

KRUGER PRODUCTS L.P.

AUDITED CONSOLIDATED FINANCIAL STATEMENT

FOR THE YEARS ENDED DECEMBER 31, 2014 AND DECEMBER 31, 2013

March 11, 2015

Independent Auditor's Report

To the Unitholders of Kruger Products L.P.

We have audited the accompanying consolidated financial statements of Kruger Products L.P. and its subsidiaries, which comprise the consolidated statements of financial position as at December 31, 2014 and December 31, 2013 and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the consolidated financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Kruger Products L.P. and its subsidiaries as at December 31, 2014 and December 31, 2013 and their financial performance and their cash flows for the years then ended in accordance with International Financial Reporting Standards.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

1 General information

Kruger Products L.P. (KPLP or the Partnership) is a limited partnership registered in the Province of Quebec, Canada whose partners are Kruger Inc., KPGP Inc. (KPGP), and KP Tissue Inc. (KPT). The Partnership manufactures, sells and distributes tissue products for household, industrial and commercial use. The Partnership has plants in New Westminster, British Columbia; Crabtree, Quebec; Sherbrooke, Quebec; Gatineau, Quebec; Scarborough and Trenton, Ontario and Memphis, Tennessee. The Partnership's headquarters are located in Mississauga, Ontario, Canada.

2 Basis of presentation

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), and with interpretations of the International Financial Reporting Committee which the Canadian Accounting Standards Board has approved for incorporation into Part 1 of the CPA Canada Handbook - Accounting. These consolidated financial statements were approved by the board of directors of KPGP Inc. on March 11, 2015.

The Partnership consolidates all entities over which it has the ability to exercise decision making authority, with respect to relevant activities.

The principal subsidiaries of the Partnership are as follows:

K.T.G. (USA) Inc. (KTG)
Kruger Products (USA) Inc. (KP USA)
Grupo Tissue de Mexico S de RL de CV (GTM)
Kruger Products AFH L.P.
TAD Luxembourg S.A.R.L
TAD Canco Inc.
Kruger Products Real Estate Holding Inc.
8528365 Canada Inc.
West Tree Farms Limited
White Swan Tissue Company
Aztec Investments Inc.

3 Summary of significant accounting policies

The significant accounting policies used in the preparation of these consolidated financial statements were as follows:

(a) *Basis of measurement*

The consolidated financial statements have been prepared under the historical cost convention, except for available-for-sale investment and embedded derivatives on debt, which are measured at fair value through profit or loss.

The preparation of consolidated financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Partnership's accounting policies. The areas involving a higher degree of judgment or complexity or areas where assumptions and estimates are significant are disclosed in note 4.

(b) *Consolidation*

Subsidiaries are all those entities over which the Partnership has the power over the investee, is exposed or has rights to variable returns from its involvement with the investee and has the ability to affect these returns through

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

its power over the investee. Subsidiaries are fully consolidated from the date on which control is transferred to the Partnership and de-consolidated from the date that control ceases. Intercompany transactions, balances and unrealized gains/losses on transactions between group companies are eliminated on consolidation.

The purchase method of accounting is used to account for the acquisition of subsidiaries that are not under common control. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities assumed at the date of exchange. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The excess of the cost of acquisition over the fair value of the Partnership's share of the identifiable net assets acquired is recorded as goodwill.

(c) *Segment reporting*

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Chief Executive Officer. The operating segments for the Partnership include Consumer, Away-From-Home (AFH) and Other.

(d) *Foreign currency translation*

(i) Functional and presentation currency

Items included in the consolidated financial statements of each entity of the Partnership are measured using the currency of the primary economic environment in which the entity operates (the functional currency). These consolidated financial statements are presented in Canadian dollars, which is the Partnership's functional currency.

The Partnership has determined that its foreign operations located in the United States (KTG and KP USA) and TAD Canco Inc. and TAD Luxembourg S.A.R.L. have a functional currency of U.S. dollars. Mexico (GTM) has a functional currency of the Mexican peso. Consequently, revenue and expenses of these foreign operations are recorded using the rate of exchange in effect at the dates of the transactions and the translation of assets and liabilities uses the rates of exchange in effect at the period-end date, with the resulting net unrealized gains and losses arising from the translation of these foreign operations included as part of the currency translation adjustment in other comprehensive income.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the rate of exchange in effect at the dates of the transactions. Foreign exchange gains and losses arising from translating monetary foreign currency balances are included in selling, general and administrative (SG&A) expenses or other expenses.

(e) *Cash and cash equivalents*

The Partnership considers all highly liquid investments purchased three months or less from maturity to be cash equivalents.

(f) *Trade receivables*

Trade receivables are amounts due from customers from the sale of products or services rendered in the ordinary course of business. Trade receivables are classified as current assets if payment is due within one year or less. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost, less provision for doubtful accounts.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

(g) *Inventories*

Inventories of raw materials and spare parts are valued at the lower of weighted average cost and net realizable value. Finished products and work-in-process are valued at the lower of standard cost and net realized value and include the cost of raw materials, direct labour and manufacturing overhead expenses. Net realizable value is the estimated selling prices less applicable selling expenses and costs to complete. If the carrying value exceeds the net realizable value, a write-down is recognized.

(h) *Borrowing costs*

Borrowing costs attributable to the acquisition, construction or production of qualifying assets are added to the cost of these assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognized as interest expense in the consolidated statements of comprehensive income in the period in which they are incurred.

(i) *Property, plant and equipment*

Property, plant and equipment are stated at cost, less accumulated depreciation, investment tax credits, US State tax credits, government grants and accumulated impairment loss. Cost includes expenditures that are directly attributable to the acquisition of the asset and an estimate of the asset retirement obligation. The Partnership allocates the amount initially recognized to an item of property, plant and equipment to its segregated parts and depreciates each of these segregated parts separately. The Partnership also capitalizes costs that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of the asset. Subsequent costs are included in the asset's carrying value or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Partnership and the cost can be reliably measured. The carrying amount of a replaced asset is derecognized when replaced. Residual values, method of depreciation and useful lives of property, plant and equipment are reviewed annually and adjusted if appropriate.

Depreciation of property, plant and equipment is generally calculated using the straight-line method to allocate their cost less their residual values over their estimated useful lives as follows:

Buildings	20 to 40 years
Machinery and equipment	5 to 40 years

For certain major pieces of equipment, depreciation is calculated using the unit-of-production method. Assets under construction or development are depreciated from the date the asset is ready for productive use. Land is not depreciated.

Repairs and maintenance costs are charged to the consolidated statements of comprehensive income during the period in which they are incurred.

Gains and losses on disposals of property, plant and equipment are determined by comparing the proceeds with the carrying amount of the asset and are included in SG&A expenses.

(j) *Goodwill*

Goodwill arises on the acquisition of subsidiaries, associates and joint ventures and represents the excess of the consideration transferred over the Partnership's interest in fair value of the net identifiable assets, liabilities and contingent liabilities of the acquiree. Goodwill is carried at cost less accumulated impairment losses.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units (CGUs), or groups of CGUs, that is expected to benefit from the synergies of the combination. Each CGU or group of CGUs to which the goodwill is allocated represents the lowest level within the Partnership at which the goodwill is monitored for internal management purposes.

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of the CGU is compared to the recoverable amount, which is the higher of the value in use and the fair value less costs to sell. Any goodwill impairment is recognized immediately as an expense and is not subsequently reversed.

(k) *Intangible assets*

(i) Trademarks

Separately acquired trademarks have indefinite useful lives and are carried at cost. The trademarks have indefinite useful lives as the trademarks can be renewed infinitely without substantial cost. Management believes the trademarks are very well established in the marketplace and will continue to provide benefits indefinitely into the future.

(ii) Software and licences

Costs to purchase non-integral software and licences are capitalized and included as part of intangible assets on the consolidated statement of financial position. Costs associated with maintaining software programs are recognized as an expense as incurred.

Software and licence costs recognized as assets are amortized over their estimated useful lives, which represent management's view of the expected period over which the Partnership will receive benefits from the software and licences. The useful life of software and licences is five years.

(l) *Impairment of non-financial assets*

The carrying values of non-financial assets with finite lives, such as property, plant and equipment and intangible assets with finite useful lives are assessed for impairment whenever events or changes in circumstances indicate their carrying amounts may not be recoverable. Non-financial assets that are not amortized are subject to an annual impairment test. The recoverable amount is the higher of an asset's fair value less costs to sell and its value in use (which is the present value of the expected future cash flows of the relevant asset or CGU). An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (CGUs). Non-financial assets other than goodwill that have suffered an impairment are reviewed for possible reversal of the impairment at each reporting date.

