DATED April 19, 2016

PROXY STATEMENT

This Proxy Statement is furnished with the attached Notice of Annual Meeting and with the accompanying Proxy on or about April 19, 2016, to each stockholder of record of Supernus Pharmaceuticals, Inc. (Supernus or the Company) as of the close of business on March 22, 2016 (Record Date), in connection with the solicitation of proxies by the Board of Directors to be voted at the Annual Meeting of Stockholders of Supernus to be held on May 19, 2016 at 10:00A.M. at the executive offices of Supernus, located at 1550 East Gude Drive, Rockville, MD 20850, and at any adjournment or adjournments thereof for the purposes stated below. The form of Proxy is enclosed.

Only stockholders of record as of the close of business on the Record Date will be entitled to vote on all matters presented for vote at the Annual Meeting. At the close of business on March 22, 2016, the total number of shares of our common stock (the Common Stock) outstanding was 49,407,236 shares. Each share of Common Stock will be entitled to one vote per share on all business to come before the Annual Meeting.

QUORUM AND REQUIRED VOTE

The holders of a majority of the outstanding shares of each class entitled to vote at the meeting, present in person or represented by proxy shall constitute a quorum. If a broker that is a record holder of common stock does not return a signed Proxy, the shares of Common Stock represented by such Proxy will not be considered present at the meeting and will not be counted toward establishing a quorum. If a broker that is a record holder of Common Stock does return a signed Proxy, but is not authorized to vote on one or more matters, each such vote being a broker non-vote, the shares of Common Stock represented by such Proxy will be considered present at the meeting for purposes of determining the presence of a quorum.

A plurality of the votes cast is required for the election of directors. In the event that neither a "For" nor a "Withhold" is cast for a director, such non-votes will have no impact on the outcome of the election of directors. The rules that determine how your broker can vote your shares state that brokers may not vote your shares on the election of directors in the absence of your specific instructions as to how to vote. You must provide your broker with voting instructions so that your vote will be counted. Broker non-votes will have no effect on the outcome of the election of directors.

An affirmative vote of the majority of the votes cast, present in person or by proxy at the meeting, is required for the approval of Proposals 2, 3 and 4. Abstentions will have the effect of a "no" vote with respect to Proposals 2, 3 and 4 and broker non-votes will have no effect on the outcome of these proposals.

REVOCABILITY OF PROXY

Any Proxy given pursuant to this solicitation may be revoked at any time prior to its exercise by notifying the Secretary of Supernus in writing, delivering a duly executed Proxy bearing a later date or attending the Annual Meeting and voting in person.

DISSENTER'S RIGHT OF APPRAISAL

The matters submitted to the stockholders for their approval will not give rise to dissenter's appraisal rights under Delaware law.

PERSONS MAKING THE SOLICITATION

The accompanying Proxy is being solicited on behalf of the Board of Directors of Supernus. In addition to mailing the Proxy materials, solicitation may be made in person or by telephone or electronic transmission by directors, officers or other employees of Supernus, none of whom will receive any additional compensation in connection with such solicitation. The expense of the solicitation of the Proxies for the Annual Meeting will be borne by us. We will request banks, brokers and other nominees to forward Proxy materials to beneficial owners of stock held by them and will reimburse such banks, brokers and other nominees for their reasonable out-of-pocket expenses in doing so.

PROPOSAL 1
ELECTION OF DIRECTORS

In April 2012, our stockholders approved the Company's Amended and Restated Certificate of Incorporation, which divided the Board of Directors into three classes, as nearly equal in number as possible, with one class standing for election each year for a three-year term. The term of the Class I directors will expire at the 2016 Annual Meeting of Stockholders, the term of the Class II directors will expire at the 2017 Annual Meeting of Stockholders and the term of the Class III directors will expire at the 2018 Annual Meeting of Stockholders. At each Annual Meeting of Stockholders, the successors of the class of directors whose term expires shall be elected to hold office for a term expiring at the Annual Meeting of Stockholders to be held in the third year following the year of their election, with each director in each such class to hold office until his or her successor is duly elected and qualified.

Our Board of Directors shall be not fewer than five and not more than 15 members. At our Annual Meeting, three directors are to be elected. The Board of Directors recommends that stockholders elect Jack A. Khattar, M. James Barrett, Ph.D. and William A. Nuerge to hold office until the 2019 Annual Meeting of Stockholders or until their respective successors have been elected and qualified. This slate of directors recommended and approved by the Board of Directors was determined following an assessment by the Board of Directors of the skill set and experience of such persons. Concerning the nominees named below, Mr. Khattar, Dr. Barrett and Mr. Nuerge were elected as a director at the Annual Meeting of Stockholders held on April 24, 2013. If for any reason the nominee should become unavailable for election, the persons designated as proxies in the proxy card may vote the proxy for the election of another person nominated as a substitute by the Board of Directors, if any person is so nominated. We have no reason to believe that the nominees will be unable or unwilling to serve if elected, and the nominees have expressed their intention to serve the entire term for which election is sought. The proxies cannot be voted for a greater number of persons than the number of nominees named which are two nominees.

We are not aware of any adverse proceedings between any director, officer, affiliate or beneficial owner of the company.

Composition of Our Board of Directors

Our Board of Directors currently consists of seven members. Our Class I directors were elected by our stockholders at the 2013 Annual Meeting of Stockholders, our Class II directors were elected by our stockholders at the 2014 Annual Meeting of Stockholders, and our Class III directors were elected by our stockholders at the 2015 Annual Meeting of Stockholders. We have no formal policy regarding Board diversity. Our Governance and Nominating Committee and Board of Directors' priority in selecting Board members is identification of persons who will further the interests of our stockholders through their established records of professional

accomplishment, the ability to contribute positively to the collaborative culture among Board members, and professional and personal experiences and expertise relevant to our growth strategy.

Description of Director Qualifications, Nominating Process and Stockholder Nominations

Members of our Board of Directors should meet certain minimum qualifications including being at least 21 years old and possessing (1) the ability to read and understand corporate financial statements, (2) relevant business experience and professional skills, (3) high moral character and personal and professional integrity, and (4) the willingness to commit sufficient time to attend to his or her duties and responsibilities as a director of a public corporation. The Governance and Nominating Committee of the Board of Directors will annually assess the qualifications, expertise, performance and willingness to serve of our existing directors. If at this time, or at any other time during the year, the Governance and Nominating Committee determines a need to add a new director with specific qualifications or to fill a vacancy on the Board, the Governance and Nominating Committee will then initiate the search, working with staff support and seeking input from Board directors and senior management, considering nominees previously submitted by stockholders, and, if deemed necessary or appropriate, hiring a search firm. An initial slate of candidates satisfying the specific qualifications, if any, and otherwise qualifying for membership on the Board, will then be identified and presented to the Board of Directors which will then prioritize the candidates and determine if any of the members of the Board or senior management have relationships with the preferred candidates and can initiate contacts. If not, contact would be initiated by a search firm. The Governance and Nominating Committee will interview the prospective candidate(s). Evaluations and recommendations of the interviewers will be submitted to the Board of Directors for final evaluation. The Board of Directors will meet to consider such recommendations and to approve the final candidate, and will evaluate all nominees for director, including nominees recommended by a stockholder, on the same basis.

The Board of Directors will consider director candidates recommended by our stockholders in accordance with the following procedures. Stockholders may make recommendations with regard to nominees for election to the Board of Directors at future Annual Meetings of stockholders by submitting in writing a notice, received by the Secretary of Supernus, no earlier than 120 days and no later than 90 days prior to the anniversary date of the prior year's meeting, or, if we did not have an Annual Meeting of Stockholders in the prior year or if the date of the current year's Annual Meeting is more than 30 days before or after the anniversary date of the prior year's Annual Meeting, on or before 15 days after the date on which the date of the current year's Annual Meeting is first disclosed in a public statement. Such recommendations or notices of nomination must set forth (i) all information relating to each nominee that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Section 14(a) of the Securities Exchange Act of 1934, as amended (Exchange Act) and the rules and regulations promulgated thereunder. With respect to nominations, notices of nominations must include the written consent of each nominee to be named in the proxy statement as a nominee and to serve as a director if elected. In addition, stockholders submitting nominations must provide certain information pertinent to them. In making recommendations or nominations, stockholders must adhere to all of the required procedures set forth in our Amended and Restated Bylaws, a copy of which has been filed with the SEC. Stockholders should also consider the minimum qualifications

determined by our Board of Directors for Board members as noted elsewhere in this Proxy Statement. All nominees for director, including nominees recommended by a stockholder, shall be evaluated on the same basis.

Director Independence

Our common stock is listed on The NASDAQ Global Market. Under Rules 5605 and 5615 of the Nasdaq Marketplace Rules (Marketplace Rules), a majority of a listed company's Board of Directors must be comprised of independent directors. In addition, the Marketplace Rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act. Under Rule 5605(a)(2) of the Marketplace Rules, a director will only qualify as an "independent director" if, in the opinion of that company's Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The composition and functioning of our Board of Directors and each of our Board committees complies with all applicable rules and regulations of the SEC and The NASDAQ Global Market. Our Board of Directors has determined that each of the current directors meets the independence requirement of the Marketplace Rules, with the exception of Mr. Khattar, who serves as our CEO. There are no family relationships among any of our directors or executive officers.

Board Leadership Structure

Mr. Khattar serves as President and CEO of the Company and Dr. Barrett, a partner in NEA, serves as Chairman of our Board of Directors. While our bylaws and corporate governance guidelines do not require that the CEO and Chairman roles be held by separate individuals, our Board of Directors has elected to separate these roles. This separation was established when the Company was formed and was based on NEA's lead role in providing to the Company the original leverage buyout equity required when the Company acquired substantially all the assets of Shire Laboratories Inc. in late 2005. The CEO and Chairman of the Board work closely together to execute the strategic plan of the Company. Presently, the CEO is responsible for setting the Company's strategic direction and the day-to-day leadership and performance of the Company, while the Chairman of the Board provides guidance to the CEO and presides over meetings of the full Board. This current separation of duties has worked effectively for the Company and is the appropriate leadership structure for the Company at this time.

Board of Directors' Role in the Oversight of Risk Management

Management is responsible for the day-to-day management of risks that we face, while our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board of Directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our Board of Directors is actively involved in oversight of risks that could affect us. This oversight is conducted primarily through the full Board of Directors, which has generally retained responsibility for general oversight of risks. Our Board of Directors satisfies this responsibility through reports directly from officers responsible for oversight of particular risks within our Company as our Board of Directors believes that full and open communication between management and the Board of Directors is essential for effective risk management and oversight. As a critical part of this risk management oversight role, the Board of Directors encourages full and open communication between management and the Board of Directors. Our Chairman meets periodically with the President and CEO to discuss strategy and risks facing the Company. Senior management attends Board meetings and is available to address any questions or concerns raised by the Board concerning risk

management-related and other matters. The Board of Directors periodically receives presentations from senior management concerning strategic matters involving the Company's operations to enable it to understand the Company's risk identification, risk management and risk mitigation strategies. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to risk management in areas of financial risk, internal controls, and compliance with legal and regulatory requirements. The oversight of risk management in the areas of compensation policies and programs, Board organization, membership and structure are the responsibilities of the full Board of Directors.

Transactions with Related Persons

Procedures for Related Person Transactions

Our Audit Committee is responsible for reviewing and approving all material transactions with any related person on a continuing basis. Related persons can include any of our directors or officers, holders of 5% or more of our voting securities and their immediate family members. This obligation is

set forth in writing in our Audit Committee charter. We may not enter into a related person transaction unless our Audit Committee has reviewed and approved such transaction.

Transactions with Related Persons and Certain Control Persons

Other than the transactions set forth below, since January 1, 2015, there has not been any transaction or series of transactions to which we were or are a party in which the amount involved exceeded or exceeds \$120,000 and in which any director, executive officer, holder of more than 5% of any class of our voting securities or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest. We believe the transactions set forth below were executed on terms no less favorable to us than we could have obtained from unaffiliated third parties. The transactions described below were ratified by the Audit Committee under the Audit Committee Charter.

