PROXY STATEMENT
FOR 2017 ANNUAL MEETING OF STOCKHOLDERS
to be held on Monday, June 5, 2017 at 11:00 a.m. Pacific Daylight Time

This proxy statement and the enclosed form of proxy are furnished in connection with the solicitation of proxies by our board of directors for use at the annual meeting of stockholders (the "Annual Meeting") to be held on June 5, 2017, and any postponements, adjournments or continuations thereof. The Annual Meeting will be held at the Qualys's corporate headquarters, 1600 Bridge Parkway, Redwood City, California 94065, on June 5, 2017 at 11:00 a.m. Pacific Daylight Time. On or about April 24, 2017, we expect to mail to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement for our Annual Meeting and our annual report to stockholders.

The information provided in the "question and answer" format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully.

What matters am I voting on?

You will be voting on:

- the election of two Class II directors to hold office until the 2020 annual meeting of stockholders or until their successors are duly elected and qualified;
- a proposal to ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017;
- a proposal to approve, on an advisory and non-binding basis, executive compensation as described in this proxy statement; and
- any other business that may properly come before the meeting.

How does the board of directors recommend I vote on these proposals?

The board of directors recommends a vote:

- FOR the nominees for election as Class II directors;
- FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017; and
- FOR the executive compensation as described in this proxy statement.

Who is entitled to vote?

Holders of our common stock as of the close of business on April 7, 2017, the record date, may vote at the Annual Meeting. As of the record date, we had 37,029,267 shares of common stock outstanding. In deciding all matters at the Annual Meeting, each stockholder will be entitled to one vote for each share of common stock held on the record date. We do not have cumulative voting rights for the election of directors.

Registered Stockholders . If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares, and the Notice was provided to you directly by us. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Street Name Stockholders . If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the Notice was forwarded to you by your broker or nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares. Beneficial owners are also invited to attend the Annual Meeting. However, because a beneficial owner is not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you follow your broker's procedures for obtaining a legal proxy. If you request a printed copy of the proxy materials by mail, your broker or nominee will provide a voting instruction card for you to use.

How do I vote?

There are four ways to vote:

- by Internet at <http://www.proxyvote.com>, 24 hours a day, seven days a week, until 11:59 p.m. on June 4, 2017 (have your proxy card in hand when you visit the website);
- by toll-free telephone at 1-800-690-6903, until 11:59 p.m. on June 4, 2017 (have your proxy card in hand when you call);
- by completing and mailing your proxy card (if you received printed proxy materials); or
- by written ballot at the Annual Meeting.

Can I change my vote?

Yes. You can change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by Internet or by telephone;
- returning a later-dated proxy card;
- notifying the Corporate Secretary of Qualys, Inc., in writing, at the address listed on the front page; or
- completing a written ballot at the Annual Meeting.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our board of directors. The persons named in the proxy have been designated as proxies by our board of directors. When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instruction of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our board of directors as described above. If any matters not described in the proxy statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is adjourned, the proxy holders can vote your shares on the new meeting date as well, unless you have properly revoked your proxy instructions, as described above.

Why did I receive a notice regarding the availability of proxy materials on the Internet instead of a full set of proxy materials?

In accordance with the rules of the Securities and Exchange Commission ("SEC"), we have elected to furnish our proxy materials, including this proxy statement and our annual report to

stockholders, primarily via the Internet. On or about April 24, 2017, we expect to mail to our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") that contains instructions on how to access our proxy materials on the Internet, how to vote at the meeting, and how to request printed copies of the proxy materials and annual report. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

What is a quorum?

A quorum is the minimum number of shares required to be present at the annual meeting for the meeting to be properly held under our bylaws and Delaware law. The presence, in person or by proxy, of a majority of all issued and outstanding shares of common stock entitled to vote at the meeting will constitute a quorum at the meeting. A proxy submitted by a stockholder may indicate that all or a portion of the shares represented by the proxy are not being voted ("stockholder withholding") with respect to a particular matter. Similarly, a broker may not be permitted to vote stock ("broker non-vote") held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock. See "How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?" The shares subject to a proxy that are not being voted on a particular matter because of either stockholder withholding or broker non-vote will count for purposes of determining the presence of a quorum. Abstentions are also counted in the determination of a quorum.

How many votes are needed for approval of each matter?

- *Proposal No. 1:* The election of directors requires a plurality of the votes cast at the meeting, meaning that the individuals who receive the largest number of votes cast "for" their election are elected as directors. As a result, any shares not voted "for" a particular nominee (whether as a result of "withhold" votes or broker non-votes) will not be counted in such nominee's favor and will have no effect on the outcome of the election. You may vote "for" or "withhold" on each of the nominees for election as a director.
- *Proposal No. 2:* The ratification of the appointment of Grant Thornton LLP must receive the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote thereon to be approved. You may vote "for," "against" or "abstain" on this proposal. Abstentions represent shares present and entitled to vote and thus, will have the same effect as votes "against" this proposal.
- *Proposal No. 3:* The approval, on an advisory and non-binding basis, of the executive compensation as described in this proxy statement must receive the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote thereon to be approved. You may vote "for," "against" or "abstain" on this proposal. Abstentions represent shares present and entitled to vote and thus, will have the same effect as votes "against" this proposal. Broker non-votes will have no effect on the outcome of this proposal because they represent shares that are not entitled to vote on the matter.

How are proxies solicited for the Annual Meeting?

The board of directors is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by us. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending these proxy materials to you if a broker or other nominee holds your shares.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker will have discretion to vote your shares on our sole “routine” matter—the proposal to ratify the appointment of Grant Thornton LLP. Your broker will not have discretion to vote on the election of directors or the proposal to approve executive compensation, absent direction from you.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Qualys, Inc. or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting. We will also disclose voting results on a Current Report on Form 8-K that we will file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K, we will file a Current Report on Form 8-K to publish preliminary results and will provide the final results in an amendment to the Form 8-K as soon as they become available.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

We have adopted a procedure called “householding,” which the SEC has approved. Under this procedure, we deliver a single copy of the Notice and, if applicable, the proxy materials to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs, and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, we will deliver promptly a separate copy of the Notice and, if applicable, the proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy, or, if you are receiving multiple copies, to request that Qualys only send a single copy, of the Notice and, if applicable, the proxy materials, stockholders may contact us as follows:

Qualys, Inc.
Attention: Investor Relations
1600 Bridge Parkway
Redwood City, California 94065
(650) 801-6100

Stockholders who hold shares in street name may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

What is the deadline to propose actions for consideration at next year’s annual meeting of stockholders or to nominate individuals to serve as directors?*Stockholder Proposals*

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our

Corporate Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2018 annual meeting of stockholders, our Corporate Secretary must receive the written proposal at our principal executive offices not later than December 25, 2017. In addition, stockholder proposals must comply with the requirements of Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Qualys, Inc.
Attention: Corporate Secretary
1600 Bridge Parkway
Redwood City, California 94065
(650) 801-6100

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (i) specified in our proxy materials with respect to such meeting, (ii) otherwise properly brought before the meeting by or at the direction of our board of directors, or (iii) properly brought before the meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws. To be timely for our 2018 annual meeting of stockholders, our Corporate Secretary must receive the written notice at our principal executive offices:

- not earlier than February 8, 2018; and
- not later than the close of business on March 10, 2018.

