PROXY STATEMENT

The accompanying proxy is solicited on behalf of the Board of Directors (the "Board") of ABM Industries Incorporated, a Delaware corporation (the "Company"), for use at the 2003 Annual Meeting of Stockholders of the Company (the "2003 Annual Meeting") to be held in the Union Square Room of the Omni Hotel, 500 California Street, San Francisco, California 94104, on Tuesday, March 11, 2003 at 10:00 a.m. and at any adjournments of the 2003 Annual Meeting, for the purposes set forth in the accompanying notice.

Only stockholders of record of the Company at the close of business on January 24, 2003 will be entitled to vote at the 2003 Annual Meeting. At the close of business on that date, there were outstanding 48,978,296 shares of the Company's common stock ("ABM Common Stock"). Each share of ABM Common Stock outstanding on that date is entitled to one vote on the matters presented at the 2003 Annual Meeting.

A majority of the Company's outstanding shares as of the record date must be present at the meeting in order to hold the meeting and conduct business. Shares are counted as present at the meeting if the stockholder: (a) is present and votes in person at the meeting, or (b) has properly given his or her proxy to vote using the enclosed proxy card, or using the telephone or Internet procedures. Abstentions and broker non-votes are counted as present in determining whether the quorum requirement is satisfied. With regard to the election of directors, votes may be cast "For" or "Withhold Authority." Votes that are withheld and broker non-votes are excluded entirely from the vote and have no effect on the outcome of the election of directors.

If the enclosed proxy card is properly signed and returned, or telephone and Internet instructions are properly followed, the shares represented thereby will be voted at the 2003 Annual Meeting in accordance with the instructions specified thereon. If no choice is specified, the proxy holders will vote the shares represented: (i) "For" the election of the nominees as directors, and (ii) in their discretion on other matters. Full instructions for voting by mail, telephone and Internet are included on the proxy card. A proxy may be revoked by submitting a signed proxy with a later date. Telephone or Internet votes can be revoked by a subsequent vote using the assigned control number shown on the proxy card.

The expense of soliciting proxies will be paid by the Company. The Company will request brokers, custodians, nominees and other record holders to forward copies of the proxy statement, proxy card and other soliciting materials, if any, to persons for whom they hold shares of ABM Common Stock; in such cases, the Company will reimburse such entities for their reasonable expenses. Following the original mailing of the proxy statement, proxy card and other soliciting materials, if any, officers and employees of the Company may, for no additional compensation, solicit proxies by mail, electronically or personally.

All information included herein as to ABM Common Stock has been adjusted to reflect the 2-for-1 stock split that occurred in the form of a stock dividend on May 7, 2002.

This proxy statement (the "Proxy Statement") and the accompanying proxy card were first sent to stockholders on or about February 7, 2003.

ITEM I — ELECTION OF DIRECTORS

The Company's certificate of incorporation divides the Board into three classes, serving staggered three-year terms. Currently, the total number of directors comprising the Board is set by the Company's Bylaws at

Table of Contents

nine. Four members of the current Board have terms expiring at the 2003 Annual Meeting, two have terms expiring at the 2004 annual meeting and three have terms expiring at the 2005 annual meeting. Under the terms of its certificate of incorporation, the Company is required to adjust the classes of directors at the time of the annual meeting so that they are as nearly equal in number as possible. Accordingly, the Board has nominated the directors listed in the table below to serve for terms ending as shown opposite their respective names, or until their successors have been elected and qualified.

In the absence of instructions to the contrary, shares represented by valid proxies will be voted "For" the election of the persons nominated by the Board, who are named in the following table. The nominees receiving the highest number of votes will be elected. The Board recommends a vote "For" each nominee.

The Company has no reason to believe that the nominees for election will be unable or unwilling to serve if elected as directors. However, if any nominee is unable or unwilling to be a candidate for the office of director at the date of the 2003 Annual Meeting, or at any adjournment thereof, the proxy holders will vote for such substitute nominee as they shall in their discretion determine.

