PROXY STATEMENT

2008 ANNUAL MEETING OF STOCKHOLDERS

Thursday, May 8, 2008

ALTRA HOLDINGS, INC.

14 Hayward Street
Quincy, Massachusetts 02171

GENERAL INFORMATION

Proxy Solicitation

These proxy materials are being mailed or otherwise sent to stockholders of Altra Holdings, Inc. (“Altra” or the “Company”) on or about April 9, 2008 in connection with the solicitation of proxies by Altra’s Board of Directors (the “Board of Directors” or the “Board”) for the Annual Meeting of Stockholders of Altra to be held at 9:00 a.m. EDT on Thursday, May 8, 2008 at the Quincy Marriott, 1000 Marriott Drive, Quincy, Massachusetts 02169. Directors, officers and other Altra employees also may solicit proxies by telephone or otherwise, but will not receive compensation for such services. Altra pays the cost of soliciting your proxy and reimburses brokers and other nominees their reasonable expenses for forwarding proxy materials to you.

Stockholders Entitled to Vote

Stockholders of record at the close of business on March 24, 2008 are entitled to notice of and to vote at the meeting. As of such date, there were 26,407,499 shares of Altra common stock outstanding, each entitled to one vote.

How to Vote

Stockholders of record described above may cast their votes by:

- (1) signing, completing and returning the enclosed proxy card in the enclosed postage-paid envelope;
- (2) calling toll-free 1-800-PROXIES and following the instructions;
- (3) accessing “www.voteproxy.com” and following the instructions; or
- (4) attending the Annual Meeting and voting in person.

Revocation of Proxies

A proxy may be revoked at any time before it is voted by delivering written notice of revocation to the Corporate Secretary of Altra at the address set forth above, by delivering a proxy bearing a later date or by voting in person at the meeting.

Quorum; Required Vote

The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum. If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions are considered votes cast and thus have the same effect as votes against the matter.

Table of Contents

A plurality of the votes cast is required for the election of directors (Proposal 1). You may vote “FOR” all or some of the nominees or your vote may be “WITHHELD” with respect to one or more of the nominees. Votes “WITHHELD” with respect to the election of directors will be counted for purposes of determining the presence or absence of a quorum at the Annual Meeting but will have no other legal effect upon election of directors. You may not cumulate your votes for the election of directors.

Ratification of the selection of our independent registered public accounting firm (Proposal 2) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. You may vote “FOR,” “AGAINST” or “ABSTAIN” in connection with Proposal 2. If you elect to “ABSTAIN,” the abstention has the same effect as a vote “AGAINST.” If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the Board of Directors.

Other Matters

The Board of Directors is not aware of any matters to be presented at the meeting other than those set forth in the accompanying notice. If any other matters properly come before the meeting, the persons named in the proxy will vote on such matters in accordance with their best judgment.

Additional Information

Additional information regarding the Company appears in our Annual Report on Form 10-K for the year ended December 31, 2007, which accompanies this Proxy Statement.

Mr. Woodward, who had been recently appointed to the Board, was out of the country in connection with a prior obligation and was unable to attend in person.

Compensation Committee Interlocks and Insider Participation.

During our last completed fiscal year, no member of the Compensation Committee was an employee, officer or former officer of Altra. None of our executive officers served on the board of directors or compensation committee of any entity in 2007 that had an executive officer serving as a member of our Board or Compensation Committee.

Certain Relationships and Related Transactions

Transactions with Directors and Management

Under our Code of Business Conduct and Ethics Compliance Program, all transactions involving a conflict of interest, including holding a financial interest in a significant supplier, customer or competitor of the Company, are generally prohibited. However, holding a financial interest of less than 1% in a publicly held company and other limited circumstances are excluded transactions. Our directors and officers are prohibited from using his or her position to influence the Company's decision relating to a transaction with a significant supplier, customer or competitor to which he or she is affiliated. Our Audit Committee Charter provides that the Audit Committee shall review, discuss and approve any transactions or courses of dealing with related parties that are significant in size or involve terms or other aspects that differ from those that would likely be negotiated with independent parties.

TB Wood's Acquisition

On February 17, 2007, we entered into an Agreement and Plan of Merger with Forest Acquisition Corporation, our wholly-owned subsidiary, and TB Wood's Corporation, pursuant to which we agreed to acquire TB Wood's Corporation for a purchase price of \$24.80 per share. On April 5, 2007, we completed the

acquisition and TB Wood's became a wholly-owned subsidiary of Altra Industrial Motion, Inc. ("Altra Industrial"). Prior to entering into this transaction, our Chief Executive Officer, Mr. Hurt disclosed to the Board holdings of 2,081 shares of TB Wood's stock. After review, the Board determined that Mr. Hurt's holdings were not material to the transaction as a whole and approved the transaction.