We employ the adult son of Victor Vaughn, our Senior Vice President of Sales and Marketing, in a non-executive position as a Regional Sales Director. We employed his adult son for two months prior to the date on which we employed Mr. Vaughn. This individual, who does not reside with and is not supported financially by Mr. Vaughn, earned total cash compensation for fiscal 2015 of \$181,743 and \$166,227 for fiscal 2014, which is commensurate with his peers. Mr. Vaughn's son is employed on an "at will" basis and compensated on the same basis as our other employees of similar function, seniority and responsibility without regard to his relationship with Mr. Vaughn. In addition, the criteria used to complete the hiring decision regarding Mr. Vaughn's son were the same criteria used to hire other Regional Sales Directors.

We employ another adult son of Mr. Vaughn in a non-executive, non-managerial capacity as a Senior Professional Sales Representative. Management has reviewed this relationship and affirmatively determined that it does not constitute a material relationship between Mr. Vaughn's son and us because the son is employed on an "at will" basis in a non-executive, non-managerial position and has not received during any twelve-month period within the last three years more than \$120,000 in direct compensation from us. Compensation paid to Mr. Vaughn's son in any twelve-month period was determined on the same basis as our other employees of similar function and the criteria that was used to complete the hiring decision regarding Mr. Vaughn's son were the same criteria used to hire other Senior Professional Sales Representatives. Mr. Vaughn and his son do not reside at the same residence.

We employ an adult daughter of Mr. Khattar in a non-executive, non-managerial capacity as a Professional Sales Representative. Management has reviewed this relationship and affirmatively determined that it does not constitute a material relationship between Mr. Khattar's daughter and us because the daughter is employed on an "at will" basis in a non-executive, non-managerial position and has not received during any twelve-month period within the last three years more than \$120,000 in direct compensation from us. Compensation paid to Mr. Khattar's daughter in any twelve-month period was determined on the same basis as our other employees of similar function and the criteria that was used to complete the hiring decision regarding Mr. Khattar's daughter were the same criteria used to hire other Professional Sales Representatives. Mr. Khattar and his daughter do not reside at the same residence.

Meetings

During the year ended December 31, 2015, the Board of Directors held a total of five meetings. Each of our directors attended at least 75% of the aggregate number of meetings of the Board of Directors and meetings of any committee of which he was a member, which were held during the time in which he was a director or a committee member, as applicable.

Each member of the Board of Directors who is up for election at an Annual Meeting of Stockholders or who has a term that continues after such meeting is expected to attend the Annual

Meeting of Stockholders. Mr. Khattar attended the 2015 Annual Meeting of Stockholders which was held on May 21, 2015.

Stockholder Communications with the Board of Directors

We have established procedures for stockholders to communicate directly with our Board of Directors on a confidential basis. Stockholders who wish to communicate with the Board of Directors or with a particular director may send a letter to the Secretary of Supernus Pharmaceuticals, Inc. at 1550 East Gude Drive, Rockville, MD 20850. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder—Board Communication" or "Stockholder—Director Communication." All such letters must identify the author as a stockholder and clearly state whether the intended recipients are all members of the Board of Directors or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the directors addressed. To the extent that a stockholder wishes the communication to be confidential, such stockholder must clearly indicate on the envelope that the communication is "confidential." The Secretary will then forward such communication, unopened, to the Chairman of the Board of Directors.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee has at any time been one of our officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of the Board of Directors or Compensation Committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Limitation of Liability and Indemnification Arrangements

As permitted by the Delaware General Corporation Law, we adopted provisions in our amended and restated certificate of incorporation and amended and restated bylaws that limit or eliminate the personal liability of our directors. Consequently, a director will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- any unlawful payments related to dividends or unlawful stock repurchases, redemptions or other distributions; or
- any transaction from which the director derived an improper personal benefit.

These limitations of liability do not alter director liability under the federal securities laws and do not affect the availability of equitable remedies such as an injunction or rescission.

In addition, our amended and restated bylaws provide that:

- we will indemnify our directors, officers and, at the discretion of our Board, certain employees to the fullest extent permitted by the Delaware General Corporation Law; and
- advance expenses, including attorneys' fees, to our directors and, at the discretion of our Board, to our officers and certain employees, in connection with legal proceedings, subject to limited exceptions.

We have entered into indemnification agreements with each of our executive officers and directors. These agreements provide that we will indemnify each of our directors to the fullest extent permitted by the Delaware General Corporation Law and advance expenses to each indemnitee in connection with any proceeding in which indemnification is available.

We also maintain management liability insurance to provide insurance coverage to our directors and officers for losses arising out of claims based on acts or omissions in their capacities as directors or officers, including liabilities under the Securities Act of 1933, as amended (the Securities Act). Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, or persons controlling the registrant pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

These provisions may discourage stockholders from bringing a lawsuit against our directors in the future for any breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder's investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors, officers and certain employees pursuant to these indemnification provisions. We believe that these provisions, the indemnification agreements and the insurance are necessary to attract and retain talented and experienced directors and officers.

At present, there is no pending litigation or proceeding involving any of our directors, officers or employees in which indemnification will be required or permitted. We are not aware of any threatened litigation or proceeding that might result in a claim for such indemnification.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Compensation Philosophy

Our executive compensation program is designed to align the interests of our executives with those of our stockholders to reward executives with incentives that are closely linked to the Company's short and long-term performance goals. The program is focused on successfully attracting and retaining highly qualified and motivated executives and providing compensation levels and programs that are competitive with comparably sized pharmaceutical and biotechnology companies across the U.S. The Compensation Committee seeks to deliver competitive compensation to help us retain and motivate our executives for their contributions and for the value they create for all of our stockholders.

Pay for performance. We structure our compensation program to align the interests of our executives with the interests of our stockholders. We believe that an employee's compensation should be tied directly to helping us achieve our mission and deliver value to our stockholders. Therefore, a significant part of each executive's pay depends on his or her individual performance against key objectives. The Compensation Committee regularly reviews the alignment of executive compensation with company performance. The Compensation Committee (or the full Board in the case of our CEO) assesses the individual performance of each executive in making compensation decisions related to base salary, cash bonuses and equity awards, which assessment involves consideration of both objective measures and subjective assessments. The CEO and Compensation Committee (or the Board in the case of our CEO) evaluate how well an executive fulfilled his or her obligations in the past year including consideration of how well the operations or functions for which an executive is responsible performed during the year. One factor that the CEO and Compensation Committee (or the Board in the case of our CEO) evaluate in assessing individual performance is how well an executive performed against the performance goals set for such executive for the relevant year. Performance goals for each named executive officer (NEO) typically include such areas as the executive's contributions to the Company's overall financial performance against forecasts, organizational development, corporate strategy and business development of the Company. The CEO and Compensation Committee (or the Board in the case of the CEO) assesses the executive's ability to execute and contribute to the Company's research and development and regulatory programs and the executive's overall operational excellence, leadership and ability to maintain good relations with our Board of Directors and our investors.

Compensation Program Design and Process

We believe our executive compensation program is reasonable and appropriate because it is aligned with our business goals and our goals of delivering value to our stockholders. We rely on the expertise of our executive management team to drive overall company performance. The compensation program is designed to attract, retain and motivate key employees by providing competitive, equitable compensation in the form of base salary plus short and long term incentives.

Compensation Committee

The Compensation Committee is responsible for providing oversight of our executive compensation program for the NEOs as well as other members of our executive management team. The Compensation Committee reviews and evaluates the executive compensation program on an annual basis to ensure that the program is aligned with our compensation philosophy. Once the Compensation Committee has reviewed and evaluated executive performance, recommendations are made to the Board of Directors for approval. We are an Emerging Growth Company (EGC) under the JOBS Act and, therefore, are exempt from the say-on-pay advisory vote of stockholders until the first year after we exit EGC status.

Role of Compensation Consultant

The Compensation Committee periodically retains an independent compensation consulting firm to provide advisory services concerning our executive compensation programs. Radford, an AON Consulting company, assisted the Compensation Committee by providing the following services in 2015:

- Competitive benchmarking and market data analysis, including data used for reviewing the compensation of our CEO, Chief Medical Officer, Chief Financial Officer and other members of our executive management team;
- Reviewed and advised on certain materials provided to the Compensation Committee for discussion and approval; and

- Participated in certain of the Compensation Committee's meetings in 2015.

The members of the Radford team provide advice to the Compensation Committee and other than providing data as mentioned below, the Radford team does not provide any other services. Radford follows internal guidelines and practices to guard against any conflict of interest and to ensure the objectivity of its advice.

Role of Company Management

The CEO makes recommendations to the Compensation Committee concerning the performance relative to corporate performance goals, compensation of the other NEOs and other executive management. In addition, the CEO is involved in setting the business goals that are used as the performance goals for the bonus incentive plan, subject to Board approval. The CEO works closely with the Compensation Committee to ensure that the Compensation Committee is provided with the appropriate information to make its decisions and to propose recommendations for Compensation Committee consideration. The Compensation Committee evaluates compensation data from Radford and makes a recommendation to the Board of Directors for its approval. The CEO communicates those decisions to management for implementation.

The full Board assesses the CEO's performance in making compensation decisions related to base salary, cash bonuses and equity awards for the CEO. The assessment of performance is based on both objective measures and subjective evaluation of the CEO's performance. Essentially, the Board assesses how well the CEO fulfilled his obligations in the past year. This assessment includes consideration of how well the operations or functions for which the CEO is responsible performed during the year and the Company performance. One factor that the Board evaluates in assessing the CEO's performance is how well the CEO performed against the performance goals set for the Company for the relevant year. The Board of Directors reviews and evaluates the CEO and Company performance and uses the Compensation Committee recommendations to determine the CEO's compensation including base salary and short and long term incentives. The CEO is not in attendance when these discussions are held.

Benchmarking and Use of Peer Group Data

Our executive compensation program seeks to provide total compensation at pay levels of executives with similar roles at comparable companies when targeted levels of performance are achieved. Use of survey data from our peers plays a significant role in the structure of the compensation program as it is a primary input in setting target levels for base salaries, cash bonuses and equity awards and helping us to ensure that the compensation is market competitive in order to attract and retain talent.

The Company participates in compensation surveys conducted by Radford each year. The Company has access to the resulting Radford reports, which are specific to the pharmaceutical and biotech industry and provide data on salaries, bonuses and equity grants for specific job functions. The Company utilizes this information when reviewing the salaries for all of its employees including the NEOs.

As indicated above, the Compensation Committee has, in certain years, retained Radford to conduct a study of peer companies for the purpose of reviewing the compensation levels of our executive officers, including the NEOs, and other executive management. Radford provides a recommended peer group to the Compensation Committee and the Compensation Committee reviews the peer group and makes recommendations for deletions and/or additions and approves the final peer group. The Compensation Committee uses this data from the Peer Group to help identify a reasonable starting point for base salaries, cash bonuses and equity awards and then analyze company and individual performance to determine whether it is appropriate to move away from this baseline. Peer

group data also plays a role in the amount of non-cash compensation that is paid to the NEOs as the market data we obtain regarding companies in our peer group helps determine what types and amounts of non-cash compensation are appropriate for competitive purposes. We believe that the design of our executive compensation programs, with its emphasis on reward for achievement of the key goals that comprise our annual and long-term business plan, does not create incentives for our executives to take excessive or unnecessary risks that could threaten the value of the Company. However, Radford's review does include a risk assessment of our executive compensation programs.

The Compensation Committee retained Radford to conduct a competitive benchmarking analysis on compensation for 2015. The report compared our executive compensation with that of a sample of the peer group companies that generally meet some or all of the following criteria:

- Commercial biopharmaceutical companies primarily located in pharmaceutical and biotechnology markets;
- Market values generally between \$300 million and \$2.5 billion;
- Companies with annual revenue generally between \$50 million and \$500 million; and
- Companies with 50-500 employees reflecting other organizations of similar scale and complexity.

Radford reviewed the peer group approved by the Compensation Committee for 2014 and determined that a number of these companies needed to be replaced with other companies that met the 2015 criteria. The Compensation Committee approved the 2015 peer group list.

