ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the U.S. Securities and Exchange Commission ("SEC") utilizing a shelf registration process. Under this shelf registration process, the selling stockholders named in this prospectus or any supplement to this prospectus may sell the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of our common stock and warrants. The selling stockholders are required to provide you with this prospectus and, in certain cases, a prospectus supplement containing specific information about the selling stockholders and the terms upon which the securities are being offered. A prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with the additional information described under the headings "Where You Can Find More Information" and "Incorporation by Reference" below.

You should rely only on the information included or incorporated by reference in this prospectus or any prospectus supplement. Neither we nor the selling stockholders have authorized anyone else to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell in any jurisdiction in which the offer is not permitted. You should not assume that the information in this prospectus, any prospectus supplement or any other document incorporated by reference in this prospectus is accurate as of any date other than the dates of the applicable documents in which such information appears.

Unless the context requires otherwise or unless otherwise noted, all references in this prospectus or any prospectus supplement to "Halcón" and to the "Company," "we," "us" or "our" are to Halcón Resources Corporation and its consolidated subsidiaries.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The information in this prospectus, including information in documents incorporated by reference, contains "forward-looking statements" within the meaning of the Securities Act of 1933, as amended (the "Securities Act") and the Securities Exchange Act of 1934, as amended (the "Exchange Act"). All statements, other than statements of historical facts, included in or incorporated by reference into this prospectus concerning, among other things, planned capital expenditures, potential increases in oil and natural gas production, the number and location of wells to be drilled in the future, future cash flows and borrowings, pursuit of potential acquisition opportunities, our financial position, business strategy and other plans and objectives for future operations, are forward-looking statements. These forward-looking statements may be, but are not always, identified by their use of terms and phrases such as "may," "expect," "estimate," "project," "plan," "objective," "believe," "predict," "intend," "achievable," "anticipate," "will," "continue," "potential," "should," "could" and similar terms and phrases. Although we believe that the expectations reflected in these forward-looking statements are reasonable, they do involve certain assumptions, risks and uncertainties. Actual results could differ materially from those anticipated in these forward-looking statements. You should consider carefully the risks described under the "Risk Factors" section of this prospectus, as well as the risks described in our most recent Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and the other disclosures contained or incorporated by reference herein and therein, which describe factors that could cause our actual results to differ from those anticipated in the forward-looking statements, including, but not limited to, the following factors:

- volatility in commodity prices for oil and natural gas, including the current sustained decline in the price for oil;
- our ability to generate sufficient cash flow from operations, borrowings or other sources to enable us to fund our operations, satisfy our obligations and develop our undeveloped acreage positions;
- our ability to replace our oil and natural gas reserves and production;
- we have historically had substantial indebtedness and may incur more debt in the future;
- higher levels of indebtedness make us more vulnerable to economic downturns and adverse developments in our business;
- the presence or recoverability of estimated oil and natural gas reserves and the actual future production rates and associated costs;
- our ability to successfully develop our large inventory of undeveloped acreage in our resource plays;
- our ability to retain key members of senior management, members of our board of directors, and key technical employees;
- access to and availability of water and other treatment materials to carry out planned fracture stimulations in our resource plays;
- access to adequate gathering systems, processing facilities, transportation take-away capacity to move our production to market and marketing outlets to sell our production at market prices;
- contractual limitations that affect our management's discretion in managing our business, including covenants that, among other things, limit our ability to incur debt, make investments and pay cash dividends;
- the potential for production decline rates for our wells to be greater than we expect;
- competition, including competition for acreage in resource play holdings;

[Table of Contents](#)