In the event that we hold our 2018 annual meeting of stockholders more than 30 days before or more than 60 days after the one-year anniversary date of the 2017 annual meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the close of business on the 120th day before such annual meeting and no later than the close of business on the later of the following two dates:

- the 90th day prior to such annual meeting; or
- the 10th day following the day on which public announcement of the date of such meeting is first made.

If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we are not required to present the proposal for a vote at such meeting.

Nomination of Director Candidates

You may propose director candidates for consideration by our nominating and governance committee. Any such recommendations should include the nominee's name and qualifications for membership on our board of directors and should be directed to the Corporate Secretary of Qualys, Inc. at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see "Board of Directors and Corporate Governance—Stockholder Recommendations for Nominations to the Board of Directors."

In addition, our bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance

with our bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time period described above under “Stockholder Proposals” for stockholder proposals that are not intended to be included in our proxy statement.

Availability of Bylaws

A copy of our bylaws is available on our website at <http://investor.qualys.com>. You may also contact our Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Our business affairs are managed under the direction of our board of directors, which is currently composed of seven members. Six of our directors are “independent” under the NASDAQ Stock Market listing standards. Our board of directors is divided into three staggered classes of directors. At each annual meeting of stockholders, a class of directors will be elected for a three-year term to succeed the same class whose term is then expiring.

Each director’s term continues until the election and qualification of his successor, or his earlier death, resignation, or removal. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

The following table sets forth the names and certain other information for each of the nominees for election as a director and for each of the continuing members of the board of directors.

Director Independence

Our board of directors has reviewed the independence of each director. Based on information provided by each director concerning his or her background, employment and affiliations, our board of directors has determined that each of Ms. Bergeron, Mr. Dixon, Mr. Hank, Mr. Headley, Gen. Pace and Ms. Rogers do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the applicable rules and regulations of the SEC and the listing requirements and rules of the NASDAQ Stock Market. In making these determinations, our board of directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock held by each non-employee director.

With respect to Mr. Dixon, our board of directors specifically considered that Mr. Dixon is the father of Peter Dixon, the Chairman and Founder of Second Front Systems, Inc., and the terms and value of the Representative Agreement we have with Second Front Systems, Inc. Our board of directors has concluded that our relationship with Second Front Systems, Inc. is not a material relationship that would impede the exercise of independent judgment by Mr. Dixon.

Leadership Structure

Mr. Courtot currently serves as both Chairman of our board of directors and President and Chief Executive Officer. Our board of directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provide effective independent oversight of management while allowing the board of directors and management to benefit from Mr. Courtot’s leadership and years of experience as an executive in the technology industry. Serving on our board of directors since 2000 and as Chief Executive Officer since 2001, Mr. Courtot is best positioned to identify strategic priorities, lead critical discussion and execute our strategy and business plans.

Mr. Courtot possesses detailed in-depth knowledge of the issues, opportunities, and challenges facing us. Independent directors and management sometimes have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside of our company, while the Chief Executive Officer brings company specific experience and expertise. The board of directors believes that Mr. Courtot’s combined role enables strong leadership, creates clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to stockholders.

Lead Independent Director

Our board of directors has appointed Mr. Dixon to serve as our lead independent director. As lead independent director, Mr. Dixon presides over periodic meetings of our independent directors, serves as a liaison between our Chairman and the independent directors and performs such additional duties as our board of directors may otherwise determine and delegate.

Board Meetings and Committees

During the year ended December 31, 2016, our board of directors held 11 meetings (including regularly scheduled and special meetings), our audit committee held eight meetings, our compensation committee held five meetings, and our nominating and governance committee held two meetings. Each director attended at least 75% of the total number of meetings of the board of directors and the committees of which he or she was a member during 2016.

Although we do not have a formal policy regarding attendance by members of our board of directors at annual meetings of stockholders, we encourage, but do not require, directors to attend.

Our board of directors has an audit committee, a compensation committee, and a nominating and governance committee, each of which has the composition and responsibilities described below. Members serve on these committees until their resignation or until otherwise determined by our board of directors.

Audit Committee

Our audit committee consists of Ms. Bergeron, Mr. Hank, Mr. Headley and Gen. Pace, with Mr. Hank serving as Chairman. The composition of our audit committee meets the requirements for independence under current NASDAQ Stock Market listing standards and SEC rules and regulations. Each member of our audit committee meets the financial literacy requirements of the NASDAQ Stock Market listing standards. Considerations in Evaluating Director Nominees

The nominating and governance committee uses a variety of methods for identifying and evaluating director nominees. In its evaluation of director candidates, the nominating and governance committee will consider the current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board of directors. Some of the qualifications that the nominating and governance committee considers include, without limitation, issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest and other commitments. Nominees must also have the ability to offer advice and guidance to our Chief Executive Officer based on past experience in positions with a high degree of responsibility and be leaders in the companies or institutions with which they are affiliated. Director candidates must have sufficient time available in the judgment of the nominating and governance committee to perform all board of director and committee responsibilities. Members of the board of directors are expected to prepare for, attend, and participate in all board of director and applicable committee meetings. Other than the foregoing, there are no stated minimum criteria for director nominees, although the nominating and governance committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders' best interests. The nominating and governance committee will also seek appropriate input from the Chief Executive Officer from time to time in assessing the needs of the board of directors for relevant background, experience, diversity and skills of its members.

Although the board of directors does not maintain a specific policy with respect to board diversity, the board of directors believes that the board should be a diverse body, and the nominating and governance committee considers a broad range of backgrounds and experiences. In making determinations regarding nominations of directors, the nominating and governance committee may take into account the benefits of diverse viewpoints. The nominating and governance committee also considers these and other factors as it oversees the annual board of director and committee evaluations.