Based on the criteria set forth above, the final group of peer companies (the Peer Group) approved by the Compensation Committee for 2015 was composed of the following companies: Acorda Therapeutics, Aegerion Pharmaceuticals, AMAG Pharmaceutical, Amarin, Arena Pharmaceuticals, ARIAD Pharmaceuticals, Concept Therapeutics, Depomed, Emergent BioSolutions, Enanta Pharmaceuticals, Halozyme Therapeutics, ImmunoGen, Ironwood Pharmaceuticals, Ligand Pharmaceuticals, Momenta Pharmaceuticals, Nektar Therapeutics, Orexigen Therapeutics, Osiris Therapeutics, Pacira Pharmaceuticals, Progenics Pharmaceuticals, Raptor Pharmaceutical, Retrophin, Sucampo Pharmaceuticals, Vanda Pharmaceuticals, XenoPort and Zogenix.

Elements of Executive Compensation

The main components of our executive compensation program are:

- Base salary;
- Annual cash incentive bonus;
- Long-term incentives—equity awards; and
- Benefits including 401(k) safe harbor match and our Employee Stock Purchase Plan (ESPP).

The following discussion describes how each of these elements of compensation fit into our overall compensation objectives and describes how and why compensation decisions were made with respect to each element based on our year-end analysis of competitive market data and our annual review of corporate and individual performance.

Base Salaries

Base salaries are paid in order to provide a fixed component of compensation for the NEOs and other executive management. For 2015, at the Compensation Committee Meeting on March 3, 2015, the Committee established the base salaries of the NEO's to be within a range that is competitive with salaries paid to comparable officers at companies in the Peer Group. For each of these officers, the Compensation Committee increased the base salaries from the 2014 level.

Cash incentive bonuses are intended to reward Company and individual performance by providing executive officers with an opportunity to receive additional cash compensation based on both the Company's performance relative to the targets and the Compensation Committee's assessment of how well the executive officer performed his or her role during the applicable year.

Target Setting. Cash bonus targets, expressed as a percentage of base salary, for all NEOs and other executive management, were set within a range that is competitive with cash bonuses paid to comparable officers at companies in the Peer Group. The Compensation Committee has the discretion to adjust each officer's target as it deems appropriate. Potential reasons for adjusting cash bonus targets include the impact of his or her position on the Company's results and how the officer's base salary, upon which the bonus is based, has increased historically. The length of time an officer has been in his or her current role and how the officer's role fits within the hierarchy of the Company are also considered.

Elements of Bonus. Each cash bonus target consists of two elements: a Company performance element and an individual performance element. The targets and the relative weighting of objectives for the NEOs in 2015 were as follows:

<u>Position/Level</u>	<u>Target Bonus</u>	<u>Weighting of Objectives</u>	
		<u>Company</u>	<u>Individual</u>

Corporate Performance Goals. We measure our annual corporate performance against our achievement of the key objectives and goals set forth in our annual business plan, rather than only by the achievement of specified financial measures, such as earnings per share or revenue growth targets, although such measures are increasing in importance as a result of the growth and maturity of our company and our emergence as a sustainably profitable business. In evaluating the performance of our company, the Compensation Committee takes into account our strategic focus, which is to develop and commercialize products for the treatment of central nervous system diseases. This strategy is anchored around the continued growth of Oxtellar XR® and Trokendi XR® and selective investments in our research and development pipeline and technology platforms which are designed to realize long-term growth for our company. At the beginning of 2015, the CEO recommended and the Board approved the following corporate goals for calendar year 2015 for the purpose of awarding incentive compensation.

- Trokendi XR and Oxtellar XR
 - Continue to make progress on the pediatric formulations in line with the post marketing commitments to the FDA.
 - Complete activities necessary to add migraine indication to Trokendi XR label.
- SPN-810
 - Submit validation study report on the outcome measurement instrument to the United States Food and Drug Administration.
 - Submit final protocol to FDA for Special Protocol Assessment.

- Manufacture clinical trial materials for Phase III trials
- Initiate a Phase III trial.
- SPN-812
 - Select contract manufacturing organization to conduct scale up and technology transfer.
 - Initiate the single ascending and multiple ascending dose study.

The bonus program has various payout levels depending on our performance against the goals. The payout for the bonus is determined on the level of achievement in the Company goals. If the corporate goals are achieved, the payout is based on a sliding scale. For example, if we achieve 90% of our goals, 90% of the amount attributable to the goals will be funded. The Board, in its discretion, may adjust the payout levels.

Long Term Incentives—Equity Awards

Equity awards have the potential to be a significant component of each NEO's compensation package. We emphasize equity awards to motivate our NEOs to drive the long-term performance of the Company and to align their interests with those of our stockholders. We believe this emphasis is appropriate as these officers have the greatest role in establishing the Company's direction and should have a significant proportion of their compensation aligned with the long-term interests of stockholders.

Structure of Equity Compensation Program

The Compensation Committee utilizes stock options as an annual grant to recognize that it is in the best interest of the Company to provide a certain amount of equity to officers that will vest as long as the officer continues to serve at Supernus, and will only have value as long as the market value of Supernus' equity increases from the date of grant. Stock option awards for our NEOs were set within a range that is competitive with equity awards granted to comparable officers at companies in the Peer Group. The Compensation Committee has the discretion to adjust each officer's award as it deems appropriate. Potential reasons for adjusting stock option awards include how long an officer has been in his or her current role, how the officer's role fits within the hierarchy of the organization, the impact of his or her position on the Company's results and how the officer's stock options awards have increased historically.

Equity Grants

In order to determine the size of equity grants to be awarded to each NEO during the annual grant process, the Compensation Committee reviewed market data on how much equity similarly situated officers were receiving at companies in the Peer Group. This review focused on how much equity should be granted to each officer in order to be competitive with equity awards provided to officers at companies in the Peer Group. The Compensation Committee approved stock option grants to the NEOs. On March 3, 2015, the Board of Directors approved, upon recommendation from the Compensation Committee, a grant of 250,000 options to Mr. Khattar, 50,000 options to Mr. Patrick and Dr. Schwabe, 35,000 options to Mr. Vaughn and 30,000 options to Dr. Bhatt. In determining the actual amounts of the grants, the Compensation Committee (or the Board in the case of Mr. Khattar) used its discretion to determine each NEO's 2015 option grant.

Other benefits

Our executives are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life insurance, disability insurance, ESPP and our 401(k) plan, in each case on the same basis as our other employees. The NEOs participate in the same medical and dental benefit

programs as other employees. The Company makes a safe harbor match to the 401(k) Plan for all participants. There were no special benefits or perquisites provided to any executive officer in 2015. The Company does not maintain a pension program or a deferred compensation plan for executives or for any other employees.

Corporate Policies Covering Executive Compensation

Share Ownership and Retention Guidelines

The Company does not have share ownership or retention guidelines for its NEOs or other employees.

Equity Incentive Grant Mechanics and Timing

The Compensation Committee approves all grants for equity incentives, including grants to NEOs. Awards granted to the CEO must be approved by the Compensation Committee and then recommended by the Committee to the Board of Directors, which must have at least 75% of the independent (non-management) directors of the Board approve the grant.

For annual awards, the grant date is the date during the first calendar quarter when the Compensation Committee and the full Board of Directors meet. The Compensation Committee's procedure for timing of equity grants assures that grant timing is not being manipulated for employee gain. This date, which is typically in late February or early March, is established by the Compensation Committee well in advance. This first quarter grant date timing coincides with the Company's calendar-year-based performance management cycle, allowing managers to deliver the equity awards close in time to performance appraisals, which increases the impact of the awards by strengthening the link between pay and performance.

The grant price for all awards is the fair market value of the Company's common stock on the effective date of the grant. The fair market value of the Company's common stock as of any particular date is defined as the closing price of the Company's common stock on the date of the grant.

Policy Against Repricing Stock Options

The Company has a consistent policy against the repricing of stock options.

Executive Compensation Recovery Policy

An executive may be terminated for cause, due to dishonesty, embezzlement, theft or fraudulent misconduct or for other reasons. In such a case, any unpaid and/or unvested incentive awards as of the date of termination would be forfeited.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

Employment Agreement, Offer Letters and Severance Benefits

Jack A. Khattar

On December 22, 2005, we entered into an Employment Agreement with Mr. Khattar, our President and CEO, providing for his continued employment, effective as of the signing date. This employment agreement provides that Mr. Khattar's employment is at-will and may be terminated by either us or him at any time for any or no reason. Mr. Khattar's base salary is subject to review from

time to time by our Board and may increase based on his and the Company's performance. Furthermore, he is eligible to participate in our group benefits programs, including but not limited to, medical insurance, vacation and retirement plans, and will be provided with life insurance and the ability to participate in a 401(k) plan.

On February 29, 2012, we entered into an amended and restated employment agreement with Mr. Khattar effective January 1, 2012, to revise terms related to termination benefits and change in control provisions while retaining in all material respects the terms of Mr. Khattar's previous employment agreement. On August 6, 2014, the Company entered into the first amendment to Mr. Khattar's amended and restated employment agreement to further revise terms related to termination benefits upon a change in control. Under the amendment, Mr. Khattar's stock-based compensation arrangements will be fully vested and nonforfeitable on the date of such termination and will continue to be exercisable and payable in accordance with the terms that apply under such arrangements other than any vesting requirements. Finally, on March 2, 2016, we entered into the second amendment to the amended and restated employment agreement with Mr. Khattar, which amendment eliminated a provision limiting the target bonus our Board of Directors or the Compensation Committee may award Mr. Khattar.

In the event Mr. Khattar is terminated by us without cause, as defined in the employment agreement, or he resigns with good reason, as defined in the employment agreement to include, among other things, any material reduction in base compensation or material diminution in title, duties or responsibilities as President and CEO, Mr. Khattar will be entitled to receive (i) continued payment of his base salary for 18 months, (ii) an amount equal to the most recent annual bonus paid to him which shall be payable over 18 months, and (iii) continuation of his taxable and non-taxable benefits for 18 months, subject to the limits under applicable law. In the event that Mr. Khattar is terminated for cause or he terminates his employment without good reason, Mr. Khattar will not be entitled to the payments and benefits described above, unless mutually agreed upon in writing. Mr. Khattar's employment agreement also includes a non-solicitation covenant and a non-compete covenant for at least one year following the termination of Mr. Khattar's employment.

Other Officers

Each of Mr. Patrick, Dr. Schwabe and Mr. Vaughn has entered into a standard form of Executive Retention Agreement with the Company, which provides severance payments and other benefits in the event of a change of control of our company. We believe that the occurrence or potential occurrence of a change of control transaction could create uncertainty regarding the continued employment of these executive officers. This uncertainty results from the fact that many change of control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage our executive officers to remain employed with us during an important time when their prospects for continued employment following the transaction are often uncertain, we provide our executive officers with severance benefits if the executive's employment terminates in connection with a change of control. The payment of change of control protection benefits (other than vesting of equity awards) is only triggered by a termination of employment.

Under the Executive Retention Agreement, upon termination of employment by the Company prior to a change in control without cause or by the executive officer for good reason, the executive officer will be entitled to receive his base salary and health benefits for a period of twelve months following the termination date. In the event of termination of employment by the Company on the date of, or within twelve months after, a change in control without cause or by the executive officer for good reason, the executive officer will be entitled to receive his base salary and health benefits for a period of twelve months following the termination date, a lump-sum payment equal to the most recent annual bonus received by the executive officer, and the executive officer's stock-based compensation arrangements will be fully vested and nonforfeitable on the date of such termination and will continue

to be exercisable and payable in accordance with the terms that apply under such arrangements other than any vesting requirements.

The specific terms of the Executive Retention Agreements were approved by our Compensation Committee and ratified by our Board after consideration of a recommendation by Radford, our independent compensation consulting company, that the adoption of certain termination and change of control practices are consistent with the Company's peer group. The specific severance benefits payable to our executive officers are set forth below under "Potential Payments upon Termination or Change of Control."

