## Alaska Communications, Nimble Provide Data Storage for Alaska Businesses

ANCHORAGE, Alaska--(BUSINESS WIRE)-- Alaska businesses now have improved access to reliable data storage through Alaska Communications' (NASDAQ:ALSK) relationship with Nimble Storage. The partnership allows local Alaska businesses and enterprises to use the best Nimble solutions in their IT infrastructure, whether on site or in the cloud.

Alaska Communications [first partnered with Nimble in 2015](#). Recently, Alaska's leading broadband and IT solutions provider achieved the next partner level based on its sales and technical competence.

"We're proud to partner with Nimble to provide solutions to state and local governments, as well as our commercial clients," Alaska Communications Vice President, Managed Services Chris Reaburn said. "Secure, reliable data storage is a priority for most organizations. Our experienced experts are proud to help Alaska businesses use Nimble's best-in-class Adaptive Flash platform."

Nimble uses the latest data storage technology, making organizations more efficient, lowering costs and allowing them to focus on serving their customers. Businesses can store data onsite, offsite or in Nimble Storage's hosted environment, keeping critical data secure and easily accessible. Enabled by Alaska Communications' expertise in managed networks, businesses can ensure performance of cloud storage while maintaining data security.

Custom packages with Nimble Storage are available from Alaska Communications. Visit [www.alaskacommunications.com/tellmemore](http://www.alaskacommunications.com/tellmemore) or call 855-907-7038 for more information.
