**PROXY STATEMENT
FOR THE
2014 ANNUAL MEETING OF STOCKHOLDERS**

This proxy statement and proxy card are furnished in connection with the solicitation of proxies to be voted at the 2014 annual meeting of stockholders (the “Annual Meeting”) of RPX Corporation (sometimes referred to as “we”, the “Company” or “RPX”), which will be held at the offices of the Company at One Market Plaza, Steuart Tower, Suite 800, San Francisco, California 94105, on Tuesday, June 17, 2014 at 10:00 a.m. local time. Directions to the Company’s offices are available on the “About RPX” section of our website located at <http://www.rpxcorp.com>.

We are making this proxy statement and our annual report available to stockholders at <http://ir.rpxcorp.com/annual-proxy.cfm>. On May 5, 2014, we will begin mailing to our stockholders (i) a copy of this proxy statement, a proxy card and our annual report or (ii) a notice (the “Notice”) containing instructions on how to access and review this proxy statement and our annual report. The Notice also describes how you may submit your proxy over the Internet. If you receive a Notice and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting those materials included in the Notice.

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these proxy materials?

You have received these proxy materials because you owned shares of RPX common stock as of April 24, 2014, the record date for the Annual Meeting, and our board of directors is soliciting your proxy to vote at the Annual Meeting. This proxy statement describes issues on which we would like you to vote at the Annual Meeting. It also gives you information on these issues so that you can make an informed decision.

Why did I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a printed set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we are permitted to furnish our proxy materials over the Internet to our stockholders by delivering a Notice in the mail. The Notice instructs stockholders on how to access and review the proxy statement and annual report over the Internet at www.proxyvote.com. The Notice also instructs stockholders on how they may submit their proxy over the Internet. If a stockholder who received a Notice would like to receive a printed copy of our proxy materials, such stockholder should follow the instructions for requesting these materials contained in the Notice.

How may I vote at the Annual Meeting?

You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply follow the instructions below to submit your proxy via telephone or on the Internet. If you received a printed set of materials, you may also vote by mail by signing, dating and returning the proxy card.

When you vote by using the Internet, by telephone or by signing and returning the proxy card, you appoint Ned D. Segal and Martin E. Roberts as your representatives (or proxy holders) at the Annual Meeting. They will vote your shares at the Annual Meeting as you have instructed them or, if an issue that is not on the proxy card comes up for vote, in accordance with their best judgment. This way, your shares will be voted whether or not you attend the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on April 24, 2014, the record date for the Annual Meeting, will be entitled to vote at the Annual Meeting. On the record date, there were 53,006,237 shares of the Company's common stock outstanding. All of these outstanding shares are entitled to vote at the Annual Meeting (one vote per share of common stock) in connection with the matters set forth in this proxy statement.

In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be available at the place of the Annual Meeting on June 17, 2014 and will be accessible for ten days prior to the meeting at our principal place of business, One Market Plaza, Suite 800, San Francisco, California 94105, weekdays between the hours of 9:00 a.m. and 5:00 p.m. local time.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of record —If your shares are registered directly in your name with our transfer agent, Computershare, you are considered, with respect to those shares, the “stockholder of record.” If you are a stockholder of record, these proxy materials have been sent directly to you by RPX.

Beneficial owners —Many of our stockholders hold their shares through a broker, trustee or nominee, rather than directly in their own name. If your shares are held in a brokerage account or by a trustee or nominee, you are considered the “beneficial owner” of shares held in “street name.” If you hold your shares in street name, these proxy materials have been forwarded to you by your broker, trustee or nominee who is considered, with respect to those shares, the stockholder of record.

As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote your shares. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting.

How do I vote?

Stockholders of record —Stockholders of record may vote by using the Internet, by telephone or (if you received a proxy card by mail) by mail as described below. Stockholders of record also may attend the meeting and vote in person.

- You may vote by using the Internet. The address of the website for Internet voting is www.investorvote.com/RPXC. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 16, 2014. Easy-to-follow instructions allow you to vote your shares and confirm that your instructions have been properly recorded;
- You may vote by telephone. The toll-free telephone number is noted on your proxy card. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 16, 2014. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded; or
- You may vote by mail. If you received a proxy card by mail and choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-paid envelope provided.

Beneficial owners —If you hold shares through a broker, trustee or nominee, please refer to your Notice or other information forwarded by your broker, trustee or nominee to see which voting options are available to you.

The method you use to vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. Written ballots will be passed out to anyone who wants to vote at the Annual Meeting. If you hold your shares through a broker, trustee or nominee, you must obtain a “legal proxy,” executed in your favor, from the holder of record to be able to vote in person at the Annual Meeting. ***Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy card or follow the voting instructions described above so that your vote will be counted if you later decide not to attend the Annual Meeting.***

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting.

If you are a stockholder of record, you may revoke your proxy in any one of these ways:

- You may submit a subsequent proxy by using the Internet, by telephone or by mail with a later date;
- You may deliver a written notice that you are revoking your proxy to the Secretary of the Company at One Market Plaza, Suite 800, San Francisco, California 94105;
- You may sign another proxy card with a later date and return it to us prior to the Annual Meeting; or
- You may attend the Annual Meeting and vote your shares in person. Simply attending the Annual Meeting without affirmatively voting will not, by itself, revoke your proxy.

If you are a beneficial owner of shares held in street name, you may change your vote (1) by submitting new voting instructions to your broker, trustee or nominee or (2) if you have obtained a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares, by attending the Annual Meeting and voting in person.

How many votes does RPX need to hold the Annual Meeting?

A quorum of stockholders is necessary to conduct business at the Annual Meeting. Pursuant to our bylaws, a quorum will be present if a majority of the voting power of the outstanding shares of the Company entitled to vote generally in the election of directors is represented in person or by proxy at the Annual Meeting. On the record date, there were 53,006,237 shares of common stock outstanding and entitled to vote. Thus, 26,503,119 shares must be represented in person or by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, trustee or nominee) or if you attend the Annual Meeting and vote in person. Abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present for the transaction of business. If a quorum is not present, the holders of a majority of the votes present at the Annual Meeting may adjourn the Annual Meeting to another date.

What matters will be voted on at the Annual Meeting?

The following matters are scheduled to be voted on at the Annual Meeting:

- Proposal 1: To elect three Class III directors nominated by our board of directors and named in this proxy statement to serve a term of three years until our 2017 annual meeting of stockholders; and
- Proposal 2: To ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

No cumulative voting rights are authorized, and dissenters' rights are not applicable to these matters.

Could other matters be decided at the Annual Meeting?

RPX does not know of any other matters that may be presented for action at the Annual Meeting. Should any other business come before the Annual Meeting, the persons named on the proxy card will have discretionary authority to vote the shares represented by proxies in accordance with their best judgment.

What will happen if I do not vote my shares?

Stockholder of Record: Shares Registered in Your Name. If you are the stockholder of record of your shares and you do not vote by proxy card, by telephone, via the Internet or in person at the Annual Meeting, your shares will not be voted at the Annual Meeting.

Beneficial Owner: Shares Registered in the Name of Broker, Trustee or Nominee. Brokers, trustees or nominees who hold shares of our common stock for a beneficial owner have the discretion to vote on routine proposals

when they have not received voting instructions from the beneficial owner at least ten days prior to the Annual Meeting. A broker non-vote occurs when a broker, trustee or nominee does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares. Under the rules that govern brokers, trustees or nominees who are voting shares held for a beneficial owner, brokers, trustees or nominees have the discretion to vote those shares on routine matters but not on non-routine matters. Proposal 2 is the only routine matter in this proxy statement. As such, your broker, trustee or nominee does not have discretion to vote your shares on Proposal 1 but does have discretion to vote your shares on Proposal 2.