- environmental risks;
- drilling and operating risks;
- exploration and development risks;
- the possibility that the industry may be subject to future regulatory or legislative actions (including any additional taxes and changes in environmental regulation);
- general economic conditions, whether internationally, nationally or in the regional and local market areas in which we do business, may be less favorable than expected, including the possibility that economic conditions in the United States will worsen and that capital markets are disrupted, which could adversely affect demand for oil and natural gas and make it difficult to access capital;
- social unrest, political instability or armed conflict in major oil and natural gas producing regions outside the United States, such as the Middle East, and acts of terrorism or sabotage;
- other economic, competitive, governmental, regulatory, legislative, including federal, state and tribal regulations and laws, geopolitical and technological factors that may negatively impact our business, operations or oil and natural gas prices;
- the possibility that acquisitions and divestitures may involve unexpected costs or delays, and that acquisitions may not achieve intended benefits and may divert management's time and energy;
- the insurance coverage maintained by us may not adequately cover all losses that we may sustain;
- title to the properties in which we have an interest may be impaired by title defects;
- senior management's ability to execute our plans to meet our goals;
- the cost and availability of goods and services, such as drilling rigs, fracture stimulation services and tubulars; and
- our dependency on the skill, ability and decisions of third-party operators of the oil and natural gas properties in which we have a non-operated working interest.

All forward-looking statements are expressly qualified in their entirety by the cautionary statements in this paragraph and elsewhere in this prospectus and the documents incorporated by reference. Other than as required under the securities laws, we do not assume a duty to update these forward-looking statements, whether as a result of new information, subsequent events or circumstances, changes in expectations or otherwise.

THE COMPANY

This summary highlights some of the information contained elsewhere in this prospectus and the documents we incorporate by reference. This summary is not complete and does not contain all of the information that you should consider before deciding whether or not to invest in our common stock or warrants. You should read this entire document and the information incorporated by reference herein before making an investment decision. You should carefully consider the information set forth under "Risk Factors" below, as well as those risks described in our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, as well as the financial information incorporated by reference in this prospectus and the other documents to which we have referred you. In addition, certain statements include forward-looking information that involve risks and uncertainties. See "Cautionary Statement Regarding Forward-Looking Statements."

Halcón Resources Corporation is an independent energy company focused on the acquisition, production, exploration and development of onshore liquids-rich oil and natural gas assets in the United States. We were incorporated in Delaware on February 5, 2004, recapitalized on February 8, 2012 and reorganized on September 9, 2016. During 2012, we focused our efforts on the acquisition of unevaluated leasehold and producing properties in selected prospect areas. In the years since, we have primarily focused on the development of acquired properties and also divested non-core assets in order to fund activities in our core resource plays. Our oil and natural gas assets consist of proved reserves and undeveloped acreage positions in unconventional liquids-rich basins/fields, providing us with an extensive drilling inventory in multiple basins that we believe allow for multiple years of production and broad flexibility to direct our capital resources to projects with the greatest potential returns.

Our principal offices are located at 1000 Louisiana St., Suite 6700, Houston, Texas 77002, telephone number (832) 538-0300, and our website can be found at www.halconresources.com. Unless specifically incorporated by reference in this prospectus, information that you may find on Halcón's website is not part of this prospectus.

RISK FACTORS

Investment in our common stock or warrants involves certain risks. You should carefully consider the risk factors, together with the other information included or incorporated by reference in this prospectus, including the risk factors included in our most recent Annual Report on Form 10-K and, if applicable, in our Quarterly Reports on Form 10-Q and Current Reports on Form 8-K on file with the SEC, each of which is incorporated by reference in this prospectus, before you decide to purchase any of our common stock or warrants. The risks incorporated by reference in this prospectus are the material risks of which we are currently aware; however, they may not be the only risks that we may face. Additional risks and uncertainties not currently known to us or that we currently view as immaterial may also impair our business operations. Any of these risks could materially and adversely affect our business, financial condition, results of operations and cash flows. In that case, you may lose all or part of your investment.

Risks Related to the Warrants

The warrants are a risky investment. You may not be able to recover the value of your investment in the warrants, and the warrants may be worthless when they expire.

On April 3, 2017, the last reported sales price of our common stock on the NYSE was \$7.60 per share, which was less than the \$14.04 exercise price of the warrants, and the last reported sales price of the warrants on the NYSE was \$1.79 per warrant. In order for you to recover the value of your investment upon exercise of the warrants, our stock price must be more than the exercise price of the warrants.

