PROXY STATEMENT 2013 ANNUAL MEETING OF SHAREHOLDERS

June 4, 2013

General

The enclosed proxy is solicited on behalf of the board of directors of American Railcar Industries, Inc. (the Company, ARI, we, us or our) for use at the Annual Meeting of Shareholders to be held on June 4, 2013 (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Shareholders. The Annual Meeting will be held at Country Inn & Suites, 1190 South Main Street, St. Charles, Missouri 63301. This proxy statement, the accompanying Notice of Annual Meeting, the proxy card and the Annual Report to shareholders were first mailed or delivered on or about May 6, 2013.

Record Date, Stock Ownership and Voting

Only shareholders of record at the close of business on April 29, 2013 will be entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. As of that date, there were outstanding and entitled to vote 21,352,297 shares of our common stock, par value \$0.01 per share (Common Stock). Each shareholder is entitled to one vote for each share of Common Stock on each matter properly brought before the Annual Meeting. Shares represented by the enclosed proxy, if properly executed and returned to the Company prior to the Annual Meeting, will be voted at the Annual Meeting and at any adjournment or postponement thereof in the manner specified, or, if not specified, "FOR" the election of the nine nominees for director and "FOR" the advisory resolution to approve our executive compensation. If any other matters shall properly come before the Annual Meeting, the enclosed proxy will be voted by the proxies in accordance with their best judgment.

The presence, in person or by proxy, of the holders of record of a majority of the shares of Common Stock outstanding and entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, a vote of a majority of the votes properly cast will adjourn the Annual Meeting.

The proxy card provides space for a shareholder to vote "FOR" or "AGAINST", or to abstain with respect to, each candidate for election. To be elected, a candidate must receive the affirmative vote of at least a majority of the votes cast "FOR" or "AGAINST" the candidate's election. Similarly, the proxy card provides space for a shareholder to vote for or against, or to abstain with respect to, the advisory resolution to approve our executive compensation. Votes cast by proxy or in person at the Annual Meeting will be tabulated by an inspector of elections appointed by the Company for the Annual Meeting. The inspector of elections will treat abstentions as shares of Common Stock that are present and entitled to vote for purposes of determining a quorum. Broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on the matter) are not considered as shares voting or as votes cast with respect to any matter presented at the Annual Meeting and will have no effect on the outcome of any matter. Abstentions will have no effect on the outcome of the vote for the election of directors but abstentions will be tantamount to a vote against the resolution to approve our executive compensation.

Revocability of Proxies

The proxy may be revoked at any time before it is exercised by filing with the Secretary of the Company a written revocation, by executing a proxy bearing a later date or by attending the Annual Meeting and voting in person. Our executive office is located at 100 Clark Street, St. Charles, Missouri 63301.

Costs of Solicitation

All costs of our solicitation of proxies will be borne by the Company. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram, or personal solicitations by directors, officers or employees of the Company. No additional compensation will be paid for any such services.

Our board of directors has determined that three of our current directors, Messrs. First, Pontious and Laisure, each of whom is also a nominee for director at the Annual Meeting, are independent under these requirements. Each of Mr. Gary, Mr. Brett Icahn, Mr. Ninivaggi and Mr. Cho are employed by and/or are otherwise affiliated with Mr. Carl Icahn or entities controlled by Mr. Carl Icahn, and Mr. Unger was our president and chief executive officer until April 1, 2009 and continued to serve us under a consulting agreement until April 1, 2010. Our board of directors considered several factors in determining that Messrs. First, Pontious and Laisure are independent. As to Mr. First, the directors' analysis included consideration of (i) his directorship of WestPoint Home, which is an affiliate of Mr. Carl Icahn, until December 31, 2011, (ii) his past employment, from November 1990 to January 1993, as chief financial officer of Icahn Holding Corporation, an affiliate of Mr. Carl Icahn and (iii) his prior directorships of various public and private companies affiliated with Mr. Carl Icahn. Our board of directors did not assign any particular weight or importance to any one of these factors but considered them as a whole. After considering all of these factors, our board of directors concluded that none of Messrs. First, Pontious and Laisure had any relationship that would interfere with their exercise of independent judgment in carrying out the responsibilities of a director, and that each of them satisfied NASDAQ's independence requirements.

During 2012 and through the date of this proxy statement, Mr. Carl Icahn, the chairman of our board of directors and, through IELP, our principal beneficial shareholder, controlled more than 55% of the voting power of our Common Stock. See "Security Ownership of Certain Beneficial Owners and Management," below, for further details regarding Mr. Carl

Icahn's beneficial ownership of, and control over, shares of our Common Stock. Consequently, we are a controlled company under applicable NASDAQ rules. Under these rules, a controlled company may elect not to comply with certain NASDAQ corporate governance requirements, including requirements that: (i) a majority of the board of directors consist of independent directors; (ii) director nominees be selected or recommended for selection by a majority of the independent directors or by a nominating committee composed solely of independent directors; and (iii) compensation of officers be determined or recommended to the board of directors by a majority of its independent directors or by a compensation committee that is composed entirely of independent directors.

We have elected to use these exemptions. As a result, (i) we do not have a majority of independent directors, (ii) we do not have a nominating committee or a nominating committee charter, and (iii) our compensation committee does not satisfy NASDAQ's corporate governance requirements applicable to compensation committees of non-controlled companies and does not have a charter.

Board of Directors Leadership Structure

Our leadership structure separates the positions of chairman of the board of directors and chief executive officer. Mr. Carl Icahn serves as the chairman of our board of directors and Mr. James Cowan serves as our president and chief executive officer. Mr. Carl Icahn is responsible for organizing the board of directors and setting its agenda and priorities. Mr. Cowan reports to our board of directors, including Mr. Carl Icahn, and is responsible for our day-to-day operations including, but not limited to, oversight of our business operations and management team. We believe that this leadership structure is appropriate as it enhances our corporate governance and company oversight by separating responsibilities between the chairman of our board of directors and our chief executive officer. Additionally, Mr. Unger serves as vice chairman of our board of directors. Mr. Unger, who prior to becoming vice chairman of our board of directors served as both a director and as our president and chief executive officer, further facilitates the board of directors in its oversight of our business operations.

Board of Directors Role in Risk Oversight

Our board of directors, primarily through the audit and compensation committees, oversees our risk management practices. Our management, together with management representatives of the relevant functional areas (for example, internal audit, operational management, human resources, etc.), reviews and assesses the operations of our business as well as operating management's identification, assessment and mitigation of the material risks affecting our operations. These risks include strategic, financial, competitive, operational and compliance risks. Our chief executive officer and chief financial officer each provide reports concerning these risks directly to the board of directors or its committees, as appropriate.