We encourage you to provide instructions to your broker, trustee or nominee by voting your proxy. This action ensures your shares will be voted at the meeting in accordance with your wishes.

How may I vote for each proposal and what is the vote required for each proposal?

Proposal 1: Election of three Class III directors.

With respect to the election of nominees for director, you may:

- vote “ **FOR** ” the election of the three nominees for director;
- vote “ **FOR** ” one or more nominees and “ **WITHHOLD** ” your vote for the remaining nominee or nominees; or
- “ **WITHHOLD** ” your vote for all three nominees.

Directors will be elected by a plurality of the votes cast at the Annual Meeting, meaning the three nominees who are properly nominated in accordance with our bylaws and receive the most “ **FOR** ” votes will be elected. Only votes cast “ **FOR** ” a nominee will be counted. An instruction to “ **WITHHOLD** ” authority to vote for one or more of the nominees will result in those nominees receiving fewer votes, but will not count as a vote against the nominees. Abstentions and broker non-votes will have no effect on the outcome of the election of directors. Because the election of directors is not a matter on which a broker, trustee or nominee is generally empowered to vote, broker non-votes are expected to exist in connection with this matter.

Proposal 2: Ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

You may vote “ **FOR** ” or “ **AGAINST** ” or abstain from voting. To ratify the selection by the audit committee of our board of directors of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2014, the Company must receive a “ **FOR** ” vote from a majority of all those outstanding shares that are represented in person or by proxy and that are entitled to vote on Proposal 2 at the Annual Meeting. Abstentions will be counted as though they had been voted “ **AGAINST** ” the proposal. Broker non-votes will not be counted “ **FOR** ” or “ **AGAINST** ” the proposal and will have no effect on the proposal. Because the ratification of the appointment of the independent registered public accounting firm is a matter on which a broker, trustee or nominee is generally empowered to vote, no broker non-votes are expected to exist in connection with this matter.

What happens if a director nominee is unable to stand for election?

If a nominee is unable to stand for election, our board of directors may either:

- reduce the number of directors that serve on the board; or
- designate a substitute nominee.

If our board of directors designates a substitute nominee, shares represented by proxies voted for the nominee who is unable to stand for election will be voted for the substitute nominee.

How does our board of directors recommend that I vote?

Our board unanimously recommends a vote:

- Proposal 1: “ **FOR** ” the election of each of Shelby W. Bonnie, Sanford R. Robertson and Thomas O. Ryder as Class III directors to serve a term of three years until our 2017 annual meeting of stockholders; and
- Proposal 2: “ **FOR** ” the ratification of PricewaterhouseCoopers LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2014.

What happens if I sign and return my proxy card but do not provide voting instructions?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted:

- Proposal 1: “ **FOR** ” the election of each of Shelby W. Bonnie, Sanford R. Robertson and Thomas O. Ryder as Class III directors; and
- Proposal 2: “ **FOR** ” the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.
- If any other matter is properly presented at the Annual Meeting, the proxy holders for shares voted on the proxy card (i.e., one of the individuals named as proxies on your proxy card) will vote your shares using his or her best judgment.

What do I need to show to attend the Annual Meeting in person?

You will need proof of your share ownership (such as a recent brokerage statement or letter from your broker showing that you owned shares of RPX Corporation common stock as of April 24, 2014) and a form of photo identification. If you do not have proof of ownership and valid photo identification, you may not be admitted to the Annual Meeting. All bags, briefcases and packages will be held at registration and will not be allowed in the meeting. We will not permit the use of cameras (including cell phones with photographic capabilities) or other recording devices in the meeting room.

Who is paying for this proxy solicitation?

The accompanying proxy is being solicited by the board of directors of the Company. In addition to this solicitation, directors and employees of the Company may solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. In addition, the Company may also retain one or more third parties to aid in the solicitation of brokers, banks and institutional and other stockholders. We will pay for the entire cost of soliciting proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What happens if the Annual Meeting is postponed or adjourned?

Unless the polls have closed or you have revoked your proxy, your proxy will still be in effect and may be voted once the Annual Meeting is reconvened. However, you will still be able to change or revoke your proxy with respect to any proposal until the polls have closed for voting on such proposal.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results are expected to be announced at the Annual Meeting. Final voting results are expected to be reported on a Current Report on Form 8-K filed with the SEC no later than June 23, 2014.

How can I find RPX’s proxy materials and annual report on the Internet?

This proxy statement and the 2013 annual report are available at our corporate website at <http://ir.rpxcorp.com/annual-proxy.cfm>, which, in accordance with SEC rules, does not have “cookies” that identify visitors to the site. You can also obtain copies without charge at the SEC’s website at www.sec.gov. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

How do I obtain a separate set of RPX’s proxy materials if I share an address with other stockholders?

In some cases, stockholders holding their shares in a brokerage or bank account who share the same surname and address and have not given contrary instructions received only one copy of the Notice. This practice is designed to reduce duplicate mailings and save printing and postage costs as well as natural resources. If you would like to have a separate copy of the Notice or our annual report and/or proxy statement mailed to you or to receive separate copies of future mailings, please submit your request to the address or phone number that appears on your Notice or proxy card. We will deliver such additional copies promptly upon receipt of such request.

In other cases, stockholders receiving multiple copies of the Notice at the same address may wish to receive only one. If you would like to receive only one copy if you now receive more than one, please submit your request to the address or phone number that appears on your Notice or proxy card.

Can I receive future proxy materials and annual reports electronically?

Yes. This proxy statement and the 2013 annual report are available on the investor relations section of our website located at <http://ir.rpxcorp.com/annual-proxy.cfm>. Instead of receiving paper copies in the mail, stockholders can elect to receive an email that provides a link to our future annual reports and proxy materials on the Internet. Opting to receive your proxy materials electronically will save us the cost of producing and mailing documents to your home or business, will reduce the environmental impact of our annual meetings and will give you an automatic link to the proxy voting site. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

Whom should I call if I have any questions?

If you have any questions, would like additional RPX proxy materials or proxy cards, or need assistance in voting your shares, please call our investor relations line at (415) 418-2563.

Can I submit a proposal for consideration at the 2015 annual meeting of stockholders?

Stockholders of the Company may submit proper proposals for consideration at our 2015 annual meeting of stockholders by submitting their proposals in writing to the Secretary of the Company in a timely manner.

Requirements for stockholder proposals to be considered for inclusion in our proxy material —In order to be considered for inclusion in our proxy materials for the 2015 annual meeting of stockholders, stockholder proposals must:

- be received by the Secretary of the Company no later than the close of business on December 30, 2014; and
- otherwise comply with the requirements of Delaware law, Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and our bylaws.

Requirements for stockholder proposals to be brought before an annual meeting —In addition, our bylaws establish an advance notice procedure for stockholders who wish to present certain matters before an annual meeting of stockholders. In general, nominations for the election of directors may be made (1) by or at the direction of the board of directors, or (2) by any stockholder entitled to vote who has timely delivered written notice to the Secretary of the Company during the Notice Period (as defined below), which notice must contain specified information concerning the nominees and concerning the stockholder proposing such nominations. However, if a stockholder wishes only to recommend a candidate for consideration by the nominating and corporate governance committee as a potential nominee for director, see the procedures discussed below in “Corporate Governance—Board Committees—Nominating and Corporate Governance Committee.”