The warrants are exercisable only until September 9, 2020. Generally, the amount of time until expiration is a component of the value of option securities such as the warrants and, as the amount of time until the expiration of the warrants decreases, the market price of the warrants will, holding other variables constant, likely decline. In the event our common stock price does not increase to the level discussed above during the period when the warrants are exercisable, you will likely not be able to recover the value of your investment in the warrants. In addition, as long as our common stock price is below the exercise price of the warrants, the warrants may not have any value and may expire without being exercised, in which case you will lose your entire investment. There can be no assurance that the trading price of our common stock will exceed the exercise price or the price required for you to achieve a positive return on your investment.

There is limited trading activity for the warrants.

While the warrants are listed for trading on the NYSE, the warrants have been thinly traded and we cannot assure you as to the development or liquidity for the warrants, the ability of the holders of the warrants to sell the warrants or any portion thereof or the price at which holders would be able to sell the warrants or any portion thereof. The trading price of the warrants will depend on a number of factors, including but not limited to:

- the number of warrants that the selling stockholders elect to sell in this offering;
- the number of holders of the warrants;
- our performance;
- the market for similar securities;
- the interest of securities dealers in making a market in the warrants; and
- the trading price of our common stock.

In addition, many of the risks that are described elsewhere in this section and in the "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2016, could materially and adversely affect the price of the warrants.

The market price of the warrants will be directly affected by the trading price of our common stock, which may continue to be volatile.

The trading price of our common stock will significantly affect the market price of the warrants. This may result in greater volatility in the market price of the warrants than would be expected for warrants to purchase securities other than common stock. The trading price of our common stock has been and continues to be subject to fluctuation due to factors described in the "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2016, and we cannot predict how shares of our common stock will trade in the future. Increased volatility could result in a decline in the trading price of our common stock, and, in turn, in the market price of the warrants. Our common stock price could also be affected by possible sales of common stock by investors who view the warrants as a more attractive means of equity participation in us and by hedging or arbitrage activity involving our common stock. The hedging or arbitrage of our common stock could, in turn, affect the market price of the warrants.

Until the exercise of the warrants, holders of these securities do not have identical rights as holders of our common stock, but they will be subject to all changes made with respect to our common stock.

Holders of warrants are not entitled to any rights with respect to our common stock (including, without limitation, voting rights and rights to receive any dividends or other distributions on our common stock), but they will be subject to all changes affecting our common stock. Holders of our warrants will have rights with respect to our common stock only if they receive our common stock upon exercise of the warrants and only as of the date when such holder becomes a record owner of the shares of our common stock upon such exercise. For example, with respect to warrants, if an amendment is proposed to our charter or bylaws requiring stockholder approval and the record date for determining the stockholders of record entitled to vote on the amendment occurs prior to the date a holder of the warrants is deemed to be the owner of the shares of our common stock due upon exercise of the warrants, the holder will not be entitled to vote on the amendment, although such holder will nevertheless be subject to any changes in the powers, preferences or special rights of our common stock.

The warrants do not automatically exercise, and any warrant not exercised on or prior to the expiration date will expire unexercised.

The warrants do not automatically exercise upon expiration. A holder of the warrants is entitled to exercise the full number of warrants registered in its name or any portion thereof. Any warrant that is not exercised prior to the expiration date will expire unexercised, and the holder will not receive any shares of our common stock.

USE OF PROCEEDS

This prospectus relates to the offer and sale from time to time of up to an aggregate of 52,584,152 shares of common stock and warrants to purchase 779,997 shares of our common stock for the account of the selling stockholders referred to in this prospectus. We will not receive any of the proceeds from the sale of any shares of common stock or warrants offered by the selling stockholders under this prospectus. Any proceeds from the sale of shares of common stock or warrants under this prospectus will be received by the selling stockholders. Please see "Selling Stockholders" for a list of the persons receiving proceeds from the sale of the common stock and warrants covered by this prospectus.

DESCRIPTION OF CAPITAL STOCK

Set forth below is a description of the material terms of our capital stock. However, this description is not complete and is qualified by reference to our certificate of incorporation (including our certificate of designation), bylaws and the warrant agreement, which are filed as exhibits to this registration statement of which this prospectus forms a part and are incorporated by reference. Please read "Where You Can Find More Information" and "Incorporation by Reference." In addition, you should be aware that the summary below does not give full effect to the terms of the provisions of statutory or common law that may affect the rights of our stockholders.

