater alignment with our peer companies and to provide greater transparency for our employees and investors and consistency in how our compensation is determined across our organization.

In particular, and based upon information gained through the benchmarking study described below, management proposed, and the Compensation Committee approved, a restructuring of our equity incentive program that the Company offers to eligible employees. This program has been restructured so that our option value target levels for all eligible individuals now align with the 75th percentile of our peer companies.

In addition, management and the Compensation Committee reviewed data reflecting salary and short-term incentive bonus levels among our peer companies. This review has resulted in the decision by our Compensation Committee to target total compensation for our executive officers to sit between the 50th and 75th percentile of our peer company group to ensure that our executive compensation is competitive with the market.

Finally, in 2011, we adjusted the timing of our annual equity grants, moving them to February of the new year (2012) in order to align with payment of our cash bonuses and salary increases. This resulted in no equity grants being made to our executive officers in 2011, as the equity grants to reward 2011 performance were made on February 9, 2012.

Table of Contents

Compensation Components

The elements of our executive compensation program are: base salary, annual cash bonus (short-term), and a long-term equity incentive program (stock awards). We believe that base salary provides a secure base of compensation that is competitive in the marketplace. We structure the annual cash and long-term incentives to link our NEO's compensation with both the annual and long-term success of the Company. The annual incentives link compensation with Company targets and motivate our NEOs to meet short-term goals. The long-term equity incentives link compensation to the long-term growth and success of the Company. We believe this structure balances the risk and tension between short- and long-term incentives.

In setting executive compensation levels, consideration is given to the totality of the compensation rather than individual elements. Total executive compensation, including equity-based compensation, is highly dependent on the executive's performance, experience, responsibility and our financial results. A significant portion of each executive's compensation is variable and directly dependent upon performance against pre-determined corporate goals.

Pay Governance Practices

We do not use common pay practices that are considered to be unfriendly to shareholders. For example, we do not provide extensive perquisites to our executives. We have no guaranteed salary increases and no required bonuses under our employment agreements. We do not change our performance targets mid-year, even in challenging years. We also have stock ownership guidelines for our executive officers. See "Compensation Discussion and Analysis — Stock Ownership Guidelines."

How Compensation Decisions Were Made

Role of Compensation Committee

Our Compensation Committee is composed entirely of independent directors under the listing rules of The NASDAQ Global Select Market and is responsible for establishing and overseeing our compensation philosophy and our executive compensation policies and programs. Our Compensation Committee, or a subcommittee thereof, reviews and gives final approval for the total compensation payable to each of our named executive officers, as well as the structure and implementation of the Company's overall compensation program. In establishing total target compensation levels for our named executive officers, the Compensation Committee determines the ranges of market compensation that it believes will enable us to effectively compete for and retain high performing, qualified executives. The Compensation Committee's charter sets forth the Compensation Committee's responsibilities.

Role of Executive Officers

Our chief executive officer annually reviews the individual performance of each of his direct reports, including the other named executive officers, and provides the Compensation Committee with evaluations of each such direct report as well as recommendations regarding such person's base salary level, annual cash bonus, and long term equity award. Our chief executive officer, our president and chief operating officer, and our chief financial officer attend Compensation Committee meetings (although they leave the meetings during discussions of compensation actions affecting them personally) and assist the Compensation Committee in determining the final compensation levels for our named executive officers.

Role of Compensation Consultant

While our Compensation Committee does not engage its own compensation consultant, the Company has retained compensation consultants in the past to advise on compensation matters and provide experiential guidance to management and the Compensation Committee on what is considered fair and competitive practice in the industry, primarily with respect to the compensation of the executive officers.

Table of Contents

In 2011, the Company retained the Compensation Consultant to work directly with management to develop recommendations for compensation levels for our executive officers. In addition, the Compensation Consultant provides competitive compensation program and policy data as well as information concerning compensation plan design.

