**PROXY STATEMENT
for the
ANNUAL MEETING OF STOCKHOLDERS
to be held on June 8, 2015**

INFORMATION ABOUT THE MEETING, VOTING AND PROXIES

Date, Time and Place of Meeting

This Proxy Statement is being furnished in connection with the solicitation by and on behalf of the Board of Directors (the “Board”) of ACI Worldwide, Inc. (the “Company,” “we,” “us” or “our”) of proxies to be used at our 2015 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on June 8, 2015, at four p.m. EDT at the Company’s principal executive offices located at 3520 Kraft Rd, Suite 300, Naples, Florida 34105, and any postponement or adjournment thereof. A copy of our annual report to stockholders, including our annual report on Form 10-K for the fiscal year ended December 31, 2014, which includes our financial statements for 2014 (the “Annual Report”), accompanies this Proxy Statement. Beginning on or about April 27, 2015, we made this Proxy Statement available to our stockholders.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING TO BE HELD ON
JUNE 8, 2015**

**Our Proxy Statement and Annual Report are also available online at
www.proxydocs.com/aciw**

Internet Availability of Proxy Materials

Under the U.S. Securities and Exchange Commission’s “notice and access” rules, we have elected to use the Internet as our primary means of furnishing proxy materials to our stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We instead sent these stockholders a Notice of Internet Availability of Proxy Materials (“Internet Availability Notice”) containing instructions on how to access this Proxy Statement and our Annual Report and vote via the Internet. The Internet Availability Notice also included instructions on how to receive a paper copy of your proxy materials, if you so choose. If you received your annual meeting materials by mail, your proxy materials, including your proxy card, were enclosed. We believe that this process expedites stockholders’ receipt of proxy materials, lowers the costs of our Annual Meeting and helps to conserve natural resources.

Voting Instructions

If your shares are registered directly in your name with our transfer agent, Wells Fargo Shareowner Services (“Wells Fargo”), the Internet Availability Notice was sent directly to you by the Company. The Internet Availability Notice provides instructions on how to request printed proxy materials and how to access your proxy card which contains instructions on how to vote via the Internet or by telephone. For stockholders who receive a paper proxy card, instructions for voting via the Internet or by telephone are set forth on the proxy card. The Internet and telephone voting facilities for stockholders of record will close at 5:00 p.m. EDT on June 5, 2015. If your shares are held in an account at a brokerage firm, bank, trust or other similar organization, like the vast majority of our stockholders, you are considered the “*beneficial owner*” of shares held in “*street name*” and the Internet Availability Notice was forwarded to you by that organization. You will receive instructions from your broker, bank, trustee or other nominee that must be followed in order for your broker, bank, trustee or other nominee to vote your shares per your instructions. See the section below entitled “Abstentions and Broker Non-Votes” for additional information regarding the impact of abstentions and broker-non votes on the votes required for each proposal.

Table of Contents

Revocability of Proxies

A holder of our common stock who has given a proxy may revoke it prior to its exercise either by giving written notice of revocation to the Secretary of the Company or by giving a duly executed proxy bearing a later date. Attendance in person at the Annual Meeting does not itself revoke a proxy; however, any stockholder who attends the Annual Meeting may revoke a previously submitted proxy by voting in person. If you are a beneficial owner of our shares, you will need to contact your bank, brokerage firm, trustee or other nominee to revoke any prior voting instructions.

Proxy Voting

Subject to any revocation as described above, all common stock represented by properly executed proxies will be voted in accordance with the specifications on the proxy. If no such specifications are made, proxies will be voted as follows:

1. **FOR** the election of all eight director nominees listed below in Proposal 1;
2. **FOR** the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015;
and
3. **FOR** the approval, on an advisory basis, of our executive compensation.

As to any other matter that may be brought before the Annual Meeting, proxies will be voted in accordance with the judgment of the person or persons voting the same.

Record Date, Outstanding Shares and Quorum

Only holders of our common stock of record at the close of business on April 14, 2015 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were 116,696,085 shares of our common stock issued and outstanding, excluding 23,124,303 shares of common stock held as treasury stock by the Company. Shares of common stock held as treasury stock are not entitled to be voted at the Annual Meeting. Each stockholder is entitled to one vote per share of common stock held on all matters to be voted on by our stockholders. Stockholders may not cumulate their votes in the election of directors. Unless the context requires otherwise, any reference to "shares" in this Proxy Statement refers to all shares of common stock entitled to vote at the Annual Meeting. The presence in person or by proxy at the Annual Meeting of the holders of a majority of the issued and outstanding shares entitled to vote at the Annual Meeting shall constitute a quorum.

Proxy Solicitation

The Company will bear the expense of this solicitation of proxies, including the preparation, assembly, printing and mailing of the Internet Availability Notice, this Proxy Statement, the proxy and any additional solicitation material that the Company may provide to stockholders. Copies of the proxy materials and any other solicitation materials will be provided to brokerage firms, banks, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation material to such beneficial owners. We will reimburse such brokerage firms, banks, fiduciaries and other custodians for the reasonable out-of-pocket expenses incurred by them in connection with forwarding the proxy materials and any other solicitation materials. We have retained Mediant Communications LLC to assist us with the distribution of proxies. The original solicitation of proxies by mail may be supplemented by solicitation by telephone and other means by directors, officers and employees of the Company. No additional compensation will be paid to these individuals for any such services.

Table of Contents

Abstentions and Broker Non-Votes

Abstentions will be counted for purposes of determining the presence or absence of a quorum. The effect of an abstention on the outcome of the voting on a particular proposal depends on the vote required to approve that proposal, as described in the “Vote Required” section below.

“Broker non-votes” are shares present by proxy at the Annual Meeting and held by brokers or nominees as to which (i) instructions to vote have not been received from the beneficial owners and (ii) the broker or nominee does not have discretionary voting power on a particular matter. If you are a beneficial owner of shares held in “*street name*” and you do not provide voting instructions to your broker, your shares may be voted on any matter your broker has discretionary authority to vote. Under the rules that govern brokers who are voting with respect to shares held in “*street name*,” brokers generally have discretionary authority to vote on “routine” matters, but not on “non-routine” matters. The ratification of the appointment of an independent registered public accounting firm (Proposal 2) is considered a routine matter. Non-routine matters include the election of directors (Proposal 1) and the advisory vote on executive compensation (Proposal 3). We encourage you to provide instructions to your broker or other nominee regarding voting your shares. On any matter for which your broker or other nominee does not vote on your behalf, the shares will be treated as “broker non-votes.”

Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, but broker non-votes will not be counted for purposes of determining the number of shares present in person or by proxy at the Annual Meeting with respect to a particular proposal on which the broker has expressly not voted.

Board Voting Recommendations

Our Board recommends that you vote your shares **FOR** the election of each of the eight director nominees listed in Proposal 1 below, **FOR** the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 (Proposal 2), and **FOR** the proposal regarding an advisory vote on executive compensation (Proposal 3).

Vote Required

Election of a director requires the affirmative vote of the holders of a plurality of the shares present in person or represented by proxy at a meeting at which a quorum is present. The eight persons receiving the greatest number of votes at the Annual Meeting shall be elected as directors. Since only affirmative votes count for this purpose, abstentions and broker non-votes will not affect the outcome of the voting on this proposal.

With respect to Proposal 2, the ratification of the appointment of our independent registered public accounting firm for the fiscal year ending December 31, 2015 and Proposal 3, the advisory vote on executive compensation, a stockholder may mark the accompanying form of proxy card to (i) vote for the matter, (ii) vote against the matter, or (iii) abstain from voting on the matter. Because only a majority of shares actually voting is required to approve Proposal 2 and Proposal 3, broker non-votes will have no effect on the outcome of the voting on any of these proposals. Abstentions will have the legal effect of a vote against Proposal 2 and Proposal 3.

The inspector of election appointed for the Annual Meeting will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Voting Results

We will announce the preliminary voting results at the conclusion of the Annual Meeting. The final voting results will be tallied by the inspector of election and published in a Current Report on Form 8-K to be filed with the Securities and Exchange Commission (the “SEC”) within four business days following the Annual Meeting.

Common Stock Split

On July 10, 2014, the Company effected a three-for-one stock split to stockholders of record as of June 30, 2014. All share and per share information presented in this Proxy Statement has been adjusted to reflect the stock split.

CORPORATE GOVERNANCE

We are committed to maintaining the highest standards of business conduct and corporate governance, which we believe are essential to running our business efficiently, serving stockholders well and maintaining our integrity in the marketplace. Our Board has a standing Nominating and Corporate Governance Committee (the “Corporate Governance Committee”) which operates pursuant to a charter. The full text of the Nominating and Corporate Governance Committee charter is published on our website at www.aciworldwide.com in the ABOUT ACI — Investor Relations — Corporate Governance section. During 2014, the members of the Corporate Governance Committee consisted of Messrs. Curtis, Seymour and Stokely, each of whom is “independent” as defined in Rule 5605(a)(2) of The NASDAQ Stock Market (“NASDAQ”) listing standards.

The Corporate Governance Committee also provides advice to our Board with respect to:

- Board organization, membership and function;
- compensation of our directors, including their compensation for service on committees of our Board;
- director stock ownership guidelines;
- Board committee structure, membership and purpose; oversight of our policies and positions regarding significant stockholder relations issues;
- evaluation of the performance of our Chief Executive Officer (“CEO”); and
- other matters relating to corporate governance and the rights and interests of our stockholders.

Corporate Governance Guidelines

Our Corporate Governance Guidelines are designed to ensure that our Board follows practices and procedures that serve our best interests and the best interests of our stockholders. The full text of our Corporate Governance Guidelines is published on our website at www.aciworldwide.com in the ABOUT ACI — Investor Relations — Corporate Governance section. The Corporate Governance Committee is responsible for overseeing these guidelines and making recommendations to our Board regarding any changes. These guidelines address, among other things, the following topics:

- performance assessments of our Board and its committees;
- composition and independence of our Board and its committees;
- director orientation and continuing education;
- policy on directors that change corporate affiliations; and
- management responsibilities and Board access to management.

Code of Business Conduct and Code of Ethics

We have adopted a Code of Business Conduct and Ethics for our directors and employees. We have also adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers (the “Code of Ethics”), which applies to our Chief Executive Officer, our Chief Financial Officer, our Chief Accounting Officer, Controller, and persons performing similar functions. The full text of both the Code of Business Conduct and Ethics and the Code of Ethics is published on our website at www.aciworldwide.com in the ABOUT ACI — Investor Relations — Corporate Governance section. We will disclose amendments to, or waivers of, certain provisions of the Code of Business Conduct and Ethics and the Code of Ethics relating to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, Controller or persons performing similar functions on our website promptly following the adoption of any such amendment or waiver.

Director Independence and Meeting Attendance

In accordance with our Corporate Governance Guidelines, at least two-thirds of directors must be independent. For a director to be considered independent, our Board must determine that the director does not have any direct or indirect material relationship with the Company. Our Board has established guidelines to assist it in determining director independence, which conform to the independence requirements in the NASDAQ

Table of Contents

listing standards With the exception of Mr. Heasley, our President and Chief Executive Officer, each of our directors is independent. In addition, if elected, Messrs. Peters, Sanchez and Warsop, who have been nominated for election to our Board at the 2015 Annual Meeting of Stockholders, will each be independent.

