**PROXY STATEMENT
FOR THE 2013 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 14, 2013**

INTERNET AVAILABILITY OF PROXY MATERIALS

This proxy statement and proxy card are furnished in connection with the solicitation of proxies to be voted at the 2013 Annual Meeting of Stockholders (the "Annual Meeting") of Boingo Wireless, Inc. (sometimes referred to as the "Company" or "Boingo"), which will be held on Friday, June 14, 2013, at 10:30 a.m. local time at the Hotel Palomar located at 10740 Wilshire Boulevard, Los Angeles, California.

We are making this proxy statement and our annual report available to stockholders primarily via the Internet, instead of mailing printed copies of those materials to each stockholder. On or before May 3, 2013, we will mail to our stockholders (i) a copy of this proxy statement, a proxy card and our annual report or (ii) a notice (the "Notice") containing instructions on how to access and review this proxy statement and our annual report. The Notice also instructs you how you may submit your proxy over the Internet or via telephone. If you received a Notice and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting those materials included in the Notice.

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

You have received these proxy materials because the Board of Directors of Boingo Wireless, Inc. is soliciting your proxy to vote at the 2013 Annual Meeting of Stockholders (the "Annual Meeting").

Why did I receive a Notice of Internet Availability of Proxy Materials in the mail instead of a printed set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission, we are permitted to furnish our proxy materials over the Internet to our stockholders by delivering a Notice in the mail. As a result, only stockholders that specifically request a printed copy of the proxy statement will receive one. Instead, the Notice instructs stockholders on how to access and review the proxy statement and annual report over the Internet at <http://www.proxyvote.com>. The Notice also instructs stockholders on how they may submit their proxy over the Internet. If a stockholder who received a Notice would like to receive a printed copy of our proxy materials, such stockholder should follow the instructions for requesting these materials contained in the Notice.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on April 15, 2013 will be entitled to vote at the Annual Meeting. On this record date, there were 35,668,767 shares of Company common stock ("Common Stock") outstanding. The holders of Common Stock have the right to one vote for each share they held as of the record date.

In accordance with Delaware law, a list of stockholders entitled to vote at the meeting will be available at the place of the annual meeting on June 14, 2013 and will be accessible for ten days prior to the meeting at our principal place of business, 10960 Wilshire Blvd, Suite 800, Los Angeles, CA 90024, between the hours of 9:00 a.m. and 5:00 p.m. local time.

What am I voting on?

There are two matters scheduled for a vote:

- Election of two Class II directors; and
- Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

How do I vote?

If on April 15, 2013, your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, then you are a stockholder of record. Stockholders of record may vote by using the Internet, by telephone or (if you received a proxy card by mail) by mail as described below. Stockholders also may attend the meeting and vote in person. If you hold shares through a bank or broker, please refer to your proxy card, Notice or other information forwarded by your bank or broker to see which voting options are available to you.

- You may vote by using the Internet at www.proxyvote.com by following the instructions for Internet voting on the Notice or Proxy Card mailed to you. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 11, 2013. Easy-to-follow instructions allow you to vote your shares and confirm that your instructions have been properly recorded.
- You may vote by telephone by dialing 1-800-690-6903 and following the instructions for voting by phone on the Notice or Proxy Card mailed to you. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 11, 2013. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.
- You may vote by mail by requesting, completing and mailing in a paper proxy card, as outlined in the Notice.

The method you use to vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. Written ballots will be passed out to anyone who wants to vote at the Annual Meeting. If you hold your shares in "street name," you must obtain a proxy, executed in your favor, from the holder of record to be able to vote in person at the Annual Meeting.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted (i) " **For** " the election of both nominees for director and (ii) " **For** " ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013. However, with respect to the election of directors, if you are not a record holder, such as where your shares are held through a broker, nominee, fiduciary or other custodian, you must provide voting instructions to the record holder of the shares in accordance with the record holder's requirements in order for your shares to be properly voted. If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting

proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return **each** proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. You may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy card with a later date.
- You may send a written notice that you are revoking your proxy to the Secretary of the Company at 10960 Wilshire Boulevard, Suite 800, Los Angeles, California 90024.
- You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count "For" and (with respect to proposals other than the election of directors) "Against" votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as "Against" votes. Broker non-votes, as described in the next paragraph, have no effect and will not be counted towards the vote total for any proposal.

If your shares are held by your broker as your nominee (that is, in "street name"), you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. Discretionary items are proposals considered routine under the rules of the New York Stock Exchange ("NYSE") on which your broker may vote shares held in street name without your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes. Under current NYSE rules, any election of a member of the Board of Directors, whether contested or uncontested, is considered "non-discretionary" and therefore brokers are not permitted to vote your shares held in street name for the election of directors in the absence of instructions from you. All of our proposals, except for Proposal 2, are "non-discretionary" and therefore if you hold your shares through a broker, nominee, fiduciary or other custodian, your shares will not be voted on those proposals unless you provide voting instructions to the record holder.

How many votes are needed to approve each proposal?