Joy Global Sales

One of our directors, James H. Woodward Jr., was an Executive Vice President and Chief Financial Officer of Joy Global Inc. during 2007. The Company sold approximately \$5.4 million and \$3.2 million in goods to divisions of Joy Global Inc. in 2007 and 2006, respectively, which represented less than five percent (5%) of the Company's consolidated gross revenues for each of those years. Other than his prior position as Executive Vice President and Chief Financial Officer of Joy Global Inc., Mr. Woodward had no interest in sales transactions between the Company and Joy Global Inc.

Corporate Governance

The Governance Committee's Role and Responsibilities

Primary responsibility for Altra's corporate governance practices rests with the Nominating and Corporate Governance Committee (the "Governance Committee"). The Governance Committee is responsible for, among other things, (i) overseeing the Company's policies and procedures for the Board's nomination to stockholders for election as a director and consideration of stockholder nomination for election as a director; (ii) identifying, screening and reviewing individuals qualified to serve as directors and recommending candidates for nomination for election or to fill vacancies; (iii) reviewing annually the composition and size of the Board for optimality thereof; (iv) aiding the Board and its committees in their annual self-evaluations; (v) developing, recommending and overseeing implementation of the Company's corporate governance guidelines and principles; (vi) reviewing, monitoring and addressing conflicts of interest of directors and executives officers; and (vii) reviewing on a regular basis the overall corporate governance of the Company and recommending improvements when necessary. Described below are some of the significant corporate governance practices that have been instituted by the Board of Directors at the recommendation of the Governance Committee.

Director Independence

The Governance Committee annually reviews the independence of all directors and reports its findings to the full Board. The Governance Committee has determined that the following directors are independent within the meaning of the NASDAQ Rules and relevant federal securities laws and regulations: Edmund M. Carpenter, Lyle G. Ganske, Michael S. Lipscomb, Larry McPherson and James H. Woodward, Jr.

Board Evaluation

The Board of Directors has adopted a policy whereby the Governance Committee will assist the Board and its committees in evaluating their performance and effectiveness on an annual basis. As part of this evaluation, the Governance Committee assesses the progress in the areas targeted for improvement a year earlier, and develops recommendations to enhance the respective Board or committee effectiveness over the next year. The Governance Committee currently expects to conduct its 2008 review of the Board and its committees' performance in the second half of the year.

Director Nomination Process

The Governance Committee reviews the skills, characteristics and experience of potential candidates for election to the Board of Directors and recommends nominees for director to the full Board for approval. In addition the Governance Committee assesses the overall composition of the Board of Directors regarding factors such as size, composition, diversity, skills, significant experience and time commitment to Altra.

It is the Governance Committee's policy to utilize a variety of means to identify prospective nominees for the Board, and it considers referrals from other Board members, management, stockholders and other external sources such as retained executive search firms. The Governance Committee utilizes the same criteria for evaluating candidates irrespective of their source.

The Governance Committee believes that any nominee must meet the following minimum qualifications:

- Candidates should be persons of high integrity who possess independence, forthrightness, inquisitiveness, good judgment and strong analytical skills.
- Candidates should demonstrate a commitment to devote the time required for Board duties including, but not limited to, attendance at meetings.
- Candidates should possess a team-oriented ethic consistent with Altra's core values, and be committed to the interests of all stockholders as opposed to those of any particular constituency.

When considering director candidates, the Governance Committee will seek individuals with backgrounds and qualities that, when combined with those of Altra's other directors, provide a blend of skills and experience that will further enhance the Board's effectiveness.

To recommend a candidate for consideration, a stockholder should submit a written statement of the qualifications of the proposed nominee, including full name and address, to the Nominating and Corporate Governance Committee Chairman, c/o Altra Holdings, Inc., 14 Hayward Street, Quincy, Massachusetts 02171.