Benchmarking

We believe that a competitive pay package is a critical tool in our efforts to attract and retain qualified executives. As discussed above, during 2011 management engaged the Compensation Consultant to prepare an analysis to benchmark and assess our overall compensation package against marketplace standards. Management's purpose in requesting this analysis was to ensure that the Company's compensation practices are competitive with its peers. Working with the Compensation Consultant, management reviewed the total compensation that each of our executive officers is eligible to receive against the compensation levels of comparable positions of a peer group of companies. The companies within our peer group consist of:

Ameriprise Financial, Inc.	Jeffries Group, Inc.
Automatic Data Processing, Inc.	Knight Capital Group, Inc.
Broadridge Financial Solutions, Inc.	MF Global Holdings Ltd
Charles Schwab & Co., Inc.	National Financial Partners Corp.
DST Systems, Inc.	Penson Worldwide, Inc.
E*Trade Financial Corp.	Raymond James Financial, Inc.
Fidelity National Information Systems	SEI Investments Company
Fiserv, Inc.	Stifel Financial Corp.
GFI Group Inc.	TD Ameritrade Inc.
Investment Technology Group, Inc.	Waddell & Reed Inc.

As companies comprising our peer group change due to merger, acquisition, market capitalization, or business model, the Compensation Committee will consider appropriate changes to the group. Going forward, MF Global Holdings Ltd will no longer be considered a member of our peer group. Our goal is to ensure that we continue to measure our compensation practices against organizations from which we may recruit key executives, or otherwise consider as important benchmarks in our industry.

Goals, Objectives and Performance Evaluation

Our named executive officers are primarily responsible for ensuring that the Company achieves our annual and long-term financial results. At the beginning of each year, our Compensation Committee agrees with the chief executive officer and the executive management team on the goals and objectives for our named executive officers for the upcoming year. In evaluating incentive compensation at the end of the year, our Compensation Committee considers the Company's financial results as well as qualitative factors that will impact our ability to sustain results and create long-term value for stockholders. These factors are assessed each year by our chief executive officer, president and chief operating officer, and chief financial officer, together with our Compensation Committee.

Specific goals and objectives established for 2011, against which performance for our named executive officers was judged at year-end, were the following:

- Delivering financial results, including an Adjusted EBITDA target of approximately \$462.6 million, by attaining sales and expense goals;
- Sustaining and improving service levels, as measured by surveys of LPL Financial advisor satisfaction;
- Driving actions associated with improving employee engagement, as measured by annual employee engagement surveys, employee turnover and employee sentiment;

Table of Contents

- Attracting new advisors and financial institutions as measured through business development efforts, as well as driving growth and efficiency in the practices of existing advisors.
- Managing our risk profile and promoting sound decision-making to maintain high standards of compliance with respect to regulatory and other applicable risk-related requirements;
- Creating future market and platform expansion through innovation and investment in new platforms, capabilities and acquisitions that foster the long-term growth of the Company and maintain competitiveness; and
- Institutionalizing productivity and efficiency efforts in alignment with service and employee engagement.

In assessing the performance of our named executive officers during 2011, the Compensation Committee considered their performance against these and other objectives and noted the following:

- The Company's full year results in 2011 were largely in line with budgeted levels, generating Adjusted EBITDA, a non-GAAP measure, of \$459.7 million.
- In 2011, we had a strong performance with respect to our service levels. We implemented a process of continuous Net Promoter Score measurements as well as a firm-wide management follow-up system to address issues highlighted in the process.
- Our 2011 employee engagement results showed improvement in certain areas, but the overall score was slightly lower than it was in 2010. Management takes these results very seriously and has recommitted the Company to improvement in this area in 2012.
- 549 net new advisors were added during 2011, excluding the attrition of 146 advisors from the UVEST conversion. This success was achieved despite high competition in the independent advisor space and a slowing of advisor movement in the institutional services area.
- Our internal audit results in 2011 showed continued improvement in key control areas and in Sarbanes-Oxley compliance. Our strong regulatory oversight has led to sustained low-levels of customer complaints and fines. Our firm-wide risk assessment has continued to provide proactive identification of key risk areas and mitigation procedures.
- In 2011, we saw success in many of our longer-term expansion efforts, such as our investment in our RIA platform and our Clients First initiative. Our Model Wealth Portfolio platform showed strong growth in 2011, due to this year's enhancements of the program. In addition, in 2011, we successfully integrated two acquisitions (National Retirement Partners and Concord Wealth Management), both of which have allowed us access to new markets.
- In 2011, we introduced efficient processes in concert with our Service Value Commitment effort. We exceeded our savings goal significantly and achieved our target of reducing the incremental cost of a dollar of new revenue by 0.3%. We will continue to look for areas to improve our processes and efficiencies in 2012.

As we look forward to achieving our goals and objectives for 2012, the Compensation Committee has recommitted our management team to the same long-term goals adopted in 2011.

