Net written premium (gross written premium less cessions for reinsurance, including cessions to Maiden Insurance Company (Maiden)) in the fourth quarter of 2008 increased by \$39.5 million or 31.2%, to \$166.0 million from \$126.5 million in the fourth quarter of 2007 and net earned premium for the fourth quarter of 2008 increased by \$20.1 million or 17.7%, to \$133.4 million from \$113.3 million in the fourth quarter 2007.

For the year ended December 31, 2008, net written premium increased \$135.0 million or 32.2% to \$554.9 million from \$419.9 million for the year ended December 31, 2007 and net earned premium for 2008 decreased by \$5.1 million or 1.2%, to \$439.1 million from \$444.2 million in 2007. The decrease resulted primarily from the effect of a full year of cessions to Maiden in 2008.

As previously disclosed, the Company entered into a reinsurance agreement with Maiden effective July 1, 2007. Under the terms of this reinsurance agreement, the Company ceded approximately \$379 million and \$248 million of written premium to Maiden in 2008 and 2007, respectively.

The Company's agreement with Maiden generated \$23.6 million and \$19.0 million of earned ceding commission for the fourth quarters of 2008 and 2007, respectively. The Company earned \$112.5 million of ceding commission from Maiden during 2008 compared to \$59.1 million during 2007. The agreement continues to enable the Company to leverage its balance sheet, increase its writings, decrease its expense ratio and, most importantly, increase its return on equity.

Commission and fee income (exclusive of ceding commission from Maiden) for the fourth quarter 2008 increased by \$1.9 million or 51.4% to \$5.6 million from \$3.7 million for the fourth quarter 2007. Commission and fee income for the year ended December 31, 2008 increased by \$8.6 million or 42.2% to \$29.0 million from \$20.4 million for the year ended December 31, 2007. The increase in both periods was attributable primarily to reinsurance brokerage fees from Maiden and servicing carrier fees resulting from assigned risk servicing carrier appointments in three additional states in 2008.

The increase resulted, primarily, from increased premium writings in 2008. Acquisition Costs and Other Underwriting Expenses less Ceding Commission Revenue for the year ended December 31, 2008 decreased by \$4.2 million to \$88.3 million from \$92.5 million for the year ended December 31, 2007. The decrease was primarily the result of \$114.4 million of ceding commission from Maiden recognized in 2008 compared to \$59.1 million in 2007, offsetting increases to acquisition costs and other underwriting expenses from increased premium writings. As a result, the expense ratio for the year ended December 31, 2008 decreased to 20.1% from 20.8% for the year ended December 31, 2007.
