**PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS**

GENERAL INFORMATION CONCERNING THE PROXY STATEMENT, PROXIES AND VOTING AT THE ANNUAL MEETING

Introduction

Acquisition of Trulia. On February 17, 2015, pursuant to the Agreement and Plan of Merger, dated as of July 28, 2014 (the “Merger Agreement”) by and among Zillow, Inc. (“Zillow”), Trulia, Inc. (“Trulia”), and Zillow Group, Inc. (“Zillow Group”, the “Company”, “we”, “us”, or “our”), each of Zillow and Trulia became wholly owned subsidiaries of Zillow Group. Upon completion of the Trulia transaction, each share of Zillow Class A common stock was converted into the right to receive one share of fully paid and nonassessable Class A common stock of Zillow Group, each share of Zillow Class B common stock was converted into the right to receive one share of fully paid and nonassessable Class B common stock of Zillow Group, and each share of Trulia common stock was converted into the right to receive 0.444 of a share of fully paid and nonassessable Class A common stock of Zillow Group.

This is the fourth Proxy Statement we have filed for Zillow Group following the completion of the acquisition. Because the Trulia transaction was completed on February 17, 2015, the director and executive compensation and related information reported in this Proxy Statement primarily relates to Zillow Group for the period after completion of the acquisition, including the Compensation Discussion and Analysis and related compensation tables for fiscal year 2015, and to our predecessor, Zillow, for the relevant periods prior to that date.

Issuance of Class C Capital Stock in Form of Stock Dividend. On July 21, 2015, we announced that our board of directors had approved a distribution of shares of our Class C capital stock as a dividend to our Class A and Class B common shareholders (the “Class C Stock Split”). Holders of Class A common stock and Class B common stock as of the close of business on July 31, 2015, the record date for the Class C Stock Split, received on August 14, 2015, a distribution of two shares of Class C capital stock for each share of Class A and Class B common stock held by them as of the record date. The distribution of shares had the effect of a 3-for-1 stock split. Outstanding equity awards to purchase or acquire shares of Class A common stock were proportionately adjusted to relate to one share of Class A common stock and two shares of Class C capital stock for each share of Class A common stock subject to the awards as of the record date, and the exercise prices of any such awards were also proportionately allocated between Class A common stock and Class C capital stock. The par value per share of our shares of Class A common stock and Class B common stock have remained unchanged at \$0.0001 per share after the Class C Stock Split. All historical share and per share amounts included in this Proxy Statement that preceded the Class C Stock Split have been retroactively adjusted to give effect to the Class C Stock Split unless otherwise noted.

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the board of directors of Zillow Group of proxies to be voted at our 2018 Annual Meeting of Shareholders (the “Annual Meeting”) and at any adjournment or postponement of the Annual Meeting. In accordance with the rules of the Securities and Exchange Commission (the “SEC”), we sent a Notice of Internet Availability of Proxy Materials on or about April 11, 2018 and provided access to our proxy materials over the Internet beginning on or before that date, to

[Table of Contents](#)

the holders of record and beneficial owners of our Class A and Class B common stock as of the close of business on April 2, 2018 (the “Record Date”). Our Class C capital stock is non-voting (except in limited circumstances as required by Washington law or our amended and restated articles of incorporation). Holders of our Class C capital stock are not entitled to vote their shares of Class C capital stock at the Annual Meeting.

The Annual Meeting will be held at the offices of Perkins Coie LLP, 1201 Third Avenue, 49th Floor, in Seattle, Washington, on May 31, 2018 at 9: 00 a.m. (Pacific Time).

What information is included in this Proxy Statement?

The information in this Proxy Statement relates to the proposals to be voted on at the Annual Meeting, the voting process, our board of directors and board committees, the compensation of Zillow Group directors and certain executive officers for fiscal year 2017, and other information.

Who is entitled to vote?

Holders of our Class A common stock and Class B common stock as of the close of business on the Record Date are entitled to receive the Notice of Annual Meeting of Shareholders and to vote at the Annual Meeting. As of the close of business on the Record Date, there were 57,288,985 shares of Class A common stock and 6,217,447 shares of Class B common stock outstanding and entitled to vote. Our Class C capital stock is non-voting (except in limited circumstances as required by Washington law or our amended and restated articles of incorporation). Holders of our Class C capital stock are not entitled to notice of, or to vote at, the Annual Meeting with respect to their shares of Class C capital stock. If you hold shares of our Class C capital stock in addition to shares of our Class A or Class B common stock, your voting power with respect to the proposals to be presented at the Annual Meeting is limited to your Class A and Class B common stock ownership.

How many votes do I have?

On any matter that is submitted to a vote of our shareholders, the holders of our Class A common stock are entitled to one vote per share of Class A common stock and the holders of our Class B common stock are entitled to 10 votes per share of Class B common stock. Holders of our Class A common stock and Class B common stock are not entitled to cumulative voting in the election of directors. Our Class C capital stock is non-voting (except in limited circumstances as required by Washington law or our amended and restated articles of incorporation). If you hold shares of our Class C capital stock in addition to shares of our Class A or Class B common stock, your voting power with respect to the proposals to be presented at the Annual Meeting is limited to your Class A and Class B common stock ownership.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most shareholders hold their shares through a broker, trust, bank or other nominee rather than directly in their own names.

If on April 2, 2018, your shares of Class A or Class B common stock were registered directly in your name with our transfer agent, Computershare, then you are a shareholder of record. As a shareholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote over the Internet, by telephone or by filling out and returning a proxy card to ensure your vote is counted.

If on April 2, 2018, your shares of Class A or Class B common stock were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you

have the right to direct your broker or other agent on how to vote the shares of Class A and Class B common stock in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not attend the Annual Meeting or vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy card from your broker or other agent.

What am I voting on?

We are asking you to vote on the following matters in connection with the Annual Meeting:

1. The election of three directors nominated by our board of directors to serve until the 2021 Annual Meeting of Shareholders;
2. An advisory resolution approving the compensation of our named executive officers; and
3. Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

We will also consider any other business that may properly come before the Annual Meeting.

How do I vote?

Vote by Internet. Shareholders of record may submit proxies over the Internet by following the instructions on the Notice of Internet Availability of Proxy Materials or, if printed copies of the proxy materials were requested, the instructions on the printed proxy card. Most beneficial shareholders may vote by accessing the website specified on the voting instructions forms provided by their brokers, trustees, banks or other nominees. Please check your voting instruction form for Internet voting availability.

Vote by Telephone. Shareholders of record may submit proxies using any touch-tone telephone from within the United States and Canada by calling toll free 1-800-652-VOTE (8683) and following the instructions provided by the recorded message or, if printed copies of the proxy materials were requested, by following the instructions on the printed proxy card. Most beneficial owners may vote using any touch-tone telephone from within the United States by calling the number specified on the voting instruction forms provided by their brokers, trustees, banks or other nominees.

Vote by Mail. Shareholders of record may submit proxies by mail by requesting printed proxy cards and completing, signing and dating the printed proxy cards and mailing them in the pre-addressed envelopes that will accompany printed proxy materials. Beneficial owners may vote by completing, signing and dating the voting instruction forms provided and mailing them in the pre-addressed envelopes accompanying the voting instruction forms.

If you are a shareholder of record and you return your signed proxy card but do not indicate your voting preferences, the persons named in the proxy card will vote the shares represented by that proxy as recommended by the board of directors. If you are a beneficial owner and you return your signed voting instruction form but do not indicate your voting preferences, please see “What are ‘broker non-votes’ and how do abstentions and ‘broker non-votes’ affect the proposals?” for information regarding whether your broker, bank or other holder of record may vote your uninstructed shares on a particular proposal.

Vote in Person at the Annual Meeting. All shareholders of Class A or Class B common stock as of the close of business on the Record Date can vote in person at the Annual Meeting. You can also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner, you must obtain a legal proxy from your broker, bank, or other holder of record and present it to the inspector of election with your ballot to be able to vote at the Annual Meeting. Even if you plan to attend the Annual Meeting, we recommend that you also vote either by telephone, Internet, or mail so that your vote will be counted if you decide not to attend.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your shares are registered in more than one name or are registered in different accounts. In order to vote all the shares of Class A and Class B common stock you own, you must either sign and return all of the proxy cards or follow the instructions for any alternative voting procedures on each of the proxy cards or Notices of Internet Availability of Proxy Materials you receive.

Can I change my vote or revoke my proxy?

Yes, if you are a shareholder of record, you may revoke your proxy at any time before it is exercised at the Annual Meeting by (a) delivering written notice, bearing a date later than the proxy, stating that the proxy is revoked, (b) submitting a later-dated proxy relating to the same shares by mail, telephone or the Internet prior to the vote at the Annual Meeting, or (c) attending the Annual Meeting and properly giving notice of revocation to the inspector of election or voting in person. Shareholders of record may send any written notice or request for a new proxy card via regular mail to Zillow Group, Inc., c/o Computershare P.O. Box 505000, Louisville, KY 40233, online at <https://www-us.computershare.com/investor/contact>, or follow the instructions provided on the Notice of Internet Availability of Proxy Materials and proxy card to submit a new proxy by telephone or via the Internet. Shareholders of record may also request a new proxy card by calling (866) 641-4276 or, if outside the United States, (201) 680-6578.

If you are a beneficial shareholder, you may revoke your proxy or change your vote only by following the separate instructions provided by your broker, trust, bank or other nominee.

What constitutes a quorum at the Annual Meeting?

Transaction of business at the Annual Meeting may occur if a quorum is present. If a quorum is not present, it is expected that the Annual Meeting will be adjourned or postponed in order to permit additional time for soliciting and obtaining additional proxies or votes, and, at any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as such proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have been effectively revoked or withdrawn.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the total voting power of Zillow Group's Class A and Class B common stock constitutes a quorum. Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum.

What are the voting requirements to elect directors and approve the other proposal described in this Proxy Statement?

