PROXY STATEMENT

For the Annual Meeting of Stockholders
To Be Held on June 1, 2005

This proxy statement is furnished in connection with the solicitation by the board of directors of Curis, Inc. of proxies for use at the annual meeting of stockholders to be held on June 1, 2005 at 10:00 a.m., Boston time, at the offices of Wilmer Cutler Pickering Hale and Dorr LLP, 60 State Street, Boston, Massachusetts 02109 and at any adjournments thereof. Except where the context otherwise requires, references to "Curis," "we," "us," "our," and similar terms refer to Curis, Inc. and any of its subsidiaries.

Proxies will be voted in accordance with the instructions of the stockholders. If a proxy is returned signed with no choices specified, it will be voted in favor of the matters set forth in the accompanying notice of meeting. A proxy may be revoked by a stockholder at any time before its exercise by delivery of a written revocation to our secretary. Attendance at the meeting will not itself be deemed to revoke a proxy unless the stockholder gives affirmative notice at the meeting that the stockholder intends to revoke the proxy and vote in person.

On April 4, 2005, the record date for determination of stockholders entitled to vote at the meeting, an aggregate of 47,882,751 shares of our common stock were outstanding and entitled to vote. As a stockholder, you are entitled to one vote at the meeting for each share of common stock registered in your name at the close of business on the record date. The proxy card states the number of shares you are entitled to vote at the meeting.

The notice of meeting, this proxy statement, the enclosed proxy card and our annual report to stockholders for the year ended December 31, 2004 are first being mailed or provided to stockholders on or about April 20, 2005. We will, upon written request of any stockholder, furnish copies of the exhibits to our 2004 annual report to stockholders. Please address all such requests to us at 61 Moulton Street, Cambridge, Massachusetts 02138, Attention: Secretary.

Votes Required

The holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the meeting will constitute a quorum for the transaction of business at the meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval, will be counted for the purpose of determining whether a quorum exists at the meeting.

The affirmative vote of the holders of a plurality of the votes cast by the stockholders entitled to vote at the meeting is required for the election of directors. The affirmative vote of the holders of a majority of the shares of common stock present or represented by proxy and voting on the matter is required to ratify the appointment of PricewaterhouseCoopers LLP as our independent public accountants for the current fiscal year.

Shares which abstain from voting as to a particular matter, and shares held in “street name” by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and “broker non-votes” will have no effect on the voting on the matters to be voted on at the meeting, each of which requires the affirmative vote of either a plurality of the votes cast, with respect to the election of directors, or a majority of the shares present in person or represented by proxy and voting on the matter, with respect to any matter other than the election of directors.

Householding of Annual Meeting Materials

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of this proxy statement or our 2004 annual report to stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document if you write or call us at the following address or telephone number: 61 Moulton Street, Cambridge, Massachusetts 02138, Attention: Secretary, (617) 503-6500. If you want separate copies of the proxy statement and 2004 annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address or telephone number.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information, as of December 31, 2004, with respect to the beneficial ownership of shares of our common stock by:

- each person known to us to beneficially own more than 5% of the outstanding shares of common stock,
- each of our directors and nominees for director,
- each of the chief executive officer and the four other most highly compensated executive officers who were serving as executive officers on December 31, 2004, and
- all current directors and executive officers as a group.

The number of shares of common stock beneficially owned by each person is determined under rules promulgated by the United States Securities and Exchange Commission, or SEC. Under these rules, a person is deemed to have “beneficial ownership” of any shares over which that person has voting or investment power, or shares such power, plus any shares that the person may acquire within 60 days, including through the exercise of stock options. For each person named in the table, the number in the “Shares Acquirable Within 60 Days” column consists of shares underlying stock options that may be exercised within 60 days after December 31, 2004. Unless otherwise indicated, each person in the table has sole voting and investment power over the shares listed. The inclusion in the table of any shares does not constitute an admission of beneficial ownership of those shares by the named stockholder. For each person, the “Number of Shares Beneficially Owned” column may include shares of common stock attributable to the person due to that person’s voting or investment power or other relationship.

* Less than 1% of the outstanding common stock.