Our Board held 16 meetings during 2014 with 11 of the Board meetings conducted as telephonic meetings. All of our directors attended at least 90% of the meetings of the Board and the Board committees on which they served. Our Board has adopted a policy that requires all directors to attend our annual meetings of stockholders unless it is not reasonably practicable for a director to do so. All of the directors serving as of June 18, 2014 attended our 2014 Annual Meeting of Stockholders.

Board Committees and Committee Meetings

Our Board has the following standing committees: Audit; Compensation and Leadership Development; Nominating and Corporate Governance; Strategy, Technology and Process; and Risk.

The Audit Committee (the “Audit Committee”) assists our Board in its general oversight of our financial reporting, internal controls and audit functions, and is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm. Additional information regarding the Audit Committee is included in the “Report of the Audit Committee” below.

The Compensation and Leadership Development Committee (the “Compensation Committee”) reviews and determines salaries, performance-based incentives and other matters relating to executive compensation; generally administers our equity award and stock option plans, including reviewing and granting stock options and other equity awards to our executive officers; reviews and evaluates the performance of, and succession planning for, executive officers other than our CEO; and provides general oversight over leadership development processes and strategies for executive and senior officers. Additional information regarding the Compensation Committee is included in the “Compensation Discussion and Analysis” below.

The Nominating and Corporate Governance Committee (the “Corporate Governance Committee”) reviews and reports to our Board on a periodic basis with regard to matters of corporate governance and assists our Board in fulfilling its responsibilities to assure that we are governed in a manner consistent with the interests of our stockholders. Additional information regarding the Corporate Governance Committee is included in the “Corporate Governance” section above.

The Strategy, Technology and Process Committee (the “Technology Committee”) reviews and provides oversight of, and counsel on, matters relating to technology and innovation and assists our Board in its guidance of our technology strategies and our operations strategies and key initiatives required to achieve our five-year strategic plan.

The Risk Committee (the “Risk Committee”) reviews, evaluates and approves our risk management framework, reviews the extent to which management has established effective enterprise risk management across the organization, and reviews and discusses with management our most significant risks and the steps management has taken to monitor and control those risks.

The table below provides meeting information for our Board and each of its committees during 2014:

Board Leadership Structure

Mr. Seymour is currently the Chairman of the Board. The Board intends to appoint an independent director as Chairman of the Board following the Annual Meeting. Our President and CEO, Mr. Heasley, is the only member of our Board who is not an independent director. We believe that this leadership structure enhances the accountability of our President and CEO to the Board and strengthens the Board's independence from management.

Board's Role in Risk Oversight

Although management is responsible for the day-to-day management of risks to the Company, our Board provides broad oversight of the Company's risk management programs. In this oversight role, our Board is responsible for satisfying itself that the risk management processes designed and implemented by the Company's management are functioning and that the systems and processes in place will bring to its attention the material risks facing the Company in order to permit the Board to effectively oversee the management of these risks. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to mitigate those risks, but also understanding what level of risk is appropriate for the Company. The involvement of our full Board in the risk oversight process allows our Board to assess management's tolerance for risk and also determine what constitutes an appropriate level of risk for the Company.

While our Board provides broad oversight of the Company's risk management processes, various committees of the Board oversee risk management in their respective areas and regularly report on their activities to our entire Board. In particular, the Risk Committee focuses on reviewing, evaluating and approving the Company's risk management profile, reviewing the extent to which management has established effective enterprise risk management across the organization, and reviewing and discussing with management the Company's most significant risks and the steps management has taken to monitor and control those risks. The Audit Committee focuses on assessing and mitigating financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. The Compensation Committee also strives to create incentives that encourage an appropriate level of risk-taking behavior consistent with the Company's business strategy. The Technology Committee concentrates on the Company's technology strategies and reviews the scope, direction, quality, investment levels and execution of such strategies as well as strategic transactions primarily relating to technology, and considers the level of risk associated with the technology strategies formulated by management.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks facing the Company and that our Board leadership structure provides appropriate checks and balances against undue risk taking.

Table of Contents

Compensation Risk Analysis

We have reviewed our material compensation policies and practices for all employees and have concluded that these policies and practices are not reasonably likely to have a material adverse effect on the Company. While risk-taking is a necessary part of growing a business, our compensation philosophy, as discussed below in the section entitled “Compensation Discussion and Analysis,” is focused on aligning compensation with the long-term interests of our stockholders as opposed to rewarding short-term management decisions that could pose long-term risks. Specifically, our compensation programs contain many design features that mitigate the likelihood of inducing excessive risk-taking behavior. These features and characteristics include, without limitation:

- a balance of fixed and variable compensation, with variable compensation tied both to short-term objectives and long-term objectives;
- the use of performance shares with specific performance goals combined with stock options for equity awards which we believe balances risk incentives;
- the Compensation Committee’s ability to exercise downward discretion in determining incentive program payouts;
- recoupment and forfeiture provisions pertaining to annual incentive payouts and long-term incentive equity awards which provisions are applicable to all employees, including our executive officers;
- share ownership guidelines applicable to our executive officers;
- the use of time-based vesting for our stock options ensures that our executives’ interests align with those of our stockholders over the long term; and
- the use of a three-year performance period for our performance shares ensures that our executives focus on the long-term performance of the Company.

Director Nomination Process

The Corporate Governance Committee identifies, evaluates and recommends director candidates to our Board. The Corporate Governance Committee considers director candidates submitted to it in writing by stockholders as well as recommendations from third-party search firms, current directors and others. The Corporate Governance Committee engaged Korn Ferry International to assist in identifying director nominees for election at the Annual Meeting.

The Corporate Governance Committee has no specific policy on diversity and does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Prospective nominees are not discriminated against on the basis of age, gender, race, religion, national origin, sexual orientation, disability or any other reason. In addition, the Corporate Governance Committee takes into consideration the criteria described below in “

PROPOSAL 1 ELECTION OF DIRECTORS .”

Stockholder Recommendations for Director Nominees

The Corporate Governance Committee considers stockholder recommendations for candidates for our Board furnished to the Company as set forth below in the section entitled “Stockholder Communications with our Board.” The Secretary of the Company did not receive, by a date not less than 90 calendar days nor greater than 120 calendar days prior to the first anniversary of the date of our 2014 Annual Meeting of Stockholders, a recommended director nominee for election at this Annual Meeting from any eligible stockholder.

Stockholder Nomination Process

Pursuant to our Bylaws, as amended, any stockholder entitled to vote in the election of directors generally may nominate one or more persons for election as directors at a meeting only if written notice of such stockholder’s intent to make such nomination or nominations has been received by the Secretary of the Company not less than 90 calendar days nor greater than 120 calendar days prior to the first anniversary of the date of the immediately preceding year’s annual meeting of stockholders.

Table of Contents

Each such notice shall set forth: (i) the name and address of the stockholder who intends to make the nomination and of the beneficial owner, if any, on whose behalf the nomination is made; (ii) a representation that the stockholder is a holder of record of our common stock entitled to vote for the election of directors on the date of such notice and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (iii) the class and number of shares owned beneficially and of record by the stockholder giving notice and by the beneficial owner, if any, on whose behalf the nomination is made; (iv) a description of all arrangements or understandings between or among the stockholder, the beneficial owner on whose behalf the notice is given and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (v) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC, had the nominee been nominated, or intended to be nominated, by our Board; (vi) the consent of each nominee to serve as a director of the Company if so elected; and (vii) whether the stockholder, or the beneficial owner on whose behalf the nomination is made, intends to deliver a proxy statement and form of proxy to holders of at least the percentage of shares of our common stock entitled to vote required to elect the nominee(s).

In addition to the name and address of the stockholder making the nomination, as they appear on the Company's books, the notice must also include the name and principal business address of all (A) persons controlling, directly or indirectly, or acting in concert with, such stockholder, (B) beneficial owners of shares of stock of the Company owned of record or beneficially by such stockholder (with the term "*beneficial ownership*" as used herein to have the meaning given to that term in Rule 13d-3 under the Securities Exchange Act (the "Exchange Act")) and (C) persons controlling, controlled by, or under common control with, any person specified in the foregoing clause (A) or (B) (with the term "*control*" as used herein to have the meaning given to that term in Rule 405 under the Securities Act of 1933, as amended) (any such person or beneficial owners set forth in the foregoing clauses (A), (B) and (C) shall be a "*Stockholder Associated Person*" for purposes of our Bylaw 14(c)).

The stockholder notice must also disclose (i) any derivative positions related to any class or series of securities of the Company held or beneficially held by the stockholder and each Stockholder Associated Person (as defined above); and (ii) whether and the extent to which any hedging, swap or other transactions or series of transactions have been entered into by or on behalf of, or any other agreement, arrangement or understanding (including any short position or any borrowing or lending of shares of stock) has been made, the effect or intent of which is to mitigate loss to, or manage risk of stock price changes for, or to increase the voting power of, the stockholder or any Stockholder Associated Person with respect to any shares of stock of the Company.

If the Board so requires, to be eligible to be a nominee for election or re-election as a director of the Company, a person must deliver (in accordance with the time periods prescribed for delivery of notice) to the Secretary at the principal executive offices of the Company, a written questionnaire with respect to the identity, background and qualification of such person and the background of any other person or entity on whose behalf the nomination is being made (which questionnaire shall be provided by the Secretary upon written request) and a written representation and agreement (in the form provided by the Secretary upon written request) that such person (A) is not and will not become a party to (1) any agreement, arrangement or understanding with, and has not given any commitment or assurance to, any person or entity as to how such person, if elected as a director of the Company, will act or vote on any issue or question (a "*Voting Commitment*") that has not been disclosed to the Company or (2) any Voting Commitment that could limit or interfere with such person's ability to comply, if elected as a director of the Company, with such person's fiduciary duties under applicable law, (B) is not and will not become a party to any agreement, arrangement or understanding with any person or entity other than the Company with respect to any direct or indirect compensation, reimbursement or indemnification in connection with service or action as a director that has not been disclosed in the questionnaire, and (C) in such person's individual capacity and on behalf of any person or entity on whose behalf the nomination is being made, would be in compliance, if elected as a director of the Company, and will comply, with all applicable publicly disclosed corporate governance, conflict of interest, confidentiality and stock ownership and trading policies and guidelines of the Company.

The Secretary of the Company did not receive written notice from any stockholder regarding an intention to make a nomination.

PROPOSAL 1 ELECTION OF DIRECTORS

Harlan F. Seymour, John D. Curtis and John E. Stokely each intend to retire from the Board as of the Annual Meeting and have requested that they not be nominated for re-election.

Following the Annual Meeting of Stockholders, our Board will be comprised of eight directors. Three new candidates have been nominated for election as directors. Our Board has nominated for election as directors Philip G. Heasley, James C. McGroddy, Charles E. Peters, Jr., David A. Poe, Adalio T. Sanchez, John M. Shay, Jr., Jan H. Suwinski, and Thomas W. Warsop III, each to serve until the 2016 Annual Meeting of Stockholders and thereafter, until his respective successor is duly elected and qualified. We expect that each of the nominees will be available for election, but if any of them is unwilling or unable to serve as a candidate at the time the election occurs, it is intended that each share represented by proxy at the Annual Meeting will be voted for the election of another nominee to be designated by the Board to fill any such vacancy.

Our Board selects nominees with a view to establishing a Board of Directors that is comprised of members who:

- demonstrate the highest character and integrity;
- are independent and free of any conflicts of interest;
- are willing and able to devote sufficient time to the affairs of the Company;
- have the capacity and desire to represent the balanced, best interests of our stockholders; and
- bring diverse perspectives to our Board as well as sound business acumen.