Director Nominations

Other than the qualities noted under "Director Qualification Standards" above, we do not maintain a formal policy with respect to the review of potential nominees to our board of directors. All of the members of our board of directors participate in the review of potential nominees to our board of directors for the qualities noted under "Director Qualification Standards" above. Our board of directors has determined that, given the importance of the director nomination process, the entire board of directors should participate in the evaluation of potential board members. As a result of his control of a majority of our outstanding Common Stock, Mr. Carl Icahn may control the election of all of the members of our board of directors. Our board of directors has therefore deemed it appropriate not to form a standing nominating committee because the influence exercisable by Mr. Carl Icahn in the nomination and election process would make a separate process superfluous in light of Mr. Carl Icahn's and our board of directors' review of potential nominees.

Our board of directors may consider candidates recommended by shareholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. In general, persons recommended by shareholders will be considered on the same basis as candidates from other sources. If a shareholder wishes to recommend a candidate for director for election at the 2014 Annual Meeting of Shareholders, it must follow the procedures described below in "Shareholder Proposals and Nominations for Director."

Shareholder Communications with Directors

Shareholders may contact the Company's board of directors by writing to them c/o Investor Relations, American Railcar Industries, Inc., 100 Clark Street, St. Charles, Missouri 63301. All communications addressed to the board of directors will be delivered to the Company's board of directors. If shareholders desire, they may contact individual members of our board of directors, our independent directors as a group or a particular committee of our board of directors by appropriately addressing their correspondence to the same address. In each case, such correspondence will be delivered to the appropriate director(s).

Audit Committee

Our audit committee meets formally at least once every quarter and more often if necessary. Our board of directors has adopted a written charter for our audit committee. That charter conforms to applicable rules and regulations of the Securities and Exchange Commission (SEC) and NASDAQ. A copy of the audit committee charter is publicly available on our web site at www.americanrailcar.com under the heading "Investor Relations" and the sub-heading "Corporate Governance."

Messrs. First, Pontious and Laisure are currently the members of our audit committee. Our board of directors has determined that Mr. First qualifies as an audit committee financial expert, as that term is defined by applicable SEC rules, and that he satisfies NASDAQ's financial sophistication standards. Our board of directors has also determined that Messrs. First, Laisure and Pontious are independent under applicable SEC and NASDAQ rules.

Our audit committee held twelve meetings during the fiscal year ended December 31, 2012, which includes seven special committee meetings.

Our audit committee is responsible for oversight of the qualifications, independence, appointment, retention, compensation and performance of the Company's independent registered public accounting firm and for assisting our board of directors in monitoring the Company's financial reporting process, accounting functions and internal controls. It also is responsible for oversight of whistle-blowing procedures, approving transactions with related persons and certain other compliance matters.

Independent Registered Public Accounting Firm

We engaged Grant Thornton LLP (Grant Thornton) as our independent registered public accounting firm during the fiscal years ended December 31, 2012 and 2011. The decision to engage Grant Thornton during those years was unanimously approved by our audit committee. The audit committee intends to appoint Grant Thornton to audit our consolidated financial statements for the fiscal year ended December 31, 2013, subject to satisfactory negotiations regarding fees and services. A representative of Grant Thornton is expected to be present, in person or telephonically, at our Annual Meeting, and he or she will have the opportunity to make a statement, if he or she desires, and will be available to respond to appropriate questions.

Fees Billed by Independent Registered Public Accounting Firm

Audit Fees. We incurred \$887,016 and \$834,772 in audit fees and expenses for the fiscal years ended December 31, 2012 and 2011, respectively, from Grant Thornton. We include in the category of audit fees those fees billed by our independent registered public accounting firm for professional services rendered for the audit of our consolidated financial statements, the quarterly reviews associated with the filing of our Form 10-Q reports with the SEC, fees associated with testing our internal controls over financial reporting and other related services that are normally provided in connection with such statutory and regulatory filings.

Audit-Related Fees. We did not incur any fees from Grant Thornton for audit-related services for the fiscal years ended December 31, 2012 and 2011.

Tax Fees. We did not incur any fees from Grant Thornton for tax compliance, tax advice or tax planning services in the fiscal years ended December 31, 2012 and 2011.

All Other Fees. We did not incur any other fees from Grant Thornton in the fiscal years ended December 31, 2012 and 2011.

The audit committee has considered whether the provision of non-audit services by its independent registered public accounting firm is compatible with maintaining auditor independence and has determined that the provision of such services is compatible.

Audit Committee Policy on Pre-Approval of Services

The audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year. The audit committee may also pre-approve particular services on a case-by-case basis.

Audit Committee Report

In connection with the issuance of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, the audit committee:

1. Reviewed and discussed with management the Company's audited financial statements as of December 31, 2012 and 2011 and for the years ended December 31, 2012, 2011 and 2010;
2. Discussed with Grant Thornton the matters required to be discussed by the Auditing Standards Board Statement of Auditing Standards No. 61, *Communications with Audit Committees*, as amended (AICPA, Professional Standards, Vol. 1. AU Section 380), as adopted by Public Company Accounting Oversight Board (PCAOB) in Rule 3200T; and
3. Requested and obtained from Grant Thornton the written disclosures and the letter required by applicable requirements of the PCAOB regarding Grant Thornton's communications with the audit committee concerning independence, and has discussed with Grant Thornton its independence.

Based on the review and discussions referred to in paragraphs numbered (1) - (3) above, the audit committee recommended to our board of directors that the audited financial statements as of December 31, 2012 and 2011 and for the years ended December 31, 2012, 2011 and 2010 be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, for filing with the Securities and Exchange Commission.

Respectfully submitted by the Audit Committee,

Harold First, Chairman

James C. Pontious

J. Mike Laisure

Our compensation committee held three meetings during the fiscal year ended December 31, 2012 and also acted by written consent on one occasion. As discussed above under "Corporate Governance—Director Independence and Controlled Company Status," our compensation committee does not satisfy NASDAQ's corporate governance requirements applicable to compensation committees of non-controlled companies, is not comprised of independent directors and does not have a charter.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our compensation committee has the ongoing responsibility for establishing, implementing and monitoring our executive compensation programs. The compensation committee currently consists of two members, Mr. Cho and Mr. Brett Icahn, both of whom are employees of companies controlled by our chairman and principal beneficial shareholder, Mr. Carl Icahn.