With respect to Proposal No. 1, the election of directors, the three directors receiving the largest number of votes will be elected. With respect to Proposals No. 2 and 3, the number of votes cast in favor of the proposal must exceed the number of votes cast against the proposal in order for the proposal to be approved.

What are "broker non-votes" and how do abstentions and "broker non-votes" affect the proposals?

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote the shares on a proposal because the nominee does not have discretionary voting power for a particular item and has not received instructions from the beneficial owner regarding voting. If your shares are held by a broker on your behalf and you do not instruct the broker as to how to vote these shares on Proposals No. 1 or 2, the broker may not exercise discretion to vote on these proposals. With respect to Proposal No. 3, the ratification of the appointment of our independent registered public accounting firm for the fiscal year ending December 31, 2018, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction.

Abstentions and broker non-votes are not counted as votes in favor of or against any proposal.

Who will pay for the cost of this proxy solicitation?

Zillow Group will bear the cost of the solicitation of proxies from our shareholders. In addition to solicitation by mail, our directors, officers and employees, without additional compensation, may solicit proxies from shareholders by telephone, by letter, by facsimile, in person or otherwise. Following the original circulation of the proxies and other soliciting materials, we will request brokers, trusts, banks or other nominees to forward copies of the proxy and other soliciting materials to persons for whom they hold shares of Zillow Group Class A or Class B common stock and to request authority for the exercise of proxies. In such cases, Zillow Group, upon the request of the brokers, trusts, banks and other shareholder nominees, may reimburse such holders for their reasonable expenses.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials to holders of our Class A and Class B common stock. All such shareholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability of Proxy Materials or request to receive an electronic copy or printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request an electronic copy or printed copy may be found in the Notice of Internet Availability of Proxy Materials. In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage shareholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of the circulation of proxy materials.

When will Zillow Group announce the results of the voting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

What are the requirements for admission to the Annual Meeting?

Only holders of our Class A and/or Class B common stock and persons holding proxies from such shareholders may attend the Annual Meeting. If your shares are registered in your name, you must bring a valid form of identification to the Annual Meeting. If your shares are held in the name of a broker, trust, bank or other nominee that holds your shares, you must bring a proxy from that broker, trust, bank or other nominee that confirms you are the beneficial owner of those shares. Attendance at the Annual Meeting without voting or revoking a previously submitted proxy in accordance with the voting procedures will not in and of itself revoke a proxy.

CORPORATE GOVERNANCE

Board of Directors

Our board of directors and its committees meet throughout the year on a set schedule and hold special meetings and act by written consent from time to time. During 2017 and including telephonic meetings, Zillow Group's board of directors met four times, the audit committee held five meetings, Zillow Group's compensation committee held two meetings and Zillow Group's nominating and governance committee held three meetings. During 2017, each incumbent member of Zillow Group's board of directors attended 85% or more of the aggregate number of meetings of the board and committees on which he or she served that were held during their term of service, except for Mr. Blachford who did not attend five of the fourteen board and committee meetings that were held in 2017. We encourage all of our directors and nominees for director to attend our annual meeting of shareholders. Three of Zillow Group's directors attended the 2017 Annual Meeting of Shareholders.

Director Independence

Our board of directors has undertaken a review of the independence of each of the persons who served as a director of Zillow Group during 2017. Based on information provided by each director concerning his or her background, employment, investments, and affiliations and upon the review and recommendation of our nominating and governance committee, our board of directors has determined that Ms. Underwood and Messrs. Blachford, Hoag, Maffei, and Stephenson, do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under the applicable rules and regulations of the SEC and the listing requirements and rules of Nasdaq. The independent directors periodically meet in executive session.

In making the independence determinations, our board of directors considered the current and prior relationships that each non-employee director has with our company and its subsidiaries and all other facts and circumstances our board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. In evaluating the independence of our directors, the board of directors also considered the following transactions, relationships and arrangements that are not required to be disclosed in this Proxy Statement as transactions with related persons:

- Mr. Hoag is the General Partner of Technology Crossover Ventures (TCV), and is a direct or indirect director, limited partner, or member of the general partners of various private equity and venture capital funds of TCV that have been invested in by Messrs. Barton and Rascoff, each in their individual capacity, and Mr. Maffei, through an entity that he owns and controls. Each of Messrs. Barton and Rascoff's capital commitments in these funds represent a *de minimis* share of the total committed capital of the funds. Mr. Blachford also serves as a venture partner of TCV.
- Mr. Hoag serves on the boards of directors of Netflix, Inc. with Mr. Barton.
- Mr. Hoag serves of the board of directors of TripAdvisor, Inc. with Messrs. Rascoff and Maffei. Mr. Hoag also serves on the compensation committee. Mr. Maffei is also the Chief Executive Officer and Chairman of the Board of Liberty TripAdvisor Holdings, which currently holds approximately 22% of the outstanding stock of TripAdvisor, Inc.
- Mr. Maffei is the President and Chief Executive Officer of Liberty Interactive Corporation, as well as a member of the board of directors with Mr. Barton.
- Messrs. Blachford and Barton are 50% co-owners of a condominium.
- Mr. Blachford serves on the boards of directors of two privately held companies in which Mr. Barton is an investor and, for one of the companies, also serves as a board member.

- Mr. Stephenson participates in Zillow Group's Premier Agent program. Mr. Stephenson is the Managing Broker of Real Property Associates, which provides certain brokerage and rental management services to Mr. Rascoff.
- Ms. Underwood is the Vice President of Product for Slack Technologies, Inc. (Slack), a company with which Zillow Group engages in ordinary course business transactions. Zillow Group's payments to Slack were less than 5% of the recipient's consolidated gross revenue for 2017 and 2016.

Board Leadership Structure

In accordance with our Corporate Governance Guidelines, a copy of which is posted on our website at <http://investors.zillowgroup.com/corporate-governance.cfm>, our board of directors does not have a policy as to whether the offices of chair of the board and Chief Executive Officer should be separate. Our board of directors believes that it should have the flexibility to make this determination as circumstances require, and in a manner that it believes is best to provide appropriate leadership for our company. The board of directors believes that its current leadership structure, with Mr. Barton serving as Executive Chairman and Mr. Rascoff serving as Chief Executive Officer, is appropriate because it enables the board, as a whole, to engage in oversight of management, promote communication and collaboration between management and the board, and oversee governance matters, while allowing our Chief Executive Officer to focus on his primary responsibility, the operational leadership and strategic direction of the Company. In addition, the board of directors benefits from the perspective and insights of Messrs. Barton and Rascoff as a result of their extensive experience in the mobile and Internet industries. The board of directors does not believe that its role in risk oversight has affected the board's leadership structure.

Risk Oversight

The board of directors considers the assessment of company risks and development of strategies for risk mitigation to be a responsibility of the entire board (as reported by the appropriate committee in the case of risks that are under the purview of a particular committee). The board engages in risk oversight on a broad range of matters, including challenges associated with strategic acquisitions, data privacy, cybersecurity, and other threats relevant to our information technology environment. The compensation committee provides oversight of our compensation philosophy and the objectives of our compensation programs, including the evaluation of whether our incentive compensation programs contain incentives for executive officers and employees to take risks in performing their duties that are reasonably likely to have a material adverse effect on the company. The nominating and governance committee oversees risks associated with corporate governance and the composition of our board of directors, including the independence of board members. The audit committee provides oversight concerning our major financial risk exposures and the steps management has taken to monitor and control such exposures. Each committee generally reports on its discussions to the full board of directors during the committee reports portion of the next board meeting. This enables the board of directors and its committees to coordinate their risk oversight roles.

Board Committees

The board of directors currently has the following standing committees: audit, compensation, and nominating and governance. The board of directors may, from time to time, form a new committee or disband a current committee depending on the circumstances and needs of the Company. Each standing committee complies with the independence and other requirements established by the SEC, Nasdaq, and applicable laws and regulations. Membership of the standing committees is determined annually by the board of directors with consideration given to the recommendation of the nominating and governance committee. Adjustments to committee assignments may be made at any time.

The board of directors has adopted a written charter for each standing committee. Shareholders may access a copy of each standing committee's charter on the Investor Relations section of our website at <http://investors.zillowgroup.com/corporate-governance.cfm>. A summary of the duties and responsibilities of each standing committee is set forth below.

Audit Committee

The current members of our audit committee are Erik Blachford, Gordon Stephenson and Gregory B. Maffei, with Mr. Maffei serving as Chair. The primary responsibilities of the audit committee are to:

- oversee the integrity of our corporate accounting and financial reporting process, internal accounting and financial controls and audits of the financial statements;
- evaluate the independent auditor's qualifications, independence and performance, engage and provide for the compensation of the independent auditor, and establish the policies and procedures for the retention of the independent auditor to perform any proposed permissible non-audit services;

- establish and oversee certain compliance procedures and ethics compliance, including procedures for the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters;
- discuss with management and the independent auditor the results of the annual audit and the reviews of our quarterly unaudited financial statements; and
- review all transactions with related persons that are disclosed under Item 404 of Regulation S-K.

Our board of directors has determined that each of our audit committee members meets the requirements for independence and financial literacy under the applicable rules and regulations of the SEC and Nasdaq. Our board of directors has determined that each of Messrs. Blachford, Maffei and Stephenson is an audit committee financial expert as defined under the applicable rules and regulations of the SEC.

Compensation Committee

The current members of our compensation committee are Erik Blachford, Jay C. Hoag and April Underwood, with Mr. Hoag serving as Chair. The primary responsibilities of our compensation committee are to:

- review our overall compensation philosophy and policies relating to the compensation and benefits of our officers and employees;
- review and approve goals and objectives relevant to the compensation of our Chief Executive Officer and other senior officers, evaluate the performance of these officers in light of those goals and objectives, and set compensation of these officers based on such evaluations;
- oversee the administration and issuance of stock options, restricted stock units, and other awards under our equity incentive plans, including the Zillow Group, Inc. Amended and Restated 2011 Incentive Plan (the "2011 Plan"); and

[Table of Contents](#)

As part of its process to determine the compensation level of each executive officer, the compensation committee evaluates, among other things, the Chief Executive Officer's assessment of the other executive officers and recommendations regarding their compensation in light of the goals and objectives of our executive compensation program.