Components of Compensation

Base Salary

The base salary element is designed to provide our named executive officers with a stable income stream that is commensurate with their experience and responsibilities and reflects competitive market conditions. The base salaries of the named executive officers are set based on the responsibilities of the individual, taking into account the individual's skills, experience, prior compensation levels, and market compensation for our peer group. We review base salary for the named executive officers annually. The salaries for all of our named executive officers in 2011 appear in the Summary Compensation Table that follows this Compensation Discussion and Analysis.

Table of Contents

Incentive Compensation

We have adopted an annual compensation program to provide our named executive officers with cash incentive awards, after review and finalization by our Compensation Committee, based on individual and Company performance. We have also adopted a long-term equity incentive program designed to provide equity compensation primarily linked to longer-term Company performance.

Cash Bonus Awards. We establish annual cash bonus opportunities for our named executive officers based on proposed goals, prior compensation levels, and market compensation for comparable positions within our peer group. We believe that these cash bonuses provide a significant incentive to our named executive officers to work towards achieving our company objectives as they are tied to certain of our key performance measures. These cash bonuses are discretionary as to the amount, timing, and conditions, subject to the terms of the plan under which they are awarded and the named executive officer's employment agreement. For 2011, cash bonuses were issued to our named executive officers pursuant to our LPL Investment Holdings Inc. and Affiliates Corporate Executive Bonus Plan and our general employee bonus pool. In 2012, subject to achievement of performance goals, we also expect to grant cash bonuses to our named executive officers under the LPL Investment Holdings Inc. and Affiliates Corporate Executive Bonus Plan and our general employee bonus pool.

Our cash bonus awards tie a significant portion of the overall compensation of each named executive officer to key corporate objectives and stated financial goals of our Company, which are established annually. See "Goals, Objectives and Performance Evaluation." Together with our Compensation Committee, we determine whether the target bonuses are paid, based on the Company's performance and profitability. Our Compensation Committee also has the discretion, subject to the terms of the various bonus awards and applicable employment agreements, to pay bonuses above and below the established targets.

For the year ended December 31, 2011, the target dollar amount for the annual cash bonus for each of our named executive officers, to be awarded based on achievement of the performance goals and objectives discussed above, were as follows:

Mark S. Casady, Chairman and Chief Executive Officer	\$2,225,000
Esther M. Stearns, President and Chief Operating Officer	\$1,100,000
Robert J. Moore, Chief Financial Officer and Treasurer	\$1,100,000
William E. Dwyer, Managing Director, President—National Sales and Marketing	\$ 625,000
Mark R. Helliker, Managing Director, Broker-Dealer Support Services	\$ 375,000

Our chief executive officer met with the Compensation Committee in December 2011 to discuss our actual performance compared to 2011 corporate objectives. The Compensation Committee determined that 2011 was a very successful year for the Company and that the goals and objectives set forth at the beginning of the year were achieved, as described above under "Goals, Objectives and Performance Evaluation." However, because the Adjusted EBITDA target was not fully met, the Compensation Committee determined not to fully fund the cash bonus pool for 2011 and awarded cash bonuses for each named executive officer in the following amounts:

Mark S. Casady, Chairman and Chief Executive Officer	\$2,091,625
Esther M. Stearns, President and Chief Operating Officer	\$1,051,960
Robert J. Moore, Chief Financial Officer and Treasurer	\$1,051,960
William E. Dwyer, Managing Director, President—National Sales and Marketing	\$ 597,705
Mark R. Helliker, Managing Director, Broker-Dealer Support Services	\$ 370,000

Long-Term Equity Incentive Program. The purpose of our Long-Term Equity Incentive Program is to retain key executives and to promote achievement of goals that drive long-term stockholder value. We provide stock-based, long-term compensation for named executive officers through our stockholder-approved equity plans.

Table of Contents

Stock options entitle the holder to purchase during a specified time period, a fixed number of shares of our Common Stock at a set price, and vest over a period determined by the Compensation Committee, or a subcommittee thereof. We believe that our equity incentive program is critical to our efforts to hire and retain the best talent in the financial services industry.