The compensation committee, at its discretion, has consulted and expects to continue to consult with Mr. Carl Icahn and members of the staff of various entities controlled by Mr. Carl Icahn, including staff at IELP and Insight Portfolio Group LLC (formerly Icahn Sourcing, LLC), with expertise in compensation and benefits. These staff members research compensation standards and practices in a range of businesses including businesses comparable to ours. The compensation committee also consults with our chief executive officer regarding the compensation of our other executive officers.

The following Compensation Discussion and Analysis describes the material elements of compensation for our named executive officers. Our named executive officers are determined in accordance with SEC rules. Under these rules, Messrs. Cowan, Davies and Lullman were our named executive officers for the fiscal year ended December 31, 2012.

Executive Compensation Philosophy. The compensation committee believes that compensation paid to our named executive officers should assist the Company in attracting, motivating and retaining superior talent. Our compensation programs are intended to motivate the named executive officers to achieve our business objectives and to align their financial interests with those of our shareholders. Based on this philosophy, the compensation of our named executive officers has included a combination of salary, cash incentive compensation, stock-based compensation and other employment benefits. In addition, we have in the past, and may in the future, enter into employment agreements with our named executive officers.

Base Salary. The compensation committee reviews base salaries for our executive officers, subject to the terms of applicable employment agreements. The base salaries of Messrs. Cowan and Davies were established pursuant to employment agreements negotiated at arm's length with each of those officers. At the beginning of 2012, Mr. Cowan's base salary was \$350,000. Effective May 1, 2012, Mr. Cowan's annual base salary was increased to \$385,000. Mr. Davies' employment agreement provides for an annual base salary of \$275,000. We do not have an employment agreement with Mr. Lullman. Mr. Lullman's annual base salary is currently \$270,200. Our compensation committee believes that these salaries represent reasonable and fair salaries for the positions and responsibilities for each of our named executive officers.

Management Incentive Plan. We have established a management incentive plan for certain employees, including our named executive officers, under which targets are determined on an annual basis equal to a percentage of the employee's base salary. This plan was established to provide additional incentive-based compensation to eligible participants for their contribution to the achievement of our objectives, to encourage and stimulate superior performance and to assist in attracting and retaining highly qualified key employees. In 2012, Mr. Cowan's target was 60% of his annual base salary prorated in accordance with the changes in his salary throughout the year, Mr. Davies' target was 50% of his annual base salary and Mr. Lullman's target was 50% of his annual base salary. Under our management incentive plan, achievement of individual and Company goals based on the Company's annual business plan, including financial, strategic, corporate, divisional and other goals is taken into account in determining the incentive compensation. For 2012, the actual incentive compensation that could be earned by each of these named executive officers was based on a combination of factors, including an adjusted EBITDA-based financial performance factor determined by the compensation committee, an employee's base salary, performance evaluations and the percentage targets described above. These factors were recommended by the chief executive officer and approved by the compensation committee. If the adjusted EBITDA threshold had not been achieved, the overall bonus amount achieved would have been zero, subject to the compensation committee's exercise of any discretion. To the extent the Company achieved adjusted EBITDA in excess of such threshold amount, the financial performance factor would be increased. The compensation committee retained sole discretion over all matters relating to the 2012 target incentive compensation, including, without limitation, the decision to pay incentive compensation, the amount of incentive compensation, if any, the ability to increase or decrease any incentive compensation

and make changes to any performance measures or targets and discretion over the payment of partial incentive compensation in the event of employment termination.

The 2012 adjusted EBITDA threshold under the management incentive plan was \$70.0 million. Management and the compensation committee believed this threshold was achievable based upon their outlook on improvements in the railcar industry and the ability of our workforce to meet this increasing demand. Based on our 2012 results, the adjusted EBITDA threshold was exceeded, and the financial performance factor was increased in accordance with the management incentive plan. The compensation committee reviewed Mr. Cowan's recommendation for bonuses in light of this achievement and the named executive officers' individual achievements as measured against the applicable performance criteria under our management incentive plan. The compensation committee exercised its discretion to award incentive compensation to our named executive officers in the following amounts for 2012:

Named Executive Officer	2012 Incentive Compensation (\$)
James Cowan	336,000
Dale C. Davies	206,250
Alan C. Lullman	162,120

The bonus amounts above are included under "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table below.

Stock-Based Compensation. The compensation committee believes that stock-based compensation causes our named executive officers to have an ongoing stake in our long-term success. Our 2005 Equity Incentive Plan was designed, in part, to optimize our profitability and growth over a longer term. These long-term grants to named executive officers are based on job responsibilities and potential for individual contribution. When it makes grants, the compensation committee exercises judgment and discretion in view of its general policies. Stock-based compensation grants have historically been made after our board of directors' approval of the annual budget, after finalization of the prior year's financial results and in conjunction with the determination of employee and named executive officer incentive compensation for the upcoming year. Our board of directors and compensation committee prefer this timing so that compensation may be aligned with individual and financial performance. The combination of annual cash incentive compensation and stock-based compensation is intended to benefit shareholders by enabling us to better attract and retain top talent in a marketplace where such incentives are prevalent. As described below, from 2007 through 2012, we granted our named executive officers stock appreciation rights under our 2005 Equity Incentive Plan.

Stock Appreciation Rights. Stock appreciation rights (SARs) provide for financial gain derived from the potential appreciation in our stock price from the date that SARs are granted until the date that SARs are exercised. All SARs we have granted have a seven year term, settle in cash, were approved by our compensation committee and have an exercise price equal to the closing price of our Common Stock on the date of grant.

On April 4, 2007, we granted a total of 275,300 SARs under our 2005 Equity Incentive Plan, including 15,000 SARs to Mr. Cowan, 10,500 SARs to Mr. Davies and 15,000 SARs to Mr. Lullman. The SARs have an exercise price of \$29.49 per SAR. The SARs vested in four equal annual installments on the first, second, third and fourth anniversaries of the grant date. During 2010, we offered our employees the option to exchange these SARs on a two-for-one basis. The majority of these SARs and all of these SARs held by our named executive officers were exchanged on May 14, 2010, as discussed below.

On April 28, 2008, we granted a total of 269,900 SARs under our 2005 Equity Incentive Plan, including 15,000 SARs to Mr. Cowan, 10,500 SARs to Mr. Davies and 15,000 SARs to Mr. Lullman. These SARs have an exercise price of \$20.88 per SAR. One half of the named executive officers' SARs vest in 25% increments on the first, second, third and fourth anniversaries of the grant date. The remaining one half of such SARs similarly were to vest in 25% increments on the first, second, third and fourth anniversaries of the grant date, but only if the closing price of our Common Stock achieved a specified price target during the preceding calendar year for twenty trading days during any sixty day trading day period. If our Common Stock did not achieve the specified price target during any such calendar year, the applicable portion of these market price-based SARs would be canceled. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs. The specified price targets were not met for the calendar years ended December 31, 2008, 2009, 2010 and 2011. As such, all market price-based SARs granted to Messrs. Cowan, Davies and Lullman were canceled.