- (1) The percent of ownership for each stockholder on December 31, 2004 is calculated by dividing (1) the total number of shares beneficially owned by the stockholder by (2) the sum of 47,517,413 shares of our common stock that were outstanding on December 31, 2004, plus any shares acquirable, including stock options or warrants to purchase our common stock that are exercisable, by that stockholder within 60 days after December 31, 2004.
- (2) The number of shares owned by Mr. McNab consists of 849,869 shares of common stock held directly by Mr. McNab, 130,975 shares held by the McNab Family LLC, 100,000 shares held by the JR & MW McNab Operating LP, and 5,000 shares held by a dependent child of Mr. McNab. Mr. McNab disclaims beneficial ownership of the 5,000 shares held by his dependent child, and this report should not be deemed an admission that Mr. McNab is the beneficial owner of his dependent child's shares for Section 16 or any other purpose.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Based solely on our review of copies of reports filed by the reporting persons furnished to us, we believe that during the fiscal year ended December 31, 2004, the reporting persons complied with all Section 16(a) filing requirements.

Board Determination of Independence

Under NASDAQ rules, a director will only qualify as an “independent director” if, in the opinion of our board of directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined that none of Ms. Bayh, Dr. Davie, Mr. Greenacre, Dr. Kaitin, Mr. McNab or Mr. Tobin has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an “independent director” as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules.

Board Meetings and Attendance

Directors are expected to attend the annual meeting of stockholders. All directors attended the 2004 annual meeting of stockholders, except Dr. Melton. The board met six times during the fiscal year ended December 31, 2004, either in person or by teleconference. During the fiscal year ended December 31, 2004, all of our directors attended at least 75% of our board meetings and meetings of the committees on which he or she then served, except for Dr. Melton, who attended 33% of our board meetings.

Board Committees

The board of directors has established three standing committees – the audit, compensation, and nominating and corporate governance committees. The audit, compensation, and nominating and corporate governance committees each operate under a charter that has been approved by the board of directors. Copies of these committee charters are posted on our website at www.curis.com.

The board of directors has determined that all of the current members of each of the board’s three standing committees are independent as defined under the NASDAQ rules that became applicable to us on the date of the 2004 annual meeting of stockholders, including, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934.

Audit Committee

The audit committee’s responsibilities include:

- appointing, approving the compensation of, and assessing the independence of our independent auditors;
- pre-approving all audit and non-audit services of our independent auditors, except for de minimis non-audit services which are approved in accordance with applicable SEC rules, including meeting with our independent auditors prior to the annual audit to discuss the planning and staffing of the audit;

-
- overseeing the work of our independent auditors, including through the receipt and consideration of certain reports from independent auditors, and making recommendations to our board of directors as to whether or not our audited financial statements should be included in our Annual Report on Form 10-K;
 - reviewing and discussing with management and the independent auditors our annual and quarterly financial statements and related disclosures, earnings releases and other publicly disseminated financial information;
 - reviewing and discussing with our independent auditors concerning the quality, not just the acceptability of our accounting determinations, particularly with respect to judgmental areas;
 - monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;
 - discussing our risk management policies;
 - establishing policies regarding hiring employees from the independent auditor and procedures for the receipt and retention of accounting related complaints and concerns;
 - meeting independently with our independent auditors and management on a quarterly basis;
 - reviewing and approving all related party transactions on an ongoing basis;
 - establishing, and periodically reviewing, complaint procedures for (i) the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters; and
 - preparing the report of the audit committee required by SEC rules, which is included on page 19 of this proxy statement.

The members of the audit committee are Ms. Bayh, Mr. Greenacre and Mr. McNab. Mr. McNab replaced Dr. Davie on the audit committee in November 2004. The audit committee met nine times during the fiscal year ended December 31, 2004. The board of directors has determined that Mr. Greenacre is an “audit committee financial expert” as defined in Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934.

Compensation Committee

The compensation committee’s responsibilities include:

- determining the chief executive officer’s compensation;
- reviewing and approving, or making recommendations to the board with respect to, the compensation of our other executive officers;
- overseeing an evaluation of our senior executives;
- overseeing and administering our cash and equity incentive plans;
- reviewing and making recommendations to the board with respect to director compensation;
- preparing the report of the compensation committee on executive compensation required by SEC rules, which is included on page 17 of this proxy statement; and
- reviewing and making recommendations to the board with respect to management succession planning.