Pursuant to its charter, the compensation committee has sole authority to engage outside compensation consultants or other advisors to assist the committee in carrying out its duties. With respect to 2017 executive compensation, the compensation committee did not engage a compensation consultant but considered the 2016 analysis of Compensia, a compensation consulting firm, as described below. The compensation committee also considered market information available through Equilar and Radford, each leading executive compensation data solutions companies, and data from the proxy statements of peer companies as reference points in making certain executive compensation decisions for 2017 consistent with the Company's compensation philosophy. With respect to 2016 executive compensation, the compensation committee engaged Compensia to recommend a peer group for the purpose of conducting a market analysis of the total compensation of certain executive officers and to make recommendations for the committee's consideration with respect to the salary and equity compensation of certain executive officers. Compensia did not provide any other services to the compensation committee, management, or the Company in 2016 or 2017 and only received fees from the Company on behalf of our compensation committee.

The compensation committee may form and delegate authority to subcommittees and delegate authority to one or more designated members of the committee in accordance with its charter. The charter also permits the compensation committee to delegate to one or more senior executive officers the authority to make certain grants of equity-based compensation to non-executive officer employees, subject to restrictions set forth in the charter and under applicable laws. Upon the recommendation of the compensation committee, the board of directors has delegated to Mr. Rascoff, so long as he is acting as Chief Executive Officer of Zillow Group, Ms. Philips, so long as she is acting as Chief Financial Officer of Zillow Group, Mr. Barton, so long as he is acting as Executive Chairman of Zillow Group, and Mr. Frink, so long as he is acting as Vice Chairman or President of Zillow Group, the authority to grant equity awards to non-executive officer employees under the 2011 Plan, subject to certain restrictions. Pursuant to such authority, these individuals routinely act to grant equity awards to our non-executive officer employees.

Our board of directors has determined that each member of our compensation committee meets the requirements for independence under the applicable rules and regulations of Nasdaq, the SEC, and the Internal Revenue Code of 1986, as amended (the "Code"). For additional discussion of the processes and procedures the compensation committee has used to determine executive officer and non-employee director compensation, please refer to the sections entitled, "Named Executive Officer Compensation – Compensation Discussion and Analysis – How We Set Executive Compensation" and "Director Compensation," respectively.

Compensation Committee Interlocks and Insider Participation

None of the members of Zillow Group's compensation committee in 2017 was, at any time during 2017 or at any other time, an officer or employee of Zillow Group, and, except as described in the section entitled "Certain Relationships and Related Person Transactions," none had or has any relationships with Zillow Group that are required to be disclosed under Item 404 of Regulation S-K.

A compensation committee interlock can occur when an executive officer of one company: (1) serves on the compensation committee of another company, one of whose executive officers serves on the compensation committee or board of directors of the first company; or (2) serves as a director of another company, one of whose executive officers serves on the compensation committee of the first company. During 2017, none of Zillow Group's executive officers served as a member of the board of directors, or as a member of the compensation or similar committee, of another company such that a compensation committee interlock arose.

Nominating and Governance Committee

The current members of our nominating and governance committee are Gordon Stephenson and Erik Blachford, with Mr. Stephenson serving as Chair. The primary responsibilities of the nominating and governance committee are to:

- identify, approve, and recommend individuals qualified to become members of the board of directors in accordance with the director selection guidelines approved by the board of directors;
- oversee evaluations of our board of directors and its committees; and
- develop, periodically review, monitor and recommend to the board of directors' corporate governance principles and policies applicable to the Company.

The nominating and governance committee and the board of directors believe it is essential to have directors representing diverse viewpoints to enhance the quality of the board's discussions and decision-making process. This is consistent with the Company's commitment to equity and belonging across the organization, with diversity of thought being an integral part of the way the Company promotes innovation and long-term success. Diversity, which we broadly construe to include age, professional experience, gender, race, and ethnicity, among other considerations, is one factor taken into account by the nominating and governance committee in determining the needs of the board of directors and evaluating director candidates to fill such needs. The director selection guidelines used by the nominating and governance committee to evaluate the board's composition and director candidates are included in the committee's charter, which is available on the Investor Relations section of our website at <http://investors.zillowgroup.com/corporate-governance.cfm>. Pursuant to the director selection guidelines and to help ensure a well-balanced board, the nominating and governance committee considers the total mix of the board's composition and director candidates' qualifications, including factors like relevant industry knowledge, expertise in operations, financial acumen, and experience working with public companies. The nominating and governance committee does not have a formal policy with respect to diversity. The nominating and governance committee has the authority to retain a search firm or other advisor to identify director candidates and to otherwise assist with the fulfilment of its duties.

Our board of directors has determined that each member of the nominating and governance committee meets the requirements for independence under the applicable rules and regulations of Nasdaq and the SEC. Pursuant to its charter, the nominating and governance committee will also consider qualified director candidates recommended by our shareholders. The nominating and governance committee evaluates the qualifications of candidates properly submitted by shareholders in the same manner as it evaluates the qualifications of director candidates identified by the committee or the board of directors. Shareholders can recommend director candidates by following the instructions outlined below in the section entitled "Additional Information – Consideration of Shareholder-Recommended Director Nominees." No nominations for director were submitted to the nominating and governance committee for consideration by any of our shareholders in connection with the Annual Meeting.

DIRECTOR COMPENSATION**2017 Director Compensation Table**

Zillow Group’s director compensation program is governed by the Amended and Restated Stock Option Grant Program for Nonemployee Directors (the “Program”). In 2017, Zillow Group compensated its eligible non-employee directors solely with stock options. As described in greater detail below, in February 2017, the board of directors adopted amendments to the Program. Under the prior Program, eligible non-employee directors received a fully-vested stock option grant as compensation for the prior year’s service (the 2016 to 2017 board service year) as of March 1, 2017. In addition, under the amended Program, non-employee directors received a stock option grant as compensation for the upcoming year’s service (the 2017 to 2018 board service year) as of March 1, 2017 which vests quarterly over one year. For 2018 and thereafter, the Company expects that a single option grant will be made to non-employee directors for the upcoming year’s service.

The following table provides information regarding the compensation of our non-employee directors during 2017. The 2017 compensation of Messrs. Rascoff and Frink, executive officers who are also members of the board of directors, is discussed in the Compensation Discussion and Analysis, and additional information is presented in the related tables. Messrs. Rascoff, Barton, and Frink did not receive compensation for their board service.

Assumptions used to calculate these amounts are described in Note 14, “Share-Based Awards,” to Zillow Group’s financial statements included in Zillow Group’s Annual Report on Form 10-K for the year ended December 31, 2017. On March 1, 2017, and as described in greater detail below, each of the eligible non-employee directors of Zillow Group received an annual stock option grant to purchase 13,071 shares of Zillow Group’s Class C capital stock with a Black-Scholes-Merton grant date fair value of \$200,000 for the next year’s service and, other than Ms. Underwood, an annual stock option grant to purchase 9,803 shares of Zillow Group’s Class C capital stock with a Black-Scholes-Merton grant date fair value of \$150,000 for the prior year’s service. One-sixteenth of the shares subject to this option grant vests quarterly such that the option grant will be fully vested after four years.

Time and Manner of Compensation

The Program is administered by the compensation committee and the board of directors under the 2011 Plan. Eligible directors are compensated for service on our board and committees of our board solely with stock options granted under the Program. No director receives cash compensation for service as a director, though a director is reimbursed for reasonable expenses incurred while attending meetings of our board of directors and board committees.

In February 2017, the board of directors, upon the recommendation of the compensation committee, adopted amendments to the Program. Pursuant to the amended Program, on March 1 of each year, our non-employee directors are eligible to automatically receive stock option grants to purchase a number of shares of Class C capital stock equal to the amount set forth in the Program. Eligible directors who are initially elected or appointed to the board of directors during the 12-month period following a March 1 grant date receive a prorated annual option grant in connection with their initial election or appointment to the board, based on the number of full calendar months that elapse between the date of the director's initial election or appointment to the board and the next March 1 grant date, subject to approval by the board or the compensation committee.

The grants made in March 2017 pursuant to the amended Program were for that number of shares of Class C capital stock having a Black-Scholes-Merton value of \$200,000 on the date of grant (with any fractional share rounded to the nearest whole share (0.5 rounded up)) and with a per share exercise price equal to the closing price of our Class C capital stock on the date of grant. One-fourth of the shares subject to annual stock options granted under the Program vest each quarter over one year, subject to continued service. Prorated options granted under the Program become fully vested as of the first March 1 grant date following the board's or compensation committee's approval of the grant.

Prior to the board's approval of the amended Program, non-employee directors automatically received stock options that were fully vested as of the March 1 grant date as compensation for the prior year's service. In order to compensate directors for service over the immediately preceding year, non-employee directors, other than Ms. Underwood, also received stock options on March 1, 2017 for 9,803 shares of Class C capital stock having a Black-Scholes-Merton value of \$150,000 on the date of grant (with any fractional share rounded to the nearest whole share (0.5 rounded up)) and with a per share exercise price equal to the closing price of our Class C capital stock on that date. In lieu of the foregoing grant, Ms. Underwood was granted a stock option to purchase 13,430 shares of our Class C capital stock which vests quarterly over four years, subject to Ms. Underwood's continued director service. For 2018 and thereafter, the Company expects a single option grant will be made to non-employee directors under the current Program for the next year's service which vests quarterly over one year.

Stock options granted under the Program in 2017 have ten-year terms, subject to earlier termination in the event of a director's termination of service.

