About the Skylanders® Franchise

The award-winning, \$3 billion *Skylanders®* franchise has sold through more than 250 million toys¹ since pioneering the toys-to-life category in 2011 with the debut of *Skylanders® Spyro's Adventure*. The game originated a play pattern that seamlessly bridged physical and virtual worlds across multiple platforms. In 2012, *Skylanders® Giants* further evolved the genre and added *LightCore®* characters to the collection of interaction figures. *Skylanders® SWAP Force™*, which launched in 2013, introduced an all new play pattern - swapability. In 2014, *Skylanders® Trap Team* reversed the magic of bringing toys to life by allowing players to pull characters out of the digital world into the physical world and became the number 1 kids' console game globally¹. *Skylanders® SuperChargers* launched in 2015 and expanded upon the franchise's signature gameplay to introduce vehicles-to-life for the first time. On Oct. 16, *Skylanders Imaginators* captured kids' imaginations like never before with the ability to create your own Skylander.