The bylaws also provide that the only business that may be conducted at an annual meeting is business that is brought (1) pursuant to the notice of meeting (or any supplement thereto), (2) by or at the direction of the board of directors, or (3) by a stockholder who has timely delivered written notice which sets forth all information required by the bylaws to the Secretary of the Company during the Notice Period (as defined below).

The “Notice Period” is defined as the period commencing on the date 75 days prior to the one year anniversary of the date on which RPX first mailed its proxy materials to stockholders for the previous year’s annual meeting of stockholders and terminating on the date 45 days prior to the one year anniversary of the date on which RPX first mailed its proxy materials to stockholders for the previous year’s annual meeting of stockholders. As a result, the Notice Period for our 2015 annual meeting of stockholders will be from February 19, 2015 to March 21, 2015.

If a stockholder who has notified RPX of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we need not present the proposal for vote at such meeting.

A copy of our bylaw provisions governing the notice requirements set forth above may be obtained by writing to the Secretary of the Company. A current copy of our bylaws is also available at our corporate website at www.rpxcorp.com. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement. Such requests and all notices of proposals and director nominations by stockholders should be sent to RPX Corporation, One Market Plaza, Suite 800, San Francisco, California 94105, Attention: Secretary of the Company.

CORPORATE GOVERNANCE

Independent Directors

We believe our corporate governance initiatives comply with the rules and regulations of the SEC and with the rules of The NASDAQ Stock Market, or NASDAQ. Our board of directors evaluates our corporate governance principles and policies on an ongoing basis.

Each of our directors other than John A. Amster and Geoffrey T. Barker qualifies as an independent director in accordance with the published listing requirements of NASDAQ. The NASDAQ independence definition includes a series of objective tests, such as that the director is not also one of our employees and has not engaged in certain types of business dealings with the Company. In addition, as further required by the NASDAQ rules, our board of directors has made a subjective determination as to each independent director that no relationships exist which, in the opinion of our board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our board of directors reviewed and discussed information provided by the directors and by RPX with regard to each director's business and personal activities as they may relate to us and our management.

Board Committees

We have established an audit committee, a compensation committee and a nominating and corporate governance committee. We believe that the composition of these committees meets the criteria for independence under, and the functioning of these committees complies with the applicable requirements of, the Sarbanes-Oxley Act of 2002 and current SEC and NASDAQ rules and regulations. We intend to comply with future requirements as they become applicable to us.

Each committee of our board of directors has a written charter approved by our board of directors. Copies of each charter are available on the investor relations section of our website located at <http://ir.rpxcorp.com>. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

Each committee has the composition and responsibilities described below.

The following table provides membership and meeting information for each of the committees of the board of directors during 2013:

Committee	Members	Number of Meetings in 2013
Audit Committee	Shelby W. Bonnie Steven L. Fingerhood (1) Thomas O. Ryder Giuseppe Zocco (2)	7
Compensation Committee	Shelby W. Bonnie (1) Sanford R. Robertson Thomas O. Ryder	6
Nominating and Corporate Governance Committee	Izhar Armony (1) Randy Komisar Giuseppe Zocco (2)	1

(1) Chairman of the committee.

(2) Resigned as a member of the board of directors on September 9, 2013.

The primary responsibilities of each committee are described below.

Audit Committee

During 2013, Messrs. Bonnie, Fingerhood and Ryder served on the audit committee, and Mr. Ryder served as its chairman until December 18, 2013. Mr. Fingerhood was appointed as its chairman on December 18, 2013. Effective April 24, 2014, Messrs. Bonnie, Dangeard and Fingerhood serve on the audit committee, and Mr. Fingerhood serves as its chairman. Our board of directors annually reviews the NASDAQ listing standards definition of independence for audit committee members and has determined that Messrs. Bonnie, Dangeard and Fingerhood are independent (as independence is currently defined in applicable NASDAQ listing standards for audit committees and Rule 10A-3 promulgated under the Exchange Act).

Our board of directors has determined that Mr. Bonnie is an audit committee financial expert, as defined by the rules promulgated by the SEC. The designation of Mr. Bonnie as an audit committee financial expert does not impose on him any duties, obligations or liability that are greater than those that are generally imposed on him as a member of our audit committee and our board of directors, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of our audit committee or board of directors.

The audit committee assists our board of directors in fulfilling its legal and fiduciary obligations in matters involving our accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by our independent registered public accounting firm and reviewing their reports regarding our accounting practices and systems of internal accounting controls. The audit committee also oversees the audit efforts of our independent registered public accounting firm and takes actions as it deems necessary to satisfy itself that such firm is independent of management. The audit committee is also responsible for monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters.

Both our independent registered public accounting firm and internal financial personnel regularly meet with, and have unrestricted access to, the audit committee.

Compensation Committee

Messrs. Bonnie, Robertson and Ryder serve on the compensation committee, and Mr. Bonnie serves as its chairman. Our board of directors has determined that Messrs. Bonnie, Robertson and Ryder satisfy the independence requirements of the applicable NASDAQ listing standards and SEC rules and regulations for directors. Each of the members of the compensation committee is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended.

The compensation committee assists our board of directors in meeting its responsibilities with regard to oversight and determination of executive compensation and assesses whether our compensation structure establishes appropriate incentives for officers and employees. The compensation committee reviews and makes recommendations to our board of directors with respect to our major compensation plans, policies and programs. In addition, the compensation committee reviews and approves the compensation for our executive officers, establishes and modifies the terms and conditions of employment of our executive officers and administers our equity incentive plans.

Nominating and Corporate Governance Committee

Messrs. Armony and Komisar serve on the nominating and corporate governance committee, and Mr. Armony serves as its chairman. Our board of directors has determined that Messrs. Armony and Komisar satisfy the applicable NASDAQ listing standards and SEC rules and regulations for directors.

The nominating and corporate governance committee is responsible for making recommendations to our board of directors regarding candidates for directorships and the size and composition of our board of directors. In addition, the nominating and corporate governance committee is responsible for overseeing our corporate governance guidelines and reporting and making recommendations to our board of directors concerning corporate governance matters.

The nominating and corporate governance committee is also responsible for reviewing with our board of directors from time to time the appropriate skills and guidelines required of directors in the context of the current make-up of the board. These guidelines and skills of the board, as a whole, may include (i) various and relevant career experience, (ii) relevant skills, such as an understanding of the Company's business, (iii) financial expertise, (iv) diversity and (v) local and community ties. The minimum qualifications and skills that each director should possess include (i) the highest professional and personal ethics and values, (ii) broad experience at the policy-making level in business, government, education, technology or public interest, (iii) a commitment to enhancing stockholder value and (iv) sufficient time to carry out his or her duties and to provide insight and practical wisdom based on experience. The nominating and corporate governance committee evaluates the foregoing factors, among others, and does not assign any particular weighting or priority to any of these factors.

The nominating and corporate governance committee also considers director candidates recommended by our stockholders. To recommend a candidate for election to our board of directors, a stockholder must notify the nominating and corporate governance committee by writing to: RPX Corporation, One Market Plaza, Steuart Tower, Suite 800, San Francisco, CA 94105, Attention: Secretary of the Company. Such stockholder's notice shall set forth the following information:

- To the extent reasonably available, information relating to such director candidate that would be required to be disclosed in a proxy statement pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, in which such individual is a nominee for election to our board of directors;
- The director candidate's written consent to (A) if selected, be named in the Company's proxy statement and proxy and (B) if elected, to serve on our board of directors; and
- Any other information that such stockholder believes is relevant in considering the director candidate.