The named executive officers currently have awards outstanding under the 2005 Stock Option Plan for Non-Qualified Stock Options (the “2005 NQ Option Plan”), the 2005 Stock Option Plan for Incentive Stock Options (the “2005 ISO Option Plan” and together with the 2005 NQ Option Plan, the “2005 Plans”), the 2008 Stock Option Plan (the “2008 Plan” and together with the 2005 Plans, the “Former Plans”), and our 2010 Omnibus Equity Incentive Plan (the “2010 Plan”). Following our initial public offering, grants are no longer be made under the Former Plans.

Our 2010 Plan replaced our Former Plans and permits the granting of various types of awards to our key employees, directors, consultants and our advisors. Types of awards that may be granted are: stock options, stock appreciation rights, restricted stock, unrestricted stock, stock units, restricted stock units, performance awards, cash awards and other awards that are convertible into or otherwise based on stock.

In 2011, the Company, together with the Compensation Consultant, reviewed its equity incentive program and adopted a new program which sets an option value target for all eligible employees based on the individual’s level and base salary. For our named executive officers, in 2011 these targets ranged from 100% of base salary to 350% of base salary as set forth below.

<u>Executive</u>	<u>2011 Annual Base Salary</u>	<u>2011 LTI Target %</u>	<u>2011 LTI Target \$</u>	<u>2011 LTI \$ Granted(1)</u>
Mark S. Casady	\$ 800,000	350%	\$2,800,000	\$2,800,000
Esther M. Stearns	\$ 625,000	250%	\$1,562,500	\$1,562,500
Robert J. Moore	\$ 625,000	250%	\$1,562,500	\$1,562,500
William E. Dwyer	\$ 512,500	250%	\$1,281,250	\$1,562,500
Mark R. Helliker	\$ 375,000	100%	\$ 375,000	\$ 398,000

- (1) These amounts are the grant date fair value of the stock options as represented by the total compensation expense that will be recognized for these awards. We use the Black-Scholes option pricing model to estimate our compensation cost for stock option awards. The assumptions used in the Black-Scholes model for grants made on February 9, 2012 were: (i) an expected life of 6.5 years for each option; (ii) dividend yield of 0.0%; (iii) expected stock price volatility of 45.76%; and (iv) a risk-free rate of return of 1.39%.

The option grant target numbers were determined by management and the Compensation Committee after reviewing the information provided by the Compensation Consultant. Management and the Compensation Committee have determined that the option value target for eligible employees shall be set at the 75th percentile with respect to our peer group of public companies.

Once the option value target has been established, management proposes, and the Compensation Committee determines, the final option amounts granted to each named executive officer based on an analysis of three factors. The Compensation Committee applies a 40% weighting on the executive’s performance over the prior year, a 40% weighting on the executive’s growth potential, and a 20% weighting on the executive’s length of sustained senior-level contribution to the Company.

With the exception of grants made to new employees and certain special grants, all equity grants to employees to award performance in 2011, including the grants of options to our named executive officers, were made on February 9, 2012. Since the options vest ratably over a five-year period and will not be fully exercisable until February 9, 2017, we believe the option grants provide an added incentive for our management team to strive for long-term performance and profitability.

162(m) Policy

We are subject to the limits on deductibility of compensation set forth in Section 162(m) of the Internal Revenue Code. Section 162(m) generally disallows publicly-held companies a tax deduction of annual compensation in excess of \$1 million paid to their chief executive officer or any of their three other most highly compensated executive officers (other than the chief financial officer) employed on the last day of a given year, unless their compensation is based on qualified performance criteria. To qualify for deductibility, these criteria must be established by a committee of independent directors and approved, as to their material terms, by that company's stockholders. We consider the availability of a tax deduction when we structure our bonus and long-term equity incentive programs but it is not the only element we consider. Our Compensation Committee, or a subcommittee thereof, may approve compensation or changes to plans, programs, or awards that may cause the compensation or awards not to comply with Section 162(m) if it determines that such action is appropriate and in our best interests.

Employment Agreements

In connection with our initial public offering, we entered into new employment agreements with Mr. Casady, Ms. Stearns, Mr. Moore, and Mr. Dwyer (together, the "Employment Agreements"). We have not entered into an employment agreement with Mr. Helliker. The Employment Agreements have a three-year term (five years in the case of Mr. Casady) with automatic annual renewal unless we provide notice of non-renewal within 90 days prior to the completion of the then-current term. In addition to the other terms of his Employment Agreement set forth below, we have agreed in Mr. Casady's agreement to take steps to ensure that Mr. Casady is elected to and remains a member of the Board of Directors.