The members of the compensation committee are Ms. Bayh, Dr. Kaitin and Mr. Tobin. The compensation committee met three times during the fiscal year ended December 31, 2004.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee's responsibilities include:

- identifying individuals qualified to become board members;
- recommending to the board the persons to be nominated for election as directors and to each of the board's committees; and
- overseeing an annual evaluation of the board.

The members of the nominating and corporate governance committee are Ms. Bayh, Dr. Kaitin and Mr. Greenacre. The nominating and corporate governance committee met five times during the fiscal year ended December 31, 2004.

Director Candidates

The process followed by the nominating and corporate governance committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the nominating and corporate governance committee and the board.

In considering whether to recommend any particular candidate for inclusion in the board's slate of recommended director nominees, the nominating and corporate governance committee will apply the criteria set forth in its charter. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, freedom from conflicts of interest and the ability to act in the interests of all stockholders. The committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates by submitting candidate names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, c/o Secretary, Curis, Inc., 61 Moulton Street, Cambridge, Massachusetts 02138. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If the board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting.

Stockholders also have the right to nominate director candidates themselves, without any prior review or recommendation by the committee or the board of directors, by following the procedures set forth under "Stockholder Proposals for 2006 Annual Meeting."

Communicating with the Independent Directors

The board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The chairman of the board of directors, with the assistance of our general counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he or she considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chairman of the board considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the board should address such communications to the Chairman of the Board of Directors, c/o Secretary, Curis, Inc., at 61 Moulton Street, Cambridge, Massachusetts 02138.

Director Compensation

During the first half of 2004, cash compensation for our non-employee directors was set at the following amounts: \$10,000 as an annual retainer; \$1,000 for each board meeting attended in person; and \$500 for each telephonic board meeting. Non-employee directors who are members of a committee of the board received cash compensation in the amount of \$1,000 for each committee meeting attended in person on a day other than a day on which a board meeting is held and \$500 for each telephonic committee meeting.

Effective June 2, 2004, cash compensation for our non-employee directors was increased to the following amounts: \$15,000 as an annual retainer; \$1,500 for each board meeting attended in person; and \$750 for each telephonic board meeting. Non-employee directors who are members of a committee of the board receive cash compensation in the amount of \$1,500 for each committee meeting attended in person on a day other than a day on which a board meeting is held and \$750 for each telephonic committee meeting. In addition, each non-employee director who is a chairman of a committee of the board received an annual retainer of \$5,000. Mr. Tobin, as chairman of the compensation committee, elected to waive his annual committee chairman retainer for the first year.

The chairman of the board of directors received, as compensation for his service as a director, \$10,000 per month plus a payment for his annual health insurance expense, which equaled \$9,713 for the fiscal year ended December 31, 2004. Non-employee directors are reimbursed for reasonable out-of-pocket expenses incurred in attending any board or committee meetings. Directors are also eligible to receive stock awards pursuant to our 2000 stock incentive plan and 2000 director stock option plan, as further described below.

Directors who are our employees are not compensated for their attendance at board or committee meetings.

2000 Stock Incentive Plan

In March 2000, the board adopted and, in June 2000, the stockholders approved, the 2000 stock incentive plan, which permits the grant of incentive and non-qualified stock options as well as the issuance of restricted shares. As of December 31, 2004, 14,000,000 shares of common stock were reserved for issuance under the 2000

stock incentive plan, 4,854,543 shares of common stock were issuable upon exercise of outstanding options granted under the 2000 stock incentive plan, and 2,956,126 shares were available for future issuance under the 2000 stock incentive plan.

Our directors are eligible for non-statutory stock options or stock awards under our 2000 stock incentive plan. The board determines the conditions and limitations applicable to the exercise of each option, including the period of time options may be exercised following termination from the board. The exercise price for non-statutory stock options is as determined by the board. Stock options are not granted for terms in excess of 10 years. Non-statutory stock options are transferable from a director to his or her spouse, lineal ancestor or descendant, brother or sister and to any trust for the benefit of such persons or to any charitable trust. In the event of an acquisition event, as defined in the 2000 stock incentive plan, the board shall provide that all outstanding options shall be assumed, or equivalent options shall be substituted, by the acquiring or succeeding company. In the event an acquisition event also constitutes a change of control event, as defined in the 2000 stock incentive plan, 50% of any unvested non-statutory stock options will become exercisable immediately prior to the acquisition event, and the remaining 50% of the unvested non-statutory stock options will continue to vest according to the original vesting schedule.