We believe that each of the director nominees bring these qualifications to our Board. Moreover, they provide our Board with a diverse complement of specific business skills, experience and perspectives, including: extensive financial and accounting expertise, public company board experience, understanding of and experience in technology and software industries, experience with companies with a global presence and those that have high-growth strategies, and extensive operational and strategic planning experience in complex, global companies.

Listed below are key skills and experience that we consider important for our directors to have in light of our current business and structure.

- *Senior Leadership Experience.* Directors who have served in senior leadership positions are important to us, as they bring experience and perspective in analyzing, shaping, and overseeing the execution of important strategic, operational and policy issues at a senior level. These directors’ insights and guidance, and their ability to assess and respond to situations encountered in serving on our Board, may be enhanced if their leadership experience has been developed at businesses or organizations that operated on a global scale, faced significant competition, and/or involved technology or other rapidly evolving business models.
- *Public Company Board Experience.* Directors who have served on other public company boards can offer advice and insights with regard to the dynamics and operation of a board of directors; the relations of a board to the CEO and other management personnel; the importance of particular agenda and oversight matters; and oversight of a changing mix of strategic, operational, and compliance-related matters.

Table of Contents

- *Financial Expertise.* Knowledge of financial markets, financing and funding operations, and accounting and financial reporting processes is important because it assists our directors in understanding, advising, and overseeing our capital structure, financing and investing activities, financial reporting and internal control of such activities.
- *Industry and Technical Expertise.* Because we are a technology and software provider, education or experience in relevant technology is useful in understanding our research and development efforts, competing technologies, the various products and processes that we develop, and the market segments in which we compete. In addition, our software products and services are primarily focused on facilitating electronic payments both in domestic and international markets. Knowledge of, and experience in, the global electronic payments industry and the banking and financial services industries provides useful insight into the needs, practices and operations of the Company's principal customer base.
- *Global Expertise.* Because we are a global organization with research and development, channel facilities, sales and other offices in many countries and customers located in over 80 different countries, directors with global expertise can provide a useful business and cultural perspective regarding many significant aspects of our business.
- *Legal Expertise.* Directors who have legal education and experience can assist our Board in fulfilling its responsibilities related to the oversight of the Company's legal and regulatory compliance, and engagement with regulatory authorities.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE NOMINEES LISTED ABOVE.

DIRECTOR COMPENSATION

It is our Board's general policy that compensation for independent directors should be a mix of cash and equity. As part of a director's total compensation, and to create a direct linkage with corporate performance and stockholder interests, our Board believes that a meaningful portion of a director's compensation should be provided in, or otherwise based on, the value of appreciation in our common stock. We do not pay our employee directors for service on our Board in addition to their regular employee compensation.

Retainer Fees

Each independent director receives a \$40,000 base annual retainer fee. The Chairman of the Board receives an additional \$50,000 annual premium. The Chairman of the Audit Committee and the Chairman of the Compensation Committee each receive an additional \$10,000 annual premium. The Chairman of the Risk Committee, the Chairman of the Technology Committee and the Chairman of the Corporate Governance Committee each receive an additional \$5,000 annual premium. Members of the Audit Committee and members of the Compensation Committee, other than the chairmen, receive an additional \$4,000 annual premium. Members of the Risk Committee, members of the Strategy Committee and members of the Corporate Governance Committee, other than the chairmen, each receive an additional \$3,000 annual premium. Annual retainer fees are paid on a quarterly basis.

Meeting Fees

In addition to the retainer fees, each independent director receives \$2,000 for each in-person or telephonic board or committee meeting attended. If a director attends an in-person meeting telephonically, the meeting fee is \$1,000.

Equity-Based Compensation

Our independent directors are granted an annual equity award. Such grants are made at the discretion of our Board based on the recommendations of the Corporate Governance Committee. Director equity awards are provided pursuant to the terms of our 2005 Equity and Performance Incentive Plan, as amended (the "2005 Incentive Plan"). Director equity awards vest on the earlier to occur of (i) the date which is one year following

Table of Contents

the date of grant, and (ii) the day immediately prior to the date of the next annual meeting of our stockholders occurring following the date of grant. The independent directors' equity awards provide for accelerated vesting upon the director's death or disability or upon a change-in-control of the Company.

On June 18, 2014, our independent directors were each granted 13,539 shares of restricted stock.

Deferred Compensation Plan

Each independent director may elect to defer receipt of all or a part of his cash compensation on a calendar year basis under the Company's Amended and Restated Deferred Compensation Plan (the "Deferred Compensation Plan"). The Deferred Compensation Plan is an unfunded, nonqualified deferred compensation plan designed to allow independent directors and a select group of management or highly compensated employees of the Company designated by our Compensation Committee to save for retirement on a tax-deferred basis. Additional information on the Deferred Compensation Plan can be found under the heading "Deferred Compensation Plan" in the "Executive Compensation" section below.

Independent Director Stock Ownership Guidelines

The Board has stock ownership guidelines designed to further link the interests of our Board with that of our stockholders. These guidelines provide that each of our independent directors should have equity positions in the Company with a value equal to five times his annual retainer amount. Direct and indirect stock ownership, including the vested in-the-money portion of any stock options held by the independent director, are included in determining each director’s equity position. Each independent director has five years to achieve the target ownership level. A director who fails to meet the ownership guidelines within the five-year period will not be eligible for new equity awards until the director achieves his prescribed ownership level.

Pre-Approval of Audit and Non-Audit Services

We have policies for pre-approval of all audit and non-audit services to be provided to us by our independent registered public accounting firm and its member firms. Under these policies, all audit and non-audit services to be performed by our independent registered public accounting firm must be approved by the Audit Committee in advance. A proposal for audit and non-audit services must include a description and purpose of the services, estimated fees and other terms of the services. To the extent a proposal relates to non-audit services, a determination that such services qualify as permitted non-audit services and an explanation as to why the provision of such services would not impair the independence of our independent registered public accounting firm are also required. Any engagement letter relating to a proposal must be presented to the Audit Committee for review and approval, and the Chairman of the Audit Committee may sign, or authorize an officer to sign, such engagement letter.

All services provided by our independent registered public accounting firm in 2014 and 2013 were pre-approved by the Audit Committee.

Vote Required

The affirmative vote of a majority of the shares represented at the Annual Meeting and actually voting on this proposal is required for the approval of the proposal. Because only a majority of shares actually voting is required to approve Proposal 2, broker non-votes will have no effect on the outcome of the voting on this proposal. Abstentions will have the legal effect of a vote against this proposal.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2015.

PROPOSAL 3
ADVISORY VOTE ON EXECUTIVE COMPENSATION

Our Board is providing our stockholders with the opportunity to vote, on an advisory basis, on the executive compensation of our Named Executive Officers (as defined in the “Compensation Discussion and Analysis” section below). This advisory vote, commonly known as a “say-on-pay” vote, is a non-binding vote on the compensation of our Named Executive Officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the “Compensation Discussion and Analysis,” the accompanying compensation tables and other related tables and narrative discussion contained in this Proxy Statement.

As described in detail in the “Compensation Discussion and Analysis,” our executive compensation programs are performance-based programs designed to (i) attract, retain, motivate and reward highly qualified and talented executives, including our Named Executive Officers, who provide leadership to the Company necessary to drive superior results; (ii) reward senior executives, including our Named Executive Officers, for achieving measurable goals designed to drive superior Company results; and (iii) strengthen the commonality of interest between our stockholders and senior executives, including our Named Executive Officers.

This advisory vote is not intended to address any specific item of compensation, but rather, the overall compensation of our Named Executive Officers and the principles, policies and procedures related to executive compensation described in this Proxy Statement. We therefore urge our stockholders to read the “Compensation Discussion and Analysis,” the accompanying compensation tables and other related tables and narrative discussion which describe in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. The following practices are highlighted throughout the “Compensation Discussion and Analysis” section:

- A significant portion of the total on-target compensation of our Named Executive Officers is performance-based compensation directly tied to Company financial, operational or strategic performance goals.
- The 2014 long-term incentive program is comprised of a combination of stock options and performance shares in order to reinforce the Compensation Committee’s objective of making long-term incentive awards variable so that the level of compensation actually earned depends on the Company’s performance against specified financial goals, and is directly tied to stockholder value.
- Performance shares are earned, if at all, after a three-year performance period based on the achievement of performance goals relating to the Company’s compound annual growth rate in sales and cumulative operating income over the three-year performance period.
- We have stock ownership guidelines for our directors and executive officers.
- Our equity award and our annual variable cash incentive award agreements incorporate forfeiture and recoupment provisions.
- Our equity plans expressly prohibit re-pricing awards without stockholder approval.

We believe that our executive compensation philosophy, our core compensation objectives and our compensation programs, practices and policies have resulted in executive compensation decisions that have appropriately incentivized the achievement of financial goals that have benefited our Company and our stockholders and are expected to drive long-term stockholder value over time. Accordingly, the following resolution is submitted for an advisory stockholder vote:

RESOLVED, that our stockholders approve, on an advisory basis, the compensation of our Named Executive Officers, as disclosed in the Company’s Proxy Statement for the 2015 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the “Compensation Discussion and Analysis,” the accompanying compensation tables and the other related tables and narrative discussion.

Advisory Vote

Stockholders are not ultimately voting to approve or disapprove our Board’s recommendation. As this is an advisory vote, the outcome of the vote is not binding on us with respect to future executive compensation

Table of Contents

decisions, including those relating to our Named Executive Officers, or otherwise. The Compensation Committee and our Board expect to take into account the outcome of this stockholder advisory vote when considering future executive compensation decisions.

Vote Required

The affirmative vote of a majority of the shares represented at the Annual Meeting and actually voting on this proposal is required for the approval of the proposal. Because only a majority of shares actually voting is required to approve Proposal 3, broker non-votes will have no effect on the outcome of the voting on this proposal. Abstentions will have the legal effect of a vote against this proposal.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE ADVISORY VOTE ON EXECUTIVE COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT.

INFORMATION REGARDING SECURITY OWNERSHIP

The following tables set forth certain information regarding the beneficial ownership of our common stock as of March 31, 2015 by (i) each of our directors, (ii) each of our Named Executive Officers (as defined in the “Summary Compensation Table” below), (iii) all of our executive officers and directors as a group, and (iv) each person known by us to beneficially own more than 5% of the outstanding shares of our common stock. The percentages in these tables are based on 116,696,085 outstanding shares of common stock as of March 31, 2015. Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to the securities. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares underlying options held by that person that will be exercisable within 60 days of March 31, 2015 are deemed to be outstanding. Such shares, however, are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act and the rules of the SEC require our directors, certain officers and beneficial owners of more than 10% of our outstanding common stock to file reports of their ownership and changes in ownership of our common stock with the SEC. Company employees generally prepare these reports on behalf of our executive officers on the basis of information obtained from them and review the forms submitted to us by our non-employee directors and beneficial owners of more than 10% of the common stock. Based on such information, we believe that all reports required by Section 16(a) of the Exchange Act to be filed by our directors, officers and beneficial owners of more than 10% of the common stock during or with respect to 2014 were filed on time, except that Daniel J. Frate, Carolyn B. Homburger, Apratim Purakayastha and Anthony M. Scotto, Jr., did not timely file a Form 3 for their executive officer appointments occurring in December 2014, but such Forms 3 were subsequently filed.