The Nominating, Governance & Succession Committee of the Board will consider nominees recommended by stockholders. The Company's Bylaws provide that stockholders intending to nominate candidates for election as directors at an annual meeting of stockholders must give a notice in writing to the Secretary of the Company at least sixty days prior to the first anniversary of the mailing of the proxy statement in connection with the previous year's annual meeting. The notice must include the full name and address of the nominee and the person making the nomination, other information about the nominee that must be disclosed in proxy solicitations under Rule 14(a) of the Securities Exchange Act of 1934 as amended, the nominee's consent to the nomination and to serve, if elected, and certain other information set forth in the Bylaws. No such notice has been given with respect to the 2003 Annual Meeting.

The following table contains information about the nominees and the Company's other directors based on data furnished by them.

During this period, no current director attended less than eighty-seven percent of the total number of meetings of the Board and of the committees of which he or she was a member.

Compensation of Directors

During Fiscal 2002, directors who were not current employees of the Company were paid retainer fees of \$24,000 per year and \$2,000 for each Board or committee meeting attended (other than Mr. Rosenberg and Mr. Steele, who receive no meeting fees for meetings of the Executive Committee). In Fiscal 2002, the aggregate amounts paid to non-employee directors for meeting and retainer fees was \$526,000. Directors who served as chairmen of the standing committees of the Board received an additional retainer fee of \$2,000 per year, except for Mr. Steele who received \$100,000 as Chairman of the Executive Committee. Pursuant to the terms of the Company's Time-Vested Incentive Stock Option Plan, each non-employee director also received an annual grant of stock options in the amount of 10,000 shares of ABM Common Stock on the first day of Fiscal 2002. In addition, each non-employee director was entitled to receive \$350 per hour for each hour of other services rendered to the Company. for additional services was \$11,200. The Company also reimbursed its non-employee directors for expenses incurred in attending Board and committee meetings, and for certain other out-of-pocket expenses.

Effective January 1, 2003, non-employee directors will be paid a retainer fee of \$36,000 per year, \$1,000 for each telephonic Board or committee meeting of less than two hours duration, and \$2,000 for each Board or committee meeting attended in person and for each telephonic Board or committee meeting lasting two hours or more (other than Mr. Rosenberg and Mr. Steele, who will continue to receive no meeting fees for meetings of the Executive Committee). The remaining retainers and fees remain unchanged.

The Company also has director retirement benefit agreements with all non-employee directors. These agreements provide that, upon the retirement of such non-employee directors from the Board, the Company will pay them the monthly retainer they were receiving at the time of their retirements (subject to a ten percent reduction for every year of service as a non-employee director less than ten) for a maximum period of ten years. The retired non-employee director may elect to receive such payment monthly, or in a lump sum discounted to present value at the time of retirement. However, non-employee directors under 72 years of age who retire with fewer than five years of service as non-employee directors are not entitled to any benefits under these agreements.

The Company has also entered into director indemnification agreements with its directors. These agreements, among other things, require the Company to indemnify its directors against certain liabilities that may arise in connection with their services as directors, to the fullest extent provided by Delaware law.

Theodore T. Rosenberg retired as an officer and employee of the Company in December 1989. Since January 1990, Mr. Rosenberg has provided consulting services to the Company on a month-to-month basis, for which services he currently receives a fee of \$8,333.33 per month in addition to the compensation set forth above for non-employee directors in general.

Pursuant to his previous employment contract, the Company is making consultancy payments of \$8,333.33 per month to Mr. Steele for a ten-year period ending June 2011. The Company also provides limited medical and dental benefits for Mr. Steele and his wife (until each is age seventy-five) and for their minor child (until such time as he is no longer an eligible dependent). The Company provides a maximum of \$901.26 per month towards the cost of these benefits. In addition, the Company pays certain club dues for Mr. Steele, which amounted to \$3,306 in Fiscal 2002.

Rosenberg and will continue making payments of \$8,333.33 per month to his estate for a period of ten years ending November 2007. The Company also provides medical benefits to the widow of Sydney J. Rosenberg in an amount not to exceed \$6,000 per year.