Stockholder Recommendations for Nominations to the Board of Directors

The nominating and governance committee will consider candidates for director recommended by stockholders so long as such recommendations comply with the certificate of incorporation and bylaws of our company and applicable laws, rules and regulations, including those promulgated by the SEC. The committee will evaluate such recommendations in accordance with its charter, our bylaws and the regular nominee criteria described above. This process is designed to ensure that the board of directors includes members with diverse backgrounds, skills and experience, including appropriate financial and other expertise relevant to our business. Eligible stockholders wishing to recommend a candidate for nomination should contact our General Counsel in writing. Such recommendations must include information about the candidate, a statement of support by the recommending stockholder, evidence of the recommending stockholder's ownership of our stock and a signed letter from the candidate confirming willingness to serve on our board of directors. The committee has discretion to decide which individuals to recommend for nomination as directors.

A stockholder of record can nominate a candidate directly for election to the board of directors by complying with the procedures in Section 2.4(ii) of our bylaws. Any eligible stockholder who wishes to submit a nomination should review the requirements in the bylaws on nominations by stockholders. Any nomination should be sent in writing to the Qualys, Inc., Attention: Corporate Secretary, 1600 Bridge Parkway, Redwood City, California 94065. Notice must be received by us no earlier than February 8, 2018, and no later than March 10, 2018. The notice must state the information required by Section 2.4(ii)(b) of our bylaws and otherwise must comply with applicable federal and state law.

Stockholder Communications with the Board of Directors

Stockholders wishing to communicate with the board of directors or with an individual member of the board of directors may do so by writing to the board of directors or to the particular member of the board of directors, and mailing the correspondence to: Qualys, Inc., Attention: General Counsel, 1600 Bridge Parkway, Redwood City, California 94065. All such stockholder communications will be forwarded to the appropriate member or members of the board of directors, or if none is specified, to the Chairman of the board of directors.

In addition, our board of directors has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer, and other executive and senior financial officers. The full text of our Corporate Governance Guidelines and Code of Business Conduct and Ethics is posted on the Corporate Governance portion of our website at <http://investor.qualys.com>. We will post amendments to our Code of Business Conduct and Ethics or waivers of our Code of Business Conduct and Ethics for directors and executive officers on the same website.

Risk Management

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational. We have designed and implemented processes to manage risk in our operations. Management is responsible for the day-to-day management of risks the company faces, while our board of directors, as a whole and assisted by its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are appropriate and functioning as designed.

Our board of directors believes that open communication between management and the board of directors is essential for effective risk management and oversight. Our board of directors meets with our Chief Executive Officer and other members of the senior management team at quarterly board meetings, where, among other topics, they discuss strategy and risks facing the company.

While our board of directors is ultimately responsible for risk oversight, our board committees assist the board of directors in fulfilling its oversight responsibilities in certain areas of risk. The audit committee assists our board of directors in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and procedures, and legal and regulatory compliance. The audit committee discusses with management and the independent auditor guidelines and policies with respect to risk assessment and risk management. The audit committee also reviews management's assessment of the key risks facing us, including the key controls it relies on to mitigate those risks. The audit committee also monitors certain key risks at each of its regularly scheduled meetings, such as risk associated with internal control over financial reporting and liquidity risk. The nominating and governance committee assists our board of directors in fulfilling its oversight responsibilities with respect to the management of risk associated with board organization, membership and structure, and corporate governance. The compensation committee assesses risks created by the incentives inherent in our compensation policies. Finally, the full board of directors reviews strategic and operational risk in the context of reports from the management team, receives reports on all significant committee activities at each regular meeting, and evaluates the risks inherent in significant transactions.

Non-Employee Director Compensation

The following table provides information regarding compensation paid by us to our non-employee directors during 2016. Directors who are also our employees receive no additional compensation for their service as a director. During 2016, one director, Mr. Courtot, our Chairman and Chief Executive Officer, was an employee. Mr. Courtot's compensation is discussed under the heading "Executive Compensation." We reimburse our directors for expenses associated with attending meetings of our board of directors and meetings of committees of our board.

Non-Employee Director Compensation Program

During 2016, our non-employee director compensation program consisted of equity and cash, as described below.

Equity Compensation

Upon joining the board, each newly elected non-employee director will be granted an award of restricted stock units with a "value" of \$420,000 (the "Initial Award"), with vesting to occur in 3 equal annual installments on each of the first 3 anniversaries of the first day of the month following the month that the director joins the board, subject to continued service as a director through each vesting date.

On the date of each annual meeting of our stockholders, each non-employee director who has served on the board for at least six months prior to such date will be granted an award of restricted stock units with a "value" of \$165,000 (the "Annual Award"), with vesting to occur on the earlier of the first anniversary of its grant date or the day before the next annual meeting of stockholders.

For the purposes of the compensation program for our non-employees directors, a share subject to a restricted stock unit will be valued based on the average of the closing trading prices for the 30 days ending one week before the applicable grant date.

Notwithstanding the vesting schedules described above, the vesting of each Initial Award and each Annual Award will accelerate in full upon a "change in control" (as defined in our 2012 Equity Incentive Plan).

Cash Compensation

Each year, each non-employee director will receive a cash retainer of \$30,000 for serving on the board of directors (the "Annual Retainer"). In addition to the Annual Retainer, the lead independent director will be entitled to an additional cash retainer of \$15,000.

The chairpersons and members of the board's three standing committees will be entitled to the following cash retainers each year:

All retainers in cash will be paid in four equal installments on a quarterly basis at the end of the applicable quarter, provided that the individual served as a non-employee director in the applicable capacity during the full quarter, with the amount pro-rated for any director who did not serve in the applicable capacity the full quarter (on either the board of directors and/or the relevant board committee).

PROPOSAL NO. 2
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the board of directors has appointed Grant Thornton LLP ("Grant Thornton"), independent registered public accountants, to audit our financial statements for the year ending December 31, 2017. During the year ended December 31, 2016, Grant Thornton served as our independent registered public accounting firm.

Notwithstanding its selection and even if our stockholders ratify the selection, our audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interests of Qualys, Inc. and its stockholders. At the Annual Meeting, the stockholders are being asked to ratify the appointment of Grant Thornton as our independent registered public accounting firm for the year ending December 31, 2017. Our audit committee is submitting the selection of Grant Thornton to our stockholders because we value our stockholders views on our independent registered public accounting firm and as a matter of good corporate governance. Representatives of Grant Thornton will be present at the Annual Meeting, and they will have an opportunity to make statements and will be available to respond to appropriate questions from stockholders.

If the stockholders do not ratify the appointment of Grant Thornton, the board of directors may reconsider the appointment.

Fees Paid to the Independent Registered Public Accounting Firm

The following table presents fees for professional audit services and other services rendered to our company by Grant Thornton for the years ended December 31, 2015 and 2016.