On September 12, 2008, we granted 4,500 SARs under our 2005 Equity Incentive Plan to Mr. Davies. These SARs were granted to align his compensation with our other named executive officers following his appointment as our senior vice president, chief financial officer and treasurer on June 16, 2008. These SARs have an exercise price of \$16.46 per SAR. One half of the SARs issued to Mr. Davies vest in 25% increments on the first, second, third and fourth anniversaries of the grant date. The remaining one half of such SARs similarly were to vest in 25% increments on the first, second, third and fourth anniversaries of the grant date, but only if the closing price of our Common Stock achieved a specified price target during the preceding calendar year for twenty trading days during any sixty day trading day period. If our Common Stock did not achieve the specified price target during any such calendar year, the applicable portion of these market price-based SARs would be canceled. These SARs were approved on September 11, 2008 by our compensation committee. The specified price targets were not met for the calendar years ended December 31, 2008, 2009, 2010 and 2011. As such, all market price-based SARs granted to Mr. Davies were canceled.

On March 3, 2009, we granted a total of 306,100 SARs under our 2005 Equity Incentive Plan, including 50,000 SARs to Mr. Cowan, 18,000 SARs to Mr. Davies and 15,000 SARs to Mr. Lullman. These SARs have an exercise price of \$6.71 per SAR. One half of the named executive officers' SARs vest in 25% increments on the first, second, third and fourth anniversaries of the grant date. The remaining one half of such SARs similarly vest in 25% increments on the first, second, third and fourth anniversaries of the grant date, but only if the closing price of our Common Stock achieves a specified price target during the applicable preceding twelve month period for twenty trading days during any sixty day trading day period. If our Common Stock does not achieve the specified price target during any such twelve month period, the applicable portion of these market price-based SARs will be canceled. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs. The specified price targets were met for each twelve month period. As such, all market price-based vesting conditions have been met.

On March 31, 2010, we granted a total of 141,650 SARs under our 2005 Equity Incentive Plan, including 24,950 SARs to Mr. Cowan, 12,150 SARs to Mr. Davies and 4,950 SARs to Mr. Lullman. These SARs have an exercise price of \$12.16 per SAR. The SARs vest in three equal annual installments on the first, second and third anniversaries of the grant date. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs.

On May 14, 2010, we exchanged a total of 190,200 SARs granted in 2007 for 95,100 SARs under our 2005 Equity Incentive Plan, including exchanges of 15,000 SARs for 7,500 SARs to Mr. Cowan, 10,500 SARs for 5,250 SARs to Mr. Davies and 15,000 SARs for 7,500 SARs to Mr. Lullman. These newly granted SARs have an exercise price of \$14.12 per SAR. The SARs vest in three equal annual installments on the first, second and third anniversaries of the grant date. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs.

On May 9, 2011, we granted a total of 242,041 SARs under our 2005 Equity Incentive Plan, including 30,934 SARs to Mr. Cowan, 15,400 SARs to Mr. Davies and 8,898 SARs to Mr. Lullman. These SARs have an exercise price of \$24.45 per SAR. The SARs granted to our named executive officers vest in three equal installments on the first, second and third anniversaries of the grant date, but only if the amount of our adjusted EBITDA, as defined in the SARs agreement, achieves a specified performance target for the fiscal year preceding the applicable anniversary date. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs. The specified performance target was met for the fiscal years ended December 31, 2011 and 2012.

On February 24, 2012, we granted a total of 204,500 SARs under our 2005 Equity Incentive Plan, including 30,200 SARs to Mr. Cowan, 15,900 SARs to Mr. Davies and 7,800 SARs to Mr. Lullman. These SARs have an exercise price of \$29.31 per SAR. The SARs granted to our named executive officers vest in three equal installments on the first, second and third anniversaries of the grant date, but only if the amount of our adjusted EBITDA, as defined in the SARs agreement, achieves a specified performance target for the fiscal year preceding the applicable anniversary date. Each holder must further remain employed by us through each anniversary of the grant date in order to vest in the corresponding number of SARs. The specified performance target was met for the fiscal year ended December 31, 2012.

The grants of SARs to Messrs. Cowan, Davies and Lullman are intended to provide long-term incentive to reward those officers for appreciation in the price of our Common Stock and to further align the interests of our named executive officers with those of our shareholders.

Other Employment Benefits. Our named executive officers have been provided with a limited number of perquisites.

The Company paid country club dues, premiums on insurance policies for group term life and personal liability umbrella insurance, and an automobile allowance for 2012, all of which are quantified below in the "All Other Compensation Table."

Our named executive officers have been and will continue to be entitled to various other forms of compensation. These forms of compensation include but are not limited to the perquisites identified above, tax reimbursements related to automobile allowances, 401(k) employer plan contributions and other compensation amounts.

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1,000,000 paid to the chief executive officer or to any of the other four most highly compensated executive officers of a publicly held corporation will not be deductible for federal income tax purposes unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). In general, stock options and SARs granted under our 2005 Equity Incentive Plan are intended to qualify under and comply with the performance based compensation exemption provided under Section 162(m), thus excluding from the Section 162(m) compensation limitation any income recognized by executives pursuant to such SARs. The compensation committee intends to review periodically the potential impacts of Section 162(m) on structuring and administering our compensation programs.

Results of Shareholder Advisory Votes on Executive Compensation. In reviewing our 2012 compensation decisions and policies, we considered the results of our shareholders' advisory vote to approve our executive compensation, which was conducted at our Annual Meeting of Shareholders in June 2012. In the proxy statement provided to shareholders in connection with our 2012 Annual Meeting, the Company's board of directors recommended that shareholders vote in favor of this proposal. The affirmative vote of the majority in voting power of shares present in person or represented by proxy at the 2012 Annual Meeting and entitled to vote thereon was required for advisory approval of this proposal. Over 98% of such shares were voted to approve, on an advisory basis, our executive compensation. We considered this vote as supportive of our compensation decisions and policies.

Compensation Committee Report

The compensation committee reviewed and discussed the above Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Respectfully submitted by the Compensation Committee,

Employment Agreements. In order to attract and retain qualified executives, from time to time we have entered into employment agreements with our named executive officers. The employment agreements described below were in place for all or part of the fiscal year ended December 31, 2012.