The policy is applicable to directors, officers and employees of Altra and is designed to help ensure compliance with federal securities laws. All communications to the Board will remain unopened and be promptly forwarded to the Chairman of the Board, who shall in turn forward them promptly to the appropriate director(s). Such items as are unrelated to a director's duties and responsibilities as a Board member may be excluded by the Chairman of the Board, including, without limitation, solicitations and advertisements; junk mail; product-related communications; job referral materials such as resumes; surveys; and material that is determined to be illegal or otherwise inappropriate. Carl R. Christenson, President and Chief Operating Officer;

Christian Storch, Chief Financial Officer, Treasurer and Secretary;

Personnel and Compensation Committee

The Personnel and Compensation Committee of the Board of Directors (the "Compensation Committee"), as further discussed in this Proxy Statement under the caption "Committees of the Board of Directors," has responsibility for establishing, implementing and monitoring adherence with the Company's compensation program. The role of the Compensation Committee is to oversee, on behalf of the Board and for the benefit of the Company and its stockholders, the Company's compensation and benefit plans and policies, review and approve equity grants to directors and executive officers and determine and approve annually all compensation relating to the CEO and the other executive officers of the Company. The Compensation Committee utilizes the Company's Human Resources Department and reviews data from market surveys and proxy statements to assess the Company's competitive position with respect to base salary, annual incentives and long-term incentive compensation. The Compensation Committee has the authority to engage the services of independent compensation consultants and has engaged the Hay Group to perform an executive compensation study for purposes of assisting in the establishment of 2007 and 2008 executive compensation. The Compensation Committee meets a minimum of four times annually to review executive compensation programs, determine

compensation levels and performance targets, review management performance, and approve final executive bonus distributions.

The Compensation Committee operates in accordance with a charter which sets forth its rights and responsibilities. The Compensation Committee and the Board review the charter annually.

Objectives of Our Compensation Programs

We believe that compensation paid to executive officers should be closely aligned with the performance of the Company on both a short-term and long-term basis, and that such compensation should assist the Company in attracting and retaining key executives critical to the Company's success. To this end, our compensation program for executive officers is structured to achieve the following objectives:

Recruiting and Retention of Talented Professionals

We believe that it is primarily the dedication, creativity, competence and experience of our workforce that enables us to compete, given the realities of the industry in which we operate. We aim to compensate our executives at competitive levels in order to attract and retain highly qualified professionals critical to our success. There are many important factors in attracting and retaining qualified individuals. Compensation is one of them but not the only one.

Alignment of Individual and Short-Term and Long-Term Organizational Goals

We seek to align the short-term interests of our executives with those of our stockholders by structuring a significant portion of executive compensation as a performance-based bonus. In particular, the level of cash incentive compensation is determined by the use of annual performance targets, which we believe encourages superior short-term performance and operating results for the organization.

We strive to align the long-term interests of our executives with those of our stockholders and foster an ownership mentality in our executives by giving them a meaningful stake in our success through our equity incentive programs. Our equity compensation program for executives is designed to link the long-term compensation levels of our executives to the creation of lasting stockholder value.

Rewarding Meaningful Results

We believe that compensation should be structured to encourage and reward performance that leads to meaningful results for the Company. Both our cash and equity incentive compensation programs are tied primarily to each executive's contribution to earnings growth and working capital management of Altra. Our strategy is to compensate our executives at competitive levels, with the opportunity to earn above-median compensation for above-market performance as compared to our peer group, through programs that emphasize performance-based incentive compensation in the form of annual cash payments and equity-based awards.

2007 Executive Officer Compensation

We believe that the total compensation paid or awarded to our named executive officers during 2007 was consistent with our financial performance and the individual performance of each of the named executive officers. Based on the Compensation Committee's analysis, we believe that Altra's 2007 executive officer compensation was reasonable in its totality and is consistent with the compensation philosophies as described above.

Elements of Compensation

Total compensation for our executive officers consists of the following elements of pay:

- Base salary;
- Annual cash incentive bonus dependent on our financial performance and achievement of individual objectives;

- Long-term incentive compensation through grants of equity-based awards, which have traditionally been in the form of restricted stock;
- Participation in retirement benefits through a 401(k) Savings Plan;
- Severance benefits payable upon termination under specified circumstances to certain of our key executive officers;
- Medical and dental benefits that are available to substantially all our employees. We share the expense of such health benefits with our employees, the cost depending on the level of benefits coverage an employee elects to receive. Our health plan offerings are the same for our executive officers and our other non-executive employees; and
- Our named executive officers are provided with the same life and short-term and long-term disability insurance benefits as our other salaried employees. Additionally, our named executive officers are provided with supplemental long-term disability benefits that are not available to all salaried employees.

What We Reward, Why We Pay Each Element of Compensation and How Each Element Relates to Our Compensation Objectives

Base salary, as well as other benefits such as 401(k) participation, severance, health care and life and disability insurance, are intended to provide a level of income and benefits commensurate with the executive's position, responsibilities and contributions to the Company. We believe the combined value of base salary, annual cash incentives and other fringe benefits should be competitive with the salary, bonus and general benefits provided to similarly situated executives in the industry.

