Safe Harbor Statement

This presentation contains forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are information of a non-historical nature and are subject to risks and uncertainties that are beyond the Company's ability to control. Any statements made in this presentation about the Company's future financial conditions, results of operations, expectations, plans, or prospects constitute forward-looking statements. Forward-looking statements also include those preceded or followed by the words "anticipates," "believes," "could," "estimates," "expects," "intends," "may," "plans," "projects," "should," "targets" and/or similar expressions. These forward-looking statements are based on the Company's current estimates and assumptions and, as such, involve uncertainty and risk. Forward-looking statements are not guarantees of future performance, and actual results may differ materially from those contemplated by the forward-looking statements because of a number of factors, including the factors described in Item 1A of the Company's most recent Annual Report on Form 10-K, which factors are incorporated herein by reference. Any forward-looking statement in this presentation speaks only as of the date in which it is made. Except to the extent required under the federal securities laws, the Company does not intend to update or revise the forward-looking statements.