Base Salaries

Mr. Casady, Ms. Stearns, Mr. Moore, Mr. Dwyer, and Mr. Helliker will receive an annual base salary for the 2012 fiscal year of no less than \$800,000, \$625,000, \$625,000, \$557,500, and \$375,000, respectively. The Employment Agreements for our named executive officers provide that each such named executive officer is entitled to participate in the bonus plan that we may establish from time to time and in our equity incentive plans.

Intellectual Property, Confidentiality, and Non-Compete Clauses

The Employment Agreements with Mr. Casady, Ms. Stearns, Mr. Moore and Mr. Dwyer require each of them to promptly disclose and assign any individual rights that he or she may have in any intellectual property to us. These executives are also required to maintain confidentiality of all information that is confidential and proprietary to us, subject to customary exceptions.

Under a non-compete provision in the Employment Agreements, Ms. Stearns, Mr. Moore, and Mr. Dwyer may not engage in prohibited competitive conduct for a period of:

- twenty-four months in the event of termination without cause or for good reason during the initial term;
- twenty-four months in the event of termination for cause, retirement or disability;
- eighteen months in the event of non-renewal of the employment agreement;
- eighteen months in the event of termination without cause or for good reason during renewal periods and
- twelve months in the event of voluntary termination without good reason, unless the company elects to pay severance, in which case the applicable period is twenty-four months.

Under his Employment Agreement, Mr. Casady may not engage in prohibited competitive conduct for a period of:

- twelve months in the event of termination without cause (including non-renewal), for good reason, for cause, as a result of retirement, or as a result of disability and

Table of Contents

- twelve months in the event of voluntary termination without good reason, unless the company elects to pay severance, in which case the applicable period is twenty-four months.

Severance and Change-in-Control Payments

Under the terms of the Employment Agreements with the named executive officers, we may be obligated to make severance payments following the termination of their employment. These benefits are described below under “—Potential Payments upon Termination or Change-in-Control.”

We, however, have no obligation to grant the executive officers any “gross-up” or other “make-whole” compensation for any tax imposed on payments made to the named executive officers, including “parachute payments.” Under the Employment Agreements with Mr. Casady, Ms. Stearns, Mr. Moore and Mr. Dwyer, severance payable following a change in control would be subject to a modified golden parachute cutback provision pursuant to which excess parachute payments would be reduced to the extent such reduction would result in greater after-tax benefits.

Nonqualified Deferred Compensation

On November 19, 2008, we established a deferred compensation plan to permit holders of stock options issued under the 2005 ISO Option Plan and 2005 NQ Option Plan that were expiring in 2009 and 2010 to receive stock units under the 2008 Nonqualified Deferred Compensation Plan (the “Deferred Compensation Plan”). Stock units represented the right to receive one share of Common Stock upon distribution.

Pursuant to the terms of the Deferred Compensation Plan, our Board of Directors approved a distribution date of February 22, 2012. On February 22, 2012, distributions to participants were made in the form of whole shares of Common Stock equal to the number of stock units allocated to each participant’s account (fractional shares were paid out in cash). Participants authorized the Company to withhold shares from their distribution of Common Stock to satisfy their withholding tax obligations. Accordingly, on February 22, 2012, we repurchased 1,149,896 shares and made the related withholding tax payment of approximately \$37.5 million.

401(k) Plan

We maintain a retirement savings plan, or a 401(k) Plan, for the benefit of all eligible employees, including our named executive officers (on the same basis as all eligible employees). Under the terms of the 401(k) Plan, employees may elect to make pre-tax 401(k) and Roth 401(k) contributions up to the statutorily prescribed limit. After one year of service, we match contributions in an amount equal to 30% of the first 10% of an employee’s designated deferral of their eligible compensation and for the 2011 401(k) Plan year we made an additional match equal to 10% of the first 10% of an employee’s designated deferral of their eligible compensation. An employee’s interests in his or her contributions are 100% vested when contributed. The 401(k) Plan is intended to qualify under Sections 401(a) and 501(a) of the Internal Revenue Code. As such, pre-tax 401(k) contributions to the 401(k) Plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) Plan. Roth 401(k) contributions to the 401(k) Plan are taxable to the employees in the year of deferral and, in most cases, earnings on those contributions are not taxable to the employees. All employer matching contributions are deductible by us when made. We provide this benefit to all of our eligible employees, and it is provided to our named executive officers on the same basis as all other eligible employees.

