SUPERNUS PHARMACEUTICALS, INC.

**1550 East Gude Drive
Rockville, MD 20850
(301) 838-2500
DATED March 30, 2015**

PROXY STATEMENT

This Proxy Statement is furnished with the attached Notice of Annual Meeting and with the accompanying Proxy on or about April 6, 2015, to each stockholder of record of Supernus Pharmaceuticals, Inc. ("Supernus" or the "Company") as of the close of business on March 23, 2015 ("Record Date"), in connection with the solicitation of proxies by the Board of Directors to be voted at the Annual Meeting of Stockholders of Supernus to be held on May 21, 2015 at 10:00A.M. at the executive offices of Supernus, located at 1550 East Gude Drive, Rockville, MD 20850, and at any adjournment or adjournments thereof for the purposes stated below. The form of Proxy is enclosed.

Only stockholders of record as of the close of business on the Record Date will be entitled to vote on all matters presented for vote at the Annual Meeting. At the close of business on March 23, 2015, the total number of shares of our common stock (the "Common Stock") outstanding was 46,779,242 shares. Each share of Common Stock will be entitled to one vote per share on all business to come before the Annual Meeting.

QUORUM AND REQUIRED VOTE

The holders of a majority of the outstanding shares of each class entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum. If a broker that is a record holder of common stock does not return a signed Proxy, the shares of Common Stock represented by such Proxy will not be considered present at the meeting and will not be counted toward establishing a quorum. If a broker that is a record holder of Common Stock does return a signed Proxy, but is not authorized to vote on one or more matters, each such vote being a broker non-vote, the shares of Common Stock represented by such Proxy will be considered present at the meeting for purposes of determining the presence of a quorum.

A plurality of the votes cast is required for the election of directors. In the event that neither a "For" nor a "Withhold" vote is cast for a director, such non-votes will have no impact on the outcome of the election of directors. The rules that determine how your broker can vote your shares state that brokers may not vote your shares on the election of directors in the absence of your specific instructions as to how to vote. You must provide your broker with voting instructions so that your vote will be counted. Broker non-votes will have no effect on the outcome of the election of directors.

An affirmative vote of the majority of the votes cast, present in person or by proxy at the meeting, is required for the approval of Proposal 2. Abstentions will have the effect of a "no" vote with respect to Proposal 2 and broker non-votes will have no effect on the outcome of these proposals.

REVOCABILITY OF PROXY

Any Proxy given pursuant to this solicitation may be revoked at any time prior to its exercise by notifying the Secretary of Supernus in writing, delivering a duly executed Proxy bearing a later date or attending the Annual Meeting and voting in person.

DISSENTER'S RIGHT OF APPRAISAL

The matters submitted to the stockholders for their approval will not give rise to dissenter's appraisal rights under Delaware law.

PERSONS MAKING THE SOLICITATION

The accompanying Proxy is being solicited on behalf of the Board of Directors of Supernus. In addition to mailing the Proxy materials, solicitation may be made in person or by telephone or electronic transmission by directors, officers or other employees of Supernus, none of whom will receive any additional compensation in connection with such solicitation. The expense of the solicitation of the Proxies for the Annual Meeting will be borne by us. We will request banks, brokers and other nominees to forward Proxy materials to beneficial owners of stock held by them and will reimburse such banks, brokers and other nominees for their reasonable out-of-pocket expenses in doing so.

The term of the Class III directors will expire at the 2015 Annual Meeting of Stockholders, the term of the Class I directors will expire at the 2016 Annual Meeting of Stockholders and the term of the Class II directors will expire at the 2017 Annual Meeting of Stockholders. At each Annual Meeting of Stockholders, the successors of the class of directors whose term expires shall be elected to hold office for a term expiring at the Annual Meeting of Stockholders to be held in the third year following the year of their election, with each director in each such class to hold office until his or her successor is duly elected and qualified.