Pursuant to its charter, the compensation committee reviews non-employee director compensation at least annually and may recommend adjustments to the board. The Company has designed its non-employee director compensation program to attract and retain excellent directors and align their interests with the long-term interests of our shareholders. The compensation committee considers third-party director compensation surveys, such as the director compensation reports issued jointly by the National Association of Corporate Directors and Pearl Meyer, and the time commitment required of Zillow Group's directors, among other factors, when evaluating non-employee director compensation.

- (1) The weighted-average exercise price is calculated based on outstanding stock options. It excludes outstanding restricted stock units (“RSUs”) and restricted units, which have no exercise price.
- (2) Includes the Zillow, Inc. Amended and Restated 2005 Equity Incentive Plan (the “2005 Plan”) and the 2011 Plan. The 2005 Plan was terminated in July 2011, and no new equity awards may be granted under that plan. No Class B common stock is issuable under either the 2005 Plan or the 2011 Plan.
- (3) Includes (i) stock options to purchase 82,806 shares of Class A common stock under the 2005 Plan and (ii) stock options and RSUs for 4,645,777 shares of Class A common stock under the 2011 Plan.
- (4) We intend that future grants under the 2011 Plan will be for Class C capital stock only; however, we also have the discretion to grant Class A common stock pursuant to the 2011 Plan. In the event we make future grants under the 2011 Plan for Class A common stock, those grants would reduce the number of securities remaining available for future issuance as Class C capital stock.
- (5) Includes 11,014,365 shares of Class C capital stock issuable upon exercise of outstanding stock options and vesting of outstanding RSUs and restricted units that were distributed as a dividend in connection with the Class C Stock Split effective August 14, 2015. Also includes 14,586,853 shares of Class C capital stock issuable upon exercise of outstanding stock options and vesting of RSUs that were granted under our 2011 Plan in 2015, 2016, and 2017 following the effective date of the Class C Stock Split.
- (6) Includes shares available for issuance under the 2011 Plan, which we intend to issue solely as shares of Class C capital stock. Does not include (i) 7,742,649 shares that became available for issuance under the 2011 Plan on January 1, 2017 pursuant to the “evergreen” provision, and (ii) shares subject to stock options granted in substitution of stock options previously granted by companies we acquired, which stock options do not reduce the number of shares available for issuance under the 2011 Plan.
- (7) The 2011 Plan contains an “evergreen” provision, pursuant to which the number of shares available for issuance can be increased on the first day of each of our fiscal years, equal to the least of (i) 3.5% of our outstanding Class A common stock, Class B common stock and Class C capital stock on a fully diluted basis

as of the end of our immediately preceding fiscal year, (ii) 10,500,000 shares (as adjusted for the Class C Stock Split), and (iii) a lesser amount determined by our board of directors; provided, however, that any shares from increases in prior years that are not actually issued will continue to be available for issuance under the 2011 Plan.

- (8) Includes 92,611 shares of Class A common stock issuable upon exercise of outstanding options and vesting of RSUs that we assumed in connection with our February 2015 acquisition of Trulia. These awards were assumed under the Trulia 2012 Equity Incentive Plan, as amended and restated (the "Trulia 2012 Plan") and the Trulia 2005 Stock Incentive Plan, as amended. Also includes 14,974 shares of Class A common stock issuable upon exercise of outstanding stock options and RSUs that were granted to Trulia employees under the Trulia 2012 Plan following completion of the Trulia acquisition. No future awards will be granted under these plans. No Class B common stock is issuable under these plans.
- (9) Includes 194,277 shares of Class C capital stock issuable upon exercise of outstanding stock options and vesting of RSUs assumed in the Trulia acquisition that were distributed as a dividend pursuant to the Class C Stock Split. Also includes 29,948 shares of Class C capital stock issuable pursuant to the Class C Stock Split with respect to outstanding stock options and RSUs that were granted to Trulia employees under the Trulia 2012 Plan following completion of the Trulia acquisition.

Trulia 2012 Equity Incentive Plan, as Amended and Restated

The Trulia 2012 Plan became effective in September 2012. The Trulia 2012 Plan provides for the grant of incentive and nonqualified stock options, restricted stock, RSUs, stock appreciation rights, performance units and performance shares to employees, directors and consultants. Under the 2012 Plan, stock options were granted at a price per share not less than 100% of the fair market value per share of the underlying stock at the grant date. The plan administrator determined the vesting period for each option award on the grant date, and options granted under the plan generally expire 10 years from the grant date or such shorter term as may be determined for the options. As described above, no new equity awards will be granted under the Trulia 2012 Plan or under any of the other equity plans under which outstanding equity awards were assumed in connection with the Trulia acquisition.

**PROPOSAL 2: ADVISORY VOTE TO APPROVE THE COMPENSATION OF
NAMED EXECUTIVE OFFICERS**

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), our shareholders are able to vote to approve, on a nonbinding, advisory basis, not less frequently than once every three years, the executive compensation programs and policies and the resulting compensation of our named executive officers, as further described in the Compensation Discussion and Analysis section and the compensation tables that follow it. In accordance with the Exchange Act requirements, we are providing our shareholders with an opportunity to express their views on our named executive officers’ compensation, commonly referred to as the “say-on-pay” vote. Although this advisory vote is nonbinding, our board of directors and compensation committee will review and consider the voting results when making future decisions regarding our named executive officer compensation and related executive compensation programs. Our board of directors has adopted a policy to hold this advisory vote every three years, with the next vote on the compensation of our named executive officers to occur at the 2021 Annual Meeting of Shareholders.

As described in more detail in the Compensation Discussion and Analysis, our executive compensation program is designed to:

- Attract qualified, experienced executive officers who will enable us to achieve our business objectives;
- Retain and motivate our executive officers to achieve superior performance;
- Reward performance; and
- Align the interests of our executive officers with those of our shareholders by motivating our executive officers to increase shareholder value.

We encourage shareholders to read the Compensation Discussion and Analysis in this Proxy Statement, which describes the processes the compensation committee used to determine the structure and amounts of the compensation of our named executive officers in 2017 and how our executive compensation philosophy, policies and procedures operate and are designed to achieve our compensation objectives. The compensation committee and our board of directors believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the named executive officers in this Proxy Statement have contributed to our success.

Accordingly, we ask our shareholders to vote “FOR” the following resolution:

RESOLVED, that the shareholders of Zillow Group, Inc. approve, on a nonbinding, advisory basis, the compensation of the named executive officers, as disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table, and the other related tables and disclosures in the Proxy Statement for the 2018 Annual Meeting of Shareholders of Zillow Group, Inc.

**The Board of Directors Recommends a Vote “FOR”
the Advisory Resolution to Approve Compensation of our Named Executive Officers.**

**PROPOSAL 3: RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee, which consists entirely of independent directors, has selected Deloitte & Touche LLP (“Deloitte”) as our independent registered public accounting firm for the fiscal year ending December 31, 2018.

Shareholder ratification of the appointment of Deloitte as our independent registered public accounting firm is not required by our Amended and Restated Bylaws (“Bylaws”) or otherwise. However, our board of directors is submitting the appointment of Deloitte to our shareholders for ratification as a matter of corporate practice. If our shareholders fail to ratify the appointment, the audit committee may reconsider the appointment of Deloitte. Even if the appointment is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders. Representatives of Deloitte are expected to be present at the Annual Meeting.

Change of Independent Public Accountants: As previously reported on the Company’s Current Report on Form 8-K, dated August 3, 2016, the audit committee conducted a comprehensive, competitive process to determine the Company’s independent registered public accounting firm for the Company’s fiscal year ending December 31, 2017. On August 3, 2016, the audit committee approved the engagement of Deloitte as our independent registered public accounting firm for the Company’s fiscal year ending December 31, 2017, and approved the dismissal of EY, which became effective on February 7, 2017.

The reports of EY on the Company’s consolidated financial statements for the years ended December 31, 2015 and 2016, did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principle. During the fiscal years ended December 31, 2015 and 2016, there were no disagreements (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K) between the Company and EY on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of EY, would have caused EY to make reference to the subject matter of the disagreements in connection with EY’s report on the Company’s consolidated financial statements for such fiscal years, and there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

During the two most recent fiscal years ended December 31, 2015 and 2016, neither the Company nor anyone acting on its behalf has consulted with Deloitte regarding: (i) the application of accounting principles to a specified transaction, either completed or proposed, or (ii) the type of audit opinion that might be rendered on the Company’s financial statements, and either a written report was provided to the Company or oral advice was provided that Deloitte concluded was an important factor considered by the Company in reaching a decision as to an accounting, auditing or financial reporting issue; or (iii) any matter that was either the subject of a disagreement or a reportable event, as each term is defined in Items 304(a)(1)(iv) or (v) of Regulation S-K, respectively.

**The Board of Directors Recommends a Vote “FOR” the Ratification of the
Appointment of Deloitte & Touche LLP as our Independent Registered Public Accounting Firm.**

entitled to 10 votes per share of Class B common stock. Holders of Class A common stock and Class B common stock will vote together as a single group on all matters (including the election of directors) submitted to a vote of shareholders, unless otherwise required by law or our amended and restated articles of incorporation. Class B common stock is convertible at any time by the holder into shares of Class A common stock on a share-for-share basis. Class C capital stock is non-voting and therefore is not included in this column.

NAMED EXECUTIVE OFFICER COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis provides information about the compensation for each of our named executive officers in 2017, including an analysis of the overall objectives of our compensation program and each element of compensation provided.

For 2017, our named executive officers were:

- Spencer M. Rascoff, Chief Executive Officer
- Kathleen Philips, Chief Financial Officer, Chief Legal Officer, Secretary and Treasurer
- Lloyd D. Frink, Vice Chairman and President
- Amy C. Bohutinsky, Chief Operating Officer
- Greg M. Schwartz, Chief Business Officer

Compensation Philosophy and Objectives

We believe our success largely depends on our ability to attract, retain and motivate talented employees to operate our Company in a dynamic and changing market. We compete with many other companies to attract and retain a skilled management team. To meet this challenge, the objectives of our compensation program are to:

- attract qualified, experienced executive officers who will enable us to achieve our business objectives;
- retain and motivate our executive officers to achieve superior performance;
- reward performance; and
- align the interests of our executive officers with those of our shareholders by motivating our executive officers to increase shareholder value.