The nominating and corporate governance committee considers bona fide candidates from all relevant sources, including current board members, professional search firms, stockholders and other persons. The committee evaluates director candidates in light of the board membership criteria described above, based on all relevant information and materials available to the committee. This includes information and materials provided by stockholders recommending director candidates, professional search firms and other parties.

Compensation Committee Interlocks and Insider Participation

In 2013, Messrs. Bonnie, Robertson and Ryder served as members of the compensation committee. None of the members of our compensation committee is or has in the past served as an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Board Meetings and Attendance

Our board of directors held five meetings in 2013. Each incumbent member of the board attended 75% or more of the aggregate of (i) the total number of board meetings held during the period of such member's service and (ii) the total number of meetings of committees on which such member served, during the period of such member's service.

Director Attendance at Annual Meetings of Stockholders

Directors are encouraged, but not required, to attend our annual stockholder meetings. Two members of our board of directors attended our 2013 annual meeting of stockholders.

Board Leadership

Mr. Ryder serves as the lead independent director. Our board of directors does not have a chairman. The chief executive officer chairs all board meetings. The lead independent director acts as liaison between the independent directors and management, approves board meeting schedules and oversees the information distributed in advance of board meetings, is available to our in-house and outside corporate counsel to discuss and, as necessary, respond to

stockholder communications to our board of directors, and calls meetings of the independent directors. We believe that having the lead independent director play a significant role in the leadership and administration of the board, yet having the chief executive officer chair board meetings, provides an efficient and effective division of responsibility and organizational structure for our Company. This arrangement enables the chief executive officer to focus his efforts on running the Company's business while simultaneously directing the board's attention to those matters most important to the business, while allowing the lead independent director to lead the board of directors in its fundamental role of providing advice to and independent oversight of management.

Risk Oversight

Our board of directors oversees the Company's enterprise risk management activities, including reviewing policies and procedures to assess and manage exposure to enterprise risk. In performing this function, our board of directors consults with the Company's management and our independent registered public accounting firm, as well as others. Each of our board committees also oversees the management of our Company's risk that falls within the committee's areas of responsibility. Specifically, financial risks are overseen by the audit committee; risks relating to compensation plans and arrangements are overseen by the compensation committee; risks associated with director independence and potential conflicts of interest are overseen by the nominating and corporate governance committee. Additional review or reporting on enterprise risks is conducted as needed or as requested by the full board of directors or the appropriate committee.

Code of Business Conduct

Our board of directors has adopted a code of business conduct that applies to each of our directors, officers and employees. The code addresses various topics, including:

- compliance with applicable laws, rules and regulations;
- conflicts of interest;
- public disclosure of information;
- insider trading;
- corporate opportunities;
- competition and fair dealing;
- gifts;
- discrimination, harassment and retaliation;
- health and safety;
- confidentiality;
- protection and proper use of company assets;
- payments to government personnel; and
- reporting illegal and unethical behavior.

The code of business conduct is available on the investor relations section of our website at <http://ir.rpxcorp.com>. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

Any waiver of the code of business conduct for an executive officer or director may be granted only by our board of directors or a committee thereof and must be timely disclosed as required by applicable law. We have also implemented whistleblower procedures that establish formal protocols for receiving and handling complaints from employees. Any concerns regarding accounting or auditing matters reported under these procedures will be communicated promptly to the audit committee.

Communications to the Board of Directors

Stockholders interested in communicating with the independent directors regarding their concerns or issues may address correspondence to a particular director, to the lead independent director or to the independent directors generally, in care of RPX Corporation, One Market Plaza, Suite 800, San Francisco, California 94105, Attention: Secretary of the Company. The Secretary of the Company has the authority to disregard any inappropriate communications or to take other appropriate actions with respect to any inappropriate communications. If deemed an appropriate communication, the Secretary of the Company will forward it, depending on the subject matter, to the lead independent director, chairman of a committee of the board of directors, the full board of directors or a particular director, as appropriate.

Director Compensation

Our board of directors adopted a compensation program for our non-employee directors in January 2011, which became effective upon our initial public offering in May 2011 and was amended in July 2013. Pursuant to this program, we do not compensate our non-employee directors for their service in cash, instead providing compensation in the form of initial and annual equity awards as described below. Prior to July 2013 these equity awards consisted of stock options. Since July 2013 these equity awards consist of restricted stock units, with each unit representing the right to receive one share of our common stock. We also reimburse our non-employee directors for their reasonable out-of-pocket expenses incurred in attending board and committee meetings.

Each new non-employee director is granted an initial restricted stock unit with a target value of \$135,000 upon such director's election to our board of directors, which vests in equal annual installments over 3 years of service. In addition, non-employee directors (including a non-employee director who previously was our employee) who continue to serve on our board of directors receive annual restricted stock unit awards in connection with each annual meeting of stockholders, with a target value based on board and committee service as set forth in the table below. Each annual restricted stock unit award will vest in full on the earlier of the one-year anniversary of the date of grant or on the date of the following year's annual meeting of stockholders, provided the director remains in continuous service through the applicable vesting date. The annual restricted stock unit award to a non-employee director who joined the board within 12 months prior to an annual meeting will be pro-rated, with the target value determined based on the number of whole months of board service provided during the prior 12-month period.

Both the initial and annual restricted stock unit awards are granted under our 2011 Equity Incentive Plan and are subject to full vesting acceleration in the event we undergo a change in control while the director is serving on our board of directors.

PROPOSAL 2
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has selected PricewaterhouseCoopers LLP, an independent registered public accounting firm, as our independent auditors for the fiscal year ending December 31, 2014, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited our financial statements since the year ended December 31, 2008, which was the year of our incorporation. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or laws require stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. However, the audit committee is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain PricewaterhouseCoopers LLP. Even if the selection is ratified, the audit committee of our board of directors in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

You may vote “ **FOR** ” or “ **AGAINST** ” the ratification of the selection of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm, or you may abstain from voting on this matter. In order for Proposal 2 to pass, a majority of all those outstanding shares that are represented in person or by proxy and that are entitled to vote on Proposal 2 at the Annual Meeting must vote “ **FOR** ” the proposal. Abstentions and broker non-votes will be counted towards a quorum. Abstentions will be counted as though they had been voted “ **AGAINST** ” the proposal. Broker non-votes will not be counted “ **FOR** ” or “ **AGAINST** ” the proposal and will have no effect on the proposal. Because the ratification of the appointment of the independent registered public accounting firm is a matter on which a broker, trustee or nominee is generally empowered to vote, no broker non-votes are expected to exist in connection with this matter.

Independent Registered Public Accounting Firm’s Fees

The following table represents aggregate fees billed to the Company for the years ended December 31, 2013, and December 31, 2012, by PricewaterhouseCoopers LLP.

Pre-Approval Policies and Procedures

The audit committee's policy is to pre-approve all audit and permissible non-audit services rendered by PricewaterhouseCoopers LLP, our independent registered public accounting firm. The audit committee can pre-approve specified services in defined categories of audit services, audit-related services and tax services up to specified amounts, as part of the audit committee's approval of the scope of the engagement of PricewaterhouseCoopers LLP or on an individual case-by-case basis before PricewaterhouseCoopers LLP is engaged to provide a service. The audit committee has determined that the rendering of tax-related services by PricewaterhouseCoopers LLP is compatible with maintaining the principal accountant's independence for audit purposes. OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS YOU VOTE "FOR" THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR ENDING DECEMBER 31, 2014.