The person designated as proxies in the accompanying proxy card intend to vote " **FOR** " each such nominee, unless a contrary instruction is indicated on the proxy card. If for any reason the nominee should become unavailable for election, the persons designated as proxies in the proxy card may vote the proxy for the election of another person nominated as a substitute by the Board of Directors, if any person is so nominated. We have no reason to believe that the nominees will be unable or unwilling to serve if elected, and the nominees have expressed their intention to serve the entire term for which election is sought. The proxies cannot be voted for a greater number of persons than the number of nominees named which are two nominees.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. A copy of the Code of Ethics is currently available at www.supernus.com. Supernus will publicly disclose any waivers or amendments to the Code of Ethics that apply to the chief executive officer and senior financial officers pursuant to the requirements of the SEC.

Composition of Our Board of Directors

Our Board of Directors currently consists of seven members. Our Class I directors were elected by our stockholders at the 2013 Annual Meeting of Stockholders, our Class II directors were elected by our stockholders at the 2014 Annual Meeting of Stockholders, and one of our Class III directors was elected pursuant to the Board composition provisions of our stockholders voting agreement prior to our initial public offering in May 2012, and the other Class III Director was appointed by the Board of Directors in March 2015 to fill a vacancy created by the resignation of a prior Board member. Our Governance and Nominating Committee and Board of Directors may consider a broad range of factors relating to the qualifications and background of nominees, which may include diversity, which is not limited to race, gender or national origin. We have no formal policy regarding Board diversity. Our Governance and Nominating Committee and Board of Directors' priority in selecting Board members is identification of persons who will further the interests of our stockholders through their established records of professional accomplishment, the ability to contribute positively to the collaborative culture among Board members, and professional and personal experiences and expertise relevant to our growth strategy.

Description of Director Qualifications, Nominating Process and Stockholder Nominations

Members of our Board of Directors should meet certain minimum qualifications including being at least 21 years old and possessing (1) the ability to read and understand corporate financial statements,

(2) relevant business experience and professional skills, (3) high moral character and personal and professional integrity, and (4) the willingness to commit sufficient time to attend to his or her duties and responsibilities as a director of a public corporation. In addition, the Board of Directors may consider a variety of other qualities and skills, including (i) expertise in the businesses in which Supernus may engage, (ii) the ability to exercise independent decision-making, (iii) the absence of conflicts of interest, (iv) diversity of gender, ethnic background, and experience, and (v) the ability to work effectively with other directors in collectively serving the long-term interests of all stockholders. Nominees must also meet any applicable requirements of SEC regulations, state law, and Supernus' charter and bylaws.

The Governance and Nominating Committee of the Board of Directors will annually assess the qualifications, expertise, performance and willingness to serve of our existing directors. If at this time, or at any other time during the year, the Governance and Nominating Committee determines a need to add a new director with specific qualifications or to fill a vacancy on the Board, the Governance and Nominating Committee will then initiate the search, working with staff support and seeking input from Board directors and senior management, considering nominees previously submitted by stockholders, and, if deemed necessary or appropriate, hiring a search firm. An initial slate of candidates satisfying the specific qualifications, if any, and otherwise qualifying for membership on the Board, will then be identified and presented to the Board of Directors which will then prioritize the candidates and determine if any of the members of the Board or senior management have relationships with the preferred candidates and can initiate contacts. If not, contact would be initiated by a search firm. The Governance and Nominating Committee will interview the prospective candidate(s). Evaluations and recommendations of the interviewers will be submitted to the Board of Directors for final evaluation. The Board of Directors will meet to consider such recommendations and to approve the final candidate, and will evaluate all nominees for director, including nominees recommended by a stockholder, on the same basis.

The Board of Directors will consider director candidates recommended by our stockholders in accordance with the following procedures. Stockholders may make recommendations with regard to nominees for election to the Board of Directors at future Annual Meetings of stockholders by submitting in writing a notice, received by the Secretary of Supernus, no earlier than 120 days and no later than 90 days prior to the anniversary date of the prior year's meeting, or, if we did not have an Annual Meeting of Stockholders in the prior year or if the date of the current year's Annual Meeting is more than 30 days before or after the anniversary date of the prior year's Annual Meeting, on or before 15 days after the date on which the date of the current year's Annual Meeting is first disclosed in a public statement. Such recommendations or notices of nomination must set forth (i) all information relating to each nominee that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Section 14(a) of the Securities Exchange Act of 1934, as amended ("Exchange Act") and the rules and regulations promulgated thereunder. With respect to nominations, notices of nominations must include the written consent of each nominee to being named in the proxy statement as a nominee and to serving as a director if elected. In addition, stockholders submitting nominations must provide certain information pertinent to them. In making recommendations or nominations, stockholders must adhere to all of the required procedures set forth in our Amended and Restated Bylaws, a copy of which has been filed with the SEC. Stockholders should also consider the minimum qualifications determined by our Board of Directors for Board members as noted elsewhere in this Proxy Statement. All nominees for director, including nominees recommended by a stockholder, shall be evaluated on the same basis.