Stock Ownership Guidelines

We have adopted stock ownership guidelines that are intended to better align the interests of our executive officers with our stockholders. Under the guidelines, our executive officers are required to achieve and maintain ownership of Common Stock at a specified threshold that will be based on a percentage of the average annual

Table of Contents

options granted to the executive in 2008 and thereafter. Unless and until the specified threshold is achieved, the guidelines will limit the executive's ability to transfer shares underlying these option grants, except for transfers that are below a specified annual limit, that are for estate planning purposes or that are approved by the Compensation Committee. Our stock ownership guidelines may be found on our website at www.lpl.com.

In connection with our initial public offering, Mr. Casady, Ms. Stearns, Mr. Moore, and Mr. Dwyer also entered into a Management Stockholders' Agreement with us, pursuant to which these individuals each agreed to certain limitations on the transfer of their Common Stock (including Common Stock issued upon exercise of options) for the four years following the initial public offering. Details of these restrictions may be found below under "Certain Relationships and Related Transactions—Stockholders' and Management Stockholders' Agreements."

Table of Contents

Termination without Cause or For Good Reason

Under the terms of the Employment Agreements, if any of Mr. Moore, Ms. Stearns or Mr. Dwyer is terminated without cause or for “good reason,” then we must pay, subject to compliance with post-termination restrictive covenants (see “—Employment Agreements—Intellectual Property, Confidentiality and Non-Compete Clauses”) and execution of a release of claims, an amount equal to:

- Severance multiplied by 2 for terminations during the initial term and 1.5 thereafter (including non-renewal by us);
- Any and all accrued but unpaid compensation, vacation and business expenses (the “Accrued Compensation”);
- A pro-rated annual bonus based on actual performance for the year of termination (not to exceed the pro-rated target bonus) (the “Pro-Rata Actual Bonus”); and
- 2 years continued participation under our group life, health, dental and vision plans in which the named executive officer was participating immediately prior to the date of termination (the “Continued Benefits Participation”).

Under his Employment Agreement, if Mr. Casady is terminated without cause or for “good reason,” he is entitled to:

- Severance multiplied by one;
- Accrued Compensation;
- The Pro-Rata Actual Bonus; and
- Continued Benefits Participation.

“Cause” under the Employment Agreements means:

- the intentional failure to perform his or her duties or gross negligence or willful misconduct in the regular duties or other breach of fiduciary duty or material breach of the employment agreement that remains uncured after 30 days’ notice;
- conviction of a felony; or
- fraud, embezzlement or other dishonesty that has a material adverse effect on us.

“Change-in-control” under the Employment Agreements, subject to certain exceptions, means the consummation of:

- any consolidation or merger of the company with or into any other person, or any other similar transaction, whether or not we are a party thereto, in which our stockholders immediately prior to such transaction own directly or indirectly capital stock either (1) representing less than 50% of the equity interests or voting power of the company or the surviving entity or (2) that does not have directly or indirectly have the power to elect a majority of the entire board or other similar governing body; or
- a sale or disposition of all of our assets.

provided that, notwithstanding the foregoing, a “change-in-control” does not include (1) an event described in the two bullets above if the stockholders entitled to vote immediately prior to the event own, directly or indirectly, 50% or more of the voting stock of the resulting, surviving, or acquiring corporation or (2) an initial public offering.

Table of Contents

Termination Other than For Good Reason

Upon termination by the executive other than for good reason, each of Mr. Casady, Ms. Stearns, Mr. Moore and Mr. Dwyer would be subject to a one-year non-compete covenant and would be entitled to receive Accrued Compensation. However, at the Board of Director's discretion, and subject to such named executive officer's continuous compliance with post-termination restrictive covenants (see "— Employment Agreements—Intellectual Property, Confidentiality and Non-Compete Clauses"), such named executive officer may be entitled to receive the same benefits as if the executive were terminated without cause or for good reason, except that the relevant severance multiplier would be one, and the executive would be subject to a non-competition covenant for two years.