Authorized Capital Stock

Our authorized capital stock consists of 1,000,000,000 shares of common stock, par value of \$0.0001 per share, and 1,000,000 shares of preferred stock, par value \$0.0001 per share. As of February 23, 2017, we had 92,986,173 shares of common stock outstanding and, as of February 27, 2017, we had 5,518 shares of preferred stock outstanding.

Common Stock

Voting rights. Each share of common stock is entitled to one vote in the election of directors and on all other matters submitted to a vote of stockholders. Stockholders do not have the right to cumulate their votes in the election of directors.

Dividends, distributions and stock splits. Holders of common stock are entitled to receive dividends if, as and when such dividends are declared by the board of directors out of assets legally available therefor after payment of dividends required to be paid on shares of preferred stock, if any. Our existing debt arrangements restrict our ability to pay cash dividends.

Liquidation. In the event of any dissolution, liquidation, or winding up of our affairs, whether voluntary or involuntary, after payment of debts and other liabilities and making provision for any holders of our preferred stock who have a liquidation preference, our remaining assets will be distributed ratably among the holders of common stock.

Fully paid. All shares of common stock outstanding are fully paid and nonassessable.

Other rights. Holders of common stock have no redemption or conversion rights and no preemptive or other rights to subscribe for our securities.

Warrants

On September 9, 2016, we entered into a warrant agreement with U.S. Bank National Association as warrant agent, pursuant to which we issued warrants to purchase up to 4,736,842 shares of common stock, which warrants are exercisable for a four year period at an exercise price of \$14.04 per share. The warrant agreement includes customary anti-dilution provisions that take effect in the event of a stock split, stock dividend, recapitalization, reclassification, reorganization or merger.

Preferred Stock

Our board of directors has the authority to issue up to 1,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, dividend rates, conversion rates, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series or the designation of that series, which may be superior to those of the common stock, without further vote or action by the stockholders. One of the effects of undesignated preferred stock may be to enable our board of directors to render more difficult or to discourage an attempt to obtain control of us by means of a

tender offer, proxy contest, merger or otherwise, and as a result to protect the continuity of our management. The issuance of shares of the preferred stock by the board of directors as described above may adversely affect the rights of the holders of common stock. For example, preferred stock issued by us may rank superior to the common stock as to dividend rights, liquidation preference or both, may have full or limited voting rights and may be convertible into shares of common stock. Accordingly, the issuance of shares of preferred stock may discourage bids for our common stock or may otherwise adversely affect the market price of our common stock.

8% Automatically Convertible Preferred Stock

On February 27, 2017, we issued 5,518 shares of 8% Automatically Convertible Preferred Stock to certain accredited investors. Holders of a majority of our outstanding common stock approved the issuance of the common stock issuable upon conversion of the 8% Automatically Convertible Preferred Stock by written consent on January 24, 2017, as permitted by the DGCL and our bylaws. On April 6, 2017, which will be the day following the 20th calendar day after we mailed an information statement to our stockholders notifying them of the stockholder consent, all outstanding shares of the 8% Automatically Convertible Preferred Stock will automatically convert into an aggregate 55,180,000 shares of common stock. Following the conversion, no shares of 8% Automatically Convertible Preferred Stock will remain outstanding.

Delaware Anti-Takeover Law and Certain Charter and Bylaw Provisions

Our certificate of incorporation, bylaws and the DGCL contain certain provisions that could discourage potential takeover attempts and make it more difficult for stockholders to change management or receive a premium for their shares.

Delaware law. Under Section 203 of the DGCL, a corporation is prohibited from engaging in any business combination with a stockholder who, together with its affiliates or associates, owns (or who is an affiliate or associate of the corporation and within a three-year period did own) 15% or more of the corporation's outstanding voting stock (which we refer to as an "interested stockholder") for a three-year period following the time the stockholder became an interested stockholder, unless:

- prior to the time the stockholder became an interested stockholder, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- the interested stockholder owned at least 85% of the voting stock of the corporation, excluding specified shares, upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder; or
- at or subsequent to the time the stockholder became an interested stockholder, the business combination is approved by the board of directors of the corporation and authorized by the affirmative vote, at an annual or special meeting, and not by written consent, of at least $66\frac{2}{3}\%$ of the outstanding voting shares of the corporation, excluding shares held by that interested stockholder.