Pursuant to the terms of the offer letter with Dr. Bhatt, he is entitled to receive six months of severance pay in connection with a restructuring of the Company that results in the elimination of his position.

Pension Benefits

Our NEOs did not participate in or have account balances in any qualified or nonqualified defined benefit plans sponsored by us. Our Board of Directors or Compensation Committee may elect to adopt qualified or nonqualified benefit plans in the future if it determines that doing so is in our best interest.

Deferred Compensation

Our CEO participates in the Supernus Supplemental Executive Retirement Plan (SERP). The Supernus SERP was established for the sole purpose of receiving funds from a previous SERP and providing a continual deferral program under the Supernus SERP. The Company has not made, and has no plans to make, contributions to the SERP.

PROPOSAL 2
APPROVAL OF THE SECOND AMENDED AND RESTATED
2012 EQUITY INCENTIVE PLAN

The Board of Directors adopted the 2012 Equity Incentive Plan (2012 Plan) to encourage and enable selected directors, officers, employees and consultants to acquire a proprietary interest in Supernus through the ownership, directly or indirectly, of our common stock. The 2012 Plan, as amended and approved by stockholders at the 2014 Annual Meeting of Stockholders, reserved 4,000,000 shares of our common stock for issuance pursuant to 2012 Plan awards. As of March 22, 2016, 400,716 shares of common stock having a market value of \$6.0 million remained available for issuance under future 2012 Plan awards. The Board of Directors believes it is in our best interests to increase the number of shares available and to update the performance criteria for making awards under the 2012 Plan in order for us to continue to attract and retain highly qualified directors, officers, employees and consultants.

Subject to the approval of our stockholders, the Board of Directors has adopted the second amended and restated 2012 Plan to increase the number of shares of our common stock reserved for issuance under the 2012 Plan by 4,000,000 to 8,000,000 and to update the performance criteria for making awards. A copy of the 2012 Plan, as amended, is included as *Appendix A* to this Proxy Statement. The material terms of the 2012 Plan are described below.

Share Reserve

4,000,000 shares of common stock are currently reserved for delivery under awards granted pursuant to our 2012 Plan. This number is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization. Under the 2012 Plan, the number of shares available for grant is determined net of shares of common stock withheld by Supernus in payment of the exercise price of the award or in satisfaction of tax withholding requirements with respect to the award, and without reduction for any shares of common stock underlying awards that are settled in cash, that expire or become unexercisable without having been exercised, or that are forfeited to or repurchased by Supernus for cash.

Administration

The 2012 Plan is presently administered by the Compensation Committee of our Board of Directors.

Eligibility

Key employees and directors of, and consultants and advisors to, Supernus and its affiliates are eligible to participate in the 2012 Plan, but only such persons as selected by the administrator become participants.

Types of Awards

The types of awards that are available for grant under the 2012 Plan are:

- stock options (incentive stock options and non-qualified stock options);
- stock appreciation rights;
- restricted stock;
- unrestricted stock;
- stock units, including restricted stock units;

- performance awards;
- cash awards; and
- other awards that are convertible into or otherwise based on stock.

Transferability

Under the 2012 Plan, neither incentive stock options nor, except as the administrator otherwise expressly provides, other awards are permitted to be transferred other than by will or by the laws of descent and distribution. The administrator may permit awards other than incentive stock options to be transferred by gift, subject to such limitations as the administrator may impose.

Performance Criteria

The 2012 Plan provides that grants of performance awards will be made subject to the achievement of "performance criteria" over a performance period, which may be one or more periods as established by the administrator. The performance criteria are specified criteria, other than the mere continuation of employment or the mere passage of time, the satisfaction of which is a condition for the grant, exercisability, vesting or full enjoyment of an award. For purposes of awards that are intended to qualify for the performance-based compensation exception under Section 162(m) U.S. Internal Revenue Code of 1986 (the Code), a performance criterion will mean an objectively determinable measure of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): (i) sales; (ii) revenues; (iii) assets; (iv) expenses; (v) operating income; (vi) earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; (vii) earnings or earnings per share; (viii) return on equity, investment, capital or assets; (ix) one or more operating ratios; (x) borrowing levels, leverage ratios or credit rating; (xi) market share; (xii) capital expenditures; (xiii) working capital; (xiv) cash; (xv) cash flow; (xvi) accounts receivable; (xvii) writeoffs; (xviii) intellectual property (e.g., patents); (xix) manufacturing, production, and inventory; (xx) stock price; (xxi) stockholder return; (xxii) sales of particular products or services; (xxiii) customer acquisition or retention; (xxiv) operations; (xxv) product development or product launches; (xxvi) acquisitions and divestitures (in whole or in part); (xxvii) joint ventures and strategic alliances; (xxviii) spin-offs, split-ups and the like; (xxix) reorganizations; or (xxx) recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. A performance criterion and any targets with respect thereto determined by the administrator need not be based upon an increase, a positive or improved result or avoidance of loss. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m) of the Code, the administrator may provide in the case of any award intended to qualify for such exception that one or more of the performance criteria applicable to such award will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable performance criterion or criteria. Any criteria used may be measured, as applicable, (a) in absolute terms, (b) in relative terms (including but not limited to, the passage of time and/or against other companies or financial metrics), (c) on a per share and/or share per capita basis, (d) against the performance of the Company as a whole or against particular entities, segments, operating units or products of the Company and/or (e) on a pre-tax or after tax basis. Awards issued to persons who are not covered employees under Section 162(m) may take into account any other factors deemed appropriate by the compensation committee.

Corporate Transactions

In the event of a consolidation, merger or similar transaction, a sale or transfer of all or substantially all of our assets or a dissolution or liquidation of Supernus, the administrator may, among other things, provide for continuation or assumption of outstanding awards, for new grants in substitution of outstanding awards, for the cash-out of awards for an amount equal to the difference between their fair market value and their exercise price (if any) or for the accelerated vesting or delivery of shares under awards, in each case on such terms and with such restrictions as it deems appropriate. Except as otherwise provided in an award agreement, awards not assumed will terminate upon the consummation of such corporate transaction.

Adjustment

In the event of a stock dividend, stock split or combination of shares (including a reverse stock split), recapitalization or other change in our capital structure, the administrator will make appropriate adjustments to the maximum number of shares that may be delivered under the 2012 Plan and the individual limits included in the 2012 Plan, and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to awards, the exercise prices of such awards or any other terms of awards affected by such change. The administrator may also make the types of adjustments described above to take into account events other than those listed above if it determines that such adjustments are appropriate to avoid distortion in the operation of the 2012 Plan and to preserve the value of awards.

Term

No awards will be made after the 10th anniversary of the 2012 Plan's adoption, but previously granted awards will be permitted to continue beyond that date in accordance with their terms. The term of each award may not exceed 10 years.

Amendment or Termination

The administrator may at any time or times amend the 2012 Plan or any outstanding award for any purpose, subject to stockholder approval where such approval is required by applicable law, and may at any time terminate the 2012 Plan as to any future grants of awards, except that, unless otherwise expressly provided in the 2012 Plan, the administrator may not, without the participant's consent, alter the terms of an award so as to affect materially and adversely the participant's rights under the award, unless the administrator expressly reserved the right to do so at the time the award was granted.

PROPOSAL 3
APPROVAL OF THE SECOND AMENDED AND RESTATED
2012 EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors adopted the 2012 Employee Stock Purchase Plan (ESPP) to permit our eligible employees to purchase discounted shares of our common stock, subject to certain conditions. The ESPP, as amended and approved by stockholders at the 2014 Annual Meeting of Stockholders, reserved 500,000 shares of our common stock for sale. As of March 22, 2016, 206,584 shares of common stock having a market value of \$3.1 million remained available for sale under the ESPP. The Board of Directors believes it is in our best interests to increase the number of shares available under the ESPP in order for eligible employees to purchase additional shares of our common stock.

Subject to the approval of our stockholders, the Board of Directors has adopted the second amended and restated ESPP to increase the number of shares of our common stock reserved for sale under the ESPP by 200,000 to 700,000. A copy of the ESPP, as amended, is included as *Appendix B* to this Proxy Statement. The material terms of the ESPP are described below.

Share Reserve

Up to 500,000 shares of common stock are reserved for sale under the ESPP. This number is subject to adjustment in the event of a stock split, stock dividend or other change in our capitalization.

Administration

The ESPP is presently administered by the Compensation Committee of our Board of Directors.

Eligibility

Each employee of Supernus and its designated subsidiaries that is employed on an applicable enrollment deadline are entitled to participate, other than an employee that owns or is deemed to own 5% or more of the total combined voting power or value of all classes of our stock or our subsidiaries. In addition, no employee will be granted an option under the ESPP that would permit his or her rights to purchase shares of stock under all employee stock purchase plans of Supernus and its subsidiaries to accrue at a rate that exceeds \$25,000 (or such other maximum as may be prescribed from time to time by the Code) in fair market value of such stock (determined at the time the option is granted) for any calendar year during which any such option granted to such employee is outstanding at any time.

Method of Participation

The periods of January 1 to June 30 and July 1 to December 31 of each year will generally be the "option periods" under the ESPP. However, the first option period will commence on such date, on or after an effective Form S-8 registration statement has been filed for the ESPP, as the board of directors may specify, and will end on the first June 30 or December 31 to follow such commencement by not less than six months. Generally, each eligible employee that has elected to participate in the ESPP not later than the enrollment deadline (as prescribed by the board of directors) prior to the beginning of an applicable option period will become a participant in the ESPP. Each participating employee will authorize Supernus to make after-tax payroll deductions equal to a whole percentage between 2% and 20% of his or her compensation, and such deduction rate will not be permitted to be changed during an option period unless the participant cancels his or her option entirely. The aggregate amount of a participant's payroll deductions during the option period will be credited to a non-interest bearing bookkeeping account.

Grant and Exercise of Options

Only options to purchase common stock of Supernus will be issuable under the ESPP. On the first day of each option period, each participant will be granted an option to purchase the whole number (disregarding any fractional share amount) of shares of common stock equal to (i) the balance credited to the participant's withholding account (but generally subject to a limit of \$12,500 or such other amount as the board of directors imposes) on the last day of the option period divided by (ii) 85% of the lesser of the fair market value of a share stock on (a) the first day of the option period or (b) the last day of the option period. If an employee is a participant in the ESPP on the last day of an option period, he or she will be deemed to have exercised the option granted to him or her for that option period, and the number of shares of common stock described in the preceding sentence will generally be delivered to him or her as soon as practicable thereafter.

Termination of Employment

Upon the termination of a participant's employment with Supernus for any reason, he or she will cease to be a participant, any option held by him or her under the ESPP will be deemed canceled, the balance of his or her withholding account will be returned to the participant (or his or her estate or designated beneficiary in the event of the participant's death), and he or she will have no further rights under the ESPP.

Transfer

Each participant's rights and privileges under any option granted under the ESPP will be exercisable during the participant's lifetime only by him or her and may not be sold, pledged, assigned, or transferred in any manner.

Corporate Transactions

In the event of a sale of all or substantially all of our common stock or a sale of all or substantially all of our assets, or a merger or similar transaction in which Supernus is not the surviving corporation or which results in the acquisition of Supernus by another person, the Board of Directors in its sole discretion may (but need not) provide that each outstanding option will be assumed or a substitute option granted by the acquiror or successor corporation or a parent or subsidiary of the acquiror or successor corporation; cancel each option and return the balances in participants' withholding accounts to the participants; or end the option period on or before the date of the proposed sale or merger.

Adjustment

In the event of any change in the outstanding common stock of Supernus by reason of a stock dividend, split-up, recapitalization, merger, consolidation, reorganization, or other capital change, the aggregate number and type of shares available under the ESPP, the number and type of shares under options granted but not exercised, the maximum number and type of shares purchasable under an option, and the option price will generally be appropriately adjusted.

Amendment or Termination

Supernus will generally be permitted to suspend or terminate the ESPP at any time, or at any time or times to amend the ESPP to any extent and in any manner it may deem advisable, in each case by vote of the Board of Directors. In connection therewith, the Board of Directors may either cancel outstanding options or continue them and provide that they will be exercisable either at the end of the applicable option period or on such earlier date as the Board of Directors may specify.