REPORT OF THE AUDIT COMMITTEE

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC, and is not to be incorporated by reference into any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates it by reference into such filing.

The audit committee operates pursuant to a charter that is reviewed annually by the audit committee. Additionally, a brief description of the primary responsibilities of the audit committee is included in this proxy statement under the heading “Corporate Governance – Board Committees – Audit Committee.” Under the audit committee charter, our management is responsible for the preparation, presentation and integrity of our financial statements, the application of accounting and financial reporting principles and our internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for auditing our financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States of America.

In the performance of its oversight function, the audit committee reviewed and discussed the audited financial statements of the Company with management and with the independent registered public accounting firm. The audit committee also discussed with the independent registered public accounting firm the matters required to be discussed by standards adopted by the Public Company Accounting Oversight Board (“PCAOB”), including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant adjustments, and the clarity of the disclosures in the financial statements. In addition, the audit committee received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm’s communications with the audit committee concerning independence, and discussed with the independent registered public accounting firm their independence.

Based upon the review and discussions described in the preceding paragraph, our audit committee recommended to the board of directors that the audited financial statements of the Company be included in the Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis reviews and discusses our compensation programs and policies for our executive officers who are required to be named in the 2013 Summary Compensation Table under the rules of the SEC. For 2013, these “named executive officers” are John A. Amster, Chief Executive Officer, Ned D. Segal, Chief Financial Officer, Adam C. Spiegel, former Chief Financial Officer, Martin E. Roberts, Senior Vice President, Paul E. Scola, Senior Vice President, and Steven S. Swank, Senior Vice President. This compensation discussion and analysis should be read together with the compensation tables and related disclosures set forth below.

General Overview and Objectives of our Executive Compensation Programs

We help companies reduce patent-related risk and expense by facilitating a more efficient exchange of value in the patent market. We recognize that the success of our company depends to a great degree on our ability to attract and retain talented employees who have relevant skills and experience to help us manage and expand our business. As such, the principal objectives of our executive compensation programs are the following:

- to attract and retain talented and experienced executives whose knowledge, skills and performance ensure our continued success;
- to provide incentive to our executives to manage our business to meet our short-term and long-term business objectives;
- to ensure that our total compensation is fair, reasonable and competitive; and
- to promote teamwork while also recognizing the role each executive officer plays in our success.

Each of the primary elements of our executive compensation program is discussed in more detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our executive compensation programs are designed to be flexible and complementary, and to collectively serve all of the executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation policy, each individual element, to a greater or lesser extent, serves each of our objectives.

Role of Our Compensation Committee, Management and Compensation Consultant

Since our initial public offering in 2011, our compensation committee has administered our executive compensation programs and determined the compensation of our executive officers. For more information about our compensation committee, see “Corporate Governance—Board Committees—Compensation Committee.” The compensation committee has primary responsibility for reviewing and approving the compensation that may become payable to our executive officers, and provides strategic direction to management to enable management to implement the compensation committee’s decisions. The compensation committee made all the decisions regarding the 2013 compensation of our named executive officers.

Our chief executive officer, as the manager of our executive team, makes recommendations to the compensation committee about the compensation of each of our executive officers other than him. While our compensation committee considers his recommendations, it need not adopt them and may adjust them as it determines appropriate.

Compensia, Inc. (“Compensia”) serves as our compensation committee’s independent compensation consultant. Compensia provides the compensation committee with advice and resources to help develop and execute our overall compensation strategy. Compensia reports directly to the compensation committee, and the compensation committee has the sole power to terminate or replace Compensia at any time. As part of its engagement, the compensation committee has directed Compensia to work with members of management to obtain information necessary for Compensia to form recommendations and evaluate management’s recommendations. When requested by the committee, Compensia attends meetings of the compensation committee and provides information and responds to questions from

committee members. As part of its engagement in 2013, Compensia evaluated the Company's peer group, reviewed compensation levels at the peer group companies, developed equity and cash compensation guidelines for various job levels, assessed compensation for the Company's executive officers, advised on the design of the Company's performance-based restricted stock units, evaluated performance-based retention strategies, and assessed compensation for the non-executive members of our board of directors. Compensia does not provide any other services to the Company.

Elements of Compensation

The compensation of our named executive officers consists of the following elements, each of which is designed to fulfill one or more of the principles and objectives described above:

- base salary;
- performance-based bonuses;
- equity incentives;
- change in control benefits;
- broad-based employee benefits; and
- perquisites.

In setting compensation levels for individual named executive officers, the members of our compensation committee apply their judgment in determining the amount and mix of compensation elements for each named executive officer and the appropriate level of each element. The appropriate use and weight of each of these components has generally not been dictated by any particular formula. We view each component of executive compensation as related but distinct, and we also review total compensation of our named executive officers to ensure that our overall compensation objectives are met. The specific mix of components has been within the discretion and business judgment of our compensation committee. These components of our compensation programs together provide compensation packages that our board of directors believes have enabled us to successfully retain and motivate our named executive officers.

Compensation Determination Process

Our compensation committee generally reviews and modifies the compensation of our named executive officers annually at the end of each fiscal year in connection with a review of each officer's performance. Our compensation committee also acts at other times based on the recommendations of our chief executive officer and as the compensation committee determines appropriate, such as in connection with a promotion or as necessary to retain an officer.

In April 2012, at the request of the compensation committee, Compensia prepared an analysis of the compensation of our chief executive officer relative to the compensation paid by a peer group of companies consisting of financial services, technology and patent licensing companies with revenue less than \$350 million at the time of such review. The peer group included the following companies:

Cohen & Steers, Inc.
Cowen Group, Inc.
Financial Engines, Inc.
Greenhill & Co., Inc.
Hercules Technology Growth Capital Inc.
HFF, Inc.
MarketAxess Holdings, Inc.
Virtus Investment Partners Inc.
Aspen Technology, Inc.
Dice Holdings, Inc.
Ebix Inc.
Epiq Systems, Inc.
RealPage, Inc.
SolarWinds, Inc.

Acacia Research Corporation
CEVA, Inc.
DTS, Inc.
InterDigital, Inc.
Rambus Inc.
RealD Inc.
Tessera Technologies, Inc.

In the case of our other named executive officers, the compensation committee considered data from the Radford High-Tech Executive Compensation Survey, as the publicly available information for the peer companies did not include sufficient data with respect all of their specific positions. We believe that this comparative data is valuable in that it provides insight into ranges and components of compensation at similarly-situated companies and helps to confirm both the competitiveness and reasonableness of our compensation decisions. Accordingly, the compensation committee used the peer group and Radford data as one of a number of factors it considered when making 2013 compensation decisions. In general, the compensation committee did not set the compensation of our named executive officers at any particular benchmark, and considerations related to our company and individual named executive officers were prioritized in making compensation decisions. However, in the case of our chief executive officer's 2013 cash compensation, the compensation committee generally targeted the 60th percentile compared to the peer company CEO data. As described below, in the case of Mr. Amster's 2013 equity award, the committee increased the size of the equity award above the 60th percentile in order to create a stronger retention incentive.

At our 2012 annual meeting of stockholders, 98% of the voting power of shares voted were cast in favor of the advisory vote on executive compensation. The compensation committee viewed the results of this vote as broad stockholder support for our executive compensation program and did not implement any changes to our executive compensation programs as a result of the vote.