2014 Financial Results

During 2014, we grew revenue, operating income and 60-month backlog as follows:

	Fiscal Year 2014	Fiscal Year 2013	Percentage
	(\$ in millions)	(\$ in millions)	Increase
Revenue	\$ 1,016.1	\$ 864.9	17.5%
Operating Income	\$ 162.9	\$ 155.0	5.1%
60-Month Backlog	\$ 4,229.4	\$ 3,860.5	9.6%

2014 Resulting Pay Outcomes

Our 2014 annual variable cash incentive compensation program and 2012-2014 LTIP awards programs are designed to closely tie the compensation paid to our Named Executive Officers with the performance of the Company. A summary of these compensation elements, the applicable performance metrics, and the results we achieved are set forth in the table below.

Compensation Element	Performance Metrics	Results Achieved
2014 MIC	Operating income; SNET; and 60-month backlog for the 2014 fiscal year	Our 2014 results yielded an overall MIC funding level of 31.91% for our Named Executive Officers.
2012 LTIP	Compound annual growth rate of sales and cumulative operating income for the three-year period 2012 through 2014.	Our 2012-2014 results yielded issuance of performance shares equal to 91% of the target payout.

Mr. Heasley recommended to the Committee that he receive no payments under the 2014 Executive MIC and the Committee exercised its discretion accordingly. He otherwise would have received a payout percentage equal to the Funded Incentive Pool Percentage of 31.91%. The amount was used for discretionary bonuses to senior managers and executives.

Ms. Homberger and Mr. Purakayastha were each paid additional discretionary bonuses of \$123,585, raising their payout percentages to 76.85%. For each, this additional bonus amount reflected their business unit's relative performance. They otherwise would have received a payout percentage equal to the Funded Incentive Pool Percentage of 31.91%.

Stockholder Friendly Pay Practices

- Our equity award and annual variable cash incentive award agreements incorporate forfeiture and recoupment provisions.
- We have stock ownership guidelines for our directors and executive officers.
- We grant annual equity awards so our executive officers have unvested awards that could decrease in value if they do not manage the business with a view to the Company's long-term success.
- We have a balance of time horizons for our incentive awards, including an annual cash incentive program and three-year performance periods for our performance shares and stock options.
- With the exception of our Chief Executive Officer, none of our executive officers, including our Named Executive Officers, has an employment agreement with the Company.
- Over 93% of the votes cast at our 2014 Annual Meeting of Stockholders in the advisory vote on the executive compensation of our Named Executive Officers approved the executive compensation paid to our Named Executive Officers.
- Our equity plans expressly prohibit re-pricing awards without stockholder approval.
- We have no supplemental retirement benefits and minimal perquisites.

Our Executive Compensation Philosophy

The purpose of our executive compensation program is to:

1. attract and retain highly qualified executives who provide leadership to the organization necessary to drive superior results;
2. reward senior executives for achieving measurable goals designed to drive superior company results; and
3. strengthen the commonality of interest between our stockholders and senior executives.

Table of Contents

Underlying the three purposes of executive compensation is our strong belief in a pay-for-performance philosophy. As a result, a significant portion of our executive officer compensation is variable with the level of compensation actually earned by the executive depends on the Company's performance against specified financial, operational and strategic goals and objectives. As the following chart demonstrates, between 78% and 86% of the total on-target compensation provided to our Named Executive Officers is variable compensation linked directly to the performance of the Company.

We design our executive compensation programs to create incentives that promote a balance of short-term profitability, growth and success and long-term value growth for our stockholders. However, to be successful, we must attract talent globally from the information technology, software development and services and financial payments markets. Accordingly, we strive to design executive compensation programs that are competitive in these industries as well as across a broader spectrum of companies of comparable size and complexity in local and global markets.

We compensate our executive officers with a mix of base salary, variable cash incentives and long-term equity incentives. Base salary is designed to provide a market competitive level of pay for each executive based on the executive's level within the organization. Variable cash and long-term equity incentives are designed to reward executives for their contributions to the Company's performance. Executive officer contributions are measured based on achievement of performance targets that correlate to increasing the market success of the business and stockholder value.

To implement our pay-for-performance philosophy, we target total cash compensation for executives at the median of relevant market levels for the respective position. For purposes of this discussion and analysis, the median of relevant market levels or "market median" typically means the 50th percentile of our current peer group and "competitive market data" or "comparative market data" refer to market data regarding our peer

Table of Contents

group. We generally target base salary levels for our executive officers slightly below market median levels with annual short-term variable cash incentive opportunities tied to specific and measurable performance goals that are important to the Company's success and targeted to pay out slightly above market median levels when performance goals are achieved or exceeded.

With respect to equity incentives, we strive to grant our executive officers long-term equity incentive opportunities with a targeted grant date value equal to the 65th percentile of the competitive market data for each position. The use of the 65th percentile of competitive market data for on-target long-term incentive awards demonstrates our belief that executive compensation should emphasize performance-based metrics linked to long-term value creation and stockholder alignment.

In 2015, certain officers, including each of the Named Executive Officers other than Mr. Heasley, received supplemental equity incentive awards in addition to the long-term equity incentives described above.

How We Determine Executive Compensation

Role of Compensation Committee

The Committee operates pursuant to a charter (the "Compensation Committee Charter"), a copy of which is available on our website at www.aciworldwide.com in the ABOUT ACI — Investor Relations — Corporate Governance section. During 2014, Messrs. Seymour, Shay and Suwinski served as members of the Committee. At all times during 2014, each of the Committee members was "independent" as defined in Rule 5605(a)(2) of the NASDAQ listing standards.

The Committee approves base salary and incentive compensation for, and addresses other compensation matters with respect to, our executive officers, including our Named Executive Officers. The Committee grants all stock options and other equity awards to all employees.

In determining our executive officers' compensation, the Committee primarily considers the following:

- the value of similar incentive awards to officers at comparable companies;
- the result of the stockholder advisory vote on executive compensation; and
- the equity and long-term incentive awards given to the officers in prior years.

The Committee is also responsible for the periodic review and evaluation of (i) the terms and administration of our annual and long-term incentive plans to assure that they are structured and administered in a manner consistent with our goals and objectives; (ii) existing equity-related plans and the adoption of any new equity-related plans, including a review and evaluation of our policies and practices relating to grants of equity-based compensation; and (iii) our employee benefits and, if applicable, perquisite programs and approval of any significant changes therein. The Committee also monitors the results of the annual stockholder advisory vote on executive compensation and factors it into the compensation plan.

Role of Our CEO

Our CEO recommends to the Committee the compensation packages for all executive officers. In addition, our CEO annually evaluates the performance of each executive officer and, based on that review, may recommend changes in the executive officer's compensation to the Committee.

The CEO's recommendations may include changes in base salary and the annual on-target variable cash incentive awards under our Management Incentive Compensation ("MIC") program, discretionary cash bonuses, additional or supplemental equity grants, modifications to standard vesting schedules that are deemed to be in the best interest of the Company, and changes to future MIC plan performance metrics or targets to reflect changes in the scope or focus of an executive's position. All compensation changes for executive officers must be reviewed and approved by the Committee.

Management recommends to the Committee performance targets for our MIC program, which targets are based on our one-year operating plan. Management also makes recommendations for our long-term equity program. The equity program targets are tied to our five-year strategic plan.

Role of External Consultants

Pearl Meyer served as the Committee's independent compensation consultant in connection with establishing the 2014 executive compensation.

The Committee regularly reviews the services provided by its outside consultants and believes that Pearl Meyer is independent in providing executive compensation consulting services. The Committee conducted a specific review of its relationship with Pearl Meyer in 2014, and determined that Pearl Meyer's work for the Committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Act and associated SEC and NASDAQ standards. In making this determination, the Committee reviewed information provided by Pearl Meyer on the following factors:

- any other services provided to the Company by Pearl Meyer;
- fees received by Pearl Meyer from the Company as a percentage of Pearl Meyer's total revenue;
- policies or procedures maintained by Pearl Meyer to prevent a conflict of interest;
- any business or personal relationship between the individual Pearl Meyer consultants assigned to the Company and any Committee member;
- any business or personal relationship between the individual Pearl Meyer consultants assigned to the Company, or Pearl Meyer itself, and our executive officers; and
- any Company stock owned by the individual Pearl Meyer consultants assigned to the Company.

In particular, the Committee noted that Pearl Meyer did not provide any services to the Company or its management other than service to the Committee, and its services were limited to executive compensation consulting. Specifically Pearl Meyer does not provide, directly or indirectly through affiliates, any non-executive compensation services, including, but not limited to, pension consulting or human resources outsourcing. The Committee will continue to monitor the independence of its compensation consultant on a periodic basis.

Pearl Meyer's role in 2014 included:

- assisting the Committee with the review of the peer comparison group of companies;
- conducting a competitive compensation analysis for key senior management positions within the Company, including each Named Executive Officer's position;
- reviewing the annual variable cash incentive program and the long-term equity incentive compensation program;
- consulting regarding our independent director compensation program; and
- conducting a benchmarking analysis of compensation against the peer group of companies for the Committee's review.

In connection with its performance of these activities, Pearl Meyer met with the Committee both with and without management present. From time to time, Pearl Meyer also conducted surveys and analyses to assist the Committee in its analysis and decision-making process related to executive compensation. Pearl Meyer did not provide any services beyond executive and independent director compensation consulting services during 2014.

Effect of 2014 Advisory Vote on Compensation

The Committee will continue to take into account the outcome of the stockholder advisory vote on our executive compensation when considering future executive compensation arrangements. The Company received strong stockholder support of our executive compensation at our 2014 Annual Meeting of Stockholders.

Table of Contents

Market Referencing — The 2014 Peer Group

Each year we identify a peer group of businesses for the purpose of benchmarking our executive compensation pay and practices. The peer group used to compare the levels and elements of compensation provided to our executive officers in 2014 is listed below.

Advent Software Inc.	Micros Systems Inc.
Blackbaud Inc	Pegasystems Inc.
CSG Systems International Inc.	Progress Software Corp
Euronet Worldwide Inc.	Solera Holdings Inc.
Fair Isaac Corp	SS&C Technologies Hlgs
Henry (Jack) & Associates	TIBCO Software Inc.
Informatica Corp.	Verifone Systems Inc.

The criteria for selecting companies for our 2014 peer group included U.S. publicly-traded companies in the software or information technology services industries of an appropriate similarity of size, based on revenue and market capitalization as well as companies that have a similar focus in terms of products or customer which would likely compete against the Company for financial capital and employees.

Elements of Executive Compensation

Our executive compensation programs are comprised of the following principal elements, each of which is described in more detail below:

Element of Compensation	Purpose	Pay-for-Performance Considerations	Target Positioning
Cash and Short-Term Variable Cash Compensation:			
Base Salary	Provides competitive, fixed compensation to attract and retain exceptional executive talent.	Adjustments to base salary consider the individual's overall performance, contribution to the business and internal and external comparisons.	We target base salary for our executive officers slightly below market median levels (50 th percentile of peer group companies).
Executive Management Incentive Compensation Program	Encourages and rewards achievement of annual financial, operational and strategic performance goals.	The potential amount received by an executive officer varies to the degree we achieve our annual financial, operational or strategic performance goals and the extent to which the executive officer contributes to the achievement.	We target annual short-term variable cash incentive compensation to pay out slightly above market median levels when performance goals are achieved so that when combined with base salary each executive officer's total cash compensation is at market median level.
Long-Term Incentive Compensation:			
Performance Shares and Stock Options	Encourages executive officers to focus on the long-term performance of the Company, links an	<u>Performance Shares</u> : The number of performance shares earned by an executive officer, if	We grant long-term incentive awards with targeted grant date value equal to the long-term incentives

Change- in-Control Benefits	Preserves productivity, avoids disruption and prevents attrition during a period when we may be involved in a change-in-control transaction and motivates executives to pursue transactions that are in our stockholders' best interests notwithstanding the potential negative impact of the transaction on their future employment.	Not applicable	We strive to provide market competitive post-termination benefits consistent with the post-termination benefits provided at other companies with whom we compete for talent.