A business combination generally includes:

- mergers and consolidations with or caused by an interested stockholder;
- sales or other dispositions of 10% or more of the assets of a corporation to an interested stockholder;
- specified transactions resulting in the issuance or transfer to an interested stockholder of any capital stock of the corporation or its subsidiaries; and

- other transactions resulting in a disproportionate financial benefit to an interested stockholder.

The provisions of Section 203 of the DGCL do not apply to a corporation if, subject to certain requirements, the certificate of incorporation or bylaws of the corporation contain a provision expressly electing not to be governed by the provisions of the statute or the corporation does not have voting stock listed on a national securities exchange or held of record by more than 2,000 stockholders. Because our certificate of incorporation and bylaws do not include any provision to "opt-out" of Section 203 of the DGCL, the statute will apply to business combinations involving us.

Charter and bylaw provisions. Delaware law permits any Delaware corporation to classify its board of directors into as many as three (3) classes with staggered terms of office. After initial implementation of a classified board, one class will be elected at each annual meeting of the stockholders to serve for a term of three (3) years (depending upon the number of classes into which directors are classified) or until their successors are elected and take office. Our amended and restated certificate of incorporation, which was duly adopted pursuant to the Amended Joint Prepackaged Plan of Reorganization, dated September 2, 2016 (the "Plan") and confirmed by the United States Bankruptcy Court for the District of Delaware entered September 8, 2016 and thereby approved pursuant to Section 303 of the DGCL, effective as of September 9, 2016, and our amended and restated bylaws, as amended, provide for a classified board of directors divided into three (3) classes, with Class A initially consisting of two directors elected for a term expiring at the annual meeting of stockholders to be held in 2017, Class B initially consisting of four directors elected for a term expiring at the annual meeting of stockholders to be held in 2018, and Class C initially consisting of three directors elected for a term expiring at the annual meeting of stockholders to be held in 2019, and each class subsequently serving for a term of three (3) years or until their successors are elected and qualified. Under Delaware law, stockholders of a corporation with a classified board of directors may only remove a director "for cause" unless the certificate of incorporation provides otherwise. Our amended and restated certificate of incorporation provides that any director may be removed, with or without cause, by a majority of the shares entitled to vote at an election of directors, other than the director designated by the Requisite Unsecured Noteholders (as defined in the Plan), which may only be removed prior to the expiration of such director's initial term "for cause." The likely effect of the classification of the board of directors and the limitations on the removal of directors is an increase in the time required for the stockholders to change the composition of the board of directors. For example, because only approximately one-third of the directors may be replaced by stockholder vote at each annual meeting of stockholders, stockholders seeking to replace a majority of the members of our board of directors will need at least two annual meetings of stockholders to effect this change.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Broadridge Corporate Issuer Solutions, 1717 Arch Street, Suite 1300, Philadelphia, PA 19103. Its phone number is (877) 830-4936.

SELLING STOCKHOLDERS

This prospectus relates to the offer and sale from time to time by the selling stockholders identified below of up to an aggregate 52,584,152 shares of our common stock and warrants to purchase 779,997 shares of common stock. This prospectus will not cover subsequent sales of common stock or warrants purchased from a selling stockholder named in this prospectus.

No offer or sale under this prospectus may be made by a stockholder unless that holder is listed in the table below, in a supplement to this prospectus or in an amendment to the related registration statement that has become effective. We will supplement or amend this prospectus to include additional selling stockholders upon provision of all required information to us and subject to the terms of the relevant agreement between us and the selling stockholders.

The following table sets forth the maximum number of shares of our common stock, inclusive of the shares of common stock underlying the warrants, to be sold by the selling stockholders. The table also sets forth the name of each selling stockholder, the nature of any position, office, or other material relationship which the selling stockholder has had, within the past three years, with us or with any of our predecessors or affiliates, and the number of shares of our common stock and warrants to be owned by such selling stockholders after completion of the offering.