(1) The amount represents fair market value on the grant date.

(2) The dollar amounts under these columns are the result of calculations at the five percent and ten percent annual rates of stock appreciation prescribed by the Securities and Exchange Commission and are not intended to forecast future appreciation, if any, of ABM Common Stock. No gain to the optionee is possible without an increase in the price of ABM Common Stock, which will benefit all stockholders. A term of ten years has been used in calculating assumed appreciation.

(3) These options were granted under the 2002 Price-Vested Performance Stock Option Plan, and vest according to a schedule tied to the price of ABM Common Stock. The options have been assigned predefined accelerated vesting price goals of \$20.00, \$22.50, \$25.00 and \$27.50, with 25% of the shares related to each goal. These options vest if, on or before the close of business on the fourth anniversary of the grant date, the fair market value of ABM Common Stock (as defined under that plan) is equal to or greater than the assigned vesting price for that increment for ten trading days in any period of thirty consecutive trading days. However, no option may be exercised prior to the first anniversary of the grant date. Any option that has not vested on or before the close of business on the business day immediately following the fourth anniversary of its grant date shall vest at the close of business on the business day immediately preceding the eighth anniversary of its grant date, if such option has not previously been forfeited.

(4) The right to exercise these options expires on the earlier of ten years from the grant date or termination of employment. If termination is due to death or disability, the right to exercise these options expires ninety days after such termination. However, these options may be immediately exercised in the event of a “Change of Control” as defined in the 2002 Price-Vested Performance Stock Option Plan.

(5) These options were granted under the Time-Vested Incentive Stock Option Plan and vest at a rate of twenty percent per year over five years.

(6) The right to exercise these options expires on the earlier of ten years from grant or three months after termination of employment. However, these options may be immediately exercised in the event of a “Change of Control” as defined in the Time-Vested Incentive Stock Option Plan.

(7) These options were granted under the Age-Vested Career Stock Option Plan. Fifty percent of these options become exercisable on Mr. Sundby’s sixty-first birthday, and the balance vest on his sixty-fourth birthday.

(8) The right to exercise these options expires one year after termination of employment. However, these options may be immediately exercised in the event of a “Change of Control” as defined in the Age-Vested Career Stock Option Plan.

- (9) These options were granted under the original Price-Vested Performance Stock Option Plan adopted in 1996, and vest according to a schedule tied to the price of ABM Common Stock. The options have been assigned predefined accelerated vesting price goals of \$12.50, \$15.00, \$17.50 and \$20.00, with 25% of the shares related to each goal. These options vest if, on or before the close of business on the fourth anniversary of the grant date, the fair market value of ABM Common Stock (as defined under that plan) is equal to or greater than the assigned vesting price for that

increment for ten trading days in any period of thirty consecutive trading days. However, no option may be exercised prior to the first anniversary of the grant date. Any option that has not vested on or before the close of business on the business day immediately following the fourth anniversary of its grant date shall vest at the close of business on the business day immediately preceding the eighth anniversary of its grant date, if such option has not previously been forfeited.

- (10) The right to exercise these options expires on the earlier of ten years from grant or ninety days after termination of employment. However, these options may be immediately exercised in the event of a "Change of Control" as defined in the original Price-Vested Performance Stock Option Plan.

Service Award Benefit Plan

The Company's Service Award Benefit Plan is an unfunded "severance pay plan" as defined in the Employee Retirement Income Security Act of 1974, as amended. The plan provides participants, upon termination, with a guaranteed seven days of pay for each year of employment subsequent to November 1, 1989. The Company, at its discretion, may also award additional days for each such year. Following termination, eligible employees will receive their payments under the plan in two equal installments over a period of no more than two years.