Cash and Short-Term Variable Cash Compensation

Our compensation philosophy provides that the total on-target cash compensation of our executives should generally be at the market median (50th percentile of our current peer group). However, based on our pay-for- performance approach, we believe that annual variable cash incentive compensation tied directly to annual financial, operational and strategic performance goals should comprise a greater percentage of each executive's total cash compensation. As a result, we generally set base salaries for our executive officers slightly below the market median with annual on-target variable cash incentive compensation set slightly above the market median.

Base Salary . We generally target base salary levels for our executive officers slightly below market median levels. Each executive officer's base salary, except our Chief Executive Officer's ("CEO"), is based on

Table of Contents

the recommendation of our CEO to the Committee. These recommendations consider competitive market data assessments prepared by our independent compensation consultant. Other business factors used by the CEO in formulating base salary recommendations include the Company's operating budget, a desire to phase in compensation changes over more than one fiscal year, relative levels of cash incentive and long-term equity compensation, the performance of a particular executive officer's business unit in relation to established strategic plans, long-term potential of the executive officer to contribute to our financial position, retention concerns, if any, for individual executives, the overall operating performance of the Company, and the assessment of the executive's performance in the executive's annual performance appraisal. Based on data from the peer group, base salaries for our Named Executive Officers are established.

Mr. Heasley's compensation and the terms of his employment are set forth in his employment agreement, as amended and restated, which agreement is discussed in further detail below in the section entitled "CEO Employment Agreement." The Committee reviews Mr. Heasley's compensation, including his base salary and on-target incentive compensation, and the terms of his employment agreement on an annual basis in connection with the review of all other executive officers' compensation. The Committee considers competitive market data provided by our independent compensation consultant, the performance of the Company and progress on operational and strategic goals in this review. Information regarding the results of the 2014 review of Mr. Heasley's compensation along with details regarding the compensation for our Named Executive Officers during 2014 is set forth below under "Analysis of 2014 Named Executive Officer Compensation" as well as in the "Summary Compensation Table" set forth in the "Executive Compensation" section below.

Variable Cash Incentive Compensation. We generally establish annual on-target variable cash incentive compensation for our executive officers to pay out slightly above market median levels when the performance goals are achieved so that when combined with the executive officer's base salary, total on-target cash compensation for each executive officer falls within the market median. Our variable cash incentive program is known as our Management Incentive Compensation ("MIC") program. Our MIC program is generally available to employees at or above the director level (e.g. one level below a vice president) and provides variable cash awards for business and individual performance during a 12-month performance period. The MIC program is designed to encourage an individual's contribution to, and reward an individual for, Company-wide performance and the attainment of specific operational and financial goals that are controlled by, or can be directly impacted, by the individual.

Our CEO recommends annual on-target MIC awards for each executive officer, excluding himself. The CEO's recommendations take into account competitive market data provided by our independent compensation consultant and general market data and compensation surveys provided by internal compensation resources.

Our MIC program provides for payments ranging from 0% of the applicable bonus opportunity, if the threshold performance levels are not attained, to 200% of the applicable bonus opportunity, if all performance is at or above the levels established to qualify for maximum payouts. Payments for performance between the threshold and maximum levels are interpolated based on the level of performance achieved.

Individualized MIC performance metrics and objectives are established for our executive officers as part of the establishment of our annual operating budget. Performance metrics and related targets for our executive officers may include a mix of core Company-level financial metrics and business unit financial metrics that may be tailored to include important operational factors under the executive officer's control. The performance metrics for our executive officers are all performance metrics set forth in the Executive MIC Plan approved by our stockholders. The Committee approves the performance metrics and objectives for each executive officer and our CEO.

The individual award agreements with each participant in the MIC program, including our Named Executive Officers, grant the Company the right to require a participant to forfeit his or her right to payment or to reimburse the Company for any payments previously paid, along with any other action the Company deems necessary or appropriate, in the event it is determined that the individual participant engaged in misconduct in the course of his or her employment.

In order to be entitled to any payment under the MIC program, the participant must be an employee of the Company on the date of payment, except to the extent otherwise provided by the Company. If the participant's

Table of Contents

employment with the Company terminates for any reason prior to the payment date, the participant is not eligible for a MIC bonus, and he or she forfeits all rights to such payment except to the extent otherwise provided by the Company.

The Committee retains the right at any time to: (i) amend or terminate an individual executive's MIC plan, in whole or in part, (ii) revoke any eligible executive's right to participate in the MIC program, and (iii) make adjustments to performance targets.

Information about the MIC awards earned by our Named Executive Officers during 2014 is set forth below under "Analysis of 2014 Incentive Compensation Programs" as well as in the "Summary Compensation Table" set forth in the "Executive Compensation" section below.

Long-Term Incentive Compensation

Our long-term incentive program ("LTIP") provides for the grant of equity awards and is available to a small group of senior management employees, including executive officers, whose responsibilities and decisions directly impact long-term business results. Including equity awards in the compensation package of our executive officers is beneficial in aligning management and stockholder interests.

The grant value of LTIP equity awards is generally targeted at the 65th percentile of competitive market data. The use of the 65th percentile of competitive market data demonstrates our belief that executive compensation should emphasize performance-based metrics linked to long-term value creation and stockholder alignment. By setting the target long-term incentive award above the competitive market median, we believe we provide executives greater incentive to drive company results that increase long-term stockholder value.

During 2014, the only equity incentive plan we had pursuant to which we granted equity awards, including our 2014 LTIP equity awards (which were granted in December 2013), was the 2005 Incentive Plan. A copy of the amended 2005 Incentive Plan was attached as Exhibit 10.07 to our Quarterly Report on Form 10-Q filed with the SEC on July 31, 2014.

In addition to annual grants under LTIP, we may also grant equity awards to new executives at the time of hire. Additional or special grants of equity awards may also be made to incumbent executives upon the recommendation of the CEO. During 2014, the Committee did not grant any special equity awards to our Named Executive Officers. The Committee granted special equity awards to certain Named Executive Officers in 2015. These awards are described as supplemental long-term incentive compensation below. See also the "2015 Executive Compensation Update — 2015 Supplemental LTIP" section for detailed grant information.

Supplemental Long-Term Incentive Compensation

In 2015 the Committee granted additional equity awards to certain executive officers, including all of our Named Executive Officers other than Mr. Heasley. The supplemental LTIP equity awards are in addition to the equity awards granted to the recipients under the Company's LTIP. These supplemental awards are meant to enhance retention and further incent the achievement of the Company's long-term objectives. The Committee, upon the recommendation of the CEO, may again grant supplemental LTIP equity awards to other employees, including Named Executive Officers, in order to provide additional alignment of an executive's interests with those of our and stockholders and foster long-term retention.

Information about the LTIP equity awards granted to our Named Executive Officers during 2014 is set forth under the "Analysis of 2014 Incentive Compensation Programs" section below. Information about the 2015 equity awards and supplemental equity awards granted to the Named Executive Officers is set forth under the "2015 Compensation Update — 2015 LTIP and 2015 Supplemental LTIP" sections below.

Other Elements of Compensation

Employee Stock Purchase Plan. We maintain an employee stock purchase plan that is available to substantially all employees, including our Named Executive Officers. This plan has been approved by our stockholders. Under the plan, participating employees may contribute up to 10% of their base salary (subject to certain IRS limits) to purchase shares of our common stock at the end of each participation period. The

Table of Contents

participation periods are three-month periods running from February through April, May through July, August through October and November through January each year and the purchase price is equal to 85% of the fair market value of the stock on the last day of the participation period.

Retirement Benefits. We maintain a tax-qualified 401(k) retirement plan that provides for broad-based employee participation. Beginning on the first anniversary of an employee's date of hire, we match the employee's contributions up to 4% of the employee's base salary with an annual match limit of \$4,000 for each employee. All employer and employee contributions are 100% vested immediately. Our Named Executive Officers are eligible to participate in the 401(k) retirement plan.

Non-Qualified Deferred Compensation Benefits. In September 2010, the Committee established the Deferred Compensation Plan which is a non-qualified deferred compensation plan in which a select group of management and highly compensated employees, including our Named Executive Officers, may elect to participate. Eligible participants may elect to defer either base salary or incentive compensation received under the MIC program. Deferral amounts are credited to a bookkeeping account maintained by the Company with hypothetical gains or losses attributable to the earnings indices selected by the employee. The following four earnings indices are available under the Deferred Compensation Plan: S&P 500, the Russell 2000, the Barclay's Bond Index and a fixed rate of return equivalent to the prime rate. The earnings indices are to be used for measurement purposes only and amounts deferred under the Deferred Compensation Plan will not represent any actual investment made on the participant's behalf by the Company. It is intended that this Deferred Compensation Plan will conform with the requirements of Internal Revenue Code Section 409A and regulations pursuant thereto. Additional information on the Deferred Compensation Plan can be found under the heading "Deferred Compensation Plan" in the "Executive Compensation" section below.

Insurance and Disability Benefits. We provide our Named Executive Officers with basic life, health, dental and disability coverage benefits. These benefits are the same as those provided to other employees within the organization.

Perquisites. The Company generally does not provide additional or special executive-only benefits that are not part of our standard compensation practices for a particular geographic location or used to address special circumstances such as relocations.

Severance Benefits. Except for the employment agreement with Mr. Heasley described in detail below in the section entitled "Employment Agreements with Named Executive Officers," we do not have employment or severance agreements with our Named Executive Officers and their employment may be terminated at any time.

Change-in-Control Severance Benefits. Certain Named Executive Officers are entitled to severance benefits under the terms of a Change-in-Control Employment Agreement ("CIC Agreement"). The change-in-control benefits provided in the CIC Agreements are designed to preserve productivity, avoid disruption and prevent attrition during a period when we are, or are rumored to be, involved in a change-in-control transaction. The change-in-control severance program also motivates executives to pursue transactions that are in our stockholders' best interests notwithstanding the potential negative impact of the transaction on their future employment. A description of the current CIC Agreements can be found below under the heading "Potential Payments upon Termination or Change-in-Control – Change-In-Control Employment Agreements."

Analysis of 2014 Named Executive Officer Compensation

In connection with establishing the 2014 compensation for our CEO and executive officers, the Committee engaged Pearl Meyer to conduct a competitive compensation analysis for key senior management positions within the Company, including each Named Executive Officer's position (the "Competitive Analysis"). In the Competitive Analysis, Pearl Meyer provided compensation data on the CEOs of our peer group companies for the Committee's consideration as well as compensation data on the other executive officer positions and general industry compensation survey data.

In addition to reviewing competitive market data, the Committee also believes that individual compensation should reflect an executive officer's position and value to our organization considering individual contribution to

business results, knowledge and skills, and market value and that individual compensation should also take into consideration long-term potential of the executive officer to contribute to our financial position and retention concerns, if any, for individual executives.