Company Performance Highlights

Significant performance milestones for 2017 include the following:

- in January 2017, we acquired Hamptons Real Estate Online (HREO), a Hamptons-focused real estate portal that provides buyers and renters with a specialized search experience and access to the area's most comprehensive for sale, for rent and vacant land listings. HREO was redesigned and relaunched as our seventh consumer brand, Out East, in February 2018;
- in March 2017, we launched Premier Agent on StreetEasy in New York City, where approximately 5% of the total U.S. residential real estate market by value is held;
- in May 2017, we launched RealEstate.com, a new consumer real estate brand tailored to first-time home buyers. RealEstate.com was the first new brand that we built from scratch since we launched Zillow.com in 2006;
- in May 2017, we announced our testing of the Zillow Instant Offers marketplace in two cities. Instant Offers is a way for homeowners to sell their homes quickly by providing them with offers from investors and a comparative market analysis from a local real estate agent, as an estimate for what the home might sell for on the open market;
- in June 2017, we implemented paid inclusion advertising for rental listings featured across the NYC Rental Network, which significantly improved the quality of rental listings in New York City;

[Table of Contents](#)

- in September 2017, we acquired New Home Feed, a streamlined listing management technology that allows residential new construction marketers to input, manage and syndicate their listings across multiple online platforms;
- in October 2017, we announced new products to help Premier Agents deepen their connections with clients and build their own personal brands through new technologies in the Premier Agent App, including My Agent, which streamlines agent-client communication and allows agents to appear as a client's only buyer's agent for listings they view on Zillow or Trulia; and
- in October 2017, we pledged \$5 million in cash and in-kind contributions over the next five years to address housing insecurity as part of the Company's first social impact program, The Home Project.

How We Set Executive Compensation

Pursuant to delegation from our board of directors, the compensation committee of our board is generally responsible for setting our overall executive compensation strategy and for making determinations relating to executive compensation. This includes establishing and annually reviewing the compensation of our executive officers and overseeing our equity plan to ensure that our total compensation program is reasonable and competitive.

In setting 2017 executive compensation, our compensation committee generally relied on its collective experience and knowledge, its past practices, our overall performance, input from our Chief Executive Officer, Mr. Rascoff, and other considerations it deemed relevant. Mr. Rascoff recommends base salary adjustments and the size of equity awards (other than for himself) to the compensation committee for its consideration and advises the compensation committee regarding our compensation program's ability to attract, retain and motivate executive talent. Mr. Rascoff's recommendations reflect compensation levels that he believes are commensurate with an executive officer's individual qualifications, experience, level of responsibility, knowledge, skills and individual performance, as well as our resources and performance.

Additionally, for 2017 executive compensation, the compensation committee considered the 2016 report provided by Compensia, a compensation consulting firm. In 2016, Compensia recommended a peer group for the purpose of conducting a market analysis of the total compensation of certain executive officers and provided recommendations for the compensation committee's consideration with respect to the salary and equity compensation of certain executive officers. Compensia provided total direct compensation analysis reports for certain executive officers derived from publicly available information and survey data taken from a number of selected peer companies. The peer companies selected were identified among companies operating in the real estate and/or mobile and Internet industries. The data provided included, among other items, 75th, 50th and 25th percentile base salary, long-term incentive levels and target total direct compensation levels for certain executive officers of the peer group. In using the data in 2017, consistent with its use in 2016, the compensation committee did not target the foregoing elements of compensation to any specific percentiles identified in the peer company data but rather used the data as a preliminary comparison point for context and as one factor among many in determining 2017 base salary adjustments and equity awards. In addition to the Compensia 2016 report, the compensation committee considered market information available through Equilar Inc. and Radford and data from the proxy statements of peer companies as reference points for 2017 executive compensation decisions.

The peer group for which Compensia provided data in 2016 that was reviewed again by the compensation committee in connection with determining our executive officers' 2017 base salary increases and equity award sizes consisted of the following companies:

Angie's List, Inc.	NetSuite Inc.
Bankrate, Inc.	Realogy Holdings Corp.
Blue Nile, Inc.	ServiceNow, Inc.
Cornerstone OnDemand, Inc.	Splunk Inc.

Consideration of the Say-on-Pay Vote

We last held a non-binding, advisory vote to approve the compensation of our named executive officers, commonly referred to as the "say-on-pay" vote, at our 2015 Annual Meeting of Shareholders, as required by Section 14A of the Securities Exchange Act of 1934. Our advisory resolution to approve the compensation of our named executive officers received substantial majority support from shareholders with approximately 99% "For" votes of votes cast. We take this result as support that our executive compensation program and practices are reasonable and well-aligned with shareholder expectations. Nevertheless, we review our overall approach to executive compensation periodically and we expect that the specific direction, emphasis and components of our executive compensation program will continue to evolve, as will our process for establishing executive compensation. In the future, for example, we may begin to more formally assess our overall executive compensation program against that of comparable companies, including through the broader use of market compensation data. We intend to hold an advisory vote on the compensation of our named executive officers every third year, including this year. We are and will remain committed to being responsive to shareholder feedback, and the results of our say on pay votes, along with other factors deemed relevant, such as available market data, will help inform the compensation committee's discussions about the executive compensation program. Proposal 2 contains information about the say on pay vote being conducted at this year's Annual Meeting.

Elements of Executive Compensation

For 2017, our executive compensation program was comprised of base salaries and equity compensation in the form of stock options, restricted stock units, restricted units, and limited cash bonuses. Historically, including for 2017, compensation decisions for our executive officers have been highly individualized and based on a variety of factors. In particular, we have emphasized the use of equity to incentivize our executive officers to focus on our growth and create long-term shareholder value. To date, the compensation committee has not adopted any formal or informal policies for allocating compensation between long-term and short-term compensation or between cash and equity compensation.

Base Salaries . Base salaries provide our executive officers with a fixed amount of consistent compensation and, in conjunction with equity awards, are a significant motivating factor in attracting and retaining our executive officers. We have designed base salaries to be competitive while also seeking to manage our cash resources.

When an executive officer is first hired, base salary is generally initially established through individual negotiations between us and the executive officer, taking into account subjective judgments as to the executive officer's qualifications, experience, job duties and responsibilities, prior salary and internal pay equity comparisons.

The compensation committee annually reviews the base salaries of our executive officers. Adjustments to salaries generally become effective following completion of our annual performance review process in the first quarter. This process generally includes a comprehensive self-performance review by employees as well as a manager and peer review. Adjustments to base salaries also may occur at other times in the year for promotions or performance.

In January 2017, the compensation committee approved adjusted annual base salaries for each of our named executive officers, with adjustments effective as of February 9, 2017. The salary adjustments were primarily based on a subjective evaluation of each executive officer's performance, both historical and anticipated, review of comparative market data, internal pay equity among our executive officers, and the other factors described above. In approving 2017 salary adjustments, the compensation committee also considered the additional demands placed on each of the named executive officers as a result of the Company's continued growth during 2016 and 2017, including growth in the number of employees and portions of the business each officer was responsible for overseeing. Overall, salary increases reflected levels the compensation committee believed were commensurate with the responsibilities and performance of each named executive officer.

With respect to Mr. Rascoff's and Ms. Philip's salary adjustments, the compensation committee considered their long-standing service to us in leadership roles, their responsibilities over the prior year and the desire to incentivize and retain each of them. Mr. Frink has historically received a salary similar to that of other executive officers in light of his operational role for the Company as Vice Chairman and President. Based on such assessments, all of the named executive officers received a 4% adjustment to 2017 base salary. Mr. Schwartz, in light of his essential role to the Company as Chief Business Officer, received an additional 11.5% market adjustment to bring his salary closer to the average of certain other executive officers of the Company.

The table below contains information about the 2017 base salaries of our named executive officers.

<u>Name</u>	<u>February 2017 Base Salary (\$)(1)</u>	<u>Total 2017 Base Salary Increase (\$)(1)</u>	<u>% Increase over 2016 Base Salary(1)</u>
Spencer M. Rascoff	\$676,789	\$26,030	4.0%
Kathleen Philips	486,720	18,720	4.0%
Lloyd D. Frink	486,720	18,720	4.0%
Amy C. Bohutinsky	486,720	18,720	4.0%
Greg M. Schwartz	485,165	65,109	15.5%

(1) The 2017 base salary increases and percentage amounts were based on the following 2016 base salaries: Mr. Rascoff, \$650,759; Ms. Philips, \$468,000; Mr. Frink, \$468,000; Ms. Bohutinsky, \$468,000 and Mr. Schwartz, \$420,056.

Incentive Cash Bonuses. We have not established a formal cash incentive plan for our executive officers or otherwise awarded performance-based cash bonuses, with a limited exception for Mr. Schwartz described below. Instead we have relied primarily on the long-term incentive value of stock-based compensation.