The amount of the payment is based on the final average annual compensation, up to a maximum of \$175,000, received by the employees during their last three full years of full-time employment with the Company. The amount of payment under the plan, together with any other severance pay paid to the employee, cannot exceed two times the compensation received by the employee in the twelve-month period preceding the termination of employment. If employment is terminated before the employee has been employed for five years, except in the case of death, disability or normal retirement of the employee, or if the employee is terminated for cause (such as theft or embezzlement), such employee forfeits any benefits payable under the plan.

This plan was amended effective January 1, 2002 to discontinue the award of additional days to employees.

Employment and Other Agreements

During Fiscal 2002, the Company or its subsidiaries had written employment agreements with the persons named in the Summary Compensation Table, as well as certain other officers. These employment

Table of Contents

agreements provided for annual salaries in the following amounts for Fiscal 2002: for Henrik C. Slipsager, \$650,000; for Jess E. Benton, \$450,000; for Martinn H. Mandles, \$445,232; for James P. McClure, \$392,500; for George B. Sundby, \$300,000; and for Harry H. Kahn, \$278,625. These employment agreements also provided for annual bonuses based on pretax profits, plus other customary benefits including, but not limited to, participation in the Company's 401(k) Plan as well as group health, disability and life insurance programs. The employment agreements further provided certain prerequisites, such as Company-provided automobiles or automobile allowances, an executive group health plan, club memberships and dues, and incidental personal benefits. Unless earlier terminated or later extended pursuant to their terms, these employment agreements continue until October 31, 2003 for Mr. Slipsager, Mr. Benton, Mr. McClure and Mr. Sundby.

Mr. Kahn and the Company entered into a new agreement in April 2002 that replaced and superseded his prior employment agreement. The April 2002 agreement, which contains several terms and conditions that are generally similar to the Company's form executive employment agreements, provides that after his retirement from active employment on October 31, 2002, Mr. Kahn will serve through December 31, 2004 as an on-call employee in the role "Of Counsel." Under the April 2002 agreement, Mr. Kahn will receive an annual salary of \$278,625 and he is eligible for a bonus for Fiscal 2002 and fiscal year 2003 based on Company profits. Mr. Kahn will also be eligible to receive through October 31, 2003, with certain exceptions, fringe benefits that are generally provided to senior vice presidents. In addition, from November 1, 2003 through December 31, 2004, Mr. Kahn's fringe benefits shall be limited to group health and life insurance benefits and participation in the employee stock purchase plan. From November 1, 2003 through December 31, 2004, Mr. Kahn's salary is subject to offset from income that he may receive from other compensatory services that he may provide elsewhere. The April 2002 agreement further provides that Mr. Kahn is entitled to receive all compensation and benefits if he becomes disabled.

Mr. Mandles and the Company entered into a new agreement in November 2002 that replaced and superseded his prior employment agreement. This agreement was entered into as a result of the elimination of the position of Chief Administrative Officer. The November 2002 agreement, which contains several terms and conditions that are generally similar to the Company's form executive employment agreements, provides that Mr. Mandles will continue to serve as Chairman of the Board, subject to the pleasure of the Board. From November 1, 2002 through November 1, 2004, Mr. Mandles will receive, as an employee of the Company, an annual salary based on his fiscal year 2003 rate of pay. He is also eligible for a bonus for Fiscal 2002 and fiscal year 2003 based on Company profits. Mr. Mandles received a \$25,000 payment upon the agreement's effectiveness and he is eligible to receive, among other things: (i) title to a Company automobile on November 1, 2003, (ii) a \$103,000 payment on November 1, 2004, and (iii) a \$5,000 payment upon the conclusion of his employment. Mr. Mandles will also be eligible to receive through October 31, 2003, with certain exceptions, fringe benefits that are generally provided to senior executives. From November 1, 2003 through November 1, 2004, Mr. Mandles' fringe benefits will be limited to group health and life insurance benefits and participation in the employee stock purchase and deferred compensation plans. The November 2002 agreement further provides that Mr. Mandles is entitled to receive all compensation and benefits if he becomes disabled. The November 2002 agreement also requires Mr. Mandles pay the Company \$103,000 on November 1, 2004 to reimburse it for the cost of a club membership.