Death, Disability and Retirement

For Mr. Casady, Ms. Stearns, Mr. Moore and Mr. Dwyer, upon termination due to death, such named executive officer's estate will be entitled to (1) Accrued Compensation, (2) a lump sum equal to one year of premiums (including administrative charges) of continued health and dental plan participation under COBRA by such executive and his or her dependents (the "COBRA Payment") and (3) the Pro-Rata Target Bonus. Upon termination for disability, which must have continued for six months during which the named executive officer received full salary and benefits, defined as the inability of the named executive officer to perform substantially all of his duties for six months, the named executive officer will receive (1) Accrued Compensation, (2) the COBRA Payment and (3) the Pro-Rata Target Bonus. Upon termination of employment resulting from retirement at minimum age of 65, the named executive officer will be entitled to (1) Accrued Compensation and (2) the COBRA Payment.

Stock Options

In accordance with the named executive officers' option agreements, unless otherwise agreed to by the Company, unvested stock options are canceled upon termination of employment. Unless the named executive officer is terminated for cause, vested options will be exercisable for (1) two years following termination of employment by reason of retirement, but not later than the option expiration date, (2) 12 months following death or disability, in each case, not later than the option expiration date, and (3) 90 days following termination in other cases, but not later than the option expiration date.

Under the 2005 NQ Option Plan, the 2005 ISO Option Plan and the 2008 Plan, in the event of a change-in-control, if the named executive officer's stock options will not be assumed, substituted or cashed out, all outstanding unvested options will vest and become exercisable prior to the change-in-control. Upon consummation of the change-in-control event, all outstanding but unexercised options will be terminated.

Under the 2010 Plan, all outstanding unvested options held by a named executive officer will vest upon the occurrence of a change-in-control.

All stock options held by named executive officers as of December 31, 2011 were originally granted under our 2005 Plans, our 2008 Plan and our 2010 Plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

In accordance with the charter of our Audit Committee and our policy with respect to related person transactions, our Audit Committee is responsible for reviewing and approving related person transactions.

The policy with respect to related person transactions applies to transactions, arrangements and relationships (or any series of similar transactions, arrangements or relationships) that are reportable by the Company under paragraph (a) of Item 404 of Regulation S-K in which the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, and where we (or our subsidiaries) are a participant and in which a related person has or will have a direct or indirect material interest. A related person is: (1) any person who is, or at any time since the beginning of our fiscal year was a director or executive officer of the Company, or a nominee for director or executive officer of the Company; (2) any person who is known to be the beneficial owner of more than 5% of any class of our voting securities and (3) any immediate family member of the foregoing persons.

In the course of its review and approval of related party transactions, our Audit Committee considers the relevant facts and circumstances to decide whether to approve such transactions. In particular, our policy with respect to related party transactions will require our Audit Committee to consider, among other factors it deems appropriate:

- the related person’s relationship to us and interest in the transaction;
- the material facts of the proposed transaction, including the proposed aggregate value of the transaction;
- the impact on a director’s independence in the event the related person is a director or an immediate family member of the director;
- the benefits to us of the proposed transaction;
- if applicable, the availability of other sources of comparable products or services; and
- an assessment of whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally.

The Audit Committee may only approve those transactions that are in, or are not inconsistent with, our best interests and those of our stockholders, as the Audit Committee determines in good faith.

Agreements with Management

We and certain members of senior management have entered into employment agreements. Certain of these terms and conditions are more fully described in “Executive Compensation—Employment Arrangements.”

Stockholders’ and Management Stockholders’ Agreements

We are currently party to a Stockholders’ Agreement dated December 28, 2005, as amended, among the Company, certain investment funds affiliated with the Majority Holders, our founders, the executives who had entered into employment agreements as of the date of that agreement and certain other holders of Common Stock. In connection with our initial public offering, we amended this Stockholders’ Agreement and terminated a majority of the rights and obligations that would otherwise survive the offering, including the registration rights, the right to require us to purchase shares upon an employee holder’s termination, the ability of the Majority Holders to “drag along” other holders of Common Stock in certain circumstances and the obligations of the holders of Common Stock relating thereto.

Table of Contents

In connection with our initial public offering, we entered into an agreement with certain of our stockholders including the Majority Holders that provides them with certain rights, including a right to designate a certain number of directors to our Board of Directors and registration rights, including the right to require us to effect a shelf registration pursuant to which the Majority Holders can sell shares. Pursuant to this agreement, we agree to indemnify the Majority Holders and their affiliates from any losses arising directly or indirectly out of the Majority Holders' or their affiliates' actual, alleged or deemed control or ability to influence us or the actual or alleged act or omission of any Majority Holder's nominees.