James Cowan. Mr. Cowan was appointed as our president and chief executive officer effective April 1, 2009. The term of Mr. Cowan's original employment agreement after being named as our president and chief executive officer was effective through April of 2012. Effective May 1, 2012, we entered into a new employment agreement with Mr. Cowan to serve as our president and chief executive officer that is effective through May 1, 2014, unless earlier terminated pursuant to the agreement.

In conjunction with Mr. Cowan's appointment as our president and chief executive officer on April 1, 2009, he was entitled to receive a base salary at an annual rate of \$350,000. Upon entering into the current employment agreement during 2012, Mr. Cowan's base salary increased to \$385,000. Under the terms of each of Mr. Cowan's agreements, Mr. Cowan is eligible for annual incentive compensation for each calendar year of employment of 60% of his then applicable base salary if certain performance targets established by our compensation committee are achieved.

Mr. Cowan's employment agreement provides that he is eligible to participate in healthcare, group term life insurance, group long-term disability insurance, 401(k), vacation and other similar benefits we offer our senior executives. In addition, he will be reimbursed for the payment of reasonable country club dues (excluding initiation fees).

Mr. Cowan's employment agreement provides that he is entitled to terminate the agreement upon 60 days' written notice. We may terminate Mr. Cowan's employment at any time, with or without cause (as defined in the agreement). If Mr. Cowan's employment terminates due to death or disability, he is entitled to receive earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination, incentive compensation earned and due with respect to a completed calendar year but not paid as of the date of termination, and a pro-rated portion of his incentive compensation payable for any incomplete calendar year.

Mr. Cowan's employment agreement provides that, if Mr. Cowan is terminated without cause (as defined in the agreement), he is entitled to receive earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination, incentive compensation earned and due with respect to a completed calendar year but not paid as of the date of termination, a pro-rated portion of his incentive compensation payable for any incomplete calendar year and, in addition, a continuation of the payment of the base salary he would have earned through the period ending on the 180th day following his termination. If Mr. Cowan resigns or if we terminate Mr. Cowan for cause (as defined in the agreement), he is entitled to receive earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination.

Mr. Cowan's employment agreement contains non-competition and non-solicitation provisions that prohibit Mr. Cowan from directly or indirectly competing with us during the term of his employment and for a six month period thereafter, with the option to extend the non-compete and non-solicitation period an additional six months as long as we pay Mr. Cowan his base salary for the extension period. Mr. Cowan's employment agreement also contains provisions requiring him to protect confidential information during his employment and at all times thereafter.

Dale C. Davies. Mr. Davies was appointed as our senior vice president, chief financial officer and treasurer on June 16, 2008. The term of Mr. Davies' current employment agreement is effective through September 1, 2014, unless earlier terminated pursuant to the agreement.

Under the terms of the agreement, Mr. Davies receives a base salary at an annual rate of \$275,000 per year. Mr. Davies is also entitled to an annual target bonus for each calendar year of employment ending on or after December 31, 2011 of 50% of his applicable base salary if certain performance targets established by our compensation committee are achieved.

Mr. Davies' employment agreement provides that he is eligible to participate in healthcare, group term life insurance, group long-term disability insurance, 401(k), vacation and other similar employee benefits we generally provide to our senior executives.

The agreement shall terminate and Mr. Davies' employment shall end upon the earlier of September 1, 2014, his death or disability (as defined in the agreement), if we discharge Mr. Davies with or without cause (as defined in the agreement), or the voluntary resignation of Mr. Davies.

If Mr. Davies' employment is terminated due to the expiration of the agreement, he is entitled to receive (i) earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination and (ii) bonus compensation earned and due with respect to a completed calendar year but not paid as of the date of termination.

If Mr. Davies' employment is terminated due to death or disability, he is entitled to receive (i) earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination, (ii) bonus compensation earned and due with respect to a completed calendar year but not paid as of the date of termination, and (iii) a pro-rated portion of his bonus compensation payable for any incomplete calendar year.

If Mr. Davies is terminated without cause (as defined in the agreement) or if he terminates the agreement for good reason (as defined in the agreement), he is entitled to receive (i) earned and accrued base salary and unreimbursed business expenses due and unpaid as of the date of his termination, (ii) bonus compensation earned and due with respect to a completed calendar year but not paid as of the date of termination, and (iii) a continuation of the payment of the base salary he would have earned through the period ending on the 180th day following his termination. In the event of any termination of employment, Mr. Davies shall be under no obligation to seek other employment, but in the event he becomes employed during the period specified under clause (iii) above, he shall not be entitled to any further payments and shall return, if applicable, any amounts paid to him on or after the subsequent employment date.

The agreement contains non-competition provisions that prohibit Mr. Davies from directly or indirectly competing with us during the term of his employment and for a one-year period thereafter, provided that if Mr. Davies is terminated without cause (as defined in the agreement) or resigns for other than good reason (as defined in the agreement), the non-competition period shall be six months, extendable for up to an additional six months in exchange for severance pay of approximately \$23,000 per month. The agreement also contains non-solicitation provisions covering the period of Mr. Davies'

employment and the two-year period thereafter, as well as non-disparagement provisions and provisions requiring him to protect confidential information during his employment and at all times thereafter.

Alan C. Lullman. Since January 1, 2010, we have employed Mr. Lullman as senior vice president, sales on an at-will basis.

Instead, the amounts shown are the aggregate grant date fair value.

Our compensation committee chose to grant SARs to these named executive officers to align their interests with those of our shareholders and give them a vested interest in the long-term success of the Company. No other timing constraints were used or applied when issuing stock-based compensation.

POTENTIAL PAYMENTS UPON TERMINATION WITHOUT CAUSE

We describe the triggering events that may result in payments of compensation and other benefits to each of our named executive officers upon termination without cause under “Employment Agreements” above. Such amounts are included in the table above. This incentive compensation was determined by our compensation committee in March 2013. The compensation committee retains sole discretion over all matters relating to such incentive compensation, including, without limitation, the decision to pay any incentive compensation, the amount of incentive compensation, if any, the ability to increase or decrease incentive compensation and make changes to any performance measures or targets, and discretion over the payment of partial awards in the event of employment termination.

Interested directors are not counted in determining the existence of a quorum at any meeting of our board of directors which shall authorize or ratify any such transaction.