During the fiscal year ended December 31, 2004, we made the following stock awards, which were fully vested on the date of grant, to our non-employee directors pursuant to the 2000 stock incentive plan in partial compensation for their services as directors:

Ms. Bayh	6/25/04	5,000	\$ 4.56

2000 Director Stock Option Plan

The 2000 director stock option plan was adopted by the board in March 2000 and approved by our stockholders in June 2000. A maximum of 500,000 shares are reserved for issuance under the 2000 director stock option plan. Under the 2000 director stock option plan, our directors who are not our employees are eligible to receive non-statutory options to purchase shares of common stock. As of December 31, 2004, a total of 164,062 shares of common stock were issuable upon exercise of outstanding options granted under the plan and 175,000 shares were available for future issuance.

Pursuant to the 2000 director stock option plan, each non-employee director receives options to purchase 25,000 shares of common stock on the date of his or her initial election. These option grants vest ratably over four years on (a) the first anniversary of the date of grant and (b) the day before the annual meeting of stockholders each year thereafter. No further vesting shall occur with respect to an option granted after the optionee ceases to be a non-employee director. In addition, each non-employee director, other than a director who was initially elected to the board at any such annual meeting or, if previously, at any time after the prior

year's annual meeting, receives options to purchase 5,000 shares of common stock on the date of each annual meeting of stockholders, provided that such director continues to serve as a director immediately after such annual meeting. The options granted annually are fully vested and exercisable upon the date of grant. The exercise price of options granted under the plan equals the closing price of the common stock on the date of grant as reported on NASDAQ, or such other nationally recognized exchange or trading system if the common stock is no longer traded on NASDAQ. Immediately prior to the occurrence of an acquisition event, as defined in the 2000 director stock option plan, each outstanding option granted under the plan shall immediately become vested and exercisable in full. Options granted under the plan shall terminate, and may no longer be exercised, on the earlier of (i) the date ten years after the grant date of such option or (ii) the first anniversary of the date on which the optionee ceases to serve as a director; provided, however, that in the event that a non-employee director has served as a director for at least five years, each option held by such director shall terminate, and may no longer be exercised, on the date ten years after the grant date of the applicable option.

During the fiscal year ended December 31, 2004, the following fully vested grants were made to our current non-employee directors pursuant to the 2000 director stock option plan:

Name	Grant Date	Options	
		Underlying Shares	Exercise Price
Ms. Bayh	6/25/04	5,000	\$ 4.56

Option Grants

The following table sets forth certain information concerning grants of stock options made to each of our named executive officers during the fiscal year ended December 31, 2004.

Amounts reported in the potential realizable value columns below represent amounts that may be realized upon exercise of the options immediately prior to the expiration of their terms assuming the specified compound rates of appreciation, 5% and 10%, on the market value of the common stock on the date of option grant over the term of the options. These numbers are calculated based on rules promulgated by the SEC and do not reflect our estimate of future stock price growth. Actual gains, if any, on stock option exercises and common stock holdings are dependent on the timing of such exercise and the future performance of the common stock. There can be no assurance that the rates of appreciation assumed in this table can be achieved or that the amounts reflected will be received by the option holder.

Report of the Compensation Committee on Executive Compensation

Overview and Philosophy

The compensation committee is responsible for establishing the compensation of, and the compensation policies with respect to, our executive officers, including the chief executive officer, and administering our 2000 employee stock purchase plan and 2000 stock incentive plan. The compensation committee is currently comprised of three non-employee directors, Ms. Bayh, Dr. Kaitin and Mr. Tobin. Mr. Tobin is the chairman of the compensation committee.

The objectives of our executive compensation program are to:

- attract and retain key executives critical to our long-term success;
- align the interests of executive officers with the interests of stockholders and our success; and
- recognize and reward individual performance and responsibility.