We prepared the table based on information provided to us by the selling stockholders. We have not sought to verify such information. Additionally, the selling stockholders may have sold or transferred some or all of their shares of our common stock or warrants in transactions exempt from the registration requirements of the Securities Act since the date on which the information in the table was provided to us. Other information about the selling stockholders may also change over time.

Except as otherwise indicated, each selling stockholder has sole voting and dispositive power with respect to such shares and warrants.

(1) Beneficial ownership is determined in accordance with Rule 13d-3 under the Exchange Act.

(2) Calculated based on 92,986,173 shares of our common stock outstanding on February 23, 2017. Because the selling stockholders are not obligated to sell all or any portion of the shares of our common stock shown as offered by them, we cannot estimate the actual number or percentage of shares of our

common stock that will be held by any selling stockholder upon completion of this offering. However, for purposes of this table, we have assumed that, after completion of the offering, none of the shares covered by this prospectus will be held by the applicable selling stockholder.

- (3) The principal address of each selling stockholder is c/o Franklin Advisers, Inc. One Franklin Parkway, San Mateo, CA 94403. Franklin Advisers, Inc. ("FAV") is the investment manager for each of the funds and accounts listed. FAV is an indirect wholly owned subsidiary of a publicly traded company, Franklin Resources, Inc. ("FRI") and may be deemed to be the beneficial owner of these securities for purposes of Rule 13d-3 under the Exchange Act in its capacity as the investment adviser to such funds and accounts pursuant to investment management contracts that grant investment and/or voting power to FAV. When an investment management contract (including a sub-advisory agreement) delegates to FAV investment discretion or voting power over the securities held in the investment advisory accounts that are subject to that agreement, FRI treats FAV as having sole investment discretion or voting authority, as the case may be, unless the agreement specifies otherwise. Accordingly, FAV reports for purposes of Section 13(d) of the Exchange Act that it has sole investment discretion and voting authority over the securities covered by any such investment management agreement, unless otherwise specifically noted.

Selling stockholders who are registered broker-dealers may be deemed to be "underwriters" within the meaning of the Securities Act. In addition, selling stockholders who are affiliates of registered broker-dealers may be deemed to be "underwriters" within the meaning of the Securities Act if such selling security holder (a) did not acquire its shares of common stock or warrants in the ordinary course of business or (b) had an agreement or understanding, directly or indirectly, with any person to distribute the common shares or warrants. To our knowledge, no selling stockholder who is a registered broker-dealer or an affiliate of a registered broker-dealer received any securities as underwriting compensation.

Any prospectus supplement reflecting a sale of common stock or warrants hereunder will set forth, with respect to the selling stockholders:

- the name of the selling stockholders;
- the nature of the position, office or other material relationship that the selling stockholders will have had within the prior three years with us or any of our affiliates;

In connection with the confirmation of the Plan, we entered into a registration rights agreement (the "Registration Rights Agreement") with the selling stockholders named herein on September 9, 2016. The filing of this prospectus is pursuant to our obligations to register the shares of common stock on behalf of the selling stockholders under the Registration Rights Agreement. All expenses incurred with the registration of the common stock and warrants owned by the selling stockholders will be borne by us.

PLAN OF DISTRIBUTION

The shares of common stock and warrants listed in the table appearing under "Selling Stockholders" are being registered to permit public secondary trading of these shares and warrants by the holders of such shares and warrants from time to time after the date of this prospectus. There can be no assurance that any selling stockholders will sell any or all of the common stock or warrants offered hereby. We will not receive any of the proceeds from the sale of the common stock by the selling stockholders. We will pay substantially all of the expenses incident to this offering of the shares by the selling stockholders to the public other than commissions and discounts of underwriters, brokers, dealers or agents.

The selling stockholders may sell all or a portion of the shares of common stock and warrants beneficially owned by them and offered hereby from time to time directly to purchasers or through one or more underwriters, broker-dealers or agents, at market prices prevailing at the time of sale, at prices related to such market prices, at a fixed price or prices subject to change or at negotiated prices, by a variety of methods including the following:

- on any national securities exchange or over-the-counter market on which the shares of common stock or warrants may be listed or quoted at the time of sale;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which a broker-dealer may attempt to sell the shares or warrants as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer, as principal, and a subsequent resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- in transactions otherwise than on such exchanges or in the over-the-counter market;
- through a combination of any such methods; or
- through any other method permitted under applicable law.