Base Salary

We provide base salary to our named executive officers and other employees to compensate them for services rendered on a day-to-day basis during the fiscal year and to provide sufficient fixed cash compensation to allow the officers to focus on their ongoing responsibilities to our company. In general, base salaries for our named executive officers are initially established through arm's-length negotiation at the time the executive is hired or promoted, taking into account such executive's qualifications, experience and prior salary. Adjustments to base salaries are discretionary and are based on such factors as the scope of a named executive officer's responsibilities, individual contribution, prior experience and sustained performance. Decisions regarding salary increases may also take into account the named executive officer's current salary, equity ownership and the amounts paid to a named executive officer's peers inside our company by conducting an internal analysis, which compares the pay of each named executive officer to other members of the management team and the market compensation data. Base salaries are also reviewed and adjusted when necessary to reflect changes in individual roles and responsibilities as well as our compensation committee's subjective assessment of market conditions.

In connection with its annual review of our named executive officer's compensation, the compensation committee approved the increases in our named executive officer's base salaries set forth below. These salaries were based on recommendations from our chief executive officer and were also intended to address internal pay equity among our executive officers. No change was made in Mr. Amster's salary due to our compensation committee's assessment that his existing salary, which was already at the 60th percentile of the peer company CEO salaries, was adequate.

- Mr. Spiegel \$260,000 to \$315,000 per year;
- Mr. Roberts \$260,000 to \$300,000 per year;
- Mr. Scola \$240,000 to \$285,000 per year;
- Mr. Swank \$250,000 to \$285,000 per year.

Mr. Roberts's salary was further increased to \$360,000 per year in April 2013 in light of his increased operational responsibilities at our company.

In connection with the commencement of his employment with us in April 2013, Mr. Segal's initial base salary was determined by arm's-length negotiations and was set at \$450,000.

The actual base salaries paid to all of our named executive officers during fiscal year 2013 are set forth in the "2013 Summary Compensation Table."

Performance-Based Bonuses

Cash performance bonuses are used to reward our named executive officers for the achievement of individual and company performance goals that we believe will in turn further our long-term business objectives. Cash bonuses are discretionary; however, we accrue a total bonus pool for all participants in our bonus plan based on corporate objectives. Our compensation committee determines the actual size of the bonus pool at the end of the year using the pool performance target as a guideline, but not a requirement. The compensation committee also determines individual performance bonuses for our named executive officers based on a subjective review of individual and company performance, and, in the case of officers other than our chief executive officer, based on the recommendations of our chief executive officer.

In February 2013, our compensation committee determined that we should accrue a 2013 bonus pool based on the level of our 2013 non-GAAP operating income, with a minimum and maximum amount to be accrued based on our performance. We define non-GAAP operating income to exclude stock-based compensation and the amortization of acquired intangibles. Our compensation committee was permitted, in its sole discretion, to adjust non-GAAP operating income to exclude certain revenue and expenses related to the acquisition or disposition of patent assets. We believe that non-GAAP operating income target is an appropriate measure of our company's performance, as it is a key valuation measure considered by our stockholder and analyst community.

The compensation committee set the Company's target non-GAAP operating income for fiscal year 2013 at \$90.7 million and set the following accrual guidelines tied to the Company's performance:

2013 Non-GAAP Operating Income (1)	\$80.7 million or less (\$10 million below target)	\$90.7 million (100% of target)	\$100.7 million or more (\$10 million above target)
Accrual (2)	23% of total company-wide salaries	32% of total company-wide salaries	41% of total company-wide salaries

(1) In the case of results in between the above guidelines, the full year bonus accrual would be determined by linear interpolation between the relevant specified accrual amounts.

(2) The guidelines include an additional two percent pool at each level of performance in order to allow the compensation committee additional flexibility to reward outstanding performance.

Our company's actual non-GAAP operating income for fiscal year 2013 was \$79.1 million, which was below the target by \$11.6 million. In accordance with the guideline above, our compensation committee determined that the actual bonus pool should be \$4.3 million, or 23% of total company-wide annual salaries for the year.

After determining the size of the bonus pool, our compensation committee approved 2013 bonuses for our named executive officers. Although non-GAAP operating income was below target, the compensation committee considered the fact that our client network grew from 140 to 168, and the fact that non-GAAP operating income increased by 20%. Because our typical sales cycle is long and unpredictable, and the committee believed that the named executive officers did an exceptional job continuing to develop and expand the client pipeline, the committee determined to pay bonuses above the prorated target amounts for the named executive officers. In the case of our named executive officers, other than Mr. Amster, the compensation committee also considered the recommendations of Mr. Amster based on his subjective review of each named executive officer's performance. These reviews and bonus payouts for each named executive officer were based on the following considerations:

- Mr. Amster's bonus was 40% of his base salary and reflected his continuing leadership of the Company and the growth in the number and diversity of clients during 2013.

- Mr. Segal's bonus was 65% of base salary in accordance with the terms of his offer letter.
- Mr. Roberts's bonus was 42% of base salary and reflected his role in corporate governance as well as his leadership of the legal and human resources teams.
- Mr. Scola's bonus was 42% of his base salary and reflected his leadership of the insurance sales and operations as well as the information technology teams.
- Mr. Swank's bonus was 42% of base salary and reflected the number of new and renewing clients and his leadership of the client development and client relations teams.

The cash bonuses paid to our named executive officers are set forth in the "Bonus" column of the "2013 Summary Compensation Table."

Long-Term Equity Incentives

We believe that strong long-term corporate performance may be achieved by using equity-based awards to encourage long-term performance by our named executive officers. Our compensation committee grants equity awards to our named executive officers and other employees to enable them to participate in the long-term appreciation of our stockholder value. We believe that equity grants align the interests of our named executive officers with our stockholders, provide them with incentives linked to long-term performance, and create an ownership culture. We believe that equity should be designed to serve as an effective recruitment and retention tool while also motivating our executive officers to work toward corporate objectives that provide a meaningful return to our stockholders.

The initial equity award held by Mr. Amster consisted of restricted stock that he purchased at the time the Company was founded, and was subject to our repurchase rights that lapsed (which is what we mean by "vesting" with respect to these awards) over four years of service from August 2008 and became fully vested in August 2012. Equity-based awards to our other named executive officers have generally been granted in the form of options to purchase shares of our common stock and, following our initial public offering, restricted stock units (or "RSUs"). Typically, each named executive officer receives a grant of RSUs and/or a stock option upon joining our company. The initial awards of stock options generally vest over four years of service, with 25% vesting after one year of service and the remainder vesting in equal monthly installments over the next three years. The initial awards of RSUs generally vest over four years, with 25% vesting after one year of service and the remainder vesting in equal quarterly installments over the next three years.

The size and material terms of the equity awards granted to our named executive officers are determined in the subjective discretion of our compensation committee and reflect (among other factors) individual negotiations at the time an officer is hired, the cash compensation of the officer, the officer's performance and responsibility, internal pay equity, retention concerns, and the comparative market compensation data.

Beginning in 2012, as a part of the annual performance and compensation review process, based on an evaluation of each employee's performance for the year, the compensation committee began considering additional grants to employees after the first year of employment. For 2013, these grants were in the form of RSUs for all employees including our named executive officers and generally vest over four years of service. The compensation committee believes that RSUs align the interests of the named executive officers with the interests of the stockholders because the value of these awards appreciates if the trading price of our common stock appreciates, and these awards also have retention value even during periods in which our trading price does not appreciate, which supports continuity in the management team.

Consistent with this approach, our compensation committee granted the following RSUs to our named executive officers in connection with the annual review of their compensation and performance. In the case of Mr. Amster whose existing equity was largely vested, the compensation committee decided to double the size of his equity award from the 60th percentile of the peer company CEO data in order to provide additional retention incentives, but made vesting of half of the award subject to increases in our stock price over four years. The size of the other RSU awards were determined in the subjective discretion of our compensation committee and were based on recommendations from Mr. Amster.