- For Proposal 1, the election of directors, the two nominees receiving the most "For" votes (among votes properly cast in person or by proxy) will be elected. Broker non-votes will have no effect.
- To be approved, Proposal 2 to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 must receive a "For" vote from the majority of all outstanding shares present in person or represented by proxy at the Annual Meeting and entitled to vote thereon either in person or by

proxy. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if a majority of all shares outstanding on April 15, 2013, the record date, are represented at the meeting by stockholders present in person or by proxy. On the record date, there were 35,668,767 shares of Common Stock outstanding and entitled to vote. Thus 17,834,384 shares must be represented by stockholders present at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy vote or vote at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be available on a Current Report on Form 8-K filed with the Securities and Exchange Commission within four business days after the end of the Annual Meeting.

When are stockholder proposals due for next year's Annual Meeting?

If you wish to submit a proposal to be considered for inclusion in next year's proxy materials or nominate a director, your proposal must be in proper form according to SEC Regulation 14A, Rule 14a-8 and received by the Secretary of the Company on or before January 3, 2014. If you wish to submit a proposal to be presented at the 2014 Annual Meeting of Stockholders but which will not be included in the Company's proxy materials, your Solicitation Notice, as defined in our bylaws, must be received by the Secretary of the Company at Boingo Wireless, Inc., 10960 Wilshire Blvd, Suite 800, Los Angeles, CA 90024, Attn: Secretary, no earlier than February 17, 2014 and no later than March 19, 2014. You are advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. Boingo Wireless's current bylaws may be found on the corporate governance subsection of the investor relations section of our corporate website at www.boingo.com.

CORPORATE GOVERNANCE AND BOARD MATTERS

Independence of the Board of Directors

As required under the listing standards of the Nasdaq Global Market ("Nasdaq"), a majority of the members of a Nasdaq-listed company's board of directors must qualify as "independent," as affirmatively determined by its board of directors. Our Board of Directors consults with counsel to ensure that the Board of Directors' determinations are consistent with all relevant laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of Nasdaq, as in effect from time to time.

Management has reviewed the directors' and director nominee's responses to a questionnaire asking about their transactions, relationships and arrangements with the Company (and those of their immediate family members) and other potential conflicts of interest. Other than as set forth in this Proxy Statement, these questionnaires did not disclose any transactions, relationships, or arrangements that question the independence of our directors or director nominees. After reviewing this information, our Board of Directors affirmatively determined that all of our directors and director nominees are independent directors within the meaning of the applicable Nasdaq listing standards except for David Hagan.

Information Regarding the Board of Directors and its Committees

As required under Nasdaq listing standards, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. Sky Dayton presides over these executive sessions. The Board has an Audit Committee, a Compensation Committee, a Nominating and Governance Committee and a Transaction Committee. The following table provides membership information for each of the Board committees during 2012:

Name	Audit	Compensation	Nominating and Governance	Transaction
Charles Boesenberg	X*	X		X*
Chuck Davis	X	X		
Sky Dayton			X*	X
Marc Geller(1)	X		X	
David Hagan				
Paul Hsiao		X*		X

* Committee Chair.

(1) Mr. Geller is not standing for reelection at the Annual Meeting, and therefore will not serve on the Audit or Nominating and Governance Committees after the Annual Meeting.

Below is a description of each committee of the Board of Directors. The Board of Directors has determined that each member of the Audit, Compensation, Nominating and Governance and Transaction Committees meets the applicable rules and regulations regarding "independence" and that each such member is free of any relationship that would interfere with his individual exercise of independent judgment with regard to the Company.

Audit Committee

Our Audit Committee is responsible for, among other things:

- selecting and hiring our independent auditors;

- approving the audit and non-audit services to be performed by our independent auditors;
- evaluating the qualifications, performance and independence of our independent auditors;
- monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters;
- reviewing the adequacy and effectiveness of our internal control policies and procedures;
- discussing the scope and results of the audit with the independent auditors and reviewing with management and the independent auditors our interim and year-end operating results;
- preparing the Audit Committee Report in our annual proxy statement;
- reviewing and monitoring actual and potential conflicts of interest of members of our board of directors and officers; and
- reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

Our Audit Committee charter can be found on the corporate governance section of our corporate website at www.boingo.com. Each of Charles Boesenberg, Chuck Davis, and Marc Geller served on the Audit Committee of the Board of Directors during 2012. The Audit Committee met ten times during 2012.

The Board of Directors annually reviews the Nasdaq listing standards definition of independence for Audit Committee members and has determined that all members of our Audit Committee are independent (as independence is currently defined in the Nasdaq listing standards). The Board of Directors has determined that Charles Boesenberg is an audit committee financial expert as defined by Item 407(d) of Regulation S-K. The Board made a qualitative assessment of Mr. Boesenberg's level of knowledge and experience based on a number of factors, including his experience as an executive officer and director of other public companies.

