About Alaska Communications Systems

Headquartered in Anchorage, ACS is Alaska's leading provider of broadband and other wireline and wireless solutions to Enterprise and mass market customers. The ACS wireline operations include the state's most advanced data networks and the only diverse undersea fiber optic system connecting Alaska to the contiguous United States. The ACS wireless operations include statewide 3G CDMA network, reaching across Alaska from the North Slope to Ketchikan, with coverage extended via best-in-class CDMA carriers in the Lower 49 and Canada. By investing in the fastest-growing market segments and attracting the highest-quality customers, ACS seeks to drive top- and bottom-line growth, while continually improving customer experience and cost structure through process improvement.