Since the commencement of Mr. Schwartz's employment in 2007, we have offered him the opportunity to earn cash bonuses based on achievement of certain revenue targets. We believe that this type of compensation for a principal sales executive responsible for business and revenue development is common in the market in which we compete for talent and is reasonable in order to secure and retain Mr. Schwartz's employment. For 2017, Mr. Schwartz's cash bonus opportunities were generally consistent with his 2016 program. We believe Mr. Schwartz's 2017 performance goals financially incentivize him to monetize certain new products and are aligned with his total current compensation. For 2017, Mr. Schwartz had the following bonus opportunities:

- *Total Revenue Bonus* . Similar to prior years, Mr. Schwartz was offered a bonus opportunity based on total company generated revenue. For 2017, Mr. Schwartz was eligible to receive a target bonus of \$50,000 payable semi-annually, based on revenue generated during the first half and the second half of 2017 in relation to pre-established revenue objectives. Revenue is calculated under U.S. generally accepted accounting principles. For the first half of 2017, the revenue target was \$493.000 million and for the second half of 2017, the revenue target was \$550.000 million. No amount is paid if the total revenue target is not achieved for a six-month period, provided, however, that if at least 95% of the total revenue target is achieved for a six-month period, the compensation committee may, in its discretion, approve a bonus payment of less than the full amount of the target bonus for such period. For the first half of 2017, revenue was approximately \$512.625 million (104% of target) and Mr. Schwartz earned a bonus of \$50,000 that was paid in August 2017. For the second half of 2017, revenue was approximately \$564.169 million (102.6% of target), and Mr. Schwartz earned a bonus of \$50,000 that was paid in February 2018.
- *Additional Total Revenue Bonus* . For 2017, Mr. Schwartz was also eligible to receive a target bonus of \$50,000 payable semi-annually, based on additional revenue generated during the first half and the second half of 2017 in relation to additional pre-established revenue objectives. The additional revenue generated is also calculated under U.S. generally accepted accounting principles. For the first half of 2017, the additional revenue target was \$506.000 million and for the second half of 2017, the additional revenue target was \$573.000 million. No amount of the additional total revenue bonus is paid if the additional total revenue target is not achieved for a six-month period. For the first half of 2017, revenue was approximately \$512.625 million (101.3% of the additional revenue target) and Mr. Schwartz earned a bonus of \$50,000 that was paid in August 2017. For the second half of 2017, revenue was approximately \$564.169 million (98.5% of the additional revenue target), and no bonus was paid for that period.
- *Agent Revenue Bonus* . Also similar to prior years, Mr. Schwartz was offered a bonus opportunity based on targeted Premier Agent revenue. Premier Agent revenue includes revenue generated by the sale of advertising under our Premier Agent and Premier Broker programs. For 2017, Mr. Schwartz was eligible to receive a \$50,000 bonus payable semi-annually based on Premier Agent revenue generated during the first half and second half of 2017 in relation to pre-established Premier Agent objectives. Premier Agent revenue is calculated under U.S. generally accepted accounting principles. For the first half of 2017, the Premier Agent revenue target was \$354.000 million and for the second half of 2017, the revenue target was \$398.000 million. No amount is paid with respect to a six-month period if the revenue target is not achieved, provided, however, that if at least 95% of the targeted revenue is achieved for a six-month period, the compensation committee may, in its discretion, approve a bonus payment of less than the full amount of the target bonus for such period. For the first half of 2017, revenue was approximately \$365.026 million (103.1% of target) and Mr. Schwartz earned a bonus of \$50,000 that was paid in August 2017. For the second half of 2017, revenue was approximately \$396.568 million (99.6% of target), and Mr. Schwartz earned a bonus of \$49,820 that was paid in February 2018.
- *Additional Premier Agent Revenue Bonus* . For 2017, Mr. Schwartz was also eligible to receive a target bonus of \$50,000 payable semi-annually, based on additional Premier Agent revenue generated during the first half and the second half of 2017 in relation to pre-established additional Premier Agent revenue objectives. The additional Premier Agent revenue generated is also calculated under U.S.

generally accepted accounting principles. For the first half of 2017, the additional Premier Agent revenue target was \$357.000 million and for the second half of 2017, the additional Premier Agent revenue target was \$408.000 million. No amount of the additional total revenue bonus is paid if the additional total revenue target is not achieved for a six-month period. For the first half of 2017, Premier Agent revenue was approximately \$365.026 million (102.2% of the additional Premier Agent revenue target) and Mr. Schwartz earned a bonus of \$50,000 that was paid in August 2017. For the second half of 2017, Premier Agent revenue was approximately \$396.568 million (97.2% of the additional Premier Agent revenue target), and no bonus was paid for that period.

The aggregate amount payable under the foregoing bonus opportunities to Mr. Schwartz was \$400,000.

From time to time, the compensation committee may award discretionary bonuses to reward superior performance by an executive officer during the year. During 2017, the compensation committee awarded Ms. Bohutinsky a bonus in the amount of \$50,000 in recognition of her superior performance, particularly in assuming an interim role as President of Trulia upon the departure of Paul Levine in addition to maintaining her other current responsibilities.

Equity-Based Compensation. Since our inception, equity-based compensation, particularly in the form of stock options, has been an integral component of our compensation program for all our employees in order to retain and recognize their efforts on behalf of the Company. In 2015, the Company amended its 2011 Plan to allow for the use of Class C capital stock for equity awards under the 2011 Plan. Our shareholders approved this amended 2011 Plan at the 2015 Annual Meeting of Shareholders and following that shareholder meeting, all new equity awards have been granted for Class C capital stock rather than Class A common stock.

In March 2016, the Company established an equity choice program pursuant to which all employees, including our named executive officers, may choose whether to receive their equity awards in stock options, restricted stock units or a combination of the two.

Our board of directors and our compensation committee believe that stock options and restricted stock units have played and continue to play a significant role in our ability to attract, motivate and incentivize the executive talent necessary to accomplish our business objectives. We believe that stock options and restricted stock units also provide our employees with a significant long-term interest in our success by rewarding the creation of shareholder value, as the value of stock options and restricted stock units are both positively impacted by appreciation in the price of the Company's stock following their grant.

We do not apply a formula to determine the size of individual stock option grants and other equity awards granted to our named executive officers. Instead, our compensation committee generally determines the size or value of individual grants using its collective business judgment and experience, taking into account, among other factors, the role and responsibility of the individual executive officer, the competitive market for the executive officer's position, the size and value of existing equity awards and a subjective evaluation of individual performance and prior contributions to us. Based upon these factors, the compensation committee sets the size of each equity award at a level it considers appropriate to create a meaningful incentive. No specific weight is given to any one of the foregoing factors, although larger awards are typically granted to executive officers with duties and responsibilities that are more likely to have a larger impact on the creation of long-term shareholder value.

As discussed above, the compensation committee considered compensation data from certain peer companies as a reference point and as one factor among many in connection with the equity grants to our executive officers in 2017. In the future, the compensation committee may continue to consider competitive market data or utilize such data as a tool to determine equity award grant amounts for our executive officers.

Our executive officers generally receive an initial equity award in connection with their commencement of employment. Following each annual performance review, we typically grant additional equity awards to our

[Table of Contents](#)

employees, including our named executive officers, in the first quarter of the year. The compensation committee also may grant additional equity awards from time to time to retain executive officers and reward them for promotions or performance and to stay competitive with our peer group.

Stock options granted to our executive officers generally have a ten-year term and vest quarterly over a four-year period, in 16 substantially equal installments in accordance with the Company's pre-determined quarterly vesting schedule, subject to the executive officer's continued employment. We grant stock options with an exercise price equal to the current fair market value of either our Class A common stock or our Class C capital stock, depending on the class of stock that may be purchased under the stock options. The fair market value for such grants is equal to the closing price of the underlying stock on The Nasdaq Global Select Market on the date of grant. Restricted stock units also vest based on continued employment with us, generally quarterly over at least four years, thereby encouraging the retention of our executive officers.

In March 2017, each of the following named executive officers received stock option grants following our annual performance review process for the following number of shares of Class C capital stock, each such grant having a ten-year term and a vesting period of four years: Mr. Rascoff, 477,000 shares; Ms. Philips, Mr. Frink and Ms. Bohutinsky, 163,980 shares; and Mr. Schwartz, 122,985 shares. In March 2017, Mr. Schwartz also received a grant of restricted stock units following our annual performance review process for 13,665 shares of Class C capital stock with a vesting period of four years. The types of equity award granted reflects the named executive officer's election under our equity choice program. The foregoing grant sizes reflected the compensation committee's assessment of grant sizes it felt appropriate to recognize the executive officers' level of responsibilities and contributions during the past year and to retain and incentivize them for the future. Additional information about the grants to the named executive officers is contained below in the 2017 Grants of Plan-Based Awards Table.

Other Benefits. Our named executive officers receive health and welfare benefits under the same broad-based benefit plans as our other salaried employees. These benefits include medical, dental and vision benefits, short-term and long-term disability insurance, accidental death and dismemberment insurance, basic life insurance, and eligibility to participate in our 401(k) Plan. We generally do not provide perquisites to our executive officers, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient, effective and available for Company business, for recruitment or retention purposes, or to be consistent with benefits provided to other full-time employees. During 2017, certain of our named executive officers received parking, the aggregate value of which was less than \$10,000 for each named executive officer. Additionally, the Company pays certain travel expenses incurred by Mr. Rascoff for travel between his California residence and our Seattle, Washington headquarters and other business and office locations, including fees for commercial flights or fees for aircraft operated by private charter and related ground transit and lodging expenses. In 2017, the Company reimbursed Mr. Rascoff for costs associated with certain personal home security services, including installation of a home security system and monitoring. We provided this protection because we believe that the personal safety and security of Mr. Rascoff is of utmost importance to the Company and its shareholders and based on the recommendations of a security consultant retained by the Company.

Employment Agreements

Mr. Rascoff and Ms. Philips

We entered into employment agreements, effective as of July 25, 2011, with Mr. Rascoff and Ms. Philips to assist in the retention of their services and to help them maintain their focus and dedication to their responsibilities to maximize shareholder value in the event of a transaction that could result in a change of control of our Company. Each employment agreement provides that employment with us is "at will."

[Table of Contents](#)

The employment agreements provide the following severance payments and benefits if the executive officer's employment is terminated by us without cause (as defined in the employment agreement) or if he or she resigns for good reason (as defined in the employment agreement), including such a termination in connection with or within 18 months after a change of control (as defined in the employment agreement):

- severance pay equal to six months of salary, generally payable in the form of salary continuation following the date of termination;
- COBRA continuation coverage for up to six months following termination (or until such earlier time as the executive officer becomes covered by the medical plan of another employer);
- 12 months' accelerated vesting of unvested stock options and any other outstanding equity awards that vest based on continued service, except that, in the event of a qualifying termination in connection with or within 18 months after a change of control, 50% of the unvested portions of such outstanding equity awards will accelerate in vesting;
- an extension of time to exercise outstanding stock options until the earlier of (a) one year following termination and (b) the expiration of the term of the options; and
- earned but unpaid salary and accrued vacation pay otherwise payable under our standard policy.

