Analogic Teams with DLL to Offer Financing Options to BK Ultrasound Customers

PEABODY, Mass., Sept. 21, 2016 (GLOBE NEWSWIRE) -- [Analogic Corporation](#) (Nasdaq:ALOG), enabling the world's medical imaging and aviation security technology, announced today that its BK Ultrasound business has created BK Finance to provide a variety of flexible financing solutions for its ultrasound product portfolio.

The BK Finance program is offered in cooperation with DLL, the world's leading provider of vendor finance programs. DLL has a 40-year history working with manufacturers and their distribution channels in more than 35 countries across the globe. BK Ultrasound will now benefit from DLL's expertise in providing tailored financial solutions and sales resources that help customers effectively manage the lifecycle of their ultrasound equipment. Together, BK Finance and DLL will enable a broad range of healthcare providers to acquire the advanced ultrasound system equipment and technology they need to improve the health and wellness of their patients. BK Finance will offer financing options for customers in the U.S. beginning immediately. Financing options will be made available outside the U.S. later this year.

"We are pleased to announce this partnership with DLL," said Mark Frost, senior vice president, chief financial officer, and treasurer. "BK Finance enables us to offer our customers a variety of flexible leasing options that helps provide ongoing access to the latest in advanced ultrasound technology. Our goal is to help our customers keep up with technology while allowing them to conserve their capital budget, ultimately making our innovative ultrasound solutions more accessible to a broader audience."