TRANSACTIONS WITH MR. CARL ICAHN AND ENTITIES AFFILIATED WITH MR. CARL ICAHN

Overview

Our company was formed in 1988 as a company beneficially owned by Mr. Carl Icahn, the chairman of our board of directors and, through IELP, our principal beneficial shareholder. We grew our company through the transfer of certain assets to us from ACF Industries, Incorporated (now known as ACF Industries, LLC), a company also beneficially owned by Mr. Carl Icahn. Since our formation, we have entered into agreements relating to the acquisition of assets from and disposition of assets to entities controlled by Mr. Carl Icahn, the provision of goods and services to us by entities controlled by Mr. Carl Icahn, the provision of goods and services by us to entities affiliated with Mr. Carl Icahn and other matters involving entities controlled by Mr. Carl Icahn. We have received substantial benefit from these agreements and we expect that in the future we will continue to conduct business with entities affiliated with or controlled by Mr. Carl Icahn. In addition, we receive other benefits from our affiliation with Mr. Carl Icahn and companies controlled by Mr. Carl Icahn, such as our participation in buying groups and other arrangements with entities controlled by Mr. Carl Icahn.

We describe below the material arrangements and other relationships that we are, or have been, a party to/with Mr. Carl Icahn and entities affiliated with Mr. Carl Icahn since January 1, 2012. All of the arrangements and relationships described below that are required to be disclosed pursuant to Item 404 of Regulation S-K and that took effect since our January 2006 initial public offering and our admission to NASDAQ have been approved by the independent members of our audit committee, in accordance with applicable listing standards of NASDAQ and our audit committee charter.

CERTAIN TRANSACTIONS WITH ACF INDUSTRIES LLC

1994 ACF Asset Transfer

On October 1, 1994, under an asset transfer agreement with ACF, we acquired properties and assets used in ACF's railcar components manufacturing business and its railcar servicing business at specified locations, and certain intellectual property rights associated with the transferred assets and businesses, as well as specified assets used in the manufacture and sale of industrial size mixing bowls. We refer to this transaction as the 1994 ACF asset transfer.

Pursuant to the 1994 ACF asset transfer, ACF retained and agreed to indemnify us for certain liabilities and obligations relating to ACF's conduct of business and ownership of the assets at these locations prior to their transfer to us, including liabilities relating to employee benefit plans, workers compensation, environmental contamination and third-party litigation. See Note 19 – Related Party Transactions to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007.

Also in connection with the 1994 ACF asset transfer, we entered into several administrative and operating agreements with ACF, effective as of October 1, 1994. Those that remained in effect as of January 1, 2012 are described below. During 2012, we incurred less than \$0.1 million of expenses related to transactions with ACF.

Manufacturing Services Agreement. Under the manufacturing services agreement entered into in 1994 and amended in 2005, ACF agreed to manufacture and distribute, at our instruction, various railcar components. In consideration for these services, we agreed to pay ACF agreed-upon rates. We believe that payments to ACF under this arrangement are comparable to the cost we would have paid to an independent third party to manufacture such components. This agreement automatically renews on an annual basis unless we provide six months prior written notice of termination. There is no right of termination for ACF under this agreement. For the fiscal year ended December 31, 2012, we purchased less than \$0.1 million of railcar components from ACF under this agreement.

License Agreement from ACF. Under a license agreement with ACF, ACF granted us a non-exclusive, perpetual, royalty-free license to the patents and other intellectual property owned by it, which could be used by us in the conduct of our business, but did not exclusively relate to our business, including the 13 patents listed in that agreement. Of these patents, ten patents have expired and the remaining three patents have expiration dates ranging from 2013 to 2014. These remaining patents primarily relate to certain railcar components. Under this agreement, we could not use the licensed patents for the production of railcar components for third parties without the consent of ACF. In 1997, ACF transferred the patents covered by this license to us. This license is not assignable by either party, without the prior consent of the other, except in connection with the sale of substantially all of either party's business.

License Agreement to ACF. Under a license agreement with ACF, we granted ACF a non-exclusive, perpetual, royalty-free license to the intellectual property exclusively relating to our business that was transferred to us in the 1994 ACF asset transfer. There are no restrictions on ACF's use of the information licensed under this agreement. This license is not assignable by either party, without the prior consent of the other, except in connection with the sale of substantially all of either party's business.

2013 Purchasing and Engineering Services Agreement

In January 2013, we entered into a purchasing and engineering services agreement and license with ACF. The agreement was unanimously approved by the independent directors of ARI's audit committee on the basis that the terms of the agreement were not materially less favorable to ARI than those that could have been obtained in a comparable transaction with an unrelated person. Under this agreement, ARI will provide purchasing support and engineering services to ACF in connection with ACF's manufacture and sale of certain tank railcars at its facility in Milton, Pennsylvania. Additionally, we have granted ACF a non-exclusive, non-assignable license to certain of ARI's intellectual property, including certain designs, specifications, processes and manufacturing know-how required to manufacture and sell such tank railcars during the term of the Agreement. Subject to certain early termination events, the Agreement shall terminate on December 31, 2014.

In consideration of the services and license provided by us to ACF in conjunction with the Agreement, ACF shall pay ARI a royalty and, if any, a share of the net profits (the Profits) earned on each railcar manufactured and sold by ACF under the Agreement, in an aggregate amount equal to 30 percent of such Profits, as calculated under the Agreement. Under the agreement, Profits are net of certain of ACF's start-up and shutdown expenses and maintenance costs. If no Profits are realized on a railcar manufactured and sold by ACF pursuant to the Agreement, we will still be entitled to the royalty for such railcar, and we will not share in any losses incurred by ACF in connection therewith.

Under the Agreement, given our strong backlog for tank railcars through early 2014, ACF will have the exclusive right to manufacture and sell subject tank railcars for any new orders scheduled for delivery to customers on or before January 31, 2014. We shall have the exclusive right to any sales opportunities for such tank railcars for any new orders scheduled for delivery after that date and through December 31, 2014. We also have the right to assign any sales opportunity to ACF, and ACF has the right, but not the obligation, to accept such sales opportunity. Any sales opportunity accepted by ACF will not be reflected in our orders or backlog.

CERTAIN TRANSACTIONS WITH AMERICAN RAILCAR LEASING LLC

Manufacturing Operations and Railcar Services

ARL is a railcar leasing company controlled by Mr. Carl Icahn, the chairman of our board of directors and, through IELP, our principal beneficial shareholder. Mr. Unger, the vice chairman of our board of directors, has been a director of ARL since 2004. We sell railcars and railcar components to ARL and its subsidiaries. We believe that since ARL's formation in 2004, we have been the only supplier of railcars to ARL, although ARL is not precluded from purchasing railcars from others. In the third quarter of 2012, all unfilled purchase orders previously placed by ARL were assigned to AEP Leasing LLC (AEP), a company controlled by Mr. Carl Icahn, chairman of the Company's board of directors and, through IELP, the Company's principal beneficial stockholder.