As a condition to receiving any severance payments or benefits under the employment agreements, Mr. Rascoff and Ms. Philips must execute (and not revoke) a general release and waiver of all claims against us in a form satisfactory to us. The executive officers must also continue to comply with the applicable terms of their confidentiality and noncompetition agreements. The employment agreements and employment terminate automatically upon death or total disability of the executive officer.

We do not provide any tax gross-ups to cover personal income taxes that may apply to any severance or change-of-control benefits under the employment agreements. If any payments or benefits payable under the employment agreements will be subject to an excise tax under Section 4999 of the Code, we will pay to the executive officer either (a) the full amount of such payments or benefits or (b) the full amount reduced by the minimum amount necessary to prevent any portion from being an excess parachute payment within the meaning of Code Section 280G, whichever results, on an after-tax basis, in the greater amount payable to the executive officer.

We do not currently have employment or severance agreements with any of the other named executive officers.

Recovery Policy; Risk Assessment of Compensation Programs

We do not have a formal compensation recovery policy, but the compensation committee reserves the discretion on an individual basis to require that certain compensation payable to our executive officers be subject to recoupment in the event of misconduct. For example, Mr. Schwartz's bonuses described above are subject to recoupment in the event that revenue on which a bonus is calculated is determined to have been overstated as a result of his misconduct. We are also subject to the clawback provisions for the Chief Executive Officer and Chief Financial Officer under the Sarbanes-Oxley Act of 2002, which provide that those executives must reimburse the Company for any bonus or other incentive-based or equity-based compensation received during the 12-month period following the preparation of an accounting restatement, as a result of misconduct. The board of directors or the compensation committee will adopt a formal clawback policy no later than when the final rules relating to such policies become effective pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act and require such a policy to be in effect. The compensation committee will continue to impose clawback provisions in individual arrangements as it determines appropriate.

The compensation committee does not believe that our incentive compensation programs described above contain incentives for our named executive officers or other employees to take risks in performing their duties that are reasonably likely to have a material adverse effect on the Company, particularly in light of the compensation committee's historical emphasis on equity vehicles, such as stock options and restricted stock units, which it believes reward sustained long-term performance that is aligned with our shareholders' interests.

Stock Ownership Guidelines

All of our executive officers hold either shares and/or stock-based equity awards, which we believe help align their interests with those of our shareholders. As a result, at this time, our board of directors has not adopted stock ownership guidelines for the named executive officers, although it may consider doing so in the future. We have established an insider trading compliance policy that prohibits, among other actions, short sales and strongly discourages and requires preapproval of, among other actions, hedging of stock ownership positions.

Tax Treatment of Compensation

Section 162(m) of the Code generally disallows a tax deduction to a public corporation for annual compensation in excess of \$1 million paid to its principal executive officer and certain other executive officers. For 2017 and prior years, compensation that qualifies as "performance-based" is excluded for purposes of calculating the amount of compensation subject to the \$1 million limit. For taxable years beginning after December 31, 2017, the exception from Section 162(m)'s deduction limit for "performance-based" compensation has been repealed, unless the compensation qualifies for transition relief available for certain written arrangements in effect as of November 2, 2017 and not materially modified thereafter.

Stock options granted to our executive officers are intended to qualify for the performance-based exemption. Due to uncertainties surrounding the application of Section 162(m) of the Code, including under the transition relief, no assurance can be given that such compensation will in fact so qualify.

The compensation committee has not adopted a policy that all compensation must be tax-deductible and qualified under Code Section 162(m). In order to maintain the ongoing flexibility of our compensation programs, the compensation committee has the discretion to and may approve incentive and other compensation that exceeds the \$1 million limit, including as a result of the repeal of the "performance-based" compensation exception under Section 162(m).

COMPENSATION COMMITTEE REPORT

The compensation committee of our board of directors has reviewed and discussed the Compensation Discussion and Analysis with management, and, based on such review and discussions, the compensation committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) Amounts reflect 2017 base salary adjustments for the named executive officers that became effective February 9, 2017.
- (2) Amounts reflect aggregate grant date fair value of restricted stock units, computed in accordance with FASB ASC Topic 718. The valuations of the restricted stock units are based on the closing market price of our Class C capital stock or Class A common stock, as applicable, on the grant date.
- (3) Amounts reflect aggregate grant date fair value of the option awards granted, computed, as of the grant date, in accordance with FASB ASC Topic 718. Assumptions used to calculate these amounts are described in Note 14, “Share-Based Awards,” to our financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017.
- (4) Amounts include matching contributions of \$10,800 made by the Company under the Zillow Group 401(k) plan for each of the named executive officers. Additional amounts include paid parking for each of Mr. Frink and Ms. Bohutinsky and a tenure gift card for each of Messrs. Rascoff, Frink and Schwartz (pursuant to a tenure recognition program available to all full-time employees).
- (5) In addition to the amounts identified in Note 4, amount includes (i) one-time home security installation, equipment and monitoring costs of \$34,113 and (ii) travel expenses of \$377,323 in connection with travel by Mr. Rascoff between his California residence and our Seattle, Washington headquarters and other business locations. Travel expenses include air travel costs of \$358,557; car travel costs of \$13,542; and lodging costs of \$5,224. Amounts are based on actual costs incurred, except that for chartered air travel by Mr. Rascoff, the aggregate incremental cost is based on the cost of the particular flights. This amount includes the applicable hourly rate for the aircraft and certain variable costs, including fuel costs and airport fees and taxes. The amount excludes certain fixed costs under our charter arrangement, such as the monthly

management fee, since the charter arrangement is intended primarily for business travel. In the event Mr. Rascoff traveled to or from his residence and a business location other than our headquarters, aggregate incremental cost is based on the flight time and costs incurred in excess of those that would have been incurred had the flight originated or ended in Seattle, Washington, as applicable. Infrequently, family members or other guests may accompany Mr. Rascoff on a business trip, which results in no aggregate incremental cost to the Company. Mr. Rascoff recognized imputed income on certain of the foregoing benefits, calculated in accordance with applicable Internal Revenue Service rules. No tax gross-up was paid on this amount.

- (6) Amount reflects a bonus paid for 2017 performance.
- (7) Reflects amounts earned by Mr. Schwartz for performance as described in the section entitled “Named Executive Officer Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation – Incentive Cash Bonuses,” including amounts that were paid in February of 2018 for performance in 2017.

- (1) Amounts reflect aggregate grant date fair value of the stock option awards and restricted stock units granted during 2017, computed in accordance with FASB ASC Topic 718. Assumptions used to calculate these amounts are described in Note 14, “Share-Based Awards,” to our financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017. For the restricted stock units granted to Mr. Schwartz, this value is based on the closing market price of our Class C capital stock on the grant date.
- (2) The stock option award vests over four years, with 1/16th of the total number of shares subject to the option vesting on May 17, 2017 and an additional 1/16th vesting approximately each three months thereafter until the option is fully vested. Vesting is subject to continued service.
- (3) Represents restricted stock units that vest over four years, with 1/16th of the total number of shares subject to the restricted stock units vesting on May 17, 2017 and an additional 1/16th vesting approximately each three months thereafter until the restricted stock units are fully vested. Vesting is subject to continued service.
- (4) Mr. Schwartz was eligible to receive semi-annual bonuses based on achievement of target revenue goals during 2017. No threshold amount applies because each revenue goal generally must achieve at least target for a payout (with certain payouts permitted at 95% of target, in the compensation committee’s discretion). Payouts are capped at the aggregate target amount of \$400,000. The actual amount paid to Mr. Schwartz for 2017 performance is set forth in the 2017 Summary Compensation Table above. Additional information about Mr. Schwartz’s incentive bonus arrangement is provided in the section entitled “Named Executive Officer Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation – Incentive Cash Bonuses.”

Potential Payments upon Termination or Change of Control

Our 2011 Plan entitles the named executive officers to accelerated vesting of equity awards in the event of certain changes of control, such as those in which awards are not converted, assumed, substituted for or replaced by a surviving or successor company. Our employment agreements with our Chief Executive Officer, Mr. Rascoff, and our Chief Financial Officer, Ms. Philips, provide for certain severance payments or benefits in the event of a termination of the executive officer's employment with the Company under specified circumstances. These arrangements are described below.

2011 Plan . Our 2011 Plan provides that in the event of a change of control that qualifies as a company transaction (each as defined below), outstanding stock options and other equity awards that vest based on continued employment or service will only become fully vested and immediately exercisable to the extent they are not converted, assumed, substituted for or replaced by the surviving or successor company (including a parent company thereof). In the event of a change of control that is not a company transaction, all equity awards granted under the 2011 Plan will become fully vested and immediately exercisable. The 2011 Plan generally defines “change of control” as the occurrence of any of the following events:

- an acquisition by a person or entity of beneficial ownership of more than 50% of the combined voting power of our outstanding voting securities (generally excluding any acquisition directly from Zillow Group, any acquisition by Zillow Group, any acquisition by an employee benefit plan of Zillow Group or a related company, any acquisition by holders of our Class B common stock as of July 19, 2011, provided such holder then beneficially owns no less than 25% of our outstanding voting securities, or an acquisition pursuant to certain related party transactions);
- a change in the composition of the board of directors during any two-year period such that the individuals who, as of the beginning of such two-year period, constitute the board (the “Incumbent Board”) cease for any reason to constitute at least a majority of the board (excluding directors whose election, or nomination for election, was approved by a majority of the Incumbent Board); or
- the consummation of a company transaction, which is generally defined as a merger or consolidation, a statutory share exchange or a sale, lease, exchange or other transfer in one transaction or a series of related transactions of all or substantially all of our assets, unless (a) after such transaction the beneficial owners of outstanding voting securities immediately prior to the transaction retain at least 50% of the combined voting power of such securities of the company resulting from the transaction, (b) no entity beneficially owns more than 50% of the combined voting power of the company resulting from such transaction, and (c) the individuals who were members of the Incumbent Board will immediately after the consummation of such transaction constitute at least a majority of the members of the board of directors of the company resulting from such transaction.