(m) *Related party transactions*

Related party transactions that are in the normal course of operations and have commercial substance are made under competitive terms and conditions or in accordance with the agreements with the related party.

(n) *Leases*

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the consolidated statement of comprehensive income on a straight-line basis over the period of the lease.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

(o) Provisions

Provisions include environmental and asset retirement obligations, long-term incentives and restructuring. A provision is recognized when the Partnership has a legal or constructive obligation as a result of a past event and it is probable that settlement of the obligation will require a financial payment or cause a financial loss and a reliable estimate can be made of the amount of the obligation.

If some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, the reimbursement is recorded in the consolidated statement of financial position as a separate asset, but only if it is virtually certain that the reimbursement will be received.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a discount rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognized as interest expense.

(p) Government grants, investment tax credits and US State tax credits

Government grants, investment tax credits, and US State tax credits are accounted for using the cost reduction method, whereby such amounts are deducted from the expenditures or assets to which they relate when there is reasonable assurance that the grant or credit will be received and where the Partnership will comply with the conditions attached to the assistance.

(q) Revenue recognition

The Partnership recognizes revenue when it is probable that the economic benefits will flow to the Partnership, the significant risks and benefits of ownership are transferred (based on shipping terms), the price is fixed or determinable and collection of the resulting receivable is reasonably assured.

Revenue is measured based on the price specified in the sales contract and is net of discounts, rebates and allowances. Reductions to revenue for expected and actual payments to customers for rebates and allowances are based on actual expenses incurred during the period, on estimates of what is due to customers for estimated credits earned during the period and any adjustments for credits based on actual activity.

(r) Cost of sales and SG&A expenses

Cost of sales includes cost of finished goods sold, freight, warehousing, handling costs, and inventory write-downs. Marketing, selling, and general and administrative expenses are included in SG&A expenses.

(s) Pensions and post-retirement benefits

The Partnership accrues its obligation under employee benefit plans and the related costs, net of plan assets. The Partnership has the following policies:

- The costs of pensions under defined benefit plans and post-retirement benefits are actuarially determined using the projected unit credit method and management's best estimate of expected plan investment performance for funded plans, salary escalation, retirement ages of employees and expected health-care costs. Actuarial valuations for defined benefit plans and post-retirement benefits are completed annually. The discount rate applied in arriving at the present value of the pension liability represents the yield on high quality corporate bonds denominated in the currency in which the benefits are to be paid and having terms to maturity approximating the terms of the related pension liability.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

- Pension assets are valued at fair value.
- Past-service costs from plan amendments are recognized immediately to the extent the benefits are vested in net income and are otherwise amortized on a straight-line basis over the average period until the benefits become vested.
- The actuarial gains or losses are recognized in full in the period in which they occur in other comprehensive income without recycling to the income statement in subsequent periods. Amounts recognized in other comprehensive income are recognized immediately in retained earnings.
- The pension expense is split into two components: (i) current service costs and past-service costs have been recognized in cost of sales and SG&A expenses; and (ii) the interest cost on the benefit obligation offset by the expected return on plan assets is recorded within interest expense on the consolidated statement of comprehensive income.
- The Partnership also participates in a multi-employer pension plan and defined contribution pension plans. The costs of the multi-employer pension plan and defined contribution pension plans are charged to expense as the contributions become payable.

(t) *Income taxes*

The tax expense for the year comprises current and deferred tax. Tax is recognized in net income, except to the extent that it relates to items recognized in other comprehensive income (loss) or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

The Partnership is not a tax paying entity. The income from the Partnership flows to the partners, Kruger Inc., KPGP and KPT. Accordingly no provision for income taxes has been made for the Partnership's income. The U.S. entities, KP USA and KTG are subject to tax on the basis of the tax laws enacted in the U.S. where the entities operate and generate taxable income. The remaining entities, TAD Canco Inc., GTM and TAD Luxembourg S.A.R.L., are subject to tax on the basis of the laws enacted in Canada, Mexico and Luxembourg, respectively.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. The Partnership establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax is the expected tax payable on the taxable income for the year at closing tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred income tax is recognized, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill, or from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the consolidated statement of financial position dates and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis. Deferred income tax assets and liabilities are presented as non-current.

(u) *Financial instruments*

Financial assets and liabilities are recognized when the Partnership becomes a party to the contractual provisions of the instrument. Financial assets are derecognized when the rights to receive cash flows from the assets have expired or have been transferred and the Partnership has transferred substantially all risks and rewards of ownership. Financial liabilities are derecognized when the obligation specified in the contract is discharged, cancelled or expired.

Financial assets and liabilities are offset and the net amount is reported in the consolidated statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

At initial recognition, the Partnership classifies its financial instruments in the following categories:

- (i) *Financial assets and liabilities at fair value through profit or loss*: A financial asset or liability is classified in this category if acquired principally for the purpose of selling or repurchasing in the short-term. Derivatives are also included in this category unless they are designated as hedges. The financial instruments classified in this category include the embedded derivatives.

Financial instruments in this category are recognized initially and subsequently at fair value. Transaction costs are expensed in the consolidated statement of comprehensive income in SG&A expenses. Gains and losses arising from changes in fair value of the embedded derivatives are presented in the consolidated statement of comprehensive income within interest expense in the period in which they arise. Financial assets and liabilities at fair value through profit or loss are classified as current, except for the portion expected to be realized or paid beyond 12 months of the dates of the consolidated statement of financial position, which are classified as non-current.

- (ii) *Financial assets and liabilities at fair value through other comprehensive income or loss*: A financial asset or liability is classified in this category if acquired for the purpose of holding the investment for a long-term period. The financial instruments classified in this category would include the available-for-sale investment.

Financial instruments in this category are recognized initially and subsequently at fair value. Transaction costs are expensed in the consolidated statement of comprehensive income in SG&A expenses. Gains and losses arising from changes in fair value of the available-for-sale investment are presented in the other comprehensive income in the period in which they arise. Financial assets and liabilities at fair value through other comprehensive income or loss are classified as current, except for the portion expected to be realized or paid beyond 12 months of the dates of the consolidated statement of financial position, which are classified as non-current.

- (iii) *Loans and receivables*: Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. Loans and receivables include cash and cash equivalents, receivables from related parties and trade and other receivables. Loans and receivables are initially recognized at the amount expected to be received, less, when material, a discount to reduce the loans and receivables to fair value. Subsequently, loans and receivables are measured at amortized cost using the effective interest method less a provision for impairment. Loans and receivables are classified as current, except for the portion expected to be realized beyond 12 months of the dates of the consolidated statement of

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

financial position, which are classified as non-current.

- (iv) *Financial liabilities at amortized cost:* Financial liabilities at amortized cost include trade and other payables, payables to related parties, long-term debt and the Partnership units liability. Payables are initially recognized at the amount required to be paid less, when material, a discount to reduce the payables to fair value. Subsequently, trade and other payables are measured at amortized cost using the effective interest method. Long-term debt is recognized initially at fair value, net of any transaction costs incurred and subsequently at amortized cost using the effective interest method. The Partnership units liability is recognized initially at fair value and subsequently at amortized cost. Amortized cost is estimated based on the expected tax distributions to be paid as required by the partnership agreement using a discount rate that reflects current market assessments of the time value of money and the rates specific to the obligation, and a terminal value as the obligation will continue indefinitely.

Financial liabilities are classified as current liabilities if payment is due within 12 months. Otherwise, they are presented as non-current liabilities.

(v) *Fair value hierarchy*

The Partnership categorizes its financial assets and liabilities measured at fair value into one of three different levels depending on the inputs used in the measurement.

- Level 1 - fair value based on unadjusted quoted prices for identical assets and liabilities in active markets that are accessible at the measurement date;
- Level 2 - valuations determined using directly or indirectly observable inputs other than quoted prices included within Level 1. Derivative instruments in this category are valued using models or other industry standard valuation techniques derived from observable market inputs; and
- Level 3 - valuations based on inputs that are less observable, unavailable or where the observable data does not support a significant portion of the instrument's fair value.

(w) *Embedded derivatives*

The senior unsecured notes include an early repayment option. The Partnership has determined that the early repayment option is an embedded derivative that is not closely related to the senior unsecured notes. Accordingly, the embedded derivative has been bifurcated from the senior unsecured notes. The embedded derivative is recorded at its fair value with changes in fair value included in interest expense in the consolidated statement of comprehensive income.