Compensation Committee

Our Compensation Committee is responsible for, among other things:

- reviewing and approving corporate goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers;
- reviewing and approving the following for our Chief Executive Officer and our other executive officers: annual base salaries, annual incentive bonuses, including the specific goals and amounts, equity compensation, employment agreements, severance arrangements and change in control arrangements and any other benefits, compensation or arrangements;
- reviewing the succession planning for our executive officers;
- reviewing and recommending compensation goals and bonus and equity compensation criteria for our employees;
- reviewing and recommending compensation programs for directors;
- preparing the compensation discussion and analysis and Compensation Committee Report that the SEC requires in our annual proxy statement;
- administering, reviewing and making recommendations with respect to our equity compensation plans; and
- reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

A more detailed description of the Committee's functions can be found in our Compensation Committee Charter. The charter is published in the corporate governance section of our website at www.boingo.com. Each of Paul Hsiao, Charles Boesenberg and Chuck Davis served on the Compensation Committee of the Board of Directors during 2012. All members of the Committee are independent (as independence is currently defined in the Nasdaq listing standards).

The Compensation Committee met six times during 2012. Mr. Hagan, our principal executive officer, does not participate in the determination of his own compensation or the compensation of directors. However, he makes recommendations to the Committee regarding the amount and form of the compensation of the other executive officers and key employees, and he often participates in the Committee's deliberations about their compensation. Mr. Hovenier, our Chief Financial Officer, also assists the Committee in its executive officer, director and employee compensation deliberations. No other executive officers participate in the determination of the amount or form of the compensation of executive officers or directors.

In September 2012, the Compensation Committee retained the services of Compensia, a compensation consulting firm, to assist it in discharging its duties. The Compensation Committee has determined that no impermissible conflict of interest applies in connection with Compensia's performance of its services for the committee.

Nominating and Governance Committee

Our Nominating and Governance Committee will be responsible for, among other things:

- assisting our board of directors in identifying prospective director nominees and recommending nominees for each annual meeting of stockholders to the board of directors;
- reviewing developments in corporate governance practices and developing and recommending governance principles applicable to our board of directors;
- overseeing the evaluation of our board of directors and management;
- recommending members for each board committee to our board of directors;
- reviewing and monitoring our code of business conduct and ethics; and
- reviewing and evaluating, at least annually, its own performance and that of its members, including compliance with the committee charter.

Our Nominating and Governance Committee charter can be found on the corporate governance section of our corporate website at www.boingo.com. Each of Sky Dayton and Marc Geller served on the Nominating and Governance Committee of the Board of Directors during 2012. All members of the Nominating and Governance Committee are independent (as independence is currently defined in the Nasdaq listing standards). The Nominating and Governance Committee met one time during 2012.

Our Nominating and Governance Committee believes that the minimum qualifications and skills that candidates for director should possess include (i) the highest professional and personal ethics and values, (ii) broad experience at the policy-making level in business, government, education, technology or public interest, (iii) a commitment to enhancing stockholder value and (iv) sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. The committee also considers the following factors, in no particular order of importance: (i) various and relevant career experience, (ii) relevant skills, such as an understanding of the Company's business, (iii) financial expertise, (iv) diversity and (v) local and community ties. However, the Nominating and Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of our Board, our operating requirements and the long-term interests of our stockholders. While we do not have a formal policy on diversity, our Nominating and Governance Committee considers diversity of experience as one of the

factors it considers in conducting its assessment of director nominees, along with such other factors as it deems appropriate given the then current needs of the Board and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors, our Nominating and Governance Committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the committee also determines whether the nominee must be independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Committee uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

The Nominating and Governance Committee will consider director candidates recommended by stockholders and evaluate them using the same criteria as candidates identified by the Board or the Nominating and Governance Committee for consideration. If a stockholder of the Company wishes to recommend a director candidate for consideration by the Nominating and Governance Committee, the stockholder recommendation should be delivered to the Secretary of the Company at the principal executive offices of the Company, and must include information regarding the candidate and the stockholder making the recommendation.

Transaction Committee

Our Transaction Committee is responsible for, among other things:

- reviewing and evaluating the terms and conditions, and to determine the advisability of, any potential acquisition of the Company or any acquisition by the Company (collectively, each a "Potential Transaction");
- negotiating with any party with respect to the terms and conditions of any Potential Transaction or any alternative thereto and, if the Transaction Committee deems appropriate, but subject to the limitations of applicable law, approving the execution and delivery of documents in connection with any Potential Transaction or any alternative transaction on behalf of the Company;
- determining whether a Potential Transaction or any alternative thereto negotiated by the Transaction Committee is fair to, and in the best interests of, the Company and its stockholders; and
- recommending to the full Board what action, if any, should be taken by the Board with respect to a Potential Transaction or any alternative thereto.

Each of Charles Boesenberg, Sky Dayton and Paul Hsiao served on the Transaction Committee of the Board of Directors during 2012. All members of the Committee are independent (as independence is currently defined in the Nasdaq listing standards).

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Each of Paul Hsiao, Charles Boesenberg and Chuck Davis served on the Compensation Committee of the Board of Directors during 2012. None of the members of the Compensation Committee was at any time during the 2012 fiscal year (or at any other time) an officer or employee of the Company. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

BOARD LEADERSHIP STRUCTURE

Our Board separates the positions of Chairman of the Board and Chief Executive Officer. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman of the Board to lead the Board in its fundamental role of providing advice to and independent oversight of management. The Board recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position, as well as the commitment required to serve as our Chairman. We believe that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for the Company at this time and demonstrates our commitment to good corporate governance.

