

Ampco Lands Parking Contract for Raleigh Durham International Airport

NEW YORK, Jun 14, 2010 (BUSINESS WIRE) -- **Ampco System Parking** has been awarded a multi-year contract to manage parking operations at North Carolina's Raleigh-Durham International Airport (RDU). Ampco System Parking is a subsidiary of **ABM Industries Incorporated (NYSE:ABM)**, the leading provider of facility services in the United States.

Raleigh-Durham International Airport serves North Carolina's Research Triangle Region as well as many communities in central and eastern North Carolina and southern Virginia. In 2009 RDU handled about 9 million passengers.

Under the terms of the three-year staffing agreement, Ampco will operate and oversee RDU's approximately 18,000 parking spaces, as well as nine shuttle busses used to transport airport customers to and from remote parking facilities. About 50 Ampco employees will be engaged in providing parking services at RDU. Ampco began providing service to RDU's staff and customers on April 1.

In addition to serving a number of the nation's largest airports, Ampco also provides parking services at many other key airports around the country, including: Tampa, Orlando, Austin, Colorado Springs, Omaha, Oklahoma City, Wichita and Long Beach.

"We are delighted that RDU will be Ampco's first engagement in North Carolina. We look forward to a long and productive partnership and to providing an outstanding parking experience for RDU's millions of customers every year," said Ampco President Mark Muglich.

Ampco System Parking manages more than 1,600 office, airport, hotel, hospital, retail and entertainment, and other multi-use parking operations across the U.S. Among other services, Ampco provides: parking management and shuttle transportation services; valet parking; on- and off-street meter collections; rate analysis and recommendations; parking utilization analysis; and consulting on pre-construction design and layout of parking facilities.