(x) *Dividend reinvestment plan*

Pursuant to the Dividend Re-investment Plan (DRIP), the Partnership is required to issue Partnership units in lieu of cash distributions at the option of the Partners. Upon settlement of the DRIP, the difference between the distributions declared and the fair value of the units issued is charged to retained earnings.

(y) *Accounting standards implemented for the year ended December 31, 2014*

- (i) Amendments to IAS 32, *Offsetting Financial Assets and Financial Liabilities*, prescribe rules for the offsetting of financial assets and financial liabilities. It specifies that a financial asset and a financial liability should be offset and the net amount reported when, and only when an entity has a legally enforceable right to set off the amounts, and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. The amendments require clarification on four main areas: the meaning of 'currently has a legally enforceable right of set-off', the application of simultaneous realization and settlement, the offsetting of collateral amounts, and the unit of account for applying the offsetting requirements. The adoption of this

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

amendment had no significant impact on these consolidated financial statements.

- (ii) IAS 39, Financial Instruments – Recognition and Measurement, has been amended to provide relief from discontinuing hedge accounting when novation of a hedging instrument to a central counterparty meets specified criteria. The adoption of this standard had no significant impact on these consolidated financial statements.
- (iii) IAS 36, Impairment of Assets, has been amended to remove the requirement to disclose the recoverable amount when a cash generating unit (CGU) contains goodwill or indefinite lived intangible assets but there has been no impairment; to require disclosure of the recoverable amount of an asset or CGU when an impairment loss has been recognized or reversed; and to require detailed disclosure of how the fair value less costs of disposal has been measured when an impairment loss has been recognized or reversed. The adoption of this standard had no significant impact on these consolidated financial statements.

(z) *Accounting standards issued but not yet applied*

The following revised standards and amendments are effective for annual periods beginning on or after January 1, 2015, except as noted below, with earlier application permitted. The Partnership continues to assess the impact of these standards and amendments and has not yet determined whether it will early adopt them.

- (i) IFRS 15, Revenue from Contracts with Customers, specifies how and when to recognize revenue as well as requiring entities to provide users of financial statements with some informative, relevant disclosures. The standard supersedes IAS 18, Revenue, IAS 11, Construction Contracts, and a number of revenue-related interpretations. Application of the standard is mandatory for all IFRS reporters and it applies to nearly all contracts with customers: the main exceptions are leases, financial instruments and insurance contracts. IFRS 15 must be applied in an entity's first annual IFRS financial statements for periods beginning on or after January 1, 2017 and early adoption is permitted. Management is evaluating the standard and has not yet determined the impact on its consolidated financial statements.
- (ii) IFRS 9, Financial Instruments. In July 2014, the IASB issued the final version of IFRS 9 Financial Instruments, bringing together the classification and measurement, impairment and hedge accounting phases of the IASB's project to replace IAS 39 Financial Instruments: Recognition and Measurement. The mandatory effective date of IFRS 9 would be annual periods beginning on or after January 1, 2018, with early adoption permitted. Management is evaluating the standard and has not yet determined the impact on its consolidated financial statements.
- (iii) IAS 19, Employee Benefits. The IASB has issued an amendment to clarify the application of IAS 19, to plans that require employees or third parties to contribute towards the cost of benefits. The mandatory effective date of IAS 19 would be annual periods beginning on or after July 1, 2014, and early adoption is permitted. The amended standard will not have a material impact on the consolidated financial statements.
- (iv) IAS 1, Presentation of Financial Statements. In December 2014, the IASB issued amendments to clarify guidance in IAS 1 on materiality and aggregation, the presentation of subtotals, the structure of financial statements and the disclosure of accounting policies. The amendments form a part of the IASB's Disclosure Initiative, which explores how financial statement disclosures can be improved. The mandatory effective date of IAS 1 would be annual periods beginning on or after January 1, 2016, with early adoption permitted. Management is evaluating the standard and has not yet determined the impact on its consolidated financial statements.

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

4 Critical accounting estimates and judgments

The preparation of these consolidated financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities in the consolidated financial statements and the disclosure of contingencies at the dates of the consolidated statements of financial position, and the reported amounts of revenues and expenses during the reporting period. On a regular basis and with the information available, management reviews its estimates, including those related to environmental and asset retirement obligations, pensions and post-retirement obligations, the Partnership units liability, and income taxes. Actual results could differ from those estimates. When adjustments become necessary, they are reported in earnings in the period in which they occur. The following are the estimates and judgments applied by management that most significantly affect the Partnership's consolidated financial statements.

Environmental and asset retirement obligations

The Partnership has made a provision for the estimated fair value of its potential obligation under a land lease to demolish the buildings at one of its plant locations and restore the land at the end of the lease to its original condition (including any environmental remediation). The current lease ends in 2028, but this lease can be renewed at the Partnership's option for another term. The Partnership assesses its provision for environmental and asset retirement obligations annually or more frequently if events or changes in circumstances would require adjustments to the significant estimates and assumptions. Significant estimates and assumptions are made in determining the provision for asset retirement obligations, as there are numerous factors that will affect the ultimate amount payable. These factors include estimates of the extent and costs of restoration activities, technological changes, regulatory changes, cost increases as compared to the inflation rates and changes in the discount rate. In addition, estimates of environmental remediation costs are based on a number of assumptions that are inherently difficult to determine and no assurance can be given that the actual costs will not differ from the estimates based on environmental test results, changes in laws, regulations or enforcement policies or other factors. These uncertainties may result in future actual expenditures differing from the amounts currently provided. Management has retained a third party to assist with the estimate of the environmental remediation obligation and the costs to demolish the buildings. The provision at the reporting date represents the Partnership's best estimate of the present value of the environmental and asset retirement obligation.

Pensions and post-retirement benefit obligations

The present value of the pension and post-retirement obligations is dependent on actuarial calculations, which include a number of assumptions. These assumptions include the discount rate, which is used to calculate the present value of the estimated future cash outflows that will be required to meet the pension obligations. In determining the discount rate to use, the Partnership considers market yields of high quality corporate bonds denominated in Canadian dollars that have terms to maturity approximating the terms of the pension liability.

Other key assumptions for pension obligations are based in part on current market conditions. Additional information is disclosed in note 11.

Partnership units

On December 13, 2012, in connection with the issuance of Partnership units to KPT, the Limited Partnership Agreement was amended to require KPLP, subject to compliance with contractual obligations and applicable law, to make distributions to its partners in such amounts as would enable KPT to discharge its obligation to pay federal and provincial income taxes (the Tax Distribution). Each partner is entitled to its share of the Tax Distribution made in respect of any given year. KPLP determined that it was appropriate to reclassify a portion of its equity to Partnership units liability, since the Tax Distribution represents a contractual obligation to deliver cash and, as such, meets the definition of a financial liability for accounting purposes under IFRS. As of December 31, 2014, \$128.1 million was recorded as a liability in respect of this obligation (December 31, 2013 - \$117.8 million).

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The change in amortized cost of \$13.8 million has been included in other expense, which includes \$6.8 million for the reassessment performed as of December 31, 2014. The reassessment reflects KPLP's estimate of the net present value of the financial liability arising from the obligation to make the Tax Distribution using estimates of tax payable by KPT and a discount rate and terminal growth rate of 11.0% and 0% (December 31, 2013 – 11.50% and 0%), respectively. The change in the discount rate resulted in an increase in liability of \$5.8 million. The provisions are based on management's best estimate of expected future Tax Distributions. Projections of tax payable are based on additional assumptions including estimates of taxable income and tax rates. Taxable income can differ significantly from accounting income as a result of both timing and permanent tax differences based on enacted tax legislation and therefore changes in the Partnership units obligation are not necessarily indicative of a change in the expected future profitability of KPLP.

The Partnership units liability was also adjusted during the year ended December 31, 2014 to reflect the current year advances made to the partners required to allow KPT to make tax installment payments. The advances of \$3.5 million were offset against the Tax Distributions of \$6.9 million paid by the Partnership on February 27, 2015.

Income taxes

The Partnership computes its income taxes in each jurisdiction in which its subsidiaries operate. Estimation of income taxes includes evaluating the recoverability of the deferred tax assets and the income taxes recoverable based on an assessment of the ability to use the underlying tax deductions and credits against future taxable income. The assessment requires an estimate of future taxable income compared to the net operating loss carry forwards and US State tax credits. To the extent estimates differ from the final tax return, earnings would be affected in a subsequent period.

5 Business combinations

Acquisition of Metro Paper

On June 3, 2014, the Partnership acquired the Canadian tissue converting assets of Metro Paper Industries Inc. (Metro Paper) for cash consideration of \$23.4 million. The assets acquired include converting equipment in Scarborough and Trenton, Ontario, inventory, the entire Metro Paper North American Away-From-Home (AFH) customer base, as well as facility operating leases. This acquisition will be part of the AFH segment and is expected to create synergies, increase production capacity and add complementary product lines to the Partnership's AFH business.

