For the 3-month periods ended April 1, 2018 and March 26, 2017

---

(tabular amounts are in thousands of Canadian dollars, except share amounts)

### 1 General information

KP Tissue Inc. (KPT or the Corporation) was incorporated by articles of incorporation under the Canadian Business Corporations Act on October 1, 2012. As of April 1, 2018, the Corporation held a 15.9% (December 31, 2017 – 16.0%) interest in Kruger Products L.P. (KPLP or the Partnership), whose principal business is to produce, distribute, market and sell a wide range of disposable tissue products, including bathroom tissue, facial tissue, paper towels and napkins for both the consumer and away-from-home markets in North America. The Corporation's headquarters are located in Mississauga, Ontario, Canada.

### 2 Basis of presentation

These unaudited condensed financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) applicable to the preparation of interim financial statements, including International Accounting Standards (IAS) 34 – Interim Financial Reporting as issued by the International Accounting Standards Board (IASB), and with interpretations of the International Financial Reporting Committee which the Canadian Accounting Standards Board has approved for incorporation into Part 1 of the CPA Canada Handbook - Accounting. These unaudited condensed financial statements should be read in conjunction with the annual financial statements of the Corporation for the year ended December 31, 2017.

The 3-month period ended April 1, 2018 represents the 91 day period from January 1 to April 1, 2018 and the 3-month period ended March 26, 2017 represents the 85 day period from January 1 to March 26, 2017.

These unaudited condensed financial statements were approved by the board of directors on May 9, 2018.

### 3 KPT's portion of KPLP change in accounting policy

KPLP adopted IFRS 15, Revenue from Contracts with Customers on January 1, 2018 using the modified retrospective approach. The adoption of this standard had no significant impact on the unaudited condensed consolidated financial statements of KPLP. The application of IFRS 15 resulted in a change in KPLP's revenue recognition related to dispensers and related revenue. KPLP recorded a transitional adjustment of \$6.3 million in the deficit, to reduce the balance related to the dispensers recorded in Other long term assets at December 31, 2017. KPT's portion of KPLP's transitional adjustment was \$0.7 million, net of tax, and was recognized in KPT's deficit on January 1, 2018. Refer to the unaudited condensed statement of changes in equity for the restated total equity as of January 1, 2018.

### 4 Critical accounting estimates and judgments

The preparation of these unaudited condensed financial statements in conformity with IFRS requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities in the unaudited condensed financial statements and the disclosure of contingencies at the dates of the unaudited condensed statement of financial position, and the reported amounts of revenues and expenses during the reporting period. On a regular basis and with the information available, management reviews its estimates and judgements, including those related to fair value and the basis of accounting. Actual results could differ from those estimates. When adjustments become necessary, they are reported in earnings in the period in which they occur. The estimates and judgement applied by management that most significantly affect the unaudited condensed financial statements are the same as the ones that applied to the audited financial statements for the year ended December 31, 2017.