We compensate our executives through programs that emphasize performance-based incentive compensation. We have structured annual cash and long-term non-cash compensation to motivate executives to achieve the business goals set by us and reward the executives for achieving such goals.

Through our annual cash bonus program, we attempt to tailor performance goals to each individual executive officer and to our current priorities and needs. Through our long-term, non-cash incentive compensation, we attempt to align the interests of our executive officers with those of our stockholders by rewarding our executives based on increases in our stock price over time through awards of restricted stock.

How We Determine the Amounts We Pay

The Company was originally formed as a private company and established its executive compensation structure in accordance with such status. Since the Company's initial public offering in December 2006, the Compensation Committee has found it advisable to conduct a review of its executive compensation structure and practices. As permitted by its charter, the Compensation Committee retained the services of the Hay Group, an independent compensation consultant to assist in this review. The Hay Group assisted the Compensation Committee in assessing the current compensation and benefit programs and helped to develop new compensation and benefit programs appropriate for the Company's publicly held status. This analysis included benchmarking the Company's prior programs against industry peers and other relevant public companies and providing insight into the structuring of compensation programs to achieve various short-term and long-term objectives while retaining key executives. The peer group companies reviewed by the Hay Group included Twin Disc Inc., RBC Bearings Inc., NN Inc., Kaydon Corp., Franklin Electric Company Inc., CIRCOR international Inc., Robbins & Myers Inc., Baldor Electric Company, Woodward Governor Company and IDEX Corporation.

The Compensation Committee received the Hay Group's report during 2007, which indicated that certain of the Company's executive officers received compensation below median levels for its peer group. The Hay Group recommended that the Compensation Committee consider increasing certain executive officer base salaries to market median levels. In addition, the Hay Group recommended the Compensation Committee consider increasing long-term incentive grants and establishing share ownership guidelines. The Hay Group

indicated that these actions were designed to more closely align officer compensation with long-term results and stockholder interests.

Base Salary

Base salaries for executives are determined based upon job responsibilities, level of experience, individual performance, comparisons to the salaries of executives in similar positions at other companies within the peer group, as well as internal comparisons of the relative compensation paid to the members of our executive team.

In addition to the recommendations received from the Hay Group, our CEO, Mr. Hurt, makes recommendations to the Compensation Committee with respect to the base compensation of our executives other than himself. In the case of the CEO, the Compensation Committee evaluates his performance and makes a recommendation of base compensation to the Board. These recommendations are then evaluated, discussed, modified as appropriate and ultimately approved by the Compensation Committee or the Board. Pursuant to the employment agreements the Company has entered into with Messrs. Hurt, Christenson and Storch, the Board may not reduce, but may increase, their base salaries so long as their employment agreements are in effect. For further discussion of the employment agreements, see the section entitled “Employment Agreements” in this Proxy Statement.

Annualized base salaries of our named executive officers for the year 2007 are disclosed in the table below. On February 7, 2008, the Compensation Committee approved the 2008 compensation for the named executive officers (retroactive to January 1, 2008) after a review of competitive market data. Increases in base salary were approved by the Compensation Committee based on the Hay Group report and the Compensation Committee’s philosophy that the Company’s executives should be paid at a competitive market rate while taking into account the performance of the Company and the individual experience of the executive. In particular, the Compensation Committee determined that Mr. Hurt’s and Mr. Christenson’s respective base salaries were not competitive compared to similarly situated executive officers within the peer group and should be increased accordingly. The Compensation Committee also determined that an additional adjustment to the base salaries for Messrs. Hurt and Christenson should be made to reflect the higher cost of living in the greater Boston area as compared to the cost of living in the United States generally. For the year 2008, the executive officers will receive base salaries as set forth below.

<u>Officer</u>	<u>2007 Base</u>	<u>2008 Base</u>	<u>Percentage Increase</u>
Michael L. Hurt	\$475,000	\$580,000	22.1%
Carl R. Christenson	\$325,000	\$367,250	13.0%
Christian Storch(1)	\$340,000	\$340,000	—
Edward L. Novotny	\$195,000	\$200,850	3.0%
Craig Schuele	\$182,000	\$187,460	3.0%
David Wall(2)	\$250,000	—	N/A

- (1) Mr. Storch commenced his employment on December 14, 2007 and did not receive an increase to his base salary in 2008.
- (2) Mr. Wall resigned on December 12, 2007.