The Board of Directors deems the above proposal to be in our best interests and recommends a vote "FOR" the amendment to the 2012 Employee Stock Purchase Plan.

PROPOSAL 4
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected KPMG LLP as our independent registered public accounting firm (IRPA Firm) for the fiscal year ending December 31, 2016. The IRPA Firm has served as our independent auditors since October 2015, when our Audit Committee recommended and the Board of Directors approved the engagement of KPMG LLP as our IRPA Firm. The IRPA Firm is considered by management to be well qualified.

Appointment of the IRPA Firm is not required to be submitted to a vote of our stockholders for ratification. However, the Board of Directors has determined that the matter should be presented to the stockholders as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether to retain the IRPA Firm and may retain that firm or another without resubmitting the matter to our stockholders. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of a different IRPA Firm at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

A representative from the IRPA Firm is expected to attend the Annual Meeting of Stockholders and will have the opportunity to make a statement and respond to appropriate questions of stockholders.

The following table sets forth, in thousands, the aggregate fees for services rendered to us by both KPMG LLP and Ernst & Young LLP as described below:

	Ernst & Young LLP		KPMG LLP	
	2015	2014	2015	2014
Audit fees	\$ 300	\$ 510	\$ 448	\$ —
Audit-related fees	—	29	—	—
Tax fees	97	97	—	—
All other fees	—	—	—	—
Total	\$ 397	\$ 636	\$ 448	\$ —

Audit Fees: These amounts include fees for professional services rendered in auditing our financial statements set forth in our Forms 10-K for the years ended December 31, 2015 and 2014 year-end audit and the reviews of our quarterly financial statements set forth in our Forms 10-Q in 2015 and 2014.

Audit-Related Fees: These amounts consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under "Audit Fees." These fees were for professional services incurred in connection with accounting consultations and consultation regarding financial accounting and reporting standards.

Tax Fees: These amounts consisted of fees for services including assistance with IRC Section 382 change in ownership analysis, tax compliance and the preparation of tax returns and tax consultation services.

The Audit Committee has considered and determined that the non-audit services provided by the IRPA Firm in 2015 and 2014 are compatible with maintaining the auditor's independence.

All of the audit and audit-related services provided by KPMG LLP and Ernst & Young LLP described above were approved by the Audit Committee pursuant to the SEC rule that requires audit

committee pre-approval of audit and non-audit services provided by Supernus' independent auditors, to the extent that rule was applicable during fiscal year 2015. On an ongoing basis, management will communicate specific projects and categories of services for which advance approval of the Audit Committee is required. The Audit Committee will review these requests and advise management and the independent auditors if the Audit Committee pre-approves the engagement of the independent auditors for such projects and services. On a periodic basis, the independent auditors will report to the Audit Committee the actual spending for such projects and services compared to the approved amounts. The Audit Committee may delegate the ability to pre-approve audit and permitted non-audit services to a sub-committee of the Audit Committee, provided that any such pre-approvals are reported at the next Audit Committee meeting.

The Board of Directors recommends a vote "FOR" the ratification of the selection of KPMG LLP as our independent public accounting firm for the year ending December 31, 2016.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors, and persons who own more than 10 percent of a registered class of Supernus' equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10 percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

During 2015, there were no late Form 3 or Form 4 filings made by any of our directors and executive officers except for one Form 4 filing by Dr. Bhatt. In making these disclosures, we have relied on written representations of our directors and executive officers and copies of reports that we have filed on their behalf with the SEC.

STOCKHOLDER PROPOSALS FOR NEXT YEAR'S ANNUAL MEETING

2012 EQUITY INCENTIVE PLAN

1. DEFINED TERMS

Exhibit A, which is incorporated by reference, defines the terms used in the Plan and sets forth certain operational rules related to those terms.

2. PURPOSE

The Plan has been established to advance the interests of the Company by providing for the grant to Participants of Stock-based and other incentive Awards.

3. ADMINISTRATION

The Administrator has discretionary authority, subject only to the express provisions of the Plan, to interpret the Plan; determine eligibility for and grant Awards; determine, modify or waive the terms and conditions of any Award; prescribe forms, rules and procedures; and otherwise do all things necessary to carry out the purposes of the Plan. In the case of any Award intended to be eligible for the performance-based compensation exception under Section 162(m), the Administrator will exercise its discretion consistent with qualifying the Award for that exception. Determinations of the Administrator made under the Plan will be conclusive and will bind all parties.

4. LIMITS ON AWARDS UNDER THE PLAN

(a) *Number of Shares*. The maximum number of shares of Stock that may be delivered in satisfaction of Awards under the Plan is 8,000,000. Up to the total number of shares of Stock available for awards to employee Participants may be issued in satisfaction of ISOs, but nothing in this Section 4(a) shall be construed as requiring that any, or any fixed number of, ISOs be awarded under the Plan. For purposes of the preceding sentences, the number of shares of Stock delivered in satisfaction of Awards is to be determined net of shares of Stock withheld by the Company in payment of the exercise price of the Award or in satisfaction of tax withholding requirements with respect to the Award and, for the avoidance of doubt, without including any shares of Stock underlying Awards that are settled in cash, that otherwise expire or become unexercisable without having been exercised or that are forfeited to or repurchased by the Company for cash. The limits set forth in this Section 4(a) shall be construed to comply with Section 422, and in no event will the number of shares of Stock issued under the Plan through ISOs exceed 8,000,000. To the extent consistent with the requirements of Section 422 and with other applicable requirements (including applicable stock exchange requirements), Stock issued under awards of an acquired company that are converted, replaced, or adjusted in connection with the acquisition shall not reduce the number of shares available for Awards under the Plan.

(b) *Type of Shares*. Stock delivered by the Company under the Plan may be authorized but unissued Stock or previously issued Stock acquired by the Company. No fractional shares of Stock will be delivered under the Plan.

(c) *Section 162(m) Limits*. The maximum number of shares of Stock for which Stock Options may be granted to any person in any calendar year will be 500,000 shares and the maximum number of shares of Stock subject to SARs granted to any person in any calendar year will be 300,000 shares. The maximum number of shares subject to other Awards granted to any person in any calendar year will be 500,000 shares. The maximum amount payable to any person in any year under Cash Awards will be USD \$500,000. The foregoing provisions will be construed in a manner consistent with Section 162(m).

5. ELIGIBILITY AND PARTICIPATION

The Administrator will select Participants from among those key Employees and directors of, and consultants and advisors to, the Company and its Affiliates who, in the opinion of the Administrator, are in a position to make a significant contribution to the success of the Company and its Affiliates; *provided*, that, subject to such express exceptions, if any, as the Administrator may establish, eligibility shall be further limited to those persons as to whom the use of a Form S-8 registration statement is permissible. Eligibility for ISOs is limited to employees of the Company or of a "parent corporation" or "subsidiary corporation" of the Company as those terms are defined in Section 424 of the Code. Eligibility for Stock Options other than ISOs, including, but not limited to NQSOs, is limited to Employees or other individuals described in the first sentence of this Section 5 who are providing direct services on the date of grant of the Stock Option to the Company or to a subsidiary of the Company that would be described in the first sentence of Treas. Regs. §1.409A-1(b)(5)(iii)(E).

6. RULES APPLICABLE TO AWARDS

(a) *All Awards*.

(1) *Award Provisions*. The Administrator will determine the terms of all Awards, subject to the limitations provided herein. By accepting (or, under such rules as the Administrator may prescribe, being deemed to have accepted) an Award, the Participant shall be deemed to have agreed to the terms of the Award and the Plan. Notwithstanding any provision of this Plan to the contrary, awards of an acquired company that are converted, replaced or adjusted in connection with the acquisition may contain terms and conditions that are inconsistent with the terms and conditions specified herein, as determined by the Administrator.

(2) *Term of Plan*. No Awards may be made after April 2, 2022, but previously granted Awards may continue beyond that date in accordance with their terms.

(3) *Transferability*. Neither ISOs nor, except as the Administrator otherwise expressly provides in accordance with the second sentence of this Section 6(a)(3), other Awards may be transferred other than by will or by the laws of descent and distribution, and during a Participant's lifetime, ISOs (and, except as the Administrator otherwise expressly provides in accordance with the second sentence of this Section 6(a)(3), other Awards requiring exercise) may be exercised only by the Participant. The Administrator may permit Awards other than ISOs to be transferred by gift, subject to such limitations as the Administrator may impose.

(4) *Vesting, etc.* The Administrator may determine the time or times at which an Award will vest or become exercisable and the terms on which an Award requiring exercise will remain exercisable. Without limiting the foregoing, the Administrator may at any time accelerate the vesting or exercisability of an Award, regardless of any adverse or potentially adverse tax or other consequences resulting from such acceleration. Unless the Administrator expressly provides otherwise, however, the following rules will apply if a Participant's Employment ceases:

(A) Immediately upon the cessation of the Participant's Employment and except as provided in (B) and (C) below, each Stock Option and SAR that is then held by the Participant or by the Participant's permitted transferees, if any, will cease to be exercisable and will terminate, and all other Awards that are then held by the Participant or by the Participant's permitted transferees, if any, to the extent not already vested will be forfeited.

(B) Subject to (C) and (D) below, all Stock Options and SARs held by the Participant or the Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's Employment, to the extent then exercisable, will remain exercisable for the lesser of (i) a period of three months or (ii) the period ending on the latest date on which such

Stock Option or SAR could have been exercised without regard to this Section 6(a)(4), and will thereupon immediately terminate.

(C) All Stock Options and SARs held by a Participant or the Participant's permitted transferees, if any, immediately prior to the Participant's death or permanent disability (as determined by the Administrator), to the extent then exercisable, will remain exercisable for the lesser of (i) the one year period ending with the first anniversary of the Participant's death or permanent disability, as applicable, or (ii) the period ending on the latest date on which such Stock Option or SAR could have been exercised without regard to this Section 6(a)(4), and will thereupon immediately terminate.

(D) All Stock Options and SARs (whether or not exercisable) held by a Participant or the Participant's permitted transferees, if any, immediately prior to the cessation of the Participant's Employment will immediately terminate upon such cessation of Employment if the termination is for Cause or occurs in circumstances that in the determination of the Administrator would have constituted grounds for the Participant's Employment to be terminated for Cause.

(5) **Competing Activity** . The Administrator may cancel, rescind, withhold or otherwise limit or restrict any Award at any time if the Participant is not in compliance with all applicable provisions of the applicable Award agreement and the Plan, or if the Participant breaches any agreement with the Company or an Affiliate with respect to non-competition, non-solicitation or confidentiality, or to the extent disgorgement or forfeiture of the Award or any amounts received under the Award is required under a policy of the Company or any successor, or its or their subsidiaries, adopted to comply with applicable requirements of law (including Section 10D of the Securities Exchange Act of 1934, as amended) or of any applicable stock exchange.

(6) **Taxes** . The delivery, vesting and retention of Stock under an Award are conditioned upon full satisfaction by the Participant of all tax withholding requirements with respect to the Award. The Administrator will prescribe such rules for the withholding of taxes as it deems necessary. The Administrator may, but need not, hold back shares of Stock from an Award or permit a Participant to tender previously owned shares of Stock in satisfaction of tax withholding requirements (but not in excess of the minimum withholding required by law).

(7) **Dividend Equivalents, Etc.** The Administrator may provide for the payment of amounts (on terms and subject to conditions established by the Administrator) in lieu of cash dividends or other cash distributions with respect to Stock subject to an Award whether or not the holder of such Award is otherwise entitled to share in the actual dividend or distribution in respect of such Award. Any entitlement to dividend equivalents or similar entitlements shall be established and administered either consistent with an exemption from, or in compliance with, the requirements of Section 409A.

(8) **Rights Limited** . Nothing in the Plan will be construed as giving any person the right to continued employment or service with the Company or its Affiliates, or any rights as a stockholder except as to shares of Stock actually issued under the Plan. The loss of existing or potential profit in Awards will not constitute an element of damages in the event of termination of Employment for any reason, even if the termination is in violation of an obligation of the Company or any Affiliate to the Participant.