	<u>2015</u>	<u>2016</u>
Audit Fees (1)	\$ 978,568	\$ 1,124,640
Audit-Related Fees (2)	51,157	91,438
	<u>\$ 1,029,725</u>	<u>\$ 1,216,078</u>

- (1) Audit fees consist of fees for professional services provided in connection with the audit of our annual consolidated financial statements and internal control over financial reporting, review of our quarterly consolidated financial statements and audit services provided in connection with other statutory and regulatory filings.
- (2) Audit-Related fees consist of fees for professional services provided in connection with the issuance of our Service Organization Control Report (SOC1), which provides assurance to our customers that we have adequate controls and safeguards over the processing of their data.

Auditor Independence

In 2016, there were no other professional services provided by Grant Thornton that would have required the audit committee to consider their compatibility with maintaining the independence of Grant Thornton.

Audit Committee Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with requirements of the SEC and the Public Company Oversight Board, or PCAOB, regarding auditor independence, our audit committee is responsible for the appointment, compensation

and oversight of the work of our independent registered public accounting firm. In recognition of this responsibility, our audit committee has established a policy for the pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

Before engagement of the independent registered public accounting firm for the next year's audit, the independent registered public accounting firm submits a detailed description of services expected to be rendered during that year for each of the following categories of services to the audit committee for approval:

- *Audit services* . Audit services include work performed for the audit of our financial statements and internal control over financial reporting, the review of financial statements included in our quarterly reports, as well as work that is normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings.
- *Audit-Related services* . Audit-Related services are for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not covered above under "audit services."
- *Tax services* . Tax services include all services performed by the independent registered public accounting firm's tax personnel for tax compliance, tax advice and tax planning.
- *Other services* . Other services are those services not described in the other categories.

The audit committee pre-approves particular services or categories of services on a case-by-case basis. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the services must be pre-approved by the audit committee before the independent registered public accounting firm is engaged. Pre-approval fee levels or budgeted amounts for all services to be provided by the independent registered public accounting firm are established annually by the audit committee. Any proposed services exceeding these levels or amounts require specific pre-approval by the audit committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP.

PROPOSAL NO. 3
ADVISORY APPROVAL OF EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables stockholders to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed pursuant to Section 14A of the Exchange Act. This proposal, commonly known as a “Say-on-Pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The Say-on-Pay vote is advisory, and therefore is not binding on us, the compensation committee or our board of directors. The Say-on-Pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the compensation committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our board of directors and our compensation committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will endeavor to communicate with stockholders to better understand the concerns that influenced the vote, consider our stockholders’ concerns and the compensation committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information provided in the “Executive Compensation” section of this proxy statement, and in particular the information discussed in “Executive Compensation—Compensation Discussion and Analysis—Philosophy and Objectives” beginning on page 23 below, demonstrates that our executive compensation program was designed appropriately and is working to ensure management’s interests are aligned with our stockholders’ interests to support long-term value creation. Accordingly, we ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the named executive officers, as disclosed in the proxy statement for the 2016 Annual Meeting pursuant to the compensation disclosure rules of the SEC, including the compensation discussion and analysis, compensation tables and narrative discussion, and other related disclosure.”

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL, ON AN ADVISORY BASIS, OF THE EXECUTIVE COMPENSATION AS DESCRIBED IN THIS PROXY STATEMENT.

REPORT OF THE AUDIT COMMITTEE

The audit committee is a committee of the board of directors comprised solely of independent directors as required by the listing standards of the NASDAQ Stock Market and rules of the SEC. The audit committee operates under a written charter approved by the board of directors, which is available on our website at <http://investor.qualys.com>. The composition of the audit committee, the attributes of its members and the responsibilities of the audit committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The audit committee reviews and assesses the adequacy of its charter and the audit committee's performance on an annual basis.

With respect to the financial reporting process of Qualys, Inc. (the "Company"), the management of the Company is responsible for (1) establishing and maintaining internal controls and (2) preparing the Company's consolidated financial statements. Grant Thornton LLP ("Grant Thornton") is responsible for auditing these financial statements. It is the responsibility of the audit committee to oversee these activities. It is not the responsibility of the audit committee to prepare or certify our financial statements or guarantee the audits or reports of Grant Thornton. These are the fundamental responsibilities of management and Grant Thornton. In the performance of its oversight function, the audit committee has:

- reviewed and discussed the audited financial statements with management and Grant Thornton;
- discussed with Grant Thornton the matters required to be discussed by the statement on Auditing Standard No. 1301, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board; and
- received the written disclosures and the letter from Grant Thornton required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Grant Thornton its independence.

Based on the audit committee's review and discussions with management and Grant Thornton, the audit committee recommended to the board of directors that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2016 for filing with the Securities and Exchange Commission.

Respectfully submitted by the members of the audit committee of the board of directors:

Jeffrey P. Hank (Chair)
Sandra E. Bergeron
Todd P. Headley
General Peter Pace

Overview

Business Highlights

We are a pioneer and leading provider of cloud-based security and compliance solutions that enable organizations to identify security risks to their IT infrastructures, help protect their IT systems and applications from ever-evolving cyber-attacks and achieve compliance with internal policies and external regulations. Our cloud solutions address the growing security and compliance complexities and risks that are amplified by the dissolving boundaries between internal and external IT infrastructures and web environments, the rapid adoption of cloud computing and the proliferation of geographically dispersed IT assets.

IT infrastructures are more complex and globally-distributed today than ever before, as organizations of all sizes increasingly rely upon a myriad of interconnected information systems and related IT assets, such as servers, databases, web applications, routers, switches, desktops, laptops, other physical and virtual infrastructure, and numerous external networks and cloud services. The predominant approach to IT security has been to implement multiple disparate security products that can be costly and difficult to deploy, integrate and manage and may not adequately protect organizations. As a result, we believe there is a large and growing opportunity for comprehensive cloud-based security and compliance solutions.

We intend to leverage our innovation and extensive expertise to strengthen our leadership position as a trusted provider of cloud-based security and compliance solutions. In 2016, we continued our outstanding financial performance, including achieving the following significant financial results:

- Revenue was \$197.9 million, as compared to \$164.3 million in 2015;
- Net income was \$19.2 million, as compared to \$15.9 million in 2015;
- Non-GAAP Adjusted EBITDA was \$68.0 million, as compared to \$56.7 million in 2015; and
- Non-GAAP free cash flows were \$44.9 million, as compared to \$45.8 million in 2015.

Adjusted EBITDA and free cash flows are non-GAAP financial measures and the reconciliations of net income to Adjusted EBITDA and net cash provided by operating activities to free cash flow are set forth in the section entitled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” in our Annual Report on Form 10-K filed with the SEC on February 24, 2017.