Director Independence

Our common stock is listed on The NASDAQ Global Market. Under Rules 5605 and 5615 of the Nasdaq Marketplace Rules, a majority of a listed company's Board of Directors must be comprised of independent directors. In addition, the Nasdaq Marketplace Rules ("Marketplace Rules") require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act. Under Rule 5605(a)(2) of the Nasdaq Marketplace Rules, a director will only qualify as an "independent director" if, in the opinion of that company's Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The composition and functioning of our Board of Directors and each of our Board committees complies with all applicable rules and regulations of the SEC and The NASDAQ Global Market. Our Board of Directors has determined that each of the current directors meets the independence requirement of the Marketplace Rules, with the exception of Mr. Khattar, who serves as our Chief Executive Officer. There are no family relationships among any of our directors or executive officers.

Board Leadership Structure

Our Board of Directors has elected to separate the roles of Chief Executive Officer and Chairman of the Board of Directors in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the Company's strategic direction and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the Chief Executive Officer and presides over meetings of the full Board. The Company believes that this separation of duties allows the Chief Executive Officer and Chairman to most efficiently use their time and to most effectively fulfill their respective responsibilities, which are critical to the future success of the Company. Mr. Khattar serves as President and Chief Executive Officer and Dr. Barrett serves as Chairman of the Board of Directors. The Chief Executive Officer and Chairman work closely together to execute the strategic plan of the Company.

While our bylaws and corporate governance guidelines do not require that the Chief Executive Officer and Chairman positions be separate, the Board of Directors believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for us at this time. We believe the combination of Mr. Khattar as President and Chief Executive Officer and Dr. Barrett as Chairman is an effective leadership structure for Supernus. The division of duties allows our Chief Executive Officer to focus on our day-to-day business, while allowing our Chairman to lead the Board of Directors in its fundamental role of providing advice to, and independent oversight of, management. Our Board of Directors recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our Chairman, particularly as the Board of Directors' oversight responsibilities continue to grow. Our Board of Directors also believes that this structure ensures a greater role for the independent directors in the oversight of our company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our Board of Directors.

Board of Directors' Role in the Oversight of Risk Management

Management is responsible for the day-to-day management of risks that we face, while our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our Board of Directors is actively involved in oversight of risks that could affect us. This oversight is conducted primarily through the full Board of Directors, which has generally

retained responsibility for general oversight of risks. Our Board of Directors satisfies this responsibility through reports directly from officers responsible for oversight of particular risks within our Company as our Board of Directors believes that full and open communication between management and the Board of Directors is essential for effective risk management and oversight. As a critical part of this risk management oversight role, the Board of Directors encourages full and open communication between management and the Board of Directors. Our Chairman meets periodically with the President and Chief Executive Officer to discuss strategy and risks facing the Company. Senior management attends Board meetings and is available to address any questions or concerns raised by the Board on risk management-related and other matters. The Board of Directors periodically receives presentations from senior management on strategic matters involving the Company's operations to enable it to understand the Company's risk identification, risk management and risk mitigation strategies. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to risk management in areas of financial risk, internal controls, and compliance with legal and regulatory requirements. The oversight of risk management in the areas of compensation policies and programs, and Board organization, membership and structure are the responsibilities of the full Board of Directors.

Other Committees

Our Board of Directors may establish other committees as it deems necessary or appropriate from time to time.

Transactions with Related Persons

Procedures for Related Person Transactions

Our Audit Committee is responsible for reviewing and approving all material transactions with any related person on a continuing basis. Related persons can include any of our directors or officers, holders of 5% or more of our voting securities and their immediate family members. This obligation is set forth in writing in our Audit Committee charter. We may not enter into a related person transaction unless our Audit Committee has reviewed and approved such transaction.