Employment Agreements . We have entered into an employment agreement, effective as of July 25, 2011, with each of Mr. Rascoff and Ms. Philips. The employment agreements provide for severance payments and benefits if the executive officer’s employment is terminated by us without cause or if he or she resigns for good reason, including such a termination in connection with or within 18 months after a change of control. As a condition to receiving any severance payments or benefits under the employment agreements, the executive officers must execute (and not revoke) a general release and waiver of all claims against us in a form satisfactory to us. They must also continue to comply with the applicable terms of their applicable confidentiality and noncompetition agreements.

A description of the severance payments and benefits under the employment agreements is described above in the section entitled “Named Executive Officer Compensation – Compensation Discussion and Analysis – Elements of Executive Compensation – Employment Agreements.”

For purposes of the employment agreements, “change of control” has the meaning set forth above for the 2011 Plan. “Cause” generally means one or more of the following by the executive officers:

- willful misconduct, insubordination or dishonesty in the performance of duties or a knowing and material violation of our or a successor employer’s policies and procedures that results in a material adverse effect on us or a successor employer (which includes a parent thereof);
- continued failure to satisfactorily perform duties after receipt of written notice from us;
- willful actions in bad faith or intentional failures to act in good faith that materially impair our or a successor employer’s business, goodwill or reputation;

[Table of Contents](#)

- conviction of a felony or misdemeanor, conduct that we reasonably believe violates any statute, rule or regulation governing us, or conduct that we reasonably believe constitutes unethical practices, dishonesty or disloyalty and that results in a material adverse effect on us or a successor employer;
- current use of illegal substances; or
- any material violation of the employment agreement or our Confidential Information, Inventions, Nonsolicitation and Noncompetition Agreement (or similar agreement to which the executive officer is a party).

The employment agreements generally define “good reason” as one or more of the following conditions without the executive officer’s express, written consent, provided that the executive officer provides timely notice of such condition to us and we have the opportunity to cure such condition prior to the executive officer’s termination of employment:

- a material reduction in authority, duties or responsibilities;
- a material reduction in annual salary or bonus opportunity (except for a reduction in connection with a general reduction in annual salary for all executive officers by an average percentage that is not less than the percentage reduction of the executive officer’s annual salary);
- a material breach of the employment agreement by us or a successor employer; or
- relocation or travel more than 50 miles from the executive officer’s then current place of employment in order to continue to perform the duties and responsibilities of position (not including customary travel as may be required by the nature of the position).

Potential Payments Upon Termination or Change of Control Table

The following table shows the estimated value of benefits upon termination of employment or a change of control that would have accrued to the named executive officers if (i) their employment was terminated without cause or they terminated employment for good reason, (ii) we completed a change of control or a company transaction, as applicable, in which outstanding equity awards were not assumed or substituted by the surviving or successor company (or a parent company thereof), or (iii) their employment was terminated without cause or by the named executive officers for good reason in connection with or following a change of control in which stock options were assumed or substituted. The amounts in the table assume that the termination of employment, change of control, or company transaction was effective as of December 31, 2017. The amounts are estimates of the incremental amounts that would have accrued as of December 31, 2017 in the foregoing circumstances. The actual amounts can only be determined at the time of an actual termination of employment, change of control, or company transaction.

2017 PAY RATIO

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are required to disclose the median of the annual total compensation of our employees (other than our Chief Executive Officer), the annual total compensation of our Chief Executive Officer (our “CEO”), and the ratio of these two amounts.

We determined that, as of December 31, 2017, our employee population consisted of 3,172 individuals, which included all full-time and part-time employees located in the United States and Canada, excluding the CEO. We determined the median employee from this employee population based on a comparison of (i) total cash compensation as reflected in our payroll records and as reported to the Internal Revenue Service on Form W-2 for 2017 and the Canada Revenue Agency on Form T4 for 2017, as applicable, (ii) aggregate grant date fair value of option awards and restricted stock units granted in 2017, computed in accordance with FASB ASC Topic 718, and (iii) matching Company contributions under the Zillow Group 401(k) Plan for U.S. employees and under the Registered Retirement Savings Plan for Canadian employees. Cash amounts for Canadian employees were converted from Canadian to U.S. dollars using an exchange rate of .79497 Canadian dollar for each U.S. dollar payable. We did not annualize compensation of employees who were hired during 2017 or make any cost-of-living adjustments in identifying the median employee.

For 2017, the annual total compensation of our median employee, calculated in accordance with the requirements of the Summary Compensation Table, was \$121,790; and the annual total compensation of our CEO, as reported in the Summary Compensation Table appearing on page 36, was \$7,889,179. Based on this information, for 2017, the estimated ratio of the annual total compensation of our CEO to the median of the annual total compensation of all other employees was 65 to 1.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

We describe below transactions and series of similar transactions to which we were a party during our last fiscal year or which are currently proposed, and in which:

- the amounts involved exceeded or will exceed \$120,000; and
- any of our directors, executive officers or beneficial owners of more than 5% of any class of our voting securities, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest.

Indemnification of Officers and Directors

We entered into indemnification agreements with each of our directors and certain of our executive officers which provide, among other things, that we will indemnify such director or officer, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings to which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of Zillow Group, and otherwise to the fullest extent permitted under Washington law and our Bylaws.

Other than as described above in this section, since the beginning of our last fiscal year, we have not entered into any transactions, nor are there any currently proposed transactions, between us and a related party where the amount involved exceeds, or would exceed, \$120,000, and in which any related person had or will have a direct or indirect material interest.

Policies and Procedures for the Review and Approval or Ratification of Transactions with Related Persons

Our board of directors has adopted a written policy that sets forth the policies and procedures for the review and approval or ratification of related person transactions. Under the policy, all of our directors and executive officers and all of our beneficial owners of more than 5% of our Class A common stock, Class B common stock or other voting securities are expected to disclose to our general counsel the material facts of any transaction that could potentially be considered a related person transaction promptly on gaining knowledge that the transaction may occur or has occurred. The audit committee is authorized to administer the policy, and may amend, modify, and interpret the policy. A related person transaction generally is defined under the policy as any transaction required to be disclosed under the SEC's related person transaction disclosure requirement of Item 404(a) of Regulation S-K.

Any potential related person transaction reported to or otherwise made known to the general counsel will be reviewed under the policy according to the following procedures:

- If the general counsel determines that disclosure of the transaction in our annual proxy statement or annual report on Form 10-K is not required under the SEC's related person transaction disclosure requirement, the transaction will be deemed approved and will be reported to the audit committee at its next scheduled meeting.
- If disclosure of the transaction in our annual proxy statement or annual report on Form 10-K is required under the SEC's related person transaction disclosure requirement, the general counsel will submit the transaction to the chairperson of the audit committee, who will review and, if authorized, will determine whether to approve or ratify the transaction. The chairperson is authorized to approve or ratify any related person transaction involving an aggregate amount of less than \$250,000 or when it would not be practicable in the judgment of the chairperson and general counsel to wait for the next audit committee meeting to review the transaction. The chairperson is not authorized to review a related person transaction in which the chairperson is involved.

[Table of Contents](#)

- If the transaction is outside the chairperson's authority, the chairperson will submit the transaction to the audit committee for review and approval or ratification at its next regularly scheduled meeting or, if deemed necessary by the general counsel or the chairperson, as applicable, at a special meeting of the audit committee called for this purpose or in a written consent submitted to the committee in accordance with Zillow Group's Amended and Restated Bylaws.
- If the transaction to be reviewed and acted upon by the audit committee involves a member of the audit committee (including the chairperson), the involved member shall recuse himself or herself from deliberations related to the transaction and the other members of the audit committee shall take appropriate action.

When determining whether to approve or ratify a related person transaction, the chairperson of the audit committee or the audit committee, as applicable, will review relevant facts regarding the related person transaction, including:

- the extent of the related person's interest in the transaction;
- whether the terms are comparable to those generally available in arm's-length transactions; and
- whether the related person transaction is consistent with the best interests of the company.

If any related person transaction is ongoing or is part of a series of transactions, the chairperson or the audit committee, as applicable, may establish guidelines as necessary to appropriately review the ongoing transaction. After initial approval or ratification of the transaction, the chairperson or the audit committee, as applicable, will review the transaction on a regular basis (at least annually).

If any related person transaction is not approved or ratified, the audit committee may take such action as it may deem necessary or desirable in the best interests of the company.

To be considered for inclusion in next year's proxy statement and form of proxy, shareholder proposals for the 2018 Annual Meeting of Shareholders must be received at our principal executive offices no later than the close of business on December 12, 2018. As prescribed by current Rule 14a-8(b) under the Exchange Act, a shareholder must have continuously held at least \$2,000 in market value, or 1%, of our outstanding shares for at least one year by the date of submitting the proposal, and the shareholder must continue to own such stock through the date of the annual meeting.

To be timely, a shareholder's notice must be delivered to and received by our Corporate Secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of our 2018 Annual Meeting of Shareholders. would be required to be included in the proxy statement filed in accordance with applicable rules under the Exchange Act and the written consent of the director nominee to be named as a nominee and to serve as a director if elected, among other requirements set forth in our Bylaws. Evaluation of any such recommendations is the responsibility of the nominating and governance committee. In the event of any shareholder recommendations, the nominating and governance committee will evaluate the persons recommended in the same manner as other candidates.