Good Governance Practices

We maintain good corporate governance standards in our executive compensation policies and practices. The following policies and practices were either adopted or in effect during our fiscal year ended December 31, 2016:

- Our compensation committee is made up solely of independent directors and makes all executive compensation decisions.
- Our potential change in control payments and benefits are reasonable in amount.
- We do not offer golden parachute tax gross-ups to any of our named executive officers.

Effect of Most Recent Stockholder Advisory Vote on Executive Compensation

The compensation committee considers the results of the annual stockholder advisory vote on the compensation of our Named Executive Officers and stockholder feedback on our executive compensation program as part of its annual executive compensation review. At our 2016 annual meeting of stockholders, over 99% of the votes cast approved the compensation program for our named executive officers as described in our 2016 annual proxy statement. Based on this strong stockholder support, the compensation committee determined not to make any significant changes to our existing executive compensation program and policies, except that we introduced restricted stock units into our equity mix in 2016 (as described below); however, this new element was not related to the feedback on the stockholder advisory vote. The compensation committee will continue to consider the results of the annual advisory vote on executive compensation and stockholder feedback as data points in designing our executive compensation program.

Philosophy and Objectives

Our compensation philosophy is to provide programs that attract and retain the best available personnel for positions of substantial responsibility, provide incentives for such persons to perform to the best of their abilities, and to promote the success of our business. The following table identifies the main elements of our executive compensation program and the reason we chose to provide each:

<u>Element of Compensation</u>	<u>Basis for Providing Element</u>
Base Salary	To provide compensation to our named executive officers for services based on their experience and past performance
Non-Equity Incentive Plan Compensation	To motivate and reward our named executive officers for focusing on individual and company objectives that drive increased stockholder value
Equity Compensation	To align our named executive officers' interests with the long-term interests of our stockholders and to promote the retention of our named executive officers

Compensation-Setting Process

Role of the Compensation Committee

The compensation committee operates under a written charter adopted by the compensation committee and approved by our board of directors. The charter is available on our website. Each member of the compensation committee qualifies as (i) an "independent director" under the NASDAQ Stock Market requirements, (ii) a "non-employee director" under Rule 16b-3 of the Exchange Act of 1934, as amended, and (iii) an "outside director" under Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code.

The compensation committee oversees our overall compensation philosophy, compensation plans, and benefits programs. The compensation committee is responsible for reviewing, approving, and administering our annual and long-term incentive compensation plans and our employee benefit plans and for administering our equity incentive plans.

To this end, the compensation committee establishes the performance objectives and certifies the performance achievement under our annual and long-term incentive compensation plans, and the compensation committee approves the grant of equity awards under our equity incentive plans. The compensation committee also reviews on a periodic basis the operations of our executive compensation programs to determine whether they are properly coordinated and achieving their intended purposes, which includes annually reviewing and approving our named executive officers' base salaries. If the compensation committee determines that any executive compensation program that yields payments and benefits that are not reasonably related to executive and corporate performance, the compensation committee may take steps to modify such program.

The compensation committee has the authority to engage independent outside consultants and obtain input from our management team, other employees, and external advisers. In 2016, the compensation committee engaged Compensia, Inc., or Compensia, a third party compensation consultant, to assist us with respect to the compensation of our executives, including our named executive officers.

Role of Compensation Consultant

Compensia provided data on the compensation provided to executives in our compensation peer group and the market in general. The compensation peer group is selected on the basis of relevant industry, size and complexity of the business. This data was considered by the compensation committee in setting executive compensation in 2016. This process involved Compensia analyzing, reviewing and making recommendations to the compensation committee regarding (i) the compensation peer group and (ii) various elements of our executive compensation program based on a comparison of the base salary, target total cash compensation (i.e., base salary plus non-equity incentive plan compensation), annual long-term incentive values, and target total direct compensation (i.e., target total cash compensation plus equity incentives) we provide to our named executive officers against that provided by our compensation peer group to similarly situated executives. In 2016, Compensia did not provide any services to us or receive any payments from us, except in its capacity as a consultant to the compensation committee. Based on the consideration of the various factors as set forth in the rules of the SEC and the NASDAQ Stock Market, the compensation committee believes that its relationship with Compensia and the work of Compensia on behalf of the compensation committee has not raised any conflict of interest.

Role of Management

During 2016, Mr. McCauley (prior to his resignation on March 1, 2016), Mr. Posey, Ms. Fisher (following the commencement of her employment on April 28, 2016), and Rima Tuoma-Bruno, our

Chief Human Resources Officer, typically attended the compensation committee's meetings, and the compensation committee may invite to its meetings any other person that it deems appropriate. No named executive officer attends an executive session at which his or her compensation is considered.

Peer Companies

With the assistance of Compensia, the compensation committee approved a list of public company peer companies for the compensation committee to use in conducting a competitive market analysis of executive officer compensation. Our compensation peer group consisted of publicly traded companies in the software, internet software & services, or technology hardware & equipment industries that generally had revenues between \$125 million and \$2.0 billion, experienced strong year-over-year growth in revenues, and had a market capitalization between \$500 million and \$13.6 billion. The following is a list of the public companies that we reviewed as our "compensation peer group":

Compensation Peer Group		
Barracuda Networks, Inc.	FireEye Inc.	Nimble Storage, Inc.
Benefitfocus, Inc.	Gigamon Inc.	Palo Alto Networks
Callidus Software Inc.	Imperva Inc.	Proofpoint, Inc.
Cvent, Inc.	Infoblox Inc.	Rapid7, Inc.
Demandware, Inc.	LogMeIn, Inc.	SPS Commerce, Inc.
Ellie Mae, Inc.	Marketo, Inc.	Varonis Systems, Inc.

The compensation committee believed it was appropriate to include these companies in our compensation peer group because the companies were similar in size, operated within the same or similar industries as us and compete with us for executives. The medians for our compensation peer group were revenue of \$236 million and market capitalization of \$939 million. Our revenue was \$197.9 million in 2016 and our market capitalization was approximately \$1.1 billion as of December 31, 2016. In determining our compensation peer group for 2016, we added FireEye, Inc., Palo Alto Networks, Inc., Rapid7, Inc., and Varonis Systems, Inc. to our compensation peer group from 2015, and we removed VASCO Data Security International, Inc. and Veeva Systems Inc. from our compensation peer group from 2015.

Use of Peer Data

We used the compensation peer group and market data provided by Compensia to obtain a general understanding of compensation practices within our compensation peer group and the market in general. In setting the various elements of compensation for the named executive officers, the compensation committee reviewed base salary, target total cash compensation (i.e., base salary plus non-equity incentive plan compensation), annual long-term incentive values, and target total direct compensation (i.e., target total cash compensation plus equity incentives). We believe that considering these measures was important because it allows us to provide compensation that, as a complete package, is appropriate for each named executive officer.