RISK OVERSIGHT MANAGEMENT

Our Board provides risk oversight for our entire company by receiving management presentations, including risk assessments, from all functional areas of our company, and discussing these assessments with management. The Board's overall risk oversight is supplemented by the various committees. The Audit Committee discusses with management and our independent auditors our risk management guidelines and policies, our major financial risk exposures and the steps taken to monitor and control such exposures.

Our Compensation Committee oversees risks related to our compensation programs and discusses with management its annual assessment of our employee compensation policies and programs. Based upon this review, our Compensation Committee believes that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on the Company in the future. Specifically, we believe that the elements of our compensation program do not encourage unnecessary or excessive risk-taking. Base salaries are fixed in amount and thus do not encourage risk-taking. A significant proportion of the compensation provided to our executives, and a material amount of the compensation provided to other employees, is in the form of long-term equity awards that are important to help further align employee interests with those of our stockholders. We do not believe that these awards encourage unnecessary or excessive risk-taking because the ultimate value of the awards is tied to our stock price, and because awards are staggered and subject to long-term vesting schedules to help ensure that employees have significant value tied to long-term stock price performance.

MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors met eight times during 2012. Each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he or she served, held during the period for which such member was a director or committee member. We do not have a formal policy regarding attendance by members of the Board of Directors at our annual meeting of stockholders, and one director attended our 2012 annual meeting of stockholders.

CODE OF BUSINESS CONDUCT AND ETHICS

The Company has adopted the Boingo Wireless, Inc. Code of Business Conduct and Ethics that applies to all directors, officers and employees. A copy is available on the corporate governance section of our website at www.boingo.com. If the Company makes any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver from a provision of the Code to any executive officer or director, the Company will promptly disclose the nature of the amendment or waiver in its public filings, as required by law or securities market regulations.

- our named executive officers;
- each of our directors and director nominees; and
- all executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission (the "SEC") and generally includes voting or investment power with respect to securities. Options to purchase shares of our Common Stock that are exercisable within 60 days of March 22, 2013 are deemed to be beneficially owned by the persons holding these options and convertible notes for the purpose of computing percentage ownership of that

person, but are not treated as outstanding for the purpose of computing any other person's ownership percentage.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

POLICIES AND PROCEDURES FOR RELATED PARTY TRANSACTIONS

As provided by our Audit Committee Charter adopted in connection with our initial public offering, our Audit Committee is responsible for reviewing and approving in advance any related party transaction. Prior to our initial public offering, related party transactions were approved by our board of directors. Neither the board of directors nor the Audit Committee has adopted specific policies or guidelines relating to the approval of related party transactions. The members of our Audit Committee determine whether to approve a related party transaction in the exercise of their fiduciary duties as directors.

RELATED PARTY TRANSACTIONS

In addition to the compensation arrangements with directors and named executive officers described elsewhere in this proxy statement, since January 1, 2012, there has not been a transaction or series of related transactions in which we were or are a party involving an amount in excess of \$120,000 and in which any director, executive officer, holder of more than 5% of our capital stock, or any member of the immediate family or person sharing the household with any of these individuals (other than tenants or employees), had or will have a direct or indirect material interest.

Indemnification Agreements

We have entered into an indemnification agreement with each of our directors and executive officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law.

DIRECTOR COMPENSATION

Cash Compensation

Non-employee directors of the Company are eligible for paid compensation for services provided as a director. For 2012, the chairman of the board was entitled to receive an annual cash retainer of \$25,000 and each other non-employee member of our board of directors was entitled to receive an annual cash retainer of \$20,000. In addition, the chair of our Audit Committee, Compensation Committee and Nominating and Governance Committee were entitled to an annual cash retainer of \$15,000, \$10,000 and \$6,000, respectively, and each non-employee director serving on each such committee was entitled to an annual cash retainer of \$5,000, \$4,000 and \$3,000, respectively, for 2012. The Transaction Committee was formed in 2012 and compensation for Transaction Committee members will commence in 2013.

For 2013, the chairman of the board will be entitled to receive an annual cash retainer of \$40,000 and each other non-employee member of our board of directors will be entitled to receive an annual cash retainer of \$30,000. In addition, the chair of our Audit Committee, Compensation Committee, Nominating and Governance Committee, and Transaction Committee will be entitled to an annual cash retainer of \$30,000, \$10,000, \$6,000 and \$20,000, respectively, and each non-employee director serving on each such committee will be entitled to an annual cash retainer of \$10,000, \$5,000, \$3,000 and \$5,000, respectively.

Equity-Based Compensation

Prior to 2013, the equity compensation program for our non-employee directors provided for the grant of stock options. Upon a non-employee director's election to our board of directors, the director received an initial stock option to purchase 24,000 shares of our common stock. Such options will vest after 12 months of board service, and will also vest in full if there is a change in control while the director remains in our service. Each year thereafter, following our annual stockholder meeting, each continuing non-employee director would receive an annual stock option to purchase 12,000 shares of our common stock. Each annual option vests after 12 months of board service for awards issued prior to 2012, and on a monthly basis over 12 months of board service for awards granted in 2012, and will also vest in full if there is a change in control while the director remains in our service. All such options will have an exercise price equal to the fair market value of our common stock on the date of grant of the award.