In 2012, our revenues from manufacturing and railcar services included \$45.1 million and \$21.4 million, respectively, from transactions with ARL. We have entered into various agreements with ARL from time to time, including the following agreements that were effective during 2012.

Railcar Management Agreement. On February 29, 2012, we entered into a railcar management agreement with ARL, pursuant to which we engaged ARL to market our railcars for sale or lease, subject to the terms and conditions of the railcar management agreement. The agreement was effective as of January 1, 2011, will continue through December 31, 2015 and may be renewed upon written agreement by both parties. In December 2012, our wholly-owned subsidiary, Longtrain Leasing I, LLC, entered into a similar agreement with ARL with a term of five years.

The agreement also provides that ARL will manage our leased railcars including arranging for services, such as repairs or maintenance, as deemed necessary. Subject to the terms and conditions of the agreement, ARL will receive, in respect of leased railcars, a fee consisting of a lease origination fee and a management fee based on the lease revenues, and, in respect of railcars sold by ARL, sales commissions. The agreement was unanimously approved by the independent directors of our audit committee on the basis that the terms of the agreement were no less favorable than those that would have been obtained from an independent third party. In 2012, total fees incurred related to this agreement were \$1.4 million.

ARL Railcar Orders. From time to time, we manufacture and sell railcars to ARL under long-term agreements as well as on a purchase order basis. Profit margins on sales to related parties approximate the margins on sales to other large customers. The terms and pricing on sales to related parties are no less favorable to us than the terms and pricing on sales to unaffiliated third parties. Any related party sales of railcars under an agreement or purchase order, have been and will be subject to the approval or review by our audit committee.

ARL Fleet Services Agreement. Effective April 16, 2011, we entered into a fleet services agreement with ARL which replaced the previous fleet services agreement. Under the new agreement, we provide railcar repair, engineering, administrative and other services, on an as needed basis, for ARL's lease fleet at mutually agreed upon prices. The agreement has a term of three years and automatically renews for additional one year periods unless either party provides at least sixty days written prior notice of termination. There is no termination fee if we elect to terminate the agreement prior to the end of the term.

CERTAIN TRANSACTIONS INVOLVING MR. CARL ICAHN AND OTHER RELATED ENTITIES

Registration Rights

We entered into a registration rights agreement, effective upon the completion of our initial public offering, with certain of our existing shareholders, including shareholders controlled by Mr. Carl Icahn. The shareholders that are party to the registration rights agreement will have the right to require us, subject to certain terms and conditions, to register their shares of our Common Stock under the Securities Act of 1933 at any time following expiration of the lock-up period applicable to them. These shareholders collectively will have an aggregate of five demand registration rights, three of which relate solely to registration on a short-form registration statement, such as a Form S-3. In addition, if we propose to register any additional shares of our Common stock under the Securities Act, these shareholders will be entitled to customary "piggyback" registration rights, which will entitle them to include their shares of capital stock in a registration of our securities for sale by us or by other security holders. The registration rights granted under the registration rights agreement are subject to customary exceptions and qualifications and compliance with certain registration procedures. Approximately 11.6 million shares of our Common Stock are entitled to the benefits of these registration rights.

Transactions with AEP

As discussed above, in the third quarter 2012, we began manufacturing and selling railcars to AEP on a purchase order basis, following the assignment to AEP of all unfilled purchase orders previously placed by ARL. Our manufacturing revenues from railcars sold to AEP were \$58.5 million for the year ended December 31, 2012. The terms and pricing on sales to related parties are no less favorable to ARI than the terms and pricing on sales to unaffiliated third parties. Any related party sales of railcars under an agreement or purchase order have been and will be subject to the approval or review by the Company's audit committee.

Transactions with Icahn Sourcing, LLC (now known as Insight Portfolio Group LLC)

Icahn Sourcing, LLC (Icahn Sourcing) is an entity formed and controlled by Mr. Carl Icahn in order to maximize the potential buying power of a group of entities with which Mr. Carl Icahn has a relationship in negotiating with a wide range of suppliers of goods, services and tangible and intangible property at negotiated rates. We were a member of the buying group in 2012. We did not pay Icahn Sourcing any fees or other amounts with respect to the buying group arrangement during 2012.

In December, 2012, Icahn Sourcing advised us that effective January 1, 2013 it would restructure its ownership and change its name to Insight Portfolio Group LLC (Insight Portfolio Group). In connection with the restructuring, ARI acquired a minority equity interest in Insight Portfolio Group and agreed to pay a portion of Insight Portfolio Group's operating expenses in 2013. A number of other entities with which Mr. Carl Icahn has a relationship also acquired equity interests in Insight Portfolio Group and also agreed to pay certain of Insight Portfolio Group's operating expenses in 2013.

Transactions with M. W. Recycling

In June 2011, we entered into a scrap agreement with M. W. Recycling (MWR), a company controlled by Mr. Carl Icahn. Under the agreement, we sell and MWR purchases scrap metal from several of our plant locations. This agreement was approved by our audit committee on the basis that the terms of the agreement were no less favorable than those that would have been obtained from an independent third party. For the fiscal year ended December 31, 2012, MWR collected scrap material and paid us \$8.6 million.

CERTAIN TRANSACTIONS INVOLVING JAMES J. UNGER

Facilities Leasing Arrangements

Our headquarters facility and our Corbitt manufacturing facility in St. Charles, Missouri are owned by St. Charles Properties, an entity controlled by Mr. Unger, the vice chairman of our board of directors. On October 29, 2010, we entered into a new lease agreement, commencing January 1, 2011, with a term of eleven years and total base rent of \$6.4 million over the term of the agreement with St. Charles Properties for our headquarters facility. We are required to pay monthly rent and a portion of all tax increases assessed or levied upon the property and increases to the cost of the utilities and other services used.

We have leased our Corbitt manufacturing facility directly from St. Charles Properties since 2005. On February 28, 2011, we renewed the lease for one successive five-year term with a total base rent of \$1.8 million. We are required to pay all tax increases assessed or levied upon the property and the cost of the utilities we use, as well as repair and maintain the facility at our expense.

In 2012, we incurred \$1.0 million of costs under these two leasing arrangements.