Annual Cash Incentives

Our executive officers are eligible to participate in the Company’s Management Incentive Compensation Program (“MICP”). Under the MICP, the Compensation Committee establishes an annual target bonus opportunity for each of our executive officers based upon the Company’s achievement of certain financial performance targets. The financial performance targets in 2007 were based on adjusted EBITDA and working capital management goals. The adjusted EBITDA target consists of earnings before interest, income taxes, depreciation and amortization and is adjusted further for certain non-recurring costs, including, but not limited to, inventory fair value adjustments recorded in connection with acquisitions. The adjusted EBITDA target for

fiscal 2007 was approximately \$89.7 million. The working capital management target is based on the number working capital (inventory) turns for the year. The working capital management target for fiscal 2007 was approximately 4.9 turns. Our executive officers are not entitled to a bonus under the MICP if the Company does not achieve at least 80% of the adjusted EBITDA target. In addition, if the Company does not achieve at least 80% of the working capital management target, our executive officers are not be entitled to any bonus related to that factor.

The Compensation Committee annually establishes a target bonus opportunity for each executive officer which represents the percentage of base salary to be received by the executive officer as a cash bonus if the Company meets its adjusted EBITDA and working capital management targets. These percentages are then adjusted upwards or downwards based on the Company's financial performance in relation to the Company's targeted EBITDA and working capital numbers. For example, if the Company's actual adjusted EBITDA achieved is greater than targeted adjusted EBITDA, the executives' bonus percentages would be correspondingly increased. On the other hand, if the Company's actual adjusted EBITDA achieved is lower than targeted adjusted EBITDA, the executives' bonus percentages would be correspondingly decreased.

For fiscal year 2007, Messrs. Hurt, Christenson, Novotny and Schuele had target bonus percentage amounts of 75%, 60%, 35% and 40% of their respective base salary. The Company's actual results for fiscal 2007 exceeded the adjusted EBITDA target and were slightly below the working capital management target. Based upon these results and the combined above target performance of the Company, the Compensation Committee approved bonuses to each of Messrs. Hurt, Christenson, Novotny and Schuele equal to approximately 86%, 69%, 65% and 46% of their respective base salary. Mr. Storch, who commenced his employment on December 14, 2007, was not eligible for a bonus for fiscal 2007. Any bonuses earned are fully paid in cash following the end of the year earned and after the completion of the consolidated financial statement audit.

Discretionary Bonus

In addition to the amounts earned under the MICP, the Compensation Committee has recognized that certain special situations may arise where the Company may benefit from an employee significantly exceeding expectations and that such performance may warrant additional compensation. The Compensation Committee has therefore granted our CEO the authority to award up to an aggregate of \$250,000 worth of additional discretionary bonuses to Company employees for services the CEO determines to be beneficial to the Company and above and beyond the scope of such employee's regular services. During 2007, Mr. Schuele received such a discretionary bonus in the amount of \$75,000 in recognition of his significant efforts with regard to the divestiture of the TB Woods adjustable speed drives business.

Long-Term Incentive Compensation

We believe that equity-based compensation ensures that our executives have a continuing stake in the long-term success of the Company. We issue equity-based compensation in the form of restricted stock, which generally vests ratably over a period of years.

The purpose of these equity incentives is to encourage stock ownership, offer long-term performance incentive and to more closely align the executive's compensation with the return received by the Company's stockholders.

Prior to our initial public offering in December 2006, we made grants of restricted stock to our named executive officers (other than Mr. Storch). During 2007, in connection with Mr. Storch's commencement of employment on December 14, 2007, the Compensation Committee approved a grant of 55,000 shares of restricted stock to Mr. Storch. Fifty-five percent (55%) of his restricted stock award, or 30,000 shares, will vest in equal installments on the first three anniversaries of the grant date and forty-five percent (45%) of his restricted stock award, or 25,000 shares, will vest in equal installments on the first five anniversaries of the grant date. No other long-term incentive compensation grants were made to executive officers during 2007.

During its review of the Company's long-term incentive compensation structure for its executive officers, the Compensation Committee recognized that the incentive grants made prior to our initial public offering had been designed to compensate the executive officers in a private company setting. The Compensation

Committee also noted the Hay Group’s recommendation that additional long-term incentive grants be made to the Company’s executive officers to further align executive officers compensation with the long-term performance of the Company and to aid in retention. The Compensation Committee therefore determined that it was appropriate and in the best interests of the Company and its stockholders to make additional incentive grants to the executive officers. On February 7, 2008, the Compensation Committee approved the following grants of restricted stock, which will vest in equal annual installments on September 1, 2008, September 1, 2009, September 1, 2010 and September 1, 2011, for each of the named executive officers set forth below:

<u>Officer</u>	<u>Number of Shares Granted</u>	<u>Cash Value at Time of Grant</u>
Michael L. Hurt	64,018	\$ 870,000
Carl R. Christenson	27,024	\$ 367,250
Christian Storch(1)	—	—
Edward L. Novotny	2,956	\$ 40,172
Craig Schuele	4,828	\$ 65,613

(1) Mr. Storch did not receive an award of restricted stock. As previously disclosed, Mr. Storch received an award of 55,000 shares of restricted stock in connection with the commencement of his employment with the Company on December 14, 2007.