Beginning in February 2013, including at the 2013 annual meeting, the equity compensation program for our non-employee directors will provide for the grant of restricted stock units. Upon a non-employee director's initial election or appointment to our board of directors, the director will receive a one-time restricted stock unit award covering a number of shares equal to the quotient obtained by dividing \$200,000 by the average of the closing sales price of our common stock for the five consecutive trading days prior to the date of grant. Such restricted stock units will vest 25% per year over a four-year period of continuous service. In addition, such restricted stock units will vest in full upon the earlier of (a) the occurrence of a change in control on or before the date the director's service with us terminates, or (b) the day immediately prior to our first regular annual meeting of stockholders that occurs in the fourth year following the date of grant.

Following the conclusion of each regular annual meeting of stockholders beginning with the 2013 annual meeting, each continuing non-employee director will receive a restricted stock unit award covering a number of shares equal to the quotient obtained by dividing \$120,000 by the average of the closing sales price of our common stock for the five consecutive trading days prior to the date of grant. In addition to the foregoing award, the non-employee director serving as the chair of our Audit Committee following the conclusion of each regular annual meeting of stockholders will receive a restricted stock unit award covering a number of shares equal to the quotient obtained by dividing

\$80,000 by the average of the closing sales price of our common stock for the five consecutive trading days prior to the date of grant. Such restricted stock unit awards will vest in full upon the earliest of (a) the first anniversary of the date of grant, (b) the occurrence of a change in control on or before the date the director's service with us terminates, or (c) the day immediately prior to our first regular annual meeting of stockholders that occurs in the year following the date of grant.

The following table sets forth information about the compensation of each person who served as a director during the 2012 fiscal year, other than a director who also served as a named executive officer.

- (2) As of December 31, 2012, the above-listed non-employee directors held outstanding options to purchase the following number of shares of our common stock: Sky Dayton—36,000; Charles Boesenberg—48,000; Chuck Davis—36,000; Marc Geller—36,000; and Paul Hsiao—36,000.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This compensation discussion and analysis reviews and discusses our compensation programs and policies for the executive officers named in our Summary Compensation Table. This compensation discussion and analysis, which should be read together with the compensation tables and related disclosures included below, contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding our compensation decisions and programs.

The executive officers named in our Summary Compensation Table, referred to as our named executive officers, are: David Hagan, Chief Executive Officer; Peter Hovenier, our current Chief Financial Officer; Edward Zinser, our former Chief Financial Officer; Niels Jonker, our former Chief Technology Officer; and Colby Goff, our former Senior Vice President, Strategy & Business Development. Mr. Zinser, Mr. Jonker, and Mr. Goff terminated employment in November 2012, June 2012, and August 2012, respectively. Mr. Jonker continues to provide strategic technology services to us pursuant to a consulting agreement. Aside from the foregoing individuals, we did not have any other executive officers during 2012.

General Overview and Objectives of our Executive Compensation Programs

Historically, our compensation programs have aimed to conserve cash while attracting and retaining executive officers who are highly motivated to grow our business in the long term. As with other emerging companies in the wireless industry and the technology sector generally, we seek to emphasize equity compensation, primarily in the form of stock options. Our board of directors sought to align the interests of management and stockholders by motivating the management team to grow the business in the long term.

We recognize that our success depends to a great degree on the integrity, knowledge, imagination, skill, diversity and teamwork of our employees. To this end, we designed, and intend to modify as necessary, our compensation and benefits program and philosophy in order to attract, retain and motivate talented, highly qualified and committed executive officers who share our business goals and corporate values. In doing so, we strive to reward clear, easily measured performance goals that keep our executive officers focused on accomplishing our long-term business objectives, while offering sufficient fixed compensation to remain competitive within our industry and geography. We expect to continue to emphasize this approach in the future.

The principal objectives of our executive compensation programs are:

- attracting, retaining and motivating talented and experienced executives;
- rewarding executives whose knowledge, skills and performance are critical to and demonstrably contribute to our success; and
- incentivizing our executives to manage our business as a team.

Compensation Overview

Following the completion of our initial public offering in 2011, our board of directors decided not to make any material changes to the compensation programs for our named executive officers in 2012. Accordingly, with respect to our named executive officers in 2012:

- base salaries remained unchanged (except for an increase in connection with Mr. Hovenier's promotion from Senior Vice President of Finance to Chief Financial Officer);
- bonuses were paid under an annual cash incentive plan based upon the achievement of corporate financial objectives in 2012;

- no additional equity-based awards were granted; and
- no changes were made to employment agreements providing for severance or change in control benefits.

We intend to review our executive compensation programs annually and make adjustments to individual compensation as appropriate, although we may make off-cycle adjustments if our Compensation Committee determines such changes are appropriate.

Role of the Compensation Committee, Board of Directors and Management in Setting Executive Compensation

Our compensation decisions have generally been made by our board of directors based upon recommendations from our Compensation Committee. Currently, Messrs. Hsiao, Boesenberg and Davis serve as the committee members. The Compensation Committee has overall responsibility for overseeing and, together with input from the full board of directors as the committee deems appropriate, approving the compensation of our Chief Executive Officer and other executive officers.