(9) **Section 162(m)** .

(A) *Awards Intended to Qualify for Performance-Based Compensation Exception* . This Section 6(a)(9)(A) applies to any Performance Award (other than a Stock Option or SAR) intended to qualify for the performance-based compensation exception under Section 162(m). In the case of any Performance Award to which this Section 6(a)(9)(A) applies, the Plan and

such Award will be construed to the maximum extent permitted by law in a manner consistent with qualifying the Award for such exception. With respect to such Performance Awards, the Administrator will preestablish, in writing, one or more specific Performance Criteria no later than 90 days after the commencement of the period of service to which the performance relates (or at such earlier time as is required to qualify the Award as performance-based under Section 162(m)). Prior to grant, vesting or payment of the Performance Award, as the case may be, the Administrator will certify whether the applicable Performance Criteria have been attained and such determination will be final and conclusive.

(B) *Certain Transition Awards* . Awards intended to be exempt from the limitations of Section 162(m) shall not be required to comply with the provisions of Section 6(a)(9)(A) if and to the extent they are eligible (as determined by the Administrator) for exemption from such limitations by reason of the post-initial public offering transition relief in Section 1.162-27(f) of the Treasury Regulations.

(10) *Coordination with Other Plans* . Awards under the Plan may be granted in tandem with, or in satisfaction of or substitution for, other Awards under the Plan or awards made under other compensatory plans or programs of the Company or its Affiliates. For example, but without limiting the generality of the foregoing, awards under other compensatory plans or programs of the Company or its Affiliates may be settled in Stock (including, without limitation, Unrestricted Stock) if the Administrator so determines, in which case the shares delivered shall be treated as awarded under the Plan (and shall reduce the number of shares thereafter available under the Plan in accordance with the rules set forth in Section 4). In any case where an award is made under another plan or program of the Company or its Affiliates and such award is intended to qualify for the performance-based compensation exception under Section 162(m), and such award is settled by the delivery of Stock or another Award under the Plan, the applicable Section 162(m) limitations under both the other plan or program and under the Plan shall be applied to the Plan as necessary (as determined by the Administrator) to preserve the availability of the Section 162(m) performance-based compensation exception with respect thereto.

(11) *Section 409A* . Each Award shall contain such terms as the Administrator determines, and shall be construed and administered, such that the Award either (i) qualifies for an exemption from the requirements of Section 409A, or (ii) satisfies such requirements.

(12) *Certain Requirements of Corporate Law* . Awards shall be granted and administered consistent with the requirements of applicable Delaware law relating to the issuance of stock and the consideration to be received therefor, and with the applicable requirements of the stock exchanges or other trading systems on which the Stock is listed or entered for trading, in each case as determined by the Administrator.

(13) *Fair Market Value* . In determining the fair market value of any share of Stock under the Plan, the Administrator shall make the determination in good faith consistent with the rules of Section 422 and Section 409A to the extent applicable.

(b) Awards Requiring Exercise

(1) *Time And Manner Of Exercise* . Unless the Administrator expressly provides otherwise, each Stock Option or SAR will not be deemed to have been exercised until the Administrator receives a notice of exercise (in form acceptable to the Administrator), which may be an electronic notice, signed (including electronic signature in form acceptable to the Administrator) by the appropriate person and accompanied by any payment required under the Award. If the Award is exercised by any person other than the Participant, the Administrator may require satisfactory evidence that the person exercising the Award has the right to do so.

(2) **Exercise Price** . The exercise price (or the base value from which appreciation is to be measured) of each Award requiring exercise shall be 100% (or in the case of an ISO granted to a ten-percent shareholder within the meaning of subsection (b)(6) of Section 422, 110%) of the fair market value of the Stock subject to the Award, determined as of the date of grant, or such higher amount as the Administrator may determine in connection with the grant. No such Award, once granted, may be repriced other than with stockholder approval.

(3) **Payment Of Exercise Price** . Where the exercise of an Award is to be accompanied by payment, payment of the exercise price shall be by cash or check acceptable to the Administrator, or, if so permitted by the Administrator and if legally permissible, (i) through the delivery of unrestricted shares of Stock that have a fair market value equal to the exercise price, subject to such minimum holding period requirements, if any, as the Administrator may prescribe, (ii) through a broker-assisted exercise program acceptable to the Administrator, (iii) by other means acceptable to the Administrator, or (iv) by any combination of the foregoing permissible forms of payment. The delivery of shares in payment of the exercise price under clause (i) above may be accomplished either by actual delivery or by constructive delivery through attestation of ownership, subject to such rules as the Administrator may prescribe.

(4) **Maximum Term** . Awards requiring exercise will have a maximum term not to exceed ten (10) years from the date of grant (five (5) years from the date of grant in the case of an ISO granted to a ten-percent shareholder described in Section 6(b)(2) above).

7. EFFECT OF CERTAIN TRANSACTIONS

(a) **Mergers, etc.** Except as otherwise provided in an Award, the following provisions shall apply in the event of a Covered Transaction:

(1) **Assumption or Substitution** . If the Covered Transaction is one in which there is an acquiring or surviving entity, the Administrator may (but, for the avoidance of doubt, need not) provide (i) for the assumption or continuation of some or all outstanding Awards or any portion thereof or (ii) for the grant of new awards in substitution therefor by the acquiror or survivor or an affiliate of the acquiror or survivor.

(2) **Cash-Out of Awards** . Subject to Section 7(a)(5) below the Administrator may (but, for the avoidance of doubt, need not) provide for payment (a "cash-out"), with respect to some or all Awards or any portion thereof, equal in the case of each affected Award or portion thereof to the excess, if any, of (A) the fair market value of one share of Stock (as determined by the Administrator in its reasonable discretion) times the number of shares of Stock subject to the Award or such portion, over (B) the aggregate exercise or purchase price, if any, under the Award or such portion (in the case of an SAR, the aggregate base value above which appreciation is measured), in each case on such payment terms (which need not be the same as the terms of payment to holders of Stock) and other terms, and subject to such conditions, as the Administrator determines.

(3) **Acceleration of Certain Awards** . Subject to Section 7(a)(5) below, the Administrator may (but, for the avoidance of doubt, need not) provide that each Award requiring exercise will become exercisable in full or in part and/or that the delivery of any shares of Stock remaining deliverable under each outstanding Award of Stock Units (including Restricted Stock Units and Performance Awards to the extent consisting of Stock Units) will be accelerated in full or in part, in each case on a basis that gives the holder of the Award a reasonable opportunity, as determined by the Administrator, following exercise of the Award or the delivery of the shares, as the case may be, to participate as a stockholder in the Covered Transaction with respect to the portion of the Award so accelerated.

(4) Termination of Awards Upon Consummation of Covered Transaction . Each Award will terminate upon consummation of the Covered Transaction, other than the following: (i) Awards assumed pursuant to Section 7(a)(1) above, and (ii) outstanding shares of Restricted Stock (which shall be treated in the same manner as other shares of Stock, subject to Section 7(a)(5) below).

(5) Additional Limitations . Any share of Stock and any cash or other property delivered pursuant to Section 7(a)(2) or Section 7(a)(3) above with respect to an Award may, in the discretion of the Administrator, contain such restrictions, if any, as the Administrator deems appropriate to reflect any performance or other vesting conditions to which the Award was subject and that did not lapse (and were not satisfied) in connection with the Covered Transaction. For purposes of the immediately preceding sentence, a cash-out under Section 7(a)(2) above or acceleration under Section 7(a)(3) above shall not, in and of itself, be treated as the lapsing (or satisfaction) of a performance or other vesting condition. In the case of Restricted Stock that does not vest in connection with the Covered Transaction, the Administrator may require that any amounts delivered, exchanged or otherwise paid in respect of such Stock in connection with the Covered Transaction be placed in escrow or otherwise made subject to such restrictions as the Administrator deems appropriate to carry out the intent of the Plan.

(b) Changes in and Distributions With Respect to Stock

(1) Basic Adjustment Provisions . In the event of a stock dividend, stock split or combination of shares (including a reverse stock split), recapitalization or other change in the Company's capital structure that constitutes an equity restructuring within the meaning of FASB ASC 718, the Administrator shall make appropriate adjustments to the maximum number of shares specified in Section 4(a) that may be delivered under the Plan and to the maximum share limits described in Section 4(c), and shall also make appropriate adjustments to the number and kind of shares of stock or securities subject to Awards then outstanding or subsequently granted, any exercise prices relating to Awards and any other provision of Awards affected by such change.

(2) Certain Other Adjustments . The Administrator may also make adjustments of the type described in Section 7(b)(1) above to take into account distributions to stockholders other than those provided for in Section 7(a) and 7(b)(1), or any other event, if the Administrator determines that adjustments are appropriate to avoid distortion in the operation of the Plan and to preserve the value of Awards made hereunder, having due regard for the qualification of ISOs under Section 422, the requirements of Section 409A, and for the performance-based compensation rules of Section 162(m), where applicable.

(3) Continuing Application of Plan Terms . References in the Plan to shares of Stock will be construed to include any stock or securities resulting from an adjustment pursuant to this Section 7.

8. LEGAL CONDITIONS ON DELIVERY OF STOCK

The Company will not be obligated to deliver any shares of Stock pursuant to the Plan or to remove any restriction from shares of Stock previously delivered under the Plan until: (i) the Company is satisfied that all legal matters in connection with the issuance and delivery of such shares have been addressed and resolved; (ii) if the outstanding Stock is at the time of delivery listed on any stock exchange or national market system, the shares to be delivered have been listed or authorized to be listed on such exchange or system upon official notice of issuance; and (iii) all conditions of the Award have been satisfied or waived. If the sale of Stock has not been registered under the Securities Act of 1933, as amended, the Company may require, as a condition to exercise of the Award, such representations or agreements as counsel for the Company may consider appropriate to avoid violation of the Securities Act or any applicable state or foreign securities laws. The Company may require that certificates evidencing Stock issued under the Plan bear an appropriate legend reflecting any restriction

on transfer applicable to such Stock, and the Company may hold the certificates pending lapse of the applicable restrictions.

9. AMENDMENT AND TERMINATION

The Administrator may at any time or times amend the Plan or any outstanding Award for any purpose which may at the time be permitted by law, and may at any time terminate the Plan as to any future grants of Awards; *provided*, that except as otherwise expressly provided in the Plan the Administrator may not, without the Participant's consent, alter the terms of an Award so as to affect materially and adversely the Participant's rights under the Award, unless the Administrator expressly reserved the right to do so at the time the Award was granted. Any amendments to the Plan shall be conditioned upon stockholder approval only to the extent, if any, such approval is required by law (including the Code and applicable stock exchange requirements), as determined by the Administrator.

10. OTHER COMPENSATION ARRANGEMENTS

The existence of the Plan or the grant of any Award will not in any way affect the Company's right to Award a person bonuses or other compensation in addition to Awards under the Plan.

11. MISCELLANEOUS

(a) *Waiver of Jury Trial*. By accepting an Award under the Plan, each Participant waives any right to a trial by jury in any action, proceeding or counterclaim concerning any rights under the Plan and any Award, or under any amendment, waiver, consent, instrument, document or other agreement delivered or which in the future may be delivered in connection therewith, and agrees that any such action, proceedings or counterclaim shall be tried before a court and not before a jury. By accepting an Award under the Plan, each Participant certifies that no officer, representative, or attorney of the Company has represented, expressly or otherwise, that the Company would not, in the event of any action, proceeding or counterclaim, seek to enforce the foregoing waivers.

(b) *Limitation of Liability*. Notwithstanding anything to the contrary in the Plan, neither the Company, nor any Affiliate, nor the Administrator, nor any person acting on behalf of the Company, any Affiliate, or the Administrator, shall be liable to any Participant or to the estate or beneficiary of any Participant or to any other holder of an Award by reason of any acceleration of income, or any additional tax (including any interest and penalties), asserted by reason of the failure of an Award to satisfy the requirements of Section 422 or Section 409A or by reason of Section 4999 of the Code, or otherwise asserted with respect to the Award; provided, that nothing in this Section 11(b) shall limit the ability of the Administrator or the Company, in its discretion, to provide by separate express written agreement with a Participant for a gross-up payment or other payment in connection with any such acceleration of income or additional tax.