The acquisition has been accounted for in accordance with IFRS 3, Business Combinations. The excess of the consideration paid over the fair value of the assets acquired resulted in tax deductible goodwill of \$8.9 million and has been allocated to the Canada CGU. The Partnership has assessed the fair values of the assets acquired based on information available at the closing date, and therefore the values represent management's best estimates.

The fair values of the assets acquired were as follows:

	<u>Metro Paper</u>
Fair value of identifiable assets acquired	
Inventory	6,299
Property, plant and equipment	8,240
Goodwill	8,918
Accrued liabilities	<u>(97)</u>
Net assets acquired	<u>23,360</u>
Cash paid	<u>23,360</u>

The carrying value of goodwill as of December 31, 2014 was \$160.9 million (December 31, 2013 - \$152.0 million). The increase of \$8.9 million in goodwill is due to the acquisition of Metro Paper (note 5).

Impairment tests

The Partnership performed its annual impairment tests for goodwill and indefinite lived trademarks as of December 31, 2014 and December 31, 2013 and no impairments were recognized. Goodwill is allocated to Canada (CGU). The recoverable amount of the CGU is determined based on value in use. The estimates of value in use were based on the present value of the forecasted future cash flows expected to be derived from Canada CGU. Based on the sensitivity analysis, no reasonable change in assumptions would result in an impairment.

11 Pensions and post-retirement benefits

The Partnership sponsors a number of defined benefit and defined contribution pension plans, with participation available to substantially all of its employees. Length of service and individual earnings determine the pension and post-retirement benefits for all members of the Partnership plans.

The Partnership has five registered defined benefit pension plans with a final average salary component, four of which are registered in the province of Quebec and one of which is registered in the province of Ontario. The pension obligation, net of plan assets for these five plans of \$75.3 million as of December 31, 2014 (December 31, 2013 - \$58.9 million) is included in pensions on the consolidated statement of financial position.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The Partnership has a Supplementary Retirement Plan (SRP) for designated employees. The accrued benefit liability, net of plan assets related to the SRP as of December 31, 2014 was \$15.1 million (December 31, 2013 - \$14.0 million) and is supported by irrevocable letters of credit in the amount of \$24.6 million (December 31, 2013 - \$26.8 million).

The Partnership also sponsors a Term Annuity Arrangement for the Western Manufacturing Division, which provides hourly employees with a bridging supplement commencing at age 61 and payable up to but not including age 65. The Term Annuity Arrangement is unfunded and the pension obligation of \$8.1 million as of December 31, 2014 (December 31, 2013 - \$7.5 million) is included in pensions on the consolidated statement of financial position.

The Partnership's hourly employees at the Western Manufacturing Division are members of an industry multi-employer pension plan to which the Partnership contributes monies. During the year ended December 31, 2014, the Partnership contributed and expensed \$2.4 million (December 31, 2013 - \$2.4 million) related to this defined benefit plan. Sufficient information regarding the Partnership's share of the defined benefit obligation is not available and accordingly the Partnership accounts for the multi-employer plan as a defined contribution plan.

The Partnership sponsors a defined contribution plan which covers substantially all of its salaried employees. During the year ended December 31, 2014, the Partnership recorded an expense of \$2.4 million (December 31, 2013 - \$2.3 million) related to this plan.

KTG sponsors a defined contribution plan that covers substantially all of its employees. During the year ended December 31, 2014, the Partnership recorded an expense of \$0.6 million (December 31, 2013 - \$0.6 million) related to this plan.

The Partnership provides certain health and other similar benefits for qualifying retirees (post-retirement benefit plans). These plans are not funded.

The measurement date of the employee future benefit plans is December 31 of each year.

By their design, the defined benefit pension plans and the post-retirement benefits plan exposes the Partnership to the typical risks faced by such plans such as investment performance (pension plans only), changes to the discount rate used to value the obligations, longevity of plan members and future inflation. Pension and benefit risk is managed by regular monitoring of the plans, applicable regulations and other factors that could impact the expenses and cash flows of the Partnership. As of December 31, 2013, the aggregate solvency deficit of the defined benefit plans was \$66.8 million (December 31, 2012 - \$176.6 million). The next required revaluation will be completed in the first half of fiscal 2015. The funding obligations are dependent on a number of factors, including the assumptions used in the most recent actuarial valuation. Actual contributions that are determined on the basis of future valuation reports may vary significantly from the predictions.

The cumulative actuarial losses recognized in retained earnings as of December 31, 2014 and December 31, 2013 were as follows:

	December 31, 2014	December 31, 2013
	<u>\$</u>	<u>\$</u>
Pensions	94,275	68,586
Post-retirement benefits	14,975	11,509
Total	<u>109,250</u>	<u>80,095</u>

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

Plan assets, which are funding the Partnership's defined benefit plans, are comprised as follows:

	December 31, 2014	December 31, 2013
	<u>%</u>	<u>%</u>
Fixed income	40.0	38.0
Public equities	31.0	33.0
Alternative assets	29.0	29.0
Total	<u>100.0</u>	<u>100.0</u>
Quoted on an active market	69.0	70.0
Unquoted	31.0	30.0
	<u>100.0</u>	<u>100.0</u>

The following were the significant assumptions for the defined benefit pension plans and post-retirement benefit plans as of December 31:

	Pensions		Post-retirement benefit plans	
	December 31, 2014	December 31, 2013	December 31, 2014	December 31, 2013
	<u>%</u>	<u>%</u>	<u>%</u>	<u>%</u>
Assumptions				
Discount rate - accrued benefit obligation	4.00	4.60	4.00	4.60
Rate of compensation increases	3.25 - 4.00	3.25 - 4.00		

Post-retirement benefit plans:

For measurement purposes, the trend factor for all health-care expenses, excluding medication, was assumed to be 3.5% for the first year, with an annual 0.025% reduction for 20 years and 3.0% thereafter. The trend factor for medication was assumed to be 7.0% the first year, with an annual 0.2% reduction for 20 years, and 3.0% thereafter.

The sensitivity analysis presented was performed by changing each assumption individually. If an actual change were to occur, it is likely that some of these assumptions would correlate, which would create a combined impact.

The effect of a 1% change in the assumed health care cost trend rate was as follows:

	December 31, 2014		December 31, 2013	
	1% increase	1% decrease	1% increase	1% decrease
	<u>\$</u>	<u>\$</u>	<u>\$</u>	<u>\$</u>
Increase (decrease) in:				
current service cost and interest cost for the year	369	(335)	352	(321)
post-retirement benefit obligations	4,862	(4,337)	4,112	(3,698)

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The effect of a 1% change in the assumed discount rate was as follows:

	December 31, 2014		December 31, 2013	
	1% increase	1% decrease	1% increase	1% decrease
	\$	\$	\$	\$
Increase (decrease) in:				
Current service cost and interest cost for the year	(511)	642	(508)	639
Post-retirement benefit obligations	(6,255)	7,710	(5,549)	6,819

The effect of a one-year change in the assumed mortality rate was as follows:

	December 31, 2014		December 31, 2013	
	One-year increase	One-year decrease	One-year increase	One-year decrease
	\$	\$	\$	\$
Increase (decrease) in:				
Current service cost and interest cost for the year	53	(59)	52	(53)
Post-retirement benefit obligations	1,187	(1,208)	985	(994)

Except for the discount rate, the assumptions represent management's best estimates. The discount rate was based on the yield of high quality Canadian corporate fixed income investments with cash flows that match expected benefit payments.

Pensions:

Expected fees payable by the plan were deducted from the expected rate of return of plan assets.