Executive Compensation Program Components

The following sections describe each component of our executive compensation program, provide the rationale for each component, and explain how the compensation amounts and awards were determined for 2016.

Base Salary

Base salary is the primary fixed component of our named executive officers' compensation. We use base salary to compensate our named executive officers for services rendered during the fiscal

year and to ensure that we remain competitive in attracting and retaining executive talent. A named executive officer's base salary at hire is determined through arm's length negotiation. We typically review and consider adjustments to our named executive officers' base salaries on an annual basis. When doing so, the compensation committee takes into account factors such as the named executive officer's experience, skills, knowledge, responsibilities, and performance and the prevailing market conditions.

In April 2016, the compensation committee reviewed our executive compensation program, including base salary for our named executive officers. Based on its review of the peer group compensation data provided by Compensia and other relevant factors, the compensation committee determined that we were providing target compensation below current market conditions and approved increases to the base salaries of our named executive officers. Ms. Fisher's base salary was not adjusted because she was a recent hire. Each named executive officer's base salary is listed in the table below.

<u>Named Executive Officer</u>	<u>Base Salary at Start of Fiscal 2016</u>	<u>Base Salary Effective April 28, 2016</u>	<u>Percentage Increase</u>
Philippe F. Courtot	\$ 350,000	\$ 375,000	7.1%
Melissa B. Fisher	—	\$ 325,000	—
Amer S. Deeba	\$ 250,000	\$ 300,000	20.0%
Bruce K. Posey	\$ 250,000	\$ 275,000	10.0%
Sumedh S. Thakar	\$ 275,000	\$ 325,000	18.2%
Donald C. McCauley	\$ 350,000	—	—

The total base salaries paid to our named executive officers during fiscal year 2016 are set forth in the section entitled " *Summary Compensation Table* " below.

Non-Equity Incentive Plan Compensation

To motivate and reward our named executive officers for our achievement of our annual financial and operational objectives and our long-term strategic and growth goals, we provide cash incentive compensation to our named executive officers based on the achievement of corporate performance objectives. The objectives may change from year to year as our company grows and market conditions evolve and different priorities are established, but we select challenging goals that are achievable only by strong performance.

Our named executive officers participated in our 2016 Corporate Bonus Plan, which provides them with an opportunity to receive formula-based incentive amounts on a quarterly basis. The compensation committee decided this was the most appropriate measure of time to determine achievement of short-term goals. Our named executive officers' target bonus opportunities under the 2016 Corporate Bonus Plan are determined as percentages of their base salaries as of the last day of the applicable quarter. For our first fiscal quarter of 2016, these percentages remained unchanged from 2015, and the sole metric for bonuses continued to be based on the growth in our bookings for the applicable quarter over the same quarter of the prior year. For purposes of the bookings growth metric, bookings are calculated as the sum of subscribed revenues for all new, renewal and upsell subscriptions contracted by customers and channel partners in each quarter. The subscribed revenues are based on the amount of subscription contracted if the term is one year or less, and are capped at one year's worth of subscribed revenues if the subscription term exceeds one year. The bookings growth metric is an internal metric and is a non-GAAP financial measure. The compensation committee selected this metric as the corporate performance measure that best supported our annual operating plan and enhanced long-term value creation.

In April 2016, the compensation committee approved increases to the target bonus opportunities of our named executive officers and a shift from a single metric for bonuses to a combination of three metrics, with such changes effective beginning with our second fiscal quarter of 2016. Accordingly, for our second, third, and fourth fiscal quarters of 2016, the 2016 Corporate Bonus Plan also included growth in revenue from the same quarter in 2015 and non-GAAP earnings per diluted share, with all three components weighted equally. The new metrics were added to align the 2016 Corporate Bonus Plan for our executives (including our named executive officers) with the changes to the 2016 Corporate Bonus Plan for non-executives that the compensation committee adopted for our first fiscal quarter of 2016. The compensation committee determined that compensation should be driven by achievement of multiple objectives that enhance long-term value creation.

For purposes of the revenue growth metric, revenue is determined in accordance with GAAP and set forth in our quarterly and annual financial statements. For purposes of the non-GAAP earnings per diluted share metric, such earnings are calculated as GAAP net income less stock-based compensation expense and non-recurring charges under the 2016 Corporate Bonus Plan, divided by weighted average shares (diluted) for the applicable quarter.

In July 2016, the compensation committee approved a change to the formula for calculating the payout percentage under the bookings growth component, effective for our third and fourth fiscal quarters of 2016. This change, based on Ms. Fisher's first full quarter as CFO, was made to better align all three metrics.

Each named executive officer's target bonus opportunity (as a percentage of his or her base salary earned in the applicable quarter) is listed in the table below.

<u>Named Executive Officer</u>	<u>Target Bonus for Q1 2016</u>	<u>Target Bonus for Q2-Q4 2016</u>
Philippe F. Courtot	50%	100%
Melissa B. Fisher	—	50%
Amer S. Deeba	40%	50%
Bruce K. Posey	40%	50%
Sumedh S. Thakar	40%	50%
Donald C. McCauley	40%	—

Since Ms. Fisher's employment with us commenced after the start of our second fiscal quarter of 2016, her target incentive amount for that quarter was pro-rated based on the number of days she was employed by us during such quarter. Accordingly, the target incentive amounts for our eligible named executive officers in each quarter of 2016 were as follows:

2016 Corporate Bonus Plan Target Awards

<u>Named Executive Officer</u>	<u>Q1</u>	<u>Q2</u>	<u>Q3</u>	<u>Q4</u>	<u>TOTAL</u>
Philippe F. Courtot	\$43,750	\$93,750	\$93,750	\$93,750	\$325,000
Melissa B. Fisher	—	\$28,333	\$40,625	\$40,625	\$109,583
Amer Deeba	\$25,000	\$37,500	\$37,500	\$37,500	\$137,500
Bruce K. Posey	\$25,000	\$34,375	\$34,375	\$34,375	\$128,125
Sumedh S. Thakar	\$27,500	\$40,625	\$40,625	\$40,625	\$149,375
Donald C. McCauley	\$35,000	—	—	—	\$ 35,000

A named executive officer's incentive payment is paid at a percentage of his or her target incentive amount based on the weighted average of the payout percentages for each applicable component

(which was solely the bookings growth component for our first fiscal quarter of 2016). To be eligible for a quarterly incentive payment under our 2016 Corporate Bonus Plan, an individual must be employed as of the last day of the quarter.

For our first and second fiscal quarters of 2016, the payout percentage is capped at 100% of the target amount, which is earned if the target is achieved or surpassed. For our third and fourth fiscal quarters of 2016, the payout percentage for the bookings growth component of a named executive officer's incentive payment is capped at 120% of the target amount, which is earned if 120% of the target bookings growth rate is achieved or surpassed. Because targets were set quarterly, the compensation committee chose to incentivize performance exceeding target. The compensation committee established targets it believed would be challenging, but attainable, through the successful execution of our annual operating plan.