Analysis of 2014 Incentive Compensation Programs

2014 Executive MIC

The 2014 MIC program ran from January 1, 2014 through December 31, 2014. All MIC awards granted to our executive officers, including our Named Executive Officers, granted pursuant to the Executive MIC Plan (the “2014 Executive MIC”). Under the 2014 Executive MIC, executive officers were eligible to receive annual bonus awards based on combinations of performance metrics which fall into one of two classes: (i) “Core Company Financial Metrics” consisting of operating income, SNET and 60-month backlog, and (ii) business unit performance metrics. The objective of the 2014 Executive MIC was to encourage executives to contribute toward the attainment of the Company’s consolidated financial and performance goals for fiscal year 2014.

The 2014 MIC program incorporated a funding mechanism related to the funding of the incentive pool available for payout of MIC bonuses (the “Funded Incentive Pool”). Only the Core Company Financial Metrics were used to determine the Funded Incentive Pool. The total Funded Incentive Pool available for payout is the weighted payout of the three performance metrics, which equaled 31.91% for the 2014 MIC.

Core Company Financial Metric	Metric Weighting	Target Attainment Percentage	MIC Bonus Payout Percentage
Operating Income	75%	90% Attainment	40%
		Target Attainment	100%
		118% Attainment	200%
Sales, Net of Term Extensions	15%	90% Attainment	40%
		Target Attainment	100%
		114% Attainment	200%
60-Month Backlog	10%	98% Attainment	40%
		Target Attainment	100%
		103% Attainment	200%

The incorporation of the Funded Incentive Pool provides a common set of performance metrics to fund the MIC program for all participants. By establishing a Funded Incentive Pool tied to three key financial metrics, all executive officers and members of the senior management team focused on achieving results in operating income, SNET and 60-month backlog.

Bonus payouts under the 2014 MIC program, including, the 2014 Executive MIC, could have been more or less than the target 100% bonus opportunity (up to a maximum of 200%) depending on the level of attainment against each performance metric target. However, the total MIC bonus paid to our Named Executive Officers could not exceed the Funded Incentive Pool percentage.

The performance metrics, relative metric weight and actual attainment for the annual bonus opportunities under the 2014 Executive MIC based on the Core Company Financial Metrics are set forth in the table below.

2014 Executive MIC						
January 1, 2014 – December 31, 2014						
Core Company Financial Metric	Metric Weight	Performance Target (% in millions)	Actual Attainment (\$ in millions)	Attainment Percentage	Payout Percentage	Weighted Payout Percentage
Operating Income(1)	75%	\$ 211,670	\$ 162,902	0%	0%	0%
SNET	15%	\$ 732,286	\$ 702,103	95.88%	95.88%	14.38%
60-Month Backlog	10%	\$ 3,856,083	\$ 3,859,046	102.61%	175.3%	17.53%
TOTAL PAYOUT						31.91%

(1) Operating Income objectives and actual results excluded foreign exchange expenses and certain one-time expenses.

Table of Contents

The table below sets forth the individual payments and payout percentages provided to our Named Executive Officers during 2014.

Name of Executive	2014 Executive MIC	
	Payout Amount (\$)	Payout Percentage (%)
Philip G. Heasley	0	0
Scott W. Behrens	108,494	31.91
Daniel J. Frate	43,400	10.85
Carolyn J. Homberger	211,338	76.85
Apratim Purakayastha	211,338	76.85

Mr. Heasley recommended to the Committee that he receive no payments under the 2014 Executive MIC and the Committee exercised its discretion accordingly. He otherwise would have received a payout percentage equal to the Funded Incentive Pool Percentage of 31.91%.

Ms. Homberger and Mr. Purakayastha were each paid additional discretionary bonuses of \$123,585, raising their payout percentages to 76.85%. For each, this additional bonus amount reflected their business unit's relative performance. They otherwise would have received a payout percentage equal to the Funded Incentive Pool Percentage of 31.91%.

2014 LTIP

The 2014 LTIP was comprised of a combination of stock options and performance shares. The Committee believes that the combination of stock option and performance share awards reinforces the objectives of making long-term incentives (i) variable so that the level of variable compensation actually earned by the executive depends on the Company's performance against specified financial, operational and strategic goals, and (ii) directly tied to increasing stockholder value. Stock options provide a critical and direct link between executives and stockholders.

LTIP Performance Shares. Performance shares provide a competitive performance-based substitute to traditional time-based equity awards while linking executive management incentives to stockholder interests. We design the performance shares compensation program and the applicable performance metrics to focus executives on a clear set of objectives over a three-year performance period. The performance metrics and the relative weight of each metric are developed for each plan cycle and approved by the Committee.

Performance shares granted as part of the 2014 LTIP have a three-year performance period which runs from January 1, 2014 through December 31, 2016 (the "Performance Period"). Performance shares granted to participants, including our Named Executive Officers, as part of the 2014 LTIP are earned, if at all, based upon the achievement, over the Performance Period, of performance goals relating to the following: (a) compound annual growth rate over the Performance Period in SNET for the Company and (b) the cumulative operating income over the Performance Period for the Company, in each case as determined by the Company.

Receipt of performance shares granted as part of the 2014 LTIP is not guaranteed, and the grantees, including our Named Executive Officers, will earn the awards only if both performance goals exceed a threshold performance level. If the Company achieves the threshold performance level for both performance goals, then grantees will earn performance shares based on a performance matrix that provides 50% of the awarded performance shares are earned for threshold performance, 100% of the awarded performance shares are earned for target performance and 200% of performance shares are earned for performance at or above the maximum performance. Payments for performance between the threshold and maximum levels are interpolated based on the level of performance achieved.

In accordance with applicable accounting standards, expense related to performance share awards is accrued if the attainment of performance indicators is probable as determined by management. The expense is recognized over the applicable Performance Period. Each quarter management evaluates the probability that the target performance goals will be achieved, if at all, and the anticipated level of attainment.

Table of Contents

LTIP Stock Options. The Committee included time-vested stock options in the 2014 LTIP to reward long-term Company performance, link an executive's incentives to the stockholders' interests in increasing stockholder value and to provide executives with incentives to stay with the Company. Stock options granted as part of 2014 LTIP vest in equal annual installments over a three-year period and have a 10-year term. In accordance with the Company's equity award granting policy, the exercise price of all stock options equals the closing sale price (price for last trade) of our common stock as reported by The NASDAQ Global Select Stock Market on the date of grant.

Equity Policies

Stock Ownership Guidelines

Our executive officers have stock ownership guidelines designed to link the interests of executive management with that of our stockholders. These guidelines provide that our executive officers, including our Named Executive Officers, should have specific equity positions in the Company which vary by position. Under the guidelines, our CEO is expected to own shares with a value equal to six times his base salary. The remaining executive officers, including our Named Executive Officers, are expected to own shares with a value equal to three times their base salary. Shares used to calculate compliance with the ownership guidelines include direct share purchases, shares acquired through any employee benefit plan, as well as vested shares of restricted stock and the vested in-the-money portion of any stock options held by the executive officer. Current ownership levels for the Named Executive Officers vary depending on their length of employment with us. Each executive officer has five years from the date of their appointment to an executive officer position to achieve the target ownership levels. An executive officer who fails to meet the ownership guidelines within the five-year period will not be eligible for new equity awards until he or she achieves his prescribed ownership level.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Code limits the deductibility of compensation in excess of \$1 million paid to our Named Executive Officers, unless the compensation qualifies as "performance-based compensation." Among other things, in order to be deemed performance-based compensation, the compensation must be based on the achievement of pre-established, objective performance criteria and must be pursuant to a plan that has been approved by our stockholders.

We believe that it is important to continue to be able to take all available company tax deductions with respect to the compensation paid to our Named Executive Officers. However, we also believe that preserving flexibility in awarding compensation is in our best interest and that of our stockholders, and we may determine, in light of all applicable circumstances, to award compensation in a manner that will not preserve the deductibility of such compensation under Section 162(m) of the Code.

Employment Agreements with Named Executive Officers

CEO Employment Agreement

On March 5, 2005, we entered into an Employment Agreement (the "CEO Employment Agreement") with Philip G. Heasley, pursuant to which Mr. Heasley agreed to serve as our President and CEO for an initial term of four years. The CEO Employment Agreement was amended on September 7, 2007 and subsequently amended and restated on January 7, 2009 (the "Restated CEO Employment Agreement"). A copy of the Restated CEO Employment Agreement was attached as Exhibit 10.1 to our Current Report on Form 8-K filed with the SEC on January 7, 2009.

Following the initial six-year employment period, the Restated CEO Employment Agreement is automatically extended for successive one-year periods, unless we give 30 days' written notice to Mr. Heasley that the Restated CEO Employment Agreement will not be renewed for an additional year, or unless the Restated CEO Employment Agreement is otherwise terminated in accordance with its terms. So long as Mr. Heasley continues to serve as our President and CEO, the Board will nominate Mr. Heasley to serve as a member of our

Table of Contents

Board of Directors. The Restated CEO Employment Agreement provides that during one-year renewal periods, Mr. Heasley's base salary, an annual on-target MIC award as well as other compensation as set forth in the Restated CEO Employment Agreement will be mutually agreed upon by the Board and Mr. Heasley.

Pursuant to the Restated CEO Employment Agreement, if Mr. Heasley's employment is terminated by the Company without cause or by Mr. Heasley for good reason, Mr. Heasley will be entitled to (1) a lump sum payment equal to his bonus for the quarter in which his employment is terminated; (2) a lump sum payment equal to two times the sum of (A) his base salary at the time of termination and (B) his average annual bonus amount received during the two most recent fiscal years of the Company ending prior to the date of termination; and (3) continued participation in the Company's medical and dental plans until the earlier of (a) two years or (b) until he is eligible to be covered under any other medical or dental plans. Mr. Heasley will also be subject to certain non-competition obligations for a period of one year following termination of his employment. The Restated CEO Employment Agreement also provides that if payments by the Company to Mr. Heasley would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then Mr. Heasley will be entitled to a gross up payment such that he will be in the same after-tax position as if no excise tax had been imposed. If Mr. Heasley is entitled to payments under the Change-in-Control Employment Agreement (as described below), no payments will be made to Mr. Heasley under the Restated CEO Employment Agreement.

2015 Compensation Update

2015 Peer Group

The peer group used to compare the levels and elements of compensation provided to our executive officers in 2015 was the reference peer group that was developed by Pearl Meyer for 2014, except that PTC Inc. and Total System Services, Inc. have been added to the 2015 peer group. The companies in the 2015 peer group are:

Advent Software Inc.	Pegasystems Inc.
Blackbaud Inc	Progress Software Corp
CSG Systems International Inc.	PTC Inc.
Euronet Worldwide Inc.	Solera Holdings Inc.
Fair Isaac Corp	SS&C Technologies Hlgs
Henry (Jack) & Associates	TIBCO Software Inc.
Informatica Corp.	Total System Services, Inc.
Micros Systems Inc.	Verifone Systems Inc.

Compensation data from the peer group was considered by the Committee in making its 2015 compensation decisions in addition to Company performance and individual performance and contributions.

The criteria for selecting companies for our 2015 peer group included U.S. publicly-traded companies in the software or information technology services industries of an appropriate similarity of size, based on revenue or market capitalization as well as companies that have a similar focus in terms of products or customer which would likely compete against the Company for financial capital and employees.