The effect of a 1% reduction in the discount rate, a 1% increase in the rate of compensation and one-year change in mortality rate were:

	Discount rate		Rate of compensation		Life expectancy	
	December 31, 2014	December 31, 2013	December 31, 2014	December 31, 2013	December 31, 2014	December 31, 2013
	\$	\$	\$	\$	\$	\$
Increase in Pension expense	2,957	3,055	418	417	173	196
Increase in Pension obligation	95,447	82,100	9,443	8,890	13,111	11,024

Contributions to the defined benefit pension plans for the year ending December 31, 2015 are expected to be \$13.4 million.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The net benefit pension plan expense included the following components:

	Pensions		Post-retirement benefit plans	
	December 31, 2014	December 31, 2013	December 31, 2014	December 31, 2013
	\$	\$	\$	\$
Net plan expense				
Current service cost	7,850	8,158	1,446	1,395
Interest costs	25,672	23,969	2,175	2,061

Provisions as of December 31, 2013	5,304	1,311	999	7,614
Current	-	-	999	999
Non-current	5,304	1,311	-	6,615
Provisions as of January 1, 2014	5,304	1,311	999	7,614
Additional provisions	340	927	2,835	4,102
Paid during the year	-	(52)	(2,510)	(2,562)
Interest accretion	254	-	-	254
Provisions as of December 31, 2014	5,898	2,186	1,324	9,408
Current	-	1,643	1,324	2,967
Non-current	5,898	543	-	6,441

a) Environmental and asset retirement obligations

The Partnership has made a provision for the potential obligation under a land lease at one of its plant locations to demolish the building and restore the land at the end of the lease to its original condition. The current lease ends in 2028 but can be renewed for another term at the Partnership's option. The estimated undiscounted amount to settle this obligation would be between \$10.6 million and \$13.7 million. The liability is estimated using a discounted cash flow with a discount rate of 4.25%.

b) Long-term incentives

Long-term incentives include the Executive Long-Term Incentive Plan for the Partnership. The plan is based on earnings before interest, taxes, depreciation and amortization (EBITDA) return on capital employed and is paid in the third year following the year it is earned. The compensation expense is recognized over the same period.

c) Restructuring

The restructuring charges at the New Westminster plant and other locations resulted in an increase in provisions of approximately \$8.6 million during the year ended December 31, 2012. There were no restructuring charges at the New Westminster plant and other locations during the year ended December 31, 2014.

In November 2013, the Partnership undertook an initiative to consolidate distribution activities from its Gatineau warehouse to its distribution operations in Laval. The Partnership incurred restructuring costs of \$2.2 million related to this initiative, of which \$0.8 million were incurred during the year ended December 31, 2014.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

During the first quarter of 2014, the Partnership undertook a review of corporate overhead costs and identified a number of cost reduction opportunities. The Partnership expects to incur restructuring costs of approximately \$2.0 million, primarily related to severance. As of December 31, 2014, the Partnership had incurred \$1.2 million of the costs associated with this initiative. The remaining provision of \$0.8 million relates primarily to management's best estimate of the severance costs to be incurred.

14 Long-term debt

	<u>Maturity</u>	<u>December 31, 2014</u>	<u>December 31, 2013</u>
		\$	\$
Revolving credit facilities ^(a)	2016	-	-

Caisse facility ^(e)	2018	155,336	134,201
		<u>367,525</u>	<u>350,256</u>
Less: Current portion of long-term debt		<u>8,879</u>	<u>8,243</u>
		<u>358,646</u>	<u>342,013</u>

a) Revolving credit facilities

On May 16, 2013, the Partnership entered into the fourth amended and restated credit agreement (the Credit Agreement) related to its revolving credit facilities. The Credit Facility was reduced from \$195.0 million to \$125.0 million. The borrowings under the Credit Facility bear interest at a base rate of Prime Rate, U.S. Base Rate and Libor, plus a margin varying between 0.20% and 2.50% depending on the Partnership's rate of funded debt to EBITDA and the type of advance. The Credit Agreement is for a three year period and will mature on July 22, 2016. The Credit Agreement provides for certain restrictive undertakings and covenants to be complied with by the Partnership. The transaction costs of \$0.6 million have been deferred and classified as other long-term assets during the years ended December 31, 2014 and December 31, 2013.

The Credit Agreement is guaranteed by KP USA, GTM and any new subsidiaries acquired by the Partnership (the Restricted Subsidiaries). The Partnership and the Restricted Subsidiaries provide first ranking security interests and hypothecs over their current and future tangible assets to secure the obligations under the Credit Agreement including a pledge of 100% of the stock or ownership interest in all subsidiaries owned by the Partnership and the Restricted Subsidiaries.

As of December 31, 2014, the Partnership had \$95.4 million (net of letters of credit of \$29.6 million) available on this facility (December 31, 2013 - \$92.6 million, net of letters of credit of \$32.4 million). The weighted average interest rate for the year ended December 31, 2014 was nil (December 31, 2013 - nil).

b) Senior unsecured notes

On August 9, 2011, the Partnership issued \$175 million in an aggregate principal amount of 8.0% senior unsecured notes due August 9, 2018 (the Notes) through a private placement. As of December 31, 2014, unamortized deferred financing fees were \$2.4 million (December 31, 2013 - \$3.1 million). The Partnership pays interest on the Notes in equal instalments on February 9 and August 9 of each year, commencing February 9, 2012. The Partnership may, at its option, redeem all or part of the Notes at any time prior to August 9, 2015 at an applicable redemption premium and on or after August 9, 2015 at fixed redemption prices plus, in each case,

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

accrued and unpaid interest, if any, to the applicable redemption date. If the Partnership undergoes a change in control, it will be required to offer to purchase the Notes.

The Notes include an early repayment option. The Partnership has determined that the early repayment option is an embedded derivative that is not closely related to the Notes. Accordingly, the embedded derivative has been bifurcated from the Notes. The embedded derivative is recorded at its fair value with changes in fair value included in interest expense in the consolidated statement of comprehensive income. During the year ended December 31, 2014, management revised its assumptions with respect to the valuation of the embedded derivative. An asset of \$2.4 million has been recognized as of December 31, 2014 (December 31, 2013 - \$3.0 million) to record the embedded derivative at its fair value.

The Notes are senior unsecured obligations of the Partnership. The Notes rank senior in right of payment to all existing and future subordinated indebtedness of the Partnership and equal in right of payment to all indebtedness of the Partnership that is not subordinated in right of payment to the Notes other than any indebtedness of the Partnership, including the Credit Agreement and the Nordea Facility, to the extent of the assets securing such indebtedness. The Notes are unconditionally guaranteed, jointly and severally, by the Partnership's Restricted Subsidiaries.

c) Nordea facilities

On July 8, 2011, the Partnership entered into a credit agreement with Nordea Bank AB (the Nordea Facility), providing for a term loan in the principal amount of approximately U.S.\$46.2 million, to be used for the financing of a TAD tissue machine in its subsidiary, KTG. The Nordea Facility has a term of seven years and bears interest at a fixed interest rate of approximately 3% per annum, comprised of a Swedish state reported interest rate, risk premium and administrative margin. The loan is secured by the assets of the Partnership ranking pari passu with the Senior Lenders of the Credit Agreement. The loan is repayable in 14 equal consecutive semi-annual instalments of principal together with interest commencing on June 30, 2013. The Partnership fully utilized the Nordea Facility by making a final draw of U.S.\$4.5 million during the first quarter of 2013. As of December 31, 2014, U.S.\$33.0 million was outstanding related to the facility (December 31, 2013 - U.S.\$39.6 million). As of December 31, 2014 unamortized deferred financing fees were \$0.8 million (December 31, 2013 - \$1.2 million). On May 16, 2013, the Partnership entered into the amended credit agreement (the "Credit Agreement") related to its Nordea Facility. No significant changes were made to the Nordea Facility.

d) Loan payable

The loan payable is related to an agreement with the Government of Quebec for financing related to its Crabtree converting line expansion. The loan payable is secured with the converting line assets and is non-interest bearing. The loan was valued on discounted future cash flows using a market rate of 6.0%. The Partnership had a moratorium on repayment of the principal for the initial 12 quarters, with repayment commencing on April 30, 2013. As of December 31, 2014, \$2.2 million was outstanding related to the loan (December 31, 2013 - \$3.2 million).

e) Caisse facility

On August 6, 2011, TAD Canco Inc. entered into a credit agreement with the Caisse de dépôt for a term loan facility (the Caisse Facility) for U.S.\$211.1 million for the purposes of financing the expansion of KTG, including construction of a new TAD paper machine and expansion of the tissue plant. Under the terms of the Caisse Facility, draws were only permitted until February 15, 2014, at which time the Partnership had drawn U.S. \$125.0 million.

The Caisse Facility is for a seven-year term, maturing on August 16, 2018. The Caisse Facility bears interest at a base rate of 8% per annum, with an applicable margin rate set each period based on KTG's net debt to EBITDA

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

ratio and KTG's excess cash flows, as defined in the agreement. The applicable margin consists of (i) 5% per annum at any time prior to the TAD Project service commencement date and KTG Excess cash flow has become positive, and (ii) thereafter, if the net debt to KTG EBITDA ratio is (A) higher or equal to 2.5, the greater of interest calculated at 5% per annum and an amount equal to 30% of KTG excess cash flow (B) lower than 2.5 but not lower than 2.0, the greater of interest calculated at 5% per annum and an amount equal to 25% of KTG excess cash flow or (C) lower than 2.0, the greater of interest calculated at 4% per annum and an amount equal to 15% of KTG excess cash flow. The weighted average interest rate on the Caisse Facility was 15.00% for the year ended December 31, 2014 (December 31, 2013 – 15.44%).