- Mr. Amster – 250,000 RSUs
- Mr. Spiegel – 75,000 RSUs
- Mr. Roberts – 75,000 RSUs
- Mr. Scola – 65,000 RSUs
- Mr. Swank – 65,000 RSUs

In April 2013, Mr. Roberts was granted an additional 50,000 RSUs in recognition of his increasing managerial responsibility, the role he plays in the Company's operations and retention concerns.

As with other new hires, Mr. Segal was granted both stock options and RSUs in connection with his commencement of employment with us. The size and terms of the initial awards granted to Mr. Segal were the result of arm's length negotiations at the time he was hired and reflect the equity opportunities he was leaving behind at his prior employer.

The equity awards granted to our named executive officers in 2013 are reflected in the "2013 Grants of Plan-Based Awards" table below.

We do not have, nor do we plan to establish, any program, plan or practice to time stock option grants in coordination with releasing material non-public information, nor do we have any established grant schedule. In addition, to date, we have not adopted stock ownership guidelines for our named executive officers.

Change in Control Benefits and Severance

In connection with the termination of Mr. Spiegel's employment, we entered into a separation agreement with Mr. Spiegel pursuant to which he received certain severance benefits described below in "Narrative Disclosure to the Summary Compensation Table and Grants of Plan Based Awards – Separation Agreement with Adam C. Spiegel." While Mr. Spiegel was not contractually entitled to receive these benefits, we wanted to incentivize Mr. Spiegel to remain employed for a transition period and believe it was in our best interests to obtain a release of claims from Mr. Spiegel.

The equity awards granted to Messrs. Amster and Segal in 2013 include a "double trigger" acceleration benefit if the officer is terminated without cause or resigns for certain reasons within 12 months after a change in control of our company. The terms of these arrangements are described below in "2013 Potential Payments Upon Termination or Change in Control." Our compensation committee believes that it is necessary to offer senior members of our executive team the level of protection provided under these agreements to ensure that they remain focused on executing our company's strategic plans, including in the event our company is to be acquired.

None of our named executive officers have any contractual severance benefits.

Employee Benefits

We provide the following benefits to our named executive officers, generally on the same basis as provided to all of our employees:

- health, dental and vision insurance;
- life insurance and accidental death and dismemberment insurance;

- a 401(k) plan with an up to \$2,500 match of employee contributions;
- an employee assistance plan;
- short- and long-term disability insurance;
- medical and dependent care flexible spending account; and
- a health savings account.

We believe these benefits are consistent with those of companies with which we compete for employees.

Perquisites

Given our location in downtown San Francisco, we pay the monthly parking fee incurred by certain of our officers and employees, including the \$495 monthly fee for Mr. Amster. We generally do not provide any additional perquisites to our named executive officers.

Tax Considerations

Generally, Section 162(m) of the Internal Revenue Code disallows a deduction to any publicly held corporation for individual compensation exceeding \$1 million in any taxable year payable to its Chief Executive Officer and certain other officers. However, compensation in excess of \$1 million may be deducted if, among other things, it qualifies as “performance-based compensation” within the meaning of Section 162(m). While our compensation committee is mindful of the benefits of deducting compensation, in order to maintain flexibility in compensating executive officers in a manner consistent with our philosophy and business goals, it has not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers. Stock options granted to our named executive officers under our 2011 Equity Incentive Plan are generally intended to qualify as performance-based compensation so that they will not be subject to the \$1 million deduction limitation. In addition, we may grant certain performance-contingent equity awards that are intended to qualify as performance-based compensation. However, base salaries, our performance-based bonuses and restricted stock units granted to our named executive officers do not qualify as performance-based compensation and are generally subject to the \$1 million deduction limitation when aggregated with other non-exempt compensation. Our compensation committee may approve compensation or changes to plans, programs or awards that may cause the compensation or awards not to be deductible under Section 162(m).

Section 280G of the Internal Revenue Code disallows a tax deduction with respect to excess parachute payments to certain executives and significant stockholders of companies that undergo a change in control. In addition, Section 4999 of the Internal Revenue Code imposes a 20% excise tax on the individual with respect to the excess parachute payment. Section 409A of the Internal Revenue Code also imposes significant additional taxes should an executive officer, director or other service provider receive “deferred compensation” that does not meet the requirements of Section 409A of the Internal Revenue Code. We have not provided any named executive officer with a gross-up or other reimbursement for tax amounts the executive might pay pursuant to Section 280G or Section 409A of the Internal Revenue Code. As a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A of the Internal Revenue Code.

Financial Restatement

Our compensation committee has not adopted a policy on whether we will make retroactive adjustments to any cash or equity-based incentive compensation paid to the named executive officers (or others) where the payment was predicated upon the achievement of financial results that were subsequently the subject of a restatement. Our compensation committee believes that this issue is best addressed if and when a need actually arises, when all of the facts regarding the restatement are known. We intend to comply with all applicable laws and regulations requiring any adjustments to or recovery of incentive compensation.

Report of the Compensation Committee

The material in this report is not “soliciting material,” is not deemed “filed” with the SEC, and is not to be incorporated by reference into any of our filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates it by reference into such filing.

We, as members of the compensation committee, have reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with management. Based on such review and discussion, we have recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

Outstanding Equity Awards at 2013 Fiscal Year-End

The following table sets forth information regarding each unexercised option and all unvested restricted stock and restricted stock units held by each of our named executive officers as of December 31, 2013.

The vesting schedule applicable to each outstanding award is described in the footnotes to the table below. For information regarding the vesting acceleration provisions applicable to the equity awards held by our named executive officers, see "2013 Potential Payments Upon Termination or Change in Control" below.

Prior to September 2010, our stock options were generally exercisable in full on the grant date but any shares purchased under the option were subject to repurchase by us at the exercise price until vested. Options granted after September 2010 are exercisable in accordance with the applicable option's vesting schedule for vested (unrestricted) shares.

2013 Option Exercises and Stock Vested

The following table shows the number of shares acquired upon exercise of options by each named executive officer in 2013 and the number of shares of restricted stock and restricted stock units held by each named executive officer that vested during the 2013 fiscal year. In the case of Mr. Spiegel, the amounts in the "Stock Awards" columns include vesting of shares acquired upon exercise of an unvested option.

Pension Benefits and Non-qualified Deferred Compensation

Our company does not provide a pension plan for its employees, and no named executive officers participated in a non-qualified deferred compensation plan during the 2013 fiscal year.

2013 Potential Payments Upon Termination or Change in Control

We have entered into offer letters and either stock option, restricted stock unit or stock purchase agreements with each of our named executive officers, and, in connection with the termination of his employment, we entered into a separation agreement with Mr. Spiegel described above. None of the offer letters entered into with our named executive officers provide for the payment of severance; however, we have entered into agreements with Messrs. Amster and Segal under which they may be entitled to accelerated vesting of equity awards upon certain terminations of employment, as described in further detail below. Additionally, options and restricted stock units granted pursuant to either our 2008 Stock Plan or our 2011 Equity Incentive Plan, including any options or restricted stock units granted to our named executive officers, may accelerate and vest in full if our company is subject to certain corporate transactions in which

the surviving corporation does not assume the options or restricted stock units or substitute new awards for outstanding awards.

