**Item 8.01 Other Events.**

On August 28, 2017, Anand Vadapalli, President and Chief Executive Officer of Alaska Communications Systems Group, Inc. ("Alaska Communications" or the "Company") adopted a stock trading plan in accordance with Rule 10b5-1 of the Securities Exchange Act of 1934. Under Rule 10b5-1, directors, officers and other employees who are not in possession of material non-public information may adopt a pre-arranged plan or contract for the sale of company securities under specified conditions and at specified times. Using these 10b5-1 plans, individuals can gradually diversify their investment portfolios and spread stock trades, executed through a broker, over an extended period of time, regardless of any material, non-public information they may receive after adopting the plans.

Mr. Vadapalli's plan provides for the sale of up to 123,754 shares of Alaska Communications common stock, including shares to be acquired through the exercise of stock options, beginning November 30, 2017. Shares may be sold under the plan on the open market at prevailing market prices and subject to a minimum price threshold specified in the plan. The plan will terminate on the earlier of August 30, 2018 or the date all shares under the plan are sold.

Mr. Vadapalli's plan provides for the sale of only a small portion of his holdings in the Company's common stock and is part of a routine plan to diversify his investment portfolio. It represents the first time Mr. Vadapalli will have sold Alaska Communication's common stock since joining the Company in 2006.

Transactions under the 10b5-1 plan will be reported to the Securities and Exchange Commission in accordance with applicable securities laws, rules and regulations. The Company does not undertake to report Rule 10b5-1 plans that may be adopted by any officers, directors or employees in the future, or to report any modifications or termination of any publicly announced trading plan, except to the extent required by law.
