Global Power Announces Sale of Mexico Facility

IRVING, Texas--(BUSINESS WIRE)-- Global Power Equipment Group Inc. (OTC: GLPW) ("Global Power" or the "Company") announced today that it has entered into a definitive agreement to sell its 135,000 square foot Monterrey, Mexico facility for a total of \$3.0 million. The Company also plans to sell the remaining production equipment and other assets through an auction process. The sale and auction are expected to close during the fourth quarter of 2017.

Net proceeds from the sale of the facility and equipment will be used to reduce debt.

About Global Power

Global Power is a design, engineering and manufacturing firm providing a broad array of equipment and services to the global energy and industrial markets. The Company reports in three operating segments. The Mechanical Solutions segment designs, engineers and manufactures a comprehensive portfolio of equipment for utility-scale natural gas turbines. Forward-looking Statement Disclaimer

This press release contains "forward-looking statements" within the meaning of the term set forth in the Private Securities Litigation Reform Act of 1995. The forward-looking statements include statements or expectations regarding the successful close of the sale of the Mexico facility and the timing and resulting proceeds from the auction of the equipment from the facility. These statements reflect our current views of future events and financial performance and are subject to a number of risks and uncertainties, including our ability to comply with the terms of our credit facility. Our actual results, performance or achievements may differ materially from those expressed or implied in the forward-looking statements. Risks and uncertainties that could cause or contribute to such material differences include, but are not limited to, decreased demand for new gas turbine power plants, reduced demand for, or increased regulation of, nuclear power, loss of any of our major customers, whether pursuant to the loss of pending or future bids for either new business or an extension of existing business, termination of customer or vendor relationships, cost increases and project cost overruns, unforeseen schedule delays, poor performance by our subcontractors, cancellation of projects, competition for the sale of our products and services, including competitors being awarded business by our customers that had previously been provided by Global Power, shortages in, or increases in prices for, energy and materials such as steel that we use to manufacture our products, damage to our reputation, warranty or product liability claims, increased exposure to environmental or other liabilities, failure to comply with various laws and regulations, failure to attract and retain highly-qualified personnel, loss of customer relationships with critical personnel, effective integration of acquisitions, volatility of our stock price, deterioration or uncertainty of credit markets, changes in the economic, social and political conditions in the United States and other countries in which we operate, including fluctuations in foreign currency exchange rates and the banking environment or monetary policy.

Other important factors that may cause actual results to differ materially from those expressed in the forward-looking statements are discussed in our filings with the U.S. Securities and Exchange Commission, including the section of the Company's 2016 Annual Report on Form 10-K titled "Risk Factors." Any forward-looking statement speaks only as of the date of this press release. Except as may be required by applicable law, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, and we caution you not to rely upon them unduly.