Transactions with Related Persons and Certain Control Persons

Other than the transactions set forth below, since January 1, 2012, there has not been any transaction or series of transactions to which we were or are a party in which the amount involved exceeded or exceeds \$120,000 and in which any director, executive officer, holder of more than 5% of any class of our voting securities or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest. We believe the transactions set forth below were executed on terms no less favorable to us than we could have obtained from unaffiliated third parties. The transactions described below were ratified by the Audit Committee under the Audit Committee Charter.

We employ the adult son of Victor Vaughn, our Senior Vice President of Sales and Marketing, in a non-executive position as a Regional Sales Director. We employed his adult son for two months prior to the date on which we employed Mr. Vaughn. This individual, who does not reside with and is not supported financially by Mr. Vaughn, earned total cash compensation for fiscal 2014 of \$166,227 and \$132,148 for fiscal 2013, which is commensurate with his peers. Mr. Vaughn's son is employed on an "at will" basis and compensated on the same basis as our other employees of similar function, seniority and responsibility without regard to his relationship with Mr. Vaughn. In addition, the criteria used to complete the hiring decision regarding Mr. Vaughn's son were the same criteria used to hire other Regional Sales Directors.

We employ another adult son of Mr. Vaughn in a non-executive, non-managerial capacity as a Sales Representative. Management has reviewed this relationship and affirmatively determined that it does not constitute a material relationship between Mr. Vaughn's son and us because the son is employed on an "at will" basis in a non-executive, non-managerial position and has not received during any twelve-month period within the last three years more than \$120,000 in direct compensation from us. Compensation paid to Mr. Vaughn's son in any twelve-month period was determined on the same basis as our other employees of similar function and the criteria that was used to complete the hiring decision regarding Mr. Vaughn's son was the same criteria used to hire other Sales Representatives. Mr. Vaughn and his son do not reside at the same residence.

Meetings

During the year ended December 31, 2014, the Board of Directors held a total of eleven meetings. Each of our directors attended at least 75% of the aggregate number of meetings of the Board of Directors and meetings of any committee of which he was a member, which were held during the time in which he was a director or a committee member, as applicable, except for Mr. Newhall, who attended 73% of the meetings.

Each member of the Board of Directors who is up for election at an Annual Meeting of Stockholders or who has a term that continues after such meeting is expected to attend the Annual Meeting of Stockholders. Mr. Khattar attended the 2014 Annual Meeting of Stockholders held on May 22, 2014.

Stockholder Communications with the Board of Directors

We have established procedures for stockholders to communicate directly with our Board of Directors on a confidential basis. Stockholders who wish to communicate with the Board of Directors or with a particular director may send a letter to the Secretary of Supernus Pharmaceuticals, Inc. at 1550 East Gude Drive, Rockville, MD 20850. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication" or "Stockholder-Director Communication." All such letters must identify the author as a stockholder and clearly state whether the intended recipients are all members of the Board of Directors or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the directors addressed. To the extent that a stockholder wishes the communication to be confidential, such stockholder must clearly indicate on the envelope that the communication is "confidential." The Secretary will then forward such communication, unopened, to the Chairman of the Board of Directors.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee has at any time been one of our officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the Board of Directors or Compensation Committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Limitation of Liability and Indemnification Arrangements

As permitted by the Delaware General Corporation Law, we adopted provisions in our amended and restated certificate of incorporation and amended and restated bylaws that limit or eliminate the personal liability of our directors. Consequently, a director will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- any unlawful payments related to dividends or unlawful stock repurchases, redemptions or other distributions; or
- any transaction from which the director derived an improper personal benefit.

These limitations of liability do not alter director liability under the federal securities laws and do not affect the availability of equitable remedies such as an injunction or rescission.

In addition, our amended and restated bylaws provide that:

- we will indemnify our directors, officers and, at the discretion of our Board, certain employees to the fullest extent permitted by the Delaware General Corporation Law; and
- advance expenses, including attorneys' fees, to our directors and, at the discretion of our Board, to our officers and certain employees, in connection with legal proceedings, subject to limited exceptions.