The Company has accrued and/or will accrue supplementary executive retirement benefits for the persons named in the Summary Compensation Table or for their respective estates, as applicable. Such benefits shall accrue for each full month of employment completed over a five to ten year period. When fully accrued, the current supplemental executive retirement benefits shall be: for Henrik C. Slipsager, \$1,000,000; for Martinn H. Mandles, \$500,000; for Jess E. Benton, \$250,000; for James P. McClure, \$250,000; for George B. Sundby, \$150,000; and for Harry H. Kahn, \$250,000. The total amount will be payable after the person's resignation, retirement or other termination from full-time employment with the Company (but no earlier than the person's sixty-fifth birthday), in 120 equal monthly installments.

Relocation Assistance

In conjunction with the promotion of Mr. McClure to serve as President of Janitorial Services and his related relocation to the San Francisco Bay Area in 2001, the Company extended to Mr. McClure in 2001 an

interest-bearing loan of \$500,000 to assist Mr. McClure in his purchase of a permanent home residence. The loan's interest rate is 6% per year. Mr. McClure executed a promissory note dated as of October 4, 2001 pursuant to which interest is due and payable on a monthly basis and the loan's principal and interest are due to be fully repaid upon the earlier to occur of the following: (i) October 4, 2010, (ii) ninety days following the termination of Mr. McClure's employment (or one year following his termination of employment due to Mr. McClure's death), (iii) ninety days following the sale of the residence, or (iv) upon the Company's election to accelerate repayment if there is an event of default as defined under the promissory note. The promissory note is to be secured by a deed of trust to be recorded against the residence. During Fiscal 2002, the largest aggregate outstanding principal amount of the loan was \$500,000. As of December 31, 2002, the outstanding principal balance was \$500,000.

Executive Officer Compensation & Stock Option Committee Interlocks and Insider Participation

Maryellen C. Herringer, Linda L. Chavez and Henry L. Kotkins, Jr. currently serve as members of the Executive Officer Compensation & Stock Option Committee of the Board. They have no relationships with the Company other than as directors and stockholders. During Fiscal 2002, no executive officer of the Company served as a member of the compensation committee or as a director of any other for-profit entity other than subsidiaries of the Company.

Executive Officer Compensation & Stock Option Committee Report on Compensation

February 7, 2003

To the Board of Directors:

Introduction. Based upon its evaluation of the performance of both the Company and its corporate officers, the Executive Officer Compensation & Stock Option Committee reviews and recommends to the Board the compensation and other terms and conditions of employment for: (i) all current executive officers of the Company, who are: the President & Chief Executive Officer, the Executive Vice President & Chief Operating Officer, the Executive Vice President and President of the Janitorial Services Companies, four Senior Vice Presidents (including the Chief Financial Officer), and two Vice Presidents (including the Controller & Chief Accounting Officer and the Treasurer) and (ii) any former executive officer who continues or resumes service to the Company as a non-officer employee or consultant. The compensation decisions made for executive officers are the subject of written employment agreements between the Company and the executive officers. The Committee also reviews the compensation and other terms and conditions of employment of all corporate officers and any subsidiary employee whose annual cash compensation exceeds \$250,000.

Compensation Program. Because the Company is primarily a service business, the leadership of its executive officers is crucial to the Company's growth and prosperity. It is the Committee's goal that the policies underlying the Company's executive compensation programs support the Company's ultimate goal of enhancing stockholder value by providing services to customers at a profit to the Company. Each executive officer is compensated through a combination of annual salary and bonus, plus stock option grants from time-to-time. Prior to the replacement or renewal of an employment agreement with an executive officer, the Committee reviews the overall compensation package of the executive officer and considers it in relation to the executive's past performance, expectations as to the executive's future performance, the Company's profitability, and other factors such as length of service to the Company. Annual bonuses are an important part of overall executive officer compensation because bonuses give these officers a material stake in the financial performance of the Company by tying their compensation to the Company's ultimate goal of enhancing stockholder value. When the Committee revised its employment agreements for Fiscal 2002, it altered, among other things, the basis on which bonuses would be determined. The Committee expected, however, that such bonuses would represent a significant portion of each executive officer's annual compensation in Fiscal 2002.