Agreements with John A. Amster

In January 2011 we granted Mr. Amster 537,692 options, and in January 2013 we granted Mr. Amster 125,000 restricted stock units. Pursuant to the stock option and restricted stock unit agreements applicable to these awards, if Mr. Amster is subject to an involuntary termination within 12 months following a change in control, then he will be entitled to vesting acceleration of 50% of any then-unvested shares subject to the awards.

In January 2013, we granted Mr. Amster 125,000 performance-based restricted stock units. Pursuant to the performance-based restricted stock unit award agreement applicable to this award, if our company is subject to a change in control before Mr. Amster's service terminates and prior to the fourth anniversary of the award date, then the performance conditions applicable to the award will be waived and 6.25% of the units will vest quarterly on the Company's established vesting dates until the fourth anniversary of the award date, provided Mr. Amster remains in continuous service through each vesting date. Any units are not vested by the fourth anniversary of the award date shall be forfeited. However, if Mr. Amster is subject to an involuntary termination within 12 months after the change in control and prior to the fourth anniversary of the award date, then 50% of the unvested units at the time of the involuntary termination will vest.

For purposes of the stock option agreement, restricted stock unit award agreement, and the performance-based restricted stock unit award agreement with Mr. Amster:

"Involuntary termination" is defined as the termination of Mr. Amster's service by reason of (i) the involuntary discharge of Mr. Amster by our company for reasons other than cause or death or disability or (ii) his voluntary resignation following (a) the material reduction in authority and responsibility with our company (it being understood that a material reduction in authority and responsibility shall not be deemed to have occurred as long as he retains substantial senior executive responsibilities in the same line of business that he was involved with immediately prior to a change in control), (b) a reduction in his base salary by more than 10% or (c) a request by our company that he relocate by more than 50 miles.

"Change in control" is defined as (i) the consummation of a merger or consolidation of our company with or into another entity or (ii) the dissolution, liquidation or winding up of our company. The foregoing notwithstanding, a merger or consolidation of our company shall not constitute a "change in control" if immediately after such merger or consolidation a majority of the voting power of the capital stock of the continuing or surviving entity, or any direct or indirect parent corporation of such continuing or surviving entity, will be owned by the persons who were our stockholders immediately prior to such merger or consolidation in substantially the same proportions as their ownership of the voting power of our capital stock immediately prior to such merger or consolidation.

"Cause" is defined as (i) an intentional and unauthorized use or disclosure by Mr. Amster of our confidential information or trade secrets, which use or disclosure causes material harm to our company, (ii) a material breach by Mr. Amster of any agreement between him and our company, (iii) a material failure by Mr. Amster to comply with our written policies or rules, (iv) Mr. Amster's conviction of, or plea of "guilty" or "no contest" to, a felony under the laws of the United States or any State thereof, (v) Mr. Amster's gross negligence or willful misconduct, (vi) a continuing failure by Mr. Amster to perform assigned duties after receiving written notification of such failure from our board of directors or (vii) a failure by Mr. Amster to cooperate in good faith with a governmental or internal investigation of our company or its directors, officers or employees, if our company has requested his cooperation.

"Disability" is defined as Mr. Amster's inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment.

Agreements with Ned D. Segal

In April 2013, we granted Mr. Segal 100,000 options and 300,000 restricted stock units. Pursuant to the stock option and restricted stock unit agreements applicable to these awards, if Mr. Segal is subject to an involuntary

termination within 12 months following a change in control, then he will be entitled to vesting acceleration of 50% of any then-unvested shares subject to the awards. In addition, if Mr. Segal dies or his employment terminates because of his disability before April 24, 2014, the first 25% of the shares subject to the awards will vest.

In April 2013, we also granted Mr. Segal 50,000 performance-based restricted stock units. The treatment of this award upon a change in control is the same as described above with respect to Mr. Amster's performance-based restricted stock units.

For purposes of the stock option agreement, restricted stock unit award agreement, and the performance-based restricted stock unit award agreement with Mr. Segal:

"Involuntary Termination" is defined as either (i) a separation as a result of the termination of Mr. Segal's employment by our company for reasons other than cause or death or disability; or (ii) Mr. Segal's Resignation for Good Reason.

"Resignation for Good Reason" is defined as a separation as a result of Mr. Segal's resignation within 12 months after one of the following conditions has come into existence without Mr. Segal's consent: (i) a material reduction in Mr. Segal's authority and responsibility (it being understood that a material reduction in authority and responsibility shall not be deemed to have occurred as long as Mr. Segal retains substantial senior executive responsibilities in the same line of business that Mr. Segal was involved with immediately prior to a Change in Control); (ii) a reduction in Mr. Segal's base salary by more than 10%; or (iii) a request by our company that Mr. Segal relocate by more than 50 miles. A Resignation for Good Reason will not be deemed to have occurred unless Mr. Segal gives our company written notice of the condition within 90 days after the condition comes into existence and our company fails to remedy the condition within 30 days after receiving Mr. Segal's written notice.

"Cause" is defined as (i) Mr. Segal's intentional and unauthorized use or disclosure of our company's confidential information or trade secrets, which use or disclosure causes material harm to our company; (ii) Mr. Segal's material breach of any agreement between Mr. Segal and our company; (iii) Mr. Segal's material failure to comply with our company's written policies or rules; (iv) Mr. Segal's conviction of, or plea of "guilty" or "no contest" to, a felony under the laws of the United States or any State thereof; (v) Mr. Segal's gross negligence or willful misconduct; (vi) Mr. Segal's continuing failure to perform assigned duties after receiving written notification of such failure from the Board of Directors; or (vii) Mr. Segal's failure to cooperate in good faith with a governmental or internal investigation of our company or its directors, officers or employees, if our company has requested Mr. Segal's cooperation. To the extent Mr. Segal commits an act that would constitute Cause pursuant to (ii), (iii) or (vii), he will be given notice and an opportunity to cure within 30 days of receiving notice and, if he reasonably cures such act as determined by the audit committee of our company's board, it will not constitute Cause.

"Disability" is defined as Mr. Segal's inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that results in death or lasts for a continuous period of not less than six months.

The following table describes the potential benefits to which Messrs. Amster and Segal would have been entitled under the arrangements described above, assuming that each such officer's employment terminated as of December 31, 2013, and the actual benefits Mr. Spiegel received pursuant to his separation agreement. Messrs. Roberts, Scola and Swank were not entitled to any benefits upon a termination of employment on December 31, 2013.

- (1) The value of option acceleration shown in the table above assumes that the termination of the named executive officer's employment occurred on December 31, 2013, and was calculated by multiplying the number of unvested option shares accelerated by the difference between \$16.90, the closing price of our common stock on December 31, 2013, the last trading day of the year, and the exercise price of the option.
- (2) The value of restricted stock acceleration shown in the table above assumes that the termination of the named executive officer's employment occurred on December 31, 2013, and was calculated by multiplying the number of unvested shares accelerated by \$16.90, the closing price of our common stock on December 31, 2013, the last trading day of the year. No value is assigned to the waiver of the performance conditions applicable to performance-contingent restricted stock units in connection with a change in control.
- (3) The value of option acceleration shown in the table above was calculated by multiplying the number of unvested option shares accelerated by the difference between \$14.69, the closing price of our common stock on May 9, 2013, the date Mr. Spiegel's separation agreement became irrevocable, and the exercise price of the option.
- (4) The value of restricted stock unit acceleration shown in the table above was calculated by multiplying the number of unvested units accelerated by \$14.69, the closing price of our common stock on May 9, 2013, the date Mr. Spiegel's separation agreement became irrevocable.