For each of the revenue growth and non-GAAP earnings per diluted share components, the payout percentage is capped at 100%. We thought that achieving the top end of the targets would be sufficiently challenging and incentivizing for top end performance.

* With respect to actual bookings growth rate, as noted above, this is an internal metric that we do not disclose for several reasons, including our belief that disclosure would result in competitive harm. If the results were disclosed, we believe the information would provide competitors with insights into our operations and sales compensations programs that would be harmful to us. The Compensation Committee believed that our corporate bonus annual incentive structure was appropriate because it was designed to drive sales and profitability.

The actual amounts awarded for 2016 to our named executive officers were as follows, based on the achievement against the applicable metrics discussed above:

2016 Corporate Bonus Plan—Actual Award Amount

Named Executive Officer	Actual Award Amount
Philippe F. Courtot	\$ 214,064
Melissa B. Fisher	\$ 76,971
Amer Deeba	\$ 87,500
Bruce K. Posey	\$ 80,729
Sumedh S. Thakar	\$ 94,896

Equity Compensation

We use equity awards to incentivize and reward strong long-term corporate performance and align the interests of our named executive officers with those of our stockholders.

The size of equity awards granted to our named executive officers in connection with their hire is determined through arm's-length negotiation. We consider factors such as the named executive officer's prospective role and responsibilities, the cash compensation the named executive officer is expected to receive, the potential incentive and retention value of the award, and the prevailing market conditions.

We also will periodically grant equity awards to our named executive officers to recognize corporate and individual performance, in connection with a promotion, or to provide additional incentive to continue providing services to us. When determining the size of these equity awards, we generally do not apply a fixed formula. Instead, we aim to maximize long-term stockholder value by granting an amount of equity that properly rewards the named executive officer for his or her contribution to the growth in such value, and we therefore take into consideration factors such as the named executive officer's performance, contributions, responsibilities, and experience; the equity held by the named executive officer (including the economic value of his or her unvested equity awards and the ability of this equity to satisfy our retention objectives); a compensation analysis performed by our human resources department and/or Compensia; compensation peer group and market data provided by Compensia; the equity award recommendations of management; and internal equity considerations.

Prior to 2016, stock options were the equity compensation vehicle in our executive compensation program. In 2016, we introduced restricted stock units into our executive compensation program. A shift from stock options to restricted stock units provides an executive with a floor of certain value delivered, as a restricted stock unit would never be out of the money. From a company dilution perspective, restricted stock units minimize dilution as fewer shares are required to deliver an equivalent value as a stock option. However, the compensation committee decided that our executive compensation program for executives would be a 50/50 blend of restricted stock units and stock options, recognizing that a stock option continues to incentivize an executive to create additional stockholder value as a stock option only delivers value to an executive if our stock price increases. Thus, the compensation committee determined that our senior executives, including our named executive officers, should continue to have stock options as part of the equity compensation program.

In April 2016, with respect to refresh awards, the compensation committee reviewed relevant compensation peer group and market data provided by Compensia and recommended that our board of directors grant (i) stock options to Messrs. Courtot, Deeba, Posey, and Thakar and (ii) restricted stock unit awards to Messrs. Deeba, Posey, and Thakar. Also, in April 2016, the Board approved initial new hire stock options and restricted stock awards to Ms. Fisher. The grants to Ms. Fisher were based on arm's-length negotiation with Ms. Fisher. Mr. Courtot's award was solely in the form of stock options because the compensation committee and our board of directors determined that given the chief executive officer's unique ability to drive stockholder value, he should be incentivized through stock options solely and not restricted stock units. Each of the options would be scheduled to vest as to 1/48th of the option on each monthly anniversary of the option's vesting commencement date subject to the applicable named executive officer's continued service with us, except that Ms. Fisher's options had a one-year vesting cliff commensurate with our new hires, and the vesting of these options would accelerate upon the occurrence of certain specified events, as described in the section entitled "*Potential Payments upon Termination or Change in Control*" contained in this proxy statement. Each of the restricted stock unit awards would be scheduled to vest quarterly in equal installments over a four-year period after the award's vesting commencement date subject to the applicable named executive officer's continued service with us, except that Ms. Fisher's restricted stock unit awards had a one-year vesting cliff commensurate with our new hires, and the vesting of these awards would accelerate upon the occurrence of certain specified events, as described in the section entitled "*Potential Payments upon Termination or Change in Control*" contained in this proxy statement. In April 2016, our board of directors approved these equity award grants, with each option having an exercise price of \$25.56 per share.

The number of shares of our common stock covered by each of these equity awards and the intended value at the time of grant is listed in the table below.

<u>Named Executive Officer</u>	<u>Options</u>	<u>Intended Value of Options</u>	<u>Restricted Stock Units</u>	<u>Intended Value of Restricted Stock Units</u>
Philippe F. Courtot	500,000	\$ 5,500,000	—	\$ —
Melissa B. Fisher	67,911	800,000	31,707	800,000
Amer S. Deeba	45,300	500,000	19,817	500,000
Bruce K. Posey	36,300	400,000	15,854	400,000
Sumedh S. Thakar	136,000	1,500,000	59,450	1,500,000

Intended value was translated into a number of shares by: (i) with respect to restricted stock units, dividing the dollar amount by the average of the closing trading prices of our common stock for the 30 days ending one week before the date of grant; and (ii) with respect to stock options, dividing the dollar amount by the Black-Scholes value of a single option approximated by using the assumptions we use for financial accounting purposes in the most recently completed fiscal quarter, but assuming the stock price and exercise price are the same 30-trading day average used for the restricted stock unit calculation.

Welfare and Other Employee Benefits

We maintain a tax-qualified retirement plan that provides eligible employees with an opportunity to save for retirement on a tax advantaged basis. All participants' interests in their deferrals are 100% vested when contributed. In May 2016, we commenced matching 50% on the dollar up to the first 6% contributed with no vesting period, for our employees, including our named executive officers. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participants' directions. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Code. As a tax-qualified retirement plan, contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan, and all contributions are deductible by us when made.

In addition, our named executive officers are entitled to participate in the same employee benefit plans, and on the same terms and conditions, as our other U.S.-based, full-time employees. These benefits include health, dental and vision insurance; medical and dependent care flexible spending accounts; short- and long-term disability insurance; life insurance; and accidental death and dismemberment insurance. We believe these benefits are generally consistent with those offered by companies with which we compete for employees.