Executive Compensation Program

General. Our executive compensation program consists of base salary, short-term incentive compensation in the form of cash bonuses and long-term incentive compensation in the form of stock options. In addition, executive officers are entitled to participate in benefit programs that are available to our employees, generally. These benefit programs include medical benefits, the 2000 employee stock purchase plan and the Curis, Inc. 401(k) plan.

Base Compensation. Mr. Passeri, our chief executive officer, is a party to a multi-year employment agreement with us. The compensation committee believes that the base salary of Mr. Passeri is within the range of compensation for chief executives with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses.

For the fiscal year ended December 31, 2004, compensation for other executive officers was set within the range of compensation for executives with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses, based on the determination of the compensation committee. In addition, base compensation for each executive officer was determined on a case-by-case basis in light of each individual's contribution to us as a whole, including the ability to motivate others, develop the necessary skills to grow as we mature, recognize and pursue new business opportunities and initiate programs to enhance our growth and success.

Short-Term Incentive Compensation. The compensation committee has discretionary authority to award bonuses to individual executive officers. During the fiscal year ended December 31, 2004, the compensation committee did not award any short-term incentive bonuses.

Long-Term Incentive Compensation. We provide long-term incentives to our executive officers and key employees in the form of stock options. The objectives of this program are to align executive and stockholder long-term interests by creating a strong and direct link between executive compensation and stockholder return, and to enable executives to develop and maintain a significant, long-term stock ownership position in our common stock. Stock options are granted at an option exercise price that is determined by the board as of the date of grant. Historically, the option exercise price has been the fair market value of the common stock at the

time the option is granted; or, in the case of incentive stock options granted to optionees holding more than 10% of the total combined voting power of all classes of stock of our or any parent or subsidiary corporation, 110% of the fair market value of the common stock at the time the option is granted. Accordingly, these stock options will only have value if our stock price increases above the fair market value of the common stock at the time the options were granted. In selecting executives eligible to receive option grants and determining the amount and frequency of such grants, the compensation committee evaluates a variety of factors, including (i) the job level of the executive, (ii) option grants awarded by competitors to executives at comparable job levels and (iii) past, current and prospective service to us rendered, or to be rendered, by the executive. During the fiscal year ended December 31, 2004, we granted options to purchase an aggregate of 450,000 shares of common stock to our executive officers at a weighted average exercise price of \$4.56 per share. Of this amount, options to purchase 175,000 shares were granted to Mr. Passeri.

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the chief executive officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The compensation committee reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the compensation committee believes such payments are appropriate and in the best interests of us and our stockholders, after taking into consideration changing business conditions and the performance of our employees.

Mr. Passeri's 2004 Compensation. In determining Mr. Passeri's 2004 overall compensation, the compensation committee considered, among other things, our financial performance, our achievement of targeted goals for the development of our products under development, an assessment of continuing progress of our business plan, Mr. Passeri's overall compensation package relative to that of other chief executives in our industry and past stock and option awards. To ensure a close alignment of Mr. Passeri's interests with those of our stockholders, a portion of his overall compensation is paid in restricted stock and/or option awards. The compensation committee believes that Mr. Passeri's 2004 overall compensation has been set at a level that is competitive with other companies in the industry.

Compensation Committee Interlocks and Insider Participation.

During the fiscal year ended December 31, 2004, Ms. Bayh, Mr. Tobin and Dr. Kaitin served as members of the compensation committee. Neither Ms. Bayh, Mr. Tobin nor Dr. Kaitin has served as an officer or employee of Curis. There was no transaction, or series of similar transactions, during 2004, or any currently proposed transaction, or series of similar transactions, to which we were or are to be a party, in which the amount involved exceeds \$60,000 and in which Ms. Bayh, Mr. Tobin or Dr. Kaitin, or any member of their immediate families, had, or will have, a direct or indirect material interest. During 2004, none of our executive officers served as a director or member of the compensation committee of any other entity whose executive officers served as director or member of our compensation committee.

Report of the Audit Committee of the Board of Directors

The audit committee has reviewed our audited financial statements for the fiscal year ended December 31, 2004, and has discussed these financial statements with our management and our independent auditors.

Our management is responsible for the preparation of our financial statements and for maintaining an adequate system of disclosure controls and procedures and internal control over financial reporting for that purpose. Our independent auditors are responsible for conducting an independent audit of our annual financial statements in accordance with generally accepted auditing standards and issuing a report on the results of their audit. The audit committee is responsible for providing independent, objective oversight of these processes.