In January 2015, the Committee established 2015 compensation for our executive officers, including our Named Executive Officers. In connection with establishing the 2015 compensation for our CEO and executive officers, the Committee engaged Pearl Meyer to conduct a competitive compensation analysis for key senior management positions within the Company, including each Named Executive Officer's position (the "2015 Competitive Analysis"). In the 2015 Competitive Analysis, Pearl Meyer provided compensation data on the CEOs of our peer group companies for the Committee's consideration as well as compensation data on the other executive officer positions and general industry compensation survey data. The 2015 Competitive Analysis contains information related to the median levels (50th percentile) of our peer group or "market median" levels.

CEO Compensation

The Committee reviewed the 2015 Competitive Analysis and determined that Mr. Heasley's base salary of \$700,000 and on-target MIC award of \$700,000 were consistent with its compensation philosophy and therefore, the Committee did not make any changes to Mr. Heasley's base salary or on-target MIC award.

Table of Contents

Other Named Executive Officers

The Committee accepted the CEO's recommendations and increased Mr. Behrens', Ms. Homberger's and Mr. Purakayastha's base salary to \$350,000, \$310,000 and \$310,000 effective January 1, 2015, respectively. Mr. Behrens', Ms. Homberger's and Mr. Purakayastha's on-target MIC award for 2015 remained 100% of their base salary. Mr. Frate's base salary of \$400,000 remained unchanged and his on-target MIC award for 2015 remained 100% of his base salary.

Incentive Compensation

2015 Executive MIC . All MIC awards granted to our executive officers, including our Named Executive Officers, in 2015 were granted pursuant to the Executive MIC Plan (the "2015 Executive MIC"). The structure of the 2015 Executive MIC is consistent with the 2014 Executive MIC. MIC bonus amounts are determined based upon the achievement of two categories of performance metrics: (i) funding metrics which consist of the following core Company financial metrics: operating income and SNET and (ii) business unit performance metrics. A MIC bonus may be more or less than 100% (up to a maximum of 200%) of its target level depending upon the percentage attainment of the performance metrics in the executive officer's plan.

2015 LTIP . On January 26, 2015, the Committee granted the 2015 LTIP awards to the executive officers, including our Named Executive Officers. The form of the 2015 LTIP award is comprised of a combination of stock options and performance shares. The performance shares granted as part of the 2015 LTIP awards are earned, if at all, based upon the achievement, over a three-year period commencing January 1, 2015 and ending December 31, 2017 of performance goals relating to the following: (i) compound annual growth rate over the performance period in SNET Company, and (ii) the cumulative operating income over the performance period for the Company in each case as determined by the Company. Under the 2015 LTIP, the Committee granted our Named Executive Officers the following 2015 LTIP awards:

Name	Grant Date Value(1)	Number of Stock Options	Number of On-Target Performance Shares

(1) Grant date value was computed in accordance with FASB ASC Topic 718. The performance shares comprised approximately 60% and the stock options comprised approximately 40% of the grant date value delivered.

2015 Supplemental LTIP . On January 26, 2015, the Committee granted 2015 Supplemental LTIP awards to certain executive officers, including all of our Named Executive Officers other than the CEO. The 2015 Supplemental LTIP is in addition to the 2015 LTIP. The performance shares granted as part of the 2015 Supplemental LTIP awards are earned, if at all, based upon the achievement, over a five-year period commencing January 1, 2015 and ending December 31, 2019 of performance goals relating to the following: (i) compound annual growth rate over the performance period in SNET, and (ii) the cumulative operating income over the performance period for the Company, in each case as determined by the Company.

The 2015 Supplemental LTIP included a grant of stock options that are scheduled to vest in three equal installments on the third, fourth and fifth anniversary of the grant date. These options become exercisable, if at all, in three equal increments if the closing price per share of the Company's common stock on the NASDAQ Global Select Market meets or exceeds 133%, 167% and 200%, respectively, of the closing price of the Company's common stock on the grant date for at least 20 consecutive trading days prior to the fifth anniversary of the grant date.

2014 Grants of Plan-Based Awards

In 2014, we did not make any grants of plan-based awards to our Named Executive Officers as the 2014 LTIP and 2014 MIC awards were granted on December 12, 2013 and the 2015 LTIP and 2015 MIC Awards were granted on January 27, 2015. Accordingly, the 2014 Grants of Plan-Based Awards table has been omitted.

- (1) In accordance with SEC rules, the amounts in column (c) were calculated by determining the difference between the market price of the underlying securities at exercise and the exercise price of the options, and the amounts in column (e) were calculated by multiplying the number of shares of restricted stock that vested by the market value of the underlying shares on the vesting date.

Deferred Compensation Plan

In September 2010, the Compensation Committee approved the Amended and Restated Deferred Compensation Plan (the "Deferred Compensation Plan"). A copy of our Deferred Compensation Plan was attached as Exhibit 4.3 to our Registration Statement on Form S-8 filed with the SEC on September 9, 2010.

The Deferred Compensation Plan is an unfunded, nonqualified deferred compensation plan designed to allow a select group of management or highly compensated employees designated by our Compensation Committee, including our Named Executive Officers, to save for retirement on a tax-deferred basis. The Deferred Compensation Plan is intended to comply with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended. The effective date for the Deferred Compensation Plan was October 1, 2010. The initial plan year commenced October 1, 2010 and ended on December 31, 2010. Each plan year thereafter runs from January 1 to December 31.

Amounts deferred under the Deferred Compensation Plan will be credited to bookkeeping accounts maintained by the Company for each participant and will be credited or debited with the participant's proportionate share of any gains or losses attributable to the earnings indices selected by the participant. The Compensation Committee will designate the earnings indices available to participants; provided, however, under no circumstances shall the value of our common stock be used as an earnings index. The Committee selected the following four earnings indices: S&P 500, the Russell 2000, the Barclay's Bond Index and a fixed rate of return equivalent to the prime rate. The earnings indices are to be used for measurement purposes only and amounts deferred under the Deferred Compensation Plan will not represent any actual investment made on the participant's behalf by the Company. The amount that the Company is required to pay under the Deferred Compensation Plan is equal to the elective deferrals made by the participant, as adjusted for the hypothetical gains or losses based on the earnings indices selected by the participant. The Company may make discretionary contributions to participant accounts in such amounts and at such times as are determined by the Company from time to time in its sole discretion.

Amounts deferred by a participant are fully vested at all times. The Compensation Committee may impose a vesting schedule of up to five years with respect to discretionary contributions, if any, made by the Company to a participant account.

The amounts payable to participants under the Deferred Compensation Plan will be payable in accordance with the distribution provisions of the Deferred Compensation Plan. Distribution generally cannot be made prior

Table of Contents

to the distribution dates specified by the participants, other than withdrawals made in the event of a participant's (i) "unforeseeable emergency," as defined in the Deferred Compensation Plan, (ii) separation from service, (iii) death or (iv) disability. Distributions will be made to participants in a single lump-sum payment after the earliest of (a) the participant's separation from service, (b) the participant's death or (c) the participant's disability ("Standard Distribution"). In lieu of the Standard Distribution timing, a participant may elect, at the time of deferral, to receive distribution in a given plan year (a) at a specified date or time (or upon attainment of a specific age), or (b) upon the earlier of such date (or age) or one or more of the Standard Distribution events. A participant may also elect, at the time of deferral, to receive distributions in annual installments for a period of up to 10 years. Deferred amounts retained in a participant's account during the payout period continue to earn hypothetical gains and are subject to hypothetical losses based on the earnings indices selected by the participant.

Amounts deferred under the Deferred Compensation Plan are general unsecured obligations of the Company and are subject to the claims of the Company's general creditors and rank equally with other unsecured indebtedness of the Company from time to time outstanding.

The Deferred Compensation Plan is administered by the Compensation Committee and the Compensation Committee has full power to interpret the plan and determine all questions that arise under it. The Compensation Committee reserves the right to amend or terminate the Deferred Compensation Plan at any time; provided, however, that no such action shall affect a participant's right to receive the full amount of his or her vested account balance.

During 2014, none of our Named Executive Officers made any contributions to the Deferred Compensation Plan and the Company did not make any discretionary contributions to any Named Executive Officer's account.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Except for the employment agreement with Mr. Heasley described above, and the change-in-control agreements described below, none of our Named Executive Officers have employment or severance agreements with the Company and their employment may be terminated at any time.

Change-In-Control Employment Agreements

We have entered into a Change-In-Control Employment Agreement (the "CIC Agreement") with certain of our Named Executive Officers (each an "Executive" for purposes of this section). A copy of the form of CIC Agreement for all Executives was attached as Exhibit 10.2 to our Current Report on Form 8-K filed with the SEC on January 7, 2009.

Under the CIC Agreement, we are required to employ the Executive for a two-year period following a change-in-control (the "Employment Period"). During the Employment Period, we must (1) pay the Executive a base salary equal to the highest annual rate of base salary paid or payable to the Executive during the 12-month period prior to the change-in-control, (2) award the Executive for each fiscal period during the Employment Period total annual and quarterly bonus opportunities in amounts greater than or equal to the Executive's target annual and quarterly bonus opportunities for the year in which the change-in-control occurs, and (3) allow the Executive opportunities to participate in the Company's incentive, savings and retirement plans to an extent no less favorable than opportunities provided for by the Company in the 120-day period prior to the beginning of the Employment Period.

The CIC Agreement also sets forth our obligations in the event the Executive's employment terminates during the Employment Period. The following is a summary of such obligations.

Termination of Employment Other Than for Cause or by Executive for Good Reason. If we terminate the Executive's employment other than for cause or the Executive's death or disability, or the Executive terminates his employment for good reason, the Executive will be entitled to receive from the Company certain payments and benefits. These payments and benefits include (1) the lump sum payment of (a) the Executive's unpaid current year annual base salary through the date of termination, the current year target annual bonus pro-rated through the date of termination, and any accrued and unpaid vacation pay (collectively, the "Accrued

Table of Contents

Obligations”), and (b) two or, in the case of Mr. Heasley only, three times, the sum of the Executive’s annual base salary and target annual bonus; (2) continued participation at the Company’s cost in the welfare benefits plans in which the Executive would have been entitled to participate, for two or, in the case of Mr. Heasley only, three years, from the date of termination or until the Executive receives equivalent benefits from a subsequent employer, in which case, welfare benefits plans provided by the Company will be secondary to the subsequent employer’s plans during the applicable period of eligibility; (3) outplacement services not to exceed \$50,000; and (4) any unpaid amounts that are vested benefits or that the Executive is otherwise entitled to receive under any plan, policy, practice or program of, or any other contract or agreement with, the Company or the affiliated companies at or subsequent to the date of termination (the “Other Benefits”).

Death. If the Executive’s employment is terminated by reason of the Executive’s death, we must provide the Executive’s estate or beneficiaries with the Accrued Obligations and the timely payment or delivery of the Other Benefits, and will have no other severance obligations under the CIC Agreement.

Disability. If the Executive’s employment is terminated by reason of the Executive’s disability, we must provide the Executive with the Accrued Obligations and the timely payment or delivery of the Other Benefits, and shall have no other severance obligations under the CIC Agreement.

Termination of Employment for Cause or by Executive other than for Good Reason. If the Executive’s employment is terminated for cause, we must provide the Executive with the Executive’s annual base salary through the date of termination, and the timely payment or delivery of the Other Benefits, and will have no other severance obligations under the CIC Agreement. If the Executive voluntarily terminates employment, excluding a termination for good reason, we must provide to the Executive the Accrued Obligations and the timely payment or delivery of the Other Benefits, and will have no other severance obligations under the CIC Agreement.