The Caisse Facility is secured by all assets of TAD Canco Inc., KTG and all equity interests of TAD Luxembourg S.A.R.L. The facility was drawn only after the base equity investment of U.S.\$107.0 million by the Partnership had been contributed to TAD Canco Inc.

As of December 31, 2014, TAD Canco Inc. had received proceeds of U.S.\$125.0 million from this facility (December 31, 2013 – U.S.\$125.0 million).

TAD Canco Inc. does not need to comply with financial covenants within this credit agreement. In addition, the Caisse Facility has cross default provisions with certain debt agreements of the Partnership.

The Credit Agreement has cross default covenants with the Notes, the Nordea Facility and the Caisse Facility.

The financing fees for the loans are amortized using the effective interest method over the expected life of the loans. The amortization amounts are included in interest expense.

The aggregate future principal repayments required on long-term debt are as follows:

	<u>\$</u>
Less than 1 year	8,879
Between 1 and 5 years	370,631
More than 5 years	-
	<u>379,510</u>

Interest expense reflected on the consolidated statement of comprehensive income was as follows:

	2014	2013
	<u>\$</u>	<u>\$</u>
Interest expense on long-term debt	37,730	34,871
Interest accredited on provisions and other liabilities	254	217
Pension and post-retirement benefits, net	6,149	8,463
Embedded derivatives on debt	597	(1,300)
Interest expense	<u>44,730</u>	<u>42,251</u>

	<u>30,010</u>		<u>763,250</u>	<u>13,235</u>

On November 12, 2014, the Partnership declared a distribution of \$9.7 million, which was paid on January 15, 2015. Pursuant to the DRIP, a portion of the distribution was reinvested by the partners and the Partnership issued 256,590 additional Partnership units at a price of \$16.46 for the gross proceeds of \$4.2 million. A fair value adjustment of \$0.1 million was recorded at December 31, 2014 to reflect the market value of the Partnership units issued (December 31, 2013 – nil).

Subsequent to December 31, 2014, the Partnership declared a distribution of \$9.7 million, payable on April 15, 2015.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

Tax Distributions

On February 27, 2014, the Partnership paid a Tax Distribution of \$3.4 million of which \$0.5 million was used to pay the tax instalment on behalf of KPT and \$2.9 million was paid to Kruger Inc. and KPGP.

During the year ended December 31, 2014, pursuant to the Tax Distribution as defined in the Partnership Agreement, the Partnership made advances to its partners of \$3.5 million, of which \$0.6 million was used to pay the monthly tax instalment on behalf of KPT and the remaining was advanced to Kruger Inc. and KPGP. The advances are non-interest bearing and non-recourse and were offset against the Tax Distributions of \$6.9 million paid by the Partnership on February 27, 2015.

16 Income taxes

The Partnership is not a tax paying entity for the years ended December 31, 2014 and December 31, 2013. The taxable income (loss) from the Partnership flows to the partners, Kruger Inc., KPGP and KPT. However, the Partnership's subsidiaries KP USA, KTG, TAD Canco Inc., GTM and TAD Luxembourg S.A.R.L are corporate entities and, therefore, are subject to tax.

The consolidated income tax recovery for the Partnership of \$1.8 million for the year ended December 31, 2014 (December 31, 2013 – recovery of \$10.9 million) related to KP USA, KTG, TAD Canco Inc. and GTM.

The components of income taxes were as follows:

	December 31, 2014	December 31, 2013
	<u>\$</u>	<u>\$</u>
Current tax expense	2,038	1,507
Deferred tax credit	(3,878)	(12,447)
	<u>(1,840)</u>	<u>(10,940)</u>

Details of the provision for income taxes and the reconciliation of the consolidated Canadian federal and provincial statutory income tax rates to the effective tax rate on earnings were as follows:

	December 31, 2014		December 31, 2013	
	<u>\$</u>	<u>%</u>	<u>\$</u>	<u>%</u>
Combined federal and provincial income tax rates after manufacturing and processing credits	5,018	26.1	9,914	26.1
Income taxed in partners' hands	(6,238)	(32.4)	(15,145)	(39.9)
Difference in statutory income tax rate of foreign operations	(526)	(2.7)	(2,078)	(5.5)
Investment tax credits	(118)	(0.7)	(3,611)	(9.5)
Permanent and other	24	0.1	(20)	-

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

Components of the deferred income tax (asset) liability were as follows:

	December 31, 2014	December 31, 2013
	\$	\$
Property, plant and equipment	35,999	13,319
Net operating losses	(45,860)	(23,229)
Long term debt and deferred financing charges	(6,068)	(261)
Inventory and accrued liabilities	(2,524)	(3,183)
Other	(1,112)	(787)
	<u>(19,565)</u>	<u>(14,141)</u>

The analysis of the deferred tax (assets) and liabilities was as follows:

	December 31, 2014	December 31, 2013
	\$	\$
Deferred tax (asset) liability to be recovered within 12 months	(2,640)	(387)
Deferred tax (asset) liability to be recovered after 12 months	(16,925)	(13,754)
	<u>(19,565)</u>	<u>(14,141)</u>

In addition to the above, the Partnership has deferred tax assets of \$13.4 million related to net operating loss carry-forwards which have not been recognized in the consolidated financial statements.

The Partnership had the following net operating loss carry-forwards available as of December 31, 2014:

	U.S. Federal		U.S. State		Canada	
	\$	Expiry date	\$	Expiry date	\$	Expiry date
2003	5	2023	-	2018	-	
2004	4,657	2024	1,166	2019	-	
2005	24	2025	-	2020	-	
2006	5,142	2026	5,140	2021	-	
2009	1,415	2029	-	2025	-	
2011	555	2031	105	2026	871	2031
2012	2,456	2032	2,133	2027	8,067	2032
2013	51,781	2033	27,496	2028	17,601	2033
2014	60,259	2034	31,762	2029	18,486	2034
	<u>126,294</u>		<u>67,802</u>		<u>45,025</u>	

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The Partnership had the following U.S. State tax credits available for carry-forward as of December 31, 2014:

	U.S. State	
	\$	Expiry date
2002	60	2017
2003	46	2018
2004	41	2019
2005	55	2020
2006	8	2021
2007	118	2022
2008	123	2023
2009	48	2024
2010	92	2025
2011	155	2026
2012	3,514	2027
2013	11,385	2028
2014	750	2029
	<u>16,395</u>	

These credits are available to reduce future Tennessee excise tax and franchise tax otherwise payable by its subsidiary, KTG.

17 Related party transactions

The Partnership makes sales to and acquires goods and services from Kruger Inc. and its subsidiary companies (related parties) in the normal course of business. These transactions are measured at the exchange amount, which is the amount agreed on by the related parties, and are non-interest bearing.

Sales of goods to Kruger Inc. for the year ended December 31, 2014 were \$1.7 million (December 31, 2013 - \$4.8 million). Sales of goods to subsidiaries of Kruger Inc. for the year ended December 31, 2014 were \$0.2 million (December 31, 2013 - \$0.6 million). Goods are sold based on the price lists in force and terms that would be available to third parties. Services are delivered at the terms outlined in the agreements between the related parties.

Purchases of goods and services from Kruger Inc. for the year ended December 31, 2014 were \$28.1 million (December 31, 2013 - \$28.6 million). Purchases of goods and services from subsidiaries of Kruger Inc. for the year ended December 31, 2014 were \$14.2 million (December 31, 2013 - \$9.5 million). Goods are purchased from Kruger Inc. and related parties under normal commercial terms and conditions. These purchases of goods and services are included within cost of sales and SG&A expenses in the consolidated statement of comprehensive income. During the year ended December 31, 2014, management fees of \$4.1 million (December 31, 2013 - \$4.0 million) were paid to Kruger Inc. for management services provided to the Partnership.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

Balances due to and from related parties were as follows:

	December 31, 2014	December 31, 2013
		\$
Receivables from Kruger Inc.	220	1,255
Receivables from subsidiaries of Kruger Inc.	28	174
Receivables from KPT	53	-
	<u>301</u>	<u>1,429</u>
Payables to Kruger Inc.	2,978	3,472
Payables to subsidiaries of Kruger Inc.	1,409	1,662
	<u>4,387</u>	<u>5,134</u>

The receivables from and payables to related parties are due two months after the date of sale or purchase. The receivables and payables are unsecured in nature and non-interest bearing. There were no provisions related to the receivables from related parties as of December 31, 2014 and December 31, 2013. There were no loans outstanding with related parties as of December 31, 2014 and December 31, 2013.