To assist in its review, the Committee retains, from time-to-time, the services of an independent executive compensation consulting firm to evaluate the Company's compensation of its executive officers. The

Table of Contents

consulting firm reviewed the compensation program in October 2001 and compared the cash, bonus and long term incentive compensation of executives against a peer group of companies providing business services similar to those services provided by the Company and certain nationally published compensation surveys. Based upon the results of the evaluation undertaken by its consulting firm, the Committee believes the basic framework of the Company's compensation program generally allows the Company to recruit, incentivize and retain executives who are best able to contribute to the overall success of the Company, including the Company's ultimate goal of enhancing stockholder value.

Annual Salaries and Bonuses. Employment agreements with the Company's executive officers set forth the compensation and other terms and conditions of their employment with the Company. Under the employment agreements applicable to Fiscal 2002, each executive officer was entitled to receive cash compensation in the form of an annual salary, plus an annual bonus related directly to the profit before taxes of the Company on a consolidated basis (or in the case of Mr. McClure, related to the profit before taxes of the janitorial services companies of which he is president) and after giving effect to certain adjustments as specified in such agreements.

For the Company's executive officers to be entitled to receive an increase in annual salary for Fiscal 2002 under their employment agreements, the Company's earnings per share for fiscal year 2001 had to exceed the earnings per share for fiscal year 2000, in which case annual salaries would be increased by an amount equal to the percentage change in the WorldatWork™ 2001-2002 Total Salary Increase Budget Survey (formerly the American Compensation Association Index) to a maximum of 6% per year. Since earnings per share in fiscal year 2001 were lower than fiscal year 2000, the executive officers received no contractual increase in salary for Fiscal 2002. Mr. McClure did, however, receive an 8% increase in salary in connection with his promotion to President of Janitorial Services and related relocation to the San Francisco Bay Area.

The employment agreements applicable to Fiscal 2002 provided that pretax consolidated profit for executive officers whose bonuses are so based would be adjusted for gains or losses on sales or other dispositions of assets, changes in discretionary benefit plan contributions and items related to the destruction of the World Trade Center, if any. The adjustments that materially affected the actual Fiscal 2002 bonuses to executive officers (other than Mr. McClure) were a deduction for gain on sale of the Cincinnati branch of the elevator division and an increase reflecting amortization of low income housing investment tax credits. The employment agreement applicable to Mr. McClure for Fiscal 2002 provided that pretax income from the applicable janitorial services companies would be adjusted for gains and losses on sales or other dispositions of assets and changes in discretionary benefit plan contributions and to eliminate a one percent corporate charge. In addition, Mr. McClure's bonus included a discretionary increase designed to compensate for the adverse impact on the performance of the janitorial services companies of which he is president due to World Trade Center-related increases in seniority-based payroll and unemployment insurance costs.

Stock Option Grants. Grants made to the Chief Executive Officer and the named executives are disclosed in the Stock Option Grant Table included under "Executive Compensation — Options Granted to Executive Officers" in the Proxy Statement of which this report is a part.

Other Compensation. The Company's executive officers are also eligible to participate in compensation and benefit programs generally available to other employees, including, but not limited to, the Company's group health, disability and life insurance programs. In accordance with the terms and conditions of the written employment agreements, the Company also provides its executive officers with certain perquisites, such as Company-provided automobiles or automobile allowances, an executive group health plan, club memberships and dues, and incidental personal benefits.

Basis for CEO Compensation. The Chief Executive Officer's cash compensation for Fiscal 2002 was determined by such officer's employment agreement. The annual bonus of the Chief Executive Officer is calculated as a percentage of the profit before taxes of the Company on a consolidated basis after giving effect to certain adjustments as provided under his employment agreement and described above. The Chief Executive Officer's compensation is evaluated in accordance with the factors and criteria used to evaluate all executive officers. For Fiscal 2002, Mr. Slipsager received a salary of \$650,000 and a bonus of \$175,179.