12. ESTABLISHMENT OF SUB-PLANS

The Administrator may from time to time establish one or more sub-plans under the Plan for purposes of satisfying applicable blue sky, securities or tax laws of various jurisdictions. The Administrator will establish such sub-plans by adopting supplements to the Plan setting forth (i) such limitations on the Administrator's discretion under the Plan as it deems necessary or desirable and (ii) such additional terms and conditions not otherwise inconsistent with the Plan as it deems necessary or desirable. All supplements so established will be deemed to be part of the Plan, but each supplement will apply only to Participants within the affected jurisdiction and the Company will not be required to provide copies of any supplement to Participants in any jurisdiction that is not affected.

13. GOVERNING LAW

Except as otherwise provided by the express terms of an Award agreement or under a sub-plan described in Section 12, the provisions of the Plan and of Awards under the Plan and all claims or disputes arising out of or based upon the Plan or any Award under the Plan or relating to the subject matter hereof or thereof will be governed by and construed in accordance with the domestic substantive laws of the State of Delaware without giving effect to any choice or conflict of laws provision or rule that would cause the application of the domestic substantive laws of any other jurisdiction.

EXHIBIT A

Definition of Terms

The following terms, when used in the Plan, will have the meanings and be subject to the provisions set forth below:

"Administrator": The Board, except that the Board may delegate its authority under the Plan to a committee of the Board (or one or more members of the Board), in which case references herein to the Board will refer to such committee (or members of the Board). The Board may delegate (i) to one or more of its members such of its duties, powers and responsibilities as it may determine; (ii) to one or more officers of the Company the power to grant rights or options to the extent permitted by Section 157(c) of the Delaware General Corporation Law; and (iii) to such Employees or other persons as it determines such ministerial tasks as it deems appropriate. In the event of any delegation described in the preceding sentence, the term "Administrator" shall include the person or persons so delegated to the extent of such delegation.

"Affiliate": Any corporation or other entity that stands in a relationship to the Company that would result in the Company and such corporation or other entity being treated as one employer under Section 414(b) and Section 414(c) of the Code.

"Award": Any or a combination of the following:

- (i) Stock Options.
- (ii) SARs.
- (iii) Restricted Stock.
- (iv) Unrestricted Stock.
- (v) Stock Units, including Restricted Stock Units.
- (vi) Performance Awards.
- (vii) Cash Awards.
- (viii) Awards (other than Awards described in (i) through (vii) above) that are convertible into or otherwise based on Stock.

"Board": The Board of Directors of the Company.

"Cash Award": An Award denominated in cash.

"Cause": In the case of any Participant who is party to an employment or severance-benefit agreement that contains a definition of "Cause," the definition set forth in such agreement will apply with respect to such Participant under the Plan. In the case of any other Participant, "Cause" will mean (i) substantial or intentional misconduct that is materially injurious to the Company or an Affiliate, or (ii) the commission by the Participant of an act of embezzlement, fraud or other crime of dishonesty (iii) deliberate disregard of the rules or policies of the Company or an Affiliate which results in material economic loss, damage or injury to the Company or an Affiliate; (iv) the unauthorized disclosure of any trade secret or confidential information of the Company or an Affiliate or any third party who has a business relationship with the Company or an Affiliate or the violation of any noncompetition or nonsolicitation covenant or assignment of inventions obligation with the Company or an Affiliate; (v) the commission of any act which induces, or reasonably could be expected to induce, any customer or prospective customer of the Company or an Affiliate to break a contract with the Company or an Affiliate or to decline to do business with the Company or an Affiliate; (vi) the commission of (A) a felony or (B) other crime involving any financial impropriety or moral turpitude

or which would materially interfere with the Participant's ability to perform his or services for the Company or an Affiliate or otherwise would be injurious to the Company or an Affiliate; or (vii) the failure to perform in a material respect his or her employment (or other service) obligations (including, without limitation, the duties and responsibilities of the Participant's position) without proper cause (as determined by the Administrator in its sole discretion).

"Code": The U.S. Internal Revenue Code of 1986 as from time to time amended and in effect, or any successor statute as from time to time in effect.

"Company": Supernus Pharmaceuticals, Inc.

"Covered Transaction": Any of (i) a consolidation, merger, or similar transaction or series of related transactions, including a sale or other disposition of stock, in which the Company is not the surviving corporation or which results in the acquisition of all or substantially all of the Company's then outstanding common stock by a single person or entity or by a group of persons and/or entities acting in concert, (ii) a sale or transfer of all or substantially all the Company's assets, or (iii) a dissolution or liquidation of the Company. Where a Covered Transaction involves a tender offer that is reasonably expected to be followed by a merger described in clause (i) (as determined by the Administrator), the Covered Transaction shall be deemed to have occurred upon consummation of the tender offer.

"Employee": Any person who is employed by the Company or an Affiliate.

"Employment": A Participant's employment or other service relationship with the Company and its Affiliates. Employment will be deemed to continue, unless the Administrator expressly provides otherwise, so long as the Participant is employed by, or otherwise is providing services in a capacity described in Section 5 to the Company or an Affiliate. If a Participant's employment or other service relationship is with an Affiliate and that entity ceases to be an Affiliate, the Participant's Employment will be deemed to have terminated when the entity ceases to be an Affiliate unless the Participant transfers Employment to the Company or its remaining Affiliates. Notwithstanding the foregoing and the definition of "Affiliate" above, in construing the provisions of any Award relating to the payment of "nonqualified deferred compensation" (subject to Section 409A) upon a termination or cessation of Employment, references to termination or cessation of employment, separation from service, retirement or similar or correlative terms shall be construed to require a "separation from service" (as that term is defined in Section 1.409A-1(h) of the Treasury Regulations) from the Company and from all other corporations and trades or businesses, if any, that would be treated as a single "service recipient" with the Company under Section 1.409A-1(h)(3) of the Treasury Regulations. The Company may, but need not, elect in writing, subject to the applicable limitations under Section 409A, any of the special elective rules prescribed in Section 1.409A-1(h) of the Treasury Regulations for purposes of determining whether a "separation from service" has occurred. Any such written election shall be deemed a part of the Plan.

"ISO": A Stock Option intended to be an "incentive stock option" within the meaning of Section 422. Each Stock Option granted pursuant to the Plan will be treated as providing by its terms that it is to be a NQSO unless, as of the date of grant, it is expressly designated as an ISO.

"NQSO": A Stock Option that is not intended to be an "incentive stock option" within the meaning of Section 422.

"Participant": A person who is granted an Award under the Plan.

"Performance Award": An Award subject to Performance Criteria. The Administrator in its discretion may grant Performance Awards that are intended to qualify for the performance-based compensation exception under Section 162(m) and Performance Awards that are not intended so to qualify.

"Performance Criteria": Specified criteria, other than the mere continuation of Employment or the mere passage of time, the satisfaction of which is a condition for the grant, exercisability, vesting or full enjoyment of an Award. For purposes of Awards that are intended to qualify for the performance-based compensation exception under Section 162(m), a Performance Criterion will mean an objectively determinable measure of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): (i) sales; (ii) revenues; (iii) assets; (iv) expenses; (v) operating income; (vi) earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; (vii) earnings or earnings per share; (viii) return on equity, investment, capital or assets; (ix) one or more operating ratios; (x) borrowing levels, leverage ratios or credit rating; (xi) market share; (xii) capital expenditures; (xiii) working capital; (xiv) cash; (xv) cash flow; (xvi) accounts receivable; (xvii) writeoffs; (xviii) intellectual property (e.g., patents); (xix) manufacturing, production, and inventory; (xx) stock price; (xxi) stockholder return; (xxii) sales of particular products or services; (xxiii) customer acquisition or retention; (xxiv) operations; (xxv) product development or product launches; (xxvi) acquisitions and divestitures (in whole or in part); (xxvii) joint ventures and strategic alliances; (xxviii) spin-offs, split-ups and the like; (xxix) reorganizations; or (xxx) recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. A Performance Criterion and any targets with respect thereto determined by the Administrator need not be based upon an increase, a positive or improved result or avoidance of loss. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m), the Administrator may provide in the case of any Award intended to qualify for such exception that one or more of the Performance Criteria applicable to such Award will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable Performance Criterion or Criteria. Any criteria used may be measured, as applicable, (a) in absolute terms, (b) in relative terms (including but not limited to, the passage of time and/or against other companies or financial metrics), (c) on a per share and/or share per capita basis, (d) against the performance of the Company as a whole or against particular entities, segments, operating units or products of the Company and/or (e) on a pre-tax or after tax basis. Awards issued to persons who are not Covered Employees under Code Section 162(m) may take into account any other factors deemed appropriate by the Committee.

"Plan": The Supernus Pharmaceuticals, Inc. Second Amended and Restated 2012 Equity Incentive Plan as from time to time amended and in effect.

"Restricted Stock": Stock subject to restrictions requiring that it be redelivered or offered for sale to the Company if specified conditions are not satisfied.

"Restricted Stock Unit": A Stock Unit that is, or as to which the delivery of Stock or cash in lieu of Stock is, subject to the satisfaction of specified performance or other vesting conditions.

"SAR": A right entitling the holder upon exercise to receive an amount (payable in cash or in shares of Stock of equivalent value) equal to the excess of the fair market value of the shares of Stock subject to the right over the base value from which appreciation under the SAR is to be measured.

"Section 409A": Section 409A of the Code.

"Section 422": Section 422 of the Code.

"Section 162(m)": Section 162(m) of the Code.

"Stock": Common Stock of the Company, par value \$0.001 per share.

"Stock Option": An option entitling the holder to acquire shares of Stock upon payment of the exercise price.

"Stock Unit": An unfunded and unsecured promise, denominated in shares of Stock, to deliver Stock or cash measured by the value of Stock in the future.

"Unrestricted Stock": Stock not subject to any restrictions under the terms of the Award.

**SUPERNUS PHARMACEUTICALS, INC.
SECOND AMENDED AND RESTATED
2012 EMPLOYEE STOCK PURCHASE PLAN**

SECTION 1. PURPOSE OF PLAN

The Supernus Pharmaceuticals, Inc. Second Amended and Restated 2012 Employee Stock Purchase Plan (the "Plan") is intended to enable eligible employees of Supernus Pharmaceuticals, Inc. ("Supernus") and such of its Subsidiaries as the Board of Directors of Supernus (the "Board") may from time to time designate (Supernus and such Subsidiaries being hereinafter referred to as the "Company") to use payroll deductions to purchase shares of common stock, \$0.001 par value of Supernus (such common stock being hereinafter referred to as "Stock"), and thereby acquire an interest in the future of Supernus. For purposes of the Plan, a "Subsidiary" is any corporation that would be treated as a subsidiary of Supernus under Section 424(f) of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan is intended to qualify under Section 423 of the Code and will be construed accordingly.

SECTION 2. OPTIONS TO PURCHASE STOCK

Subject to adjustment pursuant to Section 16 of the Plan, the maximum aggregate number of shares of Stock available for sale pursuant to the exercise of options ("Options") granted under the Plan to employees of the Company ("Employees") who meet the eligibility requirements set forth in Section 3 hereof ("Eligible Employees") shall be 700,000 shares.

The Stock to be delivered upon exercise of Options under the Plan may be either shares of authorized but unissued Stock or shares of reacquired Stock, as the Board may determine.

If any Option granted under the Plan shall expire or terminate for any reason without having been exercised in full or shall cease for any reason to be exercisable in whole or in part, the unpurchased Stock subject to such Option shall again be available for sale pursuant to the exercise of Options under the Plan.

SECTION 3. ELIGIBLE EMPLOYEES

Subject to the exceptions and limitations set forth below, each individual who is an Employee on the Enrollment Deadline (as defined in Section 4 below) for an Option Period will be eligible to participate in the Plan for such Option Period.