The Partnership has distributions payable to its related parties as follows:

	December 31, 2014	December 31, 2013
	\$	\$
Distribution payable to Kruger Inc.	8,179	7,871
Distribution payable to KPGP	1	1
Distribution payable to KPT	1,601	1,583
Total distribution payable	<u>9,781</u>	<u>9,455</u>

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The Partnership paid Partnership unit distributions, tax distributions and advances to its related parties as follows:

	2014			
	Tax distributions	Advances	Partnership unit distributions	Total
	\$	\$	\$	\$
Paid to Kruger Inc. ^(a)	2,890	2,890	15,877	21,657
Paid to KPGP	1	-	3	4
Paid to KPT	459	584	6,350	7,393
Total paid	<u>3,350</u>	<u>3,474</u>	<u>22,230</u>	<u>29,054</u>

	2013			
	Tax distributions	Advances	Partnership unit distributions	Total
	\$	\$	\$	\$
Paid to Kruger Inc. ^(a)	-	-	12,475	12,475

Paid to KPT	-	-	5,058	5,058
Total paid	<u>-</u>	<u>-</u>	<u>17,536</u>	<u>17,536</u>

- a) During the years ended December 31, 2014 and December 31, 2013, Partnership unit distributions were paid to Kruger Inc. net of the DRIP reinvestment. During the year ended December 31, 2014, Kruger Inc.'s DRIP reinvestment was \$15.9 million (December 31, 2013 - \$12.5 million).

18 Commitments and contingencies

Non-cancellable operating lease commitments related to land, buildings, IT services, vehicles and other machinery and equipment are as follows:

	December 31, 2014	December 31, 2013
	\$	\$
Less than 1 year	14,802	13,040
Between 1 and 5 years	47,728	46,017
More than 5 years	<u>52,254</u>	<u>57,444</u>
	<u>114,784</u>	<u>116,501</u>

Operating lease expense recognized in the consolidated statement of comprehensive income during the year ended December 31, 2014 was \$13.8 million (December 31, 2013 - \$12.3 million).

As of December 31, 2014, the Partnership had commitments under service contracts of \$1.6 million for 2015 and \$0.4 million for 2016.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The Partnership has committed to incurring the costs associated with the installation of underground hydro lines to supply the Gatineau Plant, which will be capitalized and amortized over their estimated life.

From time to time, the Partnership is involved in various litigation matters arising in the ordinary course of its business. The Partnership has no reason to believe the disposition of any such current matter could reasonably be expected to have a material adverse impact on the Partnership's financial position, results of operations or its ability to carry on any of its business activities.

As of December 31, 2014, the Partnership had irrevocable letters of credit outstanding of \$29.6 million (December 31, 2013 - \$32.4 million), which included letters of credit for the pension plans disclosed in note 11.

19 Expenses by nature

	2014	2013
	\$	\$
Materials and production costs	365,572	318,879
Wages and other employee benefit expenses	230,701	214,054

Freight and distribution	127,376	111,095
Marketing, selling and administrative expenses	82,625	86,720
Total expenses by nature	961,764	873,545

Classified in the consolidated statement of comprehensive income were:

	2014	2013
	\$	\$
Cost of sales	879,139	786,825
SG&A expenses	82,625	86,720
	961,764	873,545

20 Segment information

Reportable segments

Management has determined the operating segments based on the reports reviewed by the Chief Executive Officer who is considered to be the Chief Operating Decision Maker. The Partnership operates in three industry segments: Consumer, AFH and Other.

a) Consumer

This segment operates using the Partnership's manufacturing facilities in Canada (New Westminster, British Columbia; Crabtree, Quebec; Sherbrooke, Quebec; Gatineau, Quebec) and in the United States (Memphis, Tennessee). The Consumer segment includes sales of branded tissue products such as Cashmere™, Purex™, White Swan™, Scotties™, Sponge Towels™ and White Cloud™ and private label tissue products.

b) AFH

This segment operates using the Partnership's manufacturing facilities in Canada. The AFH business sells tissue products primarily through distributors to businesses involved in property management, health care, food service, manufacturing and lodging and also to public facilities.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

c) Other

This segment includes sales of parent rolls by the Partnership to other tissue manufacturing companies primarily in the United States and also in Canada. It also includes sales of recycled fibre primarily to its parent company. This segment operates using the Partnership's manufacturing facilities in Canada.

Segment operating profit is the earnings (loss) for each such segment before (i) interest expense, (ii) income taxes, (iii) depreciation, (iv) amortization, (v) impairment (recovery) of non-financial assets, (vi) loss (gain) on disposal of property, plant and equipment, (vii) unrealized foreign exchange loss (gain), (viii) one-time costs related to restructuring activities, and (ix) change in amortized cost of Partnership units liability. The Partnership's assets, operations and employees are located primarily in Canada and the United States. The same long-term assets of the Partnership are used for the Consumer, AFH and Other segments. Accordingly, assets cannot be allocated to these segments.

	2014			
	Consumer	AFH	Other	Total
	\$	\$	\$	\$
Revenue from external customers	842,635	184,263	19,270	1,046,168

Post-employment benefits	374	350
Other long-term benefits	51	469
	<u>5,856</u>	<u>6,568</u>

Key management includes the Partnership's senior executives.

22 Financial instruments

Classification of financial instruments

Financial instruments are classified into one of the following categories: fair value through profit and loss, fair value through other comprehensive income, loans and receivables and financial liabilities.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

As of December 31, 2014, the classification of the financial instruments, as well as their carrying amounts and fair values, was as follows:

	Classification	Measurement	Carrying amount	Fair Value
			\$	\$
Cash and cash equivalents	loans and receivables	amortized cost	51,788	51,788
Trade and other receivables	loans and receivables	amortized cost	107,092	107,092
Receivables from related parties	loans and receivables	amortized cost	301	301
Advances to partners	loans and receivables	amortized cost	3,474	3,474
Embedded derivative	fair value through profit or loss	fair value	2,431	2,431
Available-for-sale investment	fair value through other comprehensive income or loss	fair value	1,198	1,198
Trade and other payables	financial liabilities	amortized cost	(173,228)	(173,228)
Payables to related parties	financial liabilities	amortized cost	(4,387)	(4,387)
Distributions payable	financial liabilities	amortized cost	(9,781)	(9,781)
Long-term debt	financial liabilities	amortized cost	(367,525)	(393,318)
Partnership units liability	financial liabilities	amortized cost	(128,123)	(128,123)

The following table details the fair value hierarchy of financial instruments carried at fair value by level as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Embedded derivative	-	2,431	-	2,431
Available-for-sale investment	1,198	-	-	1,198

As of December 31, 2013, the classification of the financial instruments, as well as their carrying amounts and fair values, was as follows:

	Classification	Measurement	Carrying amount	Fair Value
			\$	\$
Cash and cash equivalents	loans and receivables	amortized cost	87,674	87,674
Trade and other receivables	loans and receivables	amortized cost	94,789	94,789
Receivables from related parties	loans and receivables	amortized cost	1,429	1,429
Embedded derivative	fair value through profit or loss	fair value	3,028	3,028
Available-for-sale investment	fair value through other comprehensive income or loss	fair value	906	906
Trade and other payables	financial liabilities	amortized cost	(188,503)	(188,503)
Payables to related parties	financial liabilities	amortized cost	(5,134)	(5,134)
Distributions payable	financial liabilities	amortized cost	(9,455)	(9,455)
Long-term debt	financial liabilities	amortized cost	(350,289)	(377,295)
Partnership units liability	financial liabilities	amortized cost	(117,839)	(117,839)

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The following table details the fair value hierarchy of financial instruments carried at fair value by level as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Embedded derivative	-	3,028	-	3,028
Available-for-sale investment	906	-	-	906

Fair value

Cash and cash equivalents, trade and other receivables, receivables from related parties, advances to partners, trade and other payables, payables to related parties and distributions payable are short-term financial instruments whose fair value approximates the carrying amount, given they will mature in the near future. As of December 31, 2014, the fair value of the senior notes was \$189.0 million (December 31, 2013 - \$189.0 million) based on the trading value of the debt on the over-the-counter market. The fair values of the Nordea Facility and the Caisse Facility were \$38.2 million and \$163.9 million (December 31, 2013 - \$42.1 million and \$143.0 million), respectively, which approximates the current principal amount outstanding as the interest rate approximates current market interest rates. As of December 31, 2014, the fair value of the loans payable was \$2.2 million (December 31, 2013 - \$3.2 million).