Table of Contents

IRS Section 162(m). The Company does not expect the deductibility limit of Section 162 (m) to have a material effect on the Company because cash compensation paid to each of the Company's executive officers currently is less than \$1,000,000 per year. In addition, Mr. Slipsager's and Mr. Benton's employment agreements provide that they will defer all compensation above \$1,000,000 per year. Non-qualified options granted under the Company's stock option plans are exempt from the deductibility limitation because such options have been qualified as "performance-based" compensation under Section 162(m). Incentive stock options granted under the Company's stock option plans generally do not entitle the Company to a tax deduction without regard to Section 162(m).

Executive Officer Compensation & Stock Option Committee Report on Stock Options

February 7, 2003

To the Board of Directors:

The Executive Officer Compensation & Stock Option Committee administers the Company's stock option plans and authorizes grants thereunder. The Company's stock option plans provide executive officers and other employees with an opportunity to purchase a proprietary interest in the Company and thus encourage them to become and remain employed by the Company. The Committee views the granting of stock options and the ownership of stock as important mechanisms for relating overall compensation of executive officers and other employees directly to the Company's ultimate goal of enhancing stockholder value. During the fiscal year ended October 31, 2002, the Committee: (1) approved stock options for 177 newly hired or recently promoted employees to purchase a total of 313,000 shares under the Time-Vested Incentive Stock Option Plan, (2) approved stock options for 16 newly hired or recently promoted employees to purchase a total of 155,000 shares under the Age-Vested Career Stock Option Plan, and (3) approved stock options for two newly hired executive officers to purchase 120,000 shares under the original Price-Vested Performance Stock Option Plan adopted in 1996. These grants were part of a broader based approach to stock option grants undertaken by the Company starting in 1996. In addition, in September 2002, the Committee approved stock options for 43 corporate and subsidiary officers to purchase a total of 1,070,000 shares under the 2002 Price-Vested Performance Stock Option Plan approved by the stockholders in March 2002. The Company had not made a significant additional grant of options similar to this grant since 1998.

In determining the levels of stock option grants available to employees, the Committee considers the employee's responsibility and performance, the Company's overall profitability, the aggregate number of such stock options that had been granted in recent years, and other factors such as length of service to the Company.

Audit Committee Report

February 7, 2003

The Audit Committee of the Board is comprised of three independent directors, none of whom are officers or employees of the Company. The Board adopted a written charter for the Audit Committee on June 19, 2000 and reviewed and confirmed its adequacy at the Audit Committee meetings held in March of each subsequent year. The Audit Committee recommends the selection of the Company's independent auditors for approval by the Board.

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for performing an independent audit of the consolidated financial statements to ensure that those statements were prepared in accordance with generally accepted accounting principles and report thereon to the Audit Committee. The Audit Committee reviews and monitors these processes.

Within this framework, the Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the independent auditors. Management of the Company has affirmed to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has discussed with the independent auditors those matters required to be discussed by Statement of Auditing Standards No. 61, *Communication with Audit Committees* .

The Audit Committee also discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees* , and has also discussed with the independent auditors, the auditor's independence from management and the Company. The Audit Committee has reviewed the services by the Company's independent auditors and the fees paid for these services and also reviewed whether the provision of these services is compatible with maintaining the independence of the independent auditors.

Based on these reviews and discussions, the Audit Committee has recommended to the Board, and the Board has approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended October 31, 2002.