We have entered into indemnification agreements with each of our executive officers and directors. These agreements provide that we will indemnify each of our directors to the fullest extent permitted by the Delaware General Corporation Law and advance expenses to each indemnitee in connection with any proceeding in which indemnification is available.

We also maintain management liability insurance to provide insurance coverage to our directors and officers for losses arising out of claims based on acts or omissions in their capacities as directors or

officers, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, or persons controlling the registrant pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

These provisions may discourage stockholders from bringing a lawsuit against our directors in the future for any breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors, officers and certain employees pursuant to these indemnification provisions. We believe that these provisions, the indemnification agreements and the insurance are necessary to attract and retain talented and experienced directors and officers.

At present, there is no pending litigation or proceeding involving any of our directors, officers or employees in which indemnification will be required or permitted. We are not aware of any threatened litigation or proceeding that might result in a claim for such indemnification.

EXECUTIVE COMPENSATION

Overview of Executive Compensation Program

The Compensation Committee hired Radford, an independent compensation consulting company, to assist in determining the appropriate levels of compensation for the executives of the Company. Radford was engaged to select and review compensation at peer companies to determine the current compensation for similar officers at those companies. For purposes of the review, compensation includes salary, bonus target percentages and stock compensation.

Based on recommendations from Radford, the Compensation Committee determined and approved the appropriate levels of salary and bonus for each of the executives and recommended stock option awards for each of the executives. These awards were reviewed and approved by the Board of Directors.

Radford did not provide any services to the Company other than the work discussed above. The Company is not aware of any conflicts of interest among the Company, Radford or the Compensation Committee.

Effective January 1, 2015, the Compensation Committee approved an increase in Mr. Khattar's annual salary to \$525,000.

In addition, the Company entered into an amendment to Mr. Khattar's employment agreement to revise terms related to termination benefits upon a change in control. Under the amendment, Mr. Khattar's stock-based compensation arrangements will be fully vested and nonforfeitable on the date of such termination and will continue to be exercisable and payable in accordance with the terms that apply under such arrangements other than any vesting requirements.

Other Officers

Each of Mr. Patrick, Dr. Bryan, Dr. Schwabe and Mr. Vaughn has entered into a standard form of Executive Retention Agreement with the Company, which provides severance payments and other benefits in the event of a change of control of our company. We believe that the occurrence or potential occurrence of a change of control transaction could create uncertainty regarding the continued employment of these executive officers. This uncertainty results from the fact that many change of control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage our executive officers to remain employed with us during an important time when their prospects for continued employment following the transaction are often uncertain, we provide our executive officers with severance benefits if the executive's employment terminates in connection with a change of control. The payment of change of control protection benefits (other than vesting of equity awards) is only triggered by a termination of employment.

Under the Executive Retention Agreement, upon termination of employment by the Company prior to a change in control without cause or by the executive officer for good reason, the executive officer will be entitled to receive his base salary and health benefits for a period of twelve months following the termination date. In the event of termination of employment by the Company on the date of, or within twelve months after, a change in control without cause or by the executive officer for good reason, the executive officer will be entitled to receive his base salary and health benefits for a period of twelve months following the termination date, a lump-sum payment equal to the most recent annual bonus received by the executive officer, and the executive officer's stock-based compensation arrangements will be fully vested and nonforfeitable on the date of such termination and will continue to be exercisable and payable in accordance with the terms that apply under such arrangements other than any vesting requirements.

The specific terms of the Executive Retention Agreements were approved by our Compensation Committee and ratified by our Board after consideration of a recommendation by Radford, our independent compensation consulting company, that the adoption of certain termination and change of control practices are consistent with the Company's peer group. The specific severance benefits payable to our executive officers are set forth below under "Potential Payments upon Termination or Change of Control."

Pursuant to the terms of the offer letter with Dr. Bhatt, he is entitled to receive six months of severance pay in connection with a restructuring of the Company that results in the elimination of his position.

Pension Benefits

Our NEOs did not participate in or have account balances in any qualified or nonqualified defined benefit plans sponsored by us. Our Board of Directors or Compensation Committee may elect to adopt qualified or nonqualified benefit plans in the future if it determines that doing so is in our best interest.