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

Our audit committee, which is comprised of independent members of our board of directors, is responsible under its charter for reviewing and approving "related person transactions," as those terms are defined by the SEC, for potential conflict of interest situations on an ongoing basis, unless such duty has been delegated to another committee of our board of directors consisting solely of independent directors.

At each audit committee meeting, management reports any related person transactions under consideration. After review, the audit committee approves or disapproves such transactions. In reviewing, approving or ratifying related person transactions, the audit committee is responsible for obtaining the material facts of the related person transaction, reviewing whether the related person transaction is on terms no less favorable to us than terms generally available to us from an unaffiliated third party under the same or similar circumstances, and considering such factors as it deems appropriate.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (Dodd-Frank Act) and the North Dakota Publicly Traded Corporations Act both afford our shareholders the right to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with applicable rules.

Our executive compensation programs are designed to help us attract and retain superior executive talent, while providing competitive and differentiated levels of pay based on corporate and individual performance that reinforce the alignment of the interests of the members of our executive management team with those of our shareholders. Please read “Compensation Discussion and Analysis” beginning on page 14 for details about our executive compensation programs, including information about the 2012 compensation of our named executive officers and the compensation committee report beginning on page 17.

We are asking our shareholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives you as a shareholder the opportunity to express your views on our named executive officers’ compensation. This vote is not intended to address any specific element of our compensation programs, but rather to address our overall approach to the compensation of our named executive officers described in this proxy statement. To that end we will ask our shareholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2013 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables, narrative disclosure and the report of the compensation committee of the board of directors.”

Vote Required

The affirmative vote of a majority of shares present, in person or represented by proxy, and voting on this proposal is required to approve on an advisory basis the executive compensation as disclosed in this proxy statement. Abstentions are included in the number of shares present or represented for purposes of quorum, but broker “non-votes” are not considered as shares voting or as votes cast with respect to any matter presented at the Annual Meeting. As a result, abstentions will be tantamount to a vote against the proposal to approve executive compensation as disclosed in this proxy statement, but broker “non-votes” will have no effect on the resolution.

Your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of our named executive officers. Because your vote is advisory, it will not be binding upon the Company, the compensation committee or our board of directors. Our board of directors and the compensation committee will, however, take into account the outcome of the say-on-pay vote when considering future compensation arrangements.

The Board of Directors unanimously recommends that you vote “FOR” this proposal.

OTHER MATTERS

Shareholder Proposals and Nominations for Director

A request by a shareholder that the Company include in its proxy materials for its 2014 Annual Meeting of Shareholders such shareholder’s nomination of a candidate for election to the Company’s board of directors or such shareholder’s proposal of any other business to be brought before the annual meeting must be received by the Company no later than December 31, 2013. These nominations and proposals must also meet the other requirements of the rules of the SEC and the Company’s By-laws relating to shareholder nominations and proposals.

A shareholder who wishes to nominate a candidate for election to the Company’s board of directors or make a proposal for

other business to be brought before the Company's 2014 Annual Meeting of Shareholders without requiring the Company to include such nomination or proposal in its proxy materials, must give timely notice thereof in writing to: c/o Secretary, American Railcar Industries, Inc., 100 Clark Street, St. Charles, Missouri 63301.

To be timely, a shareholder's notice must be delivered to or mailed and received at the principal executive offices of the Company no earlier than February 3, 2014 and no later than the later of (i) March 7, 2014 and (ii) twenty-five days after the Company has made a public announcement of its 2014 Annual Meeting of Shareholders in accordance with the North Dakota Publicly Traded Corporations Act. If a shareholder who wishes to make a nomination or present a proposal fails to notify the Company by this date, the proxies that management solicits for the meeting will have discretionary authority to vote on the shareholder's nomination or proposal if it is properly brought before the Annual Meeting. If a shareholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the SEC. If the date of the Company's 2014 Annual Meeting is changed by more than five (5) days from the anniversary date of the 2013 Annual Meeting, then a shareholder nomination and proposal to be timely must be received no later than ninety (90) days prior to the date of the 2014 Annual Meeting of Shareholders.

Shareholder notices must contain specified information and conform to certain requirements set forth in the Company's by-laws. Notices regarding nominations of a candidate for election to the Company's board of directors should state whether or not the person(s) making the recommendation are "qualified shareholders" under the North Dakota Publicly Traded Corporations Act and should comply with applicable provisions of the Company's by-laws.

All shareholder nominations and proposals must satisfy any applicable requirements of the Company's by-laws, rules of the SEC and North Dakota corporate law, including the North Dakota Publicly Traded Corporations Act. The Company's board of directors may refuse to acknowledge the nomination or proposal not made in compliance with applicable laws and regulations and the Company's by-laws.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10 percent of our Common Stock to file initial reports of their ownership and changes in ownership of our Common Stock with the SEC. To the best of our knowledge, based solely on a review of reports furnished to us and written representations from reporting persons, each person who was required to file such reports complied with the applicable filing requirements during 2012.

Shareholders Sharing an Address

Only one proxy statement is being delivered to multiple shareholders sharing an address, unless we have received contrary instructions from one or more of the shareholders. We will undertake to deliver promptly upon written or oral request a separate copy of the proxy statement to a shareholder at a shared address to which a single copy of the proxy statement was delivered. You may make a written or oral request by sending a written notification to the Secretary, American Railcar Industries, Inc., 100 Clark Street, St. Charles, Missouri 63301, stating your name, your shared address, and the address to which we should direct the additional copy of the information statement, or by calling our executive office at (636) 940-6000. If multiple shareholders sharing an address have received one copy of this proxy statement and would prefer us to mail each shareholder a separate copy of future mailings, you may send notification to or call our executive office. Additionally, if current shareholders with a shared address received multiple copies of this proxy statement and would prefer us to mail one copy of future mailings to shareholders at the shared address, notification of that request may also be made by mail or telephone call to our executive office.

Report on Form 10-K

The Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, as filed with the SEC, including financial statements, was included with the Annual Report mailed to each shareholder with this Proxy Statement. Incorporation by Reference

To the extent that this proxy statement has been or will be specifically incorporated by reference into any filing by the Company under the Securities Act or the Exchange Act, the section of the proxy statement entitled "Audit Committee Report" shall not be deemed to be so incorporated, unless specifically otherwise provided in any such filing.

Management knows of no other matters that will be presented for action at the Annual Meeting. However, the enclosed proxy gives discretionary authority to the persons named in the proxy in the event that any other matters should be properly presented to the meeting.

It is important that proxies be returned promptly. Therefore, shareholders are urged, regardless of the number of shares owned, to date, sign and return the enclosed proxy in the enclosed envelope.
