Tangoe to Discuss Enterprise Mobility Transformation at the AOTMP Fixed and Mobile Telecom Management Conference 2017

Tangoe Featured as Marquee Sponsor

ORANGE, Conn.--(BUSINESS WIRE)-- [Tangoe, Inc.](#), a leading global provider of IT and Telecom Expense Management (TEM) software and services, today announced that Michael Niziolek, Vice President of Strategic Consulting at Tangoe, will be a keynote speaker at this year's AOTMP Fixed and Mobile Telecom Management Conference. The conference will be held April 9 - 13, 2017 at the Renaissance Orlando at SeaWorld in Orlando, Florida. Tangoe is a Marquee Sponsor of the AOTMP Conference.

Mr. Niziolek will be holding a session entitled "Transforming Mobility in Your Enterprise" and will address how to combat the complexities in deploying an enterprise mobility strategy. The session will dive into today's key mobile trends, and attendees will come away in a better position to convert these challenges into opportunities. Attendees will learn how to create an enterprise mobile strategy that considers device subsidies, bring your own device (BYOD) issues, roaming, and carrier choices, while enabling a satisfied and productive mobile workforce. The session will be held on Tuesday, April 11th from 11:45 - 12:15p.m.

"Managing enterprise mobility is an issue that is challenging more and more organizations as their workforces become increasingly mobile," said Jim Foy, CEO at Tangoe. "The AOTMP Conference provides us with a great opportunity to showcase how our expertise and proven thought leadership experience within the mobile industry have allowed us to innovate and develop cutting-edge solutions, such as our award-winning Managed Mobility Solutions. By leveraging the right technology, organizations can transform their mobility strategies while reducing costs and increasing efficiency and productivity."

Mr. Niziolek is a mobile industry veteran with more than a decade of experience analyzing and negotiating complex carrier deals with all the major providers. A wireless industry expert, he was a featured presenter in Tangoe's nationwide sourcing seminar series, where he led sessions focused on enterprise mobility trends, projections, and best practices.

The AOTMP Conference focuses on providing insights into how to gain the most from a company's telecom environment. The conference will dive into key issues such as BYOD, transitioning to the cloud, selecting the right vendor, and much more. Companies can bring their most challenging projects and toughest questions and get expert advice from top industry experts. The conference also provides companies and vendors the opportunity to showcase their offerings and explore the new solutions on the market. The conference will feature over 20 hours of training, general sessions, break-out sessions and workshops, not to mention numerous networking opportunities.