Management has estimated the fair value of the embedded derivative using a probability-weighted interest rate pricing method. The valuation methodology used is categorized as a Level 2 methodology.

The fair value of the available-for-sale investment is based on quoted market price in the active market. Unrealized gains were not significant as of December 31, 2014 and have been recorded in other comprehensive income until realized. The valuation methodology used is categorized as a Level 1 methodology.

Fair value of the Partnership units liability

The Partnership units liability is classified as a financial liability at amortized cost. Management has estimated the fair value of the Partnership units liability using discounted cash flow model. Significant assumptions include the income tax obligation, discount rate and an industry capitalization rate (see note 4).

Objectives and policies relating to financial risk management

The Partnership's activities result in exposure to a variety of financial risks, including risks related to credit, currency, liquidity and interest rate risks.

Credit risk

Credit risk is the risk of an unexpected loss if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Partnership's financial instruments exposed to credit risk include cash and cash equivalents, trade and other receivables, receivables from related parties and advances to partners. The Partnership places its cash and cash equivalents with financial institutions of high creditworthiness.

The Partnership sells its products to a variety of customers under certain credit terms and therefore is exposed to credit risks. Normal trade receivables are due in 30 days from the invoice date and amounts in excess of 90 days past the invoice date are considered delinquent. The Partnership routinely assesses the financial strength of its customers and mitigates against identified exposure primarily by lowering credit limits with high risk accounts. The customers of the Partnership are well established companies and accordingly, the Partnership has experienced limited financial loss with respect to credit risk. As a result, the Partnership believes its exposure to credit risk is limited.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

	December 31, 2014	December 31, 2013
	\$	\$
Trade receivables	102,555	90,782
Less: Allowance for doubtful accounts	(672)	(353)
Total trade receivables, net	<u>101,883</u>	<u>90,429</u>
Trade receivables, net		
0 to 60 days	100,724	90,132
61 to 90 days	1,066	299
Over 90 days	765	351
Less: Allowance for doubtful accounts	(672)	(353)
	<u>101,883</u>	<u>90,429</u>

In accordance with the Partnership agreement, advances made to the partners are settled when the Partnership declares the Tax Distribution. Accordingly, the exposure to credit risk in respect of the advances to the partners is limited.

Currency risk

Currency risk is the risk the Partnership's earnings may fluctuate due to changes in Canadian to U.S. dollar exchange rates.

The Partnership sells certain of its products in U.S. dollars at prevailing U.S. dollar prices. A majority of the currency exposure is naturally offset by U.S. dollar expenses and the U.S. dollar denominated debt.

As of December 31, 2014, the Partnership has net liabilities denominated in U.S. dollars of \$42.2 million (December 31, 2013 - \$50.0 million). Assuming the Canadian dollar strengthened (weakened) by 5% against the U.S. dollar, with all other variables held constant, the hypothetical result on income before income taxes for the year ended December 31, 2014 would have been an increase/decrease of \$2.1 million (December 31, 2013 - \$2.5 million).

Liquidity risk

The purpose of liquidity risk management is to maintain sufficient cash and cash equivalents and to ensure the Partnership has sufficient authorized credit facilities to finance operations. The Partnership had unused lines of credit available of \$95.4 million as of December 31, 2014 (December 31, 2013 - \$92.6 million). The Partnership prepares projections to ensure it has sufficient funds to fulfill its obligations. Refinancing risks are minimized by ensuring the credit facility will not mature for two years. The ability to pay its obligations relies on the Partnership collecting its trade receivables in a timely manner and by maintaining sufficient cash and cash equivalents in excess of anticipated needs. The Partnership's trade and other payables of \$173.2 million (December 31, 2013 - \$188.5 million) are all due for payment within 12 months of the dates of the consolidated statement of financial position.

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

The Partnership's contractual obligations in respect of its financial instruments comprise the following:

	December 31, 2014		
	Less than 1 year	1 to 5 years	Greater than 5 years
	\$	\$	\$
Long-term debt ^(a)	35,143	436,112	-
Trade and other payables	173,228		
Payables to related parties	4,387		
Distributions payable	9,781		

(a) Long-term debt includes principal repayments and an estimate of interest based on current interest rates.

	December 31, 2013		
	Less than 1 year	1 to 5 years	Greater than 5 years
	\$	\$	\$
Long-term debt ^(a)	34,899	438,579	7,170
Trade and other payables	188,503		
Payables to related parties	5,134		
Distributions payable	9,455		

(a) Long-term debt includes principal repayments and an estimate of interest based on current interest rates.

The above table excludes the Partnership units liability. Payments on the Partnership units liability are made upon the declaration of the Tax Distribution, which for 2014 was \$6.9 million (2013 - \$3.5 million). The Partnership units liability is estimated based on expected future Tax Distributions and is an obligation that will continue into perpetuity (note 4).

Interest rate risk

As of December 31, 2014, the Partnership had variable rate debts of nil (December 31, 2013 - nil). These loans bear interest at the Canadian prime rate, U.S. base rate, banker's acceptance or LIBOR plus the applicable margins. The applicable margin on the loans ranges between 0.20% and 2.50%. Accordingly, the Partnership is not exposed to changes in market interest rates.

23 Capital management

The Partnership's policy is to maintain a sufficient capital base in order to maintain a strong consolidated statement of financial position and otherwise meet financial tests for the credit facilities.

Capital comprises net debt (long-term debt, less cash and cash equivalents) and equity (including the Partnership units classified as a liability). The Partnership monitors externally imposed debt covenants as established pursuant to its credit facility agreements. The requirements include a quarterly net funded debt to capitalization ratio, debt to EBITDA ratio, EBITDA to fixed charge coverage ratio and working capital ratio. The covenants were agreed to with the lenders upon the creation of the credit facilities.

24 Environmental costs

The Partnership is subject to extensive regulation by various federal and provincial agencies concerning compliance with environmental control statutes and regulations. These regulations impose limitations on the discharge of materials into the environment and require the Partnership to operate in compliance with the conditions of permits and other

Kruger Products L.P.

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

governmental authorizations. Future environmental expenditures will depend on the emergence of new regulations and technological developments.

25 Economic dependence

The Partnership manufactures, distributes and sells a wide range of disposable tissue paper and related products primarily in Canada and the U.S. As of December 31, 2014, the Partnership had three major customers, which represented 42.2% (December 31, 2013 – 41.4%) of total revenues, and of these customers, one represented 18.5% (December 31, 2013 – 19.0%) of the total revenues and another represented 10.7% (December 31, 2013 – 11.8%). The Partnership's concentration of credit risk primarily arises from exposure to these three customers and amounted to approximately 26.4% of the trade receivables as of December 31, 2014 (December 31, 2013 – 31.8%). These customers are included in the consumer segment.

26 Non-cash working capital

The change in non-cash working capital on the consolidated statement of cash flows comprised the following:

	2014	2013
	<u>\$</u>	<u>\$</u>
Decrease (increase) in trade and other receivables	(9,173)	2,951
Decrease (increase) in receivables from related parties	1,173	(78)
Decrease (increase) in inventories	8,736	(32,039)
Increase in prepaid expenses	(84)	(320)
Increase in other assets	(206)	(1,183)
Decrease (increase) in income taxes	(39)	39

Notes to Consolidated Financial Statements

December 31, 2014 and December 31, 2013

(tabular amounts are in thousands of Canadian dollars, except unit amounts)

27 Reclassifications in the financial statements

The following items were reclassified in the 2013 consolidated statement of comprehensive income to conform to current year presentation:

	As presented	Adjustments	Recast presentation
Revenue	955,346	-	955,346
Expenses			
Cost of sales	675,730	111,095	786,825
Operating expenses ^(a)	199,794	(113,074)	86,720
Recovery of non-financial assets	(1,789)	-	(1,789)
Restructuring costs	1,372	-	1,372
Operating income	80,239	1,979	82,218
Interest expense	42,251	-	42,251
Other expense	-	1,979	1,979
Income before income taxes	37,988	-	37,988
Income taxes	(10,940)	-	(10,940)
Net income for the year	48,928	-	48,928

(a) Operating expenses were renamed selling, general and administrative expenses.

The reclassifications had no impact on the reported net income for the year ended December 31, 2013. Other items remain unchanged.

Certain items were reclassified in the consolidated statement of financial position and the consolidated statement of cash flows to conform to current year presentation.

The reclassification in the financial statements increases the understandability of the Partnership's operations and results in classifications that are more comparable to its peers.