The audit committee has also received from, and discussed with, our independent auditors various communications that our independent auditors are required to provide to the audit committee, including the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). SAS No. 61, as codified in AU Section 380 of the Codification of Statements on Auditing Standards, requires our independent auditors to discuss with our audit committee, among other things, the following:

- methods to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

Our independent auditors also provided the audit committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. The audit committee has discussed with the independent auditors their independence from Curis.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the audit committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2004.

Pre-Approval Policy and Procedures

The audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent auditor. This policy generally provides that we will not engage our independent auditor to render audit or non-audit services unless the service is specifically approved in advance by the audit committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

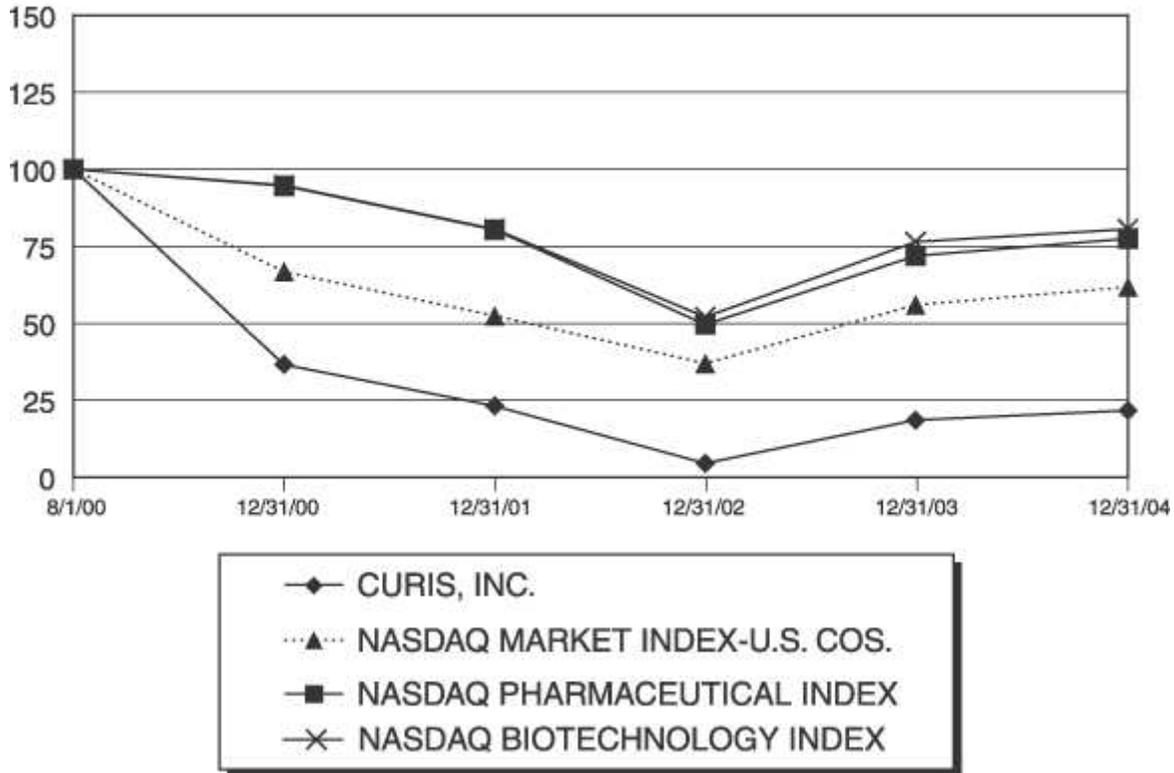

From time to time, the audit committee may pre-approve specified types of services that are expected to be provided to us by our independent auditor during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The audit committee has also delegated to the chairman of the audit committee the authority to approve any audit or non-audit services to be provided to us by our independent auditor. Any approval of services by a member of the audit committee pursuant to this delegated authority is reported on at the next meeting of the audit committee.