Other Benefits

We have a 401(k) plan in which the named executive officers currently participate. We also have a frozen defined benefit plan from which Mr. Schuele is eligible to receive benefits. We also provide life, disability, medical and dental insurance as part of our compensation package. The Compensation Committee considers all of these plans and benefits when reviewing the total compensation of our executive officers.

The 401(k) plan offers a company match of \$0.50 for every \$1.00 contributed by a named executive officer to the plan, up to 6% of the executive officer’s pre-tax pay. Additionally, the Company contributes an amount equal to 3% of a named executive’s pre-tax pay to their account regardless of the amount of the contributions made by the named executive officer.

Mr. Schuele previously participated in the Colfax PT Pension Plan; however, on December 31, 1998 participation in and benefits accrued under such plan were frozen. Under the provisions of the plan, upon reaching the normal retirement age of sixty-five, Mr. Schuele will receive annual payments of approximately \$10,800. As part of its acquisition of Power Transmission Holding LLC from Colfax Corporation, the Company assumed certain liabilities of the Colfax PT Pension Plan, including such future payments to Mr. Schuele.

The named executive officers are provided with the same short-term and long-term disability benefits as our other salaried employees. Additionally, the named executive officers are provided with supplemental long-term disability benefits that are not available to all salaried employees.

Perquisites

We do not provide the named executive officers with perquisites or other personal benefits such as company vehicles, club memberships, financial planning assistance, tax preparation or other similar benefits.

Stock Ownership Guidelines

In accordance with the recommendation of the Hay Group, the Compensation Committee has established the following stock ownership guidelines for six of the Company’s senior executives, including Messrs. Hurt, Christenson, Storch and Schuele:

- Christian Storch — As CFO, Mr. Storch should retain the value of Company stock and/or cash value of his personal 401(k) account to be equivalent to three (3) times his base annual salary.
- Craig Schuele — As VP of Marketing and Business Development, Mr. Schuele should retain the value of Company stock and/or cash value of his personal 401(k) account to be equivalent to one (1) time his base annual salary.

All of these executive officers have a five (5) year period to accumulate these specific values.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our Chief Executive Officer and each of the next four most highly compensated executive officers. The Compensation Committee considers the anticipated tax treatment to the Company and its executive officers when reviewing the executive compensation programs. However, the Compensation Committee will not necessarily seek to limit executive compensation to amounts deductible under Section 162(m), as the Compensation Committee wishes to maintain flexibility to structure our executive compensation programs in ways that best promote the interests of the Company and its stockholders.

Change of Control Matters and Employment Contracts

Employment Agreements

Three of our named executive officers, Messrs. Hurt, Christenson and Storch, have entered into employment agreements with us and our wholly-owned subsidiary Altra Industrial. Mr. Hurt entered into his employment agreement in January 2005, which was subsequently amended on December 5, 2006. Under the terms of his employment agreement, Mr. Hurt has a three-year employment term, following which the agreement automatically renews for successive one-year terms unless either Mr. Hurt or Altra terminates the agreement upon 6 months prior notice to such renewal date. Mr. Christenson entered into his employment agreement in early January 2005 and Mr. Storch entered into his employment agreement in December 2007. Under the terms of their respective employment agreements, Messrs. Christenson and Storch have five-year employment terms. Each of the employment agreements contain usual and customary restrictive covenants, including 12 month non-competition provisions and non-solicitation/no hire of employees or customers provisions, non-disclosure of proprietary information provisions and non-disparagement provisions. In the event of a termination without “cause” or departure for “good reason,” the terminated senior executives are entitled to severance equal to 12 months salary, continuation of medical and dental benefits for the 12-month period following the date of termination, and an amount equal to their pro-rated bonus for the year of termination. In addition, upon such termination, all of Mr. Hurt’s unvested restricted stock received from our Incentive Plan shall automatically vest.

Under the agreements, each of Messrs. Hurt, Christenson and Storch is also eligible to participate in all compensation or employee benefit plans or programs and to receive all benefits and perquisites for which salaried employees of Altra Industrial generally are eligible under any current or future plan or program on the same basis as other senior executives of Altra Industrial.