Performance Graph

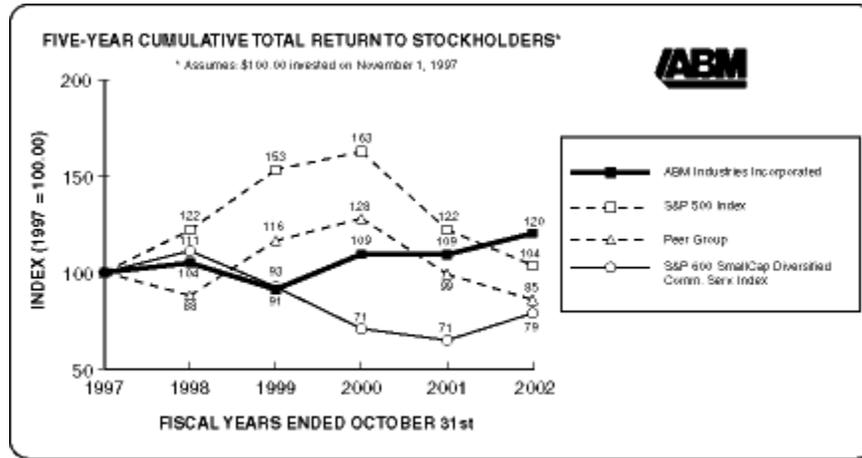

Set forth below is a graph comparing the five-year cumulative total stockholder return of ABM Common Stock with the five-year cumulative total return of: (1) the Standard & Poor's 500, (2) the Standard & Poor's SmallCap 600 Diversified Commercial Services, and (3) a peer group of all companies that, like the Company: (a) are currently listed on the New York Stock Exchange, (b) have been publicly traded for at least five years, and (c) have a market capitalization of \$750 million to \$775 million based on the most recent publicly available number of shares outstanding on December 31, 2002, and the closing price of such shares on that date. The peer group consists of the following companies in addition to the Company: Alliance World Dollar Government Fund II, Brandywine Realty Trust, Broadwing Inc., CH Energy Group, Inc., Colonial Properties Trust, The Cooper Companies, Inc., Credicorp Ltd., Gartner, Inc., KEMET Corporation, The Liberty Corporation, Nuveen Quality Income Municipal Fund, Inc., Price Communications Corporation, Ralcorp Holdings, Inc., Rollins, Inc., Royal Group Technologies Limited and AO Smith Corporation.

The Company's stock performance graph has historically included a comparison of the Company's stock performance with that of New York Stock Exchange listed companies with similar market capitalizations. In addition to the Company, last year's peer group consisted of the following companies that: (1) were then listed on the New York Stock Exchange, (2) had been publicly traded for at least five years, and (3) had a market capitalization of \$625 to \$675 million at December 31, 2001: Agnico Eagle Mines Ltd., Banco De A. Edwards-SP ADR, Brady Corporation, Burlington Coat Factory Warehouse Corporation, CH Energy Group, Inc., First Commonwealth Financial Corporation, Footstar Inc., Gables Residential Trust, J. Hancock Bank and Thrift Opportunity Fund, Home Properties New York, Inc., Industrie Natuzzi SpA, Manufactured Home Communities, Inc., McDermott International Inc., MFS Government Markets Income Trust, Moore Corporation, Ltd., Nuveen Municipal Market Opportunity Fund, Olin Corporation, Southwest Gas Corporation, Suburban Propane Partners, Sun Communities, Inc., Sunrise Assisted Living, Inc., Visx Incorporated, Westcorp and Zweig Total Return Fund.

The Company has used the market capitalization peer group in the past because it does not believe it can reasonably identify a peer group of companies on an industry or line-of-business basis for the purpose of developing a comparative performance index. The facility services industry is highly fragmented, primarily consisting of privately-owned businesses that provide a limited range of services on a local or regional basis. While the Company is aware that some other publicly traded companies engage in one or more of the Company's eight lines-of-business, none of these other companies provide most or all of the services offered by the Company, and many offer other services or products as well. Moreover, some of these other companies that engage in one or more of the Company's eight lines of business do so through divisions or subsidiaries that are not publicly traded and/or reported. For all of these reasons, no such comparison would, in the opinion of the Company, provide a meaningful index of comparative performance. However, to provide a more consistent comparison, the Company has decided to eliminate the market capitalization peer group in future proxy statements and instead include the performance of the Standard & Poor's SmallCap 600 Diversified Commercial Services Index (which includes the Company).