In connection with our initial public offering, we also entered into an agreement with Mr. Casady, Ms. Stearns, Mr. Moore, Mr. Dwyer and Ms. Brown (together, the "Management Stockholders"), pursuant to which these individuals each agreed to certain limitations on the transfer of their Common Stock (including Common Stock issued upon exercise of options) for the four years following the initial public offering. Pursuant to this agreement, each Management Stockholder has agreed not to sell shares of Common Stock exceeding 8% in any year of the aggregate amount of Common Stock (including Common Stock issuable upon exercise of vested options) and restricted stock units, if any, that were held by such individual immediately prior to the initial public offering, subject to certain exceptions (including exceptions for transfers to family members, transfers pursuant to settlement agreements or domestic relations orders, transfers for estate planning purposes and transfers for charitable gifts). If the Management Stockholder does not sell the total number of permitted shares in a year, any remaining percentage will be carried over into the following year. The agreement terminates upon the earliest of the fourth anniversary of our initial public offering or, with respect to any Management Stockholder, the death or disability of the Management Stockholder, the termination of such Management Stockholder's employment with us or a change in title and duties such that the executive no longer qualifies as an executive officer. The agreement may be amended or waived in an agreement signed by the Company and the Management Stockholder.

Stock Ownership Guidelines

We have adopted stock ownership guidelines that are intended to better align the interests of our executive officers with our stockholders. These guidelines are discussed in further detail above under "Compensation Discussion and Analysis—Stock Ownership Guidelines."

PROPOSAL 2: RATIFICATION OF THE APPOINTMENT BY THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Deloitte & Touche LLP and the member firms of Deloitte Touche Tohmatsu (collectively referred to as “Deloitte”) as our independent registered public accounting firm for 2012, and the Board of Directors has directed that management submit the appointment of the independent registered public accounting firm for ratification by stockholders at the Annual Meeting. Deloitte has served as our independent registered public accounting firm since 2001.

Although stockholder ratification of the selection of Deloitte is not required, the Audit Committee of the Board of Directors recommended, and the Board of Directors is, submitting the appointment of Deloitte to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider the matter. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of Deloitte are expected to be present at the Annual Meeting and will have the opportunity to make a statement and respond to appropriate questions from stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THIS PROPOSAL.

services include consulting and tax services. The policy requires that prior to the provision of any non-audit related services, an engagement letter must be provided by the independent registered public accounting firm describing the scope of its engagement. Any engagements above \$50,000 must be reviewed and authorized by the chairman of the Audit Committee and the chief financial officer after review and approval by the Audit Committee. The Audit Committee may delegate its pre-approval authority to one or more of its members. Engagements for \$50,000 or less may be reviewed and authorized by the chief financial officer.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors (the “Audit Committee”) is comprised of the three directors named below. Each member of the Audit Committee is an independent director (as independence is defined in the listing standards of the Nasdaq Global Select Market and Rule 10A-3 with respect to membership on audit committees).

The Audit Committee has adopted a written charter, which has been approved by the Board of Directors. The Audit Committee has reviewed and discussed the Company’s audited financial statements with management, which has primary responsibility for the financial statements, and with the Company’s independent registered public accounting firm. The Company’s independent registered public accounting firm is responsible for expressing opinions on the conformity of the Company’s audited financial statements with generally accepted accounting principles and on the Company’s internal controls over financial reporting. The Audit Committee has discussed with the Company’s independent registered public accounting firm, which was Deloitte & Touche LLP (“Deloitte”) for 2011 and 2010, the matters that are required to be discussed by applicable standards of the Public Company Accounting Oversight Board (“PCAOB”), including Statement on Auditing Standards No. 61, “*Communication with Audit Committees*”, as amended, and as adopted by the PCAOB, as well as Rule 2-07 of Regulation S-X of the SEC— “*Communication with Audit Committees*.” Deloitte has also provided to the Audit Committee their communication required by PCAOB Ethics and Independence Rule 3526, “*Communications with Audit Committees Concerning Independence*,” and the Audit Committee discussed with Deloitte the firm’s independence. The Audit Committee also considered and determined the provision by Deloitte of non-audit related services, which for 2011 and 2010 consisted primarily of tax services, is compatible with the independence standard. The Audit Committee recommended to the Board of Directors that the financial statements audited by Deloitte for 2011 and 2010 be included in the Company’s Annual Report on Form 10-K for 2011, and the Committee has appointed Deloitte as the Company’s independent registered public accounting firm for 2012.