Change of Control Provisions

Pursuant to the terms of the employment agreements discussed above under the caption “Employment Agreements,” we provide benefits to Messrs. Hurt, Christenson and Storch upon terminations of employment from the Company under certain circumstances. The benefits described under the caption “Employment Agreements” are in addition to the benefits to which the executives would be entitled upon a termination of

employment generally (i.e. vested retirement benefits accrued as of the date of termination, stock awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA).

Amounts payable to our named executive officers due to termination of employment or a change of control under any employment agreements or otherwise are disclosed in further detail in the table entitled "Potential Post-Employment Payments to Named Executive Officers" contained in this Proxy Statement.

Former Chief Financial Officer

On December 12, 2007, David Wall, our former Chief Financial Officer, tendered his resignation. In connection with the completion of Mr. Wall's service and in recognition of his significant contributions to the Company, the Compensation Committee approved (1) the payment of one year of severance benefits under Mr. Wall's employment agreement at a base salary level of \$350,000, (2) the payment of Mr. Wall's bonus earned during 2007 and (3) the immediate vesting of the portion of Mr. Wall's restricted stock otherwise due to vest in January 2008. In addition, we will pay certain termination benefits and his premiums related to medical, dental and life insurance benefits during such year.

Based on this review and discussion, the Personnel and Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2007.

Mr. Schuele’s participation in and benefits accrued under such plan were frozen since December 31, 1998. Altra Industrial Motion, Inc. Retirement Plan manages the assumed liabilities under the Colfax Plan. Under the provisions of the Colfax Plan, upon reaching the normal retirement age of 65, Mr. Schuele will receive annual payments of approximately \$10,800. Mr. Schuele is eligible to receive a reduced annual payment in the event of his early retirement. For further discussion, please see the section of this Proxy Statement entitled “Retirement.”

2004 Equity Incentive Plan

Our 2004 Equity Incentive Plan, or Incentive Plan, permits the grant of restricted stock, stock units, stock appreciation rights, cash, non-qualified stock options and incentive stock options to purchase shares of our common stock, par value \$0.001 per share. Currently, the maximum number of shares of our common stock that may be issued under the terms of the Incentive Plan is 3,004,256 and the maximum number of shares that may be subject to “incentive stock options” (within the meaning of Section 422 of the Code) is 1,750,000 shares. The Compensation Committee of our Board of Directors administers the Incentive Plan and has discretion to establish

the specific terms and conditions for each award. Our employees, consultants and directors are eligible to receive awards under our Incentive Plan. Stock options, stock appreciation rights, restricted stock, stock units and cash awards may constitute performance-based awards in accordance with Section 162(m) of the Code at the discretion of the Compensation Committee. Any grant of restricted stock under the Incentive Plan may be subject to vesting requirements, as provided in its applicable award agreement, and will generally vest in five equal annual installments. The Compensation Committee may provide that any time prior to a change in control, any outstanding stock options, stock appreciation rights, stock units and unvested cash awards shall immediately vest and become exercisable and any restriction on restricted stock awards or stock units shall immediately lapse. In addition, the Compensation Committee may provide that all awards held by participants who are in our service at the time of the change of control, shall remain exercisable for the remainder of their terms notwithstanding any subsequent termination of a participant's service. All awards shall be subject to the terms of any agreement effecting a change of control. Other than Mr. Hurt's grants, upon a participant's termination of employment (other than for cause), unless the Board or committee provides otherwise: (i) any outstanding stock options or stock appreciation rights may be exercised 90 days after termination, to the extent vested, (ii) unvested restricted stock awards and stock units shall expire and (iii) cash awards and performance-based awards shall be forfeited. Under the terms of his restricted stock agreements, in the event Mr. Hurt's employment is terminated by us other than for cause, or terminates for good reason, death or disability all of his unvested restricted stock awards shall vest automatically.

Potential Payments Upon Termination or Change-In-Control

Severance Policy

Three of our named executives, Messrs. Hurt, Christenson and Storch, have entered into employment agreements with us and Altra Industrial. Mr. Hurt entered into his employment agreement in early January 2005, which was subsequently amended on December 5, 2006. Under the terms of his employment agreement, Mr. Hurt has a three-year employment term, following which the agreement automatically renews for successive one-year terms unless either Mr. Hurt or Altra terminates the agreement upon 6 months prior notice to such renewal date. Mr. Christenson entered into his employment agreement in early January 2005 and Mr. Storch entered into his employment agreement in December 2007. Under the terms of their respective employment agreements, Messrs. Christenson and Storch have five-year employment terms. Each of the employment agreements contain usual and customary restrictive covenants, including 12 month non-competition provisions and non-solicitation/no hire of employees or customers provisions, non-disclosure of proprietary information provisions and non-disparagement provisions. In the event of a termination without "cause" or departure for "good reason," the terminated senior executives are entitled to severance equal to 12 months salary, continuation of medical and dental benefits for the 12-month period following the date of termination, and an amount equal to their pro-rated bonus for the year of termination. In addition, upon such termination, all of Mr. Hurt's unvested restricted stock received from our Incentive Plan shall automatically vest.