We anticipate that our Chief Executive Officer will continue to make recommendations to our Compensation Committee regarding compensation for other executive officers. However, while our Compensation Committee will consider our Chief Executive Officer's recommendations, it need not adopt these recommendations and may adjust them as it deems appropriate together with input from the full board of directors. The committee has authority to approve all compensation decisions regarding our executive officers, although our board of directors also retains concurrent authority. The Compensation Committee is primarily responsible for compensation decisions. The committee may from time to time refer matters to the entire board of directors in order to obtain input from other directors prior to making a decision and, if appropriate, may submit matters for approval by the full board of directors.

Independent Compensation Consultant and Peer Group

Our Compensation Committee has the authority to engage the services of outside consultants to assist it in making decisions regarding our executive compensation programs. In 2010, as part of a comprehensive review of our executive compensation programs in preparation for our initial public offering, our Compensation Committee retained Radford, an Aon Hewitt company, as its independent compensation consultant to advise the committee in matters regarding the compensation of our executive officers and our board of directors. Neither the Company nor our board of directors had previously worked with Radford, which was selected in part because of its experience providing independent advice regarding compensation matters to boards of directors of companies and access to market data regarding compensation practices in the technology sector.

With the assistance of Radford at the time of our initial public offering in 2011, the Compensation Committee identified the following companies in our industry to serve as the peer group of companies against which to review, compare, and evaluate our executive compensation program:

- | | |
|----------------------------|----------------------------------|
| • Constant Contact, Inc. | • Netsuite Inc. |
| • Demand Media, Inc. | • Neutral Tandem, Inc. |
| • Gamefly, Inc. | • OpenTable, Inc. |
| • Green Dot Corporation | • ReachLocal, Inc. |
| • Limelight Networks, Inc. | • RealPage, Inc. |
| • LivePerson, Inc. | • Solarwinds, Inc. |
| • LogMeIn, Inc. | • Synchronoss Technologies, Inc. |
| • Motricity, Inc. | |

The Compensation Committee did not renew its relationship with Radford for 2012, and did not engage another independent advisor to assist the committee with setting the compensation of our named executive officers earned during 2012. Nonetheless, the compensation data from the foregoing peer group of companies developed with Radford in connection with our initial public offering was used as a reference point for evaluating our executive compensation program, although it was not used to target any particular level of compensation for our executive officers.

The stock options that we granted to our named executive officers and other employees following our initial public offering in May 2011 were "underwater" during the entirety of 2012. The Compensation Committee observed that the "underwater" status of these options meant that they had lost their retention and motivational value. In light of the competitive conditions in the wireless industry in which we compete for executive talent, the Compensation Committee remains focused on retaining and motivating our executive team. Accordingly, in September 2012, the Compensation Committee engaged Compensia, a compensation consulting firm with particular expertise in the technology industry. Other than through its engagement with the Compensation Committee, Compensia has not performed any services for the Company or our board of directors. Based upon the committee's instructions, Compensia performed the following services with respect to executive compensation:

- analyze our equity compensation practices,
- review and update our peer group companies,
- review the status of outstanding stock options held by our executive officers and employees, and
- formulate recommendations for implementing a new equity compensation strategy.

The Compensation Committee also directed Compensia to prepare a report analyzing the total direct compensation of our executive officers as a result of their "underwater" stock options. The Compensation Committee has reviewed this report and is considering including restricted stock units, either alone or in conjunction with stock options, in the mix of equity-based awards to be granted to our named executive officers in the future.

Role of Stockholder Say-on-Pay Votes

We provide our stockholders with the opportunity to cast a triennial advisory vote on executive compensation, or a Say-on-Pay proposal. At our annual meeting of stockholders held in June 2012, more than 99% of the votes cast on the Say-on-Pay proposal at that meeting were voted in favor of the compensation of our named executive officers, as described in the proxy statement for the 2012 annual meeting. Accordingly, the Compensation Committee believes that this affirms stockholder support for our executive compensation policies and practices, and no material changes were made to such policies and practices in 2012 as a result of our Say-on-Pay proposal and voting results for 2012. The Compensation Committee will continue to consider the results of future Say-on-Pay votes when making future compensation decisions for our named executive officers. As we announced after our 2012 annual meeting, we will provide our shareholders the opportunity to cast an advisory Say-on-Pay vote on a triennial basis, until the next advisory vote on this matter is held. Our stockholders will vote on the next advisory Say-on-Pay proposal at the 2015 annual meeting.

Risk Considerations

As discussed in "Risk Oversight Management" above, the Compensation Committee reviews our compensation programs annually and concluded in 2012 that such programs do not create risks that could be reasonably likely to have a material adverse effect on us.

Elements of Compensation

Our executive compensation program currently includes the following components:

- annual base salary;
- annual cash incentive bonus;
- equity-based awards; and
- certain benefits upon involuntary termination of employment under specified circumstances.

The weight of each of these components has not to date been determined by any particular formula, although our overall mix of total compensation has historically emphasized stock options for their long-term incentive and retention value. The specific mix of components has been and will continue to be within the discretion and business judgment of our board of directors and the Compensation Committee, which have placed greater emphasis on considerations specific to the individual holding a particular executive position than on general market data.