Comparative Stock Performance

The graph below compares the cumulative total stockholder return on the common stock for the period from August 1, 2000, through December 31, 2004, with the cumulative total return on (i) NASDAQ Market Index—U.S. Companies, (ii) NASDAQ Pharmaceutical Index and (iii) NASDAQ Biotechnology Index. The comparison assumes investment of \$100 on August 1, 2000 in our common stock and in each of the indices and, in each case, assumes reinvestment of all dividends. **PROPOSAL 2—RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT PUBLIC ACCOUNTANTS**

The audit committee has selected PricewaterhouseCoopers LLP as our independent public accountants for the year ending December 31, 2005. PricewaterhouseCoopers LLP has served as our independent public accountants since April 26, 2002. Although stockholder approval of the audit committee's selection of PricewaterhouseCoopers LLP is not required by law, the board and the audit committee believe that it is advisable to give stockholders an opportunity to ratify this selection. If the stockholders do not ratify the selection of PricewaterhouseCoopers LLP, the audit committee will reconsider the matter. A representative of PricewaterhouseCoopers LLP is expected to be present at the meeting to respond to appropriate questions and to make a statement if he or she so desires.

During our two most recent fiscal years, neither we nor anyone acting on our behalf consulted with PricewaterhouseCoopers LLP regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, and neither a written report nor oral advice was provided to us by PricewaterhouseCoopers LLP that was an important factor considered by us in reaching a decision as to any accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

THE BOARD OF DIRECTORS BELIEVES THAT THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT ACCOUNTANTS FOR THE YEAR ENDING DECEMBER 31, 2005 IS IN THE BEST INTERESTS OF CURIS AND ITS STOCKHOLDERS AND THEREFORE RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL.

STOCKHOLDER PROPOSALS FOR 2006 ANNUAL MEETING

Any proposal that a stockholder of Curis wishes to be considered for inclusion in our proxy statement and proxy for the 2006 annual meeting of stockholders must be submitted to our secretary at our offices, 61 Moulton Street, Cambridge, Massachusetts 02138, no later than December 21, 2005.

If a stockholder of Curis wishes to present a proposal at the 2006 annual meeting, but does not wish to have the proposal considered for inclusion in our proxy statement and proxy, such stockholder must also give written notice to our secretary at the address noted above. The secretary must receive such notice not less than 60 days nor more than 90 days prior to the 2006 annual meeting; provided that, in the event that less than 70 days' notice or prior public disclosure of the date of the 2006 annual meeting is given or made, notice by the stockholder must be received not later than the close of business on the 10th day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made, whichever occurs first. The date of our 2006 annual meeting has not yet been established, but assuming it is held on June 1, 2006, in order to comply with the time periods set forth in our by-laws, appropriate notice for the 2006 annual meeting would need to be provided to our secretary no earlier than March 3, 2006, and no later than March 31, 2006. If a stockholder fails to provide timely notice of a proposal to be presented at the 2006 annual meeting, the proxies designated by the board will have discretionary authority to vote on any such proposal.

OTHER MATTERS

The board knows of no other business, which will be presented for consideration at the meeting other than that described above. However, if any other business should come before the meeting, it is the intention of the persons named in the enclosed proxy card to vote, or otherwise act, in accordance with their best judgment on such matters.

We will bear the costs of soliciting proxies. In addition to solicitations by mail, our directors, officers and regular employees may, without additional remuneration, solicit proxies by telephone, facsimile and personal interviews. We will also request brokerage houses, custodians, nominees and fiduciaries to forward copies of the proxy material to those persons for whom they hold shares and request instructions for voting the proxies. We will reimburse such brokerage houses and other persons for their reasonable expenses in connection with this distribution.

THE BOARD HOPES THAT STOCKHOLDERS WILL ATTEND THE MEETING. WHETHER OR NOT YOU PLAN TO ATTEND, YOU ARE URGED TO COMPLETE, SIGN AND DATE THE ENCLOSED PROXY CARD AND RETURN IT IN THE ACCOMPANYING ENVELOPE. PROMPT RESPONSE WILL GREATLY FACILITATE ARRANGEMENTS FOR THE MEETING AND YOUR COOPERATION IS APPRECIATED. STOCKHOLDERS WHO ATTEND THE MEETING MAY VOTE THEIR STOCK PERSONALLY EVEN THOUGH THEY HAVE SENT IN THEIR PROXY CARDS.

By Order of the Board of Directors,

/s/ Mary Elizabeth Potthoff