Perquisites and Other Personal Benefits

Currently, we generally do not provide perquisites or other personal benefits to our named executive officers. In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual named executive officer in the performance of his or her duties, to make our named executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by our compensation committee.

Change in Control and Severance Benefits

Ms. Fisher's offer letter agreement provides for certain protections in the event of termination of her employment under specified circumstances. In addition, certain equity awards granted to our

named executive officers provide for acceleration of vesting upon termination of their employment under specified circumstances or upon certain transactions that involve a change in control. We believe that these agreements maximize stockholder value by minimizing any potential distractions caused by the possibility of an involuntary termination or a potential change in control, which allows our named executive officers to maintain their focus and dedication to their responsibilities. We believe that these arrangements also provide further retention value by encouraging our named executive officers to continue providing services to us.

For a summary of the material terms and conditions of these severance and change in control arrangements, see the section entitled “*Potential Payments upon Termination or Change in Control*” contained in this proxy statement.

Other Compensation Policies

We have implemented an insider trading policy that prohibits our named executive officers from trading in derivative securities (including hedging) with respect to our common stock, pledging company securities as collateral, or holding company securities in a margin account. We have not implemented policies that set minimum stock ownership requirements for our named executive officers or allow us to recover from them any cash or equity-based incentive compensation where the payment of such compensation was predicated upon the achievement of financial results that were subsequently the subject of a financial restatement.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Section 162(m) of the Code generally limits the amount we may deduct for federal income tax purposes for compensation paid to our Chief Executive Officer and certain of our most highly-compensated executive officers in any taxable year to \$1 million per person. Generally, we may deduct compensation paid in excess of this limit only if it is “performance-based compensation” within the meaning of the Code. In this regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan is generally deductible if the options are granted by a committee consisting of non-employee directors and certain other conditions are satisfied.

While our compensation committee is mindful of the benefit of being able to fully deduct the compensation paid to our executives, our compensation committee believes that we should retain the flexibility to compensate our executive officers in a manner that can best promote our business objectives. Therefore, our compensation committee has not adopted a policy that requires that all compensation be deductible, and our compensation committee intends to continue to compensate our executives in a manner consistent with the best interests of our company and our stockholders, even if such compensation is not fully deductible.

“Parachute Payments” and Deferred Compensation

Under Sections 280G and 4999 of the Code, certain service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control that exceeds certain prescribed limits, and we, or a successor, may forfeit a deduction on the amounts subject to this excise tax. Section 409A of the Code imposes significant additional taxes on a service provider in the event the service provider receives “deferred compensation” that does not meet the requirements of Section 409A of the Code.

In 2016, we did not provide any of our named executive officers with a “gross-up” or other reimbursement payment for any excise tax liability that he or she might owe as a result of the

application of Sections 280G or for any additional tax that he or she might owe as a result of the application of Sections 409A. We have not agreed and are not otherwise obligated to provide any named executive officer with such a "gross-up" or other reimbursement.

Accounting Considerations

Authoritative accounting guidance on stock compensation requires us to measure the compensation expense for all share-based payment awards made to employees (including our named executive officers) and directors based on the grant date "fair value" of these awards. This calculation is performed for accounting purposes and reported in the tables below, even though our named executive officers and directors may never realize any value from their equity awards. This authoritative accounting guidance also requires us to recognize the compensation cost of share-based payment awards in our income statements over the period that the named executive officer or director is required to provide services to us in exchange for the vesting of the equity award.

Risk Considerations

The compensation committee assesses risks created by the incentives inherent in our compensation policies. We have designed our executive compensation program so that our named executive officers focus on both short-term and long-term financial and operational performance. In addition, the compensation committee has engaged Compensia to independently review our executive compensation program, and the compensation committee conducts an annual review of our executive compensation program to ensure that it continues to reward our named executive officers for creating short-term and long-term stockholder value without encouraging our named executive officers to take excessive risks. Based on the results of these reviews, we do not believe that our executive compensation program creates risks that are reasonably likely to have a material adverse effect on us.

Compensation Committee Report

The following Report of the Compensation Committee shall not be deemed to be "soliciting material" and should not be deemed "filed" and shall not be deemed to be incorporated by reference in future filings with the SEC, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The compensation committee has reviewed and discussed with management the Compensation Discussion and Analysis provided above. Based on its review and discussions, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2016, filed with the SEC on February 24, 2017.

Respectfully submitted by the members of the compensation committee of the board of directors:

The fair value of each option grant is estimated based on the fair market value on the date of grant using the Black-Scholes-Merton option pricing model. The fair value of each restricted stock unit award is measured based on the closing price of our common stock on the date of grant. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For a discussion of valuation assumptions, see the stock-based compensation note to our audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016, filed with the SEC on February 24, 2017.

Estimated Payments upon Termination or Change in Control

The following table provides an estimate of the payments and benefits that would be provided in the circumstances described above for each of the named executive officers, assuming the triggering event took place on December 30, 2016 (the last business day of fiscal 2016) and based on the \$31.65

closing price per share of our common stock on the NASDAQ Stock Market on that date. A number of factors may affect the nature and amount of any potential payments or benefits, and as a result, the payments and benefits actually paid (if any) may be different. For example, a triggering event may occur on a date other than December 30, 2016, the price per share of our common stock on the date of the triggering event may be higher or lower than \$31.65, or the assumptions relied upon in the estimate of potential payments and benefits below may not reflect the actual circumstances of the triggering event. Accordingly, there is no guarantee that a triggering event would produce the same or similar results as those estimated below. Mr. McCauley is not included in the following table because he resigned from the Company effective March 1, 2016 and did not receive any severance payments or other benefits in connection with the termination of his employment.

- (1) The amounts listed represent the vesting acceleration benefits described above in the section entitled “ *Potential Payments upon Termination or Change in Control* ” as of December 30, 2016. For restricted stock units, the value of such vesting acceleration is computed by multiplying (i) the number of restricted stock units that are being accelerated by (ii) the closing sales price of our common stock on December 30, 2016 (\$31.65). For options, the value of such vesting acceleration is computed by multiplying (i) the number of shares subject to the option that are being accelerated by (ii) the difference between the closing sales price of our common stock on December 30, 2016 (\$31.65) and the option’s exercise price per share.

- each of our directors;
- each of our named executive officers;
- all of our current directors and executive officers as a group; and
- each person or group, who beneficially owned more than 5% of our common stock.

We have determined beneficial ownership in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Except as indicated by the footnotes below, we believe, based on information furnished to us, that the persons and entities named in the table below have sole voting and sole investment power with respect to all shares of common stock that they beneficially owned, subject to applicable community property laws.

Applicable percentage ownership is based on 37,029,267 shares of common stock outstanding at April 7, 2017.