In addition, selling stockholders may enter into option, derivative or hedging transactions with respect to the shares and warrants, and any related offers or sales of shares or warrants may be made pursuant to this prospectus. For example, the selling stockholders may:

- enter into transactions involving short sales of the shares by broker-dealers in the course of hedging the positions they assume with selling stockholders;
- sell shares short themselves and deliver the shares registered hereby to settle such short sales or to close out stock loans incurred in connection with their short positions;
- write call options, put options or other derivative instruments (including exchange-traded options or privately negotiated options) with respect to the shares, or which they settle through delivery of the shares;
- enter into option transactions or other types of transactions that require the selling stockholder to deliver shares to a broker, dealer or other financial institution, who may then resell or transfer the shares or warrants under this prospectus; or
- lend or pledge the shares or warrants to a broker, dealer or other financial institution, which may sell the shares or warrants under this prospectus.

In effecting sales, brokers-dealers engaged by the selling stockholders may arrange for other brokers-dealers to participate. If the selling stockholders effect such transactions by selling the common stock or warrants to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling stockholders or commissions from purchasers of the common stock or warrants for whom they may act as agent or to whom they may sell as principal. Underwriters may sell securities to or through dealers, and dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agent.

The selling stockholders and any underwriters, brokers, dealers or agents that participate in such distribution may be deemed to be "underwriters" within the meaning of the Securities Act, and any discounts, commissions or concessions received by any underwriters, brokers, dealers or agents might be deemed to be underwriting discounts and commissions under the Securities Act. Any selling stockholder who is an "underwriter" within the meaning of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and the provisions of the Exchange Act and the rules thereunder relating to stock manipulation.

In order to comply with the securities laws of some states, the shares or warrants sold in those jurisdictions may only be sold through registered or licensed brokers or dealers. In addition, in some states, the shares or warrants may not be sold unless the shares or warrants have been registered or qualified for sale in that state or an exemption from registration or qualification is available and is complied with.

Underwriters, dealers and agents who participate in the distribution of securities and their controlling persons may be entitled, under agreements that may be entered into with us, to indemnification by us and the selling stockholders against certain liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that the underwriters, dealers or agents and their controlling persons may be required to make in respect of those liabilities.

Any underwriter may engage in stabilizing and syndicate covering transactions in accordance with Rule 104 under the Exchange Act. Rule 104 permits stabilizing bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. The underwriters may over-allot offered securities, thereby creating a short position in the underwriters' account. Syndicate covering transactions involve purchases of offered securities in the open market after the distribution has been completed to cover syndicate short positions. Stabilizing and syndicate covering transactions may cause the price of the offered securities to be higher than it would otherwise be in the absence of such transactions. These transactions, if commenced, may be discontinued at any time.

Item 15. Indemnification of Officers And Directors

Article Seventh of our amended and restated certificate of incorporation and Article VII of our fifth amended and restated bylaws provide for indemnification of our officers and directors, as well as our employees and agents, to the extent authorized by the DGCL. Pursuant to Section 145 of the DGCL, we generally have the power to indemnify our current and former directors, officers, employees and agents against expenses and liabilities that they incur in connection with any suit to which they are, or are threatened to be made, a party by reason of their serving in such positions so long as they acted in good faith and in a manner they reasonably believed to be in, or not opposed to, our best interests, and with respect to any criminal action, they had no reasonable cause to believe their conduct was unlawful. The statute expressly provides that the power to indemnify or advance expenses authorized thereby is not exclusive of any rights granted under any charter provision, bylaw, agreement, vote of stockholders or disinterested directors, or otherwise, both as to actions in such person's official capacity and as to action in another capacity while holding such office.

We have also entered into individual indemnification agreements with our directors and certain of our executive officers. Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (a)(1)(i), (ii) and (iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B and relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time

shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on this Form S-3/A and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Houston, State of Texas, on April 4, 2017.