Under the agreements, each of Messrs. Hurt, Christenson and Storch is also eligible to participate in all compensation or employee benefit plans or programs and to receive all benefits and perquisites for which salaried employees of Altra Industrial generally are eligible under any current or future plan or program on the same basis as other senior executives of Altra Industrial.

Retirement

As part of the PTH Acquisition, we agreed to assume active pension plan liabilities of PTH, including certain liabilities under its Colfax PT Pension Plan. Mr. Schuele previously participated in the Colfax PT Pension Plan; however, on December 31, 1998, his participation in and benefits accrued under such plan were frozen. Under the provisions of the plan, upon reaching the normal retirement age of 65, Mr. Schuele will receive annual payments of approximately \$10,800. This amount was determined from a formula set forth in the plan and is based upon (i) a participant's years of service, (ii) a participant's compensation at the time the plan was frozen, and (iii) a standard set of benefit percentage multipliers. The assumed liabilities of the Colfax PT Pension Plan, including the retirement benefits payable to Mr. Schuele, will be managed under the Altra Industrial Motion, Inc. Retirement Plan, which has been frozen at identical levels to the Colfax PT Pension Plan.

Change of Control

As more fully discussed in the caption “2004 Equity Incentive Plan” herein, the Compensation Committee has the authority to effect immediate vesting of various employee incentive awards upon a change of control of Altra. The Compensation Committee may provide that any time prior to a change in control, any outstanding stock options, stock appreciation rights, stock units and unvested cash awards shall immediately vest and become exercisable and any restriction on restricted stock awards or stock units shall immediately lapse. In addition, the Compensation Committee may provide that all awards held by participants who are in our service at the time of the change of control, shall remain exercisable for the remainder of their terms notwithstanding any subsequent termination of a participant’s service.

As more fully discussed under the caption “Severance Policy,” Messrs. Hurt, Christenson and Storch may be eligible to receive certain severance benefits pursuant to their respective employment agreements.

Potential Post-Employment Payments to Named Executive Officers

The table below sets forth potential payments that could be received by our named executive officers upon termination from employment with Altra, assuming such event took place on December 31, 2007 for the purposes of quantifying the amounts below. Messrs. Novotny and Schuele are not entitled to any potential post-employment payments.*

- (1) Cash severance, health insurance and performance bonus amounts payable upon termination as reflected herein were determined by the terms of each of the executive’s employment agreement, which are further discussed in this Proxy Statement under the caption “Severance Policy.”
- (2) The restricted stock values were determined using the number of shares that will immediately vest upon termination per each of the executive’s stock agreement multiplied by Altra’s stock price at December 31, 2007.

Former Chief Financial Officer

On December 12, 2007, David Wall, our former Chief Financial Officer, tendered his resignation. In connection with the completion of Mr. Wall’s service and in recognition of his significant contributions to the Company, the Compensation Committee approved (1) the payment of one year of severance benefits under Mr. Wall’s employment agreement at a base salary level of \$350,000, (2) the payment of Mr. Wall’s bonus earned during 2007 and (3) the immediate vesting of the portion of Mr. Wall’s restricted stock otherwise due to vest in January 2008. In addition, the Company will pay certain termination benefits and his premiums related to medical, dental and life insurance benefits during such year.

* Mr. Schuele will be entitled to receive certain annual pension payments upon reaching the normal retirement age of 65 or a reduced benefit if earlier than normal retirement age, as further described in this Proxy Statement under the caption “Retirement.”

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews Altra's financial reporting process on behalf of the Board of Directors and reports to the Board on audit, financial and related matters. Altra's management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent auditor. The Audit Committee also discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380), as amended.

In addition, the Audit Committee discussed with the independent auditor such auditor's independence from the Company and its management, and the independent auditor provided to the Audit Committee the written disclosures and letter required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees).

The Audit Committee discussed with the Company's internal audit staff and independent auditor the overall scope and plans for their respective audits. The Audit Committee met with the internal audit staff and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of Altra's internal controls, and the overall quality of Altra's financial reporting.

Based on the reviews and discussions with management and the independent auditor referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Altra's Annual Report on Form 10-K for the fiscal year ended December 31, 2007, and filed with the SEC.
