

Analogic to Present at 12th Annual UBS Global Life Sciences Investor Conference

PEABODY, Mass., Sept. 14, 2010 (GLOBE NEWSWIRE) -- Analogic Corporation (Nasdaq:ALOG), a leading provider of medical imaging and aviation security technology, announced today that Michael Levitz, vice president and CFO, will be presenting at the UBS Global Life Sciences Conference at the Grand Hyatt New York in New York City on Wednesday, September 22, 2010. The 30-minute presentation and 30-minute breakout session are scheduled to begin at 10:30 a.m. ET and will be webcast live. To view the presentation live or archived, please visit www.analogic.com.

About Analogic

Analogic (Nasdaq:ALOG), headquartered in Peabody, Mass., is a high-technology company that designs and manufactures advanced medical imaging and security systems and subsystems sold to original equipment manufacturers (OEMs) and end users in the healthcare and homeland security markets. We are recognized worldwide for advancing state-of-the-art technology in the areas of computed tomography (CT), magnetic resonance imaging (MRI), digital radiography, ultrasound, and automatic explosives detection for airport security. Our OEM customers incorporate our technology into systems that they in turn sell for various medical and security applications. We also sell our ultrasound products directly to clinical end-user markets through our direct worldwide sales force under the brand name BK Medical. For more information, visit www.analogic.com.