Deferred Compensation

Our Chief Executive Officer and one other executive officer participate in the Supernus Supplemental Executive Retirement Plan ("SERP"). The Supernus SERP was established for the sole purpose of receiving funds from a previous SERP and providing a continual deferral program under the Supernus SERP. The Company has not made, and has no plans to make, contributions to the SERP.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee has reviewed and discussed our audited financial statements with management. The Audit Committee has discussed the matters required to be discussed by statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T with Ernst & Young, LLP, our independent registered public accounting firm.

The Audit Committee has received written disclosures from Ernst & Young, LLP required by applicable requirements of the Public Company Accounting Oversight Board which relate to the accountant's independence from us and has discussed with Ernst & Young, LLP their independence from us. The Audit Committee has considered whether the provision of the services provided by Ernst & Young, LLP is compatible with maintaining Ernst & Young, LLP's independence.

Based on the review and discussions referenced above, the Audit Committee recommended to our Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2014.

Audit Committee:

Frederick M. Hudson, Chair
William A Nuerge
John M. Siebert, Ph.D.

PROPOSAL 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected Ernst & Young, LLP as our independent registered public accounting firm ("IRPA Firm") for the fiscal year ending December 31, 2015. The IRPA Firm has served as our independent auditors since 2007, when our Board of Directors approved the engagement of Ernst & Young, LLP as our IRPA Firm. The IRPA Firm is considered by management to be well qualified.

Appointment of the IRPA Firm is not required to be submitted to a vote of our stockholders for ratification. However, the Board of Directors has determined that the matter should be presented to the stockholders as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether to retain the IRPA Firm and may retain that firm or another without resubmitting the matter to our stockholders. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of a different IRPA Firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

A representative from the IRPA Firm is expected to attend the Annual Meeting of Stockholders and will have the opportunity to make a statement and respond to appropriate questions of stockholders.

The following table sets forth the aggregate fees for services rendered to us by the IRPA Firm for the years ended December 31, 2014 and 2013.

	<u>2014</u>	<u>2013</u>
Audit fees	\$ 510,000	\$ 474,000
Audit-related fees	28,718	125,751
Tax fees	97,246	14,000
All other fees	—	—
Total	<u>\$ 635,964</u>	<u>\$ 613,751</u>

Audit Fees: These amounts include fees for professional services rendered in auditing our financial statements set forth in our Forms 10-K for the years ended December 31, 2014 and 2013 year-end audit and the reviews of our quarterly financial statements set forth in our Forms 10-Q in 2014 and 2013.

Audit-Related Fees: These amounts consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under "Audit Fees." These fees were for professional services incurred in connection with accounting consultations and consultation regarding financial accounting and reporting standards.

Tax Fees: These amounts consisted of fees for services including assistance with IRC Section 382 change in ownership analysis, tax compliance and the preparation of tax returns and tax consultation services.

The Audit Committee has considered and determined that the non-audit services provided by the IRPA Firm in 2014 and 2013 are compatible with maintaining the auditor's independence.

All of the audit and audit-related services provided by Ernst & Young, LLP described above were approved by the Audit Committee pursuant to the SEC rule that requires audit committee pre-approval of audit and non-audit services provided by Supernus' independent auditors, to the extent that rule was applicable during fiscal year 2014. On an ongoing basis, management will communicate specific projects

and categories of services for which advance approval of the Audit Committee is required. The Audit Committee will review these requests and advise management and the independent auditors if the Audit Committee pre-approves the engagement of the independent auditors for such projects and services. On a periodic basis, the independent auditors will report to the Audit Committee the actual spending for such projects and services compared to the approved amounts. The Audit Committee may delegate the ability to pre-approve audit and permitted non-audit services to a sub-committee of the Audit Committee, provided that any such pre-approvals are reported at the next Audit Committee meeting.

The Board of Directors recommends a vote "FOR" the ratification of the selection of Ernst & Young, LLP as our independent public accounting firm for the year ending December 31, 2015.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors, and persons who own more than 10 percent of a registered class of Supernus' equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10 percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

During 2014, there were no late Form 3 or Form 4 filings made by any of our directors and executive officers except for one Form 4 filing by John M. Siebert and one Form 4 filing by Jack A. Khattar. In making these disclosures, we have relied on written representations of our directors and executive officers and copies of reports that we have filed on their behalf with the SEC.