(a) Any Employee who immediately after the grant of an Option would own (or pursuant to Section 423(b)(3) of the Code would be deemed to own) stock possessing 5% or more of the total combined voting power or value of all classes of stock of Supernus or of its parent or subsidiary corporation, each as defined in Section 424 of the Code, will not be eligible to receive an Option to purchase Stock pursuant to the Plan.

(b) No Employee will be granted an Option under the Plan that would permit his or her rights to purchase shares of stock under all employee stock purchase plans of Supernus and parent and subsidiary corporations to accrue at a rate which exceeds \$25,000 (or such other maximum as may be prescribed from time to time by the Code) in fair market value of such stock (determined at the time the Option is granted) for any calendar year during which any such Option granted to such Employee is outstanding at any time, as provided in Section 423 of the Code.

SECTION 4. METHOD OF PARTICIPATION

The periods January 1 to June 30 and July 1 to December 31 of each year will be termed "Option Periods"; *provided*, that the first Option Period under the Plan will commence on such date, on or after

an effective Form S-8 registration statement has been filed for the plan, as the Board may specify and will end on the first June 30 or December 31, as the case may be, that follows such commencement date by not less than six months. Except as provided in Section 12, each person who will be an Eligible Employee on the first day of any Option Period may elect to participate in the Plan by executing and delivering, by such deadline prior thereto as the Board may specify (the "Enrollment Deadline"), a payroll deduction authorization in accordance with Section 5. Such Employee will thereby become a participant ("Participant") on the first day of such Option Period and will remain a Participant until his or her participation is terminated as provided in the Plan.

SECTION 5. *PAYROLL DEDUCTION*

Each payroll deduction authorization will request withholding at a whole percentage not less than 2% nor more than 20% of Compensation per payroll period (or such other range as determined by the Board) for the applicable Option Period. For purposes of the Plan and except as otherwise determined by the Board in a manner consistent with Section 423 of the Code for any Option Period, "Compensation" means and includes the items of remuneration subject to deferral under the Company's 401(k) or similar tax-benefited savings plan. Withholding will be accomplished by means of payroll deductions from payroll periods ending in the Option Period. A Participant may not change his withholding rate during an Option Period, except as provided in Section 12. A Participant may change his or her withholding rate for subsequent Option Periods by filing a new payroll deduction authorization with the Company on or before the Enrollment Deadline for the Option Period for which the change is to be effective. All amounts withheld in accordance with a Participant's payroll deduction authorization will be credited to a withholding account maintained in the Participant's name on the books of the Company. Amounts credited to the withholding account will not be required to be set aside in trust or otherwise segregated from the Company's general assets.

SECTION 6. *GRANT OF OPTIONS*

Each person who is a Participant on the first day of an Option Period will be granted, subject to Section 3 above, as of such day and for such Period, an Option entitling the Participant to acquire shares of Stock equal to the lesser of (a) and (b), where

(a) is the whole number (disregarding any fractional share amount) determined by dividing (i) the balance credited to the Participant's withholding account on the Exercise Date (as defined below), by (ii) the purchase price per share of the Stock determined under Section 7, and

(b) is the whole number (disregarding any fractional share amount) determined by dividing \$12,500 (or such other limit as the Board may impose prior to the commencement of the Option Period) by the fair market value of one share of Stock on the first day of such Option Period or such other whole number of shares of Stock as may be determined by the Board prior to the beginning of such Option Period.

The Board will reduce, on a substantially proportionate basis, the number of shares of Stock purchasable by each Participant upon exercise of his or her Option for an Option Period in the event that the number of shares then available under the Plan is insufficient. Option grants under this Section 6 will be automatic and need not be separately documented.

SECTION 7. *PURCHASE PRICE*

The purchase price of Stock issued pursuant to the exercise of an Option will be 85% of the fair market value of the Stock on (a) the date of grant of the Option or (b) the date on which the Option is deemed exercised, whichever is less. If the shares of Stock are traded on a national exchange (including the NASDAQ Global Market) or trading system, the fair market value for any day will mean the reported closing price of the Stock for such day; *provided*, that if such day is not a trading day, fair market value will mean the reported closing price of the Stock for the next preceding day which is a

trading day. If the shares of Stock are not traded on an exchange or trading system, the fair market value of such Stock on such date will be established in a manner determined in good faith by the Board.

SECTION 8. *EXERCISE OF OPTIONS*

If any Employee is a Participant in the Plan on the last day of an Option Period (the "Exercise Date"), he or she will be deemed to have exercised the Option granted to him or her for that Period. Upon such exercise, the Company will apply the balance of the Participant's withholding account (and/or, in the case of a Participant paying in full or in part by check, the amount of the check) to the purchase of the number of whole shares of Stock determined under Section 6 and as soon as practicable thereafter will evidence the transfer of shares or will deliver the shares to the Participant and will return to him or her the balance, if any, of his or her withholding account in excess of the total purchase price of the shares so issued; *provided*, that if the balance left in the account consists solely of an amount equal to the value of a fractional share it will be retained in the withholding account and carried over to the next Option Period.

Notwithstanding anything herein to the contrary, the Company's obligation to issue and deliver shares of Stock under the Plan will be subject to the approval required of any governmental authority in connection with the authorization, issuance, sale or transfer of said shares, to any requirements of any national securities exchange applicable thereto, and to compliance by the Company with other applicable legal requirements in effect from time to time, including without limitation any applicable tax withholding requirements.

SECTION 10. *INTEREST*

No interest will be payable on withholding accounts.

SECTION 11. *TAXES*

Payroll deductions are made on an after-tax basis. If the Company determines that the exercise of an Option or the disposition of shares following the exercise of an Option could result in employment tax liability, the Company will, as a condition of exercise, make such provision as it deems necessary to provide for the remittance by the Participant of employment taxes required to be paid in connection with such exercise or disposition of shares.

SECTION 12. *CANCELLATION AND WITHDRAWAL*

A Participant who holds an Option under the Plan may at any time prior to exercise thereof under Section 8 cancel all (but not less than all) of his or her Option by written notice delivered to the Company. Upon such cancellation, the balance in the Participant's withholding account will be returned to the Participant.

A Participant may terminate his or her payroll deduction authorization as of any date by written notice delivered to the Company and will thereby cease to be a Participant as of such date. Any Participant who voluntarily terminates his or her payroll deduction authorization prior to the Exercise Date will be deemed to have canceled his or her Option.

Any Participant who cancels an Option or terminates a payroll deduction authorization may at any time thereafter again become a Participant for a subsequent Option Period in accordance with Section 4.

A Participant who makes a hardship withdrawal from a Company savings plan qualifying under Section 401(k) of the Code (a "401(k) Plan") will be deemed to have terminated his or her payroll deduction authorization as of the date of such hardship withdrawal, will cease to be a Participant as of such date, and will be deemed to have canceled his or her Option. An Employee who has made a

hardship withdrawal from a 401(k) Plan will not be permitted to participate in the Plan until the first Option Period that begins at least six (6) months after the date of his or her hardship withdrawal.

SECTION 13. *TERMINATION OF EMPLOYMENT; DEATH OF PARTICIPANT*

Upon the termination of a Participant's employment with the Company for any reason or the death of a Participant during an Option Period, he or she will cease to be a Participant, any Option held by him or her under the Plan will be deemed canceled, the balance of his or her withholding account will be returned to the Participant (or his or her estate or designated beneficiary in the event of the Participant's death), and he or she will have no further rights under the Plan.

Notwithstanding the foregoing, eligible employment shall be treated as continuing intact while a Participant is on a military leave, sick leave or other bona fide leave of absence that lasts for up to 90 days, or for so long as the Participant's right to re-employment is guaranteed either by statute or by contract, if longer than 90 days.

SECTION 14. *EQUAL RIGHTS; PARTICIPANT'S RIGHTS NOT TRANSFERABLE*

All Participants granted Options under the Plan with respect to any Option Period will have the same rights and privileges. Each Participant's rights and privileges under any Option granted under the Plan will be exercisable during the Participant's lifetime only by him or her and may not be sold, pledged, assigned, or transferred in any manner. In the event any Participant violates or attempts to violate the terms of this Section, any Options held by him or her may be terminated by the Company and, upon return to the Participant of the balance of his or her withholding account, all of the Participant's rights under the Plan will terminate.

SECTION 15. *EMPLOYMENT AND SHAREHOLDER RIGHTS*

Nothing contained in the provisions of the Plan will be construed as giving to any Employee the right to be retained in the employ of the Company or as interfering with the right of the Company to discharge any Employee at any time.

A Participant shall have no rights or privileges as a shareholder of the Company and shall not receive any dividends in respect of any Stock covered by an Option granted hereunder until such Option has been exercised, full payment has been made for such Stock, and the Stock has been issued.

SECTION 16. *CHANGE IN CAPITALIZATION, MERGER*

In the event of any change in the outstanding Stock of Supernus by reason of a stock dividend, split-up, recapitalization, merger, consolidation, reorganization, or other capital change, the aggregate number and type of shares available under the Plan, the number and type of shares under Options granted but not exercised, the maximum number and type of shares purchasable under an Option, and the Option price will be appropriately adjusted; *provided*, that no such adjustment shall be made unless the Company is satisfied that it will not constitute a modification of the rights granted under the Plan or otherwise disqualify the Plan as an employee stock purchase plan under the provisions of Section 423 of the Code.

In the event of a sale of all or substantially all of the Stock or a sale of all or substantially all of the assets of Supernus, or a merger or similar transaction in which the Supernus is not the surviving corporation or which results in the acquisition of Supernus by another person, the Board in its sole discretion may (but need not) take any one of the following actions: (i) provide that each outstanding Option will be assumed or a substitute Option granted by the acquiror or successor corporation or a parent or subsidiary of the acquiror or successor corporation, (ii) cancel each Option and return the balances in Participants' withholding accounts to the Participants, or (iii) pursuant to Section 18, end the Option Period on or before the date of the proposed sale or merger.

SECTION 17. *ADMINISTRATION OF PLAN*

The Plan will be administered by the Board and its delegates, which will have the right to determine any questions which may arise regarding the interpretation and application of the provisions of the Plan and to make, administer, and interpret such rules and regulations as it will deem necessary or advisable. The interpretation and construction by the Board of any provisions of the Plan or of any Option granted under it shall be final and binding. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a "Committee"). References in the Plan to the Board will include any Committee of the Board assigned responsibility for administering the Plan and any delegates of the Board or such Board committee to the extent of any delegation by the Board or such committee to such delegates of administrative responsibilities hereunder.

The Board may specify the manner in which Employees are to provide notices and payroll deduction authorizations. Notwithstanding any requirement of "written notice" herein, the Board may permit Employees to provide notices and payroll deduction authorizations electronically.

SECTION 18. *AMENDMENT AND TERMINATION OF PLAN*

Supernus reserves the right at any time or times to amend the Plan to any extent and in any manner it may deem advisable, by vote of the Board; *provided*, that any amendment that would be treated as the adoption of a new plan for purposes of Section 423 of the Code and the regulations thereunder will have no force or effect unless approved by the stockholders of Supernus within twelve months before or after its adoption.

The Plan may be suspended or terminated at any time by the Board. In connection therewith, the Board may either cancel outstanding Options or continue them and provide that they will be exercisable either at the end of the applicable Option Period as determined under Section 4 above or on such earlier date as the Board may specify (in which case such earlier date will be treated as the applicable Exercise Date).

SECTION 19. *APPROVAL OF STOCKHOLDERS; EFFECTIVE DATE*

The Plan was adopted by the Board on April 8, 2016, and is effective as of the date it was approved by shareholders of the Company, May 19, 2016. Until such time as shareholder approval of this Plan is received, the Amended and Restated 2012 Employee Stock Purchase Plan adopted by the Board on March 21, 2014, and approved by shareholders on May 22, 2014, shall remain in full force and effect.

SECTION 20. *GOVERNING LAW*

The Plan shall be governed by the laws of the State of Delaware, without giving effect to the principles of conflicts of law thereof, and shall be construed accordingly.
