Norwegian Cruise Line Holdings Announces Refinancing of its Senior Secured Credit Facility

MIAMI, June 07, 2016 (GLOBE NEWSWIRE) -- Norwegian Cruise Line Holdings Ltd. (Nasdaq:NCLH) (together with NCL Corporation Ltd., "Norwegian Cruise Line Holdings", "Norwegian" or the "Company,") today announced the refinancing of its senior secured credit facility.

The Company has amended its existing senior secured credit facility by extending the maturity of its \$625 million revolving credit facility ("Revolver") and its \$1.16 billion term loan facility ("Term Loan") from May 2018 to June 2021. In addition, the amendment increased the amount of commitments under the Revolver from \$625 million to \$750 million and the amount outstanding under the Term Loan from \$1.16 billion to \$1.51 billion. The proceeds from the increase in the Term Loan were used to prepay the entire outstanding principal amount of the Company's \$350 million senior secured term loan, resulting in no change to the Company's total outstanding debt. Both the Revolver and Term Loan bear interest at LIBOR plus an applicable margin of between 1.50% and 2.25%, depending on the Company's leverage ratio. The \$350 million senior secured term loan bore interest at LIBOR plus 3.25%.

"The refinancing of this facility further builds on our foundation for the future by strengthening our liquidity profile and extending the maturity," said Wendy Beck, executive vice president and chief financial officer of Norwegian Cruise Line Holdings Ltd. "Strong support from our bank syndicate enabled us to opportunistically upsize the transaction to prepay our \$350 million term loan with a facility that has more favorable rates, thereby reducing interest expense," continued Beck.