Base Salary

We provide a base salary to our named executive officers to compensate them for services rendered on a day-to-day basis during the year and to provide sufficient fixed cash compensation to allow them to focus on their ongoing responsibilities. The base salaries of all executive officers are reviewed annually and adjusted when necessary to reflect individual roles and performance as well as market conditions. In connection with its annual review of executive officer compensation relative to market trends and inflation, the Compensation Committee increased Mr. Hovenier's base salary in 2012 from \$225,000 to \$234,000. In addition, Mr. Hovenier's annual base salary was increased to \$300,000 upon his promotion to Chief Financial Officer in November 2012, an amount less than the former Chief Financial Officer's base salary. The committee did not increase Mr. Hagan's base salary in 2012. Because they did not serve during the entire year, Messrs. Zinser, Jonker and Goff earned a pro rata portion of their 2012 annual base salary of \$348,591, \$252,994 and \$251,218, respectively.

Following recognition that they did not increase his base salary in the prior year, our Compensation Committee increased Mr. Hagan's annual base salary from \$414,498 to \$450,000 in 2013. In light of his recent promotion, however, the committee decided to keep Mr. Hovenier's base salary at \$300,000.

Annual Cash Incentive Bonuses

We use annual cash incentive bonuses to reward our named executive officers for the achievement of company performance goals. Each year, we adopt new corporate financial objectives under our management incentive compensation plan to motivate and reward our senior executives, including our named executive officers, to attain specific short-term performance objectives that, in turn, further our long-term business objectives. These objectives are based upon corporate targets, rather than individual objectives. In setting target payout levels under our management incentive compensation plan, our board of directors and Compensation Committee considered historical payouts, the total cost to the company should performance objectives be achieved and our retention needs. The Compensation Committee retains discretion to reduce or eliminate payment under our management incentive compensation plan.

The performance goals under our management incentive compensation plan include four corporate financial objectives, each with an established threshold and maximum achievement level. The relative

weighting of each financial objective, together with 2012 target levels and actual achievement, is as follows:

<u>Financial Objective</u>	<u>% Relative Weighting</u>	<u>2012 Target Level Achievement (\$)</u>	<u>Actual 2012 Achievement Metrics (\$)</u>
Revenue	60	112,700,000	102,506,000
Free cash flow(1)	20	13,800,000	6,596,000
Adjusted EBITDA(2)	15	38,900,000	30,642,000
Net income	5	10,600,000	7,295,000

- (1) Free cash flow is calculated as net cash provided by operating activities less purchases of property and equipment.
- (2) For a discussion of Adjusted EBITDA, see footnote 1 to "Selected Consolidated Financial Data" included in our Annual Report on Form 10-K.

The plan provides for payment for performance below each of the financial target levels only if performance is above a specified threshold, as well as payment for performance above each of the financial target levels in the event of overachievement. For each financial target, achievement of the target equates to 100% of the bonus payout and for up to 120% of the target, there is a bonus payout of 170%. With respect to the revenue objective, underachievement at the floor of 90% of the financial target results in a bonus payout of 30% for the objective, while with respect to the three other financial objectives, underachievement at the floor of 70% of the financial target results in 30% of the bonus payout for the objective. Below the floor levels of each of the financial targets, there is no target payout. In the event of any under- or over-achievement, straight-line interpolation is applied from target levels.

Target bonuses for our named executive officers under the 2012 plan were as follows:

<u>Executive Officer</u>	<u>% Bonus Financial Objectives(1)</u>	<u>Target Bonus (\$)</u>
David Hagan	95	\$ 393,773
Peter Hovenier	60	\$ 180,000
Edward Zinser	70	\$ 244,014
Niels Jonker	55	\$ 139,147
Colby Goff	55	\$ 138,170

- (1) Bonus targets are expressed as a percentage of the executive's base salary.

Our board of directors met in February 2013 and determined the achievement of the financial objectives applicable under the management incentive compensation plan for 2012 at a 32.2% level as follows: Mr. Hagan—\$146,205; and Mr. Hovenier—\$57,881. These amounts were paid in February 2013. In connection with this determination, our board of directors excluded certain one-time expenses. The Company also paid Mr. Zinser a bonus of \$213,512 based upon the terms of his employment agreement, and a bonus of \$27,632 to Mr. Goff based upon terms negotiated at the time of his resignation.

In February 2013, our Compensation Committee and board of directors approved a new set of performance goals under our management incentive compensation plan for 2013. Although financial target levels are different, the four corporate financial objectives—revenue, free cash flow, adjusted EBITDA, and net income—remain the same. In addition, the target bonus percentage for each named executive officer remains the same.

Equity-Based Awards

We believe that equity-based awards encourage our named executive officers to focus on the long-term performance of our business. Our board of directors grants equity awards to executives and other employees in order to enable them to participate in the long-term appreciation of our stock price. Additionally, we believe our equity awards provide an important retention tool for our named executive officers, as they are subject to multi-year vesting. To date, we have not adopted stock ownership guidelines for our named executive officers.

Historically, we have granted equity-based awards in the form of stock options, including options granted at the commencement of employment and additional awards each year. The size of the initial option grant made to each named executive officer upon joining our company is primarily based on competitive conditions applicable to the named executive officer's specific position. We also consider the number of shares underlying options granted to other executives in comparable positions within our company using a model that considers options awarded as a percentage of shares outstanding. For subsequent option grants to our named executive officers, our Compensation Committee receives input from our Chief Executive Officer and expects to receive input from its compensation consultants in the future.

