

Nanometrics to Present at the 19th Annual Needham Growth Conference

MILPITAS, Calif., Dec. 22, 2016 (GLOBE NEWSWIRE) -- Nanometrics Incorporated (Nasdaq:NANO), a leading provider of advanced process control systems, today announced that company management is scheduled to present at the 19th Annual Needham Growth Conference.

The conference will be held at the Lotte New York Palace Hotel in New York, NY from January 10-12, 2017. Nanometrics is scheduled to present on Thursday, January 12 at 12:10 PM ET.

The presentation material, along with a live audio webcast and archived recording of the presentation, will be made available on Nanometrics' website at www.nanometrics.com.

About Nanometrics

Nanometrics is a leading provider of advanced, high-performance process control metrology and inspection systems used primarily in the fabrication of semiconductors and other solid-state devices, including sensors, optoelectronic devices, high-brightness LEDs, discretes and data storage components. Nanometrics' automated and integrated metrology systems measure critical dimensions, device structures, topography and various thin film properties, including three-dimensional features and film thickness, as well as optical, electrical and material properties. The company's process control solutions are deployed throughout the fabrication process, from front-end-of-line substrate manufacturing, to high-volume production of semiconductors and other devices, to advanced three-dimensional wafer-level packaging applications. Nanometrics' systems enable advanced process control for device manufacturers, providing improved device yield at reduced manufacturing cycle time, supporting the accelerated product life cycles in the semiconductor and other advanced device markets. The company maintains its headquarters in Milpitas, California, with sales and service offices worldwide. Nanometrics is traded on NASDAQ Global Select Market under the symbol NANO. Nanometrics' website is <http://www.nanometrics.com>.
