Asure Software Announces Mobiles Apps for Workplace Management Solutions

Mobile Apps for Apple® iPad and iPhone will give users on-the-go meeting access

AUSTIN, Texas (Jan. 25, 2012) -- [Asure Software](#), Inc. (NASDAQ-CM: ASUR), a leading provider of workplace management software, today announced that it will release mobile options of its meeting room management solution next month, enabling users to access their meeting reservations on their Apple iPad or iPhone from wherever they may be.

“Our new [Meeting Room Manager Mobile Apps](#) will give users access to the most powerful resource scheduling tool right from the palm of their hands,” said [Pat Goepel](#), Asure's Chief Executive Officer. “We are very excited to deliver workplace management solutions the way users are working today. Companies are trying to squeeze every ounce of productivity from all of their resources, and we’re helping to make that possible by providing our customers with an online scheduling mobile option to make and access meeting reservations wherever business takes them.”

Asure’s Meeting Room Manager Mobile Apps give users secure access to their meetings via a unique link on their mobile device. Access gives them visibility into meeting reservations, resources, and the ability to book and change meetings. Clients also can access meeting reservations through Asure’s mobile Web solution. Meeting Room Manager Mobile Web provides all of the functionality of PC-based Meeting Room Manager software via a Web browser for easy access to meeting reservations.

“It instills confidence in us, the client, to know that the Asure Software is staying on the cutting edge of technology by developing iOS [Apple’s mobile operating system] apps”, said an Asure client, a leading health care provider.

[Steven Rodriguez](#), Asure’s Chief Operating Officer, added, “The addition of Meeting Room Manager Mobile Apps to our product offering is complementary to the time and labor management mobile option we added to our portfolio as a result of our acquisition of Legiant at the end of last year. These additions are absolutely in line with our vision to deliver innovative technology and provide mobile options across all of our product offerings to our clients.”