During 2012, we did not grant any equity awards to our named executive officers.

We do not have, nor do we plan to establish, any program, plan or practice to time stock option grants in coordination with releasing material non-public information, nor do we have any established grant schedule.

Severance and Change of Control Benefits

Our board of directors believes that it is necessary to offer senior members of our executive team severance benefits to ensure that they remain focused on executing our strategic plans, including in the event of a proposed or actual acquisition. We have entered into employment agreements with our named executive officers to provide them with additional severance benefits upon an involuntary termination of employment under specified circumstances prior to and following a change of control. The terms of these agreements are described below in "*Severance or Employment Agreements*."

During 2012, we did not make any changes to the employment agreements of our named executive officers.

Perquisites

We do not provide any perquisites or other personal benefits to our named executive officers.

Benefits

We provide the following benefits, which we believe are typical of the companies with which we compete for employees, to our named executive officers on the same basis provided to all of our employees:

- health, dental and vision insurance;
- life insurance and accidental death and dismemberment insurance;
- a 401(k) plan;
- an employee assistance plan;
- short and long-term disability insurance;
- a medical and dependent care flexible spending account; and

- a health savings account.

Tax Considerations

We have not provided any executive officer or director with gross-up or other reimbursement benefits for tax amounts the executive might pay pursuant to Section 280G or Section 409A of the Internal Revenue Code, or the Code. Section 280G of the Code provides that executive officers, directors who hold significant stockholder interests and other specified service providers could be subject to significant additional taxes if they receive payments or benefits in connection with a change in control that exceeds certain limits, and that we or our successor could lose a deduction on the amounts subject to the additional tax. Section 409A of the Code also imposes additional significant taxes should an executive officer, director or other service provider receive deferred compensation that does not meet the requirements of Section 409A.

Section 162(m) of the Code disallows a deduction for any publicly-held corporation for individual compensation exceeding \$1.0 million in any taxable year for the Chief Executive Officer and certain other highly compensated officers, unless the compensation is performance based, as defined by Section 162(m). In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer's total compensation to exceed \$1.0 million. Compensation from the exercise of options that meet specified requirements will not be subject to the \$1.0 million cap on deductibility, and in the past we have granted options that we believe met those requirements. Additionally, under a special Section 162(m) exception, any compensation paid pursuant to a compensation plan in existence before the effective date of our initial public offering will not be subject to the \$1.0 million limitation until the earliest of the expiration of the plan, a material modification of the plan, issuance of all the employer stock and other compensation provided for by the plan, or the first meeting of stockholders at which directors are elected in 2015. While our Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance. In addition, while the Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, the Compensation Committee intends to consider tax deductibility under Section 162(m) as a factor in future compensation decisions.

- (1) Shares underlying each option vest with respect to 25% of the shares when the holder completes 12 months of continuous service after the initial vesting date and with respect to the balance in a series of 36 successive equal monthly installments thereafter. In the event we are acquired before the holder's service with us terminates, an additional 50% of the then unvested shares subject to the option vest. If the holder's service terminates under certain circumstances within 12 months following the date of an acquisition, then the shares subject to the option will be 100% vested as of the date of the termination of service.
- (2) Shares underlying each option vest in a series of 48 successive equal monthly installments beginning in the thirteenth month after the initial vesting date.

2012 OPTION EXERCISES AND STOCK VESTED

The following table shows the number of shares acquired upon exercise of options by each named executive officer during the 2012 fiscal year and the number of shares of restricted stock held by each named executive officer that vested during the 2012 fiscal year.

The term of the directors currently serving in Class II expire on the date of the Annual Meeting, and Mr. Geller is not standing for reelection. The directors in Class III and Class I will continue in office until their terms expire at the 2014 and 2015 annual meeting of stockholders, respectively. The directors elected in Class II at the Annual Meeting will hold office until the 2016 annual meeting of stockholders or until their successors are duly elected and qualified. The nominees for director in Class II and the other directors who will continue in office for terms extending beyond the Annual Meeting, their ages as of April 15, 2013, their positions and offices held with the Company are set forth below. Other biographical information the nominees for director in Class II and the other directors who will continue in office for terms extending beyond the Annual Meeting is set forth in this Proxy Statement under the section titled " *Directors, Executive Officers and Corporate Governance—Directors and Executive Officers* ," except that such information for Mr. Jones, who is not currently a director, is set forth below.

Directors are elected by a plurality of the votes properly cast in person or by proxy. The two nominees for director in Class II receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. However, if you are the beneficial owner of the shares, which means that your shares are held by a brokerage firm, bank, dealer, or other similar organization as your nominee, your shares will not be voted for the election of directors unless you have provided voting instructions to your nominee. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by our current Board of Directors, if any. Each person nominated for election has agreed to serve if elected. We have no reason to believe that any nominee will be unable to serve.

PROPOSAL 2
RATIFICATION OF APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP, independent registered public accounting firm, as our independent auditors for the fiscal year ending December 31, 2013 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee of the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee of the Board in its discretion may direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.