Tax-Gross-Up. If any payment under the CIC Agreement would be subject to excise tax, the Executive will be entitled to receive an additional payment (the “Gross-Up Payment”) in an amount such that, after payment by the Executive of all taxes, including, without limitation, any income taxes (and any interest and penalties imposed with respect thereto) and excise tax imposed upon the Gross-Up Payment, but excluding any income taxes and penalties imposed pursuant to Section 409A of the Code, the Executive retains an amount of the Gross-Up Payment equal to the excise tax imposed upon the payments. There is, however, a provision of the CIC Agreements under which a portion of the Executive’s payments under the CIC Agreement will be forfeited if the excise tax can be eliminated (provided the forfeiture cannot exceed 10% of the amount due to the Executive).

Acceleration of Equity Awards. In the event of a change-in-control, all stock-based awards held by the Executive will vest in full, in each case immediately prior to the occurrence of such change-in-control, and any applicable performance-based vesting goals with respect to such stock-based awards granted to the Executive shall be deemed satisfied at the target level; *provided, however*, that (a) any performance shares awarded under the Company’s 2005 Incentive Plan and (b) any stock options which vest upon the attainment of a certain per-share transaction price in connection with a change-in-control granted under the Company’s 2005 Incentive Plan, will, in each case, vest pursuant to the terms of the applicable award agreement, notwithstanding the provision of any award agreement requiring that market conditions exist for a specified duration of time.

Non-solicitation and Non-competition Provisions. During the Employment Period and for a period of one year following termination of employment, each Executive agrees not to (a) enter into or engage in any business that competes with the Company’s business within a specified restricted territory; (b) solicit customers with whom the Executive had any contact or for which the Executive had any responsibility (either direct or supervisory) at the date of termination or at any time during the one (1) year prior to such date of termination, whether within or outside of the restricted territory, or solicit business, patronage or orders for, or sell, any products and services in competition with, or for any business that competes with the Company’s business within the restricted territory; (c) divert, entice or otherwise take away any customers, business, patronage or orders of the Company within the restricted territory, or attempt to do so; (d) promote or assist, financially or otherwise, any person, firm, association, partnership, corporation or other entity engaged in any business that competes with the Company’s business within the restricted territory; or (e) solicit or induce or attempt to solicit or induce any employee(s), sales representative(s), agent(s) or consultant(s) of the Company and/or its affiliated companies to

Table of Contents

terminate their employment, representation or other association with the Company and/or its affiliated companies, provided that the foregoing shall not apply to general advertising not specifically targeted at employees, sales representatives, agents or consultants of the Company and/or its affiliated companies.

Release. As a condition to receiving any of the severance benefits under the CIC Agreements, the Named Executive Officers are required to release the Company and its employees from all claims that the Named Executive Officer may have against them.

Post-Termination Benefits Under Incentive Plans

Executive MIC Plan

Under the Executive MIC Plan, in order to be entitled to a payment under the plan, the executive, including our Named Executive Officers, must be employed by the Company on the date of payment. If employment with the Company is terminated for any reason prior to the payment date, the executive will not be eligible for a bonus under the Executive MIC Plan and the executive forfeits all rights to such payment except to the extent otherwise provided by the Company.

The individual award agreements with each executive officer, including our Named Executive Officers, related to the Executive MIC Plan, grant the Company the right to require an executive officer to forfeit his or her right to payment or to reimburse the Company for any payments previously paid, along with any other action the Company deems necessary or appropriate, in the event it is determined that the executive officer engaged in misconduct in the course of his or her employment.

2005 Incentive Plan

Stock Options. The award agreements for stock options granted under the 2005 Incentive Plan generally provide that if an optionee, including a Named Executive Officer, voluntarily terminates employment with the Company, all unvested stock options will terminate and the optionee will have 90 days from the date of termination to exercise any vested stock options granted under the 2005 Incentive Plan. However, the award agreements also generally provide that if the optionee's employment terminates due to death or disability, all stock options will immediately vest upon the optionee's death or disability and the optionee (or his or her estate or personal representative) will have one year from the date of death or disability to exercise the stock options. Award agreements to executive officers, including our Named Executive Officers, also generally provide that all stock options will immediately vest upon the occurrence of a change-in-control of the Company. A copy of the form of Nonqualified Stock Option Agreement used to grant stock options to employees, including our Named Executive Officers, under the 2005 Incentive Plan was filed as Exhibit 10.4 to our Current Report on Form 8-K filed with the SEC on January 30, 2015.

Performance Shares. The award agreements for performance shares granted under the 2005 Incentive Plan generally provide that if an employee, including a Named Executive Officer, voluntarily terminates employment with the Company prior to payment of the performance shares, all performance shares are forfeited. In the event of death, disability or termination of employment without cause, the award agreements generally provide that the Company must pay the employee a pro-rata portion of the performance shares the officer would have been entitled based on the performance of the Company during the full fiscal quarters completed during the applicable performance period until the date of termination. Such amounts will be paid made as soon as practicable after the receipt of audited financial statements of the Company relating to the last fiscal year of the performance period. The award agreements for performance shares also provide that in the event of a change-in-control of the Company, the Company will pay the employee, within 60 days of the change-in control, a pro-rata portion of the performance shares the employee would have been entitled to based on the performance of the Company at the target level for the full fiscal quarters completed during the applicable performance period prior to the date of the change-in-control. A copy of the form of LTIP Performance Shares Agreement used to grant performance shares to employees, including our Named Executive Officers, under the 2005 Incentive Plan was filed as Exhibit 10.3 to our Current Report on Form 8-K filed with the SEC on January 30, 2015.

Restricted Shares. The award agreements for restricted shares granted under the 2005 Incentive Plan generally provide that if any employee, including a Named Executive Officer, voluntarily terminates

Table of Contents

employment with the Company, the employee forfeits all unvested restricted shares. However, the award agreements also generally provide that if the employee's employment terminates due to death or disability, all shares of restricted stock will immediately vest upon the employee's death or disability. Award agreements to executive officers, including our Named Executive Officers, also generally provide that all shares of restricted stock will immediately vest upon the occurrence of a change-in-control of the Company. A copy of the form of Restricted Share Award Agreement used to grant restricted shares to employees, including our Named Executive Officers, under the 2005 Incentive Plan was filed as Exhibit 10.29 to our Annual Report on Form 10-K for the year ended December 31, 2010 filed with the SEC on February 26, 2009.

Supplemental Stock Options. The award agreements for supplemental stock options granted under the 2005 Incentive Plan generally provide that if an optionee, including a Named Executive Officer, voluntarily terminates employment with the Company, all unvested stock options will terminate and the optionee will have 90 days from the date of termination to exercise any vested stock options granted under the 2005 Incentive Plan. A copy of the form of Supplemental Nonqualified Stock Option Agreement used to grant stock options to employees, including our Named Executive Officers, under the 2005 Incentive Plan was filed as Exhibit 10.2 to our Current Report on Form 8-K filed with the SEC on January 30, 2015.

Supplemental Performance Shares. The award agreements for supplemental performance shares granted under the 2005 Incentive Plan generally provide that if an employee, including a Named Executive Officer, voluntarily terminates employment with the Company prior to payment of the supplemental performance shares, all supplemental performance shares are forfeited. In the event of death, disability or termination of employment without cause, the award agreements generally provide that the Company must pay the employee a pro-rata portion of the supplemental performance shares the officer would have been entitled based on the performance of the Company during the full fiscal quarters completed during the applicable performance period until the date of termination. Such amounts will be paid made as soon as practicable after the receipt of audited financial statements of the Company relating to the last fiscal year of the performance period. A copy of the form of LTIP Supplemental Performance Shares Agreement used to grant performance shares to employees, including our Named Executive Officers, under the 2005 Incentive Plan was filed as Exhibit 10.1 to our Current Report on Form 8-K filed with the SEC on January 30, 2015.

Forfeiture and Recoupment Provisions. Commencing in 2009, our form of award agreements for all awards granted to employees pursuant to the 2005 Incentive Plan, including Named Executive Officers, provide that if the Company is required to restate its consolidated financial statements because of material noncompliance due to irregularities with the federal securities laws, which restatement is due, in whole or in part, to the misconduct of the employee, or it is determined that the employee has otherwise engaged in misconduct (whether or not such misconduct is discovered prior to the termination of the employee's employment), the Company has (a) the right to cause the forfeiture or cancellation of any unvested and/or vested portion of the option, any unvested restricted shares or any unearned performance shares, (b) cause the transfer of ownership back to the Company of any vested shares not subject to transfer restrictions, common shares issued as payment for earned performance shares or cash received as payment for earned performance shares, and (c) the right to recoup any proceeds from (i) the exercise or vesting of the option, (ii) the vesting of the restricted shares, (iii) the sale of shares of our common stock issued pursuant to the exercise of the option or as payment for earned performance shares, and (iv) the sale of any unrestricted shares, along with any other action the Company determines is necessary or appropriate and in the best interest of the Company and its stockholders.

Other Stock Option Plans

The Company has two other stock option plans pursuant to which our Named Executive Officers held outstanding stock options at the end of 2014: the 1999 Stock Option Plan, as amended (the "1999 Option Plan"). The 1999 Option Plan expired on February 23, 2009. Termination or expiration of this plan does not affect the outstanding awards issued under the plans.

The award agreements for stock options granted under these option plans generally provide that if an optionee, including a Named Executive Officer, voluntarily terminates employment with the Company, all unvested stock options will terminate and the optionee will have one month from the date of termination to exercise any vested stock options. However, the award agreements also generally provide that if the optionee's

Table of Contents

employment terminates due to death or disability, all stock options will immediately vest upon the optionee's death or disability and the optionee (or his or her estate or personal representative) will have one year from the date of death or disability to exercise the stock options. The award agreements granting stock options to executive officers, including our Named Executive Officers, under each of these plans also generally provide that all stock options will immediately vest upon the occurrence of a change-in-control of the Company.

Potential Post-Termination Benefits Table

The table below quantifies certain compensation that would have become payable to our Named Executive Officers in the event such executive officer's employment had terminated on December 31, 2014 under various circumstances. The estimates set forth in the table below are based on our Named Executive Officers' compensation and service levels as of such date and, if applicable, the closing stock price of our common stock on that date which was \$20.17. These benefits are in addition to benefits generally available to salaried employees such as distributions under our 401(k) Plan, disability benefits and accrued vacation pay

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed to our Named Executive Officers may be different. Factors that could affect these amounts include the timing of any such event, our stock price and the executive's age.

to death, disability or retirement, will be paid out at the end of the performance period based on the audited financial statements of the Company relating to the last year of the performance period. Using the performance of the Company as of December 31, 2014 as a base and then annualizing such performance through the remaining performance period, the 2011 granted performance shares to vest at 91%, the 2012 granted performance shares to vest at 100% and the 2013 granted performance shares to vest at 100%. However, based on management's evaluation of the probability that the performance goals will be achieved used to determine the compensation expense to be recorded for the performance shares, the following table provides an estimate of the pro rata portion of the performance shares that would be paid to our Named Executive Officers upon completion of the performance period based on termination without cause or due to death, disability or retirement approved by the Company. The amounts shown do not correspond to the actual amount of performance shares, if any, or the actual value that will be realized by the Named Executive Officer.
